# BARNES ELEPHANT WRECKS COUNTRY

## TUSKO TAKES IN TERRITORY OF THIRTY MILES

### Beast Shown in Escanaba Last Summer Goes On Rampage.

### Wades Through Fences, Pushes Down Barns and Generally Works Havoc While Having Good Time.

TACOMA, Wash., May 17.—"Tusko" described as the largest elephant in captivity and owned by the A. G. Barnes circus is reported in a dispatch to a local newspaper, as peacefully munching his fodder at Bellingham, Washington where the big circus is showing today, after an afternoon, night and morning of rampage that reached for 30 miles from Sedro-Woolley, Washington.

"Tusko" hurriedly keeper W. Hendrickson hurriedly set the air and then rough housed several of the attendants in which it is claimed many ribs were broken.

Then "Tusko" proceeded thru the streets of Sedro-Woolley, capsizing three automobiles, numerous wagons and carts and incidentally turning the town into a riotous mass of humanity.

He then headed for the hills, but stopped often on the way to flatten fences and porches and tear down orchards when the fancy to do so seemed to appeal to him. Stores began to come into Sedro-Woolley from the farmers of the rampage of "Tusko."

### Pushes Barn Over

Seeing a farmer and his wife in their front yard, "Tusko" walked thru the fence and into the yard. The farmer and his wife sought safety in their house and going to the second floor, raised a window to see what their visitor was doing. "Tusko" saw them and going to the house made an effort to push it over. Not being successful in doing this the big elephant looked for some other promising object to wreck and after looking about the premises, went to a barn and after pushing it over and trampling it flat upon the ground, he proceeded to lunch upon the hay which had been stored therein.

Finally "Tusko" wended his way back into a logging camp. This was something new to him and he paused some minutes looking the location over carefully. The only thing he could find worth playing with was a nicely spaced row of telegraph poles which he proceeded to pull out of the ground.

### Posse Is Halted

Last night at dark the several hundred members of a posse that had started to look for the big elephant had to halt and spend the night in the woods, taking up the trail early yesterday morning.

It was not hard to follow the trail of "Tusko." In fact it would have been possible for a blind person to travel the well defined pathway which had been wrought by the massive trunks of an Indian forest.

Uprooted trees, overturned buildings that made the men think of the days when they played "Hallowe'en" pranks, wagons turned upside down, wrecked porches and other evidences of the happy progress of "the world's largest elephant" showed the searching party all to well, which way the monster was going.

Early Tuesday morning a scouting party declared that "Tusko" was playfully pulling up trees about a half a mile ahead. When the searchers went on the trail they took two of the circus elephants with them, thinking they might be of use in getting the truant back to the show and this proved to be the best thing that could have happened.

### "Welcome, Gang!"

As the posse and two elephants came upon "Tusko," the great beast showed no signs of rage. One of the animal trainers accompanied by the two smaller elephants went toward "Tusko" and as they drew near the big fellow started to meet them.

The trainer had his two elephants turn around and head in the direction from which they had come and when "Tusko" was commanded to line up, he took hold of the tail of the elephant in front and proceeded on his way to the "big top."

His rampage was over. He had had his fun and seemed perfectly willing to forget his hasty temper if the rest of the world would.

### Elephant Appears Here

Most everyone in Escanaba will remember this elephant. He was with

## Opening Arguments In Burch Case Are Started With Today

LOS ANGELES, May 17.—Both sides rested today in the trial of Arthur C. Burch charged with the murder of J. Milton Kennedy and Deputy District Attorney Reeves began the opening argument for the prosecution.

## NEW ORDINANCE ON BEVERAGE SHOPS IS ADOPTED BY CITY

### Provisions Are Drastic and Are Aimed at Those Who Are Violators of Liquor Laws.

As had been arranged, the new beverage shop ordinance came up before the city council last night for adoption. It is just such an ordinance as might have been expected from a body which desires to be fair and impartial in every respect. Wide police powers are provided for and violation of the ordinance means that the party committing the offense will be out of business almost automatically.

At first glance it might seem that the license fee is small, but the provisions accompanying this payment are such that the greatest protection is thrown about the license as well as the public welfare.

Briefly stated, the main points of the new ordinance provide:

That a license fee of \$2 annually shall be paid by all licensees.

That the police department and city manager will be responsible for enforcement of the law.

That the city manager must at any time he deems it advisable, for justifiable reasons, revoke any license.

That all screens and barriers to the street shall be removed from such places of business.

That no license shall be granted to any person who is not an American citizen, and of good moral standing.

That upon conviction of any licensee for violation of any laws, the license shall be revoked.

That the chief of police shall submit to the council his approval or disapproval of granting any license.

That the granting of all licenses shall be directly in the hands of the city council.

That a beverage shop shall be construed as "any place room or suite of rooms of general resort for refreshments wherein any beverage of any kind is kept for sale, sold or served, to be consumed therein, or to be consumed in any stall or room communicating therewith."

Members of the council believe that the new ordinance will prove a powerful weapon in the enforcement of liquor laws, inasmuch as discretion is left almost entirely to the police department and the city manager in the matter of granting licenses.

No man who is not a citizen can get a license. Any man convicted of a violation will have his license revoked without quibbling and it is believed that the section referring to screens and blinds will be a big aid in enforcing the law.

The ordinance was gone over carefully by members of council and the city attorney and it is believed to be "Air Tight" in every respect.

## New Eastern Star Officers Installed Here Last Evening

Members of the Order of Eastern Star last night installed the recently elected officers, Mrs. Ed. Erickson, elected as installing officer. At the close of the meeting, Mrs. Erickson, who is past worthy matron, was presented with a beautiful bunch of roses.

The officers installed last night were Worthy Matron, Hazel Kammerer.

Associate Matron, Mrs. Rogers.

Conductress, Mabel Roland.

Associate Conductress, Mrs. Samuel Dunn.

Worthy Patron, Theodore Farrell.

Treasurer, Mrs. Theodore Farrell.

Secretary, Mrs. Carrie McNaughton.

Following the business session, refreshments were served and dancing enjoyed.

The A. G. Barnes circus when it was in Escanaba last summer, "Tusko" has been a bill of great expense to the show since the day he was purchased by Barnes.

For some time his ownership was in litigation as it was claimed the elephant had been stolen in India and smuggled out of the country.

## MENOMINEE IS AFTER RULING BY STATE BODY

### Freight Rate Discrimination Is Charged by City Body.

### Permanent Injunction Sought by Chamber of Commerce Against State Commission.

MADISON, Wis., May 17.—Action to restrain the Wisconsin Railroad Commission and the Wisconsin railroad companies operating in the state, from carrying out the provisions of a commission order reducing freight rates shipped from lake ports to interior cities of Wisconsin was commenced today in the United States district court for the Eastern district of Wisconsin by the Chamber of Commerce of Menominee, Michigan.

The plaintiff asserts that the freight rates on coal which went into effect on May 10th throughout Wisconsin is discrimination against Michigan shippers and a violation of the interstate commerce provision of the federal constitution.

They ask for a permanent injunction against the commission and against the railroads to prevent enforcement of the order. The claim is made by the Menominee chamber of commerce that this reduction in freight charges on coal is without the authority of a state commission to order or enforce. The railroad commission will have to file an answer to the plaintiff's complaint within the next twenty days.

They ask for a permanent injunction against the commission and against the railroads to prevent enforcement of the order. The claim is made by the Menominee chamber of commerce that this reduction in freight charges on coal is without the authority of a state commission to order or enforce. The railroad commission will have to file an answer to the plaintiff's complaint within the next twenty days.

The railroad commission will have to file an answer to the plaintiff's complaint within the next twenty days.

## BASEBALL LID IS TO BE BLOWN OFF HERE SUNDAY AFTERNOON

### Big Parade to Precede Opening of Season and Boys Band Will Be Out to Furnish "Pep."

Plans are made for taking the lid off the local baseball season next Sunday in the most modern and approved style. A big parade is to be staged. "Bill" Lang has been appointed master of ceremonies for the parade and asks every well wisher and booster in the city to turn out and participate in the doings.

The parade will form in front of the Ludington hotel at the foot of Ludington street at 1:30.

Come out strong!

The Escanaba Boys' Band will head the parade and there is to be no prohibition placed on enthusiasm.

