

PROGRAM ON ARBITRATION IS ADUPTED

GENEVA MEET IS CONCLUDED SUCCESSFULLY

ACCEPTANCE OF PLAN BY DELEGATIONS UNANIMOUS

(By The Associated Press.) Geneva, Sept. 6.—Before leaving Geneva tonight for their respective capitals, Premiers MacDonald and Herriot, backed by the delegations of all the other countries, put into concrete form a program which the assembly of the league of nations will study in an effort to elaborate a system of compulsory arbitration designed to put an end to war, prepare the way for a conference on the reduction of armaments and set up some satisfactory pact of guarantees and mutual assistance which will serve to make compulsory arbitration practicable.

The heads of all 46 national delegations present, standing solemnly, gave their assent to the resolution, which declared that the object is to strengthen the solidarity and security of nations throughout the world by settling by pacific means all disputes which may arise between them.

When the unanimity of the vote was announced there were impressive demonstrations throughout the auditorium.

Real Work Starts. Now that Great Britain and France and all the other states have shown their will to arbitrate all disputes, the real work of the assembly begins, for projects of arbitration and security must be drawn up which will receive the approval of the great world powers.

Premiers MacDonald and Herriot left Geneva apparently without agreement on the vital question of how much military help Great Britain will accord in case arbitration decisions are not obeyed, and the general opinion in Geneva is that the fate of the new movement to insure permanent peace depends on the answer to the question: "How much security will Great Britain give and how little military aid will France be contented with?"

The countries of Latin America, which took a permanent part in the discussion, all concurred on the necessity of guarantees as a concomitant of arbitration.

Premiers Speak. The resolution was adopted tonight after eloquent speeches by the British and French premiers.

MacDonald said: "If this assembly could only be recorded in the pages of history as an assembly which for the time did not merely give lip service to peace, but brain service, it would be distinguished above all gatherings of mankind that have met hitherto."

Mr. Herriot gave a message of hope, without being unduly optimistic, concerning the great problem before the assembly.

"Now begins the detailed study of the difficult questions which Premier MacDonald has already outlined," said the French premier, "problems of mutual assistance and, above all, the great problem of international solidarity, and making that international solidarity a living thing. Let us have patience and make our way through the stage which must yet be crossed. The road is long, but we must traverse it arm in arm, associating our efforts and our endeavors."

Te Study Question. The resolution declares that with a view to convocation at the earliest possible moment by the league of nations of an international conference on armaments, the disarmament commission of the league shall study all matters affecting the disarmament question, including the security pact of guarantees and the articles of the league's covenant touching upon arbitration and the reduction of armaments.

The committee shall also examine the possibility of making more precise the obligatory clause of the world court of justice protocol in order to facilitate its general acceptance by all countries.

Thus was launched in concrete form with the approbation of the 46 countries represented at today's session, an historic and united effort to make future wars impossible.

Traces of Fight Completely Gone. (By The Associated Press.)

Herrin, Ill., Sept. 6.—A week ago tonight Herrin was stirred by unusual happenings for six men, slain in a bloody clash between Sheriff Galligan and the Ku Klux Klan, lay dead in two undertaking establishments.

Tonight Herrin presented the usual Saturday night picture of a quiet country town.

Aside from the appearance of the few militiamen who still remain here to preserve peace and order, nothing unusual was seen remaining the visitor of last Saturday's battle.

YOUNGER THAN WIFE'S CHILDREN

They call themselves "the happiest couple in Nebraska"—despite a disparity of almost 40 years in their ages. Mrs. Lloyd Pauley of Omaha, who admits she is "past 60," had her hair bobbed and dyed a vivid red all for love of her 22-year-old husband. Pauley acquired by marriage six children, ranging in ages from 27 to 43, and eight grandchildren. He calls her "mumsey" and "sweetheart" and she calls him "dearest boy."

Vote For Tuttle

JUDGE ARTHUR J. TUTTLE, candidate for the Republican nomination for United States senator at the primary election on Tuesday, is a thorough Coolidge Republican.

He is recognized as one of the most able jurists in Michigan. He possesses every qualification to make the state of Michigan a truly representative member of the United States senate.

He has never been defeated for any public office for which he was a candidate.

He is everything a United States senator should be. Vote for him on Tuesday.

PHILADELPHIA GIRL WINS AT ATLANTIC CITY

(By The Associated Press.) Atlantic City, N. J., Sept. 6.—"Miss Philadelphia," Miss Ruth Malcomson, was chosen for the title of "Miss America" of 1924 at the close of the year's Atlantic City beauty pageant by fifteen artist judges here tonight.

Her selection, "Miss Philadelphia" was crowned queen of the pageant with which goes possession of the golden mermaid for one year.

The beauty trophy has been held by "Miss Columbus" as Miss America for two successive years.

"Miss Philadelphia," an unbobbed brunette with a wealth of curls, is 15 years old. She weighs 132 pounds, and has blue gray eyes. She won the silver sea shell as the grand prize for amateur beauties in the pageant of a year ago.

"Miss Columbus," May Katherine Campbell, the "Miss America" of the past two years, today won second beauty honors. "Miss Santa Cruz" took third, "Miss Los Angeles" fourth, while "Miss Manhattan" and "Miss Chicago" tied for fifth honors.

Of the fifteen who survived the first elimination tests, nine remaining contestants were unbobbed. Eight of the fifteen were brunettes, five were blonde, one had auburn and the last red locks.

Senator Wheeler Hits Wall Street

(By The Associated Press.) New York, Sept. 6.—Senator Wheeler of Montana, vice presidential candidate on the independent ticket, pleaded the cause of the movement headed by Senator LaFollette and himself tonight before an audience in Cooper Union.

He recited the record of Senator LaFollette, asserting that the Wisconsin senator's accomplishments guaranteed that the new national effort would be constructive in its tendencies. He renewed the assault on his political opposition, which he originally based on declaration that both Democratic and Republican parties are controlled by Wall Street.

CHI'S FORCES HAMMER AWAY AT OBJECTIVE

REINFORCEMENTS FOR TROOPS HASTEN TO FRONT.

(By The Associated Press.) Shanghai, Sept. 6.—Despite at least two previous reverses, during one of which hand to hand fighting occurred in the streets of Luho, the forces of General Chi Shih-Yuan, the Tuhun of Kiangsu, were again hammering away at the line held by the Chekiang army near that town tonight.

According to an eye witness from Quinsan, where the Kiangsu army has established its headquarters, Chi's officers consider this battle along the bank of the estuary of the Yangtze with the Woeing forts as its objective, as the most important of the present campaign and reinforcements are continually being sent there by land, while junks are waiting to take more men to the fighting line as soon as Luho has been captured. It is the belief of these officers that the fall of this little town, heretofore considered of little importance, will open the way to Woosung.

American destroyers are reported anchored off the town, ready to afford protection to Americans, of whom there are several in the Seventh Day Baptist mission hospital there.

The eye witness who saw much of the Kiangsu army says the men have a good supply of Lewis guns and lots of ammunition, reportedly of French and Italian manufacture. Chi also suffered defeat, according to the defenders, on his right wing at Hwangtu, being driven back six miles.

Lowering of Rates Advocated by Davis

(By The Associated Press.) Omaha, Neb., Sept. 6.—A readjustment and lowering of rail and freight rates, tariff and tax reform, and government aid in stimulating the co-operative marketing movement and in establishing an export marketing commission, constituted the cardinal points in a farm relief program presented here tonight by John W. Davis, in the first address of his campaign for the winning of the west.

In offering this platform before an audience in the city auditorium, the Democratic presidential nominee vigorously assailed the Republican party for what he characterized as the discrimination against the farmer in favor of the manufacturer and for its failure to co-operate fully in the restoration of economic conditions abroad so as to furnish a market for American farm products.

Railway Plans To Follow New Route

FIRPO HEARING PUT OFF UNTIL AFTER BATTLE

Argentine Battler Out On Bail Of \$1000; Is Not Worried.

(By The Associated Press.) New York, Sept. 6.—The arrest of Luis Angel Firpo on a warrant from Washington charging him with violating the immigration law, and postponement of the hearing in the case until four days after his scheduled meeting with Harry Wills, September 11, were the outstanding developments today in the deportation proceedings instituted by Canon William Sheafe Chase of Brooklyn.

