

## ENEMY CHECKED 57 MILES FROM PARIS

### SAFETY METHODS MUST BE USED TO CONSERVE LABOR

So Says R. C. Richards Who Is Inspecting the Entire North-Western R. R. System.

### CAN'T AFFORD ACCIDENTS It Is Not a Matter of Dollars and Cents Any More; Man Power Is What We Want.

"We are now up to the proposition of saving man power," said J. C. Richards, the pioneer of safety first methods, who arrived in Escanaba this morning on a tour of inspection of the entire system of the Chicago & North-western railroad.

Continuing he said that labor is a vital question at the present time and must be saved from injury in the conduct of their different duties.

"New laborers are being employed," he said, "and many of them are very young or come from farms, where the lessons of safety first were confined to keeping the gate shut so the cows do not stray away."

"When this class of labor enters the shop, the factory, railroad service or scores of other lines of manual labor, they are ill prepared to give the service required of them. They do not know the first thing about being careful and the newspapers are filled every day with items about employees who have been injured by being careless."

"This is not to be charged altogether to the employe. The man who hires labor must take some of the blame if he is not making an effort to teach his new employes the dangers ever present, but familiar to those who have long been employed in manufacturing places."

Good Safety Work. "Good safety work," says Mr. Richards, "consists merely in the study of the right and wrong way to do things. You can very readily appreciate what it means in every factory to have every man alert and keen for doing everything right."

"This is just what Safety First teaches." "It shows the danger of carelessness and in disorder. It shows how needless accidents occur and how they may be prevented."

"Safety First not only teaches us these things but teaches men how to go about safely. It teaches the need of care and caution. It shows how careful it is that men co-operate to prevent the needless accidents from occurring."

"It is necessary for everyone to do their bit if the desired results are to be secured."

A Message to Workers. The message Mr. Richards delivers to the workman is:

"You owe it to yourself, to your family and to your friends and particularly to the Government of the United States, to protect yourself from every possible injury."

"For your own personal welfare and for the happiness of those who are your friends—start today, now, to take no more chances. Cease to be reckless and heedless. Join the Safety First Army and by careful thinking, go on your way in safety."

Great Death Rate. Mr. Richards said today: "Three-fourths of the deaths and accidents in the United States can and should be avoided."

"Statistics show that 34,000 men, women and children are killed by accident every twelve months. This means that there is one killed on an average of every 15 minutes."

"Three-fourths can be saved if means 25,000 less deaths, which also means that we will have 10,000 fewer widows and probably 30,000 fewer orphans."

One Simple Prevention. To show one cause of simple accidents Mr. Richards stated that last year 3,462 persons were injured by nails left exposed and lying around in boxes and boards in the state of Massachusetts alone.

### American Soldier Is Killed; 10 Mex Dead

(BY ASSOCIATED PRESS) Marfa, Tex., March 29.—Ten Mexican raiders and Private Thomas K. Albert, an American cavalryman, were killed yesterday in a running fight between United States Cavalrymen and Mexican bandits near Pinar, Mex., southeast of Valentine, Tex., according to official advices reaching here today. The fight followed the pursuit after the Mexicans who raided the Neville ranch, killing the owner.

### WILSON STAVES OFF EXECUTION OF T. MOONEY

(BY ASSOCIATED PRESS) Sacramento, Calif., Mar. 29.—President Wilson has telegraphed to Governor Stevens, asking him to stay the death sentence on Thomas J. Mooney.

Mooney was convicted in connection with a bomb explosion in a preparedness parade on July 22, 1916, when ten deaths occurred and 40 others were wounded.

The president's mediation commission, which was directed to examine the situation while carrying on its work on the Pacific coast, said, in a report made public January 26, that changes in the evidence brought out in connection with the trials of other defendants, "cast doubt upon the prior convictions of Billings and Mooney," and that while the record of each trial separately might be such as to preclude appeal, the records of all trials taken together "leave the mind in the uncertainty as to the complicity of the accused."

Warren L. Billings, referred to in the report, was the first man tried for murder in connection with a bomb explosion in a preparedness day parade here July 22, 1916, and he was sentenced to life imprisonment. He is now serving sentence at Folsom prison. Mooney who came next, was convicted of murder in the first degree, February 9, 1917, and sentenced February 24 to be hanged. A prominent witness was Frank C. Oxman of Durkee, Oregon.

### MRS. LESLIE FRENCH SUMMONED BY DEATH

Sad Death of Escanaba Woman Comes As a Relief to End Illness or Over a Year.

Mrs. Leslie French, wife of Leslie French, died at the family home on South Charlotte street, this morning, shortly before her husband returned home from a trip to South Bend, Indiana, where he was called by the death of an aunt. Mrs. French has been ill for over a year but her condition was not serious. Mr. French left Tuesday for South Bend and was recalled before the burial of his aunt by a message stating that his wife had become dangerously ill.

Mrs. French was, before her marriage, Miss Minnie Maitland. She is survived by her husband, a married daughter, Mrs. Samuel C. Ham of Crystal Falls, and son, Leslie A., who is a high school student. There are also four sisters surviving; Mrs. Margaret Beney, Negaunee; Mrs. Howard Rouston, Chester, Pa.; Mrs. James L. Williams, Watsonville, Cal., and Mrs. William Ward of Livermore, Cal.

The funeral will be held from the home Sunday afternoon.

Mrs. French's death has caused much sorrow among a large circle of friends. Before she became ill, she was an enthusiastic worker in the church and all public enterprises where women took an active part. She took a great deal of interest in real home making and for many seasons took charge of the baked goods exhibit at the county fair. Since she has been ill, her friends greatly missed her assistance and all will join in extending sympathy to those who are left to mourn her loss.

### Flour Cards to Be Issued in 3 States

Michigan Will Go On Ration Basis Along With Wisconsin and Illinois—5 Pounds a Month.

(BY ASSOCIATED PRESS) Chicago, March 29.—Flour cards will be issued to retail dealers in Wisconsin, Michigan and Illinois. It was decided here today at a conference of food administration officials of those states.

The officials met with representatives of the grain and food divisions of the federal food administration to formulate rules for the distribution of flour and other grain products.

The flour cards will permit dealers only a certain per cent of their normal purchases each month. The dealers will be obliged to govern their sales to customers by the amount allotted them by the state food administrations, and it was predicted that six pounds per person probably will be fixed as the proper amount which grocers will be permitted to sell each month to his customers.

### FUNERAL FOR MORTON BASE THIS AFTERNOON

The funeral of the five weeks old son of Mr. and Mrs. Fred Morton, was held this afternoon from the home at 203 North Birch street, the Rev. W. J. Datson officiating. Interment was in Lakewood. The babe died yesterday morning.

### M. N. SMITH NAMES COMMITTEES FOR 3RD LIBERTY LOAN

An Effort Will Be Made to Get More Individual Subscriptions in This New Drive.

### THE AMOUNT IS \$620,000 In the Last Drive Schoolcraft County Headed List With 26 Per Cent of Population Subscribing.

M. N. Smith, chairman of the Delta County Liberty Loan committee, has been notified that this county will have to take care of \$620,000 worth of Liberty bonds in the Third Liberty Loan drive which starts early in April.