This will be a "booster" game in that all money taken by at the gate will go to the home team. Gladstone is feeling mighty chesty, it is claimed, over last Sunday's victory and a big crowd is coming from that city.

Escanaba fans are asked to show Gladstone that they are with the team in every way, and this can best be shown by appearing in the parade.

The local grounds have been put in the best possible shape and a record breaking crowd is expected.

## Court to Decide On Right to Seizure of Liquor in Transit

DETROIT, May 17.—The right of Michigan's "prohibition navy" operating on the Detroit river between the United States and Canada, to seize liquor smuggling launches and their cargoes, without first obtaining a search warrant will be examined in the federal court here by Judge Tuttle.

The point was raised at a preliminary hearing before the United States commissioner of John Drayer who was arrested on the river a week ago by federal agencies, who took a launch loaded with beer and whiskey.

Judge Tuttle has held that no private premises can be invaded by the police without a search warrant. Unless this decision does not cover launches and row boats on the river, the ruling would hamper the work of the prohibition officials in their work of breaking up the smuggling across the border in small boats.

## Harris Accepts City Manager Job; Coming June 10

The city council last night formally approved the employment of Fred R. Harris as City Manager for Escanaba and a telegram from him yesterday states that he will arrive here on June 10 to take up his new duties.

Mr. Harris is at present and for several years has been chief engineer of the Michigan Public Utilities Commission and Escanaba is regarded as being extremely fortunate in securing a man of his talents for the big job ahead.

## FINANCES OF CITY ARE CONSIDERED AT MEETING TUESDAY

### Council Will Be Urged to Practice Strictest Economy During Coming Months.

Escanaba owes \$544,500. That is her bonded indebtedness as shown by a report of the city comptroller at last night's meeting of the city council.

This condition, and its tributary causes were dealt with in a large way last night by Mayor Judson, who explained that in order for the city to get "out of the hole" it is necessary to practice the strictest economy.

"When we went into office on May 15," Mr. Judson said, "we were \$500 in debt. We had to figure how to conduct the city affairs until September, the end of the fiscal year and on that we are still figuring."

Mr. Judson then produced figures showing that it will require \$66,500 to run the city until Sept. 15. He also peered into the future and told council that based on last year's estimates, it would require \$132,834 to run the city from Sept. 15, 1922 to Sept. 15, 1923. This will have to be provided for by appropriations and the city comptroller was authorized to make such financial arrangements as will be necessary to carry the city over to Sept. 15 of this year.

## Economy Recommended

What the city needs in the next 18 months is \$199,233. Mayor Judson figured that thru fireplaces, police court fines and the small amounts which reach the city in various ways about \$21,000 can be raised, leaving a balance of \$178,000 to be provided for.

The next budget will involve the taking care of \$172,000 of this amount and the deficit will be approximately \$16,000.

This is the problem which the council is faced, raising \$16,000 between May and Sept. 1923 without any time to do it with. However, ways and means will be devised by the resourceful hand of men who have assumed the responsibility of directing Escanaba out of exactly the kind of a hole. The first and main principle to be practiced is economy.

Other action taken by council included the appointment of a park board composed of Richard Hoyer, A. J. Carlson and Arthur Peterson. These men will succeed W. J. Clark, John A. Albo and J. R. Andrews. The new members are chosen for terms of three, two and one years each.

## Suggestions Made

Councilman Rose then submitted suggestions which were referred to the proper committees.

His communication follows: "Gentlemen:

"In the form of a suggestion, or rather a recommendation, I wish to place before you the following thoughts that came to me with respect to what might be further done in the line towards making Escanaba a Better City."

(Continued on Page Six)

## STAR WITNESS IN SMALL CASE STILL ON STAND

WAUKEGAN, Ill., May 17.—Harry C. Luehrs, assistant state treasurer, considered one of the prosecution's star witnesses in the trial of Governor Len Small spent his third day on the witness stand today.

More records of the state treasurer's office were introduced and identified by Luehrs, when the state questioned him on indirect examination and the defense on cross examination.

There was little of a sensational nature in the progress of the trial in the morning session, which was occupied by the tedious taking of testimony regarding the records of the treasurer's office.

## SPORTSMEN OF U.P. HOLD GREAT MEET AT ISHPEMING

### Two Escanabans Re-elected to Positions of Responsibility and Meeting Is Great Success.

What is regarded as by all means the most enthusiastic and most inspirational meeting ever held by the Northern Michigan Sportsmen Association, was held in Ishpeming yesterday. Of the 21 clubs thus far organized in the upper peninsula, 17 were represented by delegates. In all, 101 delegates were present, Escanaba having the largest delegation with Ishpeming coming second in representation.

As an evidence of the extreme satisfaction of the various clubs with the work done by the officers during the six months of this organization's life, all the old officers were re-elected. E. C. Voght and R. P. Mason of Escanaba again being honored with the confidence of the organization by being chosen President and Secretary, respectively.

## Election of Officers

The election of officers resulted as follows:

E. C. Voght, Escanaba, President.

H. L. Swift, Houghton, vice-president.

Claude Millman, Iron Mountain, vice-president.

Aaron Kinney, Iron River, vice president.

George A. Newell, Ishpeming, vice president.

W. W. Graff, Gwinn, vice president.

Charles Wester, Irons, vice president.

James Higgins, Calumet, vice president.

R. P. Mason, Escanaba, secretary.

C. B. Randall, Ishpeming, treasurer.

## Important Legislation

The next most important matter taken up by the convention was the matter of legislation which is to be urged at the next meeting of the state legislature.

Without a dissenting vote the report of the committee to draft legislation was adopted, embodying the following provisions:

The program of legislation endorsed at yesterday's meeting follows:

To reestablish the partridge season from Oct. 1 to Oct. 31.

To provide for the opening of the rabbit hunting season on Oct. 1.

To provide for the passage of a bill by the legislature for an angler's license, fixing the fee at \$1 and to be applied to all fishermen over 18 years of age, the entire proceeds from which license to be used in the establishment of fish hatcheries in Michigan.

Marquette gets the December meeting of the association, a decision which met with general approval because of the fact that Marquette is (Continued on Page Five)

## STEAMER CREW TAKES TO BOATS AFTER A CRASH

MARSHFIELD, Oregon, May 17.—The crew of the steam schooner Ozmo was taking to life boats this morning according to a message from the captain of the vessel which had struck a rock off Cape Blanco on the Southern Oregon coast at 2:20 o'clock this morning.

The captain's message said his engine went out of commission shortly after 4:00 o'clock and that the pumps were unable to keep up with the water that was rising in the hold. A crew of about 25 was believed to be on board.

The lumber schooner Willamette was hurrying to the aid of the Ozmo according to the message and was expected to reach the spot shortly after day break.

The Ozmo is owned by the Northern Commerce company and has a tonnage of 75.

## Believe that Pinchot Is Winner Of The G.O.P. Nomination

PHILADELPHIA, Pa., May 17.—Gifford Pinchot, "has apparently won the Republican nomination for governor on the face of unofficial returns," was announced by W. Harry Baker, secretary of the state Republican committee in a statement issued this noon.

## DELTA COUNTY MEN ARE SENTENCED IN THE FEDERAL COURT

### Four Draw Prison Sentences and One Man Is Assessed a Fine.

MARQUETTE, May 17.—Five more Delta county men faced Judge Sessions in United States district court yesterday and learned that the path of Volstead law violators in the upper peninsula is beset with rocks and thorns. Four of them will spend the summer in the Detroit state house of correction and the other will pay a \$500 fine or five four months in the Marquette county jail.

The first men sentenced yesterday were David and Walter Cereau, of Perkins. David was found guilty after a jury trial and his sentence was six months. Walter pleaded guilty and was let off with the \$500 fine.

Peckins is the home of a party man, candidate for U. S. senator, Tom Kenny, who last Saturday was sentenced to serve six months in Detroit after being found guilty of selling moonshine, and it is understood that David and Walter Cereau were actively engaged in carrying on Laneau's illegal business.

The third man sentenced yesterday was Eddie Dean, of Escanaba, a resident, but pleaded guilty to three years for Mr. Volstead's act and will be confined four months in Detroit. When released he is to be imprisoned in Blue Island for the balance of his term.

