

SIX ARE DEAD IN RIOTING AT HERRIN

Dawes Plan To Become Effective September 2nd

ANNOUNCEMENT WILL BE MADE ON THAT DATE

YOUNG APPOINTED AGENT-GENERAL; IS ON JOB.

(By The Associated Press.) Paris, Aug. 30.—The French foreign office in an official communique "protests most strongly" against "Chancellor Marx's declaration repudiating the German avowal of war guilt contained in the Versailles treaty. The communique announces that if a copy of the Marx repudiation is sent France, as planned, "the official reply that it calls for will be sent Berlin without delay."

COOLIDGE IS STRONG WITH BUSINESS MEN

Wall Street Will Not Shift To Support Of Davis.

(By The Associated Press.) Wall Street New York, Aug. 30.—What do the men in the heart of the financial district of America really think about the forthcoming election to the presidency? Talks with some of the leading men in "The Street" bring out first of all that the big business people want Calvin Coolidge and Charles G. Dawes to be elected so that there will be no change in the existing attitude of the administration toward business.

TRAINS CRASH TOGETHER; 27 PERSONS HURT

ENGINEER PASSED SIGNALS, SAYS OFFICIAL.

(By The Associated Press.) Syracuse, N. Y., Aug. 30.—Responsibility for a rear end collision between the "Detrolter" and the "Lake Shore Limited" on the main line of the New York Central Railroad, near Savannah, a few miles west of here today, cannot be determined until both the engineer and fireman of "The Detrolter," in a local hospital, have improved considerably. Of 27 persons injured in the wreck, Walter Gibbons, engineer and Charles Gleason, fireman, are in the most serious condition, both having been hurled through the windows of the engine cab. They were the only persons brought here after the crash.

NO PAPER TUESDAY

There will be no issue of the Daily Press published Tuesday morning, September 2, it being the custom of this company to permit its employees to participate in the observance of Labor Day.

FAIL TO AGREE ON SETTLEMENT

Michigan Is Seeking Big Piece Of Land Held By Wisconsin.

(By The Associated Press.) Sturgeon Bay, Wis., Aug. 30.—There is no favorable proposal of settlement of the Michigan-Wisconsin boundary dispute now pending in the United States supreme court, according to attorneys engaged in deposition hearings conducted here before special United States Commissioner Conway Elder of St. Louis. A. L. Sawyer, Menominee, Mich. attorney, said that where Wisconsin might be willing to concede a number of islands in the Menominee river to Michigan, if the consent of the government could be obtained, Michigan would not be open to accept such an offer.

ENTHUSIASTIC RECEPTION IS GIVEN PRINCE

CROWDS JAM STREET TO GET GLIMPSE OF VISITOR.

(By The Associated Press.) Washington, Aug. 30.—The Prince of Wales was given an enthusiastic reception on his arrival in Washington today to pay an official visit to the White House. The prince's own wishes and those of President Coolidge that the visit should be entirely informal did not convince the public; that a rousing reception would be distasteful to the distinguished guest, and the crowds gathered at the station and jammed along the entire route to the White House gave the prince an ovation.

LABOR DAY TO BE OBSERVED HERE MONDAY

Elaborate Program Is Arranged By Trades & Labor Council.

Labor Day will be fittingly observed in Escanaba on Monday. Business throughout the city will be suspended on that day, allowing all to participate in Labor's holidays. The program prepared for Escanaba's observance of Labor Day, arranged under the auspices of the Trades and Labor Council, is one of the most elaborate ever prepared for a similar event in Escanaba. The formal Labor Day address will be delivered at the Delft Theater at 10 o'clock on Monday morning by E. H. Cruse, of Cleveland, assistant to Warren S. Stone, president of the Brotherhood of Locomotive Engineers. Mr. Cruse is regarded as one of the most able speakers in the ranks of labor in the United States and members of the Escanaba committee feel that they have been most fortunate in securing him for the engagement here.

SHERIFF GALLIGAN ASSERTS KLANSMEN STARTED BATTLE; PAIR HELD IN COUNTY JAIL

Parmentye Shot Down Policeman, "Al" Ahern Says

(By The Associated Press.) Detroit, Aug. 30.—Fred Parmentye, leader of the exterminated "shot gun gang," was the man who actually shot Patrolman William G. Ashworth, when a branch of the Continental Savings Bank was robbed August 4, according to the statement of "Al" Ahern, alias Fleming, when he appeared today before Judge Harry B. Keidan. Ahern, the last of the gang, who was captured in Chicago a few days ago, was remanded until next Tuesday for sentence. He had pleaded guilty Friday to the slaying of Patrolman Ashworth. Today, however, he declared Parmentye was firing away with the shotgun during the retreat from the bank, which accounts for Ashworth's death.

STATE TROOPS ARE IN CONTROL OF SITUATION.

(By The Associated Press.) Herrin, Ill., Aug. 30.—Headquarters company of the 139th Infantry, Illinois national guard, consisting of 30 men, arrived here from Carbondale by motor truck late today, called out by Adjutant General Charles Black because of the renewal of rioting. Major General Robert W. Davis, in command, announced other troops were on the way from Salem. MEN HURRY IN. Herrin, Ill., Aug. 30.—Carloads of armed men were reported pouring into Herrin tonight from all directions. Sheriff Galligan said he was informed Klansmen were coming from Marion, Benton, Mount Vernon and other nearby cities. Prior to the arrival of troops, Galligan had ordered extra guards around the hospital.

MILITIA CONTROL.

—Marion, Ill., Aug. 30.—With state militia in control the situation in Herrin is quiet. Sheriff George Galligan said late tonight upon his arrival here. He denied reports he had been barricaded in the Herrin city hospital and said all of the wounded had been removed from the hospital except Herman Phenister, reported dying. "I merely stayed at the hospital a few hours to protect the wounded pending arrival of troops," Galligan said. The sheriff brought with him and lodged in the county jail, Carl Shelton, who was slightly wounded, and Supt. Westcliff. Both are held for investigation in connection with the shooting, but no charges have been filed against them.

SITUATION IN HAND.

Chicago, Aug. 30.—No additional troops will be ordered to Herrin at present, Adjutant-General Carlos Black at Springfield, informed Major General Milton J. Foreman tonight, following reports from Major Robert W. Davis at Herrin, that the situation there was quiet and under the control of the militia. TENSION BREAKS. Herrin, Ill., Aug. 30.—The tension between followers of the Ku Klux Klan and their opponents that has existed in Williamson county for several months, came to a head this afternoon when six men were slain in renewed warfare between the two factions. Again Herrin took on the aspect of a town ruled by martial law, when two companies of Illinois state guard moved into this mining town and by their mere appearance, forced peace back upon the warring factions. Sheriff George Galligan announced tonight that peace had been restored and that he was prepared to cope with the situation, supported by his force of deputies and the state militia. It was the third outbreak in Williamson county to bring state troops.

AVIATORS PLAN HOP-OFF TODAY

Favorable Weather Is Forecast For Continuation.

(By The Associated Press.) On Board The U. S. S. Richmond At Ice Tickle, Labrador, Aug. 30.—Captain Thiesen, the American army meteorological expert who is noting weather conditions in connection with the world flight, tonight predicted favorable weather for the flight tomorrow. With the barometer rapidly rising, the fog overhanging the Labrador coast throughout today began scattering somewhat this evening. Weather conditions this morning were fair at Iqvit but hazy along Davis Strait. The news that another storm was heading up coast toward this point and due Monday or Tuesday, will probably compel Lieutenants Lowell H. Smith and Erik Nelson to start tomorrow, if the weather is possible for flying on the last leg of the trans-Atlantic flight. WAIT FOR ARMEN. Pitou, N. S., Aug. 30.—Lieutenants Leigh V. and Henry H. Ogden, the American fliers awaiting here the arrival of their round the world companions, rested this morning after voyaging by the destroyer Barry from Iceland. This afternoon they worked on their new plane, Boston I, looking over the motor and testing the machine thoroughly in preparation for their journey toward Boston. A trial spin in the new plane which had been planned for today, will not be held until a new propeller is installed. While there has been some talk of Lieutenants Smith and Nelson, now in Greenland making a one day flight from Indian Harbor, Labrador, to Pitou with only a brief stop at Hawks Bay, it will depend entirely on weather conditions. The American aviators here think the flight will be carried through in two stages, as originally planned. They also expect the journey to Boston from Pitou to be made in one jump, without a stop at the emergency at St. John, N. B., unless necessitated by the conditions of the machines.