To assist him in his work he has appointed the following chairmen for the cities and townships: M. K. Bissell Escanaba; Mayor Jones, Gladstone; George J. Slining, Brampton; R. E. MacLean, Wells; Helmer Bruce, Bark River; L. R. Messenger, Masonville; George Peterson, Bay de Noc; Louis Harmon, Cornell; Charles Olmsted, Garden; August Larson, Maple Ridge; F. W. Good, Nahma; H. D. Gibbs, Baldwin; H. J. Green, Fairbanks; R. W. Roberts, Escanaba township.

All of these chairmen may name as many assistants as they need in order to push the drive to its completion within a day or two after it is started. It is the intention to see every man in the county and every man will be asked to buy a bond.

In the last drive 26 per cent of the people in Schoolcraft county were bond buyers and Mr. Smith said this morning that the disposal of \$620,000 worth of the bonds would be very simple if everyone would take as large a bond as they were able.

There are enough men in the county who are able to buy at least a hundred dollar bond, to make this third drive very easy. The first two bond issues were taken up by a comparatively few people, most of them taking large amounts. These same people will again subscribe, but it cannot be expected that they can duplicate their purchase. This time everyone will have to buy a bond or give a very good reason for refusing.

The upper peninsula has been asked to take \$8,000,000 worth of bonds and it is up to the people of Delta county to be ready when the committee calls to place an order for as large a bond as can be purchased.

Whether the drive will start on April 6th, or April 15th has not been decided yet. A telegram sent out from the state headquarters yesterday stated that the drive would not start until April 15th, but it has been understood heretofore that April 6th was the date.

### DRAFT MEN WILL BE IN TOWN TOMORROW

Sixty-three Will Be at the Court House to Answer to Roll Call Tomorrow Morning.

All of the men who are going to leave for Camp Custer tomorrow night will be at the court house tomorrow morning where they will receive final instructions and one of the number will be named as the leader. No demonstration has been planned, as it is thought the men will prefer to spend the time with friends. They will leave between 8:30 and 9:00 o'clock Saturday night.

### Glee Club Coming Here Next Week

King's Sons Are Looking Forward to Strong Support From Local People For Attraction.

The Carroll College Glee club, from Waukesha will be in Escanaba on Tuesday evening, April 9th, for a program at the Presbyterian church. Those who heard this snappy bunch of boys when they were here three years ago, could not praise the entertainment enough. The program is diversified and consists of solos, orchestral selections and readings.

### WOMEN WILL MEET FOR REGISTRATION WORK.

Women who are interested in the coming registration for women will hold a meeting tomorrow afternoon at the Carnegie library to make plans for the event. There is much preliminary work to be taken care of and Mrs. L. A. Erickson, who is city chairman, is anxious to have all women attend the meeting.

### EXTRA

(BY ASSOCIATED PRESS) BERLIN, via London—4:07 P. M.—Since the beginning of the great battle now in progress, German forces have taken 70,000 prisoners and 1,100 guns, says today's headquarters' report.

### PERSHING SAYS "AMERICANS AT YOUR SERVICE"

(BY ASSOCIATED PRESS) Paris, Mar. 29.—General Pershing called on General Foch at headquarters yesterday, according to L'Information, and placed at his disposal the whole resources of the American army for employment in the battle now in progress on the western front.

"I come," General Pershing is quoted as having said, "to say to you that the American people would hold it a great honor for our troops were engaged in the present battle. I ask it of you in my name and that of the American people."

"All that we have are yours to dispose of them as you will. Other troops and material are coming. I have come to say to you that the American people would be proud to have their sons in the greatest combat of all history."

The matter was placed before the war council, including Premier Clemenceau and Commander-in-Chief Petain, as well as the minister of munitions.

### CITY MANAGER IS SATISFACTORY AT CITY OF JACKSON

Commission Form of Government With City Manager Proves to Be a Success.

### ALWAYS GETS ACTION

Mirror Asks Newspaper Man in That City to Explain the Workings of Plan.

In order that Escanaba voters may know what the city manager plan is doing in other cities, we take pleasure in publishing the following article, which has been furnished us by a Jackson newspaper man:

The speed with which things are done here by the commission-manager form of government in the past three years has impressed the people with the merits of the new system and the outlook for even better things in the future. Red tape, which formerly delayed matters needing immediate attention, has all been eliminated and the administration of affairs, big and little, is executed promptly.

Five commissioners are elected at large. They perform all legislative functions, act finally on things put up to them in matters of policy, and hire the city manager, who is the chief executive and sole administrative officer. The city manager is employed at the start on a three months' trial, during such time being known as acting manager. If he makes good he is then permanently retained as city manager. The commission also appoints the heads

### THE WEATHER

For Escanaba and vicinity: Generally fair tonight and Saturday. For Upper Michigan: Generally fair tonight and Saturday; colder tonight in northwest portion.

Weather Conditions. The southwestern disturbance prevails in diminished form this morning in Oklahoma and Texas. Within the last twenty-four hours it has caused considerable rain in Colorado and in the southern Plains states. Precipitation occurred also in northern Minnesota. Elsewhere the weather has been fair with high pressure dominating the middle west and region of the Great Lakes. Temperatures are somewhat higher this morning in the upper Lake region. Elsewhere the change has been slight.

Generally fair weather is indicated for this locality tonight and Saturday. Temperature at noon.....44 degrees Lowest last night.....35 degrees

### FIGHT VIRTUALLY LOST FOR ENEMY, IS PARIS REPORT

General Feeling Is That for Allies It Is Just About to Begin; Fail to Break Armies at Junction.

### WEATHER ANOTHER ALLY

Eighth Day of Battle Brings Rain Which Will Not Permit Use of Gas; Mud Is Another Aid.

(BY ASSOCIATED PRESS) Paris, Mar. 29.—A great battle is now raging over a front of 70 miles. This extension of the line has increased the number of German reserves engaged.

Although no decisive success was attained anywhere, the impression is that the Allies no longer are compelled to permit the enemy to shape the course which the battle shall take. The general feeling is that for the Germans the battle is virtually lost and that for the Allies it is about to begin.

The operations thus far have been accepted as confirming the theory that Paris is not the main objective of the German offensive, but that it is the plan of the enemy to break the connections between the French and British armies, in which he has failed.

The enemy's main direct attack was westward toward the sea. The Germans are seeking Amiens because this town is an important railway center with English communication.

The eighth day of the battle brought a change in the weather, if the conditions at the front are the same as in Paris, preventing the Germans from using gas. Rainfall makes it more difficult for the Germans to bring up artillery over ground acquired.

It can now be said that the French armies in reserve have come into position and are numerically superior to the German forces. The first big rush of the enemy is decreasing.

### RAILROAD MEN HAVE LUNCHEON AT DELTA

Officials and Members of Safety First Committees Honor R. C. Richards Visit.

Railroad officials and members of the local "Safety First" committees gave a luncheon at the Hotel Delta this noon in honor of the visit in this city today of R. C. Richards, head of the "Safety First" bureau for the railway. Most of the morning was spent in inspecting the shops and after the luncheon the men with their friends were treated to a program at the Delta theatre. This is the first visit Mr. Richards has made to Escanaba in three years and he says he is greatly pleased with the interest the men are taking in the betterment of service through "Safety First."