There was a broad grin on the Argentine's face as he stepped off the Ellis Island ferry, free again, after his attorney, Hyman Bushel, has deposited \$1,000 in Liberty bonds with the immigration officials. He reasserted his innocence of the two charges brought against him and said he was more worried over protecting the name of the woman in the case than he is over his own predicament.

After returning to New York, Firpo conferred with Tex Rickard at Madison Square Garden. Rickard and Firpo agreed that the giant Argentine should conduct his future training bouts in Madison Square Garden.

Attend Police Games. After the conference, Firpo, his attorney, and his interpreter went direct to the police field games at the Jamaica race track where they were given an ovation by the 20,000 spectators.

The Argentine was conducted to Police Commissioner Richard E. Enright's private box and introduced to all the occupants. The commissioner on meeting Firpo, extended his hand and said: "Good luck to you, sir. I hope you will win all your battles, including the one against the canon. We are happy to welcome to these exhibitions a first class fighting man from a wonderful country."

Bernard Sandler, attorney for the New York Civic League, which is supporting its president, Canon Chase, sent a telegram to President Coolidge calling upon him to direct Commissioner Curran to revoke bail, and direct that the hearing be held immediately.

New York Shivers; Temperature Is 48

(By The Associated Press.) New York, Sept. 6.—A pre-autumn chill brought shivers to New Yorkers today, the coldest September 6 in the records of the local weather bureau.

The thermometer registered 48 at 6 o'clock and loomed on the job when it came to climbing up. The next best September 6 low mark in the official records was established in 1876, when the thermometer hit 51. A steady northwest breeze which set in last night was held responsible by the weather bureau.

Volunteer Firemen Fight Forest Fire

(By The Associated Press.) Lead, S. D., Sept. 6.—A forest fire, fanned by a stiff wind, was raging midway between this city and Sturgis, South Dakota. Seventy-five volunteer firemen who have been fighting the blaze since late yesterday were reinforced by 65 soldiers from Fort Meade.

Marx Halts Issue of Proclamation

(By The Associated Press.) London, Sept. 6.—Reuter's Geneva correspondent says that owing to representations from the French government, Chancellor Marx is reported to have abandoned world wide issue of the proclamation sent out August 29 in the name of the German government repudiating Germany's previous admission of responsibility for the war.

HEN "FISH" STORY

Magnolia, Ark.—This isn't a fish story. It's a hen story. A hen on a farm owned by J. R. Griffin, near Bussey, stole her nest and hatched a brood of chickens in a hollow tree 25 feet from the ground. She was not discovered until she hatched her brood when she was brought down by one of the farm hands.

UPHOLD IDEALS OF COUNTRY, IS COOLIDGE PLEA

SPEAKS AT DEDICATION OF STATUE AT BALTIMORE.

(By The Associated Press.) Baltimore, Sept. 6.—Dedicating a monument to LaFayette "a true son of world freedom" here today, President Coolidge warned against a "deliberate and determined move to break down the guarantees of our fundamental laws" and called upon the American people to decide now "whether America will allow herself to be degraded into a communistic and socialistic state."

The president mentioned no names in the movement he saw to switch the power of the supreme court to congress but he declared such action must be stopped "before it is begun."

"The time for Americans to range themselves firmly, squarely and uncompromisingly behind American ideals is now," he declared. "Those who want to continue to enjoy the high estate of American citizenship will resist all attempts to encroach upon their liberties by encroaching upon the power of the courts."

Message Well Received. The message, delivered from the base of a monument to George Washington and facing the equestrian statue of LaFayette, was received with enthusiasm by the LaFayette-Marne Day celebrators who also gave a warm reception to Mr. Coolidge's plea for abolishment of war hatreds and service in the foreign relations of this country.

Recalling that LaFayette had "fought to establish American independence" the president declared this country had "kept clear from political entanglements with other countries" but at the same time had dedicated itself "to peace through honorable and disinterested relations with the other people of the earth."

Farewell Message Is Sent Veterans by Gen. Pershing

(By The Associated Press.) Washington, Sept. 6.—Assuring the disabled former service men that while "I must bid you adieu, you may feel assured that your interests and welfare shall always be close to my heart," General Pershing today sent a farewell message to the Disabled American Veterans.

The message follows: "To the Disabled American Veterans: "As you all perhaps know, on the 13th of this month I am to retire from active service in the army. I cannot do this, however, without expressing to you once more my deep appreciation of the great sacrifices which you made in the world war. Your indomitable courage and will made possible the brilliant victories achieved by our army, and your deeds will live forever as a record of your devotion to the ideals upon which our nation is founded."

"While as your former commander in chief, I must bid you adieu, you may feel assured that your interests and welfare shall always be close to my heart in civil life as they have in the past."

"With my best wishes and affectionate regards, I remain, as always, "Cordially yours, "John J. Pershing."

Spanish Chieftains on Way to Morocco

(By The Associated Press.) Algiers, Spain, Sept. 6.—General Primo Rivera, premier and head of the Spanish military directorate, embarked this afternoon on board the Spanish warship Extremadura for Morocco. He was accompanied by Generals Jordana, Musiera and Rodriguez Pedro, members of the military directorate.

The burial grounds of China have always been held sacred, not to be disturbed under any circumstances. The result is that one-twentieth of the country is now occupied by graves. The problem is assuming serious proportions.

SPEED VICTIM

Lieutenant Alex Pearson, army ace, shot through the skies like a comet, making a new speed record. His plane was doing 265 miles an hour. Then something happened. Plane and pilot crashed to the ground. Pearson was dead when brother aviators reached him. He was testing a racer at McCook Field, Dayton, Ohio.

In these months Lieutenant Lowell H. Smith, commander of the flight, with Lieutenant Leslie H. Arnold, in the flag plane Chicago, and Lieutenant Eric Nelson, with his mechanic, Lieutenant John Harding, Jr., in the plane New Orleans, have flown 23,000 miles. The flight, taking them from America's west coast around the world, through the tropics and the far north to the American east coast, was regarded by army officials as having virtually attained today its object, the circumnavigation of the globe by air—for the first time in human history.

PRINCE ATTENDS BELMONT RACES

Curious Crowds Lacking For First Time Since Arrival In U. S.

(By The Associated Press.) Syosset, N. Y., Sept. 6.—The Prince of Wales today had one of the quiet undisturbed times he has sought, some times in vain, since his arrival on Long Island, though he spent two hours this afternoon watching the races at Belmont Park, much of the time in full view of the grandstand. He traversed again the same space between boxes and paddock where on Labor Day he was surrounded by a large and insistent crowd which pressed uncomfortably about him. But today he was followed by only a small number of curious, and they kept at a respectful distance.

Though the grounds of the Meadowbrook Club were adjudged too wet for the international polo matches, the prince himself got in another game today, arising about 11 o'clock and mounting his pony on the fields at noon.

Watches Races Closely. Arriving at Belmont Park just before the second race, His Highness stood in the infield accompanied only by Major E. D. Metcalfe, his equestrian; Colonel C. E. C. G. Charlton, military attaché of the British embassy, four secret service men and five newspaper correspondents. He watched Mrs. Payne Whitney's Damask win a steeplechase from Duettiste, Mr. J. E. Widener's entry. As the horses rounded the turn, a guard yelled "get over there if you don't want to get hurt" and the prince's party moved further away from a hurdle.

As the animals moved around the track His Highness raised his field glasses and watched intently. The prince wore the same brown gray checked suit he wore at Belmont Park on Monday, a light gray hat of heavy felt turned down on the left side, brown suede shoes and a square silver wrist watch attached to a black leather band.

There was no demonstration upon the prince's arrival or at any time during his stay at the park.

GREAT GREEN UPON

ESCORTING FOLLOW BOSTON

(By The Associated Press.) Boston, Sept. 6.—Airmen entered today upon the last stage of their journey to the world by airplane when they arrived in Boston, their first objective on the Atlantic coast of the United States. The three big cruiser planes, completing a 125 mile jump from Mers Point, where they were forced down by fog yesterday, dropped their moorings in Boston Harbor five months, to a day after the fliers hopped northward from Seattle in April.

In these months Lieutenant Lowell H. Smith, commander of the flight, with Lieutenant Leslie H. Arnold, in the flag plane Chicago, and Lieutenant Eric Nelson, with his mechanic, Lieutenant John Harding, Jr., in the plane New Orleans, have flown 23,000 miles. The flight, taking them from America's west coast around the world, through the tropics and the far north to the American east coast, was regarded by army officials as having virtually attained today its object, the circumnavigation of the globe by air—for the first time in human history.

