'BADGERS' CAN BREW IN BASEMENTS NOW

NEW EVIDENCE TO BE GIVEN IN THE STILLMAN CASE BY WIFE

Time Limit For Hearing Has Been Placed For June 14th.

"Clara" Is a New One Which Mrs. Stillman Will Spring in Her Amended Answer.

(BY ASSOCIATED PRESS)
NEW ROCHELLE, N. Y., June 7.—Supreme Court Justice Keogh has limited the hearing of the Stillman divorce case until June 14 which was granted in the court yesterday. At the same time he gave the counsel for Mrs. Anna U. Stillman permission to file an amended answer to her measure to her husband's constant charge of her with infidelity. The defense counsel announced that if this permit was received a woman known to the name of Clara would be named as an additional respondent.

PUEBLO PAPERS PRINT POSTERS ON HAND PRESS

Associated Press Wire Is Installed in the Baptist Church.

PUEBLO, June 7.—Both the Pueblo State Journal and the Christian are publishing editions of their newspapers under difficulties. The papers all this today have been printed in posters by the aid of hand presses and the Christian this morning was a four page newspaper with four columns to the page.
Both newspapers are getting Associated Press service over the wire set up in the hallway of the First Baptist church which is also the temporary headquarters of the telephone company. Several telephones are now in operation, the first wire being opened this morning. Sunday afternoon the Associated Press had a wire in operation into this city from Denver.

MEXICAN POLICY WILL BE GIVEN OUT THIS WEEK

WASHINGTON, June 7.—Formal announcement in regard to Mexico is expected to be made late this afternoon by the state department on the basis of a cabinet discussion today of the reply to President Obregon to the American message outlining conditions under which the United States would consider recognition of the Southern Republic.
Secretary Hughes sent the Obregon note to the cabinet and it was indicated afterward that relations with the government might be expected.

Man Pays Fine For Having Possession Of Undersized Fish

Chief Olson of Bay de Noc township was found guilty in police court yesterday of having undersized whitefish to the amount of 200 pounds in his possession. The arrest was made by Deputy Game Warden Leisner and Roush. This was Olson's second offense and he was fined \$25 and costs. The fish were confiscated by the authorities.

Mrs. J. O'Brien Takes Charge of Department

Mrs. J. O'Brien has returned to this city and will again resume the management of Kratz's ready-to-wear department. Mrs. O'Brien has been engaged in other fields for the past several months, having been manager of stores in South Bend, Ind., and Des Moines, Iowa.

Bonus Application Blanks Are Now at Legion Headquarters

Application blanks for the Michigan soldier's bonus have arrived here and can be obtained at the American Legion office over the Hoyle Baking company.

While the legislature checks the rate about the details of the enabling law which will put into effect the details of the distribution of the \$20,000,000 fund voted by Michigan to its war veterans, the work of collecting the data relative to the honoraries of the bonus is going on.

Herbert Kelly secretary of the local American Legion, makes announcement that the blanks for ex-soldiers only, will be on hand at the American Legion office over the Hoyle Baking company until they are used, providing he has his discharge certificate.

To date no application blanks for coast guardsmen and marines have arrived. Last blanks for former soldiers.

DEATH TOLL IN COLORADO LESS THAN ESTIMATED

Today the Known Dead Is Said to Number But 55 Persons.

Resolution Introduced at Washington to Provide a Million for Use at Once.

PUEBLO, June 7.—3:45 p. m.—The list of known dead will probably take a big jump soon," said Capt. Dennis of the Colorado Rangers this morning. Aside from relief work and the cleanup of the city, the inhabitants were shaken by the mysterious shooting of E. D. Withers, who was driving one of the gas plants in an automobile with his son. Withers who was a prominent business man and when the shot was fired the top of his head was blown off.
Major Harris, in charge of the installation of a food convoy system had a crew of men and trucks and is getting them started back to Colorado Springs for food supplies.
The military orders requiring all able bodied men to report for work brought a large force early today and they were put to work unloading trucks and cleaning up the city as fast as men can be recruited.
It is planned today to send a party down the river in boats in an effort to reach bodies of all those who had become entangled in the debris.
Clear weather today would make it possible to recover many bodies which had been found but could not be reached previously. Red Cross officials which held a meeting last night state that in spite of the fact that the bodies of but 55 have been recovered so far, there seems to be no doubt but that the total will reach 500.

LOSS OF PROPERTY GREAT

PUEBLO, June 7.—A committee of real estate men here today estimated the property damage which was caused by the flood to be \$15,000,000 to \$20,000,000. This appraisal of property loss includes buildings and their contents.

\$1,000,000 FOR USE NOW

WASHINGTON, June 7.—One million dollars will be made immediately available to relief work in the flood district in Colorado under a resolution introduced simultaneously in the senate and house by Senator Phipps and Representative Hardy, both of Colorado.

Veneer Mill Starts Operations Monday

The "Emco" veneer mill was placed in operation yesterday morning giving employment to 35 men. Married men and men who are the sole support of their mothers were taken from the company's regular list of employees to operate the mill. The veneer mill has not been in operation for several months.

Earl Harris in Ann Arbor for Graduation

Earl Harris of the First National bank is on his vacation with Mrs. Harris and has gone to Ann Arbor where he will attend the graduation exercises of the medical department from which his brother Bruce will graduate this year.

DEATH'S PLAYGROUND

NEW HOME RULE PARLIAMENT IS CALLED TO ORDER

Hugh O'Neil Was Unanimously Elected Speaker This Morning.

DUBLIN, Ireland, June 7.—The Parliament of Northern Ireland elected last month under the new home rule measure was opened this morning with impressive scenes in the council chamber of the city hall here. The ceremony occurred in the presence of a distinguished gathering. None of the national members were present. As the forty Unionist members took their seats and proceeded in the organization of the house there was cheering by those in attendance.
Hugh O'Neil, son of Lord O'Neil was unanimously elected speaker.

