

### MORE LOBBIES EXPERTS TALK

#### Caraway Says Witnesses Argue Like Debating Society

Washington, Oct. 21 (AP)—New details of the relations between Senator Bingham, Republican, Connecticut, and the Connecticut Manufacturers association which "loaned" him a man to assist in writing the tariff bill, were examined today by the senate lobby investigating committee.

An office memorandum of the association showing it had news of the inner workings of the senate finance committee while it was considering the bill in closed sessions was introduced by Senator Walsh, Democrat, Montana. Charles L. Eyanon, Connecticut expert who aided the Connecticut senator, said that he did not remember the note.

A little later, E. Kent Hubbard, president of the association, gave "1,000 per cent" endorsement to the course of the senator, and disclosed that he had met Bingham in the office of J. Henry Roraback, national committee chairman for Connecticut. There also, he said, arrangements were made for him to "loan" the man.

Edward H. Cooley, business manager of the Massachusetts fisheries association, testified that when he was in the campaign of the Atlantic Coast Fisheries Corporation for a reduction in the tariff on fish he was informed that he would have to "win over" Senator Bingham and Charles Eyanon, the representative in Bingham's office from the Connecticut Manufacturers' association. He said he tried and failed to win Eyanon.

Today's cross examination of the Connecticut association officials again brought some sharp remarks from the senate committee which again insisted that the witnesses answer with "yes or no."

Chairman Caraway remarked "you are all so argumentative I wonder if there is a debating society within your organization."

### \$100,000 WAS FILTHY LUCRE

(Continued from Page One)

said he alone would handle the leasing of the oil reserves, and traced the negotiations down to the final signing of the lease. He contended the entire deal was predicated upon the payment of \$100,000 to Fall by Doheny on Nov. 20, 1921.

Defense Lands Doheny

"That \$100,000 was filthy lucre," Pomeroy said, looking at Fall and Doheny. "And when it was delivered by Doheny he knew it was filthy lucre, and when Fall received it he knew it was filthy lucre."

Hogan opened his argument with an attack upon the government prosecutor and lauded Doheny as a man who would not take a chance that any of his actions should "ruin his friend."

He told the jury that Fall, asked by Secretary Denby of the navy to administer the oil reserves, had refused to do so and that President Harding had transferred that responsibility to him against his wish.

### BRIEFLY TOLD

A joint meeting of St. Patrick's and St. Joseph's Sodality will be held tonight at 8 o'clock in St. Patrick's hall. A program will be presented by the St. Joseph Sodality.

### Head of Hayes Plant Resigns

Grand Rapids, Mich., Oct. 21 (AP)—Resignation of A. A. Ginsburg, vice-president and general manager of Hayes Body Corporation Works here, was announced today.

It will be effective Tuesday when E. J. Connolly, head of the company's Indianapolis works, assumes charge.

Mr. Ginsburg has been associated with the Hayes company 15 years. His successor was formerly head of the corporation's Ionia plant.

### DECLARES DRY LAW IS HARSH

(Continued From Page One.)

amendment into effect.

Curney E. Newlin, president of the American Bar association, before the American Legislators association, organization of lawyer-lawmakers, advocated special sessions of state legislatures for no other purpose than to reduce the number of statutes which we said had become too numerous and too complex.

State laws on prohibition should be uniform, Mr. Saint said, "providing a fine or imprisonment or both for the first failure or refusal of officers to enforce the law and imprisonment for the second failure."

"The first mistake of prohibitionists and the Anti-Saloon league was to treat the eighteenth amendment as a taboo," he said. "It is not fair or accurate to say prohibition is a failure."

Ran Ambulance Chaser

John Grafton Rogers, Boulder, Col., chairman of the conference of association delegates, advocated reorganization of the bar association along lines of the American Medical association.

Approximately one-third of the expected 10,000 visitors and delegates to the convention were on hand today.

The conference of bar association delegates voted to wage war on the "ambulance chasing lawyer," using campaigns through local bar associations as the weapon.

Joseph W. Jamison, St. Louis, chairman of the section on public utility law, told his section that "if public utilities of America, with combined investments totaling \$52,000,000,000, and a daily need for \$7,000,000 new money, continue to function, neither congress nor state legislature can dictate to them what their percentage of profits can be."