These remains now only the trans-continental journey, no longer accounted a remarkable feat in aviation.

Those five months, too, have seen mishaps. Of the four planes that hopped off, only two reached Boston. The original flag plane was wrecked in a crash against a mountain in Alaska in a fog. Her crew escaped. Another plane, the Boston, was wrecked when engine trouble forced it down in the Atlantic between Scotland and Iceland. Lieutenant Leigh Wade, pilot, and Lieutenant A. M. Ogden, mechanic, resumed the flight in the Boston II from Pictou, N. S.

Today a great throng at the Boston airport and a delegation of high ranking army, navy and civil officials rendered tribute to the arriving airmen. The fliers were greeted with the national salute of 21 guns, customarily accorded only to presidents and to the rulers of foreign powers. Harbor and city joined in a pandemonium of shrieking whistles, ringing bells and roaring sirens as the planes, escorted by 12 land flying machines, circled the harbor and as the aviators after alighting were taken to the reception barge.

Then the great crowd of 5,000 at the airport stood uncovered as the national anthem of Home Sweet Home was played.

Records Broken. The fliers who landed at the Maine coast by state air service, a party of War 12 planes, in advance of the court made the spearhead for higher than planes.

### European Trade Revival Means Active Competition With U.S.

Babson Park, Mass., Sept. 6.—The negotiations on the Dawes plan have brought European business conditions to the fore again and many business men and investors are wondering how a revival of trade in Europe will affect our own markets.

Europe in the year following the Reparations settlement. Just how long this will continue and to what extent it may go depends upon the success which those countries have in restoring a balanced condition of trade and industry.

"There is no doubt but what the Reparations dispute is and has been one of the chief obstacles to business recovery in Europe," says the statistician.

"We should not, however, lose sight of the fact that conditions in Europe are far too serious to be immediately adjusted. We have seen in the United States the hindrance to business activity which come from a lack of balance in the commodity market.

"If you would estimate the effect of this competition in any specific line of industry, examine the labor cost of that industry as compared with its material and other operating costs. Europe will have the advantage of cheap labor and will compete keenly in lines where labor represents a large factor in production expense.

"We have the same thing on an international scale in Europe. Nations cannot trade freely with each other unless there is a fairly close adherence to a common standard of production costs. This is exactly what does not exist in Europe today.

"If I were to list European countries, especially those which were engaged in the World War, according to their present condition and fitness in trade, I should undoubtedly place Italy first.

Next would come Germany and Belgium, then France and last of all England. If this order is correct, it is worth the scrutiny of everybody who is interested in international conditions.

"This situation is important to us in the United States not only from a Christian or ethical standpoint; but also because of what it means to business in the United States. There will undoubtedly be considerable buying of raw materials, food stuffs, etc., in the United States by Continental

"The Babson chart shows that business in the United States is gradually getting back on a sound basis—it now stands at 11% below normal—and there is no doubt that within a few years the European situation will again regain its commercial balance and we will be able to carry on international trade to mutual advantage.

### TIGHT PLAY IS TOURNEY RULE

Four Matches Go Limit at Country Club Course Yesterday.

Four close matches and many upsets in local golfing dope, marked the opening of play in the annual championship tournament of the Escanaba Golf Club yesterday.

After playing Dr. W. B. Boyce, former club champion, on an even basis for 18 holes, A. H. Groesbeck lost to the former champion at the nineteenth hole by a single stroke.

All of the dope at the course had favored Boyce for an easy victory over his opponent and when Groesbeck came down the fairway to the eighteenth green with Boyce one down, the match became the center of interest.

Groesbeck had laid his second shot at the foot of the hill, below the club house green and appeared to have an easy chance for a three on the green. Boyce was a little short of the summit of the hill for his third shot but Groesbeck overshoot the green on his effort and in attempting to re-mount the hill, lost three shots, allowing Boyce to take the hole and even the play.

On the extra hole Boyce took the honor by a single stroke.

Another of the close matches of the day settled at the eighteenth hole was that between J. E. Byrns and Claude Farrell, when the former won by a single stroke.

Both played air-tight golf for the entire match and it was not until Byrns sank a beautiful putt that the match was finally won.

Smith Defeats Sullivan. The fourth close match was that recorded when W. R. Smith and Guy H. Sullivan played on an even basis for 17 holes and Mr. Smith won at the eighteenth by a single stroke.

Other tournament matches resulted as follows: George M. Mashek defeated L. J. Jacobs, 4 up and 3 to play; H. H. Shepeck defeated J. R. Andrews, 2 up and 1 to play; Donald Boyce defeated B. P. Patterson, 7 up and 6 to play, and J. E. Mogan defeated Max Kurz, 8 up and 6 to play.

"Bebe Daniels' work in 'Monsieur Beaucaire' should bring her deserved stardom." "Recommended to moviegoers and to movie makers as an example of something right in the movies."

"A superior production. In every respect a highly worthy photodrama." "The perfect lover in a perfect picture."

"Packed the monstrous playhouse at each performance." "By opening time the theatre was filled and through the afternoon standing room became a valuable commodity."

"Triumph both for Famous Players and for Valentino. Bebe Daniels neck and neck with Rudy." "Finest production of its type we have seen. A picture which should not be missed by anybody."

"Settings as flashing as a jeweler's window at Christmas. For sheer pictorial beauty 'Beaucaire' has never been surpassed."

"A lovely, graceful picture. One of the finest I have ever seen."

This picture has my personal guarantee—L. J. JACOBS, Manager.

**HENRY PATIENT.**  
Funeral services for Henry Patient were held at 9 o'clock Saturday morning at Holy Family church at Flat Rock. Rev. Fr. F. Geynet was celebrant at the requiem high mass. Burial was in the family lot in Flat Rock cemetery.

The out of town relatives who attended the funeral were Mrs. Alec Parent, Iron Mountain; Mrs. Arthur Duval, Iron Mountain; Adolor and George Patient, of Northland.

**MRS. PHIL PEPIN.**  
Mrs. A. J. Pepin, 409 South 8th St., received a telegram yesterday announcing the death of her sister-in-law, Mrs. Phil Pepin of Green Bay, formerly Miss Anna Pidgeon of this city. Funeral services will be conducted Tuesday morning, at 9:00 o'clock at Green Bay. Mrs. Pepin and daughter, Marie, will attend the services.

**KEEP YOUR CHECKS.**  
A school-teacher had found her class of boys reluctant in their writing of English compositions. At last she conceived a great idea to stimulate their interest—to write an account of a ball game.

It seemed that she was successful. With one exception, the boys threw themselves at the task and evolved youthful masterpieces. The backward one chewed reluctantly at his pen and was then struck by a burst of genius. When the teacher opened his paper it read:  
"Rain—No Game."

**GOOD MANNERS**

Trays for men visitors are rare, but when ordered are carried up and into the room by the valet or butler. If there are no men servants, the waitress has to carry up the tray.

**HOLY NAME TO HOLD RALLY IN THE CITY TODAY**

**Large Gathering of Men to Take Part In Services**

The program of the Holy Name Rally to be held in this city today, will begin when all members of the Holy Name Societies of St. Anne's, St. Joseph's and St. Patrick's parishes will receive Holy Communion in a body at their various parishes. In the afternoon visiting members of the order from Gladstone, Rapid River, Trenary, Perkins and Flat Rock will join in the celebration which marks the 65th anniversary of the Holy Name Society.

The visiting societies will meet at St. Anne's hall with the members of St. Anne's branch of the Holy Name Society, St. Joseph's members will meet at their hall, and St. Patrick's members at St. Patrick's hall.

The parade will then go to First Ave. South, then to 14th street to St. Francis hospital where the sermon will be delivered from the balcony by the Rev. Fr. Daniel Linfert, of St. Joseph's parish. The Solemn Benediction of the Blessed Sacrament will be given from the balcony with the crowd gathered outside on the lawn. No cars are to be parked on 13th street where pedestrians will enter from the front gate.

The public is cordially invited to attend the ceremony which is one of the most impressive ever held in this city.

The parade will form at 2:45 o'clock and the ceremonies at the hospital will be at 3 o'clock.