### JUNIOR RED CROSS HAVE FINE EXHIBIT

What the Junior Red Cross have been doing makes a fine display in the windows of their headquarters on Georgia street. The window is filled with things both useful and entertaining. There are little bed pillows to ease the pain of the wounded and a number of joke books to cheer the men confined to the hospitals.

### THE EVENING NEWSPAPER

Would you rather try to get a man interested in your proposition BEFORE the day's work or AFTER it? Do you think a woman is in a mood to consider your special sale when her mind is engrossed with the burden of a "hundred things to do"? Wouldn't it be better to talk to her AFTER than BEFORE the daily work program? Isn't an afternoon newspaper the medium for you to use?

### GENERAL BELL TELLS SENATE ADVANCE OVER

(BY ASSOCIATED PRESS) Washington, March 29.—The British withdrawal made before the German advance was according to prearranged plans and "is all over now" Major General Franklin Bell told the senate

GEN. J. FRANKLIN BELL.

military affairs committee today. He said they had made active preparations for a big drive. General Bell recently returned from the battle front.

### Sammies Capture 4 Huns; Raid Trench Without Casualties

Patrol of Americans Goes Over Paraphet and Inspects 600 Yards of Trenches Before Discovered.

(BY ASSOCIATED PRESS) With the American Army in France, via Associated Press, March 29.—Four prisoners were captured by the Americans on the front northwest of Toul some time last night or early this morning, according to reports received. It is not known whether the prisoners were engaged in an attempt to raid American outposts or whether they were brought in by an American raiding party.

The artillery fire was heavier during the night, the Germans putting down a heavy barrage.

Two officers and four men went over the top today in broad daylight, a feat seldom accomplished. Although the sun was shining and the sky was clear the Americans decided not to do for any longer their determination to learn whether the Germans were at present in great numbers in the enemy's firing trenches.

Machine guns were posted and the Americans, with grenades swinging at their waists and rifles in hand, left their dugouts and clambored over the parapet.

During the next four hours the men in the trenches waited anxiously, hearing nothing from the patrol who during that time inspected 600 yards of German trenches. It was noon when the head of an American was observed over the German parapet.

At this moment the Germans discovered the patrol and rifle bullets were quickly cut loose in the direction of the six Americans who lost no time in getting out. They returned to the lines unscathed, bringing all the information that they obtained.

### CORPORAL SHEA IS GIVEN PROMOTION

Receives Telegram This Morning Promoting Him Sergeant—Will Leave This City.

Corporal J. J. Shea, who has been in charge of the local recruiting office for a number of months received a telegram from Chicago this morning notifying him that he has been promoted to sergeant and has been detailed as quartermaster-sergeant with his headquarters at Chicago. Sergeant Shea has been in the city long enough to make a number of friends who will be sorry to see him leave but will be ready to congratulate him upon the well deserved promotion.

### Foch Congratulated By President Wilson

(BY ASSOCIATED PRESS) Washington, Mar. 29.—The first official reference of General Foch being in command of the Allied reserve forces on the western front was contained in a cablegram from President Wilson to the French officer. The president's message said, in part: "May I not congratulate you on your new authority. We are following with profound interest the bold and brilliant action of your forces."

### NEAREST POINT TO AMIENS 12 MILES; TEUTONS STOPPED

In Spite of the Strong German Counter Attacks Montdidier Is Held by French; Germans Lose Heavily.

### PENETRATE AT ONE POINT

Further Fighting of Most Intensive Nature Looked for Between Avre and Somme River Triangle.

(BULLETIN) Amsterdam, Mar. 29.—The German supreme command is about to deliver a new and mighty blow on another part of the front which will "tear a new hole in the already piercing enemy ring," the Vochet Zeitung says, Berlin declares.

(BULLETIN) Paris, March 29.—The long range bombardment of Paris was resumed shortly after 3 o'clock this afternoon.

(BY ASSOCIATED PRESS) Paris, March 29.—Violent fighting continued last night in the region of Montdidier, the war office announced today. In spite of German counter attacks the French held on to the village which they took yesterday in this region. Monchel was taken by the French troops. North of Montdidier the French and British held up strongly under German thrusts. The German losses were extremely heavy.

London, Mar. 29.—In the Somme region the British maintained their positions and gained ground in several successful local thrusts, the war office announced today. After holding the line doggedly against a numerically larger force of Germans, the British retired at some points. The Germans again suffered exceedingly heavy losses.

British Army Headquarters in France, via Associated Press, Mar. 29.—The Germans were able to penetrate to Marcelval, twelve miles east of Amiens to the south of the Somme only by means of massed attacks yesterday which gradually forced the British back. There was no confusion in the British ranks, however, the retirement being in orderly fashion.

(Associated Press War Summary) In a southwesterly thrust the German wedge into the Allied lines was stopped short of Montdidier. The enemy seemed held there, 57 miles from Paris. A series of villages were valiantly captured and held by the French troops.

Despite continued counter attacks throughout the night the German forces were unable to dislodge Petain's men from the hamlets on the hills.

Between Montdidier and Somme the Germans seemed to have obtained some ground yesterday in their westward push toward Amiens, the great Allied supply base. But Paris declares the Allies are holding the enemy firmly along a well defined line, which at no point is less than 12 miles from this objective.

The German purpose apparently is to close within the angle formed by the River Avre and the Somme with its point at Amiens. It is in this triangle, therefore, that further fighting of most intensive nature is to be looked for in the immediate future. The German army leaders continue to sacrifice their men recklessly, all war office reports testify.

North of the Somme the British front not only has been stiffly maintained, but has been advanced in some places. Today's statement from the London war office emphasized the success of the British to foil the German plan to establish a movable line through the great assault. Fiercest fire was maintained by Field Marshal Sir Douglas Haig's artillery.

### Two More Aviators Are Killed In Fall

(BY ASSOCIATED PRESS) Fort Worth, Tex., March 29.—R. J. Dalryer and J. Scott Rowen, both members of the Royal Flying corps, were killed in aviation accidents today.

City Manager Is Satisfactory At City Of Jackson

(Continued From Page One) of all other departments, such as city clerk, treasurer, attorney, etc., and all of these officials, including the city manager, shall hold office at the pleasure of the commission.

Jackson had a city council of 16 members, two elected from each of the eight wards. A park board, police and fire board, and other boards brought the number of elective and appointive officials of such character up to 44.

Under the new system the commission and the city manager transact the business done before by these 44 officials. There is not a single board connected with the city government, one city park being under the direction of the board in conformity with the last will and testament of the donor.

A complaint department puts the individual citizen in close personal touch with the city manager. If a street needs some repairing in front of his house; if he has a complaint against the police department or desires action or remedy in any other matter which the city has charge of, he just calls the complaint department (or the city manager's office), and whether the city manager is there or not his complaint or notice is taken care of at once.

Has Follow Up System.

If the department to which a complaint is referred does not act promptly the city manager knows all about such negligence at the end of every day. It is a follow up system. There is no chance for delay.

The city manager knows just what is going on in every department at all times, for he receives complete daily reports from the police and fire departments, and frequent reports, never more than one week apart, from all others. He can tell you this morning every man who was arrested yesterday and the night before, all about the misconduct of an officer or the cause of a particular fire during the same time.

