

HUNS FORCED ON DEFENSIVE

GRANT STEPHENSON REACHES MARINETTE AFTER A FAST TRIP

Late Senator's Son Made Good Time in Getting Home From France; Was in Milwaukee.

TELLS OF EXPERIENCES

Has Been in Charge of One of the Most Dangerous Occupations in the Navy Service.

Lieut. Grant T. Stephenson has returned from France and arrived at Marquette, Thursday night. He spent three days there and arrived in Marquette this morning. Lieut. Stephenson is in command of a mine sweeper, which is considered to be the most dangerous pursuits of the war, so far as the navy is concerned.

"I was notified by cable of my father's illness and obtained leave at once," said Lieut. Stephenson. "The day I sailed from Brest I received another cable from the navy department announcing his death. I had not seen him for fifteen months, but from his vigor I had always thought he would live to see the hundred mark."

Long in War Zone.

"I have been in the service 'Over There' nine months. My work has been on the sea, of course, except for a few weeks I was practically chief of police of a French port, and I have therefore not seen any of the great battlefields. So far as any reports regarding the conduct of American soldiers in France are concerned, I feel qualified to speak, as I have seen the men at the ports where they landed and where they came for recreation and the stories of dissipation are all dead—lies. I had no trouble with them when I was in command of the patrol, practically chief of police at one of the ports.

"The Americans, whatever their descent, get along with the French people wonderfully well. You see American and French soldiers fraternizing everywhere and the same is true of men in the navy. Ports along the coast where American troops are landing are being made into visitable American cities, with American police, American traffic cops, and all that. There is an American railroad in France, fully equipped and manned by Americans, which is 200 miles long and a vast amount of necessary preliminary work is under way for the armed host which the United States is sending over there.

Have New Device.

"In mine sweeping we use a new device which I am not at liberty to describe. Our heavier men of war are not with the allied fleets but the American navy is well represented by its swift patrol vessels, destroyers, etc. It has the record thus far of not having lost a soldier on board a transport headed for France, which was conveyed by vessels of the American navy."

WOMENS WAR WORK WILL BE KEYNOTE

Will Urge Suffrage Votes By the Work Women Are Doing to Aid in Great Conflict.

Detroit, April 1.—Women's part in the war will key the coming fight for equal suffrage in this state, it was indicated today from the Michigan Equal Suffrage association headquarters.

Campaigners may devote comparatively little time to the 'athical or legal aspect of the question believed to be already well known through years of reiteration. They will rather follow the tactics which recently were effective for their fellow workers in England and ask the ballot on the strength of what women are doing in the war.

Fireman Connelly Builds Fine Ship

Handsome "Three Sticker" It at Present "Quarantined" in the Department of Health.

C. J. Connelly, a member of the fire department, has just completed a model of a three-masted schooner, which is complete to the very smallest detail. It is a little over three feet long and is equipped with every halyard and pulley that would be found on a full sized ship. As soon as the boat was painted it was placed in the office of the department of health and Dr. Carlson says he will give the "skippers" a clean bill, before the ship sails.

Carpenters' Strike Spreads Fast; More Demand Higher Wage

Norfolk, Va., April 1.—A strike of union carpenters employed on construction at the army and navy bases here was called this morning and spread this afternoon to the navy yards at Portsmouth and Hampton. Most of the carpenters in the entire vicinity are out.

Other classes of skilled laborers also began to walk out at Bush Bluff, army construction base. Five hundred carpenters and the entire force of electricians, plumbers and metal workers quit work.

All carpenters working for contractors at Portsmouth navy yard went out. About 6,000 union carpenters are employed in government work in this district.

Norfolk, Va., April 1.—A large percentage of union carpenters employed in government construction at the army and navy bases here failed to go to work today. Union leaders said no strike had been called although an increase of from 58 to 62½ cents an hour was requested.

