GERMANY BURNS DAMAGING EVIDENCE

DOCUMENTS PROVING HER RESPONSIBILITY FOR WAR DESTROYED

Socialist Member of Reichstag Makes Startling Revelations and Charges in a Recent Speech in Berlin.

KURT EISNER IS LOSING

Bavaria Said to Be Making Plans to Proclaim Some Form of Monarchy Within Short Time.

Paris, Dec. 3.—The German foreign office has destroyed by fire all the damaging documents in the archives of the German government at Brussels and has also destroyed all documents in Berlin which might be used in fixing responsibility for bringing on the war, according to statements made by Herr Mulchenburg, a former socialist member of the Reichstag, in a speech in Berlin.

The revelations of Herr Mulchenburg, Paris papers state, throw an interesting light on the proposal of Dr. Solf, foreign minister, to have a neutral committee inquire into the origin of the war.

Eisner Losing Prestige.

London, Dec. 3.—Kurt Eisner, Bavarian premier, is losing prestige rapidly, according to Munich advices received here. A Copenhagen dispatch says Eisner was hissed by his own partisans at Munich last Saturday, at a celebration in honor of returning soldiers. Later a supporter of Eisner was not allowed to speak and was compelled to flee from an angry mob which removed red flags from various conspicuous places in the streets and shouted "down with Eisner."

A Berne dispatch to the Daily Mail says it is believed that Bavaria is gradually reaching the conclusion to retain its unity with the rest of Germany rather than seek a separate peace. The message also shows evidences of hostility toward Eisner and action favoring some form of monarchy may be taken soon.

DETROIT LABOR BODY WILL AID SOLDIERS IN SECURING WORK

Detroit, Mich. Dec. 2.—The Detroit Federation of Labor has gone on record as favoring doing everything possible to secure work for the returning Michigan soldiers. The federation has received from its pattern makers' branch a copy of a resolution resolving to admit returning soldiers to the union free of charge, and a recommendation that similar action be taken in all affiliated unions. Many employers are offering to give all soldier-employees their old positions or other positions just as good. The copper mining companies of Northern Michigan are understood to be making like promises.

FURTHER DELAY MAY BE NECESSARY FOR PEACE NEGOTIATIONS

Paris, Dec. 3.—It appears that Germany will not be able to hand over all of the 5,000 locomotives stipulated in the armistice, by December 17 and more time may be granted. This will have the effect of delaying peace negotiations, since they cannot begin until all the conditions of the armistice have been fulfilled. Peace discussions will probably begin December 20, with President Wilson present in person.

MISS M'CAULEY IS SUMMONED BY DEATH TODAY

Popular Young Woman Passes Away After An Illness of One Week of Influenza and Pneumonia.

Miss Loretta McCauley, one of the most popular and highly esteemed young women of this city, passed away at the home of her parents, Mr. and Mrs. James McCauley, 327 North Jennie street, at 3:40 o'clock this morning.

Miss McCauley has been ill but one week from the influenza which was followed by pneumonia. Although everything known to medical science was done to save her life, her system was unable to withstand the ravages of the disease and death ensued early today.

Miss McCauley would have been 30 years of age today. She possessed a sweet and winsome personality which endeared her to a wide circle of friends and her passing away will occasion the deepest and most sincere sorrow among hundreds of residents of this city.

For some time and until the time of her illness she had been employed by the North Star Clothing company and that institution will feel her loss keenly.

She is survived by her parents, two sisters, Mrs. William Baxter of Chicago and Mrs. Arthur L'Heureux of this city, five brothers Austin, Bennett, Ralph and Robert McCauley of this city and Private Roach McCauley who is at Camp Custer.

Funeral arrangements have not yet been made.

WOUNDED MEN WILL GO TO HOSPITALS NEAR THEIR HOMES

Washington, D. C., Dec. 3.—Plans under which all wounded men returning from France will go to hospitals within 300 miles of their nearest relatives, were announced today by the war department. To this end base hospitals and training camps will be turned over to the surgeon-general, thereby providing him with 75 hospitals with facilities for taking care of over 100,000 men. Fifty thousand wounded men are expected to arrive within the next four months.

WALSH MUSTERED OUT.

William Walsh arrived home from Camp Custer yesterday, having been mustered out, after being attached to the receiving station at the camp.

HOLLAND STOPS ALL EXPORTS TO GERMANY

London, Dec. 3.—The Dutch government will stop all exports of food and other materials into Germany in reprisal for the German refusal to permit coal to go into Holland, it was announced today.

NIGHT SCHOOL CLASSES START OUT WELL HERE

About Forty Persons Enroll At Organization of Classes At the High School Last Night.

INTEREST IS INTENSE

One Feature Will Be Great Help to Those Who Will Later Apply For Naturalization Papers.

Organization of the night school classes at the high school last night was most encouraging to those who have been boosting the movement. About 40 men and women were enrolled for three courses which are to be taught Tuesday and Thursday evenings of each week.