Matters of Discipline.

When members of the police department or any other city department prove incompetent or are guilty of negligence or misconduct of any kind, the matter is brought to the attention of the city manager and the commission. The case is investigated at once and prompt action taken.

"Even though the city may spend as much money during some years under the new form of government as under the old, it has been demonstrated in Jackson beyond any possibility of dispute that the people receive a much greater measure of service and a much greater return in physical value by way of public improvements, and social and civic betterment, for what is expended than they ever did under the old mayor-council form of government," declares A. W. D. Hall, city manager.

Wonderful Natural Mechanism.

The value of a whale's blowhole is a more perfect structure than it is possible to imagine. Day and night, asleep or awake, the whale works his breathing apparatus in such a manner that not a drop of water ever gets down into his lungs.

Still She Complains.

"I don't hold with this 'ere vaccination, Mrs. Green. What's vaccination done for my little Tommy. Since I 'ad 'im done 'e's 'nd whooping cough, chicken pox, measles—in fact, everything but smallpox."

ALL YEAR SCHOOL IS ENDORSED BY SECRETARY LANE

Annual School Term Is Altogether Too Short, Is the Belief of Many Famous Educators.

EVEN CHILDREN LIKE IT

Those Who Have Attended School the Full Year Claim It Is Not At All Disagreeable

"Don't close the schools; use them to maximum capacity," says Secretary of the Interior Lane. In accordance with this idea, the United States Bureau of Education is suggesting that country and village schools be kept open during the summer whenever the school funds make this at all possible.

Annual Term 108 Days.

"After deducting holidays," Commissioner of Education Claxton states, "the annual school term in most of our American cities is not more than 180 days. In many cities and towns the number of actual school days is still less. This means that children who are never absent attend school less than half the days of the year, a little more than 1 hour in 10. Formerly the school year was much longer in the cities of this country as it is now in most other countries.

Children All Like It.

According to a statement of the Bureau of Education, children speak enthusiastically of the all year schools in cities where they are organized.

REPORT OF CONDITION OF THE FIRST NATIONAL BANK AT ESCANABA, IN THE STATE OF MICHIGAN, AT THE CLOSE OF BUSINESS ON MARCH 4th, 1918.

RESOURCES

Table with 2 columns: Description and Amount. Includes items like Loans and discounts, Overdrafts, U. S. bonds, etc.

LIABILITIES

Table with 2 columns: Description and Amount. Includes items like Capital stock paid in, Surplus fund, Undivided profits, etc.

STATE OF MICHIGAN, County of Delta.

I, Leslie French, Cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

The statement made by the Bureau is to the effect that nearly all children say that the school room is much cooler than the streets and their rooms at home; that they have nothing to do except to collect in gangs on the streets; and they may gain a grade or two. Parents of pupils who have gone to all-the-year-round schools were interviewed by the Bureau to get their reasons for sending their children to school in July and August.

E. W. WICKERT SWEARS ALLEGIANCE TO U. S. A.

Alderman of the First Ward Takes Oath of Allegiance Before Judge McEwen.

E. W. Wickert, proprietor of the Annex saloon, who was charged with selling meat on Tuesday, by J. S. Kennedy, was taken before Judge McEwen last night, where he signed the following statement and oath:

"I, Ernest W. Wickert, who conducts a saloon situated at 618 Ludington street in the city of Escanaba, flagrantly, willfully and knowingly violated the food regulations now under federal control, by selling ham sandwiches in my place of business on Tuesday, the 26th day of March, 1918, said day being known as a meatless day and I further wish to make known to the people of the United States that my feeling of kindness that I may have had in the past for the German autocratic government is now forgotten, and that before man and God, I swear allegiance to the country I have adopted and in which I have made my home, the United States of America.

(Signed) "ERNEST WICKERT." In the presence of C. D. McEwen, Justice of the peace. John J. Toian, chief of police. J. S. Kennedy, field agent for upper peninsula federal food administration.

EVENTS OF THE MONTH IN MUSIC

(Furnished by Shrader's Music House)

SOUSA'S BAND THRILLS WITH TWO STIRRING MARCHES

New Heart-songs of America and France Pulsate with Aroused Patriotism.

Can you imagine anything that will stir the patriotic emotions of every loyal American quicker than the martial music of the world's greatest band?

When the selections happen to be the compositions of the March King himself you can picture yourself carried to the very heights of enthusiasm.

This is the effect likely to be produced by two Sousa compositions among the present month's offerings of your Victor Records—U. S. Artillery March and "Liberty Bell March."

For years regarded as the musical high priest of American military spirit, Sousa has kept the flame alive even in the long period when we refused to believe that a German despot who has laid waste the fair land of France and Belgium could possibly have any but benevolent intentions regarding America.

When your government called the best brains of the land to Washington Sousa was among the first to be called. He is now Lieut. John Philip Sousa U. S. N. R. F. with a bigger and better hand than ever.

These two marches have all the old-time Sousa energy, humor and "zazz" with even a trifle more spirit, if possible.

Turning our thoughts naturally to the Liberty Bell Joe Goodwin and Halsey K. Mohr have woven a song around it with a new note in its appeal—"Liberty Bell (It's Time to Ring Again)."

A single bell note sounding out here and there on an unexpected beat gives a clever bit of by-play. The number is effectively sung by the Peerless Quartet.

"There's a Service Flag Flying at Our House" is another song suggestive of sacrifice, yet it is full of life and energy, swinging along at a bustling pace that carries your feet with it. It is sung by the Shannon Four, which assures a most pleasing rendition.

"Sweet Little Buttercup" is a soldier's promise to come back when the war is over, sung by Elizabeth Spencer and the Shannon Four. It is a dainty little song, and the diversity of effect produced by the singers gives it irresistible charm.

Another melody with a responsive sentiment is "Homeward Bound"—a lively number sung by the Peerless Quartet. It has a serious undercurrent, reminding us of the boys in France and of the day we all look forward to, when they will come marching back. The music, which is cheerfully American, takes the edge off the seriousness.

"Lorraine (My Beautiful Alacorne-Lorraine)." A vision of a French grenadier as he sits by the campfire and dreams of the happy days before "All for France" became the watchword of his life. It has a tender interest for Americans, bringing us a little nearer to the soil of France. The song is in dreamy waltz time, and is delightfully rendered by Reinold Werrenrath.

"Chimes of Normandy" is a veritable complement of "Lorraine," saying, as it does, loving tribute to the bells which echo across the Norman orchards. Some of the descendants of the hardy Normans are fighting for France with the British Army today; and yours will be with the American Army. This song is voiced by Lambert Murphy with beautiful effect.

Billy Murray gives a splendid military number, "The Further it is from Tipperary." The song points out that Tipperary being in Ireland, the further the boys in the trenches are away from it, the nearer they are to Berlin. There are snatches of melody here and there from the old tune, but the music is fresh and individual.

"I'm Going to Follow the Boys" is a lively give-and-take duet between a girl and a man. She wants to go "over there" where all her dancing partners are. It is effectively sung by Elizabeth Spencer and Henry Burr and has lots of swing.

