We are indibted to H. A. Burt Collector of Customs at Marquette for the following notice to Mariners, of the change of Lights at Milwaukee.

Notice is hereby given, that on the open ing of navigation the coming spring, or if navigation continues open during the winter, on the night of the 20th day of March, 1871, the light on the Pier called the "North" Cut" will be exhibited as a FIXED RED LIGHT Instead of, as previously, a white light.
Navigators are reminded that the light at the north point of Milwaukee Bay is and remains a FIXED WEITE LIGHT VARIED BY Fa. Asurs, and that this latter light is designas had the effect to make snow a cash ed to mark the approach to the Bay, whils the light on the Pier is designed to guide between the two piers into the harbor.

The following is a condensed statement of the votes east at the recent Village election, which to the credit of our citizens be it said, passed off very