**WAVE CATCHES CROWD**  
Southsea, England.—Hundreds of persons at Southsea Beach were thoroughly drenched when a huge wave produced by the passing of two trans-Atlantic liners swept upon the shore. The Berengaria and the Majestic were passing each other off the Isle of Wight, and the wash set up by their combined motion rolled like a tidal wave on the lower end of the beach.

**SUICIDE IN SLEEP**  
Bangor, England.—M. Thornton Jones, a solicitor, cut his throat in his sleep and died 80 minutes later. "I dreamt that I had done it," he wrote in a moment of consciousness. "I awoke to find it true." A verdict of suicide while temporarily insane was returned.

**PICNIC IN PATROLS**  
Vienna.—Patrol wagons of the Vienna police department were commandeered for a picnic of city employees. City officials rode in the wagons in the order of their rank. Meanwhile policemen on duty were forced to take their prisoners to jail on foot.

What an astounding change has come to pass in pianos played by music roll and pedal! To bring yourself musically up-to-the-minute—investigate the REGISTERING Piano!

What an amazingly finer and altogether better quality of music you now can play because of this new-day Registering feature! To realize how completely this epoch-making idea has upset all your former opinions of instruments of this type—get acquainted with the Gulbransen.

Keys pressed down, as in hand-playing—not hooked down, as in yesterday's player-pianos. That's what the Gulbransen Registering feature does! It registers your exact "touch" on each note. You can graduate each note's shading, not merely play it loudly or softly.

With such direct and perfect control as the Gulbransen gives of each and every note on the keyboard, you can regulate the tone—separately, individually—exactly as the pianist does in professional concert playing!

Dedicatory services of the new First Baptist church will be held Sept. 14 at 2:30 o'clock. It has been formally announced.

The program for the service has not been completed, but it is expected that it will be made public early in the week.

Work on the church, which is to be one of the most modern and best equipped in the city, has been in progress for several months. The dedicatory service will be participated in by the pastors and leaders of most of the other denominations of the city.

79 Absent Voters' Ballots Are Filed

Seventy-nine absent voters' ballots have been filed at the office of City Clerk Carl E. Anderson when his office closed last night. About 70 additional ballots are in the mails and most of them probably will be in the mails by Tuesday morning, the day of the primary election. The city clerk's office will not be open for voting today, but the voting booth there is expected to be a busy place Monday. A large number of railroad men and others whose work will take them out of town on Tuesday, undoubtedly will cast sealed ballots before departing from the city.

Dr. William LeMire - For - CONGRESS

It is represented through paid advertisements by half of the present Congressman from the Eleventh Congressional District, that there have been no reasons given why he should be retired, and such statements refer to his opponents as mere "Ambitious Politicians" seeking self advancement, and it is further intimated that they represent special interests.

It must be that the special interests referred to are the Laboring Classes and the Farmers. There are many reasons why the present congressman should be retired and it is for these reasons that Dr. LeMire is a candidate, not through his self-seeking, but his candidacy represents the average voter—Laborer, Farmer and fair minded Business Man—throughout the district.

In the first place, not a single thing has been pointed to or can be pointed to that our present Congressman has accomplished for this Congressional District since he has held the office. He has been unable even to secure public improvements needed in different parts of the district. If he has accomplished one thing for this district since he has been congressman, it has not been pointed out or referred to.

Organized labor is opposing his candidacy as a unit, because he has opposed nearly all of the important legislation advocated by them. He is solidly opposed by the farming interests because he opposed every measure advocated and brought before Congress by the Farming interests, whether that interest was known by "Farm Bloc" or otherwise.

To appeal for votes through any promise to reduce taxation has no weight because any candidate who might be elected would naturally do what he can towards that end. Dr. LeMire's candidacy is based upon promises to support every measure beneficial to this district. He does not represent any clique or class. Any plan to reduce taxation by any administration will receive support from Dr. LeMire. Also that he will not doze any bills.

To the Voters of Delta County:

I wish through the medium of the press to formally announce my candidacy for the nomination on the Republican ticket for the office of Prosecuting Attorney. I feel that the office of Prosecuting Attorney is one of the most important administrative and judicial offices of the county, and that the Prosecutor should be the directing head of the law enforcement machinery of the county. If nominated and elected I shall use my best efforts to perform the duties of that office, as the constitution and laws of the State of Michigan intend that they should be performed. Particularly, I believe that persons accused of violating the law, should be given an opportunity to have their cases tried in the local circuit court where they have an opportunity to have a fair trial. I do not believe that violators of the law should be put to the prohibitive expense of defending themselves in a court long distant from their residence in Delta County. I also believe that the office of Prosecutor should be made self-sustaining, and if convicted men are to be fined, they should be fined in our local courts and the money kept at home. I earnestly solicit the support of all voters who wish to see the office of Prosecuting Attorney filled in an efficient and proper manner.

Pure Political Propaganda

Although it is reported in some localities that Congressman Frank D. Scott is opposed and hostile to labor, it can be readily seen on the face of it that this is pure political propaganda, put out by candidates seeking the office in the hope of swaying some of the labor votes away from Frank Scott, whom the American Federation of Labor, after going over his record in detail, openly says, that he voted in FAVOR of labor on ninety-six (96) percent of the issues. There are those voters who will be swayed by statements of unknown politicians seeking to gather strength at the expense of the laboring class, but for the most part, however, labor realizes that a man whom the American Federation of Labor says has voted RIGHT 96 per cent of the time, must be friendly and have at heart a square deal for all classes. For this reason labor will not act rashly and turn to unknown candidates who promise everything in the hope of getting a job in Congress.

When the 11th district has a Congressman who votes in favor of labor 96 percent of the time, would it be practical to make a change and substitute men who admit political ambitions? Of course it isn't practical and it isn't even to be expected that laboring men and women who have known Frank Scott for many years and know that he voted as they wanted him to on measures of extreme importance to the laboring class, will switch their vote because of the profuse promises of candidates who openly admit they have no reasons why Scott should not be returned to Congress other than the one in which they declare he should not go because they themselves want the job. Again the question, is it practical?

When you go to the polls Tuesday to cast your ballot, vote for a man whom the American Federation of Labor openly says has voted as labor wanted him to on 96 percent of the important labor measures. This man is Frank D. Scott, your present Congressman. You KNOW how he stands.

## EIGHTH INNING RALLY FAILURE

### Cleveland Makes Use Of Six Pinch Hitters To No Avail.

(By The Associated Press.)  
 Detroit, Sept. 6.—An eighth inning Cleveland rally of four runs was one short of enough to win and Detroit took the third straight game from Cleveland today, 5 to 4. Dutch Leonard, pitching before a home crowd for the first time since 1922, was in shutout form until his collapse in the eighth. Daus relieved him and, although he had the bases filled in the ninth, prevented further scoring. Cleveland used six pinch hitters. Score:

## Pittsburgh Takes Double from Cards

(By The Associated Press.)  
 Pittsburgh, Sept. 6.—The Pirates took both ends of a double header from St. Louis today, 5 to 2, and 12 to 5, in the closing games of the series. The first game was a duel between Yde and Stuart, but the second game saw six pitchers in action. Meadows was retired in the middle of the third inning and Pfeiffer, who succeeded him, held the Cardinals ruffless for the balance of the game. Haines, who opened the game for St. Louis, was taken out in the first inning, but his withdrawal did not stop the Pirates' batting streak. Cuyler hit a home run in the first game and Marabville hit a circuit drive in the second. Score:

## Yanks Find Mack Pitchers for 15 Hits; Win 10 to 7

(By The Associated Press.)  
 New York, Sept. 6.—The New York Americans defeated Philadelphia in the second game of the series here today, 10 to 7, getting 15 hits for 31 bases off Heimach, Mecker and Hasty. Dugan hit a triple, double and two singles; Mousal a home run, triple and a single, and Ruth a home run, double and single. It was Ruth's 43rd home run of the season, while Hauser hit his 24th for Philadelphia. Philadelphia knocked out Pennock in the third inning, but could do little with Hall, the Yankee recruit, who struck out ten men in his seven innings. Schang injured a finger with a foul tip, and had to retire.