Bryan Visited by Dawes; Election Is Not Taken Up

Lincoln, Neb., Aug. 30.—The vice presidential nominees of the two old parties—Charles G. Dawes, Republican, and Charles W. Bryan, Democrat—met here today, renewed acquaintances formed 30 years ago in this city, and parted as friends. Discussion of politics did not enter into the meeting, which took place in Governor Bryan's office at the Nebraska state capitol and which lasted fifteen minutes. There was an exchange of reminiscences, some talk about the growth of Lincoln since the early '90's and the recollection of some amusing incidents in their lives as residents of this city. The nearest approach to politics came when as they were saying good-bye, Mr. Bryan remarked: "Well, General, I wish you success in all your future efforts, and undertakings except at the election, in November."

Davis Will Speak at Omaha Sept. 6

(By The Associated Press.) Chicago, Aug. 30.—John W. Davis, Democratic presidential candidate, will open his western campaign with a speech at Omaha, Neb., at 8 p. m., September 6, western headquarters announced here tonight. His second address will be at Denver, Colo., at 8 p. m., September 11. Mr. Davis' chief subject in his Omaha speech will be agriculture, it was announced, while at Denver he will give his attention to conservation, reclamation, mining and allied subjects. Denver will mark the western terminus of his first western trip. Later he plans a wide swing which will take him to the Pacific coast.

Al Leoney Makes New World Record

(By The Associated Press.) Allentown, Pa., Aug. 30.—Al Leoney, Olympic and former Lafayette College star sprinter, today ran the 100 yard dash in 9.25 seconds, one-fifth of a second faster than the world's record held by Charles Paddock, Howard P. Drew and Dan J. Kelly. In lowering the world's mark Leoney defeated Paddock and Loren Murchison, of Newark, in the feature event of the Knights of Columbus track meet, on the athletic field of Muhlenberg College.

Two Badly Injured in Auto Collision

(By The Associated Press.) Albion, Mich., Aug. 30.—Mrs. Ernest Ladwig, of Chicago, is unconscious in a hospital here following an automobile accident just outside of Albion, when the car in which she was riding was struck by another machine. Her condition is critical. A daughter, Wilmette, suffered a broken collar bone. Mr. Ladwig and son escaped with slight bruises.

Ottawa Sheriff Arrested; Held On \$1,000 Bonds

(By The Associated Press.) Holland, Mich., Aug. 30.—Sheriff Delbert Fortney of Ottawa county was arrested tonight charged with assault with intent to do bodily harm. He was arraigned, demanded examination and was released on bail of \$1,000. The warrant was issued on complaint of Former Mayor E. P. Stephan, who declared that the sheriff severely beat him in his office in the Holland Furniture Company. The trouble is an outgrowth of a controversy concerning law enforcement of more than a year's standing. Fred Warner, of the state attorney general's office, is making an investigation for the state.

Officials of Court Offer Resignations

(By The Associated Press.) Helena, Mont., Aug. 30.—Associate Justice Charles H. Cooper of the Montana supreme court and Attorney General Wellington D. Rankin, resigned late this afternoon. Governor Joseph M. Dixon immediately accepted the resignations and appointed Mr. Rankin as associate justice to fill the expired term of Justice Cooper.

Five Are Killed When Train Hits Their Automobile

(By The Associated Press.) Coshocton, O., Aug. 30.—Three women and two children were killed and another woman was seriously injured that she may die, when the automobile in which they were riding was struck by a Pennsylvania passenger train near Newcomerstown, Ohio, this evening. The dead are: Mrs. Hattie Illic, 50, Burgetts-town, Pa.; her son, Charles, 7; James Keeney, 2, son of Mr. and Mrs. James Keeney, of Chicago. Mrs. Theodore Cummings, 58, Uhrichsville, Ohio; Mrs. M. V. Cummings, 49, also of Uhrichsville. The injured woman is Mrs. C. E. Nelson, 27, of Steubenville, Ohio, who is in the city hospital here. The party was returning from the state fair at Columbus to the Cummings home in Uhrichsville.

Probe Killing of Man With Machine

(By The Associated Press.) Bay City, Mich., Aug. 30.—Frank Saue, 86, of Linwood was fatally injured near that village late tonight when he was struck by an automobile driven by Frank McIntyre of Linwood, and died soon after being taken to a doctor's office several miles from the scene of the accident. With McIntyre were two young women of Linwood and George Ferguson, 1135 Dickson street, Detroit, and John Kelly, 605 Connors avenue, Detroit. The car was owned by William Ecker, of Linwood, whose daughters were with McIntyre. Sheriff Trudell's investigations indicate that the car was being driven without any lights. The men in the car were all taken to the county jail after the accident but later all were released excepting McIntyre. A coroner's jury will investigate the affair.

Woman Badly Hurt in Rear-End Crash

(By The Associated Press.) Ludington, Mich., Aug. 30.—Hurled from her husband's car when he ran down Fred Peterson's automobile on M-11 at midnight Friday, Mrs. H. S. Mosher sustained an eight inch cut in her head. Dr. E. George Gray says the woman's scalp was almost all lifted from the skull. Miss Edna Lewis, another passenger, was rendered unconscious when she struck the concrete pavement. She says Mosher was driving 45 to 50 miles an hour. Mosher admits 30 to 35, says he was blinded by a passing car and claims Peterson had no rear light. Peterson denies this charge. He and his companion, Fred Magnusson, saved their lives by jumping.

China's Military Displays Are Of Political Nature

(By The Associated Press.) Honolulu, Aug. 30.—The present military displays in China are of a political nature and will not upset the economic life of the country, in the opinion of Dr. Jacob Gould Schurman, United States minister to China. Canton, Aug. 30.—The threatening bombardment of the city by Chinese gunboats has been averted by the settlement of the merchants general strike today.

YOUNGMEN SET FOR TWO GAME SERIES

The Escanaba ball slingers will have an opportunity to demonstrate their wares today, when the Youngmen meet the Gladstone crew on the up bay campus in the sixth clash of the current season.

To date Gladstone has the better of the argument. The Gervais plebians have won three of five starts from Boyle's under studies this season, and in the event that the locals can cop the present holiday series, they'll have an edge on the Buckeye warriors.

Murray Boyle expresses confidence that his colts can shove two victories across in the two game series today and tomorrow. Neither game will figure in the U. P. Association race, as the scheduled four game count has already been fulfilled. But in spite of this, rivalry is keen, and much determination rampant in the local camp to obtain an edge win over the Gladstone youngsters. Borman will probably do the flinging to the Esky crew in view of the fact that Millard major league aspirant, twirled for Gladstone yesterday in the Houghton tilt.

ASSEMBLY OF STUDENTS ON TUES. MORNING

There will be a general assembly of all High School students at the High School Tuesday morning at eight o'clock. Immediately after preliminary remarks and discussions concerning the school year, assignments will be made for seats in the assembly.

GREAT CROWDS MARK SESSION OF SAT. SALES

Attendance at the Municipal Market on Saturday eclipsed by far, all past attendance since the inception of the popular forum. Forty-six farmers were on hand with their garden produce, this number exceeding by two the previous high mark of forty four.

What has created much favorable comment, however, was the large number of Escanaba residents on hand for the market. Many people were at the vending place as early as six-thirty o'clock and three hours later there still remained a crowd. At this time, only seven farmers had remained, the balance having left after the disposal of their articles.

GERVAIS IS VISITOR HERE

E. L. Gervais, former deputy sheriff of Delta county and now finger print expert for the Michigan State Constabulary, with headquarters at Lansing, with Mrs. Gervais, has arrived here to spend a two weeks vacation with relatives and friends.

Through the establishment of headquarters for a departmental finger print expert at Negaunee, the services of such an officer is now made available for the authorities of all the counties in the upper peninsula, according to Mr. Gervais.

Fire Destroys Bark River Home

Fire of unknown origin on Friday afternoon destroyed a house occupied by Peter Poulin and family, at Bark River. Flames had gained such great headway when discovered that nothing could be done to save the building, but the greater portion of the furniture of the occupants was carried out by volunteer fire fighters.

The building which was owned by Mrs. A. Larange, of Bark River, was for many years used as a school house in that village.

