LABOR LEADERS WILL NOT SERVE JAIL SENTENCES

GOMPERS, MITCHELL AND MORRISON WIN A SIGNAL VICTORY BEFORE THE SUPREME COURT OF THE UNITED STATES.

END OF NOTABLE LABOR CASE.

That August Tribunal Hands Down Decision Finding They Had Been Erroneously Sentenced to Jail on Charge of Contempt of a Lower Court—Salient Points Involved in Case.

(By Associated Press.)

Washington, May 15.—Setting aside the sentences of imprisonment imposed by the supreme court of the District of Columbia for alleged disobedience of a boycott injunction, the supreme court of the United States today held that Samuel Gompers, John Mitchell and Frank Morrison, president, vice president and secretary, respectively, of the American Federation of Labor, had been erroneously sentenced to jail on a charge of contempt of the local court.

The charges of contempt against President Gompers, Vice President Mitchell and Secretary Morrison arose out of a bitter labor war between organized labor and the Buck Stove and Range company of St. Louis, Mo.

Attractive General Attention. The St. Louis concern had come into the supreme court of the District of Columbia to prevent, by injunction, the American Federation of Labor and its officials from boycotting its own products or the business of those who dealt with it.

The questions involved and the parties concerned attracted widespread attention. The company claimed that the Federation was trying to unionize the company's shops. The labor leaders urged that the company was "unfair" to labor. The head of the company was the late J. W. VanCleave, president of the National Manufacturers' Association, which had often come into conflict with the Federation. He was charged with having been opposed to organized labor, and with having sought to put his nickel plate workers on a ten-hour instead of a nine-hour basis.

Found Them All Guilty. Justice Gould, of the District supreme court, issued the injunction prayed for by the company. An appeal was taken to the court of appeals of the District of Columbia but before that court could pass upon the validity of the injunction, the Buck's Stove and Range company again came into the District supreme court, this time with charges of contempt against President Gompers, Vice President Mitchell and Secretary Morrison. These men were accused of having violated the injunction decree.

Justice Wright found them guilty and sentenced President Gompers to one year in jail; Vice-President Mitchell, to nine months; and Secretary Morrison, to six months. An appeal was taken from this sentence, first to the court of appeals, which affirmed it, and finally to the supreme court of the United States, where it has since been pending.

Parker Among Counsel. Distinguished counsel appeared on both sides. Prominent among these was Judge Alton B. Parker, former presidential candidate, who had been retained to defend the labor leaders. His principal argument was that the injunction was an improper interference with the constitutional right of free speech and a free press. He further contended that the injunction decree was void, at least, in parts, and that his clients could not be held under the statutes for violating a void decree.

GOVERNMENT WINS STANDARD OIL CASE

(By Associated Press.)

Washington, May 15.—The government today won its case in the supreme court of the United States against the Standard Oil company, which is declared to be a conspiracy and monopoly in restraint of trade. The decree of the lower court was affirmed, being modified in particulars which Chief Justice White said were very slight indeed. Justice Harlan announced a dissenting opinion.

Chief Justice White, after an extensive recital of facts in the case, held that the court has jurisdiction over the suit, which had been questioned by the Standard Oil interests. Taking up the first and second sections of the Sherman anti-trust law, upon which the court decided to base its decision, Chief Justice White began consideration of the law as it applies to the present case.

LONG ILLNESS ENDS IN DEATH

Following a long illness, which had its inception in an attack of typhoid fever, John August Anderson, aged 45 years, died Saturday at his boarding house, 1114 Wells avenue. The funeral was held this afternoon from the Swedish Lutheran church, Rev. C. A. Lund officiating at the services, and interment was made in Lakeview cemetery. Mr. Anderson was unmarried and had no relatives in this city or vicinity. It is understood that he had a number of relatives in Sweden, where he was born and from which he came to America several years ago.

MARRY AT HOME OF BRIDE'S PARENTS

Miss Freda Petersen Becomes the Bride of P. A. Aronson, a Well-Known Local Business Man—Only Relatives Present at Event—Bridal Couple Take Wedding Trip.

Rev. A. G. Pearson, pastor of the Swedish M. E. church, at three o'clock this afternoon performed the ceremony which united Miss Freda Petersen and P. A. Aronson, both of this city, in marriage.

The wedding was solemnized at the home of the bride's parents, Mr. and Mrs. G. F. Petersen, 317 South Fannie street, and was a quiet affair, those in attendance being limited to relatives or the bridal couple.

Miss Lillian Goodman attended the bride as bridesmaid and Harry Holmes acted as best man. The Petersen home was prettily decorated for the happy occasion.

This evening a wedding supper will be served at the home of the bride's parents and a few hours later Mr. and Mrs. Aronson will leave on a wedding trip, which will include visits in Milwaukee, Chicago, St. Paul and Minneapolis. They will be gone a week or ten days and upon their return will take up their residence at 609 South Charlotte street, where they will be "at home" to their friends after June 1.

Mr. and Mrs. Aronson are well known and have many friends, who will be pleased to extend congratulations. Mr. Aronson is engaged in the shoe business, having a fine store at 910 Ludington street.