Another trial which resulted in a conviction yesterday was that of Stanley Dobrowski, of Escanaba, known in the Delta city of John Kell, proprietor of a soft drink establishment near the Northwestern depot. The jury found him guilty of two counts, charging sale. He was sentenced to serve four months in Detroit on the first count and to pay a fine of \$500 as punishment for the second count. If he does not pay the fine he will have to serve two months additional.

The other Delta county man whose case was disposed of yesterday was Daniel McCarthy, of Escanaba. McCarthy was tried and found guilty on the first count in his indictment. He was sentenced to serve four months at Detroit.

## Anderson Jury Disagrees

The jury in the case of John Anderson, of Marquette, was unable to agree on a verdict after two hours of deliberation yesterday morning. Anderson was tried Monday on a charge of selling moonshine and the case went to the jury about 2 o'clock in the afternoon. At 5 o'clock, when court adjourned, the foreman reported that no verdict had been reached and Judge Sessions ordered that deliberations be resumed yesterday morning. About 11 o'clock yesterday the foreman reported that a deadlock still existed and that there appeared to be no chance of a verdict, so the jurymen were excused.

## D. A. R. Chapter to Furnish a Room in Joint Sanitarium

The local council of the Daughters of the American Revolution is set at a meeting held May 9, to furnish one room in the new Delta-Menominee County Tuberculosis Sanitarium. This action was taken after the discussion of the matter and due consideration of the fact that the Escanaba Chapter is composed of but 28 members.

However, it was decided that this was a patriotic service quite as much as many of the others rendered by this organization, and it was determined to join the project through.

It is believed that this is the first action of this kind by a D. A. R. organization in either county and the ladies are to be highly commended for their enterprise.

## FRENCH TRY A FEELER ON THE UNITED STATES

### Desire Expression On Attitude Toward The Hague Parley.

### Reply Is Sympathetic But Cannot Be Construed as Meaning That U. S. Will Participate.

WASHINGTON, May 17.—French forces at Geneva prior to the issuance by the economic conference of an invitation to the United States to participate in The Hague meeting sent a "feeler" to try and learn the American attitude towards such participation, it was learned today.

The American reply it was explained was sympathetic in character but was not an acceptance, although apparently construed in Geneva as forecasting participation in the conference by the United States.

It was said that this was the only explanation that could be assigned in official quarters here to the confusion in European capitals which has followed the American declaration of the formal invitation.

The French proposal was of a general nature and fixed no time or place for the suggested conference to meet. The American reply to the French communication crossed that of the formal invitation to The Hague meeting and the result it was said today was that the American sympathetic attitude toward the original French suggestion was construed in some quarters abroad as indicating an acceptance of the invitation to The Hague.

## RUSSIA ACCEPTS PLAN FOR MEET AT THE HAGUE

KENOA, Idaho, May 17.—Russia has accepted the proposal of the powers for the meeting at The Hague to discuss the Russian situation. It was announced here this afternoon.

In accepting the invitation, the Russians proposed certain modifications in the plan which will be discussed at a meeting this afternoon.

The Russians qualified their acceptance with the modifications stated after this morning's session of the political subcommittee of the conference to which the Russian representatives were admitted. No decision was reached at this session but the atmosphere was more harmonious than that of yesterday.

## HIGH SCHOOL PROGRAM MAKES A GREAT HIT

### Money Raised to Send Representative to the State Oratorical Contest.

Last night's entertainment at the high school under the auspices of the Orange and Black Literary Society, was attended by 1400 people. The program was put on for the purpose of raising funds with which to defray the expenses of Wendell Lund to the state oratorical contest, to be held in Niles, Mich., on May 26th.

It was a rare program and was thoroughly enjoyed.

Following is the program: Selection—High School Orchestra; Margaret Compher, Howard Jackson, Carlton Smith, Alton Mallmann.

Junior Girls' Dance—Mary Cutbert, Mildred Embie, Ruth Johnson, Cecile LaPoint, Leone Dunn, accompanist.

Casey, at the Hat—Gunnar Baek, Songs—LaVerne Tolson; Mrs. J. Buchanan, accompanist.

Casey's Reveal—Walter Bergman, Songs—Jovel Olson and Tom Rush-ton.

Dance—Margaret and Dorothy Breitbach; Margaret Compher, accompanist.

Songs—Linnea Lund; Miss Irene Olson, accompanist.

"Hungry"—Harold Sullivan and Lawrence Hartwig.

"Hiran A. Nutt"—Walter Bergman, Songs—Grace and Catherine Jenkins.

High School Quartette—Jost Olsen, Tom Mulvaney, Tom Rushton, Wesley Grierson, Bangs Howard Jackson, Movies—Courtesy E. S. Hughes.

Selection—High School Orchestra.

lunch enough for two and at the door
numbers will be given out to everyone
who attends the party...

ORDINANCE NO. 2

AN ORDINANCE REGULATING BEVER-
AGE SHOPS

The City of Escanaba Ordains:

SECTION I.
A beverage shop within the meaning of this
Ordinance shall be deemed to be any place,
room, or suite of rooms, of general resort for
refreshments, wherein any beverage of any
kind is kept for sale, sold or served, to be
consumed therein, or to be consumed in any
hall or room communicating therewith.

SECTION II.
After June 1, 1922, no person as principal,
clerk, agent or servant, shall at any time
keep or conduct, operate or maintain a beverage
shop in the City of Escanaba, or assist or
participate therein unless the keeping, operating
and maintaining thereof, shall have been
duly licensed as required by the terms of this
Ordinance...

SECTION III.
If a license shall be granted by the Council
upon application as herein provided for, the
police authorities of the City of Escanaba shall
have the right to make reasonable inspection
and examination of the place and premises
of the beverage shop kept for sale therein, at
all reasonable times.

SECTION IV.
Any person or persons, firm, or association
of persons desiring a license for keeping of
any beverage shop, shall make application to
the City Clerk, in writing, under oath, and
application to be in substantially the following
form:

TO THE COUNCIL OF THE CITY OF ESCA-
NABA:
The undersigned hereby makes application
for a license for the keeping, operating, and
maintaining of a beverage shop, pursuant to
the Ordinance of the City of Escanaba, num-
bered two (2), and does so on this day:

1. Name of applicant
2. My age
3. My residence
4. I am a citizen of the United States of
America
5. I have been a resident of the State of
Michigan, for years, and a resident of
the City of Escanaba for years
6. The place where I intend to keep, main-
tain, and operate the beverage shop herein
applied for is the floor of the building,
store building, situated at Number Street,
Escanaba, Michigan.

7. I agree, if a license be issued to me
under Ordinance Number Two, to conduct a
beverage shop; that I will permit inspection
thereof by the City police authorities charged
with the duty of making said inspection; that
I will not maintain screens, curtains, parti-
tions, or any other object that will prevent the
full and entire view of the interior of the
rooms hereinbefore described in this applica-
tion, and in which I intend to conduct and
keep said beverage shop. If a license be issued
to me I agree to abide by the Ordinance regulat-
ing beverage shops, being Ordinance Number
Two (2), passed by the Council of the
City of Escanaba, and all other laws regulat-
ing or pertaining to the business in which
I propose to engage.

Dated this day
of 1922.

STATE OF MICHIGAN
COUNTY OF DELTA
On this day of A. D. 19
personally appeared before me
who being duly sworn deposes and says: That
he is the above named applicant for a license
to keep, conduct, and maintain a beverage
shop in the City of Escanaba; that he has
read the foregoing application signed by him;
that he knows the contents thereof, and the
statements and information therein furnished
and contained, are true to the best of his
knowledge and belief.

Notary Public, Delta County, Mich.
My commission expires 19

CERTIFICATION OF CHIEF OF POLICE.
I, the undersigned, Chief of Police, of the
City of Escanaba, respectfully report that I
have made due investigation of the above
named applicant and find the following facts:

Chief of Police.
Officer in charge of Public
Health.

SECTION V.
Upon the filing of such application, and the
payment of the license fee of Two Dollars as
an annual fee, the application shall be by the
Council immediately referred to the Chief of
Police and the officer in charge of the Depart-
ment of Public Health, who shall forthwith make a
diligent investigation of the fitness of the ap-
plicant to keep, conduct and maintain said
beverage shop, and said officer shall within ten
days after said application shall have been
delivered to him, make due report thereon in
writing, and file the same with the Clerk of
the City. It shall be the duty of the Clerk of
the City to submit to the Council at its next
regular meeting, after the report shall have
been made by said officers, the application,
and written report of the Chief of Police and
the officer in charge of the Department of
Public Health, and the Council shall grant or
deny such application. Such license, if issued,
shall terminate on the last day of May, next
after the issuing thereof. No application for
a license shall be passed by the Council except
upon a vote of at least three members voting
in favor thereof.

