

INMATES DYNAMITE PRISON GATES

Wm. McAdoo Makes Statement to Committee

R. P. MASON GONE TO ATTEND BIG ROADS MEETING

County Engineer Will Take Part in Program at Ann Arbor.

Prominent Road Builders from All Over State Are There Today; Lasts Four Days.

County Engineer R. P. Mason has gone to Ann Arbor to attend the four days' conference, which is the tenth annual one held under the direction of the School of Engineering, in connection with the Michigan State Highway Department, opening today.

The occasion of the celebration of the purpose of the conference is to aid in supplying to road commissioners and engineers information relative to highway administration, organization, financing, traffic, drainage systems and foundations, and the construction and maintenance of highways and bridges suitable for roads and streets.

Road Experts to Talk. A number of important papers will be read by authorities on highway construction, and related subjects.

Dr. Frank Hartz Dixon, professor of economics and social institutions, Princeton University, "Cooperation Versus Competition in Transportation Service."

A. R. Hirst, Wisconsin State Highway Department, "Service: The Slogan of the Progressive Highway Department."

Albert J. Bedard, project engineer, Indiana Highway Commission, "Maintenance of Gravel Roads in Winter."

Charles E. Hill, general safety agent, New York Central Lines, New York City, "Safety Regulations at Railroad Grade Crossings."

R. P. Mason, Delta Engineer, "How We Try to Fight Winter Snows."

Arthur E. Einstein, Roy D. Chapin Fellow in highway transport, University of Michigan, "Economic Interrelationship of Electric Railroads and Highway Transport."

Capt. W. S. Gilbreath, manager, Detroit Automobile Club, "The Highway Department's Duty to Protect the Users of the Highways."

Debate on Gas Tax. Thomas P. Jerry, president, American Automobile Association, "The Highway Improvement Platform of the American Automobile Association."

Moray F. MacNaughton, Montreal, "Economic Mixtures of Sheet Asphalt Pavements."

Otto V. Adams, Detroit Edison Fellow in highway engineering, University of Michigan, "Service Tests to Determine Economic Methods of Constructing Dustless Gravel Roads in Washtenaw County."

Arthur H. Blanchard, professor of highway engineering and highway transport educational facilities, University of Michigan.

Leroy C. Smith, engineer, manager, Wayne County Board of Road Commissioners, "Effect of Traffic Development on the Design of Highways Near Large Cities."

G. C. Dillman, deputy Michigan highway commissioner, "Economic Traffic Limitations for Gravel Roads With and Without Bituminous Surface Treatments."

Tuesday afternoon there will be arguments for and against the proposed Michigan gasoline and weight tax on motor vehicles. Senator William M. Connelly of Spring Lake will take the affirmative and Col. Sidney D. Waldon, of Detroit, the negative. On the evening of the same day, Dr. Marion LeRoy Burton, president of the university, will deliver an address on "Public Service."

Bethlehem Chapel of Washington Cathedral Where Wilson's Body Will Lie for Five Years

After services had been held in the Bethlehem Chapel of the Episcopal Cathedral on Mt. St. Albans, overlooking Washington, the body of Woodrow Wilson was placed into a vault in the chapel. It will rest there until the great tabernacle is completed at the end of five years.

DRAGGED INTO CASE BECAUSE OF POLITICS

Says He Really Has Nothing to Do With the Oil Cases.

Declares His Testimony Will Be Worth Nothing to the Committee in Their Investigation.

WASHINGTON, Feb. 11. In an atmosphere charged with political tension, William G. McAdoo faced the senate oil committee today and explained his connection with the Doherty interests.

At the very outset, he read a prepared statement charging that had he now been prominently mentioned in connection with a high office, his name never would have been brought into the inquiry.

He declared he had acted in perfect good faith in accepting a retaining fee as counsel for Doherty after he left the cabinet and being the course of the long cross-examination resorted to by the committee.

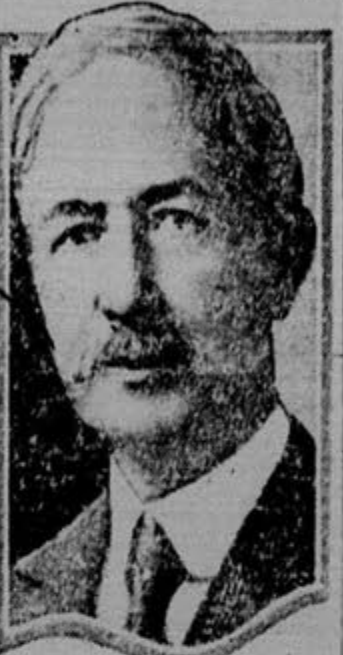

"I can conceive that the matter is wholly irrelevant to the subject matter of your inquiry," he said, "but I have been willing to come here and give the facts for such use and for such value as they may have in the pursuit of your investigations."

"You will be sworn as all other witnesses are," said Chairman Lenroot after he had called Mr. McAdoo to the stand.

"Do you desire to make a statement to the committee?" the chairman asked, after the oath had been administered.

Seating himself under a banner of silence, Mr. McAdoo declared that he had such a desire and read his paper.

Chas. H. Levermore, Bok Prize Winner

Dr. Levermore of New York City, Secretary of the New York Peace Society and former President of Adelphi College of Brooklyn, N. Y., was disclosed as the winner of the Bok prize at a meeting of the Academy of Music in Philadelphia. At that time the initial prize of \$50,000 was handed to him. If the plan is approved by a national referendum he will receive an additional \$50,000.

TWO GUARDS ARE KILLED IN FOLLOWING RIOT, NONE MADE THEIR ESCAPE, IT IS STATED

Outbreak Is Laid to Group Known to Prison Officials as the "Four Marksmen; Fighting Lasted an Hour, Says Reports.

Warden Egan Says Men Must Have Had Outside Help in Arranging for Wholesale Escape; Buildings in Surrounding Territory Badly Shaken by Blast.

Pittsburgh, Pa., Feb. 11. Two prison officers were shot to death and a number of convicts were wounded more or less seriously here today in a riot at the western penitentiary.

After an hour's fight in which riot guns, tear gas bombs, machine guns, clubs and sawed-off shotguns, the guards, aided by city police, detectives and county officials, finally restored order and quelled the disturbance which started when the convicts used explosives in an effort to dynamite their way to freedom. No prisoners escaped.

Officers Are Killed. The dead are William Pfeiffer, assistant deputy warden, and J. A. Coax, an overseer. Warden J. M. Egan reported that the riot was formed in the minds of four or five "bad men" recently transferred to the prison from another prison in the eastern part of the state to be disciplined. He added that he believed the riot was engineered by a set of convicts known as the "Four Marksmen." The men must have had outside help, the warden declared.

LOCAL MEN ARE INTERESTED IN BOY CONFERENCE

T. M. Judson and F. B. Bemont Both Named on Committees.

Youths From All Over Peninsula Will Gather at Ishpeming Next Week; Fine Program.

F. B. Bemont, member of the public city committee for the tenth annual boys' conference which is to be held at Ishpeming for three days beginning February 22, says:

The conference program committee, composed of C. B. Randall, chairman, George E. Bishop, of Marquette, H. S. Boulter, of Negaunee, Walter F. Giles, and J. G. Odgers, and Mr. Carlisle, have completed the outline of a program and practically all speakers have been selected.

Registration February 22. Friday, February 22, the delegates will be registered from 1 until 4 o'clock and at 5 o'clock a meeting of the nominating committee, consisting of one representative from each delegation, will be held. The opening session of the conference will commence at 7:30 at which time the delegates will listen to the keynote address, transact business and elect officers.

The conference will be held Friday evening at 6 o'clock and will be complimentary to delegates. A special program will be arranged for this event.