MEATLESS DAYS ARE OFF FOR THIRTY DAYS

Instructions Have Been Received to That Effect by Food Administrator

B. P. Pattison says that meatless days are off for at least thirty days. Temporary relaxation of the restrictions was decided upon because thousands of hogs now coming into the market has increased the meat supply beyond the country's shipping and storage capacity.

In a statement announcing the order, Herbert Hoover, food administrator, expressed confidence that the producers would not take advantage of the holiday to ask more than fair prices, and that the "packers and retailers will have sense enough to realize that his is not to be a holiday of high prices."

College Teacher Is Given Coat o' Tar By Patriotic Band

Ashland, Wis., April 1.—Two automobile loads of men took E. R. Schimler, teacher in the college here, accused of being pro-German, into the woods at midnight last night and tarred and feathered him.

Schimler was in his night clothes and returned to his room after the experience. The police spent the rest of the night scrubbing the tar from his body.

Schimler was born in Germany 45 years ago and is single. He taught French in the college. According to Schimler the "night raiders" were well organized and went about their task in a systematic manner. They had handkerchiefs and shawls around their heads. He was unable to identify anybody.

COLISEUM READY FOR EASTER BALL

Many people will attend the Easter ball which will be given at the Coliseum this evening. The interior of the big building has been decorated for this occasion and Olmsted's orchestra will furnish the music. The Gladstone car will be on hand after the ball to return the Gladstone people to their homes.

Stool Pigeon Shot Down After Crusade Raid By The Police

New York, April 1.—Seven hours after a raid by the police on gambling quarters, Harry Cohan, better known as "Harry the Yot," the name of the man higher up in a gambling crusade, was shot and killed.

District Attorney Swan immediately ordered the apprehension of Sam Schepps who was one of the prosecution's star witnesses against Charles Becker, police lieutenant who was executed for the murder of Herman Rosenthal in 1912.

Schepps and two other men who were with him when the police visited Schepps' jewelry store were taken into custody. They were hurried to the district attorney's office. Up to the time of his arrest the district attorney withheld his reason for desiring Schepps to appear.

It was not asserted that he was near when Cohan was shot but the police declare he is identified in an inquiry as a friend of a woman who with two men was arrested last week upon information furnished by "Harry the Yot."

WHO IS ALDERMAN IN THE SIXTH IS QUESTION TODAY

Edward Smith Jumped in the Last Minute and Is Making Run On Slips; Is Confident.

OPPONENTS WIDE AWAKE

Edward Jernstrom Says That He Is Confident of the Results and That He Will Win.

An election surprise was sprung at the last moment yesterday when Edward Smith of the Sixth ward let it become known among his friends that he was going to make the run on slips.

Edward Jernstrom, the opposing candidate, immediately assembled his forces and thought this afternoon that he would have no trouble in having the greatest number of ballots with his name on when the votes are counted.

Ed Smith declared at noon that he was quite sure his slips would be the ones to tell who was to be the next alderman in the Sixth ward. Both sides are working hard and there is intense interest among the voters all over the city as to the outcome.

There will be but little change in the personnel of the council over last year. Isaac Schram will replace Ernest Wickert as alderman in the First ward and T. J. Riley will succeed Marc Pepin as supervisor in the Fourth ward. Mayor Riley will be succeeded by Dr. C. M. Cuthbert.

K. OF C. TO GIVE PRIEST SEND-OFF

Knights of Columbus Will Meet at Their Club House Wednesday to "God Speed" Clergyman.

Notices have been sent out to all members of the Knights of Columbus to meet at the club house Wednesday evening at 7:00 o'clock to escort Rev. Father Dooley to the train. Father Dooley has been appointed chaplain in the army and will work in one of the big K. of C. buildings at one of the cantonments, or else may be sent abroad. He goes from here to Cincinnati and after he arrives there will receive final instructions.

His friends in Escanaba are arranging to go with him to the train and give him a hearty send-off.