Among those enrolling last night, the number is about equally divided between the Civil Intelligence, Domestic Science and Building Trades courses.

Each of these departments carry with them many separate and distinct studies.

The Civil Intelligence course is to be in charge of Miss Lenora Ryan. This is meant to be helpful particularly to those who are preparing for citizenship but will also be invaluable to those who did not have opportunity to finish their earlier education.

Helps in Naturalization. One feature of this course is that when it is completed to the satisfaction of the instructors, a certificate is issued and this certificate is accepted when an application is submitted to tests for naturalization.

R. C. Shaw, manual training supervisor of the high school, will have charge of the Building Trades course. Mr. Shaw has not only had much experience in teaching, but has done more or less actual contracting and building, so that his experience will be invaluable in this course. This course will be intensely practical and the men and boys who take it will find themselves deeply immersed in their studies from the very first lesson.

Domestic Science. Miss Mary McKittrick will have charge of the Domestic Science course which is designed to prepare young women students as well as those who were taken from school at an early age, for the duties of home making. It is desired that more people enroll. There is still plenty of room in all classes and the more persons in the classes, the more general will be the benefits.

If you are interested or if you have a friend who should be interested, Supt. King, of the public schools, asks that yourself or that friend get in touch with him.

MADISON, WIS., HAS PLAN TO AVOID A GENERAL CLOSING

Madison, Wis., Dec. 3.—With the purpose of avoiding a second general closing down of business, this city has adopted a system of quarantine. It will not prohibit the wage earners in a family from leaving their homes to continue work but will stop their visits to other houses. The people are urged to be careful about gatherings and public dances are looked upon with severe disfavor.

President Wilson Will Visit Pope On His European Trip

Rome, Dec. 3.—President Wilson, during his stay here, will visit Pope Benedict. It is announced by newspapers here. He will go to the Vatican from the American embassy instead of from the Quirinal. The president and Mrs. Wilson will be the guests of the King and Queen while in Rome.

BOLSHEVINKI IN REIGN OF TERROR SLAY FRIENDS

Given Protection By White Guard When They Ostensibly Deserted, They Turn Guns on Men Who Befriended Them.

Berlin, Dec. 3.—If a few British torpedo boats or light cruisers with even a small landing force, could reach Revel this week, they could dam the Bolsheviki flood which has been murdering, burning and plundering Esthonia and Latvia, according to a declaration made to the Associated Press Correspondent by Baron Aexzauil, of Esthonia, who escaped in disguise.

The Baron said that his forces had begun to evacuate Nirva when attacked and defeated by Russian troops. Last Tuesday the White Guards, under Count Kellar, of the old Russian regime, were attacked by a superior force of Bolsheviki. The White Guards gave protection a month ago to 500 Russians who alleged they had deserted from the Bolsheviki because of bad treatment. They brought with them a number of machine guns. While the attack was in progress, these guns were turned on the White Guard from the rear.

The Esthonian workmen are nearly all Bolsheviki and the middle classes face the same reign of terror that the bourgeoisie of Russia suffered.

FIREMEN AND POLICE OFFICERS ATTEND THE BRUNELLE FUNERAL

Funeral services for the late Jerry Brunelle, popular Escanaba fireman who succumbed to an attack of heart failure Saturday night, were held at St. Anne's church at 9 o'clock this morning. The services were attended by delegations from the fire and police departments and city officials who paid the last tribute of honor to one whom they had come to admire and respect for his many sterling qualities and his faithful and efficient performance of his public duties.

Otto Wagner Is Now Safely In France, A Message Here Says

Mr. and Mrs. Nicholas Wagner have received word that their son Otto has arrived safely overseas. This is of a course of the deepest gratification to the young man as he had been disappointed on several former occasions when he thought he was to be sent. He was once aboard a vessel which had started for overseas but turned back after being two days after the armistice had been signed. However, a change of plans for a part of his regiment finally gave him the coveted opportunity and he is now in France.

Dr. Lemire Receives Certificate Of His Election To Senate

SHERMAN WOULD DECLARE OFFICE TO BE VACANT

Senator From Illinois Contends That President's Absence At Peace Conference Creates Vacancy.

SAYS IT'S UNNECESSARY

Declares Seat of Government Cannot Be Changed to Any Other Place Except By Act of Congress.

Washington, D. C., Dec. 3.—Senator Sherman of Illinois, Republican, introduced a resolution today proposing that the office of the president of the United States be declared vacant, with the departure of President Wilson for Europe, and the vice president assume the duties of the presidency. He was given unanimous consent for an address criticizing the Presidents course.

The president's trip to attend the peace conference, Senator Sherman said, was without justification and "insidious mischief might result." He asserted that the President's departure would "suspend the legislative power of the government during his absence" because, while congress can pass bills, they cannot be signed or vetoed by the President according to law.

Senator Sherman argued that since under the law, congress had established Washington as the seat of government, federal sovereignty except by action of congress.