Sunday morning at 9 o'clock there will be a leaders' meeting conducted by R. L. Egan, metropolitan boys' work secretary of Detroit. At 9 o'clock a conference session will be held and at 10:30 there will be discussion groups, with a dinner at noon in the churches. In the afternoon at 1:30 the delegates will assemble for the conference photograph and at 2 o'clock a parade will be held. The recreational activities will commence at 3 o'clock. There will be supper in the churches Saturday evening at 6:30, at which time the various groups will hold discussion and at 7:30 a general session will be held.

Mr. Egan will hold another leaders' meeting Sunday morning at 9 o'clock and at 10:30 the delegates will attend church services with their hosts. A conference session will be held at 1:30. (Continued on Page Six)

Labor Will Not Support McAdoo For Nomination

ST. LOUIS, Mo., Feb. 11. William G. McAdoo's association with the Doherty oil interests although a paid employee as an attorney, has rendered him unfit for the endorsement of organized labor for the democratic nomination for president, according to labor representatives at the national conference for political action which opened a three-days' convention here today.

Mrs. Nels Jensen of North 18th street, had the misfortune yesterday morning while starting for church to fall on the steps of her home, breaking her left arm. She will probably be confined to her home for some time. John S. Back has returned from Iron Mountain where he has been for the past few days on business.

JAILED GIRLS TAKE POISON, STILL LIVING

Were Confined in Marinette County Jail for Week.

They Are Still Alive Today, But Their Condition Said to Be Very Grave by Physician.

MARINETTE, Wis., Feb. 11. The two young women who attempted suicide in the county jail here Friday are still alive today and the attending physician says there is about a 50-50 chance for their recovery, though they are both very ill.

Ruby Richards, 19 years old, and Kate Nyholm, also 19, are in a serious condition at the W. & M. hospital as a result of each taking a certain quantity of morphine tablets at the county jail Friday evening. Both women have been held for investigation following a raid conducted last Saturday night on a Marinette county road house.

Dr. Ward Called. When discovered to be seriously ill by the jailer, first aid was administered and Mr. M. D. Bird, county physician, was summoned. The patients were removed to the hospital where they were reported to be "very sick."

District Attorney Arthur E. Murphy said that he has ordered the women watched closely and intimated that formal proceedings may be held against them. Under existing criminal statutes they are being held in custody under a state health statute. It was pointed out.

That separate charges may be preferred on account of the alleged suicide attempt is a possible outgrowth of the rather hazy situation, it was hinted in official circles this morning.

Meager Details. According to the story of the actual taking of the virulent poison tablets, Jailer M. Houghton heard one of the girls fall, he rushed upstairs to the women's department and found both girls lying on the floor in a semi-conscious condition, administering first aid as best he could. The jailer then telephoned Dr. Bird.

An emetic was administered immediately and the girls removed to the hospital with all possible dispatch. One of the young women is said to be from Oconto county while the other is a resident of Marinette. It is believed that one has been married.

Banks Closed Here Tuesday

All the local banks will not open tomorrow for business, owing to the fact that it is a legal holiday—the birthday of Abraham Lincoln, which is generally observed, by banking institutions all over the United States. Business will be resumed by the local banks Wednesday morning at 9 o'clock.

AIR SERVICE IS GIVEN SHAKE UP BY ADM. MOFFETT

New Commander Is Assigned to Take the Shenandoah.

Other Changes Are Being Made With the Approval of Secretary Denby, It Is Stated.

WASHINGTON, Feb. 11. Sweeping changes in the personnel of officers at the Lakeside, N. J., air station and others assigned to the air ship Shenandoah, including the release of her commanding officer, Commander F. L. McCray, has been made by Rear Admiral William A. Moffett, chief of the navy aeronautical bureau, and approved by Secretary Denby.

Lieutenant Commander Latoshovna has been designated as the commander of the big air ship to succeed McCray.

Federal Troops At Vera Cruz; Take Over Town

VERA CRUZ, Feb. 11. Federal government troops arrived in Vera Cruz at 10 o'clock this morning, taking possession of the city after its recent evacuation by the rebels.

LANSING, Mich. Frank Rogers, state highway commissioner, speaking before the Rotary Club, declared prison labor is not to be used indiscriminately this year. He said prison labor can be used only where adequate housing and guarding of prisoners may be had at minimum expense.

Mr. and Mrs. Theodore Farrell are leaving tomorrow for San Francisco and Los Angeles, California, for the remainder of the winter.

VOTE TODAY ON DENBY OUSTER; DEBATE BITTER

Leaders Expect to Dispose of Major Problems This Week.

Considerable Railroad Legislation Will Be Started This Week, It Is Agreed Upon.

WASHINGTON, Feb. 11. As all growing bitterness, the senate debate on the resolution asking for the resignation of Secretary Denby, entered upon its final stage this afternoon.

Congress, slowly recovering its legislative equilibrium, upset by developments in the oil inquiry, will seek this week to get back to consideration of other major problems.

After disposing of the combination treasury re-organization appropriation measure, the house will take up the tax bill on Thursday under present plans. The vote on the supply bill is expected to come Tuesday.

The senate has agreed to vote late today on the resolution calling for the resignation of Secretary Denby for his part in the naval oil leases and leaders are hopeful of getting to consideration of the first of the annual supply measures, the interior department appropriation bill before the end of the week.

As yet house leaders have made no provision for consideration of farm and railroad legislation. These two problems may reach the senate first. Consideration of railroad legislation will be started this week by the senate interstate commerce commission, but early reports on none of the principal measures for amendment of the transportation act are expected since arrangements have been made to hold rather extensive hearings.

FORMER HERRIN MAYOR CHARGED WITH KILLING

A. V. Pace Was Arrested Today on Warrant Charging Murder.

Said to Have Been Accomplice in Death of Constable Cagel Last Friday Night.

HERRIN, Ill., Feb. 11. Former Mayor Pace was arrested today on a warrant charging murder after he had been sworn in as a member of the coroner's jury to investigate the killing Friday night of Constable Cagel, a city leader.

Pace was charged with complicity in Cagel's death. The warrant for Pace was sworn out by S. Glenn Young, city warden and past employee of the Ku Klux Klan, who has set up a defector municipal government since the arrival of the state troops who were in here as the result of a riot between the two factions.

Miners May Strike

HERRIN, Ill., Feb. 11. Turbulent Williamson county, the scene two years ago, of the massacre of more than a score of non-union coal miners and lately an inter-county war between Klansmen and wet forces who were anti-Klan, today face the prospect of a declaration of martial law and a strike of approximately 4,000 miners in 27 mines.

It is believed generally that with the arrival of the national guardmen, the county law enforcement will pass out of the hands of Colonel W. H. McGowan, as it has been, as he was held to be the only county officer in performing as such.

Questions Authority

URBANA, Ill., Feb. 11. Sheriff Galbran of Williamson county and five of his deputies accused in connection with disorders in Herrin were brought here last night and held in the Champaign county jail for safe keeping.

Dakota Bank Is Taken Over By the State Today

BROOKINGS, S. D., Feb. 11.—The State Bank of Brooklyn was closed by order of the board of directors and the state banking department placed in charge of the institution, it was announced today. The bank had a capital of \$500,000 and had deposits totaling \$1,500,000.

Branch Rickey Says Owners Like to Swap; Farrell's Dope.

Daily Mirror Sports

Soldiers Win Close Cage Contest From Menominee--19-17.

SPORT WRITER SAYS FRISCH BETTER THAN ROGER HORNSBY

McGraw Gets Shock When Rickey Says Wants Giant Team for Him.

By HENRY L. FARRELL.

(United Press Sports Editor) NEW YORK, Feb. 11 (United Press)—Several National League clubs are to be shaken up by trades that may not be completed before the next season actually starts.