LEAGUERS WALLOP HOYLER'S TIP TOPS IN HANDY FASHION

PRACTICE GAME PLAYED AT SOUTH PARK IS CAPTURED BY OLMSTED'S WARRIORS BY A SCORE OF 11 TO 1.

HURN A SAVAGE WITH THE STICK.

Three of the Members of the League Team Play Out of Their Regular Positions—Twelve Hits are Garnered of Tip Tops' Twirlers—Burke Makes a Good Showing.

Escanaba Leaguers, 11; Tip Tops, 1. This was the result of the practice game played at South Park Sunday afternoon by the Escanaba league team and Hoyler's Tip Tops. The Tip Tops are far from being slow as ball players, but they weren't in it Sunday with Captain Fred Olmsted's warriors, although but seven of the regulars were played and three of them played out of their regular positions.

Aronson, who plays third base, was in the pitcher's box and Second Base man Olmsted was the receiver general behind the bat. Fred Hurn played second instead of in centerfield and D. Plath was in center. Mortenson played first base, Lentz at short, Burke in left field, P. Jaegers at third base and Hoffman in right field. The two last named are not regular members of the team. Smith and Boyle constituted the battery for the Tip Tops.

All of the players played well, but Burke made an especially good showing. He fielded his position in fine style and was strong with the stick. Twelve hits were made by the leaguers against five or six by the Tip Tops. One of the features of the game was the heavy hitting of Hurn and Aronson. The former stung the ball for a three-bagger, a two-bagger and two singles, while Aronson lined out two two-baggers. The Tip Tops did well but were not fast enough to give their opponents a close contest.

Next Sunday the Escanaba league team will play a practice game here with the Garden team, which is reported to be already playing in the

NEW FREE TUITION LAW OF MICHIGAN HELP TO EDUCATION

WORTH OF THE LAW IS FULLY EXPLAINED BY LUTHER L. WRIGHT, STATE SUPERINTENDENT OF PUBLIC INSTRUCTION.

MEASURE IS OF PUBLIC INTEREST

School Officers and Superintendents Are Told About it at a Meeting Held in This City This Afternoon—Amendments to the Law are Numerous and Important.

In view of the fact that State Superintendent of Public Instruction Luther L. Wright was in Escanaba today for the purpose of presiding over and addressing a meeting of the school officers and superintendents of Delta and Schoolcraft counties on the new school laws, the following explanation, prepared by Mr. Wright, of the new free tuition law passed at the last session of the legislature will be of particular interest:

"A high school is defined as a school of 12 grades with two teachers devoting their entire teaching time to the last four grades.

"A primary district is not authorized to pay the tuition of any pupil unless such pupil is the holder of a county eighth grade diploma or else has passed the eighth grade examination regularly in a graded school or had his tuition paid last year under the provisions of this law.

"Written notice to the board on or before the fourth Monday of June is an essential part of the transaction. This notice may be signed by a parent or the legal guardian of the children making application for tuition. Any child whose parents or legal guardian are residents of the district on the fourth Monday of June and possesses the other necessary qualifications is entitled to have his tuition paid. When a child is a resident of the district at the time of making application the tuition must be paid

5,000 BUTTONS FOR THE U. P. BOOSTERS

Another way in which the upper peninsula will be boosted through the development bureau which was recently formed, will be by the use of buttons. Small buttons, not a half an inch across, are the means and they are expected to prove a successful medium here, as they have elsewhere.

Manager A. W. Blom of Menominee recently ordered 5,000 of the little affairs, which will be worn on coats, as soon as they are received they will be distributed to all the members of the association. Those who are not members can secure one for the sum of \$1, which fee also includes membership.

The buttons are blue and gold and having the wording "Boost The Upper Peninsula of Michigan."

MARQUETTE TO HAVE POSTAL BANK

(By Associated Press.)

Washington, May 15.—Postmaster General Hitchcock announced Sunday the designation of forty-seven additional postal savings depositories, making a total of 176 postal banks created since January 3, last. The offices designated Sunday will be ready to receive deposits June 12. The forty-five offices announced a week ago have reported that they will be in readiness for operation June 1. Among the towns designated today are Marquette, Mich., and Eveleth, Minn.

MRS. TAFT MUCH IMPROVED TODAY

(By Associated Press.)

New York, May 15.—Mrs. Taft, whose sudden illness Sunday interrupted the president's plans and brought him hurriedly to her bedside yesterday from Harrisburg, Pa., was so much better this morning that the president left for Washington at ten o'clock. Mrs. Taft will probably go to Washington next Thursday.

season form. Negotiations for a game next Sunday with the Menominee team fell through because the latter team had made other arrangements.

SHOWERS TONIGHT IS THE FORECAST

Local forecaster H. S. Cole issued the following summary of weather conditions today:

"Showers have occurred in the upper lake region, the upper Mississippi valley and just east of the Rocky Mountains; heavy rainfall at St. Paul, Minn., and Rosewell, New Mex.

"Temperatures have risen in the lake region and Ohio valley; no important changes elsewhere.