### Seven Sentenced For Chief Police Killing, Assaults

Charlotte, N. C., Oct. 21 (AP)—Seven labor agitators and strikers, were convicted by a Mecklenburg county jury today of the murder of O. F. Aderhold, Gastonia chief of police, and also of assault on three other police officers, and were sentenced by Judge M. V. Barnhill.

Four of the defendants—Fred Erwin Beal of Lawrence, Mass.; Clarence Miller, of New York; George Carter of Missah, N. J.; and Joseph Harrison of Passaic, N. J.—were sentenced each to serve not less than 17 years nor more than 20 years in the state prison at Raleigh for conviction on the second degree murder charge.

W. M. McGinnis and Louis McLaughlin, both of Gastonia, were each given sentences of not less than 12 nor more than 15 years on the murder charge. K. Y. Hendricks of Gastonia was given a sentence of from five to seven years on the same count.

No Demonstration

Lesser sentences, to run concurrently with the sentences imposed for murder, were given. Beal, Miller, Carter and Harrison were given ten years each after being found guilty on the charge of felonious assault on A. J. Roach and T. A. Gilbert, officers. McGinnis and McLaughlin each were sentenced to not less than five nor more than seven years on the charge of assault on Gilbert. Hendricks was given a five-year sentence on this charge.

No sentence was given any of the defendants on the charge of assault with a deadly weapon against C. M. Ferguson, an officer. McGinnis, McLaughlin and Hendricks were not sentenced on the assault charges in connection with Roach and Ferguson.

Defense attorneys gave notice of appeal and Judge Barnhill fixed the appeal bond of \$500 and fixed the appearance bonds as follows: Beal, Miller, Carter and Harrison, \$5,000 bond each; McLaughlin and McGinnis, \$3,500 each; Hendricks, \$2,000.

Solicitor John G. Carpenter declared the bond too light in view of the longer prison sentences, but Judge Barnhill, after hearing defense attorneys on the question retained the figures he announced at first.

There was no demonstration at any time today, either shortly after noon when the jury returned a verdict.

White gold jewelry contains the same percentage of fine or pure gold and base metals as any other 10, 14, 18 or 20 carat gold article.

### HIGH TRIBUNAL CLEARS FILES

Act on 195 Cases, New Record of 275 in Two Weeks

Washington, Oct. 21 (AP)—The supreme court today cleaned up the cases filed during its summer recess and incidentally made a new record.

It acted on 195 cases, a larger number than ever before reached at a single sitting. Last week it acted eighty, thus giving it a record of having acted 275 cases during the first two weeks of its present term.

Of the cases in which the court issued orders today, 36 granted reviews on the merits of the controversies presented, while 159 petitions for review were thrown out.

Van Swerinkens Win

One of the cases to receive the attention of the court today resulted in a victory for O. P. and M. J. Van Swerinkens and the Wheeling and Lake Erie railroad. The highest court refused to review the decision sustaining an order for leasing the Contario street station of the Wheeling and Lake Erie for use in connection with the new union station on the public square in Cleveland, which had been opposed by interests opposing the Van Swerinkens.

The supreme court also refused to review the case from California challenging the right of the government to impose an estate tax on the interest of a widow in community property.

### Arctic, Japan, Germany, Send Jubilee Wishes

Dearborn, Mich., Oct. 21 (AP)—Greetings literally from the far corners of the earth came to Thomas A. Edison, at the celebration here tonight of the fiftieth anniversary of his invention of the incandescent light.

There was a trans-Atlantic telephone message from Professor Albert Einstein, a cablegram from Japan, a radio message from Commander Richard E. Byrd in the south polar region.

Commander Byrd's message read:

"One of the most distant places from you on the face of the earth that is inhabited by man is Little America, and yet even here at the bottom of the world there is rejoicing at this anniversary for within the past few months we have had good reason to be grateful to you on more than one occasion."

"The incandescent light of the beacon named after you has guided me to safety, who had lost their way in the blizzards of the long winter night, and so you have been a benefactor even to those at the very ends of the earth. I send affectionate wishes for your continued good health and all the inhabitants of the little America join with my friend Henry Ford and his guests and the nation in sincerest expressions of gratitude and heart greetings, in which we wish to include that other radiant spirit who along with you has earned the everlasting gratitude of mankind, Madame Curie."

One dollar invested for 100 years at 6 per cent, compounded, will earn \$338.30. At 3 per cent it would earn only \$19.21.