EARL SMITH WRITES INTERESTINGLY TO HIS PARENTS HERE

Mr. and Mrs. Ed Smith have received a letter from their son Earl Smith who is with the American forces abroad. The letter arrived on Thanksgiving and announced that the young man had just reached a rest camp after being on the firing line on the Verdun front for a month. He encloses a German franc, taken from a prisoner and states that he has quite a lot of trinkets in the souvenir line to bring home with him.

Military Aviators Form Organization For Public Service

Paris, Dec. 3.—French military aviators plan the organization of an association to foster aerial sports and places competent pilots at the service of the government, industries and business men. The association will include all French aviators and will have the support of the government. A number of noted "aces" have already signed their intention of joining.

Brampton Woman Succumbs To A Brief Illness

Mrs. Henry Rushford, 21 years of age, resided near Brampton died Sunday evening following a brief illness of influenza and pneumonia. The body was brought to the Allo undertaking parlors in this city and prepared for burial after which it was sent to Perkins this afternoon. Funeral services and interment are to be conducted there.

WHY LA FAYETTE CAME

La Fayette was a boy of nineteen when he landed in South Carolina to offer his services in the cause of American freedom. It is said that tears streamed down the cheeks of the grizzled veterans when they looked upon the fresh face of that boy from France.

BISHOP GALLAGHER'S SUCCESSOR MAY NOT BE CHOSEN QUICKLY

Grand Rapids, Mich., Dec. 3.—Rev. E. A. Lefebvre, for 14 years rector of St. Anne's church at Cadillac, has been appointed administrator to handle the business affairs of the Grand Rapids diocese of the Roman Catholic church until the installation of a successor to Bishop Gallagher, who is the new head of the Detroit diocese.

EVERY POUND OF FOOD SHOULD BE SAVED JUST NOW

Food Administrator Prescott Hopes People of State Will Not Relax Conservation Efforts This Winter.

Food Administrator George A. Prescott says: Every effort will be made by the Food Administration of Michigan to save every pound of food that is possible, and that the people of the state will be continually informed of such needs as long as they exist.

One Million Consumptives in the United States.

"Then you consider this a serious menace" was asked. "In my opinion it is, though I hasten to add it is distinctly one against which the people can guard. So far as one can estimate there are at present about one million cases of tuberculosis in the United States.

What to Do.

In his statement to the public Surgeon General Blue points out how those who have had influenza should protect themselves against tuberculosis.

Danger Signs.

The Surgeon General warned especially against certain danger signs, such as "decline" and "colds which hang on."

Patent Medicines Dangerous in Tuberculosis.

"Above all do not trust in the misleading statements of unscrupulous patent medicine fakery. There is no specific medicine for the cure of tuberculosis. The money spent on such medicines is thrown away; it should be spent instead for good food and decent living."

MILESTONES ALONG NEW ROAD HONOR TO THOSE WHO GAVE ALL

(Special to The Mirror.)

Saginaw, Mich., Dec. 3.—The project proposed some weeks ago for the building of a broad "across-the-state" highway as a memorial to Michigan men who gave their all in the war for world freedom, is daily gaining public approval and men interested in the patriotic aspect of the proposition as well as exponents of the good roads movement, believe that it will go through.

It is probable that one of the matters to be taken up at the meetings to be held in January to further the project will be the suggestion that each country erect along the road monuments to its soldier-dead, the stones to bear the names of the heroes. This suggestion has been very well received and in several counties a movement has already been started to follow the suggestion, public subscriptions to be raised toward the cost of the monuments.

Given Twenty-four Hours to Comply with Armistice Terms or German Soil Will Be Occupied At Once.

London, Dec. 3.—A Reuter dispatch from Berlin today confirms the delivery of an ultimatum to Germany, the time limit of which is 24 hours. It says Mathias Erzberger of the German armistice commission, has offered to deliver all the German locomotives stipulated in the armistice terms, as soon as they are repaired. The German papers, the dispatch adds, point out that there is no hope of prolonging the armistice and that it likely the allies will occupy Germany.
The foregoing comes as an add to a London dispatch which has not yet been received. It appears to indicate the delivery of an allied ultimatum to Germany for non-compliance with the armistice terms, with the threat to proceed with the occupation of Germany if it is not complied with.

BOYS "OVER THERE" STILL REQUIRE THE COMFORTS FROM HERE

(BY ASSOCIATED PRESS)

Detroit, Dec. 3.—A plea that there be no slackening now in the work of providing comforts for the men overseas, despite the fact that an armistice has been signed, is made by Lieutenant Jaan Arnold, of the Canadian Field Comfort mission.
"The boys over there" he said, "will not be back for more than a year and the monotony of their lives there will be as great as ever. The fighting itself in this war has not been the worst part as far as I can make out. It has been the "monotony of discomfort" that has been most trying. Let us not permit the men over there to think that, we have forgotten them now.
It was through Lieutenant Arnold's hands in England that went all the comforts the women of Canada sent to their men overseas.