U. S. Gunboat Will Come Here During the Summer Cruise

According to the news story sent out from the Great Lakes Naval Training Station yesterday the U. S. Hawk has left on its annual practice cruise Escanaba will be visited by the gun boat, but just what day the boat will arrive here is not known.

Charles J. Byrns is Given Praise for His Work

Charles J. Byrns, of the Bell's Eye Veveer company, who had charge of the collection of funds in Delta county for the relief of the starving in China has received the following letter from the headquarters of the American Committee for China Famine Fund.
Dear Mr. Byrns:—Mr. J. C. Kirkpatrick has told us of your excellent work in behalf of the China Famine Fund in Delta county and it gives me great pleasure to tell you how deeply grateful we are for all the efforts you have put forth in our behalf in the face of unfortunate economic conditions you have done a remarkable piece of work. Please accept my warmest congratulations. Very sincerely yours, R. D. Hinkle, General Secretary.
In the complete report of the fund collected through the United States there is not another section with the same population that gave us much money as Delta county. The amount of money sent from this county was more than the sum sent in by several whole states.
Michigan stood well at the top of the list as to states, but Delta county, compared with population, exceeded any other part of the country.

FORD PRICES HIT SKIDS

This afternoon L. K. Edwards, the local Ford dealer received an announcement of the further drop in the price of the Ford line of cars. The new prices are as follows:
Touring Car, (without starter) \$415
Runabout, (without starter) \$370
The first 100 cars listed above are not provided with the starter or demountable rims. These extras cost \$70 for a starter and \$25 for demountable rims.

DON'T LEAVE ANY REFUSE WHEN YOU HAVE PICNIC TIME

Many Seem to Be Careless About Leaving Newspapers and Other Unsanitary Refuse.

From now until late in the fall every Sunday will see hundreds of picnickers going to the woods to spend the day. It may be a little party of four or any number up to twenty-five or thirty. All the land along the bay shore is owned by someone. You are probably welcome to use the ground for a picnic but do not be unfair and leave it in such a mess that the owner may find it necessary to fence it in and not allow any more trespassers.
After you have your picnic, be sure to clean up. Do not leave papers, boxes or any other kind of refuse, but if it is a pile and burn it, but do not burn it on the new grass and make unsightly spots. Find a place where a fire has already been burned or else go down on the shore.
You have no more right to go on another's property and litter it with refuse than you would have to go in his house.

MUCH BUILDING ALONG THE OLD BAY SHORE ROAD

Escanaba's summer colony is going to number a large number of citizens within the next year or two. Already several houses are being built and many have purchased lots with the intention of building this season or later. Within a year or two the shore of Green Bay will be dotted with summer homes all the way from South Park to Ford River. Nearly, if not all of the shore lots which have been placed on the market by H. O. Brotherton have been taken, with the exception of a small park which has been reserved by the owner.

Local Fire Station Being Redecorated

Work was started this morning on the redecoration of No. 1 Fire station in the city hall. The interior of the building is being decorated with a light blue coloring which when completed will greatly beautify the whole interior. This is the first time the fire station has been decorated in eleven years. After the walls are finished the woodwork will probably receive a new coat of varnish by the firemen. The work was started this morning following a decision made by the city council two weeks ago.

Insurance To Be Investigated By The Committee

NEW YORK, June 7.—The Lock wood legislative committee today extended its investigations to the fire insurance companies after Samuel Upton, committee counsel announced that 43 leading companies had agreed to certain recommendations for legislation which would eradicate certain objectionable practices.

THE WEATHER

For Escanaba and Vicinity—Showers this afternoon or tonight; Wednesday; not much change in temperature; moderate to fresh east and southeast winds.

Mrs. Jack King Makes A Complaint Against Husband This Morn

Mrs. Jack King, whose husband disappeared from the city last week arrived in Escanaba last night from Marquette and made complaint to the local police this morning charging her husband with wife desertion. An effort will be made by the police to bring King back to this city to support his wife, King, who was formerly a cook in Elmer Bergman's cafe married Miss Deconper a Marquette girl about three weeks ago. Shortly after their marriage Mrs. King left for Marquette to visit with her parents; she returned from her visit last night to find that her husband had disappeared.

U. S. CRUISER SINKS GERMAN SUBMARINE U97

Sounds Like War Times, But It Really Happened Near Chicago This Morning.

Aboard the U. S. Ship Willmette (By Radio to Associated Press) June 7.—The German submarine U-97 was sunk at 11:09 o'clock this morning in Lake Michigan about 30 miles out from Chicago by the four-inch guns of the Willmette.
The sinking was under the direction of Commander D. W. Wurtsbaugh. Two hundred naval reservists from Indiana and Illinois took part in the sinking. Everything had been removed from the submarine in the way of machinery and brass and the empty hull has been in Chicago for over a year. The submarine toured the Great Lakes during the enlistment campaign and had a record of sinking seven allied ships.

BRITISH TROOPS CROSS POLISH BORDER TODAY

Poles Train Machine Guns On Station But Forget to Shoot.

OPPELYN, Silesia, June 7.—The first British detachment of the Royal Irish Infantry were the first troops to cross the line established by the Polish in Silesia, Poland, and assumed control of the city and will be in charge of the garrison.
Before the arrival of the troops, machine guns had been trained on the station by the Poles, but when the British appeared, the Poles withdrew.

Charles Ford Buys I. S. Co. Wood Yard

With the negotiations closed yesterday the I. Stephenson company trustees has sold its woodyard and contents east of Stephenson avenue and near the E. & L. S. station to Charles Ford. Mr. Ford has been employed at the woodyard for several months and will now take over the entire yard.
Mr. Ford will establish an office at his home for the present where orders for wood will be taken. Orders to the I. S. company at Wells will also be turned over to Mr. Ford. The new owner of the woodyard will devote his time in the future entirely to the wood distributing business.