50 AUTOS WILL MAKE TRIP TO ALGER CO. FAIR

All Plans Completed For Invasion On Tuesday

At least 50 automobiles will be used to carry Escanaba's delegation to the Alger county fair at Chatham, Delta county day, Tuesday, according to an announcement made yesterday by Herman Gessner, chairman of a special chamber of commerce committee charged with that activity.

Those who will make the trip to Chatham will meet at the chamber of commerce office at 9:45 o'clock on Tuesday morning and will leave the city at 10 o'clock. Automobiles have also been provided for the Escanaba Municipal band, who will accompany the delegation and furnish a musical program during the day at the fair grounds.

Invite The County. A general invitation has been issued by the Escanaba committee to the people of Delta county to take part in the invasion of the Alger county fair and it is hoped that many will accept the invitation.

LOCAL WOMAN GIVES DATA

Mrs. J. McCauley of South 13th Street, in response to an item appearing in yesterday's issue of The Press, notified City Clerk Carl Anderson Saturday of her conversation with Mrs. Umberhan, when the latter resided here, and of the place of her burial.

This information will be forwarded to A. Umberhan of Green Bay, who recently inquired of Mr. Anderson, the site of his mother's burial place; that proper care might be taken of the grave.

Former Escanaba Residents Meet at Portland, Ore.

In a letter received recently from John Wilson, Jr. of Portland, Ore., and former resident of Danforth, and of this city, Mr. Wilson stated that they entertained a number of former Escanaba residents at their home recently. The guests included Mr. and Mrs. J. E. Nelson and daughter, Mr. and Mrs. John Wilson, Sr., Mr. and Mrs. J. Laporte and Mr. and Mrs. John Wilson, Jr. Mr. Wilson also stated that he met a car from Rapid River at the tourist camp. He found the owners were John Wickstrom and family who are touring the west, enroute to Washington. They had been on the road three weeks. Mr. Wilson said that it seemed good to see a car from this section of the country and naturally could not resist until he found the owner. The Wilson families are doing nicely in the west and are enjoying very good health.

SUPPOSE THE TEACHER SAYS YOUR CHILD IS STUPID?

This month your child takes up studies at school again, or perhaps this may be the first year at school. In either event it is of the utmost importance that the child's eyesight be in good condition. Otherwise poor progress in studies may be the result. Children generally are very much averse to confessing that they cannot see well, even if they realize it, which is not always the case. For many children's eyes are defective from birth and they have no means of knowing whether they see as well as they should or not. They may suffer severe pain from eyestrain and may even complain of frequent headaches without defective sight as the cause being suspected by the parents.

MEUSEL KNOCKS IN BOTH RUNS

(By The Associated Press.) New York, Aug. 30.—The world's champion Yankees won the third game of their series from Washington here today, Hoyt defeating Oden in a pitching duel by a score of 2 to 1. It was only the second game that New York has won from Washington at the stadium this season. New York's victory again reduced Washington's lead to a half game.

Bob Meusel, dropped to sixth place in New York's batting order because of a batting slump, drove in both of the Yankee runs. In the fourth inning, Ruth was safe on Bluege's wild throw, the only Washington error of the three games. He reached third on two outs and scored on Meusel's single. Pipp opened the ninth with a single, took second on Schang's sacrifice and scored on Meusel's double.

Washington outdid New York 2 to 1 but could not bunt their hits on Hoyt, 10 men being left on bases. Washington scored its lone run on singles by Rice and Goslin and an infield out in the sixth inning.

UPBAYS SCORE WIN OVER SOX

Gladstone, Aug. 30 (Special)—Gladstone staged an eighth inning rally yesterday and defeated the Houghton Copper Sox by the score of 9 to 5.

The visitors opened the scoring in the initial inning, sending one run across the plate. In the third, however, the locals scored three times and held the lead until the fifth when Houghton gained a lead of one run, which the locals overcame in their half of the stanza.

In the sixth Gladstone scored once, while the Sox tied the score in the seventh. In the eighth with the score tied and the Copperites retired scoreless, the locals settled down to business and scored four runs.

Perron, first up for Gladstone grounded out. Bovin singled but Feeney flied out. Kircher, next up, doubled, scoring Bovin. With two out Millard hit to left field and was safe on a fielder's miss, scoring Kircher. Deslites tripled and scored Millard. Deslites crossed the plate on a single by Jervais.

In Houghton's up in the ninth, the first two men were struck out, the next singled and the fourth grounded out. Both Millard, Gladstone ace, and Schultz, on the mound for the visitors, were hit freely. The locals garnered 12 hits and the visitors 8.

Six balls were used in the game and Schultz whose main offering is the emory ball, fell down every time the ball was changed.

The game was interesting throughout, being a see-saw affair that held the attention of the fans throughout the nine stanzas.

Boston lost the second game, 7 to 2. Helmach holding the Sox to five hits, three of which were made by Yeach.

PATTERSON ONLY FOREIGNER LEFT

(By The Associated Press.) Forest Hills, N. Y., Aug. 30.—America's tennis "big three"—William T. Tilden, William M. Johnston and Vincent Richards—and Gerald L. Patterson, captain of the Australian Davis cup forces, will fight it out for the national men's singles championship.

The Yankee triumvirate and the giant Australian demonstrated their superiority over the rest of the field today when they marched through the fifth round with decisive victory.

On Monday, Tilden, sweeping toward a fifth straight crown with his bag of tennis mags, plays his former pupil, Vincent Richards, the Olympic court king, in the upper semifinal bracket.

Patterson, survivor of an original score of invaders from seven countries, meets William M. Johnston, veteran former champion, in the lower half match.

On the form they displayed today, Tilden and Johnston appear the strongest of this quartet and unless there is a last startling reversal to add to the tournament's already crowded list, the title match on Tuesday promises to witness a renewal of the duel between "Big Bill" and "Little Bill," chief rivals for the premier American crown since 1919.

Tilden, although he dropped a set, easily mastered Edward Kinsey of San Francisco, 6-3, 6-4, 3-6, 6-2, while Johnston in the most spectacular match of the afternoon conquered Rene Lacost the brilliant young French Davis Cup star, 6-3, 6-3, 6-3.

Richards was forced to call on his most sensational net attack to end Wallace F. Johnson, Philadelphia chop stroke veteran, 6-2, 6-4, 11-9, but Patterson quickly battered his way to victory over George M. Lott, Jr., 17 year old Chicago school boy sensation, 6-2, 6-4, 6-3.

MARKET NEWS

HEAVY BUYING MARKS SESSION

United States Steel Is Again Leader in Movement. (By The Associated Press.) STOCK SALES SUMMARY. Twenty Twenty Date Industrials Railroads.

New York, Aug. 30.—Stock prices gave an impressive demonstration of strength in today's brief session of the market.

Germany's acceptance of the Dawes report, coupled with increasing indications of trade recovery, helped to revive flagging public interest and stimulated covering by bear traders, whose active selling, particularly of industrial specialties, had contributed largely to the decline of the last two weeks.

Buying spread over a broad list, which was rather unusual for a pre-holiday session, and several large blocks of stocks changed hands in the two hours of trading.

United States Steel again provided the bell-wether of the market, climbing more than a point to 193 3/4.

Exactly one dozen issues established new peak prices for the year. Among them were Maxwell Motors "A" and "B" and Pierce Arrow prior preferred.

Rails did not participate in the advance as much as the industrials, although Missouri Pacific preferred and Pere Marquette each closed 2 points higher.

Foreign exchanges turned slightly reactionary. Demand sterling again fell below \$4.50 and French francs sagged about five points to 5.13 cents.

The Canadian dollar was again quoted at a slight premium in further reflection of the flow of surplus funds for investment across the border.

CHICAGO LIVESTOCK. Chicago, Aug. 30. Hogs, receipts 2,000; mostly 10c higher, light supply, light lights and slaughter pigs, unchanged, lot, 10-20.

Chicago GRAIN. Chicago, Aug. 30. Inactivity and ease ruled the grain pits today, speculative interest being at a low ebb during the greater part of the session.

CHICAGO BUTTER. Chicago, Aug. 30. The butter market today continued firm at unchanged prices. Dealers, to avoid carrying heavy stocks over the holiday, were free sellers.

CHICAGO POTATOES. Chicago, Aug. 30. Potatoes, trade stronger on cobblers, weak on early Ohio; receipts, 39 cars; total United States shipments, 615.