### Women Suffering Bladder Irritation

If functional Bladder Irritation interrupts your sleep, or causes burning, backache, leg pains, muscular aches, thus making you feel tired and discouraged, why not try the Cystex 48 Hour Test?

Nearly two million Cystex tests now distributed under a money-back guarantee, with marked success. No doses, narcotics or habit forming drugs. List of pure ingredients in each package.

Get Cystex (pronounced Sies-tex) at any drug store for only 60c. Put it to the test. See for yourself what it does. Money back if it doesn't bring quick improvement, and satisfy you completely. You are the sole judge of your satisfaction.

### Lights Play Part In Jubilee Event

New York, Oct. 21 (AP)—Broadway, that glamorous white way, which owes so much to Thomas Alva Edison, tonight was gaily bedecked in special array as its part toward honoring the inventor of the incandescent bulb.

In Times Square, perhaps the most lighted section of any city in the world, golden bulbs transformed the "White Way" into a "Golden Way" several buildings held signs commemorating the birth of the light bulb. Atop the Radio theatre a huge sign in vari-colored bulbs, shone forth its own tribute to Mr. Edison.

Lower down town also bedecked itself. Brooklyn bridge was festooned with lights strung the length of its suspensions. The city hall, antedating by far the invention of the electric bulb, also was dressed for the occasion.

### AGED WIZARD HEARS PRAISE OF EXECUTIVE

(Continued from Page One.)

Hoover were Ford and Francis Jehl, who, as a youth, aided the inventor with his experiments. They sat at an old man, now lauded with the plaudits of the world, deftly construct his lamp within a few moments which fifty years ago was brought into being only after long days of patience, trial and error.

As the experiment was completed, the dim lights of 1879 in the laboratory burst into the full light of present day electricity and liberty bell in the tower of independence hall, a ring of production of the original at Philadelphia, where Mr. Hoover returned to make his speech rang out a noisy salutation to the inventor whose genius was being celebrated. Applause rose from the crowded banquet hall, to which radio had carried a description of the experiment. President Hoover was introduced by Owen D. Young, the toastmaster at the ceremonies, and was applauded as he lauded both Edison and Ford. By founding an institution dedicated to Edison research, the president said, Ford was honoring Edison in a "manner which appeals to a sense of fitness."

Civilization a "Garden"

"And scientific research means more than its practical results in increased living comfort," Mr. Hoover said. "The future of our nation is not merely a question of the development of our industries, of reducing the cost of living, of multiplying our harvests, or of larger leisure."

"We must constantly strengthen the fiber of national life by the inculcation of that veracity of thought which springs from the search for truth. From its pursuits we shall discover the unfolding of beauty, we shall stimulate the aspirations for knowledge, we shall ever widen human understanding."

Concluding his address, the president likened the civilization of America to a garden.

"It is to be appraised by the quality of its blooms," he said. "In degree as we fertilize its soil with liberty, as we maintain diligence in cultivation and guard against a gainst destructive forces, do we then produce those blossoms, the fragrance of whose lives stimulate renewed endeavor, or give to us the courage of renewed effort and confidence of the future."

The beautiful Independence hall was lighted only in the soft glow of gleaming candles as President Hoover, Edison, Ford and about 500 guests sat down at the banquet table. Among those

at the president's table was Madame Curie, the French scientist who will be honored at the White House the last of this month. As soon as the president had finished dinner, he left with Ford and Edison for the reconstructed Menlo park laboratory. After the experiment there, they returned to the banquet hall where Mr. Hoover spoke. At the conclusion of the ceremonies, the president went to his nine car special train for the overnight run to Cincinnati where he will participate tomorrow in the dedication of a monument commemorating the canalization of the Ohio river.

Among those on the long list of notables present at the dinner were John D. Rockefeller, Jr., Charles Schwab, Adolph S. Ochs, Otto H. Kahn, George M. Reynolds, Julius Rosenwald, Walter Chrysler, C. W. Nash, Alvin McCaulley, Charles Beecher Warren and Samuel Insull.

### 5 ENTRIES IN SINGING MEET

#### Contest One of Features of Potato Show Here, Oct. 23-25

Five entries in community singing contest at the Upper Peninsula Potato Show, which will be held at Escanaba Wednesday, Thursday and Friday, have been received by B. D. Kuhn, secretary-manager. The churches taking part are the Community Methodist Episcopal Church, of Hermansville; Palestine Church, Stephenson; Precious Mission Church, Foster City; and a church at Trout Creek.