## William Mehlhorn of St. Louis Is Winner of Title

(By The Associated Press.)  
 Chicago, Sept. 6.—Outstripping his nearest competitor by eight strokes, William Mehlhorn, St. Louis, today won the western open championship at Calumet Country Club with a score of 293, five over par for the four circuits of the 6,614 yard links.  
 Al Watrous, of Grand Rapids, finished in second place with 301, while Chick Evans took third honors with 302, and Eddie Held, of St. Louis, another amateur, was next with 303.  
 These were the only two amateurs to finish among the prize winners and both at times had fine chances to win the title. Evans threw away his opportunity this morning when he got enmeshed in a creek at the third hole and took eight strokes, and again got lost in the woods on the seventh hole, taking six strokes. He had a chance to tie for second place by sinking his last putt of thirty feet which bobbed the cup but refused to stay in.  
 Held dropped his chance for top honors on the first nine of his last round where he took 42 strokes, finishing with a 79, the worst score he has made during the tournament.  
 Flint Mich. Sept. 6.—Flint and Bay City will begin the play-off series for the Mint League baseball championship next Wednesday, according to plans arranged this evening at Saginaw in a conference attended by Thomas J. Halligan, president of the league; Walter I. Foss, president of Bay City, and Harry Dayton, sports editor of the Flint Journal, representing the Flint club.  
 The first two games were allotted to Flint and will be played Wednesday and Friday, there being an off day Thursday. The next two games will be played at Bay City on Saturday and Sunday. These same officials will meet at the Bancroft Hotel, Saginaw, on Monday to definitely arrange for the other games, to draw up extended contracts and other documents relative to the series.  
 Bay City definitely came into the second half season championship by beating Saginaw today 3 to 1, while Hamilton was winning and losing against London, 5 to 0, and 5 to 1. Bay City's victory would have gained the honors even though Hamilton had won both games from London, for the Wolves would have had to drop one of the two remaining games and Hamilton will twice in order for an upset.  
 The Canadian clubs thereby closed their season today, whereas Bay City at Saginaw, Flint at Kalamazoo, and Grand Rapids and Muskegon will bring the hectic 1932 season to an end Sunday.  
 Since Flint won the first half title four star players have been cited. For that reason it is believed that Bay City will rule favorite, as the club is unchanged in two seasons of play.

## ELIMINATES HOUSEHOLD DRUDGERY

Savoy, Ill.—Illinois claims the leading exponent of "household engineering" in Mrs. Henry M. Dunlap of Savoy.  
 Her home is said to have no superior as a model of convenience, labor saving and elimination of household drudgery.  
 Kitchen, dining room, laundry, in fact, every portion of the house, have been given close attention in order to carry out her principles of convenience and saving of strength and work.  
 Changing the plebian task of dishwashing, regarded by women as the most disagreeable task of housekeeping, to a pleasure, is part of Mrs. Dunlap's program. In this connection she has campaigned all over the state with the Illinois Farmers' Institute and Household Science departments.  
 "In my work over the state," she says, "I believe I have heard more complaints against the three-times-a-day duty of dishwashing than any of the numerous tasks of home making. I've never heard a woman or young girl say she likes to wash dishes."  
 Six Steps.  
 "But I believe that as we grow in our profession of home making and study of household engineering, much of the drudgery will be overcome."  
 Mrs. Dunlap says there are six steps in dishwashing—scrapping, stacking, washing, rinsing, drying and laying away. Each step, she says, should be studied to know the right tools to use, that the work may be performed most quickly and with minimum effort.  
 "A different arrangement as to location of stove, sink and table space and their relation to the dining room," she declares, "often will remove much of the drudgery."  
 "Very few of our homes, unfortunately, are built to save steps, and the average architect is criminal in his lack of knowledge as to woman's needs in performance of her household tasks. Too long have women abided by man's inhuman architecture."  
 Table Space.  
 "If housewives do not have table space to meet the needs of their daily dishwashing, they should, in some way, get it. They should put up shelves if no floor space is available, or take a common table and place casters under it and make it adjustable to any place where that table space is needed."

## Bill Johnson Lets Munising Team Down With Four Hits.

Gladstone, Sept. 6 (Special).—Knapp's home run in the first inning, scoring Gervais ahead of him, sewed up today's game between Gladstone and Munising, which did not score until the ninth when Boyak, Feeny, took third on a single and scored on a perfectly executed double steal.  
 The game was the fastest played here this year, requiring only 1 hour and 25 minutes. Johnson breezed along in great style, pitching only five balls, 4/10 on the big pitcher also got three hits, one a triple, in three trips to the plate. Gladstone scored an additional run in the second. Kircher singled and romped home on Johnson's three-bagger. In the seventh Johnson singled, took second on a blow by Tom Desilets, third on a sacrifice and scored on an error by Smith.  
 Gladstone plays Marquette Sunday.

## Dodgers' Winning Streak Is Broken

(By The Associated Press.)  
 Boston, Sept. 6.—Brooklyn's winning streak which reached 15 straight games with the defeat of Boston, 1 to 0, in the first game this afternoon, was broken in the second game which Boston won, 4 to 1, in ten innings. It was the twelfth game of the week for Brooklyn. The first game was a remarkable pitching duel between Cooney and Doak.  
 Brooklyn's successive victories comprised two games from St. Louis, three from New York, six from Philadelphia and four from Boston.  
 Between games the Winthrop Lodge of Elks with the help of President Christy Mathewson of the Braves, unveiled a bronze memorial tablet to the memory of Norman Doxie (Tony) Boeckel, Boston third baseman who died last winter as the result of an automobile accident.

## Shocker Wins Pair of Games from Sox

Chicago, Sept. 6.—Urban Shocker, veteran spitball pitcher of the St. Louis Browns, accomplished the unusual feat of winning two games in one day when he beat the White Sox twice today by pitching both games as a double header. The Browns won the first game, 6 to 2, and then took the second by the same count. Faber was the victim in the first, though he retired in the seventh and Connally finished.  
 First Game:  
 St. Louis 000 003 030—6 12 2  
 Chicago 000 001 100—2 9 3

## Cincinnati Breaks Into 1st Division

(By The Associated Press.)  
 Cincinnati, Sept. 6.—Cincinnati broke into the first division for the first time since June 22 by taking a ragged game from Chicago today, 7 to 6. Keen was knocked out of the box in the fourth inning and Blake was hit freely. The Cubs came near tying the score off Benton in the eighth but Sheehan stopped the rally.

# GIANTS SPLIT DOUBLE WITH PHILADELPHIA

## (By The Associated Press.) Philadelphia, Sept. 6.—Philadelphia split even with the Giants today, winning the first game 8 to 7 in ten innings and losing the second 16 to 14.

Philadelphia got away to a good lead in the second game but the Giants' sixth inning gave them too strong a lead. A triple play engineered by Frisch in the ninth inning put a sudden halt to a threatening Philadelphia rally. Frisch caught Pinch Hitter Schultz' line drive, tagged second, catching Mogan and threw to first to nip Williams. Scores:

## Senators Hold Their Lead on Yanks by Win

(By The Associated Press.)  
 Washington, Sept. 6.—The Senators had little difficulty today in taking the second game of the series with the Boston Red Sox, 8 to 2. Although Mogridge was touched for eleven hits, he kept them widely scattered and was never in serious trouble. Third Baseman Bluege was hit by a pitched ball in the seventh and was taken out by Manager Harris.  
 The young pilot of the Washington club was presented with a solid gold, diamond studded baseball by a group of Washington admirers when he came to bat in the first inning. He proceeded then to smash a screaming triple to center scoring McNeely.

# MRS. HURD WINS WOMAN'S TITLE

## (By The Associated Press.) Nyatt, R. L., Sept. 6.—Mrs. Dorothy Campbell Hurd, of Philadelphia, today became queen of the American links for the third time, defeating Miss Mary K. Browne, of Santa Monica, Cal., former tennis champion, whose progress in her first national golf tournament has been amazing.

The score in the 36-hole final round was 7 an 6, yet this decisive defeat leaves some glory for the woman from the Pacific coast. She progressed farther in her effort to win the golf title than many competitors have in years of effort. Experience of a veteran of the links, who earlier in life held three national championships in one year—American, Canadian and British—told against the novice, who learned golf only a few years ago after winning many tennis titles.  
 Out-driving the heavy hitting Mrs. Hurd frequently and usually putting as well, Miss Browne could not play well enough thru the greens, that is, toward the hole, to get the best of her.

Miss Browne advanced to the final round by taking advantage of the mistakes of more expert and experienced opponents, including the remarkable Glenna Collett, whom she eliminated in an extra-hole semi-final match. Mrs. Hurd noticed how Miss Browne had won her previous matches and left almost no openings today. In fact, she turned the tables in this respect. When Miss Browne seemed to have an opportunity to get uncomfortably close in the way of holes won, Mrs. Hurd would usually sink a long putt or lay a chip dead for a half at least.