Few more remarkable records have been issued than "Fun in Flanders," which give some genuine music from the trenches—songs, jokes, mouth-organs and all—presented just as such entertainments are improvised for the men in the Canadian lines. This number is attractively presented by Lieut. Gitz-Rice and Henry Burr. The former was appointed officer in charge of all the musical entertainments within the Canadian lines and gave free entertainment to 70,000 troops a week.

Dance Music by Waldorf Astoria Orchestra

Of all the dance orchestras in New York there is one you would inevitably choose—the Dance Orchestra of the Waldorf-Astoria Hotel, led by Joseph Keeney. Its music is suggestive of its environment—the bright lights of Broadway unlimited, the world's prettiest women in the world's prettiest dresses, and the dazzle and display of "all they ever goes with evening dress" as Kipling puts it.

The music of this orchestra is now available in your own home on Victor Records. Hear the passionate violins in "Will You Remember"—the waltz from "Maytime" by Sigmond Romberg; and hear Victor Herbert's "American Serenade" from "Her Regiment" as you never heard it before. You will want to go on dancing to these forever.

One of the most charming of Meyer-Hellmund's many delightful songs, "Thou Art Near Me, Margarita" is impressively interpreted by De Gogorza with his superb baritone on Victor Records this month. So spontaneously does he sing this charming lyric that the music of his voice lingers in the memory long after the song has burst from his lips.

After hearing this record of "Margarita" you need not be surprised if you find yourself unconsciously humming snatches of it for days afterward.

And such playing! You do not think of a boy handling the violin—and he is but a boy, yet already an acknowledged master. Heifetz has the unmistakable touch of genius, and he has graciously transferred it to this Victor Record.

"Is it alive?" asked a prominent musician on hearing "La Capricieuse" at the hands of Heifetz. Alive! just expresses the feeling you have when you hear him play this "morceau de genre" by Edward Elgar. You think of some exquisite living thing come out of the nowhere, capricious and uncertain, easily frightened, but tender and loving, seeking that which is best within you and drawing upon the most delicate sensibilities in your own heart.

A charming Neapolitan song, "Pastorale," added to the Victor lists, is presented by Giuseppe de Luca, that virtuoso whose artistry is always manifest whether his work is a grand opera or a popular song. Here is one of those distinctly Italian bits of melody retaining the dominant characteristics of the early days, in the long ago when the shepherds sang their rude songs while guarding their flocks on the mountains overlooking the bay, they very often accompanied themselves on the bagpipe—an instrument that is by no means confined to Scotland. A special feature of the bagpipe is the drone-bass—a single deep note held through the entire piece. The bagpipe has generally been discarded, but the drone-bass is present in this Pastoral.

The accompaniment, however, is so artistically played that it is never obtrusive. One is conscious only of the sustained murmur as the singer declaims the lively melody. De Luca's supreme mastery over his voice is demonstrated in the beautifully diminishing tone of the long note at the end of this song.

Musical Comedy Successes on Victor Records

Among all the "bits" of 1917 undoubtedly the two that stand out in memory's limelight are "Jack O'Lantern" and "Leave it to Jane." You have only to hear them in these Victor recordings to discern the reason for their popularity. While the music is good throughout, here you get the very cream of it all. The numbers from "Jack O'Lantern" include: chorus—"Candy Land"; solo, "Wait Till the Cows Come Home"; trio—"Knit, Knit, Knit"; solo, "Take a Swing With Me"; solo and chorus—"Follow the Girls Around"; and chorus—"Wait Till the Cows Come Home."

"Leave it to Jane" is a musical comedy made out of the popular farce, "The College Widow." The numbers recorded are: chorus—"Just You Watch My Step"; solo and quartet—"The Crickets are Calling"; solo—"What I'm Longing to Say"; duet—"The Sun Shines Brighter"; solo—"The Siren's Song"; and chorus—"Leave it to Jane."

Galli-Curci, that great new luminary in the firmament of operatic charms, with her selection from the "Marriage of Figaro" on a new Victor Record.

Can you not imagine how sympathetically Galli-Curci interprets the heart of Cherubino in her native Italian—his eagerness, his joy in flowers, sunshine, raven his wildly beating pulse, his hunger for love? For Cherubino is a young lover. Inimitable is her singing of the last few lines, "I sigh; I pant; I languish"—and then the quick little burst of joyousness at the end, as the magic of love enfolds the youth in rose-tinted mists.

With the range of selections presented each month by means of Victor Records, embracing every field of musical art, from grand opera by the world's greatest artists to the latest popular hits and songs by the leading entertainers it is easy to keep abreast of all that is new and best in music. Even if you do not possess a Victrola any Victor dealer will be glad at any time to play any selection you wish to hear.

### GOVERNMENT MORTUARY LIST UNSATISFACTORY

Failure of Government to Give Home of Man As Well As Name Is Great Mistake.

The importance of connecting the address with the name as a means of identifying a person is illustrated by the mistake the Treasury Department made recently when it notified a mother that her son had died in the army and enclosed a certificate for \$5,000 in payment of war risk insurance.

It happened that the mother had received a letter from her son dated about a month after the alleged date of his death, so she wrote the Secretary of the Treasury that there must be some mistake. Having a son living she did not want the government's \$5,000.

The Treasury Department was very reluctant to admit that a mistake had been made but after some telegraphing and the added assistance of personal efforts on the part of a United States Senator, the error was acknowledged and the record corrected.

The Joseph Martin who died was a Massachusetts man, while the Joseph Martin to whose mother the Treasury Department wanted to pay the \$5,000 was a resident of Oregon.

The mistake caused considerable anxiety on the part of the mother until she had personal assurance that her son still lived, but it was no greater anxiety than that felt by thousands of relatives and friends who read in the newspapers of the deaths or injury of men whose names but not home addresses are given in reports issued by the War Department.

### GERMANY SHORT OF COAL.

New York, March 23.—German industries are occasionally forced to idleness owing to a shortage of coal as is evident from a report in the Cologne Gazette of February 2, stating that the Federal Council had adopted regulations providing for the compensation of men and women workers for idleness caused by the lack of coal.

### Chinese Favor Large Families.

Chinese are proud of large families, for it is looked upon as a sign of good temper and right living. A large family living together and not dividing the property is a sign of prosperity. One of the highest honors, Wu Fu Tung Fang, or five generations under one roof, is coveted by all but attained by few.

### Aborigines of Australia.

For the protection of the aboriginal Australian race there are institutions under the supervision of aboriginal boards, where the blacks are housed and encouraged to work, the children receiving elementary education. The work is usually carried on at mission stations, but many of the natives are nomadic in habit of life, and receive food and clothing when they call, while others but rarely come under the notice of the boards.

### VENTILATION OF HEN HOUSE

As Necessary for Laying Fowls in Winter as in Summer—Keep Windows and Doors Open.

The henhouse needs fresh air—as much in the winter as in the summer. It is as necessary to laying hens as clean water and good feed. Badly ventilated houses make hens lose vitality, they lay fewer eggs, and often become sick and stop laying altogether. Ventilation is needed also to keep the house dry. When the circulation of the air is poor in cold weather, moisture collects on the inside of the walls and roof. At a freezing temperature under such conditions there is a rapid accumulation of "frost" on these surfaces which makes the house very uncomfortable.