"Advance entries of exhibits show that our show will be successful from the exhibit standpoint," declared Mr. Kuhn, yesterday. "The only thing we need

#### FREE ADMISSION

No admission fee will be charged at the U. P. Potato Show during the three days it will be held here. Escanaba people, as well as other residents of the peninsula, are cordially invited to attend all sessions.

now is good attendance. We feel the program that has been arranged will insure that attendance. O. B. Price, Agricultural agent for the Michigan Central railroad, who will speak on "Potato Progress," has been for several years associated with the Top O' Michigan Potato Show at Gaylord, and has assisted materially in the development of the potato industry in that section.

"The management of the soil is a vital factor in potato production," continued Mr. Kuhn, "and will be handled by J. W. Sims, soils specialist for the Michigan State College. Other State college men on the program will be C. M. McCrary, potato specialist; Prof. H. C. Rafter, head of the farm crops department; A. J. Bell, agricultural engineer; and G. W. Putnam, director of the U. P. Experiment Station.

"Mr. Putnam's talk on the place of potatoes in the farm plan will be especially interesting," declared Mr. Kuhn, "because of the speaker's long experience with Upper Peninsula agriculture. G. E. Bishop, secretary-manager of the Upper Peninsula Development Bureau, will be one of the banquet speakers, and his excellent ability along that line is well known to our farmers."

### SURPRISED AT THE RESULTS FROM KONJOLA

Happy Man Finds Relief Through New Medicine After All Others Had Failed.

MR. CHAS. FLEWELLING

"I had been bothered with stomach troubles for some time," said Mr. Chas. Flewelling, 316 Madison street, Ann Arbor, Mich. "I was also bothered by weak kidneys and rheumatism. It was not unusual for me to have my feet broken two or three times in a night, due to frequent bladder actions. I had tried many different remedies, but nothing seemed to give me the slightest relief.

"Konjola proved itself to be a 'different' medicine. My stomach has been corrected, as have my kidneys and I never have to get up nights any more. The rheumatism has just about disappeared, and in every way that I feel so much better in every way that it is hard for me to realize how poor my health really was."

Konjola is sold in Escanaba at People's drug store, and by all the best druggists in all towns throughout this entire section.

### Powers P-T Holds Old-Time Dance; Big Crowd Attends

Powers, Oct. 21 (By Special Correspondent)—The P. T. A. old-time dance, which was held Friday evening, was a decided success, socially and financially. The president, Mrs. T. J. Hutton, and the various committees wish to thank all who in any way contributed to the evening's merriment.

Madame Kellari Nowack, the gypsy nomad, the gifted mind-reader and fortune teller, did her share in luring the crowd to the dance. She had been in Escanaba reading palms and telling fortunes for Alvin Starr and several of his friends and invited them down to the party. Upon being told that they had no way of getting here, she offered to bring them in a covered wagon, drawn by a team she had picked up at Pine Ridge. Miss Sadie Fraser, Mr. and Mrs. John Frechette and children of Escanaba, all dolled up in gay old togas, were the first to load in. At Harris she found Mr. and Mrs. Fred Benette, splendid in costumes of fifty years ago.

Mr. and Mrs. Ed Hakes, Mr. and Mrs. Roy Bagley, Mr. and Mrs. Frank Oster, Mrs. Tom Kell, Miss Gertrude Bagley were a scream in cut-away coats and period (1875) gowns and chapeaux. These sprightly gents and dames hopped on at Wilson.

Theodore Frazer and John Ledros tried to flag the covered wagon at Spalding, but Madame failed to see their bright red ties so they had to borrow Bill Walken-

berg's horse and open-air buggy and bring Clara Veesser, Lyle Hutton, Marion Jensen and Mildred Lacombe along to the dance. They were just in time to complete the set for the square dance with Dr. and Mrs. Hutton. The way the doctor and his wife danced was far from forgetting how.

Then along came Mrs. Clem Larsen, Mrs. Dahnneau and Mrs. Brown from Nadeau in capes, poke bonnets and basques in time for the grand march, led by Mr. and Mrs. Roy Bagley.

Prizes were awarded Mrs. Nowack, as gypsy queen, and Miss Nell Pavelot, disguised as Iky, the Jew.

The high school girls sold candy during the dance and coffee and doughnuts were served at 11:30.