Branch Rickey, manager of the St. Louis Cardinals, who was here recently on a business trip.

Rickey said in his experience he had never heard so much trade talk among the club owners that was meant seriously.

The St. Louis manager said he had been offered Charley Hollocher and Rabbit Maravilla, but he didn't want either one of them as the successor to Doc Lavan, who is said to be scheduled out of St. Louis.

Rickey is after one of the Boston catchers and it is probable that the deal will be completed before the teams go south.

The dope was also spilled by Rickey that Pittsburgh is hot after Jimmy Ring, who won eighteen games with the lowly Phils last season.

Perhaps the Cardinal manager meant to include himself when he said: "They all want too much for their players." He certainly belongs to that classification himself, as he was not modest in placing a valuation of \$500,000 on Rogers Hornsby.

John McGraw hasn't recovered yet from the terrible shock he got when Rickey, in reply to a question of what he would take for the champion batsman of the league, started off: "Frisch, Jackson and ——" McGraw stopped him right there, and said he would not give Frisch for Hornsby in an even trade.

McGraw meant it, and he is probably right. Frisch is practically just getting started. He has by no means reached the top of his game and he is getting better each season. With the exception of his hitting, Frisch is a more valuable player now than Hornsby, and his work with the bat is nothing to be sneezed at.

Hornsby probably has reached the top of his game. He may continue to lead the league in batting for several more seasons, but he will get no faster as he grows older, and he already has a weak knee.

Frisch has been a sensation ever since he jumped into the obnoxiousity at second base in 1919, and last year was his best season. His work in the world's series was superb, and one of his plays was stamped by Miller Huggins, manager of the opposing Yankees, as the finest and smartest bit of execution he had ever seen on the field.

Frisch studies the game and, for that matter, Hornsby may also take his business very seriously, but Frisch shows more in his game to indicate that he is giving every play close thought.

Making that spectacular play in the world's series, he threw himself around under a short fly and so to catch the ball in a position to get it away quickly. He took the chance, made good on it and doubled Babe Ruth at the plate.

Hornsby, if the St. Louis club is not buying out smoke, will remain with the Cardinals for at least another season. Rickey says he will not dispose of his star unless he gets in return enough strength to insure a pennant for St. Louis.

As the St. Louis club owners will not consider cash over and over upon bases in any deal, one of the clubs in the league is in a position to swing the deal without shooting the team full of holes.

Hornsby might be worth \$2,000,000 to the Cardinals, but he isn't worth that to any other club. Because he would bring a pennant to one or two competing teams in the league, but the world's series isn't worth a half million dollars to any club now.

The Yankees and the Giants' money on the 1923 series, but they both just about broke even on the games in 1924 and 1923. In three years the New York clubs have made very little out of the series. A championship club, of course, draws better on the road, but the New York clubs always will draw, winning or losing.

ESKY VETS GIVE MENOMINEE LEGION TEAM DRUBBING

Last Minute Spurt by Local Cagers Gives Two Point Win.

Three field baskets in the last minute of play gave the Escanaba Legion a sensational 19 to 17 victory over the Menominee D. A. R. quintet at the High School gymnasium Saturday night. It was the most thrilling, the fastest and hardest fought game seen here this season, and probably no contest in years had a more breath-taking finish.

Menominee started strong. At the end of the first half the visitors were leading, 12 to 3 and the crowd settled back to wonder whether the locals could hold the Menominee score down.

Things didn't look much more promising for Escanaba until about midway in the second half when Shelton and Christie started to find the hoop. Six minutes to go and Menominee held the margin, 17 to 19. Shelton shot over a fast one. Score 17-12. A free toss by Christie made it 17-12 and Christie hooped another basket of sensational heaves which tied the score.

The one which tied the count found the time-keeper's watch registering forty seconds to play. Lloyd Jackson salted the tilt for Escanaba by caging a hard shot from a left hand angle and a half minute of close guarding on Escanaba's part finished it.

If Hornsby has a value of \$500,000 on the hoof, it would be interesting to play around with seven or eight figures trying to appraise the worth of Babe Ruth to the Yankees.

Ruth is not only a tremendous asset to the New York Yankees, but he is the biggest business offer in the league. He packs the parks wherever he goes and his influence spreads even to the minor leagues.

Several responsible minor league club owners and managers have said frequently that their business is always good when Ruth is going good.

Carl Girard Wins Roller Races; Results of Other Races Also

A large crowd attended the skating programs at the Coliseum roller rink yesterday afternoon and evening. The feature of the evening program were exceptionally thrilling and exciting races which were called at 10 o'clock sharp.

The first race by two eight-year old boy wonders, Edward Shimberg and Ivan Beauchamp, the former winning by a small margin. The little fellows went one-half a mile in two minutes and ten seconds. They were attired in racing tights and bent many a thrill through the spectators as they sped over the track.

The second race between Bonnie Ritchie and Carl Girard was won by the latter, after a second starting. The race was stopped after the contestants had gone one-half a mile when an axle in one of Ritchie's skates broke and a quick repair was made and started over again. The boys raced the mile in three minutes and twenty seconds.

The final race of the evening was staged by five local young ladies, which proved very interesting and exciting from start to finish. They crossed the finishing line in the following order: Lillian Hamelin, first, with Frances Fountain a very close second, Margaret Goodman, third, Eva Duhard, fourth and Agnes Sape, fifth. The young ladies raced the half mile in two minutes flat and received many a cheer from the great crowd of spectators.

Puckey McFarlen of Milwaukee, who raced against Mel Roberts and Will Egan three years ago, was referee. Ed Brennan and Mel Roberts, time-keepers.

The drawing for the \$2 kitty was made and Howard Duford, the fifth name drawn being present, took the pot. Another one dollar pot was started for next Sunday evening when a "Tag Tag Party" will be held.

CITY HAS FOUR WEDDINGS, FIVE DIVORCES THIS YEAR

TRAVERSE CITY, Mich. These long winter nights are more conducive to family rooms than love-making, according to county Clerk E. Sprague Pratt, who announced that four marriages have been granted by his office thus far this year and five applications for divorce have been filed in the same period.

COLLEGE OF MINES AFTER FOOTBALL SCALPS THIS YEAR

Would Like to Gather a Few From Lower State and also Wisconsin; Have Good Team.

HOUGHTON, Mich., Feb. 11. The Michigan College of Mines is going to get some Wisconsin and lower Michigan football slaps next fall, according to Manager Johnson, who now is at work on the 1924 gridiron schedule. Football has not been given the attention at the college that the game has found in other state institutions, but athletic authorities believe they will be sufficient material for a fast and husky eleven next fall.

One game has been scheduled, Okosh Normal, a perennial rival, coming here October 11, the first week school. The two usual scenarios, games with Marquette Normal, undoubtedly will be played. Five other games remain to be scheduled, as there is a strong sentiment at the school to arrange these with lower Michigan colleges or normals. Kalamazoo Normal, Mount Pleasant Normal and possibly the school at Superior, Wis., are among the institutions with whom negotiations now are under way. A game with some Minnesota college also is contemplated.

Heretofore football at the College of Mines has been given only lukewarm support, and the eleven have shown no exceptional talent. Last season however, the college absorbed some of the enthusiasm that hypnotized major schools of the country, and there is a general opinion about the campus that the local school is ready to get out and make a name for itself on the gridiron.

Ben Lockwood has been elected captain of the 1924 team. He is considered one of the best football men ever to wear the moleskins at the college. He will have a veteran team next fall, all of the 1923 men returning except two.

CAPTURED BALD EAGLE

SARANAC LAKE, N. Y. (United Press)—While hunting rabbits, Guy Taylor of the hamlet of Brier Hill found a full grown bald eagle with a broken wing. He carried the great bird home in his coat and set the wing. The eagle promptly broke the wing again, but the second time it was permitted the splints to stay on.