Miss Browne was one up after playing two holes and immediately lost this lead, never to have it again. At the turn in the morning round Mrs. Hurd was two holes to the good, having gone out in the excellent medal of 41, as good as any player has done in a match in the tournament.  
 Miss Browne took 44 and shortly after the turn began to exhibit a very inferior brand of golf through the green. She was five down after playing the morning. A medal score of 91 would be giving her the best of it for she picked up at five holes. Mrs. Hurd's was 81 and in an 18 hole match she would have won six and five.

## YOUNGMEN NEAR END OF CARD

The Escanaba baseball club will clash with Negauge at South Park this afternoon. It will be next to the last game on the local lot this season unless other games are booked by the management. The season will close next Sunday in a game with Ishpeming.  
 It is up to the fans and the decision must be made at once.

## PRO FOOTBALL IN ESCANABA UP TO FANS

Meeting Wednesday Night Will Tell The Tale  
 Whether Escanaba will have a professional football team this season will depend solely and entirely upon the attitude displayed by local fans within the next two or three days, it was made known yesterday at Legion headquarters.  
 A meeting will be held at the city hall Wednesday night. If a sufficient number of fans attend that meeting and assure the promoters that the team will be supported financially and morally, immediate steps will be taken to get the organization under way. On the other hand, if such backing is not pledged at the meeting, all thought of putting a team in the field will be dropped.  
 The Escanaba team has lost but one game of football in two years. Fans have been given a high class brand of the sport, and the players have virtually donated their services, even playing last season without accident insurance. They were paid, at the close of the schedule by dividing the net receipts, each player getting something less than \$12.

SHEEP TO STAR AT DELTA FAIR

Big Entry List Expected By Secretary Kraus

A sheep show emphasizing both wool and mutton breeds will be one of the many educational features of the coming Northern Michigan Fair at Escanaba, Sept. 16-19.

The fair management believes that the exhibit of sheep by the leading breeders will not only interest many visitors in going into sheep-raising but will put farmers who own flocks in personal touch with breeders from whom a few animals can be bought for foundation stock.

"MISS CUMBERLAND"—Whether she takes the Atlantic City beauty prize, Miss Gretchen Carney would seem to deserve selection as a lovely daughter of the South. She was chosen to represent Cumberland, Md. No, she has not bobbed her hair.

ROCKEFELLERS RETURN—Mrs. John D. Rockefeller, Jr., and her speeding daughter, Miss Abby, returning from Europe. The daughter probably will be immediately subpoenaed in an investigation concerning her rapid automobile driving, for which she was twice arrested before her sudden departure for Europe.

WED "MYSTIC CULT" DISCIPLE—Mrs. Barbara Rutherford Hatch, daughter of Mrs. William K. Vanderbilt, who started the exclusive "400" circles by marrying Winfield Nichols, a disciple and attendant of Pierre Bernard who has become known as Tantrik. Bernard, said to have once been a barber, is reported to have gathered into his meetings members of exclusive and wealthy circles and to have amassed a fortune. He ran afoul the police a dozen years ago after neighbors had complained of "golms on" but was dismissed for lack of evidence. He appeared some time ago as head of the Brae Burn Country Club, near Nyack, N. Y., where a new "mystic cult" was rumored as having been started.

THE CAPITAL'S CHOICE—Helen G. Sweeney will represent the city of Washington in the Atlantic City bathing beauty pageant. And she doesn't wear her hair bobbed, either.

THE KIND OF GIRL FOR YOU—Mrs. Herbert Sheets, of Quinton, N. J., who has been baking bread in this pan and stove since Washington's Birthday in 1863 when her husband gave them to her as a bridal present. Cooking three meats a day, seven days a week, she has prepared 67,000 meals.

CHAMP STENO—Charles L. Swen, personal stenographer to the late President Wilson, won the international championship trophy in the National Shorthand Reporters' Association tests for the second consecutive year. He will retain it permanently if he wins it again next year.

LANDS IN OWN BACKYARD—Elmer Lyon, a passenger on an airplane ride at a summer resort near Marshfield, Mass., was landed in his own back yard when the ship fell out of control in a tall spin. Neither passenger nor pilot was injured.

WISER NOW—Josephine Gang, 16, has gone home to St. Joseph, Mich., a sadder and a wiser girl. For when the lake boat landed at Chicago, she learned her "husband," Harry Moran, was not a millionaire California furniture manufacturer, but a grocery clerk in South Haven, Mich. And then she was told he had stolen \$100 from his employer and that he had another wife, besides. They had been "married" after an acquaintanceship of just two weeks.

THOROUGH CAMPAIGN COMPLETE

City Attorney James C. Wood, candidate for congress in this district, has just completed a campaign of every county in the district, has just completed a most gratifying.

In answer to the propaganda circulated by certain candidates and appearing in their numerous newspaper advertisements, Mr. Wood states that he is not in this campaign for the purpose of aiding anyone but himself.

At the beginning of his campaign Mr. Wood announced the platform upon which he sought the support of the voters, and is the only candidate who has openly stated just where he stood on matters of interest to the electors.

The attempt upon the part of an opponent to underestimate the strength of Mr. Wood in the district is declared by him to be an old political trick and a subterfuge pure and simple, used for the purpose of misleading voters.

DEFENSE BAY PLANS ARE OUTLINED

Ring of the bell in the tower of the city hall to summon the citizens, as the pealing after Paul Revore's ride once called the minute men of the Revolution, will call the citizens of Gladstone at 7:30 o'clock Friday evening September 12, to gather in their observance of National Defense Day.

Plans for the local observance of the day were outlined Friday night at a meeting of the citizens' committee, City Manager F. R. Buschner, Commander Clifford Murker, Helmer Skogquist, John Watson and Captain Addison Alguire of the Officers' Reserve Corps.

While it has been recommended that September 12 be a half holiday, it is realized that a cessation of business activities generally will not be practicable or necessary, this being left to the individual, and the observance of Defense Day will be held in the evening in order to permit as many people as possible to attend.

Following the ringing of the bell summoning citizens, will be the singing of the national anthem. This will be followed by patriotic five minute talks by prominent speakers, from the balcony of the city hall, a unique feature, going back to the time when all public addresses and announcements were made from this balcony.

Plans were made at the meeting Friday night to give full and complete publicity on the purposes of Defense Day and in this connection the Gladstone clergymen will devote some time during this morning's services to the meaning of the day. Several speakers, including E. C. Dayton and Delbert Calder of the legion, will give talks at the Community and Lyric theatres Tuesday, Wednesday and Thursday evenings.

Defense Day is not a mobilization. It is simply a patriotic observance by citizens, headed by a citizens' committee, to take inventory of the present resources, available in case the country should be called upon to defend itself. It is a demonstration of plans for mobilization in communities in which this can be carried out.

In Gladstone, however, where there is no reserve officers' corps national guard or regular army post, there can obviously be no demonstration of the plans for mobilization but merely a patriotic observance of the day, and plans to this end are being completed.

Understand Preparedness. It is the object of the Defense Day observance that each community understand the contribution which it would be required to make to bear its share of the common burden which would be involved if a war of defense were necessary, as well as to go back to the community unit idea in force in the minute men during the revolution, but abandoned until recently, and Gladstone's observance will be a step in this direction.

Services Today At Usual Hour. Services at All Saints' church will be held at the regular hours this morning, changing from the hours in force during the vacation months. Low Mass will begin at 8 o'clock and High Mass will start at 10 o'clock.

Mr. and Mrs. Lau and son, Frank, who have been visiting Mr. and Mrs. John Campbell, have returned to their home at Detroit.

Leo Jacobs who has been visiting friends in Chicago has returned to his home here.

NO SLEEPING IN VICINITY OF MARQUETTE. The next time that Leslie D. Goddard, consulting engineer, is making a long trip and becomes too sleepy to go farther without a short nap, the side of the highway he stops on will not be Marquette.

Mr. Goddard was headed toward Gladstone yesterday morning and was outside of Marquette when, guarding against chances of falling asleep and running into the ditch, he stopped his machine for a short rest. He was awakened by officer, who after learning why he had stopped his car, demanded to know what was in the car. Mr. Goddard invited him to take a look.