"The approach of low pressure in the west will cause showers in this vicinity tonight and Tuesday, with continued mild temperatures and moderate variable winds."

BOARD OF REVIEW NOW IN SESSION

Its Purpose is to Review and Equalize the Assessment Rolls and Hear Complaints of Property Owners Who May Desire Valuation of Property Changed—The Members.

The Escanaba board of equalization and review met in the city clerk's office at the city hall at nine o'clock this forenoon and will continue in session six hours each day for at least four more days. The board is now engaged in examining and revising the assessment rolls and on Thursday will be prepared to hear any persons who may have complaints to make regarding their assessments and who may desire to have the valuation of their property changed.

The members of the board are: Mayor John S. Lindsay, City Assessor C. C. Stephenson, City Attorney A. H. Ryall, and Supervisors H. R. Dotsch, F. H. Atkins, Milo Shields, E. J. McMartin, C. F. Brandt, Charles Gunderson and W. H. Cameron. City Clerk A. J. Peplin is acting as clerk of the board.

UNIVERSITY OF MICHIGAN DEFEATS SYRACUSE HANDILY.

Ann Arbor, Mich., May 15.—Michigan won handily from Syracuse Saturday in a dual track meet, the Easterners scoring only 40 points to 84 for Michigan. Michigan won first in ten of the fourteen events. Hanavan furnished the only record breaking performance, lowering the Michigan record for the mile to 4 minutes, 23 seconds.

NEGRO MURDERER FIGHTS TO DEATH AGAINST A POSSE

SPECTACULAR BATTLE FOLLOWS ATTEMPT OF OFFICERS TO ARREST BLACK MAN FOR THE SLAYING OF ANOTHER NEGRO.

TWO DEAD AND FIVE WOUNDED.

Barricades Himself in Cabin and Holds it Against All Odds Until it is Set Afire and He is Smoked Out—Stumbles Through the Door and is Shot and Finally Killed.

(By Associated Press.)

Montgomery, Ala., May 15.—Two negroes are dead, another negro is mortally wounded and four deputy sheriffs are wounded, one fatally, as the result of a murder committed by one of the negroes Sunday and a spectacular battle that followed an effort to capture the murderer.

The trouble took place twenty-one miles from here. The dead were Tom Benson and Peter Fols. The injured are: Art Priner, colored; Eugene Nafel, a deputy, shot in the shoulder; Harry McCord, a deputy, shot in the abdomen and will probably die; Owen Ellis, a deputy, shot in the eye, and Blank Alford, chauffeur, shot in the shoulder and face.

Benson murdered Fols and shot and mortally wounded Priner Sunday morning. Sheriff Hood sent Deputy Sheriffs Rives, Nafel and Ellis to the scene in an automobile. When they arrived, Benson was barricaded in his cabin. The officers opened fire on him and he returned it, wounding Nafel. Sheriff Hood was telephoned and he went out with Deputy McCord and Bridges. The posse again opened fire and an hour's battle followed. Ellis and Alford were wounded in this fight.

Failing to dislodge Benson by their continuous fire from pistols, the posse set fire to the cabin and when the cabin was filled with smoke the negro stumbled through the door and was shot. He fell, but raised himself and returned the fire, wounding Deputy McCord in the abdomen. Taking refuge behind a fence he fired several other shots at the officers, but finally was killed.

TEAM WAS A GOOD ADVERTISEMENT FOR ESCANABA

DIRECTORS OF BUSINESS MEN'S ASSOCIATION NOT SLOW IN RECOGNIZING CLAIM OF CHAMPION FOOTBALL TEAM.

PLAYERS WRITE STRONG LETTER.

It is Read Before Directors of Association and Makes Pleasing Impression—Directors Vote to Give Members of Team Each an Initial Sweater—Full Text of Letter.

As noted in The Mirror Saturday, one of the interesting features of Friday evening's meeting of the directors of the Escanaba Business Men's Association was the reading of a communication from the members of the Escanaba High school football team, which last fall won the High school football championship of the upper peninsula and which might justly have claimed the state championship because of the fact that the Detroit Highs, champions of the lower peninsula, made no attempt to meet the locals in a state championship game.

This communication contained a request that the Association make the team a gift of an "initial sweater" for each member instead of compelling the team to follow the old plan of soliciting subscriptions from the business men individually. That was not all the letter contained, however. It breathed a spirit of loyalty to the city and its institutions that commended itself most favorably to the association directors, who recognized the force and justice of the statements made therein. It also awakened in them a desire to give recognition of the excellent advertising the championship football team has given not only the Escanaba High school, but the city at large. They therefore hastened to accede to the request and unanimously voted to purchase an "initial sweater" for each member of the team.

As stated in The Mirror Saturday, (Continued on Page Five.)

CUTS BY GOVERNOR TOTAL \$778,188.42

Lansing, Mich., May 15.—Figures which have been compiled by State Accountant Hamilton and which show that the appropriation cuts made by Governor Osborn on appropriations made by the last legislature amount to \$778,188.42.