BERLIN, MICH., WANTS TO BE PERSHING, MICH.

Grand Rapids, Mich., April 1.—A petition will be circulated next week in Berlin, Ottawa county, to change the name of the town to Pershing, Mich. Berlin has 459 residents, mostly Irish and Scotch. It has only one German family.

EXTRA STEAMER CELTIC IS TORPEDOED

Big White Star Liner Attacked and Torpedoed.

(BY ASSOCIATED PRESS)

New York, April 1. (2:58 p. m.)—The steamer Celtic, one of the big White Star Liners, was attacked and torpedoed by a German submarine, according to reliable sources of information received here today, and which is reported as correct in maritime circles. The Celtic was coming from England to America. Efforts are being made to save the vessel, which it is believed carried no passengers.

WATER COMPANY DENIES CHARGES

Superintendent Says His Company Has Nothing to Do With Politics Now or Other Time.

A hand bill was circulated in the city this morning with reference to the election being held today, in which it was stated that some opposition to the Non-Partisan ticket had developed, and that some of the candidates on that ticket were likely to be opposed by parties running on slips, and in connection with this statement it was charged that the water company was responsible for this opposition.

The water company wishes to state emphatically that it has no interest whatever in this election. That it is not in any way, directly or indirectly responsible, either for the candidates on the Non-Partisan nor for the candidacy of any other person or persons who may be seeking office at this election. That neither the company nor any of its representatives had any knowledge or information in connection with this opposition until informed by the hand bill above referred to, and that the company expects to continue its negotiations with the officials of the city from time to time, whoever they may be and had assumed that there was to be no opposition to the election of Dr. Cuthbert or his ticket.

WHERE DO SWEATERS MADE BY RED CROSS GO WHEN COMPLETED

"Straight to the Soldier Boys in France and Nowhere Else," Says Mrs. Gibson.

BOYS NEED THEM BADLY

Mrs. Gibson Says Every American Woman Should Knit Every Spare Minute for Men

Women, where do your sweaters go? "Straight to the soldier boys and nowhere else," replies Mrs. Idah Gibson, who has returned from France after seeing everything the American Red Cross does for our boys over there.

"When I arrived at our American training camps in France and saw our boys, some of them just back from the trenches, with the sweaters showing under their tunics, I wished every woman in America could realize just how much comfort these garments were bringing to those they love," continued Mrs. Gibson.

"Since I came back, every time I see a woman knitting socks I want to go to her and tell her how I saw, on Christmas morning, at one of our largest training camps in France, boys holding their socks to their breasts and fingering them, such as a child does a beloved red wagon.

"I just want to add one word more—something that was hurled at me from the Red Cross headquarters at Paris, from the trenches, from the sector which our brave boys are holding now. The Red Cross is, first of all, an organization to help win the war. Every man, woman and child who enrolls in it is a soldier, and is pledged to fight in every way possible against German propaganda and German autocracy."

Mrs. Gibson is giving her experiences to the American people in a series of articles copyrighted by the Newspaper Enterprises Association. She states that not a sweater or other knitted article has ever been sold by the Red Cross, but are given to soldiers impartially.

GUN CLUB MEETS NEXT THURSDAY

All Members Will Be Notified to Be at the Club House Next Thursday Evening.

Notices will soon be mailed for the annual meeting of the Escanaba Gun and Game club, which is to be held at the club house in South Park Thursday evening at 7:30. The club members are anxious to make this year a banner one and everything will be done to get the interest aroused. The real enthusiasts have been busy all winter and most of the boys are in fine form to start the season for trap shooting.

GERMAN ATTACKS DIMINISH AS ALLIES FORCE AGGRESSIVE FOE TO STOP PACE; 100,000 AMERICANS MARCHING TO LINE

All Reports From Battlefield More Optimistic Than at Any Time Since Big Drive Opened; French Push Ahead and British Regain Positions; General Foch Is Directing Strategic Move.