Ventilation to provide pure air and dryness in a poultry house is simply a matter of keeping doors and windows open as much as is necessary to keep the walls dry. Few poultry keepers have any difficulty in doing this until the temperature goes low enough to freeze water in the house. Then the tendency is to close doors and windows to keep the house warm. A general rule which may be followed is to open doors and windows as wide as is necessary to keep the house dry in cold weather and to keep them wide open when water in the house will not

You are lucky when you've got a Helmar to smoke.

If you haven't—your luck is ahead of you.

The world's greatest Turkish cigarette.

Like a "poet's" poem—put together right.

Comprenez vous?

Quality—Superb

### Old Prescription For Weak Kidneys

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefitted, to those who are in need of it.

A prominent druggist says, "Take for example Dr. Kilmer's Swamp Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that so many people claim, it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Escanaba Daily Mirror. Large and medium size bottles for sale at all drug stores.

### HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a pure vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—but have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

### Michigan Pays Large Sum For Education Says Annual Report

Fred L. Keeler, State Superintendent, Submits Figures For Fiscal Year—\$22,142,480.97.

Lansing, March 23.—Michigan paid \$22,142,480.97 for education during the last fiscal year according to the annual report of Fred L. Keeler, state superintendent of public instruction, recently published.

Boys and Girls clubs in Michigan cost the state, The U. S. Department of Agriculture and various other cooperating agencies approximately \$6,700. They produced food and other useful articles valued at \$28,468.22.

County normal schools cost the state on a per capita basis \$70.69, the counties \$15.58 and the city \$15.58

a total of \$101.85.

The amounts drawn from the state and local treasuries for educational purposes follow:

University \$1,434,385; Michigan Agricultural College \$671,000; Michigan State Normal college, \$295,000; Central Michigan Normal College \$96,000; Northern Michigan Normal school, \$64,500; Western Michigan Normal school, \$150,000; Michigan College of Mines, \$1,103.33; Michigan School for the Blind, \$92,450.91; Michigan School for the Deaf, \$99,701.25; Day Schools for the Deaf, \$19,445.60; County Schools of Agriculture, \$8,000; County Normal Schools, \$50,000. Amount of primary money, \$6,225,573; amount received for school maintenance from county and township funds \$12,875,321.88.

William Acher of Oconto is in the city to spend Easter.

### OFFICERS PAVILION FOR CAMP CUSTER

(Special to The Mirror)

Camp Custer, March 23.—Plans have been drawn for an officers' pavilion in connection with the division gymnasium money, for which was subscribed by Michigan and Wisconsin citizens. Work on the gym is expected to commence within a few days.

Whether the pavilion becomes a reality depends on the officers themselves. The estimate cost is between \$6,000 and \$7,000, a per capita cost to each officer not to exceed \$5.00 if all contribute. A canvass is being made of the division officers.

The addition would be 50 x 114 feet with a maple floor for dancing and a balcony for an orchestra.

### Swatters

You can nip colds in the bud—Clear your head instantly—**Try Kondon's for the Cold-in-head** (at no cost to you)

50,000,000 have used this 25-year-old remedy. For chronic catarrh, sore nose, swollen, cold, sneezing, nose bleed, etc. Write us for complete literature or buy bottles at druggists. It will benefit you NOW! It costs more than 10 cents, or we pay money back. For trial ask for free literature.

**KONDON'S CATARRHAL JELLY**

### Salts Fine for Aching Kidneys

We eat too much meat which clogs Kidneys, then the Back hurts

Most people forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing, occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here.

Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from

the acid of grapes and lemon juice, combined with bicarbonate to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney troubles while it is only trouble.

Sometimes a raise of salary can be secured only by a change of positions. So—watch the help wanted ads.

The bureau of crop estimates, United States department of agriculture, has received from a special list of truck growers and dealers in different states in which winter crops are grown reports relating to the condition of various crops on December 1, 1917, as compared with November 15, 1917, and December 1, 1916. The estimates were made on the basis of 100 representing a normal condition. In the crop figures for California the first number in each instance is for December 1, 1917; the second for November 15, 1917, and the third for December 1, 1916: Cabbage, 84, 92, 90; celery, 90, 100, 95; Bermuda onions, 94, 93, 90; strawberries, 83, 97, 90; cauliflower, 86, 88, 90; celery, —, 75, —; lettuce, 91, 98, 98; green peas, 82, —, 80.

The war will be won by the declaration of the German armies in toto, by the allied preponderance of artillery, says Scientific American. Even though they seek to save their diminishing man power by remaining on the defensive, they must hold their lines, and in so doing must be subject to an overwhelming shellfire attack from which there is no escape. We can make no more important contribution to the allied cause than to mobilize every possible forge, factory and machine shop for turning out artillery of heavy caliber.

Great Britain has had a practical thought of big value. It is to make use of prisoners of war upon the farms to increase the food supply and release a portion of the food-carrying ships for war transportation. It is proposed to give the farmers at once the services of 30,000 able-bodied young men. The idea was carried out very successfully in our Revolution, when the Hessian prisoners were turned over to the farmers of Virginia and Pennsylvania. Most of them stayed here and many of our prominent men are descended from Hessian prisoners of war.

Germany has looted the St. Quentin banks, but it's not to be wondered at. When a man has gone out on a drunken debauch and committed every kind of crime, no one would expect him to be able to do a little better.

"SIGHT UNSEEN" TRADE IS GAMBLE

Consumer Takes Long Chance When He Buys From the Mail Order House.

GENERALLY LOSING GAME

Method of Doing Business Is Very Different When You Purchase Goods From Your Home Merchant.

When you were a youngster, did you ever make a trade, "sight unseen"? Of course you did. What boy has not risked his jackknife or his choicest marble on such a proposition and how often has he repeated of his rash deed when he discovered what he got in the trade? He generally found that the deal turned out to the advantage of the one who made the proposition. There is a little of the gambling instinct in the blood of nearly every man, woman and child, but even the hardened gambler likes to get a "run for his money." The "sight unseen" proposition doesn't appeal to him in the least. There are thousands of people, however, who would be properly indignant if they were accused of being gamblers, who every day take a chance on the greatest gambling game in the world. And worse than that, they are risking their money on a "sight unseen" proposition.

When one of the thousands of persons who build up and keep up the great mail order houses of the country sends his money away to pay for some article that he has selected from the mail order catalogue, he is taking a chance on getting what he expects to get. The mail order house may be perfectly honest and still the purchaser stands a good chance of not getting what he expects to get. The mail order catalogues are filled with pictures that catch the eye. The descriptions are brief, as they must be when thousands of articles are to be described within the confines of one book. No matter how hard the mail order house might try to tell the truth, the whole truth and nothing but the

truth, it would be an impossibility. The buyer is simply taking a chance.

Buying "Sight Unseen."

How much more satisfactory it is to walk into a store in your home town and ask to see an article which you may have seen advertised in your home paper. What would anyone think of your business ability or your common sense if you walked into a store at home and said: "I saw a picture in the paper today of a suit which I liked very much. Please wrap up one for me. Here's the money." The merchant would think that you were crazy, but that is exactly what you do every time you send an order to a mail order house. You buy "sight unseen" and you haven't a ghost of a chance of getting your money back if the article is unsatisfactory when it reaches you.