SECTION VI.
On all premises where liquor is sold,
carried, stored, or otherwise kept, and
where the view from the sidewalk, street,
alley, or road, in front of, or at the side or end
of the rooms or building where said beverage
shop is kept, maintained or operated, shall at
all times be removed so that a clear and entire
view of the beverage shop kept by any
person passing in front of, at the side of, or
at the end of said room or rooms, or place
where said beverage shop is kept, conducted or
maintained.

SECTION VII.
No person who has any infectious disease,
or who, if required by the health officer to
submit to the certificate of a registered physi-
cian that upon thorough examination by him
such person is found to be free from infectious
disease, shall not forthwith procure and fur-
nish such certificate, shall be employed in or
about any shop licensed under this Ordinance,
or shall handle any dishes, glasses, tableware,
milk, cream, butter, or other articles provided for
use therein.

SECTION VIII.
Each keeper of any shop licensed under this
Ordinance shall keep the same at all times in
a clean and sanitary condition and thoroughly
ventilated; shall keep conspicuously posted
therein his license thereof; shall observe all
provisions, orders, and requirements of the Chief
of Police and of the Health Officer in respect
to the conduct of such shops and shall not per-
mit or tolerate therein any drunkenness, dis-
order, gambling, profanity, obscenity, lewd-
ness, or immorality of any kind whatsoever.

SECTION IX.
No person who is the keeper, or the clerk
or agent of the keeper, of any shop licensed
under this Ordinance shall keep or permit to
be kept in or about such shop, or any room
connected or communicating therewith, any
slot machine or other device for gaming,
whereby money or other things of value are
played for or disposed of, in whole or in part,
as the result of chance or skill or whereby a
greater or lesser quantity of property, depend-
ing upon chance or skill, is given or received
for the same or equal consideration; or any
machine, device or form of play or game
whereby any stake, money or thing of value is
or may be won, acquired or lost as the result
of skill or chance in the operation of such
machine or device, or as the result of partici-
pation in such play or game.

SECTION X.
The City Manager shall have power in his
discretion to suspend any such license if he
has reason to suspect that the shop for which
the same was issued, is kept in any respect
contrary to, or in disregard of law, or of any

Ordinance of the City of Escanaba, and shall
suspend such license if the person to whom a
license has been granted, shall have violated
or shall have pleaded guilty to a violation of
the National Prohibition Act or the Prohibi-
tion Laws of the State of Michigan, before
any Court of competent jurisdiction. In case
of the suspension of the license the City
Manager shall serve immediate notice thereof
on the licensee and shall within ten days after
the order of suspension has been served on
such licensee, file with the City Clerk, and
serve on the licensee, a copy of the charges
against the licensee. The Council shall pro-
ceed, at its next regular meeting after the
filing and service hereinbefore provided for,
to hear the proofs which shall be submitted to
it by the officers of the City, charged with the
enforcement of this Ordinance, and the lic-
ensee shall appear at the time and place fixed
for the hearing of such charges, and shall
desire further time to prepare his defense, the
Council shall postpone a hearing of said
charges until its next regular meeting, and
to such other time or times as it shall deem
it advisable, if consented to by the licensee.
Provided that said suspension of the license by
the City Manager shall continue in full force
and effect until such charges are fully heard.
After hearing the proofs the Council shall re-
voke the license or shall order the suspension
made by the City Manager, removed. If it
shall appear that the licensee shall have been
convicted, or shall have pleaded guilty to a
violation of the National Prohibition Act, or
the State Prohibition Law, then the Council
shall revoke such license and the licensee shall
not be entitled to reapply for a further lic-
ense, until a period of one (1) year shall
have elapsed after the date of the revocation
of the first license.

SECTION XI.
Any person violating any of the Provisions
of this Ordinance, upon conviction thereof by
a Court of competent jurisdiction, shall be
subject to a fine of not less than Fifteen
(\$15.00) Dollars, or more than One Hundred
(\$100.00) Dollars, or by imprisonment in the
City or County jail of the County of Delta,
for a term not to exceed ninety (90) days.

SECTION XII.
This Ordinance, is and is hereby declared to
be necessary for the preservation of public
peace, property, health and safety, and shall
be in full force and effect on and after June
1st, 1922.

SECTION XIII.
Ordinance Numbered 299, adopted by the
Council of the City of Escanaba on the 4th
day of May 1921, is hereby repealed.
Adopted at a meeting of the Council held
May 16th, 1922.

CARL E. ANDERSON,
City Clerk.
T. M. JUDSON,
Mayor.

The Colonial
The Gateway to Health
THE benefits of the baths and treat-
ments, the charm of pleasant surroundings
and the delights of varied recreations are
yours to enjoy at the Colonial Hotel.
It is this happy combination that proves so
richly advantageous to our guests, whether
they come for rest or relief.
In the treatment of rheumatism, blood and
skin diseases, stomach disorders, nervous
and run-down conditions, the Mt. Clemens
waters are wonderfully beneficial—equal
to any in the world. The favorable results
of the new colon treatment are attracting
wide attention. The Colonial's bath,
laboratory and other equipment is the
best in the city.
If ill, come to the Colonial and take the
baths and treatments under the direction
of the most eminent staff of physicians in
this section. You should how improve-
ment within a few days after your arrival.
But plan to stay at least six weeks—to
obtain lasting benefits.
If you are well and want to keep well—if
you just need rest—come to the Colonial
and enjoy luxurious comfort and pleasant
diversion. Highest class of service is
maintained all year 'round.
All sports in season. Healthful hikes in
the bracing air. Motor rides on the boule-
wards and country highways. Excellent
18-hole golf course.
Detroit, with its theatres, shops and places
of interest, is just 20 miles away. Fast
interurban cars for Detroit pass the
hotel door.
You'll enjoy every meal here. The fame
of our food and cooking brings motor
parties from miles away to dine at
the Colonial.
This month is a good time to come to The Colonial
Rates \$5.50 per day and up, including rooms and meals
Our booklet informs you about the hotel, baths, treatments, etc. Send for your
copy. Address The Colonial Hotel, Mt. Clemens, Michigan, W. W. Witt, Mgr.

"Let's Make Escanaba A Better City"

WELLS AND THE PROFESSORS.

H. G. Wells isn't the sort of man to be excessively disturbed because a hundred college professors say what they think about his "Outlines of History" and some of their remarks are not precisely complimentary.

Mr. Wells probably expected that the erudite and the eloquent wouldn't altogether approve of his effort. Undoubtedly he was quite prepared for the verdict of the chairman of the investigating body who reported that the consensus of opinion with some exceptions holds that the author of the "Outlines isn't a historian at all."

In between these extremes are all sorts of comments regarding Mr. Wells' accuracy as a compiler, his wisdom as an interpreter and Mr. Wells is "some" propagandist and his ability as a literary man.

TEN QUESTIONS.

Out of the ten questions relating to Mexico which the Nation asked Secretary Hughes to answer, four are framed so that they contain strong intimations that the department of state has been trying to control the internal affairs of that country.

Secretary Hughes replies that he has not been doing any of the improper things hinted at, and that he will not publish the documents relating to Mexican negotiations while those negotiations are in progress.

Doubtless the Nation expected such a reply when it framed its queries. The fact that diplomatic documents are not published while negotiations are in progress is well known and the questions have all the appearance of having been framed for the purpose of discrediting the department of state by taking advantage of the fact that the secretary is compelled, for the present, to keep some facts to himself.

Fortunately Mr. Hughes is a man who enjoys the unshakable confidence of the country. He cannot be "put in a hole" by any cheap trick.

THE GERMAN TRADE BALANCE

A recent trade report shows that German imports exceeded exports by about \$,000,000,000 marks in March. This adverse trade balance ended a considerable period in which German export trade had exceeded imports and had supplied all of the needed stimulus to those who hold that a depreciating currency is a good thing for business, and to all of those who believe that Germany is in a fair way to dominate everybody's foreign market.