The eagle is being kept in a grain bin and fed upon raw meat. Its body is larger than that of a cock turkey and it has a great spread of wings. It hisses and snaps viciously at any one coming near it. Its mate flies for hours high over the barn in which is the wounded bird. As soon as the eagle's wing is healed it will be released, it being too fierce to keep.

Laces and Lingerie Last Longer when washed our "Soft Water Way"

The lime in our hard local water forms in washing a lime soap that settles in and weakens the fibres of delicate fabrics—makes them brittle. Thus your fine linens and laces and lingerie wear out long before they should.

We use "rain soft" water exclusively in our laundry which prevents the formation of this sticky lime soap. And we use only pure soap—and less of that because of the extreme softness of our water.

Thus the fine fibres of your filmy fabrics are preserved—your work comes from the wash soft and white and fluffy—your laces and lingerie stay dainty and fresh when washed "the soft water way."

Let us prove to you the wonderful difference in your laundry work when washed "the soft water way" Ask us to call for a trial bundle. Be convinced.

The Kind of Business We Like

Of course, all business is good business, and we are always glad to give the same attention to the youngster who wants a "nickel's worth" as we do the more prosperous buyer who comes in and says, "Gimme a five-pound box of candy."

BUT—we particularly like the customer that comes in and says, "I want to be a regular customer for your home-made candy. From now on you can feel that I am a steady customer for your home-made candy and I want two pounds, one pound every Wednesday and the other every Saturday, each week." We now have several customers of that kind—our pure, home-made fresh candy is filling a long felt want in Escanaba.

THE "SCOTCHING" OF MR. McADEUCE.

Democrats everywhere concede that the Ten Pot Dime bubble has virtually eliminated McAdoo as a Democratic presidential candidate just when McAdoo stock was soaring. What the report is in "camp" is not definitely known, but the word of the laymen may usually be depended upon.

Should the Democratic convention drop McAdoo, as now predicted, it is anticipated that the cards are all dealt for the nomination of John W. Davis, former ambassador to England and solicitor general under the Wilson administration. There are many Democrats, who even before the McAdoo fiasco, believed Davis would be the choice of the New York convention.

National conventions are unwieldy and fickle gatherings at their best so it would be rank guess-work, especially with politics in oily chaos, to name the Democratic nominee before the Democrats themselves know him. W. J. B. is still on the lecture platform and there is over-night train service from Miami to New York.

Fate has been truly fickle with McAdoo. Just as his star was in the ascendant over Democratic realms he is struck a double blow. Within a fortnight the finger of political scandal is pointed at him and death puts an end to the benefits enjoyed by him from the sympathy bestowed upon his father-in-law, former President Wilson.

McAdoo Democrats saw in the naval oil reserve scandal a golden opportunity to deal a death blow to the Republican organization if not to the aspirations of President Coolidge for reelection. How could they have known, except through Mr. McAdoo himself, that the thing was to back fire all over the bright new suit they made to measure for their hand-picked candidate for the Democratic nomination?

HESITANT DRIVER A MENACE.

"Well make up your mind," growled one driver at the driver ahead, who had signalled that he was going to turn to the left, had hesitated, and then had gone straight on.

"I see that sort of thing every day," said the driver who had been held up momentarily to his friend to whom he had given a "lift" that morning. "The hesitant driver is as great a menace to safety as the reckless driver. One cannot gauge him, one never knows what he is going to do."

True of driving, true of life in general. The fellow who cannot make up his mind throws all our plans awry. He will give up a decision by such and such a day. We build upon that expectation and when the day arrives he is still undecided. When he finally does decide the chances are that the scales of his judgment have been inclined one way or the other through the consideration of a minor point and not because of a clear analysis of the situation.

The only way to deal with the hesitant driver is to watch him or, better still, to pull around and get in front of him. The only way to deal with the hesitant type in general is to analyze your man and, if he falls into this class, make due allowances. To depend on him in matters of importance is to build on shifting sands.

MISLED BY THEIR OWN NOISE.

"The eyes seem to have it," said the chairman. The house of representatives was sitting in committee of the whole and a vote had just been taken.

Representative Blanton of Texas, being in doubt as to whether the chairman had correctly measured the sentiment, demanded a division. It was taken. The chairman thereupon announced the vote was 60 to 1.

Mr. Blanton should not be criticized. His failing is not an unusual one in congress. He heard his single nay and it sounded like a mightier volume than did the combined eyes of his 60 colleagues.

Sometimes Mr. Blanton's associates have manifested similar tendencies. On a great issue they have heard their own voices and thought they heard the great voice of the people, which subsequent elections have shown was shouting a different message.

INVESTORS' GULLIBILITY.

Government statisticians estimate that more than \$500,000,000 was taken from small investors in America last year by swindlers and promoters of highly speculative ventures. The money so taken was from a class that can ill afford to lose it. In many instances life savings were consumed by these frauds.

The above-mentioned sum was a big price to pay for indulgence in gullibility. If there had been investigation before such investments, they would not have been made. There are abundant opportunities for such investigation. Banks throughout the country stand ready to advise applicants as to ventures concerning which they may inquire. Government agencies are ready to aid in detecting fraud. Failure to make proper investigation before investing money is the fault of the investor.

Golf playing among the reparations experts is said to be interfering with Gen. Dawes' plans. In that case something will be heard about golf that isn't in the rule books.

What he don't understand in all this hullabaloo over the authenticity of several alleged Rembrandts is why any picture isn't just as good as it is painted.

Can we guarantee Mr. Cone our undivided attention, just when the teams are about to leave for the south and campaign guns are limbering up?

World Civilization Note: The disappearance of yellow button oxfords with bullgud toes.

Heart bath these days reaches from \$25,000 up. There never was anything like that in Gilend.

ST. JOSEPH'S CHURCH FILLED TO CAPACITY TO WITNESS AN UNUSUAL RELIGIOUS EVENT

Two Young Priests Say Their First Masses Yesterday.

Church Was Beautifully Decorated for Occasion and an Elaborate Program Given.

By WILLIAM C. GOUGH

Yesterday was a memorable occasion in the history of St. Joseph's Catholic church in this city and in the years to come, the recollection of the day and the many and impressive ceremonies witnessed will ever be a source of new inspiration and renewed zeal to the Catholic population of this city.

The occasion of the celebration of the first holy mass by a newly ordained priest is a momentous event to all Catholics and to the young priest about to enter upon the activities of his chosen vocation it is a day long looked forward to as the happiest in his entire life and the joys experienced by him then will never be effaced from his memory, no matter what future years may bring to him. The opportunity of being present with such a ceremony takes place is a privilege which does not often present itself.

Escanaba Catholics were signally honored yesterday when they were afforded the most unusual and rare distinction of witnessing in St. Joseph's church the celebration of the first holy mass by two young men who were recently ordained to the holy priesthood at Cincinnati, Ohio.

First Solemn High Mass at 8 O'clock. At 8 o'clock yesterday morning Rev. Fr. F. H. Grote celebrated his first mass. He was assisted by Rev. Fr. Bertrand Labadie, Rev. Fr. Albin Christoff as deacon and Rev. Fr. Daniel Linfert as subdeacon.

At 10:30 Rev. Fr. Albin Christoff celebrated his first holy mass. Rev. Fr. Bertrand also acted as his assistant, with Rev. Fr. H. Grote, deacon, and Rev. Fr. Daniel Linfert, subdeacon. Leo Roemer acted as master of ceremonies at both masses.

Fr. Christoff is a son of Mr. and Mrs. John Christoff, of 119 South Tenth street, this city. He attended St. Joseph's school here, leaving in 1911 to take up his studies for the priesthood at St. Francis Seminary at Cincinnati, Ohio. Later he continued his studies at Monteville, Ohio, Louisville, Ky., St. Bernard, Ohio and completed the course at Orlensburg, Indiana.