TEMPLARS TO ENJOY PICNIC WITH FAMILIES

Outing for Members of Order Arranged at Maywood

Members of Escanaba Commandery, Knights Templar, with their wives and invited guests, will participate in a picnic at Maywood on Monday. Plans for the picnic have been under way for several weeks and an unusually elaborate program has been arranged. From replies received by the officers of the commandery from the members it is indicated that practically every member of the order and his family will participate in the program of the day.

All of the members of Escanaba Commandery, residing in this city who will attend the picnic will meet at Laddington and Seventh streets at 9:30 o'clock on Monday and will travel to Maywood in a body. Gladstone members of the order will be waiting when the motor cavalcade reaches that city and will join the parade line to the picnic grounds. Manistique members will gather at a central point in Manistique and will also travel to Maywood in a body.

Trucks Leave Early.
Trucks carrying tables, chairs, ice cream and food will leave the Masonic temple here at 8:30 on Monday morning, making it possible to have everything in readiness for the picnickers when they reach the grounds.

The committee of the commandery will furnish for the picnickers hot coffee, with cream and sugar, roasted wieners and ice cream and the remainder of the dinner will be taken in baskets by members of the party.

During the afternoon a program of sports and games will be carried out for both men and women members of the party and in addition tables will be provided for those who wish to play cards.

No effort is being spared by members of the committee to make the outing one of the most enjoyable ever arranged for any group in this city.

Charles O. Follo
Republican Candidate for County Clerk

To the voters of Delta County: As much as I would have been pleased to call on each individual voter in the county, it will be utterly impossible for me to do so as I do not possess a car and have had to depend on friends who have been kindly offered and given me the assistance.

Having put twenty years of my life in the postal service I am naturally not a politician, and for that reason may have overlooked some of the things I should have done, but I assure you your vote and assistance will be greatly appreciated.

In seeking the office of County Clerk I do not wish to raise any reflections on the capability of the present incumbent, but if nominated and elected I promise to devote my entire time and best efforts toward maintaining the present high standard of efficiency in the office for which I believe I am fully qualified.

To the Voters of Delta County

I am again asking for your support and your votes in furtherance of my candidacy for Prosecuting Attorney. I am now serving my first term in this office, and it is customary to give an office holder a second term if his record is satisfactory. This is the greatest incentive he has to do his work thoroughly and conscientiously.

The most important part of a prosecuting attorney's work is the trial of serious criminal cases in the circuit court. During my term, there have been tried two such cases in which the prosecution had substantial evidence and both these cases resulted in convictions. Never during my term has this county had the spectacle of a man being acquitted of a serious crime when the evidence against him was conclusive and everybody knew he was guilty. This situation brings more peace to a county than any amount of talk about law and order.

There may be some who feel that I have not exercised sufficient influence in selecting the courts before which certain cases have been tried. If these will take the trouble to look up the records, they will find that I have tried in our own circuit court every case of which I have had jurisdiction, and a great many that were started in the federal court.

It is on this record that I stand in my present campaign for re-election to the office which I now hold.

Respectfully,

George W. Carr

MRS. CLARENCE HAKES.
Funeral services for Mrs. Clarence Hakes will be held Sunday afternoon at 1:15 at the family home, 712 South 15th street, and at the Lutheran church at Bark River at 2 o'clock. Rev. C. A. Doehler of this city will officiate. Burial will be in the family lot in Bark River cemetery.

Mrs. Hakes died Thursday after an illness of a few weeks, due to complications which resulted from an attack of the flu last spring. She leaves three small children besides her husband, her parents and several brothers and sisters.

The pallbearers will be Dewey Paulson, Elmer Paulson, Clinton Paulson, Alfred Paulson, Albert Hanson and Raymond Wall.

Vacancies in Army Are Few

Sergeant Isaac J. Lee, in command of the Escanaba recruiting station, announces that there are still a few vacancies in the army especially for service at Fort Bragg. Men may enter either the motorized or horse drawn artillery, as both are stationed here.

Young men between the ages of 18 and 35, who are eager to indulge in military life, should not miss this opportunity, as it may be only of a short duration. There are a few vacancies also in Texas cantonments for the Infantry and Field Artillery branches of the service.

Sergeant Lee is especially desirous that who contemplate service, should get in touch with him, and arrangements will be made for their immediate entrance into the army. "Three years of service will do a man a

Czar Worthy Wins Free-for-All Trot; Only Four Entered

(By The Associated Press.)
Readville, Mass., Aug. 30.—Czar Worthy won the free-for-all trot, the closing day feature of the local Grand Circuit meeting today. The race was contested solely by the stables of Tommy Murphy and Walter Cox, each having two entries.

Murphy was behind Czar Worthy and Cox piloted his futurity winner of last year, Ethel India.

The Great Volo took part in the brushing only in the first heat, in which he almost caught Czar Worthy in the stretch. Mrs. Yerkes, the second Murphy entry, did not show much speed.

Tiger Lily, Lyman Bruse's mount, won the only extra heat contest of the meeting in the 2:10 pace. Murphy drove Laughter to win in the 2:13 class trot.

J. J. Roberts, of Worcester, Mass., owner of the mare Palmetto, and Walter Cleveland, driver of the mare Miss Dorothy Dillon, were placed under suspension for 15 days each tonight at a meeting of the judges following alleged indifferent driving in the fourth heat of the 2:14 pace which Peter Stout won.

The suspension of Roberts affects his entire stable during the 15 day period. Lyman Bruse, driver of Palmetto, was at first suspended but the penalty was later lifted when, according to the judges, Roberts informed them that he had given Bruse orders to hold in Palmetto.

CANADIAN BOAT COPS GOLD CUP

(By The Associated Press.)
Detroit, Aug. 30.—Rainbow IV, owned and driven by Harry B. Greening, of Hamilton, Ont., and flying the colors of the Hamilton Royal Yacht Club, won the American Powerboat Association challenge cup, the gold cup, here today. Baby Bootlegger, owned and driven by C. S. Bragg, a Columbia Yacht Club entry, was second, and Miss Columbia, owned by a committee of 15 members of the Columbia Yacht Club, and driven by Charles F. Chauman, was third.

Rainbow IV won the race with a first in the initial heat and second in the other two heats. Baby Bootlegger was second in the first heat, third in the second, and won the final. Miss Columbia took the second heat and placed third in the other two heats.

Run Under Protest.
The entire race was run under protest and the protest will have to be acted upon by the official governing committee of the American Powerboat Association before the winners are definitely determined. The race will go to Rainbow IV if the protest is disallowed, but if it is sustained, the winner will be determined by the governing committee.

The protest was made by Howard C. Rose, of Detroit, owner of Lady Shores, one of the entries. It was based on the unusual hull construction of the craft known as "Clinker" construction, and the fact that an amendment to the rules allowing such boats was passed last year when the 1924 rules were made. The protest held that the amendment was passed illegally. All of the records of the race will be forwarded to the American Powerboat Association for their review.

Leads All Wav.
Rainbow IV led all of the other boats in the first heat by a wide margin and easily annexed second place in the two remaining heats. Greening seemed content, in the two final heats, to permit the other two boats to head him at the finish mark, knowing a second place in each assured him the victory. He apparently was not using his full power except when it was necessary to pass a competing boat which threatened his annexing second place.

Bad luck followed the two Detroit entries. Baby America, owned and driven by Gar Wood, was forced out of the race by engine trouble and Lady Shores took fire in the first heat when her propeller shaft ran hot. The flames were extinguished but she was unable to compete after the first heat.

More Forced Out.
Miss Mary, owned and driven by E. J. Grimm of the Buffalo Launch Club, was forced out of the race in the first heat by engine trouble and Whigold II of the same club, owned by J. A. Williams and driven by Fred Hall, quit in the third heat when her propeller shaft broke.

The scoring gave Rainbow IV 1,122 points; Baby Bootlegger, 1,085; Miss Columbia, 1,013, and Curtis Wilcoed, owned and driven by J. A. Williams, of Buffalo, the only other entry to finish, 803 points.

Cruisers in the annual Sallan trophy race, the last heat of which was raced before the gold cup, came onto the course in a fleet just before the starting gun of the gold cup and there were many exciting brushes for position. So closely was the Sallan trophy contested that the judges were unable to agree on Miss Liberty as the winner until three hours after the finish. Miss Liberty is owned by Omer Brandon, of the Detroit Yacht Club.

Do You Teach the Youngsters to Face the Facts?

School bells ringing for the new term call tomorrow's men and women—the leaders and workers of a few years hence.