Into these classes fall a good many statesmen in Washington and the pending tariff bill was shaped in the house on the theory that exchanges, and particularly German exchange, are a controlling factor in fixing rates of duty.

A few more reports like that on German trade for March will serve to correct some of this kind of thinking and will greatly strengthen the senate in its present disposition not to go all the way with the house on rates and the American valuation.

Tchitcherine's declaration that Russia will not agree to pay its debts until somebody comes forward with a Russian loan of \$1,000,000,000 contains an idea that ought to become widely popular among deadbeats.

The Toledo Blade was not thinking of the general public when it said, the other day, that a compromise which will be accepted by both sides as a victory is the best way to settle a strike.

Hollander, 37, who wed American widow, 48, says young girls are too shallow to make successful wives. Fact that the widow has \$20,000,000, of course, has nothing to do with the case.

Gold Mine Promoters Revealed in 'Billions'

Had Rock Crusher Grind Out Nuggets to Quiet Doubts of Investors; Leader Once U. S. Consul General at St. Petersburg, Russia, 1907 to 1913.

(By Associated Press) NEW YORK, May 17—More details about the Yonkers "gold mine," which was alleged to have netted a group of swindlers \$1,000,000 from foreigners, mostly Russians, were revealed the other day coincident with the holding in jail of five men on grand larceny indictments.

Literature seized by Assistant District Attorney O'Neill and Ford during their investigation of the activities of those behind the alleged swindle showed that the old farm up in Nepperhan valley, near Yonkers, was represented as containing a total of \$10,000,000,000 in precious metals.

A prospectus printed in Russian explained that of this total \$8,000,000,000 was in gold, and that \$2,000,000,000 was in platinum. Several stray silver veins were reported and represented as worth \$100,000,000. They were only casually mentioned.

Offered Evidence

Assistant District Attorney O'Neill said that the only evidence of precious metals being in the vicinity was developed when some victims of the swindle were brought to the "mine," after insisting that they be shown. There, witnesses told Mr. O'Neill, the prospective victim and his escort would be met by Dr. Jacob Conner, "the agent on the ground."

The doubler would be led to a field, where a rock crusher would be uncovered, and then a handful of dirt, picked at random by the escort, would be thrown into the crusher. In a few seconds, Mr. O'Neill said, a few gold nuggets, the size of peas, would roll out of the crusher. If the prospective investor wanted to have a demonstration of platinum mining the same process was gone through in another corner of the field.

The assistant district attorney added that the only assets thus far obtained on the investigation were the small rock crusher, a few small gold nuggets and about \$20 worth of platinum.

Just before the four men arrested on warrants Tuesday night were arraigned before Judge Nott in general sessions Vasily Pashinin, who was among those mentioned in the indictments returned on Tuesday by the grand jury, walked into Assistant District Attorney O'Neill's office and stated that he understood that detectives had left word in several places that he was wanted on an important matter at Mr. O'Neill's office.

Arrest Is Ordered

"Very important," said Mr. O'Neill, as he called a detective and ordered the man's arrest.

Pashinin later found himself in the company of Dr. Conner, G. Kuznashov, sky, I. Sidarki and K. Chozhenko, the other indicted men who had spent the night in police headquarters. The five were arraigned before Judge Nott, who imposed bail of \$10,000 on Dr. Conner and \$2,500 on the other four. They were remanded for pleading in a few days.

Dr. Conner, Assistant District Attorney O'Neill said, was United States consul general at St. Petersburg, Russia, from 1907 to 1922.

"There is no way of telling how much the swindlers obtained from their victims," Mr. O'Neill said. "We have reason to believe that thousands of foreigners have invested in the stock of the Iridium Gold & Platinum company, the corporation which, it was alleged, was producing precious metals on the farm."

MASONS OF STATE IN SESSION TODAY

1,500 Gather at Assembly Today in Grand Rapids.

(By Associated Press) GRAND RAPIDS, Mich., May 17—Prominent Masons from the entire state convened here today when the sixty-fourth annual assembly of the Grand council, royal and select masters, and the seventy-fourth annual convention of the grand chapter, Royal Arch Masons of Michigan, will be held at the Masonic temple. It is believed that upwards of 1,500 Masons will be in attendance.

This is the first time these orders have assembled in Grand Rapids for a decade and preparations are being made for exception representations. Special arrangements are being made for the large group of women who will accompany their husbands to the session.

Among the prominent officials to attend will be Frank P. Wilcox, Detroit, grand high priest of the grand chapter; Charles A. Conover, Coldwater, grand recorder of the grand council and grand secretary of the grand chapter of Michigan; Arthur S. Hudson, grand recorder of the grand council of high priesthood, and George King Phillips, of this city, president of the high order of priesthood.

U. S. HAS LESS MONEY TO COUNT; MEN LOSE JOBS

WASHINGTON, May 17—Uncle Sam has less money to count, so controller of the currency is reducing the government's staff of counters. It is said at the treasury. There are at present approximately \$2,000,000,000 in federal reserve notes in circulation, compared with about \$2,000,000,000 in 1920.

LINCOLN LOST MURDER CASE

Writer Tells of Time When He Took Guilty Man's Side in Court.

(By Associated Press) SPRINGFIELD, Ill., May 17—Rioting in the little Illinois river town of Frederick recently, which resulted in the death of a sheriff and two of his deputies, has recalled another slaying there, back in 1838, with Abraham Lincoln appearing as counsel for the defendant, according to John E. Vaughn, writer of Springfield.

Mr. Vaughn said the history of the affair "effectively disposes of the silly assertion that Abraham Lincoln refused to appear in behalf of guilty clients and of the ridiculous statement that he always was invincible before a jury."

It was during the winter of 1838-39, according to Mr. Vaughn's story, that the slaying occurred. It created such feeling, it was said, that the defendant feared to go to trial in Schuyler county. He obtained the services of Abraham Lincoln and to T. Lytle Dickey, who later became a justice of the supreme court.

These lawyers obtained a change of venue to the Hancock county circuit court at Carthage. They tried every effort to save their client but on April 25, 1839, he was found guilty, and his execution followed in less than a month, on May 18, in Carthage.

"That the accused man was well defended goes without saying," according to Mr. Vaughn, "and his associate in the case was an attorney of exceptional ability. He was located at Rushville at the time, but afterward went to Chicago, where he established a great reputation and was elected to the supreme bench."

SLAYER GIVES UP FOR CRIME 19 YEARS AGO

Wants to Clear Himself So Sons May Take Their Real Names.

(By Associated Press) DANVILLE, Ill., May 17—John P. Carrington appeared in the office of John P. Lewman, state's attorney, and asked to be tried on the charge of murdering his sister-in-law, Mrs. Geo. Carrington, 19 years old.

According to Carrington's story, he served two years in the Indiana penitentiary for manslaughter as a result of killing Wesley Nice and Bayers Ewart in a Terre Haute saloon in 1895. While living there, he told the state's attorney, his mother sent him to the saloon to get his brother. A quarrel ensued, and during the fight he killed the two men.

He was paroled and came to Danville, and with one month of the parole yet to serve, he killed his sister-in-law, August 5, 1902, he said. It was the fear of being compelled to serve out the rest of the time in the Indiana prison, even if acquitted on the charge of murder in Danville, that caused him to flee, he said.

Carrington, who has been living under an assumed name in Utah and Colorado since the killing, said he had returned in order to clear his name and in order that his two sons, one 12 years old and the other 11, might bear their rightful name. He also wished to see his mother, now 80 years, living here.

George Carrington, husband of the slain woman, was tried and acquitted of the charge and John disappeared, but the indictment against him was nolle prosequere to reinstate. John says the killing was in self-defense.

VALUABLE PLATS TAKEN FROM MARQUETTE FILES

MARQUETTE, May 17—One of the important record books in the office

of the county treasurer has been mutilated. The book contains detailed land plats and maps of every county in the upper peninsula, and has been of inestimable value to officials. An official who went to the vault to get the book found that several pages had been cut away. It is doubtful whether the missing plats can be duplicated.

Nearly \$20,000,000 is being spent daily in the retail stores in Chicago.

Mrs. Sarah Bedard and son Leo motored to Marinette last week and visited at the Lehalie home on Division st.

See Mary Pickford in "Thru the Bark Door" Delft theatre, May 18th.

Harold E. Crebo is in Chicago where he went to the Railway Club convention.