Rev. Fr. F. H. Grote is a native of Germany and came to this country several years ago to complete his studies at St. Francis seminary. He is a brother of Rev. Sister Isabel, superior of St. Joseph's hospital at Menominee, Mich., and she was present yesterday at the celebration of his first mass. A number of other Sisters connected with St. Joseph's hospital at Menominee also were in attendance.

The two young men were classmates together during a number of the years of their preparation for their chosen vocation, and decided some time ago to hold the double celebration of their first holy masses in this city, the home of Fr. Christoff.

Former Assistant Pastor Preaches. Rev. Fr. Flavian Lorber, O. P. M., a most able and eloquent orator and a former assistant pastor at St. Joseph's church here, delivered the sermons at the first masses of both the young priests. He is now a member of the faculty of St. Francis Seminary, Cincinnati, Ohio, and came here especially to take part in the ceremonies of yesterday.

During the course of his sermons he took occasion to congratulate the young men for their perseverance in their studies and preparation for the priesthood and in their final ordination which took place at Cincinnati, Ohio, last Wednesday.

Briefly he outlined the work of a priest of the Catholic church, his position as a spiritual adviser, the criticisms which are oftentimes made of him and the firmness with which he must carry on his work in spite of all the hindrances which are placed in his pathway.

Choir Renders Excellent Program. St. Joseph's choir, under the able and efficient direction of Miss Eva Cossette, organist, rendered special musical programs at the 8 o'clock and also the 10:30 masses.

The Holy Name Society acted as honorary escort to Rev. Fr. Grote at the 8 o'clock mass from the rectory to the church and also to Fr. Christoff at the 10:30 mass. The members of this society also received holy communion in a body at Fr. Grote's mass.

The church and sanctuary had been most appropriately and tastefully decorated for the auspicious occasion with potted plants, ferns, white and large gold and white streamers floated from the dome of the sacred edifice and fell in graceful folds to all sides of the auditorium. The altar and sanctuary were a hower of beautiful flowers which presented a picture of rare radiance and splendor.

A large number of visiting priests were present in the sanctuary at both masses yesterday.

The church proved far too small to

accommodate the immense throng of people who sought admission at the special ceremonies.

Banquet Follows. After the 10:30 mass, a banquet was served at St. Joseph's club rooms by the ladies of the parish for the two newly ordained priests, members of the clergy and relatives.

In the afternoon at 2:30 o'clock solemn vespers were conducted by Rev. Fr. Christoff, assisted by Rev. Fr. Grote and Rev. Fr. Daniel. Reception at the Christoff Home. A reception was held at the Christoff home from 3 to 5 o'clock Sunday afternoon with a supper, which was served at 6 o'clock for the honored guests, relatives and out-of-town visitors.

Celebrates High Mass at Hospital. This morning at 6 o'clock a high mass was celebrated at St. Francis hospital by Rev. Fr. Grote. A banquet was given there at noon for the two young priests and other members of the clergy.

SUGAR BEETS BEST PAYING OF ALL CROPS

Pays the Largest Gross Return Per Acre of All Crops.

Michigan Ready to Take Care of Far Greater Demand for Beets Than at the Present.

EAST LANSING, Mich., Feb. 11.—Sugar beets paid Michigan farmer the largest average gross return per acre of any crop raised in Michigan last year, declares Prof. J. F. Cox, in charge of the Farm Crops department of Michigan Agricultural College. For this reason he strongly advocates an increase of sugar beets for this state during the coming year.

According to the figures sugar beets averaged about \$72 per acre in Michigan in 1923, about \$12 of which was profit above all possible charges against labor, land and investment.

"At the recent sugar beet institute held here an increase in the acreage of sugar beets was strongly advocated," Prof. Cox said, "for the reason that this crop paid the largest gross return per acre to Michigan farmers of any field crop grown in the state last year, and because the United States continues to import about one-fourth of the sugar consumed from foreign nations."

"The sugar supply of the nation will be on a more dependable basis when a large proportion of the crop is home grown, a condition desirable in times of peace and a great asset in times of war. From the standpoint of soil and climate Michigan is particularly adapted to the growing of this crop through-out extensive areas. The crop does best on fertile loams and clay loams, and responds to careful methods of seed bed preparation and culture. The largest yields are obtained from fall or early spring plowing and thorough preparation of the seed bed. Use of 200 to 300 pounds of high grade fertilizer pays well with this crop."

"Michigan is ready for a marked increase in sugar beets. If conditions continue to demand it, instead of 100,000 acres of beets, the state has land for more than 200,000, and the factories could handle almost 400,000 tons of present production with little expansion."

FIFTY YEARS AN EDITOR OF VILLAGE NEWSPAPER

EAST LANSING, Mich., Weekly editor of the village of Kingsford, and member of the Michigan Press Association here today held a special meeting here today at Kingsford in honor of G. L. Adams, editor of the Kingsford Review, who will complete 50 years of that capacity at that time.

FORD GIVES NINE ACRES AS SITE FOR SCHOOL

IRON MOUNTAIN, Mich. The proposal of the village of Kingsford of giving the Ford plant here to build a combined grade, junior and senior high school at a cost of \$225,000, met with an offer from Henry Ford to donate nine acres of his land for the school site.

HIGH PAY, SHORT HOURS ATTRACT ROCKFORD POLICE

ROCKFORD, Ill. Higher wages and shorter hours has increased five-fold the number of applicants for the patrol force here. The system, recently put into effect by Chief of Police B. J. Green, consists of three eight-hour shifts. The pay of police officers was raised \$10 a month for all patrolmen, beginning January 1. The new order is expected to create a higher standard for the local department.

FLINGS at FOLLY

The only thing wrong with any country is the people. If jazz is dying it is flinging a wicked swan song. The best way to go to sleep is to try to stay awake. The most slushy part of snow is the poetry it starts. Our most popular winter resort is the kitchen stove. The hand that rocks the cradle...

doesn't roll the cradle. A new broom may sweep clean, but it always wears out. The demand for politicians is great, but the supply is short. The Car for the Girl in Business. The modern business woman needs her own personal transportation medium. It saves time and increases her efficiency and earning power. Yet, because she is a woman, she also insists that her car shall measure up to a high standard of quality. The Chevrolet Utility Coupé with high-grade body, refined upholstery, plate glass windows, Tornstedt window regulators, and other artistic fittings, stream-lines and riding comfort, fully meets her quality requirements. Its mechanical efficiency and ease of handling make strong, appeal and finally its surprisingly low price and lowest per mile cost decide her choice. CHEVROLET Utility Coupé \$640. L. K. EDWARDS, INC. Distributors. ESCANABA MICHIGAN.

MRS. ANNA DICKIE OLESEN IS NEXT LYCEUM COURSE NUMBER COMING ON WEDNESDAY NIGHT

May Be Considered as One of Best Numbers This Season.

The Talk to Be Given in Escanaba Is Not Political in Any Way; Is Nationally Known.

Anna Dickie Olesen, notable lecturer and first woman candidate for United States senator from Minnesota, will deliver her lecture, "Modern Problems," on the Lyceum course here Wednesday evening, Feb. 13th.

Mrs. Olesen attracted nationwide attention during her recent political campaign in Minnesota, and has been proclaimed an orator of power and eloquence. The following press comments are typical:

The magnetism of her—that vital and mysterious quality which differentiates leader from follower grips them before she has spoken fifty words, accompanied by nervous but expressive gestures and illuminated by sparkling phrases, center, right and left, all brisk, businesslike, make up her speech. When she looks and sits down there is an explosion of applause. Collier's Weekly.