The dancers enjoyed the program of old-fashioned music, such as the waltz, two-step and quadrille. Several jazzy selections were played for those who cared to step it off quick and lively.

**Personal Items**  
Misses Violet Dubois and Rose Nowack spent Sunday in Iron Mountain.  
Tim Loeffler of Bruce Crossing spent Sunday at his home here.  
Mrs. Charles Behrend was an Escanaba shopper Wednesday.  
Mr. and Mrs. Beaudoin of St. Paul are spending the week at the John Pogue's home.  
Mrs. Odus Fleetwood was an Escanaba caller Wednesday.  
Miss Rose Devine, fifth and sixth grade teacher in the local school, was absent from her duties Wednesday. She accompanied her father to a Garden hospital where he had an operation performed for cancer of the lip. Their home is at Perrowville.

Miss Mary Girard spent Thursday evening in Escanaba.  
Mrs. E. T. Wilfong had an aluminumware demonstration dinner at 7:30 at her home Wednesday evening.

Mrs. M. T. Bink, daughters Aileen and Isabell of Escanaba and Miss Florence LaBell of Winnipeg, Saak, spent Thursday at the home of Mrs. Tim Loeffler.

Miss Elizabeth Gilie is spending the week-end at Manistique and Sault Ste. Marie.

The Misses Rose Nowack, Irene Labre and Corinne Coriveau left Friday for Big Rapids where they will attend the homecoming at Ferris Institute in that city.

Mrs. E. Engdahl was a business visitor at Escanaba Wednesday.  
Mr. and Mrs. George Kell and Mrs. Earl Kell of Wilson spent Thursday afternoon at the T. Fazer home.

Frank Brabant of Stephenson spent a few days with his brother, Edward, at Spalding.

Miss Myrtle Beaton who teaches at Escanaba, came home to spend the week-end.  
Mrs. F. D. Wells, daughter Helen spent Friday in Stephenson.  
Miss Violet Senecal is spending the week-end at her home in Marquette.  
Mr. and Mrs. Ed Ehlers, daughters Miss Mae of Iron Mountain spent Friday evening here.  
Miss Violet Constantineau spent the week-end at her home in Escanaba.  
Mrs. Henry Boyle and children of Bark River spent Wednesday with the former's sister, Mrs. M. Kell.

### CITY BRIEFS

Mr. and Mrs. W. W. Davidson of Wells motored to Gulliver Sunday to accompany Mrs. Bert Davidson and two children back home after spending two weeks here at the Davidson home.

Mr. and Mrs. Carl Wochals and family have left for East Bend, Wis., to make their future home.

Mr. and Mrs. Joseph Pilon and son Wilbert and granddaughter of Pontiac, Mich., are guests at the home of Mr. and Mrs. Alfred Pilon at Wells.

John A. Josey has returned to his home at Calumet after a visit in Escanaba.

Raymond Wilson has returned to Laurium after attending the Odd Fellows' convention here.

Arthur Caldwell has left for his home at Calumet after spending a few days in Escanaba.

Miss Malina Beauchamp who spent a few days here has returned to Niagara, Wis.

Mrs. Joe Baker has returned to her home at Stambaugh after a visit in Escanaba.

Hugh Williams has left for Calumet after a brief visit in this city.

Mr. and Mrs. J. Valind of this city and Mr. and Mrs. Norbert Valind of Gladstone visited re-

cently at the home of Mr. and Mrs. Charles McLaughlin at Hubbell, Mich.

Mr. and Mrs. A. H. Cyr and daughter Orens visited at Green Bay and Menominee recently.

Mr. and Mrs. Thomas Cass of Duluth, Charles and William Lindstrom of Menominee were summoned to this city by the death of Frank Cass.

Mr. and Mrs. Oscar Erickson and family of Chicago are expected to arrive this morning accompanying the remains of Harry Erickson to this city.

Mr. and Mrs. J. A. Allo and daughter Natalio who have been living in Florida for the past few years have taken up their residence at 509 So. 9th St.

Rev. K. J. Hammar of Norway is a guest at the home of Rev. and Mrs. O. R. Palm.

Miss Theima Olson of East Lansing has left for her home af-

**UGLY UPDIMPLES?**

# The Cow is off the Track! AN ANCIENT PREJUDICE HAS BEEN REMOVED

Railroads have safely passed those danger signals of prejudice which caused folks to look upon them with fear. Holding aloft the semaphore of progress AMERICAN INTELLIGENCE cleared the track and, today, millions travel in ease and security.