The amount of appropriation as passed by the last legislature for the year amounted to \$5,680,006.52 and of this amount the governor signed bills amounting to \$5,313,368.10. The amount of appropriations for the year 1913 as passed by the legislature amounted to \$4,199,945.24 and the governor signed \$3,788,395.29 of this amount.

The cuts made by Governor Osborn far exceed those made by any former governor of the state.

CALLS HIS GREATEST SIDEWHEEL PITCHER

The Menominee Herald-Leader of Saturday says: Monte Olmsted, the greatest sidewheel pitcher in the upper peninsula, and his crack catcher, O'Conner, have notified the management of the local baseball team that they will arrive here next Tuesday, and will have plenty of time to get in some practice before the first game of the season opens with Iron Mountain one week from next Sunday. This game will be played on the local grounds, and will be followed the next week by another with the Green Bay Bayers, one of the best semi-professional organizations in Wisconsin.

BOAT CAPSIZES; THREE BOYS DROWN

Onawa, Ia., May 15.—A triple drowning took place in Blue lake here Sunday afternoon when a boat in which six boys were riding was struck by a huge white cap, sinking it. Not being able to swim, three of the boys lost their lives, all being drowned near shore. The other three boys were saved by companions in another boat.

STEALS REVOLVER; 60 DAYS IN JAIL

Charles Olson of Gladstone was arrested at Wells, Sunday by Sheriff Curran and brought to this city to answer to a charge of larceny. He was taken before Justice Linden this morning and entered a plea of guilty. His sentence was a term of 60 days in the county jail, at which institution he recently completed a sentence of thirty days for a similar offense. The theft for which he is now doing penance was that of a revolver, which was found in his possession by the sheriff and restored to its rightful owner.

AGED MAN FOUND DEAD IN SHANTY

Joseph Buchanan, a Woodman Dies For Want of Proper Care—Body is Found by Passing Cruiser and Escanaba Jobber Pays Expenses of Its Burial—Story.

Menominee, Mich., May 15.—A re-cause because of his strong fight against drink, which had wrecked his life, Joseph Buchanan, an aged lumberman, was found dead last week in his little shanty near La Branche, Mich., by a cruiser named Lenieux, who had occasion to pass the camp. Keeping guard over the body was a shepherd dog and a cat, the old man's two faithful companions.

The man had evidently been dead several days, as the body was in the first stages of decomposition. Coroner John Axelson was notified of the man's death and left at once for La Branche. He decided that an inquest was unnecessary, for it was quite evident that death was due to want of proper care and old age. The body was brought to Menominee and, on instruction from Joseph Schels, a jobber at Escanaba, the funeral was held Saturday afternoon, burial taking place at Riverside cemetery.

Very little is known of the deceased, but it is said that he was about 75 years old and single. He was born in Canada and ran away from his home when a young boy. He had made Menominee county his residence for the past twenty-five years, being employed by various jobbers.

Being unable to curb his desire for drink, Buchanan, about two years ago, made a camp on the bank of Bark river, about eight miles from civilization, where he had since lived alone with his dog and cat.

OSBORN IS STRONG FOR RECIPROCITY WITH PRESIDENT

MICHIGAN'S CHIEF EXECUTIVE TELEGRAPHS PRESIDENT TAFT THAT HE WILL HELP THE LATTER WITH ISSUE.

OFFERS PERSONAL SERVICES.

Osborn Says That His Move is Made as a Private Citizen and Not as the Governor of the State of Michigan—Farmers are Not the Whole Population of the State.

(By Associated Press.)

Lansing, Mich., May 15.—Governor Chase S. Osborn today sent a message to President Taft offering his personal services in favor of the proposed Canadian reciprocity treaty and declaring that the Michigan farmers, whose representatives have been opposing the treaty at Washington, do not represent all of the Michigan farmers by any means and do not reflect the dominant sentiment of the state.

The governor stated in his message to the president that his services are being offered in his private capacity as a citizen.

APPLIANCES MUST BE KEPT IN REPAIR

(By Associated Press.)

Washington, May 15.—Railroads are under absolute duty of keep in repair automatic couplers and all other appliances prescribed by law and not merely as their duty to exercise reasonable diligence in repairing such, was the decision today of the supreme court of the United States, in what is known as the Safety Appliances case.

ESCANABA IS NOW MAKING OUTSIDERS TAKE SOME NOTICE

THE MICHIGAN INVESTOR PRINTS INTERESTING ARTICLE IN CURRENT ISSUE ON "ESCANABA IS FORGING AHEAD."

JOHN E. BYRNS CALLED HUSTLER.

New President of the Escanaba Business Association is Highly Spoken of—Under His Direction the Association Will Keep Up its Splendid Record, the Investor Says.

Under the caption of "Escanaba is Forging Ahead," the current number of the Michigan Investor, published at Detroit, has an interesting write-up of Escanaba as a city of growth and progress and of J. E. Byrns, president of the Escanaba Business Association, which has been and is playing so important a part in the city's development and prosperity.

The article, which is embellished by a fine likeness of Mr. Byrns, is as follows:

Built Up Big Trade.