Billions could not equal the wealth of this nation in its boys and girls. Added billions could not pay what school days will be worth to them.

Train them to meet each test as best they can, to cheer the comrade who passes them while each does the best he can.

Teach them, too, that thrift and a knowledge of how to save are big stepping-stones to success.

Tomorrow We Honor All Workers

THE United States is the world's leader because our citizens are the doers—the workers—of the world. Our working men and women, on farms, in factories, banks or offices, are the backbone of this Nation. The Nation is the backbone of civilization because of the energy and thrift of its people.

On Labor Day this institution is closed in honor of this great American, the Workingman.

COPPER HOSE OPEN SERIES IN MANISTIQUE

The first of four association games which will conclude the 1936 season for the Manistique baseball team will be played on the home lot today with the Copper Sox of Houghton. Two more games with the Sox will be played on Labor Day, and the last one of the association schedule will be run off against Munising probably at the Alger County fair.

Today's game will be called at 2:30, and Bill Johnson is on the list to twirl the initial encounter. Catcher-Manager Harry Potter, who has been out of the city for the past week, is expected to be back in the harness this afternoon. On Monday, he will report for duty as instructor at Crystal Falls, and George McDonald will finish the season on the receiving end.

Deponents point out that Manistique still has a chance to lead the U. P. League, but they must win every one of the next four games to do so. Their opponents for today are one step ahead of them in the list of standings and the locals hope to turn them down a peg in the very first game today.

The first holiday game on Monday will be called at 10 a. m. The afternoon contest will be at 2:30 p. m., the same hour as today's game.

Illinois Giants Play at Norway

The Illinois Giants baseball team (colored) passed through Manistique Saturday morning, on their way to Norway, Mich., for their next game. After breakfasting in this city, the dark boys proceeded on their way, traveling in a large bus.

The Giants were originally booked for Labor Day tilts at Manistique, but the local schedule was changed later, and association games with the Houghton Copper Sox arranged for.

BID IS \$10,000 FOR CREIGHTON BRIDGE PROJECT

Hill and Belnap were the low bidders for the Creighton bridge project, for which proposals were opened at the office of the senior county road commissioner on Friday. The Hill and Belnap bid was \$10,000. Most of the other proposals received were near this amount.

The Creighton bridge is to be located near Creighton, spanning Creighton creek. Two other bridge projects are listed for construction in the near future, one of them across the Driggs river, and another near Germfak. Bids on those have not yet been taken.

CHANGE PHONE LINE OVER TO HIGHWAY M-12

Employees of the Manistique Telephone Company are completing the work of changing over the old Thompson toll line from the beach route to Highway M-12, and have one circuit to Cooks already in working order over the new lines.

The pole line which followed the Thompson right-of-way is now located along the trunk line highway, and the connection with Thompson is made over this route, branching off near Fitch's. The telephone line now follows the highway all the way to Cooks and will be in complete working order in a short time.

Chiro Is Bound Over to Circuit Court; Bond \$200

Appearing for his hearing on a charge of practicing medicine without a state license, E. L. Schatzman, local chiropractor, expressly waived examination in Justice W. A. McKinney's court Saturday morning, and was bound over to circuit court. Mr. Schatzman furnished a recognizance of \$200 for his appearance at the next court term.

The complaint in the case was made by LeRoy A. Potter, a representative of the state health department.

GIANTS TEAM CHAMPIONS OF BOYS' LEAGUE

Defeating the Central Grids on Friday, 7 to 2, the Lakeside Giants won the championship of the Boys' Baseball League at Manistique, with a record of only one game lost during the entire season, and that to the Central Grids earlier in the week.

Friday's game, which was the last on the schedule, and the one that decided the championship, was also one of the most interesting in the series. Wachter, the Lakeside pitcher, struck out eight men, and pitched a fine game all the way. He received excellent support, easily holding the hard-hitting Central Grids to two runs. The winning lineup was as follows: Williams ss, John cf, Thurman c, Wachter p, Malloy 1b, Harbin 3b, Swartzman 2b, Smart lf, Forshar rf.

As a token of their appreciation for the efforts of E. Thibault, who acted as coach for the Giants throughout the season, the members of the team presented him with a fine Sisker bat, Louisville slugger model. The coach was enthusiastic in his praise of the winning team. "They are a fine bunch of boys," he declared, "and were always in for good sportsmanship all the way through. There was no 'crabbing,' and I really enjoyed my work with the fellows."

The Lakeside Giants are now in line for the prize promised the winning team by the members of the Manistique Rotary Club, who sponsored the Boys' League in this city. A sweater of some kind for each winning team player has been suggested as an appropriate present.

Must Have Permit To Carry Firearms

Deputy Game Warden Paul Knuth has called attention to the present state law which regulates the carrying of firearms by youngsters. Youths from 12 to 17 years of age may procure permits to carry firearms with the consent of parent or guardian, but can use the guns for hunting purposes only when accompanied by an older person.

Boys under 17 can not carry firearms unless they secure a permit, and comply with the above regulations. Several violations have been reported to the warden, and he has announced that guns will be taken away from any youngsters caught carrying them illegally.

Andrew Brown Is Fined \$20.00 And Costs By Justice

A fine of \$20, and costs amounting to \$10, were imposed upon Andrew Brown of Seney in Justice W. A. McKinney's court Saturday afternoon. Brown was arraigned on complaint of Clarence Beecher for an alleged assault on the person of Arthur Selby. It was claimed that Brown was intoxicated at the time. Testimony in the case was given by both Beecher and Selby, who told of the conditions that led to the trouble while the men were picking blueberries near Seney.

The case was dismissed after the imposing of the fine.

SCHOOLS OF CITY OPEN ON TUESDAY

Everything is now in readiness for the opening, on Tuesday, of the fall term of school at both the public schools of the city and All Saints' parochial school.

A teachers' meeting, the first of the new year, will be held Monday afternoon at 2 o'clock at the Junior high school building and the school session will begin Tuesday morning.

Tuesday will be given over to classification in both the high school and the grade schools.

Attention of parents is called to the age regulations in regard to children just beginning school. All children who are five years of age or will be five years old on or before January 1, 1935, are eligible to enter kindergarten. Children who are six years old or will be on or before January 1, 1935, are eligible to enter first grade.

All children of school age are expected to enroll the first week of school. A close check will be made at once and for this reason all school children should enroll at once.

Supt. Teague asked yesterday that anyone who will give a home to a boy or girl during the year in exchange for services about the house, communicate with him. Mr. Teague has received several inquiries in this connection from students who wish to continue their studies here, and he is making an effort to place all of them.

Practically all matters in connection with the beginning of the new year have been taken care of, however, and everything will be in readiness for the first day of school Tuesday.

Holiday Hours at Post Office

Announcement has been made by Postmaster Frank J. Miller that the Gladstone post office will observe regular holiday hours of service Labor Day. No deliveries will be made. The window will be open from 8:30 to 9:30 o'clock Monday morning.

Mrs. John DeVost and daughter, Marie, Miss Emma Lucier of this city and Mrs. May LaChapelle of Escanaba have returned from a motor trip to Superior, Wis.

SERIES WITH ESKY OPENS HERE TODAY

A Labor Day series which will give fans what they like best, Escanaba-Gladstone games, will open today when the two clubs meet on the Gladstone diamond in the first of the two games scheduled.

Monday's game will be played at Escanaba. Games between the neighbor rivals always mean a fast interesting scrap from start to finish and the two day series will be no exception to other contests during the season.

Gladstone has three wins over the Esky gang to its credit while the Youngmen have taken two games from the locals.

This record with the tried rivalry always on hand when canaba and Gladstone play make it a big day for fans.

Jay Powers, Gladstone's south-paw, will probably pitch this afternoon for the locals. The Escanaba selection has not been made known, but it will probably be either Beyers or Schnitz.

National Holiday means no mail.

All stores and offices will be closed during the entire day, permitting enjoyment of the holiday by everyone.

The offices of the various city departments will also be closed. At the post office holiday hours will be in effect. No deliveries of mail will be made but the window will be open from 8:30 to 9:30 o'clock in the morning. Holiday hours will also be observed at the Western Union and the Postal Telegraph offices.

The Gladstone club will play the second game of its Labor Day series Monday on the Esky diamond and a good crowd of fans will probably see the game.