Victor Holm Saves Young Deer Sunday

Victor Holm, of North Escanaba, rescued a young deer from almost certain death by drowning in Ford River Sunday and now has the deer on his hands and does not know what to do with it. Mr. Holm, who with his family were picnicking near Ford River, pulled the young deer that had been caught between two logs out of the water.

Scout Leaders Form a New Society Here

The Boy Scout leaders of the city including the scout masters and their assistants, members of troop committees and instructors met last night at scout headquarters to form the "Scoutmasters' Association."
John A. Aho was elected chairman of the permanent program committee. In this office Mr. Aho will work with N. Erickson, president of the local scout council and H. G. Zion, scout executive. L. M. Reigs was elected treasurer. Meetings will be held every month for the purpose of discussing the problems confronting the scout leaders.
The meeting last night was made doubly interesting by short talks by L. D. Goddard, on camp sanitation, M. E. Mellman, who discussed troop administration and H. G. Zion who outlined some of the things that were necessary in the proposed scout camp. About forty men were present at the meeting last night.

Governor Has Introduced A Better Bill

All Soft Drink Places Must Take Down the Screens and Bars.
Limit of a Pint Per Person Every 10 Days; No Searching of Homes Is Provided.

MADISON, Wis., June 7.—A new prohibition enforcement bill was introduced in both houses this morning. The measure which is to take the place of the Matheson enforcement bill which was vetoed by the governor carried out the provisions which accompanied his disapproval of the original bill.
The search of dwellings is prohibited in the new bill introduced this morning unless there is established proof of unlawful sale.
The federal Volstead act is supreme in all cases when there is a difference between the national and state enforcement measures.
Another section in dealing with prescriptions, which provided that no intoxicating liquor could be given to any person under 21 years of age. It is also provided that no more than one pint of liquor can be prescribed during any ten days and the loss of license to any offender of the part of the law.
All places with permits to sell soft drinks must remove all standing bars, posts, screens, curtains and blinds, alcoholic, village boards or supervisors have the power to refuse license to persons they deem unfit to carry on the soft drink parlors.
The section of the Matheson bill dealing with the licensing of physicians and the recording of prescriptions is practically retained in the governor's bill.
The prescriptions are limited to medicinal purposes only but no placed on the age limit of for whom it is prescribed.

FIRST FIRE STARTED BY THE MOB

Here is where the mob at Tulsa, Okla., first applied the torch. Other buildings in the negro section were fired later and the flames rapidly spread until they wiped out the homes of several thousand persons, most of them negroes. This picture shows a negro woman being taken from the burned district under protection of guardsmen.

HERE IS A NEW SPORT WHICH ALL CAN PLAY

Cockroach Races Are Introduced Into Turkey by the Russians.

CONSTANTINOPLE, June 7.—(By wire.)—Cockroach racing is one of the newest sports here. It was introduced by a Russian who has just opened a hall where a man who wants some real excitement for his money can get results.

The hall is darkened at the moment the race is to begin. Then a single electric light at the end of a runway is turned on and the cockroaches, taken from their cages to race for the light.

More real, old-fashioned, non-professional sport has been had here than in any other city in Europe. This is due in part to the Allied troops of occupation in the American officers and soldiers on station here, and the large number of American and British civilians who have come out for business since the armistice.

What the Russian refugees have done in the way of enlivening the city with concerts, dancing places and queer restaurants the other Allies have done in sporting lines.

It is winter there is still bear skin and fox hunting.

There is also in and out of season plenty of horseback riding over the dirt roads and unfenced stretches of uncultivated country on both sides of the Bosphorus. Horse races are often held.

Both the British and the Americans have laid out golf courses. There are also a few tennis courts.

The troops and sailors with in the city have taken charge of a large field near Taxim in the center of Pera and there play football and baseball matches. Yachting and swimming are very popular sports, open to all.

The Russians from the Black Sea who are accustomed to bathe naked have increased the popularity of the beaches, especially at the strip of sand on the Marmara, north shore known as Florida. There, without admittance men, women and children address on the open beach and bath in costumes that seem quite quaint here.

The Turks have contributed broken bits of the pre-national sports.

of the president and retiring president of Cuba.

WAR DECLARED ON BUG JUST DISCOVERED

MIAMI, Fla., June 7.—(By wire.)—Bugologists here have discovered a new bug not uncommon in the tropics but according to G. F. Moquette, entomologist in charge of the Federal experiment station here, one never before seen in the United States. It is the Nyctodoric Latrodia and the visitor has journeyed all the way from Cuba to sample the quality of the tender shoots of the Royal Palms here.

Because it is a "sucking" insect and feeds upon the leaflets of the trees Mr. Moquette considers the bug an undesirable citizen and war already has been declared. The defenders are attempting to repel the invader with a spray composed of one part of alcohol sulphate and 1,200 parts of water. The insect is yellow and an adult specimen is about one half inch in length.

This is the first record of a Nyctodoric Latrodia in this country," said Mr. Moquette. "The insect was recently described in Cuba by Barber with the host plant given as Orontovia. It is a leafhopper, was determined by Herbert Osborn, of the Ohio State University, United States. It was found here last year, was aware of its existence in this country. It makes the new, small shoots of the Royal Palms trees dry up and look unsightly."

When Russia brings her corn producing lands up to the standard of America's corn lands she alone will be able to supply the world's cereal needs with the exception of wheat and rice.

According to the Federal Trade Commission the outstanding development in the marketing of grain recently has been the entry of the farmer into the elevator business. Many farmers have co-operative elevators which they use in marketing their grain.

Bring them to us. We use Pure Fresh Drugs We take care.

When your physician "prescribes" for you, or your loved ones, you want to BE SURE that the medicines you get are full strength and pure.

You take no chance when we fill your prescriptions; we take just as much care in filling them for you as we would in doing so for our own use.

Yet we make only a moderate charge for the scientific compounding we do.