Mrs. Olesen is an orator of parts. She has an excellent voice, personal magnetism and feminine charm backed by good sense and idealism. New York Evening World.

Mrs. Olesen is one of the most effective woman speakers who has appeared in Escanaba. The Sunday Star and Bulletin, Mar.

She delivered a fiery lecture on the "New Social Consciousness." This lecture was well worth the price of admission to the whole five days of entertainment, and will be talked about for weeks after she has gone. The Hustler, Madisonville, Ky.

Mrs. Olesen has been an up and downer for years, and her nomination is a heartfelt tribute by thousands who sincerely hope for her election. Cleveland, Ohio, Plaindealer.

Mrs. Olesen's lecture here will be strictly non-partisan.

THE MOTORIST IS BLAMED FOR AUTO CRASHES

Speeding Over Railroad Crossings Chief Fault.

Large Percentage of Accidents Are Due to Nothing More Than Carelessness, Is Claimed.

CHICAGO—Ninety-seven percent of the nation's automobilists use reasonable care in approaching railroad grade crossings, according to Richard E. Kropp, supreme regent of the Royal Arcanum, who cited figures compiled by one of the great railway systems in an address on safety here.

"Grade crossings annually exact a ghastly toll of motorists, yet only a small part of the total number using the crossings are careless or reckless," said Mr. Kropp, who as head of the safety movement of the Royal Arcanum is preaching caution to the members of the 1260 councils of that order in the United States and Canada. "Careful checking of selected crossings during June, July and August of last year, when traffic is always heaviest, found only 3 percent of all the motorists under observation obviously careless or reckless."

Speeds Over Crossings. "In thirteen states, the careless 3 percent numbered 7,566 car drivers who by their failure to obey signals or slow down, not only jeopardized their own lives, but the lives of all the occupants of their cars. Speeding over crossings was the chief fault found by the inspectors. Railroad companies have done their part in providing proper markings and in signaling the approach of trains in advance. In practically every grade crossing fatality, it is the motorist who is to blame. Most of them might be avoided."

Albion, Feb. 11. The discord and fatal rows that shook Albion college to its foundation have once served to reawaken the loyalty of the alumni of the little Methodist institution. Letters of encouragement and offers of support from all parts of the country even from other crossers have come to Dr. F. S. Goodrich, who became acting president when Dr. John W. Laird resigned following a stormy controversy and a student demonstration in chapel. A record attendance next fall is expected by President Goodrich as a result of an abnormal demand for catalogues.

FOR SALE—62 cords of 16 inch tamarack at \$10.00 per cord. Prompt delivery. Inquire at E. Bonjer, 911 South 14th St., or phone 202-J.

U. OF M. TO HAVE FINE DEPARTMENT TO STUDY 'SOUND'

Up-to-Date Radio Equipment Will Be Part of Department; New Aerials Underway.

ANN ARBOR, Mich., Feb. 11.—

Completion of the new "laboratory of sound" in the new physics building at the University of Michigan will provide the school with one of the most elaborate research radio units in the country.

The new East Engineering building, the physics building and the medical building now in course of construction form a triangle across East University avenue. Sixty foot towers will be erected atop each of these buildings for the support of aerials, enabling the use of single aerials of all types as well as combinations.

"It need be considered that sound is a dead subject," said Dr. Harry M. Randall, director of the physics laboratory, "that is, that all re-

search in the field of sound waves had been completed. The discovery of wireless and especially of the wireless telephone has changed all of that, and it is now one of the most interesting subjects of physical investigation."

A small radio sending set has been erected for use of a class in elementary radio next semester. This is to be used for instruction in fundamentals until the new laboratory on the top floor of the new physics laboratory is in use.

WANTED—Hemstitching and piece work guaranteed. Orders may be left at the Boston Store, or call Laura Lavolette, 392 North 18th

FAMOUS FRIENDSHIP WRECKED

LOS ANGELES, Cal. (United Press)—A love feud has ended, for a time at least, a life-long friendship between Damon and Pythias, two five-year-old ostriches at the Cawston Farm, South Pasadena. This is the time of the year when the young ostriches lightly turn to thoughts of love. Damon and Pythias had both been paying attention to Priscilla, with Damon gaining greatest favor with her. Pythias flew into a rage and attacked Damon. In the fight Damon's chest was ripped. It took 140 stitches to sew up the tear, made by Pythias' heavy claws.

CRANK EXPERT PROMOTED

WASHINGTON (United Press)—After a quarter of a century on the Washington police force, 13 years of the time having been spent on duty at the White House, "Larry" Seaman is wearing a sergeant's stripes. Sergeant Seaman has for years been the principal assistant to Sergeant Clarence Dalrymple. These two have been stationed at the entrance of the executive office, to receive visitors. Their keen eyes have spotted more than one "crank" and they are known personally to hundreds of notables.

The More You Tell—The More You Sell—Use Mirror Want Ads

BROTHERLY SPIRIT ENABLED MIRROR TO GET OUT PAPER

F. L. Baldwin of Journal Ventered His Aid Early; Was Put to Great Deal of Trouble.

The Mirror's new last press is running pretty good now and we don't have but little further trouble in getting it lively to our subscribers before supper every evening. Making this change has been a troublesome job. We had to remove one large press to make room for the new one and for 3 days we were unable to print the paper in our own office. For another office to take on the extra work of printing on paper every day means a great deal in the way of lost time, inconvenience and a general upset. The Mirror knows what it means, even to get on an occasional page for another newspaper, we have put up in the middle of the night to do it on several occasions.

However, the Escanaba Journal came to our aid with the following letter, written on January 12th.

Coling & English, "City. "Gentlemen: I note that you are about to install a new newspaper press. We know something about what the installation of new machinery means and if we can be of any service to you during the time your press is out of commission, we would soon be glad at liberty to use our press room and machinery. Cordially yours,

F. L. BALDWIN, Editor Journal. For the past five or six weeks, the Mirror has impressed upon the good nature of Editor Baldwin, getting him back in getting out his own paper and causing general inconvenience in his shop and when he expressed our regret at the long delay in getting ready to print at home again, Mr. Baldwin said, "That is all right, I may be in the same fix you are some day and need you."

Dig Deep Enough To Find Pay Dirt

The story runs that early in life Mark Twain, the famous American author, and another fellow went prospecting for gold in some of the western hills. Having every good reason to believe the spot they had selected would produce "pay dirt" they started to dig.

After days and days of backaching use of pick and shovel, Mark became weary and quit, giving his share in the venture to his partner, who kept on digging and in a few days more struck it rich.

The point is—some people try to WANT COLUMNS once or twice and because an avalanche of returns does not come immediately they despair and quit.

Reasonable use of the WANT COLUMNS under any classification will, sooner or later, pay a handsome profit on a small investment, so if you want a home or have one for sale, or desire to purchase or sell a used car, need a position or help—give the Want Ads a fair chance—they will produce—because the "pay dirt" is there.

The Escanaba Daily Mirror

WANTED Men in the U. S. Army To all parts of the world. Recruiting office in the post office.

"WHAT'S SAUCE FOR"—WELL, YOU KNOW THE REST

Mrs. Asa G. Candler "Steps Out" and Gets "Pinched" by the Police.

Is Wife of Aged Millionaire Who Recently Won Suit Brought for Breach of Promise.

ATLANTA, Ga., Feb. 11.—Mrs. Asa G. Candler today had left the home of the millionaire soft drink magnate, whose wife she became last June, and was reported to have spent the night at the apartment of a woman friend, at which she was arrested yesterday afternoon by Police Chief James L. Beavers, along with two prominent Atlanta business men.

Friends of the Candler family declared today that Mrs. Candler, who was a public stenographer before she married Mr. Candler, did not spend the night at the home of her husband, and that she had not been there during the day. Mrs. Candler could not be located today for a statement.