After an inspection, Mr. Goddard proceeded on his way, devoutly thankful that surveying instruments have no resemblance to portable stills.

MILLARD AND BOWMAN WILL MEET TODAY

Stan Millard, Gladstone's pitching ace, will meet the formidable Bowman of the Marquette crew today on the local diamond when the two teams meet in the last Sunday afternoon home game of the season.

The Marquette-Gladstone clash this afternoon will figure in the upper peninsula league standings, and this with the fact that it will be a pitchers' battle worth seeing as well as the last Sunday game to be played here this season will bring out a crowd of fans that will pack the park.

Everything considered the last Sunday game promises to be a good battle and fans are promised some great ball. Ishpeming will play here Thursday evening in the final week day game of the year and the season will come to a close next Sunday with a Gladstone-Marquette game at Marquette.

Thomas Meighan in his new Paramount production, "The Confidence Man," which will be the feature at the Community theatre Monday and Tuesday is supported by an all-star cast that is all-star in every sense of the word.

Regular meeting of the Gladstone Child's Welfare Club will be held Monday evening at 8 o'clock in the rooms of the public library. This will be the first regular meeting since the annual meeting held several weeks ago and every member is requested to be in attendance.

DEFENSE DAY IN HOLIDAY

National Defense Day will be observed in Manistique Friday, September 12, jointly with other cities throughout the country. This announcement has been made by Mayor Erikson. A committee selected by the mayor will have charge of the observance and consist of heads of various active civic organizations. They are, Prosecuting Attorney Virgil Hixson, general chairman, assisted by Mrs. A. S. Putnam, Mrs. Fred Monroe, George Brasio and Wilfred Beaudoin.

Much information has been coming to the local committee from national headquarters regarding the holiday, and with this material available plans are being rapidly formulated. It is probable that special programs will be carried out in the public schools on that day. Complete plans will be announced in a day or two.

NOTICE TO TAXPAYERS.

# TOURNAMENT IS OPEN TO LADIES

Behold the host!  
Consider man's noble four-cornered equine friend!

Down through the centuries he has borne the burdens of the age and now he has been flung into near-obscure.

Now a greater danger threatens. All over this broad land the poor horse is being decimated by his foot-gear; countless hundreds of pleasure-seeking sons of toil are swiping his shoes.

Verily, "the horse runs around with his feet on the ground." And someone has had the temerity to dedicate a little sonful advice to him—"Horsey, Keep Your Tail Up."

**Gigantic Horseshoe Tourney.**  
All of which is by way of directing attention to the fact that the Northern Michigan Fair this year is to inaugurate a novelty in entertainment in the form of a horseshoe pitching tournament. It is indicated that it will be a regular by-gone of a tourney and that before the fair is over race horse owners will have to stable and padlock their stock to keep whole shoes upon their feet—the horse's feet.

The committee in charge of this tournament, headed by W. H. Needham as chairman, and P. J. Groos, as "supreme judge," is sparing no effort to make this first tournament highly instructive as well as entertaining. It is the hope of the committee and the fair management that this year's tournament will be highly educational and will spread the popularity of this good old sport to all parts of the country. Its revival all over the nation is amazing. Down south and on the Pacific coast, pitching horseshoes has swept winter resorters of their feet and more men and women are taking up the sport in every section of the country.

**Getting in Line.**  
That this wave of popularity should not miss Escanaba and Delta county, arrangements have been made for a great tournament during the last three afternoons of the Northern Michigan Fair.

For the men who participate, prizes of \$25, \$15, \$5 and a set of regulation horseshoes have been provided. A 35-foot course will also be prepared for the ladies and a \$5 prize is offered for the best score during the tourney.

**Small Entry Fee.**  
Tickets entitling entrants to cast 48 shoes will be sold for 25 cents. Competition is open to everyone. A player may play as many times as he desires—at the regular fee. The regulation course of 40 feet will be installed and there will be sufficient accommodations for as many players as enter. Nation Horseshoe Association rules will govern and

there will be a separate judge at each alley to do the scoring. Contestants will compete as individuals and not in teams. All disputed points will be referred to Judge Groos, who has taken part in Florida tournaments and general play for the past several winters and is perhaps the best posted man in this section as to conditions of play.

It's going to be a lot of fun and there will be ample opportunity for the demonstration of skill, judgment, good nerves and keen eyes. At some time in his life every man has "pitched horseshoes" but until some of the more expert players are assembled and in action, most men will not realize just how skillful the game can be made.

**Open to All.**  
There is every reason to believe that the space allotted to the horseshoe courses will be thronged with enthusiasts every afternoon. It will be something new—something different and something appealing to every man who ever twirled a shoe. It might be a good idea to get in a little practice in advance. Regulation shoes weigh two and one-half pounds and the course is 40 feet long. Try that on your horse fiddle and get ready for the big Northern Michigan Fair, opening Sept. 16th.

## REV. MERRILL LEAVING CITY

Popular Methodist Clergyman Has Resigned Pastorate Here.

The Rev. C. M. Merrill has resigned the pastorate of the First Methodist church here, and expects to move, this fall, to Southern Michigan. His next field will not be known until after the Detroit district assignments are announced at the annual conference at Saginaw next week.

The Rev. Merrill and Mrs. Merrill will leave Tuesday, by motor, for Saginaw to attend the conference.

During his four years as pastor of the First Methodist church, the Rev. Mr. Merrill has won widespread and deeply-rooted popularity among the people of all creeds and denominations in Escanaba. He has been active in many community affairs, and has many warm personal friends who will receive the news of his decision to leave this field with expressions of regret. His successor here will be named at the conference at Saginaw.

Vienna.—When four cats in Bohemia were bitten by a mad dog, police ordered the destruction of every cat within a radius of three miles. More than 2000 cats were collected, taken to the gas works, and asphyxiated together.

## SEE-SEE BUSY ON YEAR PLAN

Conference Of Members To Frame Program Of Activity.

Members of the Chamber of Commerce and directors of that organization will confer, next week, in 21 group meetings called to consider the Chamber's program of work for the ensuing year. Each director has the names of 45 members of the Chamber. He will call two meetings, asking about half of the men assigned to him, to meet with him. A separate meeting will be conducted for the women members.

Last year the yearly program was framed by means of questionnaires, sent out by mail. This year it is believed that a freer more exhaustive and livelier plan has been worked out. Members, meeting with the directors, will be urged to express their personal opinion as to Escanaba's needs, and a summary of these opinions will be used by the board in framing the program. The Chamber of Commerce believes in "planning its work and

working to a plan." Major planks in the program will be those most in demand as shown in the group meetings. Then every effort will be made to carry out these planks.

**Hope All Will Help.**  
Among the planks, written into the program by the membership last year, which have been carried out during the year just closing are: Public farm market, dairy development, advertising for Escanaba as a tourist center, moving the tourist camp nearer the city, and establishment of a city band. Other planks suggested, which have been only partly consummated, included extension of Ludington street, east, promotion of the Escanaba plan for distributing school interest funds, and attraction of new industries to this city.

It is hoped that every member of the Chamber of Commerce participates in the conferences to frame the new program, which O. I. Bandon, secretary, hopes to have completed within the next two weeks.

## Pythian Sisters Upper Peninsula State Officers

Mrs. Viola Greene, state officer for the Pythian Sisters, Mrs. Chas. O. Follo and Mrs. Effice Nelson, delegates, returned from Charlevoix, Mich., where they attended the state convention of the Pythian Sisters which was held there last week. At the election of state officers the upper peninsula ladies won two state offices. Mrs. Viola Greene was elected grand outer guard while Mrs. Louise Hibbard, of Ishpeming, was elected state press correspondent which is the office Mrs. Greene held for two terms.

The delegates report that the convention was a grand success and they were shown many courtesies by the lower peninsula members.

"You've bought your little boy a typewriter?" cried the neighbor.

"But he's only three. He can't possibly write on one."

"Oh, no," replied the doting mother. "But he's very musical. He just loves to hear the bell ring."

Your kind of a closed car—this True Blue Sedan

THE True Blue Oakland Sedan is built for people who know that the kind of a closed car they want cannot be built to sell at an open-car price.

It is built for those clear-thinking men and women who look straight through a "closed-car" label to the body that carries the label.

For people who want a car built to definite ideals of quality without any compromises.

This Sedan has style—sparkling, heart-warming, captivating style. It has a body structurally identical with the closed bodies of cars in the three thousand dollar class.