Let us fill your prescriptions and KNOW they are filled right.

READ HOW THE BOLSHEVIK ARE TAKING CARE OF THE CHILDREN AND WHAT RESULTS FROM CARE

A. J. Sack Declares Children Are Being Ruined Physically As Well As Morally in Russia.

NEW YORK, June 7.—Several days ago taken from official Bolshevik publications, describing the conditions under which children are living in Russia under the Bolshevik regime, are made public by A. J. Sack, director of the Russian Insurrection Bureau in the United States, representing in this country the Russian democratic and socialist forces.

The Bolshevik program with regard to the children of Russia was formulated, according to Mr. Sack, by the Comintern at the conference on public education held in Moscow. The official magazine of the Comintern, "The World Revolution," carried an account of the program in its issue of June 1, 1921.

"We have to create out of the young generation a generation of Communists. We must make real good Communists of the children. In the

course of three months the child population of Russia amounted itself to an extent of 20 per cent.

In other words, nearly all of them were sent to the hospital, or having failed even to reach the hospital, they perished while still at the nursery."

The official Bolshevik organ on public health, "Zdravostokhraneniye," No. 11, gives the statistical data on mortality of children in Moscow, and at the age of 15 years, per 1,000 inhabitants, as follows: 1913, 81; 1915, 75; 1916, 80; 1918, 475; 1920, 100.

Analyzing the Bolshevik attitude with regard to the children of Russia, the well-known Russian physician, Dr. Horan, said at the Protopoff Medical Congress, in Moscow:

"I am prepared to forgive the Bolsheviks a great many things, almost everything, but one thing, there is which I cannot and will not forgive them, namely, their experiments, particularly criminal and worthy of the name, during 1918-19, of the African plague which the Bolsheviks have been making all this time with our young generation, with our children! This crime, known to parallel throughout the history of the world, they have destroyed morally as well as physically a whole Russian generation; they have destroyed it irrevocably and also beyond remedy."

They will absorb the alphabet of Communism. Here they will grow up to be loyal Communists. To compel the mother to surrender her child to us, to the Soviet state, that is the practical task before us."

These Soviet institutions for children were established. The report of the Soviet inspection for February, describing one of these institutions, the Russian Republic Nursery in Petrograd, said:

"The children, left to their own devices, under the supervision of inexperienced and rough-spoken nurses with filthy clothing, pale from lack of sufficient nourishment, made a painful impression. The place itself, unventilated and poorly heated, fostered all manner of diseases and contributed to the exceedingly high rate of mortality among the children. In the

Renaming Streets In Havana Causes Great Confusion

HAVANA, Cuba, June 7.—(By wire.)—Renaming Havana streets in honor of modern celebrities is a practice of the council that causes much confusion to business hours, postal officials and tourists. Some have the name of a thoroughfare changed for just a few blocks, and then the difficulty is increased. The people sometimes disregard the new names altogether.

The council recently announced that hereafter O'Reilly street would be known as President Zayas street and Calzado de la Infanta as Avenue President Menocal, in honor respectively

PERU INVITES UNITED STATES TO HELP NAVY

BY ASSOCIATED PRESS

LIMA, June 7.—(By wire.)—One of the personnel and chief administrative branches of the Peruvian navy is now proceeding under direction for the United States naval mission which was sent here six months ago upon invitation of the Peruvian government.

The mission probably will remain in Peru two years. It is said to be the first of its kind from the United States to visit a South American republic.

Commander P. R. Freyer is chief of the mission. He was formerly Governor of Guam and was Assistant Judge Advocate General of the Navy, stationed at Washington, before coming here. Other members are Commanders E. D. Causby, J. A. Bull, and C. D. Davy, the two latter of the United States fleet naval reserve.

Commander Freyer is chief of the general staff of the Peruvian navy, reports to the Peruvian Minister of Marine. Commander Causby has been placed in general charge of ships of the division. Commander Davy is Director of the Naval Academy and Commander Bull is paymaster general.

Commander Freyer said he had received the hearty cooperation of the local naval authorities since his arrival.

In the last ten years wages of farm hired men have more than doubled. In the last twenty years they have more than tripled and last year they were more than four times higher than in 1879.

A bill directing the Secretary of the Treasury to honor certificates of the Interstate Commerce Commission for partial payments to the railroads on account of their six months guaranty has been favorably reported to the Senate by action of the Senate Committee on Interstate Commerce.

A Roman battle standard and a Roman general's folding camp chair, antiques due in Essex a century ago, two of Great Britain's most ancient military trophies, were recently sold at a London auction room for two hundred pounds.

Tuesday Morning--

and Mrs. Brown had forgotten all about the laundry. She hadn't expected to wear her favorite "georgette" to the reception that evening—but the laundry arrived and surprised her. Mrs. Brown sent her first washing to our laundry last week—and she says she intends to continue sending it indefinitely. Why not profit today by her experience?

Break Chest Colds With Red Peppers

Rub It on Congested, Aching Chest—Loosens Up that Tight Feeling at Once—Surely Brings Quickest Relief.

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings the quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

When heat penetrates right down to colds, congestion, aching muscles and sore, stiff joints, relief comes at once.

Nothing has such concentrated, penetrating heat as red peppers. The moment you apply Red Pepper Rub for colds, backache, sore muscles, stiff neck, lumbago, or the pains of rheumatism or neuritis, you feel the tingling heat.

In three minutes the congested spot is warmed through and through. When you are suffering so you can hardly get about, just get a jar of Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.

Perhaps a good ad of a furnished room is the easiest of all want ads to write—assuming that the room you want to rent is a desirable one.

Ice Cream for the Kiddies

The kiddies enjoy food in a way that makes most of us "grown-ups" long for youth again.

And what meal is complete without a dessert.

Without doubt, ice cream is the most popular summer confection—and the kiddies are bound to eat a lot of it.