Mr. and Mrs. George Anderson left last night for Chicago where they will visit for a few days.

Mrs. Joe I. Farrow and daughter of Northland were among the Escanaba shoppers Tuesday.

Don't Forget, I am still repairing Watches. Am now located at 1514 Ludington St. W. F. Kammeier, the Jeweler.

John Bartella was in Powers Tuesday on business.

Earl Brown left for Houghton where he has accepted a position.

Fred Armstrong of Chicago was a visitor here yesterday.

Mr. and Mrs. John Germanson of Milwaukee were visitors here Monday and left for Marquette for a visit with relatives and friends.

Let us help keep our visiting nurse, see Mary Pickford in "Thru the Bark Door" May 18th Delft Theatre.

Maurice Gibout returned to his home in Menominee after a business trip here.

Mr. and Mrs. Thomas Greene left Tuesday morning for a visit at Green Bay.

Don't Forget, I am still Repairing Watches. Am now located at 1514 Ludington St. W. F. Kammeier, the Jeweler.

Mrs. Leo Wintel of Gladstone transferred business here Tuesday.

Mrs. Albert Balleau of Bark River was in the city yesterday on business.

NOTICE TO CONTRACTORS

Bridge File Number 360302. Sealed proposals will be received on May 20th, 1929, at 2:00 P. M. Central Standard Time at the office of the District Engr. State Highway Department, Escanaba, Michigan, by Frank P. Rogers, State Highway Commissioner, for the construction of a 50ft. span reinforced concrete girder bridge located on Trunk Line Route No. 69 on T. L. Project No. 693, at approximately Station 1210, crossing Net River in Section 19, Town 16 N. Range 23 W. in Hemetite Township, Iron County, about 1 mile East of Net River, being bridge file number 360302.

DESCRIPTION: The general nature of the work to be done is as follows:

Substructure will consist of 150 ft. abutments requiring about 2420 cu. yds. of 1 1/2 concrete and about 3097 lbs. of steel dowels.

Superstructure will consist of a 26 ft. reinforced concrete girder with 22 ft. roadway, at a 15 degree angle of crossing. The superstructure will contain about 1187 cu. yds. of 1 1/2 concrete and about 26180 lbs. of reinforced steel.

Foundations: The indications are that piling will not be required. Decision as to its necessity will be made after completion of excavations.

General: Depth of water is normal 1 ft. and at high-water about 5 1/2 ft. Traffic need not be maintained during construction. All cement required will be supplied by the state.

Plans, specifications and proposal blanks may be received by writing to Frank P. Rogers, State Highway Commissioner, Lansing, Mich.

A certified check in the amount of \$500 is required with all proposals. The right is reserved to reject any or all bids.

FRANK P. ROGERS, State Highway Commissioner, Lansing, Michigan, May 12th, 1929.

Mary Culberson Sails For Europe On Extended Tour

WASHINGTON, May 17—Senator and Mrs. Culberson of Texas announce that their daughter Mary has sailed from New York for a tour of Europe. The attention of Alexander E. Robertson, a British war veteran, toward Miss Culberson recently attracted attention because of his charges of a plot to kidnap him, which were considered by the British embassy.

The statement said: "Miss Mary Culberson, daughter of Senator and Mrs. Charles A. Culberson, who has been at home with her parents since her return from Texas, sailed from New York on Saturday with a party for a tour of Europe, in pursuance of plans made several months ago."

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up a irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts, from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which quickly relieves bladder trouble.

WOMAN SEEKS \$10,000 IN HEART BALM ACTION

MUSKEGON, Mich., May 17—Mrs. Barbara Byron, of Chicago, is asking \$10,000 heart balm from Peter Dargis, a Muskegon factory employe, who she charges, promised to marry her and then later refused to do so. She testified that she met him while on a vacation trip to Michigan and that they became engaged the same day, although he had not as yet been granted a divorce from his first wife. She testified that a prenuptial contract was drawn providing for a division of the property. Dargis charges that he had learned facts about Mrs. Byron that made it impossible to marry her.

DANDELION WINE MAY FOLLOW BEER, WHISKY

HARTFORD, Conn., May 17—Ary sales from dandelion blossoms and rhubarb stalks, "fruit juices" within the meaning of the Volstead act? In formal opinion Revenue Collector Robert O. Eaton of the Connecticut district has asked his superior in Washington this question.

The Volstead act permits heads of families to make a maximum of 200 gallons of "fruit juices" provided such are not "intoxicating in fact." The office is flooded with notices of intent to make "fruit juices" from dandelion blossoms and rhubarb.

FISHROD HITS WIRE; SHOCK KILLS MAN

WEST BRANCH, Mich., May 17—Wesley Wadler, a resident of this city many years, was killed when his steel fishing rod hit an electric light wire and about 2,400 volts passed through his body, killing him instantly.

Has Not Visited Movie in 5 Years. Wants a Divorce

WHITE PLAINS, N. Y., May 17—Neglect to take her to the "movies" for five years was alleged as cruel and inhuman treatment in a complaint filed against Chester E. Mead, New York telephone company employe, living in Yonkers, by Mrs. Hattie Mead, in her suit for separation, filed here. In answer to his wife's charges, Mead said that he was in delicate health and nearly 50 years old. When he married her in 1907, he was making only \$9 a week, Mead said. He now makes \$24 a week, and gives his wife \$10 for household expenses. Mrs. Mead alleged that her husband had accumulated a jag each week—on Saturday night. Supreme Court Justice Morschauer allowed her \$15 a week alimony, and \$150 counsel fees, pending trial.

LUMBER HEADS PLAN NATIONAL STANDARD

WASHINGTON, May 17—A comprehensive program of commercial and manufacturing simplification has been proposed by the National Lumber Manufacturers' association to Secretary of Commerce Hoover and he has called a conference of representatives of both the soft and hard wood lumber manufacturing associations, railroads, building engineers, architects, the wood using industries, and retailers of lumber, to meet in Washington the week of May 22.

The lumber industry proposes to effect a sweeping organization of its systems of grades, dimensions and their simplification would effect millions of makers, handlers and consumers of lumber. The most novel idea is that of putting the industry as a whole behind the state quality of the product of each member by branding grades on every piece of lumber. Grades in use vary with different regions, different producers and different species of wood and are generally so inaccurate in designation that they are almost meaningless and always confusing to the uninformed consumer.

The lumbermen have decided to meet this situation with a universal schedule of grades and sizes. Not only are the sizes to be reduced in number in the interests of manufacturing economy and of storage and capital saving, but it is proposed to make considerable alterations in accepted sizes.

The branding of lumber by individual producers has long been the custom in Europe, but the proposed plan for the United States would have the whole industry behind it.

Mr. Hoover will address the dealers on the morning of May 22 and also later in the week. Lumber retailers, architects, building engineers and representatives of railroads using lumber will meet with the lumber men on May 21 and 25, and of the wood making industry on May 26.

HALF MILLION FORGED AGAINST CLOSED BANK

MODERLY, Mo., May 17—Approximately 750 forged instruments involving about \$405,000 were revealed by the state bank examiners' audit of the closed Farmers and Merchants bank here.

A new warrant containing eight charges was drawn against J. W. Bandridge, missing president of the bank, charging forgeries totaling \$21,000.

The new warrant charges Verne Bandridge jointly with his brother for responsibility for the forgeries. The bank's shortage, examiners said may not be more than \$325,000, as both the Bandridges have some funds still in the bank.

HONEY INDUSTRY BOOMS IN UPPER PENINSULA

IRON MOUNTAIN, May 17—The honey industry in Dickinson county will be considerably enlarged during the present season, in response to the urgent appeal made some time ago by the state bee inspector to increase the number of beekeepers in the upper peninsula.

Dickinson county now leads all others in the production of honey, the J. J. Eskil apary being much the largest in the district.

State Inspector Kindig says the upper peninsula is the favored district for the honey business and that there should be thousands of hives instead of a few hundred.

Sportsmen of U. P. Meet in Ishpeming

(Continued from Page One) easily accessible during the winter months. Hancock was decidedly anxious to have the meeting next May. She had enthusiastic delegates who ask for it a number of times and during the course of the meeting two telephone messages from organizations like the Chamber of Commerce and

Rotary club of Hancock were received inviting the association to meet there next May. However, it is provided in the by-laws that the place of succeeding meetings shall be fixed at regular intervals, so it is pretty certain that Hancock will be considered first bidder at the December meeting.