"John E. Byrns, the new president of the Escanaba Business Men's association, is one of the hustling business men of that city. He has been engaged in the wholesale lumber business for the past three years, and has built up a big trade in that short period of time. For eight years prior to his location in Escanaba he was located in Chicago as manager and buyer for the Rittenhouse & Embree Co., wholesale lumber dealers, in which position he made a record.

His Field of Activities.

"Mr. Byrns is chairman of the executive board of the L'Anse Bay Lumber company, a \$250,000 corporation, which is about to erect a new double band mill at L'Anse. He is a director in the Upper Peninsula Development Bureau, an organization that is becoming a power in that section of the state; chairman finance committee Delta County Agricultural society; member of the board of public works of Escanaba. Mr. Byrns is a 32nd degree Mason and is also a Shriner.

Will Keep Up Splendid Record.

"There is no question that the Business Men's association under Mr. Byrns' direction will keep up its splendid record. The association is a live one. Already it has been the means of locating the Escanaba Extract company, who grind 30,000 cords of hemlock bark a year for making tanning extracts; a municipal lighting plant, a winner the past year; an up-to-date electric street car system, with suburban service to Gladstone; power dams on the Escanaba river developing 30,000 horse power; a new blast furnace about to be erected; a new pulp mill about to be erected, and there are several propositions that are undeveloped as yet.

Brought About Harmony.

The association has a membership of 200 prominent business men and has brought about harmony among them whereby they are giving their hearty co-operation to any projects the association may bring up. The association has assisted strongly in increasing the population of Escanaba from 9,449 in 1910 to 13,194 in 1910, giving the city a steady growth in this respect and making Escanaba the metropolis of the upper peninsula.

THREE OPERATIONS PERFORMED TODAY

Miss Mary Fournier of Ford River, Mrs. William Wiseman and Albert Pennings of this city, all underwent operations at the Delta County hospital today. The operations were successfully performed and the several patients are reported to be doing well.

RICHTERS WIN EXCITING GAME

An exciting and hard-fought baseball game was played at Ford River Sunday afternoon by the Richters of this city and the Ford River team, resulting in favor of the Richters by a score of 4 to 1. The Ford River were scoreless until the last inning, when they made their one run after two were out. The Richters excelled in hitting, getting nine safe swats against four for their opponents. The batteries were Klinger and Murray for the Richters and Anderson and LeFebvre for Ford River. Lorenson umpired the game, which was replete with interesting features.

Art Hoffman was a business visitor in Menominee Saturday.

MUST GET PERMIT TO CARRY WEAPONS

Under No Conditions Can One Carry Concealed Weapons in the State of Michigan—Women Barred from Wearing Dangerous Rapier Hat Pins Now in Vogue.

Black hand operators, hold-up men, casual gun toters, and women with long hat pins, will all feel the weight of the new law recently signed by Governor Osborn, regulating the carrying of concealed weapons.

The old law against carrying weapons has become worn out and ineffective. There was always the excuse that a gun, knife or billy was necessary to protect its owner against some special danger. There are cases where persons apply for permission to go armed. If such people hold positions with banks or with other concerns where they might be called upon to guard property, they should be sworn in as special officers. It is a difficult matter to take the responsibility of allowing people to carry a gun.

The new law requires that no one shall have concealed on his person any weapon except through special permission obtained from a board made up of the sheriff, prosecuting attorney and in cities where there is an organized police force—the chief of police.

The reasons for carrying the weapons are to be set forth in an application and at any time a permit may be revoked. Mining companies, banks and other corporations may secure bank permits authorizing their employees to go armed in protecting property. The board of regulation shall meet each month.

In the list of dirks, daggers, stilettes, brass knuckles and other weapons of offense, hat pins with points more than ten inches long are included and imprisonment for not more than two years and a fine of not more than \$500 is provided for the woman who decorates herself with the rapier hat pins now in vogue.

DECLARES QUANTRELL IS STILL LIVING

Warrensburg, Mo., May 15.—B. F. Ross, a merchant of this city, has received a letter from W. O. Coleman of San Benito, Texas, in which the latter makes the following remarkable statement:

"Charles Quantrell, the famous confederate guerilla, is still alive and resides in Mexico. Fifty years after the battle of Lawrence he will meet with his old comrades at Independence, Mo., at their reunion next August if he survives until that date. I knew him before and was with him during the war."

Mr. Ross says he knows Coleman and considers him a reliable man. History records that Quantrell was wounded at Taylorville, Ky., May 10, 1856, in a fight with a troop of federal soldiers and died in a military prison three weeks later. A skull said to be Quantrell's reposes in a glass case in the capitol building at Topeka, Kan.

SEAL CATCH SMALLER THAN LAST YEAR'S

St. John's N. F., May 15.—Three hundred and five thousand seals, valued at \$495,000, were secured by the eighteen vessels of the Newfoundland sealing fleet during the season which has just closed. Last year the fleet reported a catch of 233,000, with a value of \$612,000.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect. Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy. The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

NEW FREE TUITION LAW OF MICHIGAN

(Continued from page one.)

for the entire year, whether the family moves from the district or not.