The high quality of HOYLER'S Ice Cream safeguards your child against any undesirable after effects.

The original fruit is clearly brought out in each flavor.

SOLD AT NEARLY ALL GROCERS AND DEALERS

HOYLER Baking Co.

EVERY cent you spend over the price of Calumet might as well be thrown away. You don't get a thing for it. You can't get greater leavening strength or greater purity than are offered in Calumet.

Contains only such ingredients as have been officially endorsed by the U. S. Food Authorities.

No matter what you pay you can't secure as much in sound baking powder quality.

CALUMET BAKING POWDER

MAKES MOST PALATABLE AND SWEETEST OF FOODS

You can buy a cheaper baking powder—a little lower in price than Calumet—and much lower in merit. That's the worst kind of false economy.

Calumet never fails. Every baking is perfectly raised—sweet, even and tasty.

Used by millions of housewives and is the largest selling brand in the world.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Graham Muffin Recipe
1 cup of white flour, 1 cup of Graham flour, 1 tablespoon of sugar, 3 level teaspoons Calumet Baking Powder, 1 teaspoon salt, 1 cup of milk, 1 egg well beaten, 1 tablespoon melted butter. Then mix in the regular way.

LEGION MAKES PROGRESS FOR SERVICE MEN

Through Their Efforts Many States Have Passed Favorable Laws.

Preferential Appointment For Service Men to Jobs Has Been Given in Some of the States.

(BY ASSOCIATED PRESS)
CHICAGO, June 6.—The power of the American Legion and of other ex-soldier organizations, has made itself felt in the form of legislative action in nearly every state in the middle west. Thirteen states report such action.

Entirely aside from the bonus measures, which have been carried in several states—a host of other legislation bearing on a mass of diverse subjects has emerged from the legislative halls under the banner of the various ex-soldier organizations. Some of this legislation has been devoted solely to the interest of the men themselves, some of it has had a semi-public interest, some of it has been devoted wholly to the interest of the public.

In Missouri, boxing was the subject of a measure championed by the American Legion; boxing is now legal in Missouri. Nebraska, too, passed a measure legalizing the sport at the instigation of the Legion. The Nebraska measure carried an amendment limiting the admission charge to all matches to \$1.

"Americanization" has been the subject of a deal of legislation which the ex-soldiers have sponsored. North Dakota recently passed a law making American citizenship a prerequisite to employment as a teacher in the public schools. Nebraska now forbids the teaching of a foreign language in her grade schools, and her lower house has gone on record opposing the ownership of land by Japanese.

In Missouri the American flag must fly from all school houses and in Oklahoma it must be displayed in all schoolrooms. The teaching of history and government is now compulsory in the grade schools of Oklahoma. Falsely claiming membership in the American Legion, or the unarranged use of the insignia is a misdemeanor in North Dakota.

Armistice Day is now a legal holiday in North Dakota, Nebraska and Missouri.

Preferential appointment to state positions is vouchsafed to ex-servicemen in Missouri, other things being equal; however, the constitutionality of this law is questioned in several quarters on the ground that it is alleged to restrict the appointing power of a state official. In Indiana a recent enactment provides for the appointment of veterans to the board of trustees of the soldiers' orphans' home and the soldiers' and sailors' orphans' home.

Arkansas has turned over the old statehouse at Little Rock to the American Legion as a permanent headquarters. As restored, it will serve also as a lounging place for all ex-servicemen and as a dormitory for visiting veterans. In Oklahoma the boards of county commissioners have been empowered to enter into contract with Legion posts to secure any county property to serve as a club for veterans. Two states, Indiana and Illinois, have memorialized congress to pass pending soldier relief bills.

Illinois has several bills of the kind pending. One which has passed the senate would permit only orphans of World War veterans to be admitted to the soldiers' orphans' home at Normal, Ill., at the same time rededicating the home to the veterans. Another bill before the Illinois senate authorizes the levying of a two-mill tax to form a burial fund for ex-servicemen, their widows, wives and mothers. Still another bill would appropriate \$500,000 for a hospital for disabled veterans. A fourth measure now pending would erect a memorial statue costing \$25,000 to the mothers of the ex-servicemen.

Eleven independent railway employees' organizations were united parties to the railroad labor board's decision abrogating national agreements. Reinstatement of 11 Delaware, Lackawanna & Western railroad checkers on Pier 41, New York city, was denied.

A reduction in the wages of union molders in Boston became effective May 18, with the consent of the unions involved. The cut amounted to about \$1 for the eight-hour day. The employers had originally proposed a reduction of \$1.50. Under the former agreement the men received \$7.20.

The executive committee of the Northern Counties Textile federation (England) adopted a resolution declining to accept the employers' proposed 30 per cent cut in wages. Three hundred thousand operatives are involved.

Many of the molders and core-makers of the General Electric company, Schenectady, N. Y., who walked out last June in sympathy with striking foundry employees at the Erie (Pa.) plant of the company returned to work, thus ending the longest strike in the history of the company.

SHOP COUNCILS IN CANADA

Are Admitted to Have Improved Good Understanding Between Management and Employee.

Representatives of the larger employing companies in Canada which have established joint councils with their employees were recently called to conference at Ottawa, Canada, by Senator G. D. Robertson, minister of labor, to ascertain the results of their experiments and for an exchange of views on the best methods of procedure and the most acceptable forms of industrial councils. The mushroom growth of industrial councils in the dominion within the last two years is due in large measure to the recommendation of the royal commission on industrial relations, which in 1919 was appointed by the Canadian government to investigate the labor situation in that country with a view to establishing more harmonious relations between employer and worker. Those present at the conference were, for the most part, company officers in charge of industrial relations. In addition to the Canadian representatives, the conference had for its guests representatives of the International Harvester company and the United States Rubber company, who outlined in addresses the best American procedure. It was very generally conceded that the joint councils had decidedly improved the understanding and sympathy between the management and the employees in the shops where they were operated.