(BY ASSOCIATED PRESS)

London, April 1.—The Germans made two attacks on British positions in the western outskirts of Albert last evening and in both cases were repulsed, the war office announced. South of the Somme the enemy persisted in making attempts to advance but made little progress.

The number of machine guns taken by the British in an attack near Serre was 109.

Paris, April 1.—The battle continued with extreme violence last night in the sector north of Montdidier, large bodies of troops being thrown into the fight by the Germans, the war office announced.

French and British troops broke up fighting waves. The Germans made insistent attacks in attempts to capture Griesnes. The French retained their positions and the town, however, and inflicted heavy losses on the Germans.

(Associated Press War Summary)

As the Allied troops are beginning to swing into the Picardy battle the German assaults are slackening and the Germans are digging themselves in feverishly around Lassigny where the French Pressure has been the heaviest.

South of the Somme the tide turned Sunday. German assaults were repulsed and the French made good gains.

Eleven days ago the conflict opened with British and German soldiers the adversaries. Since then the French and American armies have joined Field Marshal Haig's forces, while Austrian and Bulgarian troops are aiding the enemy. Canadian cavalry and Australian infantry have been doing much fighting under the British flag in the last two days.

Americans Marching To Line.

Over roads in motor trucks and on foot, 100,000 American troops, veterans in the game and seasoned, are moving to join in the fight against the Boche. Their destiny has not been disclosed. All of the American units in this army are seasoned and anxious to get into the fight.

With Old "Pep" the Americans Pack For Front; All Anxious

(BY ASSOCIATED PRESS)

With the American Army in France, Sunday—Great activity continued Sunday throughout the zone where the American troops are quartered. It began at 1 o'clock this morning, when heavily laden motor camions began rumbling through the streets and over the roads, which, by noon, were crowded with camions, both motor and horse drawn, marching men, horses and artillery.

As on Saturday some parties were going in one direction and some in another. The Americans passing were cheered by others who stood along the road watching the virtually unending processions, some of which were miles long.

Out on the open roads the men in the camions sang everything from "The Battle Hymn of the Republic" to "Tipperary." They exhibited the greatest enthusiasm for the work they have in hand, and seemed to be anxious to get it started.

Frequently during the day heavy motor trucks skidded from the muddy and into ditches, but they were quickly and literally picked up by as many Americans as could get a hand on them and set back on the road and started again.

**Many Aliens Vote
In Michigan Today**

Aliens Are Allowed to Vote in This
State After They Have Filed First
Papers.

(BY ASSOCIATED PRESS.)
Lansing, April 1.—Hundreds of alien
enemies, registered as such under the
recent alien enemy registration meas-
ure, were permitted to vote in city
elections in Michigan today.
The paradox came from the old
state constitution which permitted
aliens to vote after they had filed their
first papers. Attorney General Groes-
beck ruled recently that all who had
taken this step prior to May 8, 1912,
be continued in franchise. This in-
cludes many who were classed as
enemy aliens by the government.
The new constitution recognizes the
former arrangement, but restricts its
operation to aliens who conformed
with its requirements prior to 1912.

THE THEATRES

AT THE DELFT TONIGHT.
William Farnum is always welcome
here. He is particularly welcome in
his latest production, "The Heart of
a Lion," which commenced its two
days' run at the Delft theatre today.
It is a pleasure to see Big Bill go
after 'em in his own inimitable way.
When he pulls off his coat and rolls
up his sleeves of his blue shirt, one
can rest assured that there's going to