William J. Stoddard, president of the National Dry Cleaners' Association, who also was arrested in the raid, indignantly declined to discuss the incident, and no statement was forthcoming from G. W. Keeling, president of a brick manufacturing company, who was the third person arrested.

"Do I have to make a statement about this?" asked Mr. Stoddard when questioned about the raid. "I don't see where it was anybody's business."

The city, however, was stirred to a high pitch of excitement and out-of-town newspapers carrying a detailed story of the arrest found little to say today.

None of the Atlanta papers carried the story.

The next development in the arrest is scheduled for Tuesday in police court, when Mrs. Candler, Mr. Stoddard and Mr. Keeling will face charges of being occupants of a "disorderly house," which is the all-embracing charge lodged by police against persons arrested in a place where liquor is being drunk.

LOCAL MEN INTERESTED IN CONFERENCE

(Continued from Page One) held at 3 o'clock, at which time there will be a concert and delegation meetings. A farewell service will be held in the evening at 7:30, when conference resolutions will be drafted, followed by an address.

Publicity Committee. The publicity committee for the conference is made up of A. M. Walshworth, Marquette, chairman; C. W. Beamer, Lake Linden; Fred Bement, Escanaba; A. E. Bishop, Stambaugh; H. E. Bierman, Newberry, Rev. C. Harris, Hurley, Wis.; John Johnson, Calumet; Pierre Roberts, Calumet; P. A. Roper, Menominee, and G. D. Westerman, of Ann Arbor, who is the secretary. Mr. Westerman is making his headquarters at the Y. M. C. A.

The upper peninsula Y. M. C. A. committee, which is taking an active interest in the conference, is composed of the following men: Charles E. Lawrence, Caspian, chairman; A. L. Burzan, Hahbelle; M. M. Duncan, Ishpeming; O. C. Davidson, Iron Mountain; T. M. Jolson, Keweenaw, and G. W. McCormick, Menominee.

The purpose of the conference is to bring together, from all parts of the upper peninsula, able boys representing all organizations engaged in constructive work with boys; to discuss life problems together; to receive inspiration from strong speakers of national reputation and to hear and heed the challenge for a life of the largest usefulness in the home, church, school, community, nation and the world.

OBITUARY

JOHN BITTNER.

John Bittner, 72 years of age, passed away at the family home at Ford River Switch, at 7:30 o'clock last night. John Bittner, 72 years of age, passed the oldest residents of that district. He is survived by his wife, two sons, Herman and Gustav, of Ford River Switch, six daughters, Mrs. George C. Ger of Ford River Switch; Mrs. Arthur Flah of this city; Mrs. Albert Chelger of East Tawas, Mich.; Mrs. William Tetzlaff, and Miss Redwig Bittner, both of Grafton, Wis.

No funeral arrangements have been made as yet, as they are pending word from the daughters.

Mrs. Harry Robertson.

Funeral services were held at 2:30 o'clock this afternoon at the First M. E. church over the body of Mrs. Harry Robertson who died suddenly last week from an attack of heart trouble. Services were conducted by Rev. C. M. Merrill. A large number of sorrowing friends and relatives were present at the service.

The pallbearers were Chris Christenson, A. J. Young, Peter Jensen, Arthur Smith, Arvid Johnson and Earl Harris.

MRS. OLESEN TO BE GUEST HERE OF CLUB WOMEN

Famous Little Minnesota Woman Will Be at Annual Club Dinner at the Ludington Hotel.

The members of the Escanaba Women's Club are delighted with the prospect of having Mrs. Anna Dickie Olesen at their annual dinner at the Ludington hotel Wednesday. Mrs. Olesen has received an invitation from the club president in behalf of the club and has not only accepted but expressed her delight at being able to meet the local women. While nothing was said to her about a speech, she is one of those rare women who can talk any time and will no doubt be glad to address the local women some time during the dinner.

BABIES WILL BE EXHIBITED SOON TO WIN PRIZES

Washington School Is Planning Big Annual Event for February 29; Extra Fine Program.

Members of the Parent Teachers' Association of the Washington school are making plans for the annual baby contest which will be held in the school building Tuesday, Feb. 19th. The meeting will be called at 7:30 sharp after which a patriotic program will be rendered, including numbers by the Washington school orchestra which was recently organized. Mr. Shanklen, band director for Escanaba High School, is the director, assisted by Miss Dunn, who is supervisor of music in the schools. The orchestra is composed of pupils of the fifth, sixth and seventh grades.

The baby contest is open to all babies in the Washington school district ranging in age from 2 weeks to 3 years. Votes are sold at one cent each. The baby receiving the largest number of votes will be awarded the first prize which is a diamond ring, second prize a gold chain and locket, third prize a silver cup.

Mrs. Ed. Sorlie is chairman of the baby contest committee, assisted by Mrs. Emil Christensen and Mrs. P. Garrity.

The orchestra consists of the following players: Violins, Robt. Sorlie, George Harvey, Jr., Mary Nizinski and Leonard Johnson; Cello, Miss Dunn; Mandolins, Ingman Gustafson and Clarence Falk; Drums, Clarence LaCasse; Piano, Jack Bartella.

OBITUARY

CHARLES JOHNSON

Charles Johnson of 829 South Fourteenth street, passed away Sunday morning at 8 o'clock at the family home. Mr. Johnson was 51 years of age and had been employed in this city as an electrician. The body was taken to the Anderson Undertaking parlors and will be returned to the family home tomorrow afternoon.

He is survived by his wife, two sons, Albert R. Johnson and Marvin S. Johnson of this city and three daughters, Edith, Ana and Millie Johnson, all of this city. Two sisters, Mrs. Emil Johnson and Mrs. Cable of Chicago, also survive.

He was a member of the North Star lodge and the Masonic Order.

Rev. C. A. Lund will conduct the services. Interment will be in the family lot at Lakeview cemetery.

CLAUD SEWARD.

Impressive funeral services were held at the Afo Funeral home yesterday afternoon at 2 o'clock over the body of Claud Seward, who was recently killed near Flat Rock. The service was conducted by Rev. C. M. Merrill, while two beautiful hymns were rendered by Miss Margaret Campbell, accompanied by Miss Martin at the piano.

A profusion of flowers surrounded the casket and a host of friends and relatives were present to view the remains of one who was loved and cherished by all with whom he came in contact, before he was taken to his last resting place in Lakeview cemetery.

He is survived by his wife and three little daughters, Ethel, Helen and Hazel. A brother from Alaska, Washington, and a sister of Seattle, Wash., did not arrive here for the funeral. Two sisters, Mrs. Severinsson of Newhall, and Mrs. E. Pirath of Ford River Switch, also survive.

Mrs. Thomas Curby and Mrs. Roy Harrington, both of Milwaukee, and Mr. and Mrs. Henry Peterson and Bob Egert of Nahma were called to this city by the illness of their father, Andrew Peterson, of 409 Ludington street.

Society

Apron Sale and Card Party.

The Married Ladies' Society will hold an apron sale in connection with the card party which will be given Wednesday, Feb. 13, at St. Joseph's club rooms. Everyone is welcome and light refreshments will be served.

Karmer-Schmidt.

A marriage license was issued at the court house Saturday to John Schmidt, of Escanaba, and Catherine Karmer, whose address was given as Fresno, Calif.

NH-6 Society Met Saturday.

The NH-6 Society held their regular monthly meeting Saturday evening at the home of the president, Fred. Following the business session a social time was enjoyed. An enjoyable time was reported by all present.

Entries in Baby Contest.

Parents wishing to enter their babies in the Washington school baby contest will apply to either Mrs. Ed. Sorlie, 306 North 16th street, or Miss L. Ryan, principal of the Washington school.