Make Your Mind Your Klondike.

Every man has a rich mine of precious ores if he wants to work it. The other day the news went out that great oil fields had been discovered in Klondike, the land famous for gold. The papers say men are rushing to stake claims as they did in the palmy days of the gold craze, and there will be many who will part with all they have and make their way to what promises to be a quick fortune. In the last rush the way to Dawson City had many a ghostly group of bleating hounds when the snows of a winter melted away. The chances are this present craze will duplicate the scene. Only a few of the men make money. It will ever be thus as long as men try to win by chance the riches that usually come by toil.—Grit.

Fever Present in Mental Disease.

Doctor Bond in the Boston Medical Journal adds a new item to medical knowledge of mental disease. In 71 mental patients, fevers, slight or severe, transitory or chronic, occurred in over 50 per cent, a surprising result for consecutive cases. The diseases varied and show that fever occurred in imbecility, epilepsy, arteriosclerotic dementia, general paralysis, dementia praecox and manic depressive psychosis. Of 19 manic depressive insanity patients, 13 had fever and 6 did not. Of 19 dementia praecox patients, 8 had fever and 11 did not, this being the only disease in which normal temperatures were found more often than the reverse.

"Old Colony" Dinner.

That cranberries belong to the traditional Pilgrim dinner is shown by the menu of the "seventy" served at the first "Celebration of the Landing of our Forefathers," which was observed December 22, 1920. This day was celebrated by the Old Colony club of Plymouth with a procession and a dinner consisting of a large baked Indian whortleberry pudding, a dish of sauteed succatash; a dish of clams; a dish of oysters and fish of codfish; a bunch of venison roasted by the first tack brought into the colony; a dish of fowl; cranberry tart; a dish of fresh fish and eels, an apple pie, a course of cheese made in the old colony.

BONUS BILL IS STILL MAROONED IN THE CAPITAL

Final Adjournment will Be Late in the Week It Is Thought.

Nearly Fifty Measures Are Still Pending in the Legislature; No Action On Short Ballot.

LANSING, June 7.—With the soldier's bonus enabling act still marooned in the backwash of a three-sided controversy between the house, the senate and the executive office members of the legislature came back to Lansing today helping to speed up the passage of the bonus act and dispose of some of the more important measures pending in the final week of their session.

The bonus bill was in committee in the senate. When it passed the house a certain amendment, which the lower branch decided would save the state considerable money by making the \$10,000,000 bond issue mature serially, and which would collect a sizable sum of money owed the state by former officers in the army who borrowed from the war loan fund.

The senate military committee struck out both house amendments, and the senate concurred in the action. Then the measure was sent to the finance committee. In the meantime the governor in a supplementary measure pointed out that they would not delay the reprinting of the bond issue. If the senate adheres to its decision to pass the bill in approximately its original form and the house declines to recede from its amendments, a conference will be necessary to bring the two branches to an agreement.

More than forty measures of varying degrees of importance are pending in the legislature. None of the important bills or resolutions have been passed. The enabling act and the Legion income tax resolution have been approved by the house. The post district amendment passed, the senate and is hanging fire in the lower branch where considerable opposition has appeared.

No action has been taken on the short ballot proposal, the legislative salary increase or the corrupt practices act. Several other matters of major importance may come to final consideration, including the Hieck's amending bill, the Lee automobile mechanic and garage proprietor license bills, teachers' retirement fund and others. The Welsh amendment to the James compulsory education law passed the house without difficulty.

Final adjournment will take place some time the latter part of the week. The house has adopted a resolution setting June 8 as the date, but senate gossip has it that the upper branch will attempt to fix the final session for Friday, June 10.

Shells filled with a salin of oil and fired at angry waves with a turbulent sea according to tests made by United States life guards of Cohasset, Mass. It is said that a barrage of such shells to the windward of a wrecked vessel would produce a sea sufficiently smooth to enable a lifeboat to make a safe approach.

In the year 1920 Great Britain reduced her national debt by 27,000,000 pounds.

Flint.—Efforts of the prosecution to convict Thomas Clemens, accused of arson in connection with the burning of his home, are based largely on the introduction of photographs made by the police of the interior of the house after the fire. They show holes cut in the walls, where firemen say papers soaked in kerosene had been placed.

Grand Rapids.—Grand Rapids will probably lose 190 of its most advanced public school teachers. The city commission has decided not to increase the teachers' salaries above the figure fixed by the board of education which recommended boosts ranging from \$17 to \$47 for the year. The teachers refuse to accept the small raise. The board's sliding scale calls for more pay.

Gladstone.—Explosion of a tank car of gasoline in Delta County, caused damages which will aggregate thousands of dollars on the Minneapolis, St. Paul & Sault Ste. Marie Railway. Ties for 200 yards were destroyed by fire. Several cars were damaged and many tons of freight burned. It is believed that a derailment of the gasoline car led to the explosion.

Manistee.—Every church in Manistee is remembered in E. Golden Filer's will, filed in the Manistee county probate court. There are 16 of these bequests, totaling \$60,000, and \$10,000 more is given for various philanthropic and public purposes. The will also makes 13 bequests for a total of \$635,000, to relatives and friends, and leaves \$19,000 to seven faithful employes. His brother, Frank Filer, and sister, Mrs. Mary Jane Sexton, are the residuary legatees, sharing alike. The Michigan Trust company and other are executors.

If You drink Green Tea, You should certainly try "SALADA"

The flavor is infinitely better than that of ordinary Green Tea.