How different is the proceeding when you go into the store in your own home town to buy a suit of clothes, or a stove or a yard of ribbon. You may have seen a picture of it in the merchant's advertisement in the home paper and you know that, as the merchant is reliable, you can count on the goods being as he represents them in his advertisement. But does he ask you to take his word for everything? Does he hide the article behind the counter and tell you that you can't even see it until you buy it and pay over the money for it? Hardly. If the article is not already in plain sight on the counter, the merchant produces it for your inspection. If it does not exactly suit you, he has others that are a little different and that he is glad to have you inspect.

Get Merchant's Guarantee.

Then, if it is a suit of clothes you are buying, or a piece of dress goods or a pair of socks, you may ask if the merchant will guarantee that it will wear as long as an article of that kind could be expected to wear and he will tell you either that he will guarantee it or that he will not. If he tells you that he will guarantee it you will know that you will get your money back or another suit or another pair of socks in its place if it doesn't wear like it should, for the merchant, besides being an honest man in most cases, cannot afford not to make his word good. He is dependent upon your business and that of others in his own community and he cannot afford to misrepresent his goods.

After having all this opportunity to see what you are buying, you take your suit or your stove or whatever it is you buy home or it is sent home for you without any delivery charges, and after you get home and take another look at it and decide you don't want it after all, you send it back.

You are not buying something "sight unseen" when you buy from your home merchant. You don't look at a picture of an article in a newspaper, read a short description of it, go to the post office and buy a money order and send it to the merchant with the instructions, "Send me a suit of clothes"—or a stove or whatever it may be—and I'll pay your delivery man 50 cents for delivering it to me.

There's a world of difference in the two methods of doing business and it's not hard to figure out which is the best for the man who is doing the buying.

Early United States Currency.

In the early periods of the United States 1-cent pieces were copper, then for a comparatively short time of nickel, though the proportion which the copper and nickel coins formed of the total is very small, the entire number of copper 1-cent coins issued being 156,780,000; nickel, 200,772,000; bronze, 2,146,711,000.

Unprepared.

Daughter (weeping bitterly)—"Oh, do have pity, papa, and let Edward and me be happy." Papa (naturalist, furiously)—"What! You think of matrimony, when you don't even know how many vertebrae there are in the spinal column of a lizard!"—Christian Register.

Horsing an Old Sport.

Chester was probably the first place in England where horsing was established, as in 1009 the mayor of that city offered a prize for such a contest.

A Foolish Little Yellow Goose Was Sent To Soldiers

When Christmas Packages Were Opened the Men Found Much Amusement in Discarded Toy.

It couldn't have happened except by accident. No sane person in his sober senses would ever have thought of such a silly thing when he was dealing with "condemned" men in that terrible hospital—men whose spines were wounded so that they could never walk again, and many of whom could live but a few weeks at most. For such men we think of comfort pillows, and soft slippers, and sometimes we wonder if a bible might not be appropriate.

But a silly, ridiculous, utterly useless and irreverent toy, such as that which greeted the "condemned" of the big hospital could have got there only by accident—or by the inspired hand of a child, and that, too, would have been an accident.

But it happened, just when the devoted nurses of the American Fund for French Wounded were giving the poor fellows some gifts from Louisville, Ky.

When the word, "presents from America," was passed along, faces brightened with anticipation, and the pleasure at receiving their gifts of slippers, blue, pink, mauve and green, was nothing short of pathetic. At last a bag was opened, and in addition to slippers, came a foolish little red and yellow wooden goose. How it had got in there no one knew, but probably from some Louisville child's treasured toys, but it caused no end of merriment.

When six of the young officers begged the committee to have tea with them, the table was set in the small sterilizing room, with cups and saucers hastily gathered. The feast consisted of tea, honey instead of sugar and milk, and slices of war bread and butter, with Quacky Doodle occupying the middle of the table, gravely bending his head to every motion about him. Without him, the meal might have had its sober moments; but with that ridiculous wooden goose before them, those "condemned" men behaved like children.

Little girl or little boy in Louisville, did you slip in Quacky Doodle? You never thought, did you, he would be the guest of honor at a party, in such a famous place?

GERMAN HOTEL CLOSED.

Amsterdam, March 29.—The Kaiserhof Hotel, which is now to be taken over by the German government, is the twenty-fourth Berlin hotel to be commandeered or closed. Before the war there were 15,000 hotel beds available for visitors to Berlin. The number is now only slightly above 10,000.

ALL TIRED OUT

Hundreds More in Escanaba in the Same Plight.

Tired all the time; Weary and worn out night and day; Back aches; head aches. Your kidneys are probably weakened.

You should help them at their work. Let one who knows tell you how. Mrs. Fred Harvey, 319 N. Mary St., Escanaba, says: "Several years ago I was feeling awfully bad on account of my kidneys. They were weak and acted irregularly and I always felt tired out and listless. I had no ambition to go about my housework, and at times, nervous, dizzy spells came over me. Spots floated before my eyes and blurred my sight. Several boxes of Doan's Kidney Pills cured me of the trouble and put my kidneys in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Harvey had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Report By The War Relief Of Delta County

Under the by-laws of the Delta County War Relief association, it is provided that any individual, firm or corporation in Delta county, who being able, refuses to support the association and co-operate with it, shall be published.

Read the Mirror Classified Ads COMPLICATIONS ARISE WHEN FOREIGNERS DIE Lansing, Mar. 29.—How to comply with the state law requiring notice to the consul of foreign lands when people from aboard die in Michigan and the question which the war has brought to the courts of this state. The predicament was referred to the department of Attorney General Alex J. Groesbeck. This solution was to notify the Swiss consul at Chicago, Arnold Holinger also A. Mitchell Palmer, custodian of alien enemy property.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back its Color and Lustre with Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

RUSSIA OWES MUCH TO RED CROSS FOR GREAT ASSISTANCE

Russia Is Being Helped by Great Organization As Far As Circumstances Permit.

FEED THE CHILDREN MILK

Figure That Russia Needs a Million Cans of Condensed Milk Every Month.

Russia is being helped by the American Red Cross as much as the present circumstances in that country will permit.

Program Will Be Carried Out. The total appropriation by the Red Cross for Russia is \$751,940.

Russia Needs Help. No other country needs the help of the Red Cross more than does Russia.

In Roumania the same obstructions to Red Cross work are found, but in spite of all handicaps the relief program in both countries is being applied by Americans who are braving real dangers in the interest of humanity.

OSHKOSH SCENE OF WET AND DRY FIGHT

For the First Time in Nine years Local Option Has Come Up As a Lige Issue.

Oshkosh, Wis., March 29.—For the first time in nine years, the city of Oshkosh, with 35,000 population and 123 saloons, will vote at the spring election, Tuesday, April 2, on local option.

It is stated by dry leaders that a canvass has shown some surprising results in quarters supposed to be decidedly wet and they think that war has put a new complexion on the liquor question.

It will eliminate much of expense which otherwise would fall upon the small farmer.

Halladay who "knows sheep" will go to the markets, Chicago principally, and purchase two lambs in car load lots.

Details of the plan were completed recently at a conference between Augustus C. Carten, secretary of the Public Domain Commission, and T. P. Marston, representing the Northeast Michigan Development Association.