"The school board is required to levy a tax up to \$20 or the tuition may be paid from surplus primary money, if the district has such. The people at the annual meeting may appropriate a sum larger than \$20, if necessary, but the board cannot pay a larger sum on its own motion.

"The board may vote to pay transportation of pupils and levy a tax therefor if it sees fit to do so.

"The tuition is paid in amounts and in a manner to be designated by the receiving district, that is to say, it is the province of the board in any school district to determine the term and manner of admission of non-resident pupils. They may require the whole year's tuition in advance, they may require a semester in advance, or a quarter or a month. They may exclude non-resident pupils entirely if they see fit.

"The tuition is to be paid by one district to another district and in no case should money be paid to pupils or guardian. Taxes paid by an individual in a high school district where the individual is not a resident of the district cannot be credited in any way on the tuition paid by the district.

"It is the board that levies the tax for tuition and not the people.

"This law is designed to take care of pupils who live near districts maintaining ten-grade schools and also of pupils who live in districts maintaining ten-grade schools. School boards may pay tuition to a ten-grade school having one teacher devoting his entire teaching time to the ninth and tenth grades until the ten grades are finished. Then this district must pay the child's tuition for the other two years to a twelve-grade school. The district maintaining a ten grade school, after the ten grades are finished, must pay the tuition of children having completed such work to a twelve-grade high school.

"In making the application, the parents designate of the three nearest high schools and they may include a ten-grade school as one of the three, if they desire.

"Under the law as it now reads neither the school board nor the teacher in a primary district has anything to say about whether a child has completed the studies of the eighth grades or not. The law specifies that he must hold an eighth grade diploma or have completed eight grades of work in a graded district.

"This law is mandatory and school boards have no discretion as to the payment of tuition."

Schlitz Brown Bottle

Light starts decay even in pure beer.

Dark glass gives protection against light.

The brown bottle protects Schlitz purity from the brewery to your glass.

Our barley is selected by one of the partners in our business.

We go to Bohemia for hops.

The water is brought from rock 1,400 feet underground.

Not only is Schlitz

beer filtered through white wood pulp, but even the air in which it is cooled is filtered.

It is aged for months in glass enameled tanks. It cannot cause biliousness. It will not ferment in your stomach.

GIVE BUSINESS A CHANCE. If statesmen of high and low degree are anxious to do something that will meet the cordial approval of an overwhelming majority of the American people and immensely promote the general welfare, let them wind up political agitation and give business a chance, says the Washington Post.

Every man in the United States who is willing to work ought to have a chance to work. All would have that chance if it were not for unnecessary obstructions and threatened assaults upon business.

The earth is fruitful, the people are healthy, the machinery of production and distribution is all in place. The United States at this moment should be the busiest, most prosperous, happiest country on the globe.

We do not believe for a moment that a majority of the people are in favor of the continual monkeying with the mechanism of industry. They are not demanding an overhauling of the country by political doctors and legislative tinkers.

Wheat speculators have lost \$2,000,000, and this sort of thing will keep on as long as the banks would rather lend money for gambling than farming.

The Bangor fire loss has been whittled down from \$10,000,000 to \$3,000,000. The trained fire reporter always divides the first estimate by two.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Bitters makes the blood rich, red, pure—restores perfect health.

of the complicated web of American industry. The government can do nothing better for the people than to permit them to attend to their own affairs.

SCHOOL IS HOPE OF COUNTRY. Former President Charles W. Elliot of Harvard believes that the school-masters must be factors in lessening criminality in the rising generation, and that the future of democracy lies not with the church or the medical profession.

"To what are we going to look for the progress of society toward cleanliness and virtue? To my mind there are two possible remedies—the new science of preventive medicine and a modification of the public schools.

GROWTH OF THE CHURCH. Nearly complete church statistics for 1910 in the United States show, in the words of Dr. Carroll who compiled them, a "practically static condition of church membership but an increase in the agencies of the church."

The original document of the Constitution was inspected recently after being locked up nine years, but it must be longer than that since any of the congressmen have read that instrument.

About the only people who want the United States to intervene in Mexico are the speculators who were not satisfied with the rates of interest paid by property protected by American laws.

Solomon's crown is said to have been found by archaeologists. Perhaps King George could buy it cheap at second hand, instead of having to invest in a new one.

Seventeen Baltimore students have offered to be subject to test a cancer cure, while most of us cross the street to avoid a friend who has recently had the measles.

Those Alaskans who threw the coal into the harbor seem to be taking rather radical means to avoid the smoke nuisance.

Some aeroplanes of unique models will soon be exhibited, but they will all end in heaps of kindling wood that look much alike.

THE KNIGHT OF THE SILVER STAR A Romance Of Drussenland By Percy Brebner

Copyright, 1907, by R. F. Fenno & Co.

I came out from a thick piece of undergrowth on to a broad turf path and then drew quickly back again. Three soldiers had dismounted not two dozen yards away and were lying upon a bank.

"No, and never will be," was the answer, and I recognized Costa. "I'd give a good deal to lay my hands upon him. I took a liking to him, and it's hard to know that one has loved a traitor."