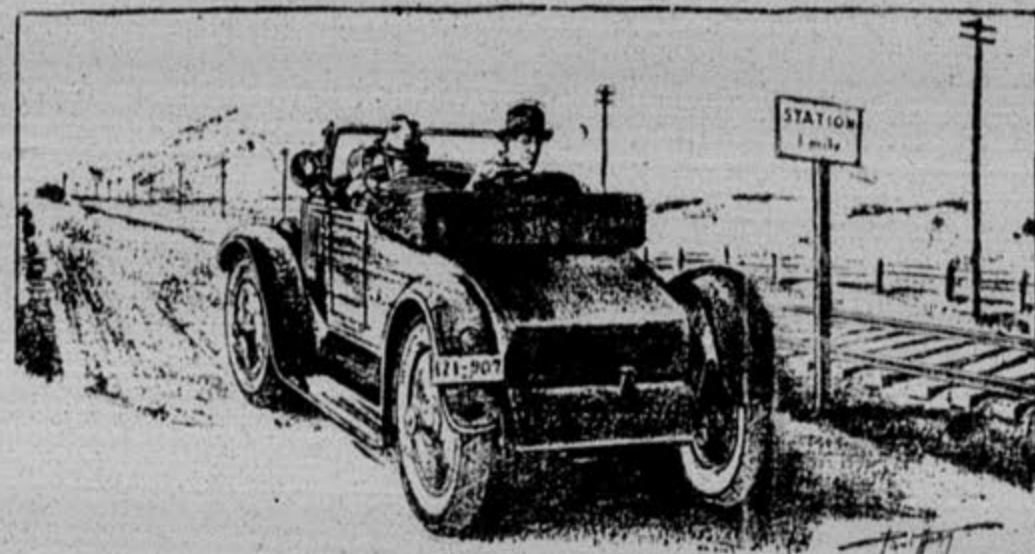

Send us a postal card for a free sample. Address: SALADA TEA COMPANY, Boston

Let Us Put Your Lawn Mower

IN PERFECT CONDITION before the rush comes. We also can furnish New Lawn Mowers at low prices. We call for and deliver work to all parts of the city. All work first class.

E. J. VINETTE
Phone 1091 517 Ludington St.

Look for the loser of the article you have found—for a prompt ad may save him a lot of worry.

"Don't worry, Jim— We'll make it—I've got Lee Puncture-proofs"

THAT'S the big idea. You put Lee Puncture-proof tires on your car and stop worrying—stop worrying about punctures and blow-outs—about delays, frequent tire changes and too-frequent tire purchases.

Lee Puncture-proof tires give greater tire mileage—safer and more satisfactory service than any other pneumatic tires you can buy.

Because Lee Puncture-proof tires are equal in material and manufacture to other standard pneumatics they excel all others in this: that they are puncture-proof. They carry our cash refund guarantee against puncture.

We will equip your car with Lee Puncture-proof tires on this basis.

Some FACTS About Ford

Ford

THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921, and how many have been sold to retail customers in the United States.

JANUARY	29,883	57,208
FEBRUARY	35,305	63,063
MARCH	61,886	87,221

Total Production 127,074 Total Retail Sales 208,092

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

KRUTTSCHNITT'S SIDE OF THE RAILROAD QUESTION

There are two sides to every question, and Mr. Kruttschnitt of the Southern Pacific Railroad has presented in a very convincing manner the railroad side of the hitherto unexplored policy of providing all sorts of competition for the railroads and still expecting them to operate efficiently and at a profit.

The government has adopted two methods of limiting railroad rates, one of requiring that rates be approved by the Interstate Commerce Commission, and the other that of providing cheap transportation competition on publicly improved and maintained waterways and highways.

Most people will not ask that the railroads be subjected to limitations or regulations that they would deem unfair if imposed upon themselves or their business. In practically every city, for example, municipal ordinances require that a street peddler pay a license in order to make up for the fact that he transacts his business on the public street maintained at public expense, whereas the merchant must pay rent.

It is quite likely that if a portion of the land of a community were owned by the government, the fences maintained, the cities kept cleared, the buildings kept in repair and the taxes paid by the government, and these lands let out rent free to a number of agriculturists, the rest of the farmers of the community would insist that this was unfair competition.

As in the case of the East St. Louis race riots the whole story of the Tulsa riot is not likely to be known until a thorough official investigation is completed, but in both riots by far the greater part of the killing was done by white men while crowds of terror-stricken Negroes fled from danger to the protection of other white men.

RACE RIOTS

The East St. Louis horror began because the whites believed they had an industrial grievance against the Negroes, but brutal race animosity breaking loose from all restraint and expressing itself in a fury for blood is the only thing that will account for the atrocities that were committed before order was restored.

There is in the background of many American minds a picture of Negro revolt to be followed by Negro domination and accompanied by Negro outrages against white women. People who think soberly do not take this nightmare seriously, but some others do.

The small boy who has been behind in his arithmetic ever since school opened finds no difficulty these days in figuring just how many days intervene before long vacation.

Bill Haywood says the capitalists in the United States are in a conspiracy to starve the working men but that is not the reason why Bill remains in Russia.

According to the theory of relativity Dr. Einstein is likely to reach home before he knows that he is there.

John D. Rockefeller says he made his first money raising turkeys. They were his first fliers.

Understanding the Movies

When you see close-ups of ankles in the movies, you don't always see those of the actress you think you see.

When you see close-ups of ankles in the movies, you don't always see those of the actress you think you see. Very often they belong to Julia Payne, Julia, treated more kindly by nature than some players, doubles in make-up for 'em.

FABULOUS WEALTH HIDDEN IN MEXICAN MOUNTAINS SOUGHT IN VAIN FOR OVER 200 YEARS

Map of Aged Priest Is Said to Show Where Great Wealth Is Located, But So Far It Has Not Been Found.

Map of Aged Priest Is Said to Show Where Great Wealth Is Located, But So Far It Has Not Been Found. The discovery of the gold mine in the Sierra Madre mountains of Mexico has been the subject of a long and interesting story.

AIN'T IT A GRAND AND GLORIOUS FEELING TO BE HELD UP AFTER YOU HAVE THROWN YOUR 'WAD' AWAY

AIN'T IT A GRAND AND GLORIOUS FEELING TO BE HELD UP AFTER YOU HAVE THROWN YOUR 'WAD' AWAY. This is a humorous piece about a man who loses his wallet and finds it again.