"FAKE" READER OF METERS WAS RELEASED TODAY

No Police Record Against Harold Van Horne, Young Man Arrested Here for Reading Meters.

Harold VanHorne, the young man who was arrested here last week because he had been going from place to place and reading electric light and gas meters, has been released from the county jail, after the police of Minneapolis had notified the local officers that there was no record against VanHorne and also stating that he was a railroad brakeman employed by the "So" line.

VanHorne was being held here on a charge of disorderly conduct, pending the investigation by Minneapolis. He has a railroad pass and told the police he was going to return to work at once.

FOR SALE—A three burner "Perfection" oil stove in good condition. Reasonable price. Inquire at 331 South Eleventh street or phone 1223-J.

TRACTION CO.'S BUSINESS HAS RAPID GROWTH

City of Escanaba Alone Has Doubled Use in Five Years.

Which Supports Statement that Escanaba Has Largest Number of Wired Homes in the State.

The Escanaba Power & Traction Company have about doubled their sales to the city of Escanaba in the past five years according to late figures compiled by the company. This information is not only highly satisfactory to the stockholders in the company but to the people of the city who are using electricity.

Satisfactory service and a reasonable rate for current has made Escanaba the best wired city in the state, according to the best information available from state records. Other towns have claimed the honor, but Escanaba "has the goods" to show what has been done by local home owners.

The following table shows the amount of current sold to this city for the past five years by the Traction Company:

1919	1,530,000 K. W.
1920	2,200,000 K. W.
1921	2,420,000 K. W.
1922	2,610,000 K. W.
1923	2,800,000 K. W.

Signboard to Replace Programs at U. of M.

ANN ARBOR, Mich., Feb. 11.—Programs giving the names and numbers of basketball players are to be placed at Yost Field House by a large signboard that will show the names and numbers of the five players taking part in the game, as well as the score of the game. The names and figures will be discernible from all parts of the house.

Mr. and Mrs. E. G. Villeneuve left Saturday for Ishpeming, where they will visit with friends.

Thomas Smith of Manitowish, Wis., was a business caller in this city last week.

Oscar Bohn of the Harriman Electric Company left Saturday night for Chicago, where he will attend the Extra Battery convention.

PERSONAL

Mrs. Charles Carlson and daughter, Jane Marie, of Rock, returned home Saturday.

Miss Isabelle Harder is spending a few days at the home of her parents at Wells. Miss Harder is a student at Ann Arbor.

C. A. Waistad returned to his home in this city after transacting business in Iron Mountain.

Miss Elvina Drodle of Chicago returned to her home after visiting with friends in this city.

Miss Helen Larson has returned home from a visit in Chicago. Walter Lambert, who is engaged in business in Los Angeles, has arrived in this city.

Mrs. Wilfred Missler was called to Marquette by the sudden illness of her daughter.

Miss Pearl LaCrosse of Perkins spent Saturday in this city.

Joseph Valliere, who has been seriously ill, is rapidly improving.

Miss Hebe Hill and Miss Elma Lindgren of Rock were Escanaba and Gladstone callers last week.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worms.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowley Mentho-Sulphur from any good druggist and use it like cold cream.

ABRAHAM LINCOLN

whose birthday we will celebrate tomorrow, was a great believer in thrift. He preached and practiced it on every occasion.

LINCOLN SAID: "Teach economy; that is one of the first virtues. It begins with SAVING money."

Cranberries The Many-Purpose Fruit

You Can Almost Work Magic with Cranberries!

There are so many surprising and delightful dishes that can be quickly and easily prepared with our ten-minute cranberry sauce.

Ten-Minute Cranberry Sauce

One quart cranberries, 1 1/2 to 2 cups sugar, 1/2 cup water, 1/2 cup vinegar, 1/2 cup raisins, 1/2 cup currants, 1/2 cup blueberries, 1/2 cup applesauce, 1/2 cup lemon juice, 1/2 cup orange juice, 1/2 cup pineapple juice, 1/2 cup apricot juice, 1/2 cup cherry juice, 1/2 cup plum juice, 1/2 cup peach juice, 1/2 cup apricot preserves, 1/2 cup cherry preserves, 1/2 cup plum preserves, 1/2 cup peach preserves, 1/2 cup apricot jam, 1/2 cup cherry jam, 1/2 cup plum jam, 1/2 cup peach jam, 1/2 cup apricot marmalade, 1/2 cup cherry marmalade, 1/2 cup plum marmalade, 1/2 cup peach marmalade, 1/2 cup apricot relish, 1/2 cup cherry relish, 1/2 cup plum relish, 1/2 cup peach relish, 1/2 cup apricot chutney, 1/2 cup cherry chutney, 1/2 cup plum chutney, 1/2 cup peach chutney.

With this sauce you can make the most delicious pies, short-cakes, and many other dishes.

Cranberry sauce is a delicious accompaniment with all roast meats.

And cranberries are available in every form, and most economical. They go further because they are waste no peeling, no coring.

To be sure of getting the choicest varieties, ask for Eatmor Cranberries. The red and blue trade-mark are on all barrels and boxes.

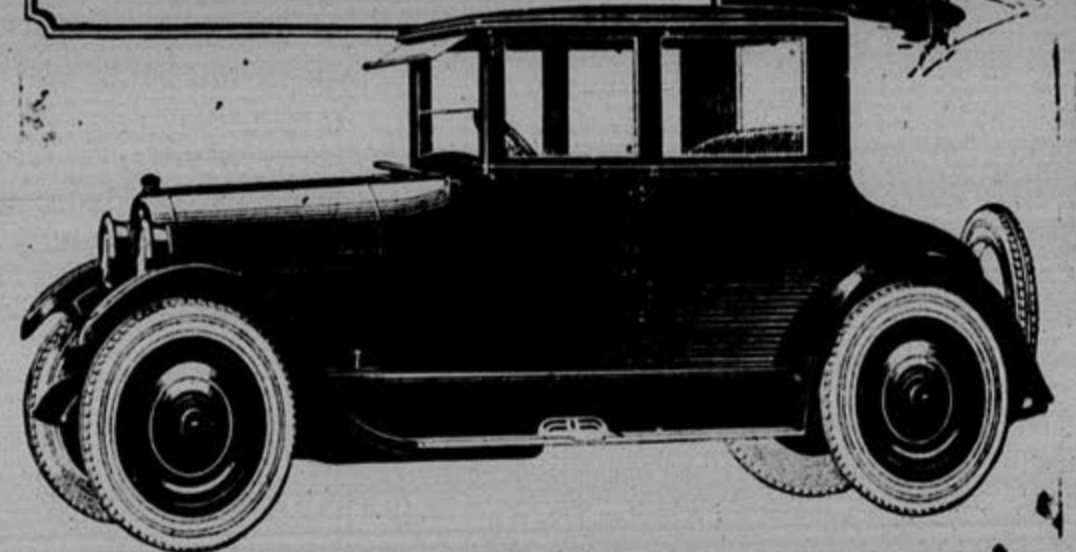

And always cook cranberries in porcelain-lined or aluminum vessels.

One of the New HIGH POWERED REO "SIXES"

Reo 4-Passenger Coupe \$1875 at Lansing, plus tax

AN all-steel-paneled body, clean lined, gracefully proportioned and replete with modish fittings truly combines stability with beauty.

Fatigue-less riding follows the use of oversized cord tires, long springs, lounge-proportioned seats and backs, and a seating arrangement providing four full sized passengers with generous arm and leg room.

A 50 h. p. 6-cylinder engine and the double-frame cradling of major units provide more power and ruggedness than the severest driving conditions will ever exact.

Oversized brakes,—simple dual foot control,—easy steering,—planned road balance; these typify Reo's insistence for built-in safety.