"You're searched," she was saying. "There's not a hole where a man could lie concealed. What have I to do with your fighting?"

"The horseman muttered a threatening oath, turned and left the old woman standing at her hut door. As soon as they were out of sight she shook her fist at them.

"They are for the king," I whispered. "I am for the princess. Who is your son for?"

"The princess." She beckoned me to follow her, and I entered the hut. "You shall eat first and, if you will, tell me the tale afterward."

"You're a brave man," she said. "My son would have acted so, for he is a brave man too. Now let me look at your wounds. Living in the woods, we old women find strange herbs."

"There is a better way," she answered. "Come with me." She led me into a small back room and, pushing some fagots back from a corner, opened a trap.

"It's a well," she said, "but it's something more. Catch hold of the rope, hang at arm's length and your feet will feel a ledge. It is the floor of a little hiding place and safe enough, I warrant. Quick; they are at the door!"

"Quick; they are at the door," she said, and that was an all sufficient reason for her going.

KENTUCKY HAS SOME BLIND BOY SCOUTS

Four patrols of blind Boy Scouts have organized in the Kentucky Institution for the Education of the Blind in Louisville, Ky. Even the patrol leaders are blind and the boys are so enthusiastic over the various activities planned for them that they are gathering other blind comrades into the organization. The names of the troops are Whip-poor-wills, the Roosters, the Owls, and the Bulldogs. The persons interested in the work among the blind boys are Rear Admiral J. C. Watson, chairman of the Louisville Local Scout Council; George Schon, Scout Commissioner, and Clifford B. Martin, of the Institution for the Blind. The blind boys are participating in various kinds of athletics, take trips of fourteen and fifteen miles, and camp along the river. They have learned Indian songs, and Boy Scout yells. The salute, however, has bothered the boys, because they can't see. Scout Master Martin suggests that as the boys give the salute they also use the word "How." Martin reports that since the organization of these various patrols, the boys have been more cheerful and have been stimulated by the ideals of the organization.

He says that the boys are striving to be more helpful to one another, and that they do their tasks about the institution much cheerfully than formerly.

TEAM WAS A GOOD ADVERTISEMENT

Continued From Page 1.

the communication from the members of the team is so excellent that it is deserving of publication. It is therefore reproduced in full, as follows:

"Escanaba, Mich., May 3, 1911.

Mr. J. E. Byrns, President of E. B. M. A.:

"Dear Sir: The members of the football team of the Escanaba High School wish to make a request of the Escanaba Business Men's association, and we feel sure that the association will gladly give due consideration to the proposal which we hereby submit.

"We have learned that the business men of Menominee have honored the football team by the gift of an 'initial sweater' for each member of the team, and with the gift expressed the belief that the Menominee football team was a good advertisement for their city.

"We feel that as the 'Champions of the Upper Peninsula' and as a team that has an equal claim with Detroit High school as 'Champions of the State of Michigan,' that we have been a better advertisement for the 'best city of the upper peninsula' than any other team has been for the city it represents.

"It was not until we had talked to members of the E. B. M. A. that we were persuaded that the Association would be the place of appeal, rather than to the business men individually, by the old subscription plan. And we are assured, that the Business Men's association will not look upon us as coming in the spirit of boldness, but will appreciate that, if the request be granted, it will not only reflect honor upon us as a team, but would also show that the members of the E. B. M. A. appreciate what was done for our city, by way of recognition and advertisement, by the 'Champion football team of the U. P.'

"As members of the football team we naturally covet the privilege of bearing the letter that stands for the best city, the best high school, and the best football team of the state of Michigan.

"And we, the undersigned, pledge that, if the request be granted, we will not do anything to bring discredit upon the emblem we bear, and that we will do all in our power to boost Escanaba, Escanaba High school and every good institution represented here.

"Signed: W. M. Campbell (coach), Alfred Corcoran, Harold Greene, Porter Shaw, George Hirn, Kenneth Morrell, David Perrow, Robert Pryal, Joe Turner, Victor Ryan, George Arnold, Andrew Perrin."

BILL TO RESTRICT PRINTING OF NEWS

Springfield, Ill., May 15.—Representative Chester Church's libel bill has been advanced to third reading by the lower house of the Illinois legislature. Distilled Water

WE TAKE this means of bringing to the Public Notice that we have recently installed, in connection with our bottling business, a battery of **Crystal Water Stills** with which we are producing distilled water of the highest possible standard of purity, suitable for drinking, technical or surgical use. The Crystal Water Stills are scientifically constructed and the water produced is not only absolutely pure and germ proof, but is aerated and palatable. Our entire distilled water equipment includes every sanitary feature necessary in bottling water of such high purity. All bottles are thoroughly cleaned and sterilized before filling and are securely sealed after being filled. No contamination can possibly take place. We invite the public to inspect our plant. Use distilled water and thereby safeguard your family from any germ disease that may be lurking in impure drinking water.

