# Modern Cuba Wins Her Place in the Sun.

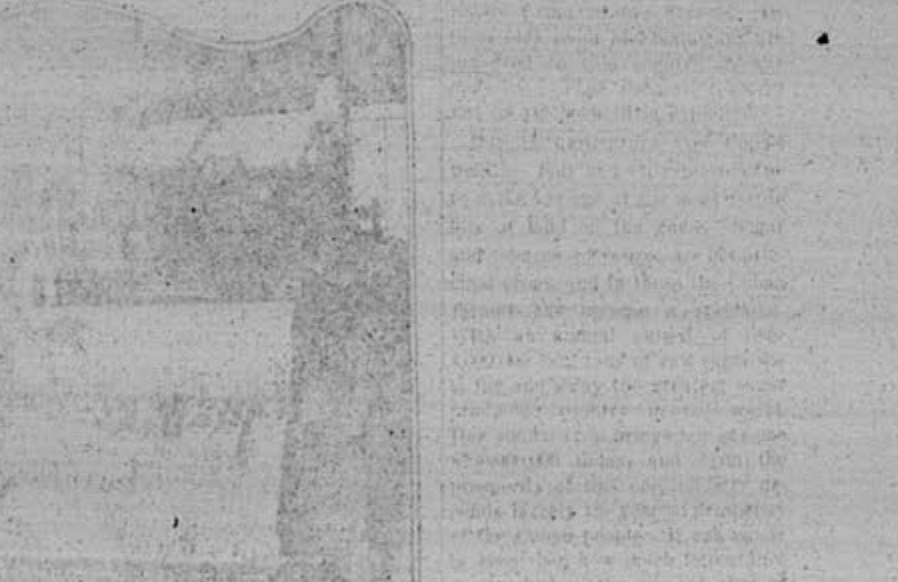

HAVANA, CUBA - THE CITY AS ONE OF THE MOST CHARMING CAPITALS OF THE WESTERN WORLD.

**F**rom the days of Columbus to the present, Cuba has been a land of contrasts. In the past, it was a land of slaves and sugar, a land of poverty and ignorance. Today, it is a land of progress and modernity. The city of Havana, once a sleepy port, is now a bustling metropolis. The streets are paved, the buildings are grand, and the people are proud. The revolution has brought about a new era of development and prosperity for the island.

WORLD'S LARGEST SUGAR MILL IN CUBA - THE ONE THAT IS POSSIBLE TO VISIT.

The sugar industry has long been the backbone of the Cuban economy. It has provided the island with the means to develop its infrastructure and improve the lives of its people. The modernization of the industry has led to increased productivity and efficiency. The government has invested heavily in the sector, ensuring that it remains a key pillar of the national economy.

ORDERING SUGAR CAN BE DONE IN CUBA HEADS THE WORLD IN THE PRODUCTION OF SUGAR.

Cuba's position as a world leader in sugar production is a testament to the hard work and dedication of its people. The island's favorable climate and fertile soil are ideal for growing sugarcane. The industry has not only provided jobs for thousands of Cubans but has also brought international attention to the island. The future of sugar in Cuba is bright, and the industry continues to evolve and grow.

**TO PROVE beyond question that Lee Puncture Proof Pneumatics live up to their name, a car equipped with four of these sturdy tires was subjected to the "Torture Test" pictured above.**

The car, containing four men, was run repeatedly back and forth upon improvised tracks—two planks from which thirty-penny nails protruded, its upward.

Twenty-four keen-bladed butcher's, edge-up, formed part of the track, pounds of broken glass and 100's of barbed wire littered the apaches.

The tires used were not "special" in any way, and were not new—they had already delivered nearly 5,000 miles of non-puncture service.

Yet, this record is no more remarkable than the performance of Lee Puncture Proof Tires, year in and year out, in ordinary, every-day use, for the past ten years.

Equipped with Lee Puncture Proof Pneumatics, your car can be driven anywhere and everywhere, without fear—protected by our cash-refund guarantee against puncture.

### Drive for Jewish Relief--Thanksgiving Week

The people of Delta County will have the privilege of celebrating Thanksgiving week by contributing to the campaign with which the people have blessed them towards the \$14,000,000 fund which is being raised in America for the relief of the suffering Jews in Europe. The world knows nothing about the persecution and the suffering of these people during the past eight years. They have been driven from their homes; they have had their property taken from them and they have suffered inhuman persecution. And added to all this has been and still is the bitter pangs of hunger. Hundreds of thousands of Jews actually starved to death, and the generous help of America is all that will save thousands of little children and babies from starving to death during the coming winter.

America never has turned a deaf ear to the cry of cold and hungry children. The cry is loud at this time. The people of Delta County should indeed count it a great privilege to give in this time, and it is especially fitting that this drive should be made during America's week of peace and thanksgiving.

Remain the our chairman of the Delta County Committee. His name is...

should, and we commend the worth of the appeal to the people of this county. There is no man in the country whose land goes as often or as willingly as our charitable or other worthy cause as does Mr. Gessner's. Not until the day of judgment will his red heart of love for all humanity be known. The writer wishes that he were at liberty to tell of a few instances that would emphasize this statement, but we forbear because we know that to do so would give offense to Mr. Gessner. His giving is for the good he can do, and not for the purpose of letting the world know about it.

Mr. Gessner is just as ready and willing to give for any other people as he is for the relief of the people of his own race, but just at this time it is the own people who are suffering, and that beyond the comprehension of the people of this day and land.

Next week is America's week of thanksgiving. There is no other way for our people to give more than to give of a real spirit of thanksgiving that is willing and generous response to the appeal which is being made for funds to save the thousands of cold and hungry and forlorn Jewish people of Europe.

#### THIS THING OF GIVING

It is not unkind to say that you are not giving, but that you are not giving in the right way.