Fine Representation

Some measure of the very real interest manifested by the various clubs may be gained from the fact that out of a possible representation of 107 members, 101 were present. The clubs were represented as follows: Escanaba 16; Ishpeming 15; Marquette 9; Negaunee 7; Calumet 5; Gwin 3; Big Bay 2; Houghton 7; Champion 4; Ironwood 1; Iron River 8; Iron Mountain 6; Hancock 5; Baraga 2; Manistique 2; Gladstone 1; and Bark River 2.

President Voght called the meeting to order shortly after 10 o'clock in the Y. M. C. A. and referred with telling force to what had been accomplished by the organization during its 6 months of life. He summed it all up with the forceful expressions: "I'll say for a six-month's old baby, it has some teeth. He called attention of the delegates to the fact that Northern Michigan was recognized by the state as the playground of the state and to the further fact that the state fish and game commission was aware of the fact that this section of the state required and demanded more attention than has hitherto been given it.

Preserving Wild Life

The preservation of the wild life of the forests and means for bringing this about were discussed at length, with the general result that when it came time for the business of the convention, every man was eager to go on record in advocacy of the things which are right and best for this section of the state, not only the sportsmen but every man, woman and child. It was pointed out that the claims of this section are being given more consideration now than at any time that it has been stated by the state game warden that the upper peninsula needs more fish hatcheries; that fish should be distributed later in the year when it can be planted successfully and that the amalgamation of this association with the state congress

of clubs in the lower peninsula will be productive of those things for which the real sportsmen of the state stand.

Cooperation Foreseen

It is confidently expected that the action taken at Ishpeming yesterday will result in the amalgamation of all the game clubs of the entire state in one giant organization, at a meeting expected to be held at Petoskey on June 19, when every club of the Northern Michigan association will be expected to send one delegate to that session. Announcement of the appointment of C. B. Randall of Ishpeming and George Shiras, Jr., of Marquette as members of the legislative committee of the Michigan Congress of Game Clubs, was made at yesterday's meeting and the appointments were unanimously confirmed.

Work Reviewed

At the opening of the meeting yesterday forenoon President Voght reviewed the accomplishments of the association since its organization last December and asserted that the favorable trend of events toward game and fish conservation had been due to the intense organization efforts expended in the peninsula. Mr. Voght as well as all of the speakers at yesterday's meeting, pledged their support to the Michigan game department in all of its activities until it has been definitely and conclusively proven that some portions of that board's activities are failures. "We want to be square in all of our dealings and in our attitude toward the department of conservation and in return for that support from us we will expect the department of conservation to deal squarely and fairly with us," was the way in which President Voght summed up the association's attitude toward the game department.

The visiting delegates were most royally entertained by members of the Ishpeming Club. Following the forenoon meeting at the Y. M. C. A. building, an elaborate dinner was served at the Wawonowin golf club. At the conclusion of the dinner a brief program of readings was carried out with G. A. Nowitt serving as toastmaster. Most enjoyable numbers were contributed by Mrs. Schreffesser and Mrs. Thomas Clancy, both of Ishpeming.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small stand at a time; by morning all gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

GRANDMA NEVER LET HER HAIR GET GRAY

She Kept Her Locks Dark and Glossy, With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost, you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning all gray hair disappears, and after another application or two your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound, and look years young.

STUBBY ROD AND REEL

A COMPLETE FISHING OUTFIT for EVERYBODY

Don't travel with the brakes on

STEP away from mealtime with more power, not less. It's easy. Simple, natural food puts zest in muscles, ambition in brain, sends health's order, "Go!" to every faculty. Poorly balanced food says, "Wait," "Slow down," "Doze a while!" Grape-Nuts is a health and energy food, delicious to taste; soundly and scientifically nourishing. Made of whole wheat flour and malted barley, skilfully blended and slowly baked for 20 hours, its exceptional nutrition is partially pre-digested and developed for quick and perfect assimilation. Crisp and rich in flavor—a captivating appeal to the appetite. You'll find breakfasts and lunches more enjoyable, and much more helpful if you leave off heavier, starchy foods for a dish of Grape-Nuts with cream or milk. Children grow sturdy and strong on this splendid food. Ready to serve, right from the package. Order Grape-Nuts from your grocer today.

"There's a Reason" for Grape-Nuts. Made by Postum Cereal Co., Inc. Battle Creek, Michigan

PLAY FESTIVAL FOR CHILDREN NEXT SATURDAY

The kindergarten one of the most important departments of our school is often quite overlooked. This fact is to be deplored, and so this year our four kindergartners are bringing together a representative group of their children in a little Play Festival at the high school gymnasium Saturday afternoon, May 20th at half past two.

Napoleon Primeau Would Be Sheriff

Napoleon Primeau today announced his candidacy for the nomination for sheriff on the Republican ticket. Mr. Primeau is one of Escanaba's older residents with a wide circle of acquaintances in Delta county and he proposes to wage a vigorous campaign.

WANTED—Woman to do family washing. Inquire of George O'Brien at the Daily Mirror office.

BEHIND THE DEVASTATING FAN

Lovely Lila Lee Displays New Mode

EVERY article of clothing and every accessory that can be made of lace is a thing to be desired by this summer's girl. Lace dresses, lace shawls, lace scarfs, lace fans—the lace fan, gracefully large, gossamer, black.

ABOVE—DYED ALLOVER LACE DRESS—BELOW—COLLAR AND FAN OF REAL LACE

of this summer, we find it taken up again with tenfold enthusiasm. It frequently happens, that a material or trimming appearing at the end of a season one year, reappears in an avalanche the following year at the beginning of the corresponding season. Thus, just as at the close of last summer we found henna and brown all-over lace extremely popular, we now find all-over lace all over the place. Not only in henna and brown, but in all the seven colors of the rainbow, and in seven times seven other different shades.

In the sketch above is shown a popular model in dyed lace. It is in violet blue over a violet slip. A wide sash drawn to the side is bunched into a huge rosette of tulle and lace, the lace trailing wispily into a train.

In the lower sketch, a real lace collar is featured on a simple gown of old-fashioned cut, and the lace collar matches a dainty fan. A set like this, of fan and collar, is rich and unique in appearance, and milady needs no other decoration. A bit of real old lace has the same quaint charm of an old cameo, or coral ornament of eighteen-sixty-five.

Lila Lee's scarf and fan match too, and are of real Spanish lace.

spangled—not for cooling purposes, but to fan a flame into warmer ardor on a moonlight night. This dangerous sort of fan is shown above in the hand of Lila Lee, the Paramount star, who is capable of handling it adroitly and devastatingly, you may be sure. She demonstrates this charming ability in her new

picture, "The Dictator," in which she appears as Senorita Juanita Rivas, in support of Wallace Reid. The fan goes with her lace shawl and Spanish comb.

So much for lace accessories, and to turn to lace dresses. Last year the close of the summer season found all-over lace very popular. And now at the beginning

home fried potatoes, when she's deciding on a partner for life. The urge of an artistic temperament is attractive for short flights into the Umpier blue, but a real sturdy fellow who takes a serious slant at the complexities of existence is the lad whom most girls are waiting to tag. Girls have learned in the past generation that the game is a serious one; life is no dream. Only a sturdy man, fit for responsibilities of the gravest kind, stands a chance to win the right kind of girls.

LADIES AID MEET The Ladies Aid of the Swedish Mission church will meet in the church parlors at 2:30 o'clock. Mrs. Oscar Olson will be the hostess.

Mrs. H. M. Breitenbach is a patient at St. Francis hospital on the advice of her physician.