"MOTHERS' DAY" IS WELL OBSERVED

Escanaba Churches Hold Appropriate Services in Observance of the Day and Many People Wear White Carnations—"Fathers' Day" and "Old Folks' Day" Suggested.

"Mothers' Day" was properly observed in Escanaba Sunday. In most of the churches, sermons were preached on the subject of "Mothers' Day" and large numbers of people on the streets exhibit the spirit of the day by wearing the white carnation.

At the First Presbyterian, First M. E. and First Baptist churches—the "Mothers' Day" services were held in the morning. In the church first named Rev. P. B. Ferris preached an appropriate sermon on "To Teach Us the Number of Our Days." At the First M. E. church Rev. Frederick Spence conducted an old people's service and delivered a short sermon of special significance to the older people present and at the First Baptist church Rev. F. W. Alantie preached an exceptionally interesting and feeling discourse upon "The Power and Glory of Motherhood." In all of these churches decorations of white carnations were in evidence.

"Mothers' Day" has excited not a little comment and discussion throughout the country and various leaders of society have been interviewed as to the advisability of setting aside a "Fathers' Day," to be celebrated in like manner. These leaders, however, do not seem to take to the idea, claiming that "Fathers' Day" was celebrated once a month—pay day.

However, in one of the churches of Escanaba yesterday, it was suggested and the suggestion seems worthy, that a day should be set aside for the celebration of "Old Folks' Day," which would not only include the mothers, but those who had not been blessed by having had children.

Dr. M. P. Fenelon has returned from a two weeks' business trip to Texas and says that the state is very quiet considering that it is so near the Mexican difficulty. In speaking of the Mexican insurrection, Dr. Fenelon says that there are quite a number of Americans who have enlisted with the insurgents, for very good pay and promise of some 300 acres of Mexican land, providing the insurgents win out in their struggle.

El Paso, Texas, May 15.—The end of the revolution in Mexico seems near.

Federal Peace Commissioner Carbajal this morning received telegraphic instructions from Mexico City to proceed with peace negotiations along the lines proposed by Hernandez yesterday and based upon Madero's demands.

A telegram to Carbajal, which it is believed is signed by Diaz himself, is said to contain the formal acceptance by the president of the propositions that have been suggested.

BRAMPTON ROAD MAY BE IMPROVED

The county road commissioners, at a regular meeting held today, adopted a resolution giving notice to the Gladstone city council that the road commission will improve the county road between Brampton and the city limits of Gladstone, provided that Gladstone will construct a suitable highway to meet said road. It is understood that the Gladstone council will meet this evening and probably take action on the matter. The road commission today transacted considerable routine business and allowed a number of bills. The Delta Contracting company was allowed \$2,900 on its contract for constructing the new bridge over the Escanaba river at Wells.

MONSTER TROUT ARE BEING CAUGHT

Catches of single trout of abnormal size are becoming frequent. Several days ago The Mirror recorded that E. F. Bolger of this city had caught a trout that measured 16 3/4 inches, taking the fish from the Escanaba river at Groos. Today The Mirror is informed that on Sunday afternoon another Escanaba angler caught a trout that measured an even 17 inches in almost the same place.

Louis Nault of 219 Stephenson avenue was the fortunate fisherman. It is reported that a still larger trout was caught last Friday by Ray McEachron, a cook at one of the Escanaba & Lake Superior Railway company's boarding house. This trout was caught near Kates and is said to have been 18 1/2 inches long and weighed slightly over four pounds. Next!

SUPERINTENDENT OF INSTRUCTION HERE

Luther L. Wright Meets With Officers of School Boards of Delta and Schoolcraft Counties to Explain Matters in Connection With New School Laws of the State.

Superintendent of Public Instruction Luther L. Wright is today conducting a joint meeting of the officers of the various school boards of Delta and Schoolcraft counties in the circuit court rooms at the court house. About 25 are present, among them being County School Commissioners Perter R. Legg and W. T. S. Cornell.

The first session was held this forenoon and the second is now in progress.

This meeting is the result of a new law which provides that the state superintendent shall meet with the school officers annually for the purpose of talking over and explaining matters in connection with the school laws of the state. There is much interest displayed by those in attendance and many questions are being put to Mr. Wright relative to matters which are in doubt. Mr. Wright explained at some length the provisions of the new free tuition law, a liberal synopsis of which is given elsewhere in this issue.

EPWORTH LEAGUE HOLDS BIG RALLY

Epworth Leaguers of Escanaba and Gladstone observed the 22d anniversary of the organization of the league by holding a rally at the First M. E. church in this city Sunday evening. The Gladstone members of the league came over in a special car, which was filled to its capacity, and the church was crowded when the services began. There was a fine musical program. It included solos by Mrs. E. J. Warren of Gladstone and Prof. F. E. King, congregational singing and pipe organ and piano duets, Miss Ethel Lovell playing the organ and Mrs. G. H. Hastings of Menominee the piano. Addresses appropriate to the occasion were made by Rev. E. J. Warren of Gladstone and Rev. Frederick Spence, the former speaking on "The Need and Price of Leadership," and the latter on "The Challenge of the Twentieth Century to the Youth of Today."