All Oakland bodies, closed or open, are built by Fisher to the same uncompromising standard of excellence.

This body is finished in Duco from top to bottom—a beautiful lustrous finish that will stay that way.

It has the new Fisher one-piece ventilating windshield—a life saver on suffocating days—rain proof in a cloudburst!

It has all the True Blue Oakland features of motor car enjoyment—a year in advance of its field in precision of manufacture, in performance, and in riding and driving comforts.

See it—ride in it—compare its performance—look at the workmanship. Oakland has built you your kind of a closed car—and is selling it at a very modest price.

## Tubular Axle For Four-Wheel

The Imperial

A new type of combustion chamber that burns all the gas and a new way of distributing the gas equally to all cylinders are two reasons why the Chrysler Six, with an engine only 3-inch bore by 4 1/4-inch stroke delivers 68 horsepower, top speed better than 70 miles an hour with gasoline economy safely 20 miles to the gallon. When you take your demonstration the performance will speak for itself. But don't forget to ask about the oil filter that automatically cleanses all the crankcase oil every 25 miles and the air-cleaner which passes none but clean air through the carburetor into the cylinders, two big economy factors that add to the life of the car and cut maintenance costs. Note, too, the special six-ply high-speed balloon tires on all models.

Chrysler engineers have done more than apply four-wheel brakes. They have designed the car to meet the torsional strain of front wheel brakes. That is one of the reasons why the front axle is of tubular design. In comparison with the conventional practice it shows these advantages: Twisting strains, 138% stronger; horizontal strains, 5 times stronger; up and down strains, 400% stronger; rigidity 34% greater.

The braking equipment is the Chrysler-Lockheed development of the hydraulic principle, guaranteeing automatic and permanent equalization. These four-wheel brakes and the Chrysler practice of mounting rear springs at right angles to the rear axle and close to and parallel to the wheels account in large measure for the superior driving and riding qualities of the car. There is no disturbing side-sway under any conditions and you can take a turn at 50 miles an hour without danger or discomfort. Book yourself for a ride and be sure to have these superiorities demonstrated.

## SMOOTH PERFORMANCE

A marked smoothness characterizes the performance of Dodge Brothers Motor Car.

In keeping with the policy of constant improvement, effective measures have been taken to minimize vibration. Applied to the body, engine, clutch, brakes, and other vital units, these refinements add immeasurably to the comfort of travel over boulevards and country roads.

The effect is so pronounced, in fact, that it is entirely fitting to classify smooth performance as one of the outstanding attributes of Dodge Brothers Motor Car.

TUESDAY'S ELECTION.

Voters of Delta county will join with the electors of the entire state on Tuesday in nominating candidates for United States senator, governor, lieutenant governor, representative in congress...

Under the state law the names of all party candidates must rotate in being printed on the ballots. If there are two candidates for any particular office the name of one candidate will be printed in first position in one half of the ballots...

At Tuesday's election Michigan Republicans must nominate a candidate for United States senator for the unexpired term of former Senator Newberry, which concludes on March 4, 1925, but also for a full term as United States senator. James Couzens of Detroit was appointed to fill the vacancy caused by the resignation of Senator Newberry and the Press believes that his record in the last session of congress should cause every staunch Republican in Michigan to vote against his return for either the short or the long term.

Register of Deeds Frank J. Hess is again at this election accepted the honor of being nominated and elected without opposition. His record of service has been such that since assuming the office of register of deeds no candidate has had the timidity to oppose him.

VAUDEVILLE ACTS—For county's two offices of coroner and commissioner and Marcus McNabb, county surveyor, are also unopposed.

Helen Lorimore's Legacy

BY JANE FRELPHS.

ROY DRAYTON GOES AWAY. Chapter XVII. The trial ended, and Wheelock in prison, Helen breathed freely once more. As Wilson had been paid, the money belonged to her. Desperately she tried to make Roy take it, but he absolutely refused to touch it.

"I am going away. I shall not need it," she said when Helen, worn out with the excitement, begged him to accept it for her sake. "Going away? It isn't necessary, now," she stammered. "It is more necessary than ever," he declared.

"Thank God for work." Helen had talks with her men, all of whom remained with her in spite of Wheelock's declaration that she could not hold them—that they would not have a woman boss. One of the older men, one she would have married any, one she would, living single all her life. You must be lonely at times. I am learning to love Walter's ranch, an very happy there—but it is because he is there.

At times Helen felt the loneliness bearing her down like a weight. But this was only when she let depression steal upon her. The present held no fears for her, but—the future, the years of loneliness that would be hers as she grew old, sometimes almost frightened her.

At the Strand—Conway Tearle in "The Man of Stone," which critics have pronounced one of the best pictures in which Mr. Tearle has appeared. Mae Tinee, motion picture reviewer of the Chicago Tribune, one of the leading screen critics of the country, liked Rudolph Valentino in "Monsieur Beaucaire" immensely. Concerning this picture, which opens a three-day stay at the Delft theatre, Monday, she said: "Monsieur Beaucaire" is a lovely thing! The photography is so exquisite that you never lose the illusion that, somehow or other, the action has been worked out against the screen of satin. One rare scene melts into another even more breath-takingly beautiful. Jewels glisten. Fountains tinkle—flinging out a lace of spray that you veritably feel against your face.

Students Leave For Cincinnati Enter Seminary

A number of young men from this city, Gladstone and Calumet will leave on train No. 102 this evening for Cincinnati, Ohio, where they will enter St. Francis Seminary to study for the priesthood. The Calumet boys arrived in the city Friday evening to join the local boys on the trip.

Among the young men who are leaving tonight are Milton Tomme and Clarence Todd, third year; Ellis Bloomstrom, John Bloomstrom, Robert Raymond, Alfred Rousseau and Lawrence Seid, second year, while the new ones who will enter for their first year are William Meyer, Theodore Scherff, Joseph Bloomstrom, Victor Rousseau, Lawrence Dufour, John Schmitt and Donald Morin, of this city; Clayton Duchaney, of Gladstone, Raymond Munch, Albert Roleau and Edward Goulet, of Calumet.

The boys who spent their vacation at their homes in this city are members of the Franciscan band of Cincinnati and they rendered several good musical programs in this city during the two months of vacation. Most of the young men in the group are students of St. Joseph's parochial school and members of St. Joseph's parish. Their many friends and relatives will accompany them to the C. & N. W. Ry. station this evening to bid them "Bon Voyage" and to wish them success in their chosen vocations.

Richard Talmadge in "Watch Him Step" will be seen in the Strand Friday and Saturday, dividing feature honors with the first chapters of "The Fortieth Door," a Pathe serial in ten installments. Some well known "chapter" folk, including Allene Ray, will be seen in the production.

Excels in Strength and Performance. In its admiration of the good Maxwell's ability to outperform anything at anywhere near the price, the American public should remember— 1st.—That no other car in America, regardless of price, excels Maxwell strength and staunchness in proportion to weight and power. 2nd.—That at all vital points, metals and construction are the same as in cars that cost three to four times as much. 3rd.—That in its manufacture, no measures are too costly to protect the owner fully, in person and in pocket. Those are the precise reasons why the good Maxwell—now under the supervision of Chrysler engineers—stands up and delivers its splendid service at such amazingly low cost.

WILLYS-KNIGHT

Conquers the Vibration So Common in Motor Cars

From across seas, Willys-Knight imports a motor device that solves a problem as old as the automobile industry. It does away entirely with the engine vibration that manufacturers have sought for years to cure. Willys-Knight announces the installation of this epochal invention as standard equipment and invites the public to test its amazing efficiency.

The Lanchester Balancer

This British invention, as simply amazing as it was long sought, gives Willys-Knight a new smoothness, a riding ease that brings the car to the peak of perfection. It gives Willys-Knight an improvement that is considered a mark of supremacy in one of the highest priced foreign cars. Appearance—Performance—Power! And the famous sleeve-valve engine that improves with use! Now, the very last word in smoothness—velvety action at all

speeds—elimination of the vibration that is the cause of so much nerve lag among so many automobile owners. You will know, with a Willys-Knight, a new pleasure in driving, a greater pride of possession. Willys-Knight increases both its efficiency and its appeal. It brings a bigger, better value than ever to its public. The Willys-Knight with Lanchester Balancer is here. One trial will reveal its excellence to you.