**"toasting did it"—**

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

**"It's toasted"**

No Throat Irritation—No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

© 1929, The American Tobacco Co., Mfrs.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

**CHAPTER VI.**

Rain dashed and pelted against the windows with increasing violence as the early hours of the morning, synchronizing with the hands of the expensive watch on a stand by the walnut bed, neared the sleeper's breakfast time.

Presently Brent stirred and sat up, toasting the cover away and stretching his silk-clad arm luxuriously. But for all the comfort and security of his surroundings his brow was creased with a scowl as he observed the storm spending itself against the glass barriers.

For a moment he was tempted to give up his plans, to remain indoors and let the chimeras that had seemed a lucky chance the night before go glimmering. But Brent had found that dogged determination won many victories for him and he was loath to forfeit even the faintest promise of a rich haul.

There might be something besides imagination in the old man's story, he reflected. He had followed up more fantastic, more impossible seeming leads, and found himself rewarded for his pains.

An hour later he took his customary place in the hotel dining room and ordered a substantial breakfast, being in doubt as to when and where he would lunch.

When the crisp bacon, the deliciously cooked eggs and the thin brown toast were eaten, the third cup of crystal-clear coffee leisurely downed, he got up to set out on the task to which he meant to devote the day.

He hesitated about using his own car but finally decided in favor of it. Driving helped him to think, made planning easier.

It was a dangerous drive through the blinding rain to his destination, Yonkers. He could speed by on the highways bordering the railway line.

For a long time Mr. MacDonald looked curiously at the stream of traffic—an ordinary current of moving vehicles on a busy trunk highway. At last he murmured to his daughter, sitting beside him:

"Where do they all come from and where are they going?"

It was one of those questions to which no answer is expected. And, indeed, answering it properly might be a long task. But it would be worth doing, just the same.

The obvious answer, of course, is that the autos come from Detroit. But that's only part of it. Their lineage goes back a lot farther than that. Trace the flowing traffic that clogs our country roads to its source and you have an epic in history.

At the beginning you have the creaky old ships like the Mayflower, staggering across the Atlantic across the Atlantic with half suffocated immigrants crowded between decks. Then you have the infinitely slow, painful westward migration; the long fight with the forest, the dangerous march over the Alleghenies, up the Mohawk trail and along the Cumberland, with saving Indians waiting to keep the road from growing wild; you have the old corduroy roads and springless wagons, the clumsy canal boats, the rickety stage coaches, the wheezy railroad trains of the early days—all the long, blind, magnificent pageant of the filling-up of a continent.

And after that you have a new pageant; vast factories taking possession of cities, making over whole states, bringing millions of men from the uttermost ends of the earth to follow the trails westward, westward to what looked like the promised land itself. You have the incredible mills of Detroit and Pittsburgh rising, the limitless railroad yards of Chicago and St. Paul, with their smoke cloud overhead. And, back of these, you have the granaries—the millions of acres of yellow wheat fields in the west, the fat farmlands of the south.

From these things came the automobiles. They came to satisfy a need and to create new needs; they came because they were called into being by the new conditions that had arisen here. They are part of the heritage for which the pioneers suffered.

You can't understand our use of the automobile, in other words, without digging away back to the beginning of our history.

And the other half of Mr. MacDonald's question—"where have they been written into the book, and the goal posts would never have been moved back out of a poet or a prophet, or both, to a drop-kicker's reach. There has been too much effort to guarantee victory to the team with the most power and to shorten the chances of the team which occupies the "under dog" position. Today the light, scrappy, alert eleven, fighting to force the breaks and to capitalize them has less chance than ever of winning. To reduce that chance still further would change football from a game into a contest of strength like a tug of war.

If football games should be decided on total yards gained then baseball decisions should go to the team which makes the most base hits. If first downs are more important than touchdowns then the number of men left on bases in a baseball game should

**AMUSEMENTS**

**AT THE DELFT.**  
Glorious with color and music, the heart-throbbing romance of Skid and Bonny that thrilled New York last season in the stage play, "Burlesque," by George Manker Waters and Arthur Hopkins, comes to the Delft today for three days, as the all-talking, all-dancing, all-singing motion picture masterpiece, "The Dance of Life."