be action on the screen and plenty of
it. That is what makes "The Heart
of a Lion" one of the finest pieces of
work Mr. Farnum has ever done.
Credit for good work in this per-
formance should go, too, to Mary Mar-
tin, Wanda Petit, Walter Law and
William Courtleigh, Jr. Two women
who combine beauty with acting abil-
ity in such rare fashion as Miss
Martin and Miss Petit would be hard
to find. One never tires of seeing the
vivacity of the little blonde, or the
majestic seriousness of Miss Martin.
"WATCH YOUR STEP."
"Watch Your Step," Irving Berlin's
international syncopated musical suc-
cess, which comes to the Delft theatre
Thursday night, April 11, is said to be
overflowing with ragtime songs and
dances, and which last season scored
what was unquestionably the biggest
success of all the new musical produc-
tions.
Last year it was presented in only
a few cities outside of New York,
therefore the fact that it is to be seen
in this city is probably one of the
most important theatrical announce-
ments that will be made by the local
management this season.
Al Wilcox and Lawrence Faldhusen
have returned from a week's visit
with friends at Garden.
Mrs. Mary Maves and two sons are
the guests of Bark River friends.

DALFOUR KEES

"Keep the Home Fires Burning"

Tonight there will be American boys in
lonely listening posts far out in the desolation
of No Man's Land, American boys in the
darkness and the mud and cold of the trenches
under the ceaseless thunder of guns and the
scream of shells, American boys tramping
along the pitch-black, shell-torn roads.

Through the long, dreary hours, as they
wait and watch in the dark, while dangers
lurk on every hand, their thoughts turn
to the homes they have left behind, homes
on distant farms, in scattered villages, in great
cities, and they see in imagination the plea-
sant home lights shining out into the night.

They Are Fighting to Keep Those Home Fires Burning

You, back here in the peace and safety of the homes they
love, can help in the bitter struggle that our boys must
face tonight, and tomorrow night, and every day, and
every night until the final VICTORY is won. You,
too, must work to keep the home fires burning—for our
sons in France.

They need guns and more guns, shells and more shells,

they need tanks and transports and airplanes, good food
and warm clothes and medicines and hospital supplies—
an ever increasing abundance of all the vital materials
of war, if they are to drive the ruthless German invaders
back within their own borders, and establish for all time
the sacredness of American liberty and the safety of Amer-
ica's homes—their homes, our homes.

For these lads that are fighting and dying for you—do your share to send them to
VICTORY. Invest today in Bonds of the Third Liberty Loan—**ALL**
the bonds you can. **Keep the home fires burning.**

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

DR. BARTH LEAVES A MESSAGE TO PEOPLE

Before Leaving For Three Weeks Rest at Sanitarium He Gives Parting Admonition.

At St. Patrick's church Sunday morning, Rev. Dr. Barth delivered the last sermon he will preach for three or four weeks, as he has gone to a sanitarium for rest and treatment. Telling his people that he was proud of the fact that there was not an Irishman on the "slacker" list in Delta county, he admonished them to continue to give to the cause and do everything they can to win this war and bring it to a close in the shortest possible time.

He told the women of the congregation to work for the Red Cross, and to work hard. Dr. Barth left last evening and will not return for at least three weeks.

PARADE SATURDAY MOST INSPIRING

St. Joseph's Drum Corps Made a Hit When They Appeared for the First Time Publically.

Otto Scheriff had reason to feel pretty proud of his efforts when he marched the St. Joseph's drum corps up Ludington street Saturday night to give the drafted men a send-off. The little boys certainly made a lot of noise and their drum work was exceptionally clever. The Eagles drill team were also in line and Company F, Michigan state troops, in command of Capt. Clyde Hewitt, completed the parade. Several thousand people congregated at the station to see the boys off and many went to the train and threw in tobacco, cigarettes and other presents.

Mrs. Lavolette, of St. James, Mich., is in the city for a short visit with relatives.

WILLIAM SOPER WILL JOIN FLYING SQUAD

Well Known Hotel Clerk Formerly of the Delta Hotel Will Train For Flyer Soon.

William Soper, formerly clerk at the Hotel Delta, but now of the Valley Inn at Neenah, was in Escanaba yesterday to visit with his parents and friends before his departure for service in the aviation corps. Mr. Soper does not know where he will be assigned to yet, but he will leave on April 15th according to the information he now has.