They will pay cost of the lambs, plus freight, plus feeding.

EGGS FOR HATCHING

English White Leghorn, Barron Strains, free range and bred to lay. The best known winter layers.

Price prepaid to destination; 15 for \$1.25; 30 for \$2.10; 4 dozen and up, 90c per dozen. Capacity, 4,000 per week. Baby chicks, 15 cents each. Cloverland Poultry Farm, Escanaba, Mich., RFD No. 1.

LaFollette Should Be Expelled Asserts Mississippi Senator

(BY ASSOCIATED PRESS) Washington, March 29.—Reading Wisconsin newspapers today regarding the senatorial campaign, Senator Williams of Mississippi said:

"That, of course, referred to Senator La Follette who ought to be expelled from this body."

This was the first declaration in the open in the senate regarding the views of any senator on the expulsion of La Follette. The senator from Mississippi also declared Victor Berger of Wisconsin ought to be interned.

MINNEAPOLIS MILLS GRIND RICE FLOUR

Some of the Mills Will Start Soon to Turn Out About 500 Barrels Each Day.

(Special to The Mirror) Minneapolis, Minn., Mar. 29.—Grinding of rice flour as a substitute for wheat flour will be begun shortly by some local flour mills.

Originally it was planned to grind rice flour on a large scale but although a good quality of flour is produced from rice, millers found it would not be available in sufficient quantity for extensive milling.

Production of rice flour, primarily in line with the food administration's program to encourage use of wheat substitutes, according to John S. Pillsbury, an officer of a local milling company.

Minneapolis mills have been grinding barley flour and other wheat flour substitutes for some time.

ELECTION MONDAY ALL BANKS CLOSED.

Election is next Monday and as it is a legal holiday all of the local banks will be closed all day.

Outside of that the people will not be bothered much by the spring election. There is only one ticket and voters in general will not trouble themselves to cast the ballot.

MICHIGAN WILL HAVE OFFICIAL SHEEP MAN

H. H. Halladay Has Been Appointed To Buy Sheep and Lambs For State Farmers.

Grand Rapids, March 29.—H. H. Halladay of the Michigan Live Stock Sanitary Commission has been named sheep purchasing agent for the Michigan War Preparedness board, which is underwriting to the extent of \$10,000 the purchase of sheep for Michigan farmers.

Details of the plan were completed recently at a conference between Augustus C. Carten, secretary of the Public Domain Commission, and T. P. Marston, representing the Northeast Michigan Development Association.

It will eliminate much of expense which otherwise would fall upon the small farmer.

Halladay who "knows sheep" will go to the markets, Chicago principally, and purchase two lambs in car load lots.

They will pay cost of the lambs, plus freight, plus feeding.

DO NOT DELAY IN TAKING OUT WAR RISK INSURANCE

Relatives Are Allowed to Make Application for the Boys' War Risk Policy.

TIME LIMIT IS APRIL 12TH

Cost Is Little and the Benefit Great; \$10,000 Costs But Little Each Month.

(Special to Mirror.) Lansing, March 29.—The time limit for soldiers taking war risk insurance has been extended to April 12th.

Dependants or relatives of soldiers and sailors should write to them at once urging them to take advantage of the government insurance if they have not already done so.

There is no red tape about this insurance. Assistance of lawyers or claim agents is not needed. The government has made it easy for beneficiaries or principals to collect their claims.

The soldiers themselves must apply for the insurance or if unable may cable or telegraph their relatives to make application for them and such messages will be accepted as personal application by the War Risk Insurance Bureau of Washington, D. C.

A few dollars paid per month gives service men \$10,000 insurance. Red Cross Army nurses also take out this insurance.

The government's automatic insurance has been discontinued and no man is now insured unless he makes application.

The Freshmen class of the high school held a meeting Wednesday evening at the dismissal of classes, the object being to form plans for the Thrift Stamp drive which is to be launched next week and is to continue for one month.

Myrtle Lemire and Clayton Schram were elected as leaders for the class.

### Detroit Boy Killed On Western Front; In LaFayette Corps

(BY ASSOCIATED PRESS)  
Paris, Mar. 25.—Phelps Collins of Detroit, Mich., member of the LaFayette Air Corps, was killed in an air fight on March 13, it was announced today.

While on patrol duty Collins was attacked by a number of German machines. He drove one adversary down and then was hit himself, falling inside the German lines.

Collins had been at the front for about five months and had shot down two German machines. He was considered one of the best airman in the LaFayette corps.

Phelps Collins was one of 24 Americans commissioned in the aviation reserve in France, on recommendation of General Pershing last December. He was made a captain.

### Flour Hoarders Are Turning In Stocks

Several Tons Have Been Turned In By Local People Along With Much Sugar.

J. S. Kennedy, field agent for the food administration, says that several tons of flour and many barrels of sugar have been released by food hoarders in Escanaba within the past two days.

"I am not going to leave town," says Mr. Kennedy, "until every food slacker has come clean." He also said that there would be no excuses after Saturday night for the food hoarders and any offenders would be given severe punishment.

### FAREWELL PARTY IS GIVEN FOR SOLDIER

A farewell party was held at the Hartwig home last evening in honor of Ernest Luecke who will depart for Camp Custer on Saturday.

The evening was spent in music and games after which a delightful luncheon was served. The guests presented Mr. Luecke with a gift in token of their friendship. All present declared they spent a most enjoyable evening.

### FARMERS WANT AID OF WOMEN ON FARMS

Department of Labor Declares That There Will Be a Big Demand For Women Workers.

The following statement regarding demands for woman labor in the different states is authorized by the Department of Labor through Mrs. Hilda Mulhauser Richards, chief of the Woman's Division United States Employment Service:

"The Department of Agriculture advises us that their county agents report that women will be used in different occupations in the various states as follows:

In Iowa, Illinois, Indiana, Minnesota, Nebraska, Georgia, New York and Vermont indications are that women will be needed in large numbers to do farm work.

California, Washington and Oregon will use foreign or colored women.

Kansas, New Jersey, New Hampshire, Connecticut and Rhode Island will use women in fruit packing and truck gardening as they have in the past.

Virginia will use women for picking apples and fruit.

Utah is going to make a drive for women workers in their sugar beet fields.

Kentucky will use women for berry picking.

As yet no specific figures are obtainable as to the actual number of women needed.

There is a feeling on the part of the county agents of the Department of Agriculture that there ought to be no general move to put women on the land because the farmers were already expressing the opinion that there was a move to substitute women for men to do farm work and they objected to it.

"The farmers will use men and boys as long as they are available.

### Music Contest to Be at Schrader's Tomorrow

Fine Program Has Been Prepared for the Young People—Great Interest Aroused.

The Music club is doing a great work among the children of this city and the interest that has been aroused among them is wonderful. Tomorrow morning the meeting will be held at Schrader's Music Store and the children are asked to have a pencil and paper with them. The program is in charge of Mrs. P. A. Lint, who will be assisted by Miss Elsie Becker and Miss Irene Johnson. A lengthy program taken from a list of the best composers will be given.

### CARD OF THANKS.

We wish to extend our heartfelt thanks to our many friends who helped us in our grief and sorrow of our beloved son and brother. We also wish to thank the ladies of the G. I. A. for their help and floral offering.