Spirit of Holiday

The day will be without celebration but will be quietly observed as a holiday in the spirit expressed by Mayor Bushong in his proclamation when he said, "It matters not whether man or woman, whether we wear white collars or overalls—if we put the best of our heads, hearts and hands into our tasks, then this

Escanaba can sit back and view with considerable amusement the efforts of her misled sister cities, of Ironwood and Iron Mountain, to so juggle municipal funds, that their city governments may continue to function. Iron Mountain has borrowed in anticipation of next year's tax receipts and Ironwood's council has decided to pay no bills until after Jan. 1 and the proceedings of their politically endowed councils so closely resemble experiences of Escanaba, before this city wiped politics out of municipal affairs, that it seems like a rapidly being forgotten page in this city's history.

Ironwood is making some effort to set her house aright, as an election will be held on Sept. 9 to vote on a more modern form of government, but Iron Mountain continues to flounder about in the slough of municipal mismanagement with no apparent effort being made to follow Escanaba's shining example.

The Iron Mountain News says editorially:

"The Ironwood council this week grappled with the problem confronting it because of the fact that, for some time past, it has been spending next year's money this year. Iron Mountain, because it is similarly bogged down, ought to be interested in the way Ironwood has dealt with it. Iron Mountain has provided for the necessities of the next few months by heaving its special assessment rolls. But the money raised in this manner will have to be paid back. Iron Mountain is now subsisting, as far as general expenses go, on next year's tax money. As far as the tax money for general purposes raised for this year is concerned, Iron Mountain is 'broke,' and no amount of sophistry can obscure the fact.

"In Ironwood the council has met a situation similar to the one confronted here a few weeks ago by approving the finance committee's recommendation that the August bills be held, without payment, for 60 days, and that the September, October, November and December bills be held until taxes are collected in January. In other words, the city's bona fide creditors are to be asked to carry the burden. 'Pay rolls will be met as far as possible, pointed out the committee in its report,' according to the Ironwood Globe.

"Ironwood has gone considerably further than Iron Mountain in spending next year's money this year, so its plight is correspondingly more serious. The finance committee, reporting to the council, says: 'It must be remembered that at the beginning of the city's fiscal year, March 1, 1924, we had drawn on the year's funds to the amount of \$176,452.04. This committee estimates that at the beginning of our next fiscal year, March 1, 1925, we will have drawn on next year's funds to the amount of \$100,000. In other words, we will have operated the various departments during the present year at a cost of approximately \$76,452 less than our income. We also wish to say that we have paid all interest due on bond issues and have taken care of all bonds when due.'

"From the committee's statement it is clear that it is at least to be said for Ironwood that it has turned its face in the right direction, and may have to stand off its creditors for from four to six months, it will open the next fiscal year at least \$76,000 better off in decreased deficit than it opened the present one.

"His officials, instead of trying to deny a patently bad condition, are frankly admitting it, and setting about to see how they can improve it. Ironwood is dead tired of peanut politicians and peanut financing, and is in a temper to get rid of both."

"The Franks case cost a lot of money, but it was wonderfully staged, and a lot of money, but it was wonderfully staged and a lot of ordinary minds were provided with the thrill they demand.

Institution Closes A Very Successful Year

In spite of the fact that the Good Will Farm for homeless children at Houghton, supported each year by a large number of Delta county people, had no field worker this season, the institution closed one of the most successful years in its history, according to the annual report of Miss Elizabeth MacDonnell, superintendent. Miss MacDonnell's report, concerning the affairs of the institution, follows, in part:

"A review of the year's work shows that despite the continued depression of business in this community we have closed a very satisfactory twelve months. We have had no field worker except for a few weeks in the spring, yet all bills have been paid and we closed our books with a small surplus. I think it rather remarkable to be able to conduct this work for two years without the aid of a solicitor and make this splendid showing. Our finances come to us directly by mail. I know of no other community that so supports its local charity, and to me it expresses the interest, confidence and faith of the people in the work we are doing.

"Our family has been well remembered by friends and neighbors. I cannot take time to mention all of the nice things that have been done for them but will tell of some that pleased them most. At Easter the Gulnash family sent over a large basket of bright and beautiful Easter eggs and candy. Mr. James Healy sent two large boxes of delicious chocolates, that came just in time for a birthday party. Mr. Kerredge invites them whenever there is a picture or play that he thinks they will enjoy, and of all pleasures they have this is the one looked forward to with the greatest eagerness, though going to the baseball games is a close friend. The Elks (an organization which is known throughout the country for their sympathy, interest and generosity to unfortunate children) entertained our family quite royally at the carnival this summer and treated them to all sorts of goodies, not the least of which was the ride over to the carnival in cars provided by the lodge.

Physicians Give Time. Dr. Scott is another kind and devoted friend of the children. We make many demands on his time and skill and he always responds cheerfully to our calls. Dr. Moore has also given freely of his time and services, as have Dr. Messenger, Dr. Schojler and Dr. Dodge. It is hard to find words to express proper appreciation for a service given so generously and so willingly as this has always been.

"The barbers of Houghton, Mr. Kenney, Mr. Henderson, the Douglas Barber Shop, Mr. Coon and Mr. Goodfellow take some of the boys every two or three weeks and keep their hair cut and trimmed; a kindness that is as much appreciated by the matron of the boys for its consideration of a task for one person to shear so many.

"A report came from L'Anse that recently a woman with a picture of the children, had been soliciting there for Good Will Farm; that she received quite a sum and had gone from there to Negaunee. We have no solicitor just now. I called the sheriff and he took the matter up with the authorities in Marquette county, and I think they succeeded in stopping her for I have heard nothing more of her.

"This summer when the women's clubs, and probate judges held their conventions in Houghton, the home was thrown open for their inspection. They came and were greatly pleased, some of them much surprised to find Good Will Farm not only such a beautiful spot but such a wholesome, livable place. I think most of them went back feeling not only interested but proud of their upper peninsula children's home, and I wish more of our friends might run in and see our way of living. I think if they saw the children in school or on the way to school or at play, they could not help but think our mode of living is not much different to their own.

We try every hard to keep the spirit of the home as near to normal home life as possible, and I am sure the children go from here better fitted to adapt themselves to home life than when they came.

Fifty Children Cared For. While it is no small part of our task to feed, care, clothe and make happy the fifty children within our doors, our real work is seeking and finding homes for them; real homes for the home is the supreme place for the culture of the individual. It meets his needs as no other institution or society can meet them. It fulfills the fundamental desire of every human being to possess and to be possessed; to be pre-eminent in himself and to be part and parcel

of the life of others and to have an anchorage. I think in the face of results, our placement work has been highly successful. In visiting our wards in one county recently, it filled me with the greater joy to see the deep and true affection lavished on these little people by their proud and happy foster parents; some of them ministers, some doctors, teachers, merchants, miners, and farmers, but all of them full of devotion to their little adopted sons and daughters. In fact, their love is so great that it hurts them to be reminded of the fact that the child is adopted and not their own. One foster father told me that he had only one fault to find with his adopted son, and that was that he hadn't been born to them. One woman who had taken a baby from the home and who had gone to live with her parents when her husband appeared as a position as traveling salesman, told our visitor that she had left her parents' home and moved back to her own apartment so she could have her baby to herself; that her family loved the baby so much they had taken full charge of her and she never had a chance to care for her baby. In one morning's visit in a town recently three families spoke for a little brother or sister for the first adopted child. This is not unusual. We often place two in a family.

"This summer I attended the National Conference of Social Workers held at Toronto, and received both benefit and inspiration from the papers read and contracts made there. Each year I find at these conferences that the work with children receives greater attention and a larger place on the programs of the conference. It is realized that here is the foundation of all social endeavor and that as more child, better work is done for the child, the less need there will be for industrial schools and prisons.

Public Appreciative. More and more as the work of the Good Will Farm in saving unfortunate children to futures of happiness, health and usefulness, becomes familiar to the public of the upper peninsula, the various communities of the district are realizing its value and their own direct interest in it. More and more, is this interest shown by their fine response in every way to the needs of the work and the workers—to deep appreciation and encouragement of all those active in its administration.

"To these communities the Good Will Farm Association stands in a position of trust to so administer this constructive charity that the greatest good may be achieved through the gifts received and that all needing our help may receive their just share.

"Last but not least, is the Association indebted to the press for making known our needs and the character of our work and stimulating the public interest in a responsibility toward the unfortunate child."