Young Man Leaves Good Business To Fight for Country

Horace C. Provo Was Among Those Who Left Escanaba Saturday Night to Join the Colors.

Among those boys who were members of the draft leaving Saturday night for Camp Custer, was Horace C. Provo, of the Provo Sign Service. Horace is a young man who has by hard work, during the last two years, worked up a very nice business. He has leased choice locations for bill boards and had secured a large amount of advertising from prominent local merchants.

The boards were built at considerable cost and Mr. Provo figured that he would be getting the first cost out of the investment in about two years from now. He is one of many young men who did not claim exemption and has left a business that he had spent some time in building up.

Nothing Else Like It in Escanaba

There has never been anything in Escanaba with the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-Ika. ONE SPOONFUL flushes the ENTIRE bowel tract so completely it relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT, pleasant action of Adler-Ika surprises both doctors and patients.

SIGN UP AT ONCE

On the evening of April 3, the Mirror will publish the names of all those who have refused to contribute their bit to the war relief fund. Most every man, woman and child, who are earning have put their names down for at least one per cent of what they earn each month. We do not like to disgrace the paper by publishing the name of anyone who is too mean to join this cause.

Americans, our nation was a vast, peaceful land. It was organized for peace and suddenly it has been driven to war.

War, we are told, is Hell, but we at home do not suffer that Hell.

At the worst we face discomfort and temporary annoyances due to sudden shifting to war conditions. These things are inevitable.

Let us not whine. Let us meet all with a high heart, with eager courage and with brave cheerfulness. That is the big job today.

German Attacks Diminish As Allies Force the Aggressive

(Continued From Page One)
unfavorable to the aggressive Germans along the British section of the new battle front and was strikingly good period for the defenders.

This morning the British were holding the entire line with strength and they had smashed numerous German attacks at various points and had taken the initiative at several other points.

BULLETIN. Paris, April 1.—The bombardment of Paris by long range German guns was resumed this afternoon.

This Is Not City Directory Story

Washington, April 1.—All have read city directory name stories. Well—the army has more than 100,000 Smiths. There are 1,500 William Smiths, 1,000 John Smiths and 200 John A. Smiths; 15,000 Millers, 15,000 Wilsons and 262 John J. O'Briens, of whom 50 have wives named Mary. There are 1,900 John Browns, 1,200 John Johnsons and 1,940 George Millers.

These figures on identical names risk insurance as a reason why applicants cited today by the bureau of war claims for government soldiers' insurance, or for allotment and allowance payments should sign their full names rather than initials only.

Similarity of names is one reason given for refusal of George Creel, publicity chief, to publish casualty lists without addresses.

American Kidnapped In China Is Rescued

(BY ASSOCIATED PRESS)
Peking, China April 1.—E. J. Purcell, one of the American engineers captured by bandits in northern Honan province early last month and held for ransom, has been rescued by soldiers who intercepted the bandits as they were attempting to retreat farther into the mountains. (Mr. Purcell's home formerly was in St. Paul, Minn.) The bandits succeeded in carrying off the other American captive, George A. Kyle, who is reported to be in good health and treated fairly well by the bandits.

J. F. Buttrick, of Manistique, is in Escanaba on business.

If You Do Not Come Across The Germans Will

WHAT ARE YOU GOING TO DO TO HELP WIN THIS WAR?

At this very moment our noble boys are laying down their lives on the battlefields of France to protect you, your family and property. WHAT ARE YOU DOING TO HELP THEM?

This Association has now been in existence over a month. There is not a man or woman in Delta County who does not know that this Association has been organized to raise money for war activities and the fund is administered by twenty-five representative men of this county. Every dollar will go to war activities except what is necessary for absolute expenses and salary for clerical help.