Wages Tending Down. Increasing unemployment and a general tendency toward wage reduction characterize the industrial situation in the Eighth federal reserve district.

Referee

Robert Edgren, New York sportsman and fight expert, is reported to have been asked by promoters and principals to referee at the Dempsey-Carpenter fight in Jersey City, July 1. Edgren was once a boxer.

WHO IS TO BE CHIEF JUSTICE?

PRESIDENT HARDING'S CHOICE IS MATTER OF SPECULATION IN WASHINGTON.

PROMOTION IS NOT LIKELY

William H. Taft, Charles E. Hughes and George Sutherland are the men most frequently mentioned for the high place.

By EDWARD B. CLARK. Washington—Washington's interest, or a part of it at least, centers today on the vacancy in the seat of chief justice of the United States Supreme court.

Inasmuch as the present administration is Republican, it seems to be taken for granted that a Republican will be given the high place. Of course it is always possible that a President may promote one of the associate justices and then fill the associate's seat with a new appointment.

Circumstances make it appear today that the President does not intend to do this, but will give the vacancy to some one from outside the court. The reasons for this thought are plain. The desire is always in the appointment of a chief justice to give the place to some man who is vigorous and who has presumably a long lease of bench life ahead of him.

Three Prominently Mentioned. The names most frequently mentioned for appointment to the chief justice are those of former President of the United States William H. Taft, Secretary of State Charles E. Hughes, and former United States Senator George Sutherland of Utah.

Many Changes in Twenty Years. There have been many changes in the personnel of the United States Supreme court within the last 20 years. President Roosevelt appointed William Henry Moody of Massachusetts, who had been in the cabinet as attorney general, Justice Moody had not been long on the bench when he became seriously ill and was compelled to retire.

Wages Tending Down. Increasing unemployment and a general tendency toward wage reduction characterize the industrial situation in the Eighth federal reserve district, according to the monthly report for the district, issued at St. Louis.

Referee. Robert Edgren, New York sportsman and fight expert, is reported to have been asked by promoters and principals to referee at the Dempsey-Carpenter fight in Jersey City, July 1. Edgren was once a boxer.

No Bank for A. F. of L. The American Federation of Labor denied that it was promoting or that it had interest in any way the project to launch an organized labor banking institution.

EMPLOYERS WARNED BY HIGH A. F. OF L. OFFICIAL.

Through a campaign of publicity a "staff of spies" has been created making it appear reasonable to have a reduction in wages, Frank Morrison, secretary of the American Federation of Labor, declared in an address at Winston-Salem, N. C. He attributed the campaign to the National Manufacturers' association.

Kalamazoo—An organization formed here at a meeting of representatives of commercial bodies in Southern Michigan cities will begin a campaign this week for the improvement of the Deserling Trail between Kalamazoo and Adrian.

Ironwood—William Jolo's bank book shows a deposit of \$1,000. The \$1,000 represents a victory on a wager he made with friends in Harley that he could carry \$1,000 in silver coins in an open sack from Harley to DeSmet, a distance of seven miles, with all the coins still intact.

Grand Rapids—A suit brought by the Mary Free Bed guild of Grand Rapids against Mary Garden, operator, for failure to keep a personally signed contract to sing here last March 11 has been settled by receipt of a check for \$1,500 from George W. Spangler, business manager of the Chicago Opera association of which Mr. Arden is director.

Treasure City—Joseph Sieder, a butcher here for many years, received \$200 from two conscience-stricken former patrons who had owed him for many years. A letter with which \$1 was enclosed said: "Years ago when a child I used to steal frankfurters from your counter. Now I am studying for the ministry and I want to be square with the world."

Detroit—Henry J. Ledyard, chairman of the board of directors of the Michigan Central railroad and promoter of Detroit social and business circles, died at his home in Gross Pointe Farms. Mr. Ledyard was taken ill with heart trouble. Complications of pneumonia set in and he was unable to recover.

Holland—Joseph H. Harris, 18, senior at Holland high school, while fishing off a dock in Black Lake, was seized with an epileptic fit and falling into the water, was drowned.

Hudson—This city has returned to Central time after voting for Eastern time. Opposition in the change was so great that the Council decided to turn the clocks back again.

Manuelona—Delbert Lavanway of Central Lake, arrested by Deputy Fire Warden John Muckle for maliciously starting forest fires, has been sentenced by Judge F. W. Mayme to serve from one to 18 years in jail.

TO CUT H. C. O. L. BY CO-OPERATION

American Federation of Labor Also Hopes to Do Away With Profiteering.

MAY COPY EUROPEAN PLAN

Advocates of Scheme Point to Success Made Abroad by Societies Formed for the Same Purpose by Trade Unions.

Organized labor plans to meet the high cost of living and profiteering by co-operative societies, promoted through trade unions. This was discussed by the executive council of the American Federation of Labor, in session at Cincinnati.

Increase in Child Labor. Increase in the number of child employees in the United States has been almost exactly proportionate in the last eight years, according to the United States Department of Labor.

Hawaii Needs Labor. The great sugar, pineapple and coffee plantations are facing extinction as the result of the most acute labor shortage in the territory's history.

Frick Company Reduces Wages. Notices of a wage cut of from 25 to 35 per cent, effective at once, and affecting 25,000 workers in the Cokesville region, was posted by the H. C. Frick Coke company, subsidiary of the United States Steel corporation.

Automobile Industry Improves. Employment in the automobile industry increased nearly a third in March, compared with February, Department of Labor figures disclosed.

British Wages Cut \$240,000. More than 350,000 workers in Great Britain suffered reductions in wages during March, amounting to \$240,000 a week, and \$110,000 received increases amounting to about \$2,000 (about \$11,000) a week.