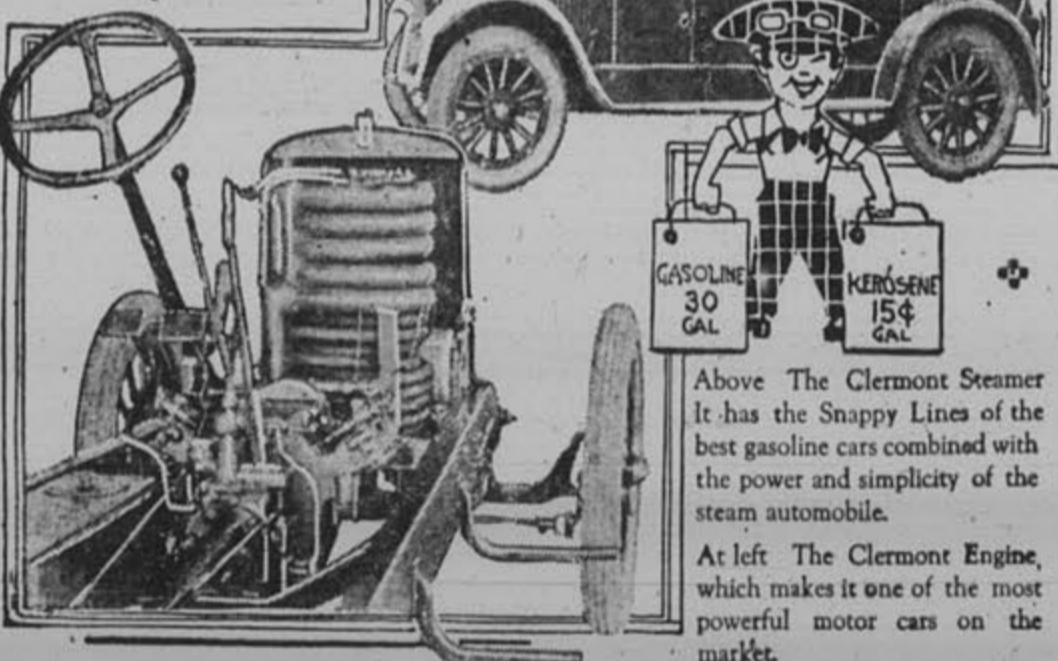

FOR SALE—Kitchen range in first class condition. Inquire 519 So. 14th st.

WHY GIRLS LOVE

Girls love sturdy men. While many a girl reads the effusions of a gentleman whose hair is amaryllis and crushed violets, when it comes right down to cases, the average girl picks a sturdy man who knows about jobs and pay-envelopes, and beef-steak, and

FACTS REGARDING GIRL SCOUTS ARE GIVEN THE PUBLIC

Miss Guthrie Submits Answer to "Who Are the Girl Scouts of America."

Miss Jean Guthrie, answering the query, "Who are the Girl Scouts of America," submits the following: Every girl in Escanaba and Wells ten years old or above is eligible to join the organization. However, a troop can be formed only when there are sufficient leaders to take charge of it. Each troop needs at least two sponsors, women who will see that the standards of Girl Scouting are adhered to, and two leaders who have direct charge of the troop's activities, meeting with them once a week to carry on the Girl Scout program. These leaders are called the Captain and Lieutenant.

To date 14 troops of girls have been organized and the 15th is in the process of formation. Following are the names of the leaders and composition of each group of girls. They were organized in the order in which they are numbered.

- Troop 1 is composed of St. Patrick's Brigade girls. Leaders, Bernice Firks, Adeline Henry. Troop 2 is a mixed group composed of Franklin, St. Joseph's and High School girls. Leaders, Margaret Hamilton, Helen Dwyer. Troop 3, mixed group of Franklin and High School girls. Leaders, Mrs. Thomas Dimmock, Dorothy Reade. Troop 4 under the auspices of the Baptist church. Leaders, Laila Hendryx, Mildred Sourwine, Dorothea Rose. Troop 5 mixed group of grade school girls, mostly Franklin. Leaders, Helen Reade, Alda Robb. Troop 6 community group at Wells. Leaders, Isabelle Cass, Margaret Beaton. Troop 7 mixed group of grade and High School girls. Leaders, Gertrude Hills, Helen MacVicar, Agnes Lieper. Troop 8 mixed group of High School girls. Leader, Gladys Morrell. Troop 9, St. Anne's school girls. Leaders, Louise Lacombe, Nellie Beland, Anna Smith. Troop 10, older girls Swedish Lutheran church. Leaders, Lydia Olson, Flora Bowman, Linda Campbell. Troop 12, girls of Methodist church. Leaders, Florence Mallory, Mildred Braekney. Troop 13, under auspices of Women's Relief Corps. Leaders, Mrs. Geo. Lemire, Mrs. Leslie Goddard. Troop 14, girls of Swedish Mission church. Leaders, Ethel Nowlin, Tillie Nelson. Troop 15 (not yet organized) will have as sponsors, Mrs. G. W. Moll, Mrs. Geo. P. McEwen, and as leaders, Marjorie Lillie and Helena Henderson.

GIRL SCOUTS OF BARK RIVER PLAN PROGRAM

Three Troops Outline Arrangements to Raise Funds.

- The three Girl Scout troops of Bark River are combining to give a program, which will secure them funds to help with their Girl Scout program. The leaders have been busy preparing for the event for the past four weeks, and have enlisted the help of several groups beside the Girl Scouts. The program which will be given Friday evening May 26th at Messinger's Hall follows: 1—The Travelling Show—Girl scout Troop 3. 2—I see you—Folk Dance—Kindergarten Girls. 3—The "Brownie's Dream"—Girl Scout troops 1 and 2. 4—Dance of Greeting. 5—Ace of Diamonds—Folk Dances—1st grade girls. 6—Girls of Yesterday, Today and Tomorrow—Girl Scout troop 3. 7—Sailor's Hornpipe Dance—Troop 2. 8—Irish Lilt—Dance—Troop 1. 9—Flag drill—Troop 1 and 2. 10—Stunts—High school boys. 11—How the Story Grew—One act play—Young women. The various numbers of the program have been practiced under the direction of the Girl Scout leaders or members of the Council. Those directing the various numbers are, Mrs. R. Young, Miss Emma Schultz, Mrs. Igb. McPherson, Mrs. T. Ewald, Miss Gertrude Hamilton, Mrs. Reade, Mrs. Henderson, Mr. Wm. Miller, and Mrs. Chas. Hamilton. Miss Peterson and Lois Johnson assist with the music.

Daily Fashion Hint After looking over our lighting system I find very few of our streets that show the lamps to have been hung in line, especially in this so-called west Ludington street, south and north parts of Stephenson Ave. and Hartnett ave. The main thoroughfare to town, and thru our city. With a very little expense in time service, at such times as the department can handle it best in connection with the regular routine work, this eye-sore affliction could be done away with, at least to a great extent. Concrete Walk

YOUTHFUL FROCKS ETO GROWN-UP STYLES. Frocks vary from the frankly bold to the almost indistinguishable, appearing on frocks for grown-ups and juveniles. Wearing a dress that makes her consider herself first in importance, the little miss gives preference to straight lines and kimono sleeves. Plaids and plaid gingham are used for its development, the quantity of material required being equally divided. Plaid yard of each, 36 inches wide, for medium size. The straight-line frock of brown gingham which takes second place, is developed in copper color gingham trimmed with self-material in blue and copper plaid. A narrow belt, twice wound round the finger only emphasizes the length of the waist. The sleeves are gathered into narrow bands of the plain gingham. Medium size requires 1 yard 36-inch plain and 1 yard 36-inch plaid gingham. First Model: Plaid Keweenaw Dress No. 992. Sizes, 4 to 10 years. Price, 30 cents. Second Dress: Dress No. 9926. Sizes, 34 to 45 inches bust. Price, 35 cents.

Fourth of July "I should hope for and earnestly suggest that this Council lend its support and influence for a home celebration on Independence day. This, true honored custom has been entirely neglected in the immediate past with the result that many of our citizens have left town for 1, 2 or 3 days to celebrate elsewhere, which could and should be spent at home, were there any public observance of the day held in their home town, and further many outsiders refrained from visiting our city, who would come here were the day fittingly observed. The above, of course is the selfish idea of the argument, but aside from that, while we are doing all we can in our way to make Escanaba a Better City, let's help Escanaba show itself a 100 per cent efficient in its devotion to the observance of the Birthday of this glorious country of ours. This matter probably could be more effectively worked out in co-operation with the business men of the city and need not necessarily be an expensive proposition against the funds of the city."

Finances of City Are Considered Tuesday

Continued From Page One. City from a pictorial as well as a moral and patriotic viewpoint. "We have heard it state many times of late that this city should have a Post-Light system of street lighting for our main street, that is, well and good, and I think we should look towards having that installed in the near future as soon as our financial condition may warrant, but in the meantime our present system could be made far more a credit to the city for appearance sake were the different lamps on each streets hung in a line.