Fully 95 per cent of the wage earners and those having incomes from other sources have subscribed to this fund at the rate of one per cent per month on incomes less than \$3,000 and two per cent on incomes in excess of this amount. YOU MUST MAKE THIS 100 PER CENT. It is up to you five per cent who are holding back for one reason or another. The fact that you have not been personally solicited does not excuse you in the least. You know of this movement and should come forward willingly and volunteer your assistance.

This Association is going to give you one more chance to come across. After April 3rd no excuses will be accepted from those who are able to give. THIS MEANS YOU—capitalist, railroad workers, farmer, merchant, clerk, dressmaker, painter, blacksmith, professional man, factory worker, house maid, or whatever your vocation may be.

Signing the cards is not your only obligation. After you sign the card you must be punctual in making your payments. Some are still delinquent on the February account. We cannot afford to waste postage and expect all to pay up immediately. Payments for April account are due between April 1st and 15th.

IF YOU CANNOT FIGHT—YOU MUST PAY.

Chicago Is Picking Jury to Try I. W. W. On Espionage Charge

(BY ASSOCIATED PRESS)
Chicago, April 1.—The work of selecting the jury to try 113 members of the Industrial Workers of the World on charges of violating the espionage act, was begun in the United States district court today before Judge K. M. Landis. Attorneys for both sides predicted at least a week would be required to obtain a jury. Many witnesses have been summoned and tons of literature seized by the government during raids on I. W. W. headquarters are stored in the federal building, ready to be used at the trial.

President May Give Speech On New Loan

(BY ASSOCIATED PRESS)
Washington, April 1.—President Wilson is considering enlisting his aid in the new Liberty Loan campaign. It was said today that he might go to Baltimore to make a speech for the loan Saturday, the day the campaign opens.

County And City Lines Not To Be Observed at Camp

It Will No Longer Be Possible to Keep the Men From One City or County Together.

Camp Custer, April 1.—County or city lines will not be observed hereafter in assigning men to organizations at Camp Custer. The new method of receiving and assigning men to training regiments will prevent this and the men from the Upper Peninsula may soldier beside men from Detroit.

When the first draft was received and the division was organized, it was possible to send all men from one county to the same organization. But now when they arrive the men will all be assigned to the 160th Depot Brigade for training. As soon as one has mastered the military rudiments he will be sent to a line regiment. Thus the line regiments which were composed of men from the same portion of the state will be filled with Michigan and Wisconsin soldiers indiscriminately.

Since September the 33rd Infantry has been known as "Detroit's Own," because its entire roster of enlisted men came from that city. The 340th Infantry was composed exclusively of Wisconsin men.

'DOUG' SNUBBED
Kansas City, Mo., April 1.—The engagement of Douglas Fairbanks, a motion picture star, to speak here April 20 for the Liberty loan drive, has been cancelled. It is announced by E. E. Violette, chairman of the speakers' bureau.

Mr. Violette said he had taken this action following a receipt of a letter from Fairbanks' representative in which a parade led by the mayor and city officials, with at least 50 automobiles, was asked to meet the actor and convey him through the streets. The letter also suggested, Mr. Violette said, that the governor and his staff be invited to participate in the parade.

GREAT LAKES SHIP SHORTAGE TO END

Washington, April 1.—Plans for a mobilization committee to regulate the assembling, movement and distribution of bulk freight on the Great Lakes were approved Saturday by the shipping board and will be presented to the director-general of railroads.

The work of the committee is expected to overcome the shortage in lake vessels, due to the transfer of all that were suitable to ocean traffic. An iron ore and coal exchange will be organized under the supervision of the committee, composed of one member each representing the ship owners, railroads and iron and coal shippers.

It was agreed that the mobilization committee would refrain as far as possible from interfering with the individual management of ships, but will assume responsibility for an equitable distribution of tonnage and will have authority to designate the loading of ships as will best serve the country's needs.

Individual owners will be expected to carry out their contract obligations with shippers.