National Defense Day

BY ISAAC J. LEE, U. S. Army

The idea of national defense day has been misconstrued by so many people, but the main idea is to bring to the minds of people throughout the country, the sense of responsibility they bear to the nation, in compliance with the national defense law of 1920. It is the solemn duty, of the government, and of the president in particular, to see to it that this country shall be ready and able to perform whatever part in world affairs that its interests demand. To the president falls the task of keeping constantly in mind every aspect of our national welfare. How well would he be doing this if he neglected to ascertain our state of security? If there were any guarantee that future menace of attack was an impossibility, there would be neither point nor justification in plans for national defense, but our government is compelled to face the realities of the world.

So it seems a bit far-fetched to complain that in taking steps to see that our country will be wholly at the mercy of any foe that might arise, we are transforming ourselves into a blood-thirsty set of junkies. No one wants war, and it certainly is everything that our great northern general said: "War is Hell." Insuring peace without the necessary means of maintaining it would be much better diverted into a study of facts.

For this is the first time in the history of our country we have had a military policy carefully worked out in the light of the experience of the World War. Had we had such a policy in 1914, the central powers would not have treated us with the contempt which finally developed into hostile blockade of our coast, the destruction of American life and property on the high seas, and finally forced our people into a war which would have been avoided had we been adequately prepared to resist aggression.

The coming defense test will consist of calling out and mustering each and every unit belonging to the army of the United States; regular, national guard, and organized reserve. In connection therewith, each city, town, camp and station will hold a patriotic celebration of such nature as may appeal most to the citizens of the vicinity.

They have also directed the appointment of boards of citizens in each locality to represent the state in the procurement of personnel which will be needed to fill the ranks of the local military units. The duties of these boards are similar to the duties which the draft boards performed in the organization of our army for the World War.

Our people believe in certain principles of right and justice. They regard these principles as fundamental. They recognize human nature and world conditions as they exist in fact. They have imposed upon the government the duty to provide for common defense, and congress, in fulfillment of this duty, has enacted a national defense law. This law established the broad outlines of a military policy of preparedness. The duty of the war department is to develop this policy. In the performance of this duty the war department has prepared plans for calling out the man-power of the nation. Will these plans work? The president has directed that they be tried out on September 12 in a defense test. I want to see every man in this community that is between the ages of 18 and 45 to turn out on September 12. It will not hurt you, and you may learn something that will be of great help in future years.

Sons Of Toil

Nothing is wealth until it receives the magic touch of Human Labor. Labor alone can bring bread from a handful of seed. From the soil also come brick, wood, concrete and steel, products of labor. And even these articles are of little use or value until labor combines them into buildings.

Even the diamond is unattractive and as good as worthless until skilled labor brings forth its sparkle. Everything we call necessities and luxuries is the fruit of Human Labor. Carpets, furniture, houses, autos, radio, food—so into thousands upon thousands of commodities—all these are labor's creations.

There is no wealth, no usefulness, no worth-while achievement except by toil. Labor is the force that creates civilization from the dust. It is well that one day of the year is set aside as Labor Day. On this day the whole nation pays tribute to its greatest force, its greatest natural resource, without which we would be no better off than the monkeys. Hats off to labor—skilled, unskilled, brawn or brain.—NEA. LIBRARY CLOSING MONDAY. The library will be closed all day Monday. Tuesday the winter schedule will begin. The library will be open from 9 in the morning until 3:30 in the evening. The library closed at 6:30 during July and August, but when school starts, it means that much reference work and study will be done in the evening.

NOTHING IN A NAME; GLANCE AT FOLLOWING

Schwendemann, Hellogenthal and Schoenberg are the longest family monickers on the books of the City Clerk, Carl Anderson; and when the aforementioned applied for registration, the clerk had to replenish his ink well.

In scanning over the lists, a variety of names present themselves for consideration. Trees, colors, articles of furniture, flowers, languages, potatoes, all are classified in some way or the other, by proper names on the registration role.

For languages we have French, Roman, and English; Green, Brown, Gray, and White represent a quartet of colors. Then we have Elsie, Snow, Frost to remind us of the winter solstice; and in order to bring back memories of the good old days, we have a Stein; and then to make us feel a little miserable, one need only think of a Boyle.

Lueck is a word familiar to the youngsters; Bell also reminds of September 2; and Wood brings back the days, when we all had to carry in an armful to start the morning fire. Nearly all of us are able to read and Cook, and if we can't we shouldn't draw our Coyne. Crane, Crow, and Fish represent some of the animal species; some of us feel Moody as Burns fester our Palms; Rose blooms beneath the Rascals of the sun, and Costely is the deception of the Skinner. We have a Leach, a Leaf, a Crabtree, and Sourwine for another species of the plant kingdom.

To Robb a Bank is to Hale oneself into court, because the Finn is apt to nab you; a Ford is used to Dray Stone, and Cooks are birds who get up early; a Taylor is Richer than a King nowadays, and a Carr is a Handy outfit, when you want to Ring in on a good time. Greenfield gets a Shiner when he goes through a Sable Hall, and happy are the Young newlyweds when Rice is showered upon them. Bakers are Boss in their own domain, and Hardy we feel sheltered beneath a good piece of Cotton; we go South to loosen a Joint, and go down the Kidd that likes to climb a Stack.

The Short and Long of this abuse of English, is just to remind you, that we like to Crow about the variety of names contained on the registration role of Delta County's voters. The Wick goes out now, and so we Brackett the story.

Helen Lorimore's Legacy

BY JANE PHILLIPS.

HELEN TELLS ROY SHE BELIEVES HIM INNOCENT. Chapter XLIII. "I believe you!" Helen broke the strained silence. "More than that, I have always known you were innocent. Something told me so, even before I had heard the gossip about your love for Uncle. Oh, it is so unfair. It has been so dreadful for you."

"It was until—" Roy broke off. "Just how dreadful no one will ever know." "The ranch is now mine, Roy," Helen spoke his name softly. "Although I have no right to it. I want you to promise to come and visit me tomorrow evening; come as if you felt you had a right to come, because—I ask you."

"I'll come." The man baptized her with the light in his eyes, but his lips quivered as if he were in pain. Helen understood. This thing she had asked him to do was hard, would hurt him. "Tell me about that shot. Was it—'Wheelock?'"

"No—it was one of his minions, a man he has always used, one who corroborated his story to Father—the story that brand me a thief, an ingrate." "In some way we shall clear you. I don't know how, but we shall. It is monstrous that you should bear the burden of another's guilt; that you should hide away and let them gloat over you. It is not to be borne. Uncle is gone. Nothing can hurt him now, and you must prove your innocence—for your own sake." Helen looked at Roy, the light of battle in her eyes. "I am going to help you," she added simply.

After a little Roy turned the conversation to her, the ranch. "I have discharged Wheelock," she told him. "In less than a month he will be gone. We must prove his story false before he leaves." "You've discharged him?" "Yes, I mean to run the ranch myself—take entire charge and make it pay, even if I am a woman." She smiled for the first time. "You see, Roy, I must. I have told no one, but father killed himself. He had lost his own fortune and mine also—oh, I would gladly give him every dollar—and now I am dependent upon the ranch." She spoke more quietly.

Roy laid his hand upon hers. She felt the sympathy he did not utter. "How did Wheelock take his discharge?" he asked after a bit. "Rudely. He was angry—impudent."

"I can well believe that. I have always believed he planned to get the ranch for himself—in some way, and perhaps—" "I think he did," dryly. "You mean?" His face flushed angrily. "Yes, he was even willing to take me to secure it." "Damn his insolence! But it would be like him."

"I must go now. Will you ride a ways with me?" Roy assented, and the two rode almost in silence until they neared the ranch. Helen halted and said: "I shall expect you tomorrow night, Roy."

"I will come," he replied, then wheeled his horse and rode away. While Helen changed for dinner one thought only was in her mind; to prove the innocence of this man whom she realized now meant much to her. Had it been a plot from the beginning—a plot of Wheelock's to gain this ranch for himself? Helen thought back to her arrival, of all that had transpired—Wheelock's very evident determination to make himself necessary to her, his meanness at times, his impatience at others.

KNOWLEDGE IS POWER; DESIGN OF SUPT. OLD

"Knowledge is Power"—the adage that will confront the pupils of the Escanaba High School at every turn they make this year. Suggestions for the site were made by Superintendent Olds, and the drawing was by a graduate of the Escanaba high school—Esther Keck—who completed her course of study last year.

While attending summer session at the University of Michigan, Mr. Olds was approached by several superintendents of state schools, and was asked the use of the sketch and four instructors in lower peninsula schools have prepared similar copies and have distributed them to various departments of their institution.

Ideas for the sketch, obtained in a conversation with a garage man shortly before closing of school last year; idea is a splendid one, and can be inferred from the accompanying illustration. It all to emphasize that our "gen motor" needs an overhauling. "Knowledge is Power" and add, made efficient by all.

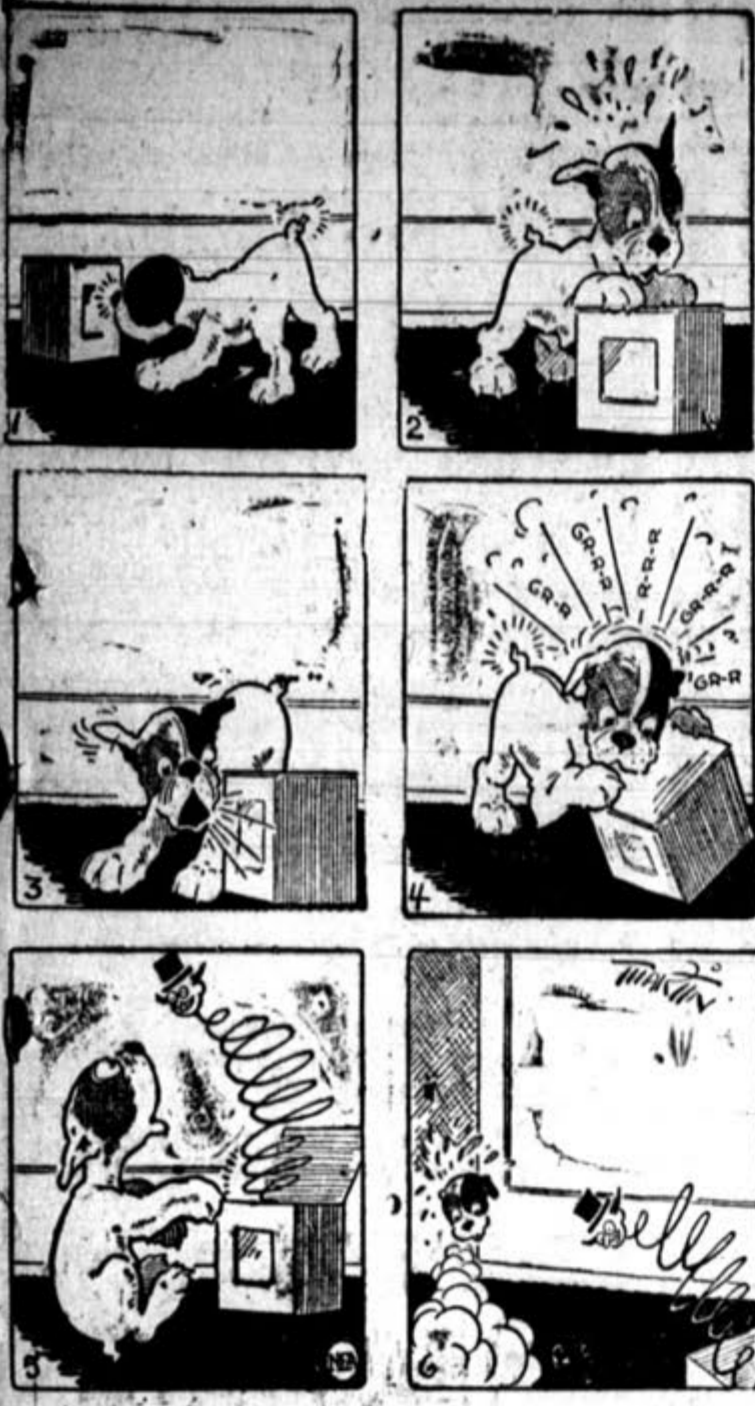

Pupils Enroll Tuesday at St. Joseph's School. St. Joseph's parochial school open Tuesday, Sept. 2nd, and pupils will begin the school by attending a high mass at 8 o'clock. A very large enrollment marks the opening of the school and the grades will be as usual. The Sisters in charge have received from their annual vacation and are prepared to carry on work of instructing after a pleasurable rest. They will also pupils for the music classes who are already large, but many can be enrolled as the Sisters a sufficient number of teachers year for the music department. The pastor urges all children school age to be present at opening of the school that they be enrolled at one time.

Service Clubs Meet Wednesday. Neither the Rotary nor Kiwanis of Escanaba will hold regular weekly meetings today, because of Labor Day observance. Instead the two clubs hold their weekly meetings on Tuesday at their usual places.

Advertisement for Escanaba Carnegie City Library. Features a cartoon of a man in a top hat looking at a car chassis. Text includes: 'YOUR CHASSIS, YOUR RUNNING GEARS, YOUR FENDERS, YOUR HEADLIGHTS, YOUR INTAKE, AND YOUR CARBURETOR MAY BE ALL RIGHT! BUT—OH, BOY! HOW'S YOUR ENGINE? ARE YOU HITTING ON EVERY CYLINDER? ARE YOU GETTING THE BEST RESULTS OUT OF IT? DOES IT PULL? OR ARE YOU JUST LIMPING ALONG, AND ALLOWING A LOT OF "ONE LUNGERS" TO RUN BY YOU?' At the bottom, it says 'GARAGE' and 'ESCANABA PUBLIC HIGH SCHOOL KNOWLEDGE IS POWER'. A note at the bottom right says 'YOU MIGHT RUN INTO A GARAGE THIS YEAR AND HAVE YOUR ENGINE GONE OVER'.

CITY SCHOOLS OPEN TUESDAY FOR THE YEAR

Enrollment Will Exceed Record Of All Former Years.

Escanaba's public and parochial schools will open on Tuesday morning for the work of the annual school year.

According to officials of both the parochial and public schools, every promise is given that Escanaba's school enrollment will be the largest this year in the history of the city and although some of the schools may be badly congested at the outset, transfers will be made early in the term to equalize the room enrollment.

Announcement was made yesterday by Supt. W. E. Olds, of the public schools, that all grade pupils will report on Tuesday morning at the rooms they attended last year and will advance from those rooms to the grades in which they will be enrolled this year. Announcement was also made yesterday by Supt. Olds of the complete list of teachers in the public schools and the assignments made for the coming year, as follows:

At The Strand—The Three Buckaroos, an original comedy-drama of the western range, with "Buck" Hume and Peggy O'Dare in the leading roles.

The Delft.
 Gloria Swanson in "The Humming Bird,"—a tuneful title—a colorful story.

It's a Sidney Olcott production for Paramount which comes to the Delft for the first half of the week. Miss Swanson is the star, with Edward Burns as leading man and Jacques d'Auray, Mario Majeroni, William Riccardi and others in support.

The story is an adaptation of the stage play by Maude Fulton. The star has the role of Toinette, a girl of the Paris underworld, leader of the Apaches, whose undaunted courage makes her a heroic figure during the dark days of the World War, when Paris was threatened with invasion. She falls in love with Randall Carey, representative of an American newspaper, this furnishing the motivation for the story.

Toinette in her dual role of the "Humming Bird" is a hunted creature. Every crime committed in the Montmartre section is credited to "him," for, to all but her intimates, the "Humming Bird" is an extremely clever boy. She is too much for the authorities, though. The girl does great work in enlisting her associates into the service of France, for which she receives the pardon of France for her crimes and is decorated with the Croix de Guerre.

won by an associate, unfortunately on the field of battle. It's a great tale, this. And you've never seen Miss Swanson to finer advantage. She labors the house by storm.

Seven year old Mickey Bennett, who has an important role in Allan Dwan's production, "Big Brother," the feature at the Delft Theatre the last of the week, was granted the privilege of casting the other youngsters, who make up his "gang" in the picture. In the first few days of production on "Big Brother," the casting director assigned several urchins to play in Mickey's gang and Mickey was seen to fret a bit. So he marched up to the Casting Office and demanded to see the boss.

"Gee," complained Mickey, "can't a feller even pick the kids for his own gang? Those other guys you gave me were a lot of sissies and when I told them I could lick any kid in the crowd they started to bawl. Why don't you let me cast my own gang?"

What else could be done but seat little Mickey in a swivel chair before a mahogany desk and announce the fact that Mr. Mickey Bennett would be casting that day between the hours of 2 and 4.