Paramount has taken this absorbing romance of the intriguing and highly interesting burlesque "wheel" and given to it all the possibilities and advantages modern science and art have contrived for the most perfect moving picture entertainment.

Beautiful girls in lavish costumes, all photographed in color by the Technicolor process, and reproduced entirely with sound and dialog, appear in the spectacular revue scenes. Contrast is supplied by the backstage scenes of the cheap burlesque theatre, with its "beat-trust" chorus of women, none of whom weighs less than 15 pounds.

In this elaborate setting, the romance of Skid and Bonny is acted. Hal Skelly, who played the part of Skid during the entire successful run of "Burlesque," which totaled nearly two years, immortalizes the role on the screen. Nancy Carroll, charming Paramount featured player, recently seen in "Close Harmony," sings, dances and makes love as Bonny.

**AT THE STRAND.**  
"Husband Hunters" now at the Strand tells the story of a quartette of chorus girls who have forsaken gold digging for the more lucrative practice of meeting

**LYRICS OF LIFE**  
By Douglas Malloch  
Copyright 1928 by Douglas Malloch

**LIKE DEW TO DAWN.**  
Like dew to dawn, that silvers over  
The green of grass, the red of clover,  
And gives them even greater beauty,  
Comes kindness to a world of duty,  
Whatever task may give us pleasure,  
A word of kindness heaps the measure,  
The kindness that the captain mellowed,  
And then the kindness of our fellows.

For more and more the world is learning  
That life is not a treadmill turning,  
The little here, and there the master  
To make the little run the faster.  
We hear less talk of upper, nether,  
And men are working more together,  
Not here the high, and there the others,  
But fellow-workers now, and brothers.

The rule is very seldom broken  
In kindness thought and kindness spoken,  
And men have learned, in this new season,  
To give the rule and give the reason.  
Some say our wealth has made life brighter,  
The road less hard, the burden lighter,  
But this, I think, makes glad the minute—  
That labor has more kindness in it.

**STATE TAXES.**

MICHIGAN'S tax machinery, designed to meet the requirements of an eighteenth century agricultural state, is totally inadequate to meet modern conditions, and present accounting methods are badly in need of sharp revisions, it is declared in the report of the special commission, appointed to study the problem. The commission, headed by A. E. Peterman of Calumet, minces no words. "Michigan, has outgrown its financial garment," the report declares bluntly, "and no amount of haphazard patching can ever make it serviceable."

Mr. Peterman makes it plain that Gov. Green is in fullest accord with the views of the commission as outlined in the report and that the governor will see that all departments of the state cooperate to the fullest in the carrying on of the inquiry.

The need of revision has been apparent for years, the report states, continuing that "if the revenues required by the state were spread over the wealth of the state in an equitable manner in accordance with ability to pay and some regard to the benefits derived, taxation would cease to be a burden."

"That this has not been accomplished is due to the fact that our taxing machinery, designed to meet the requirements of an eighteenth century agricultural state, is wholly inadequate to meet modern conditions. Such changes as have been made from time to time came about largely through a desire to comply with whims or temporary fashions in public thought. Our substantive taxing laws and methods are archaic in many respects."

Concerning the state's accounting system the commission reports that: "No valid reason exists why the accounting system of the state should not reflect the true condition of the state's business affairs as fully, clearly and accurately as is required ordinarily in private business. The mechanics for collecting and accounting for the general property tax provided by the existing law would not be tolerated in any modern business. A substitution of up-to-date methods would result in the saving of many thousands of dollars annually."

The commission appears to be convinced that there is a great volume of hidden wealth in the state and that its escape from taxation is imposing a crushing burden on other classes of property owners. Chasing this hidden wealth out into the open where it will pay its share will be a task of considerable magnitude but one which is worthy of the effort and attention of the wisest and most influential leaders of Michigan.

count more than the runs crossing the plate. And the number of shots missed in basketball should be weighed against the baskets registered.

Power in midfield which fades away as the team approaches the scoring zone is not a symbol of strength but a sign of weakness. No football team is a great team or even a first-rate team, if it lacks the final scoring wallop which carries the ball over the goal line.

**AUTOS AND AN EPIC**

**AS THE TRAIN** that carried Prime Minister MacDonald from New York to the Canadian border was speeding up the Mohawk valley, it was noticed that the British premier could not keep his eyes off the automobiles that sped by on the highways bordering the railway line.

For a long time Mr. MacDonald looked curiously at the stream of traffic—an ordinary current of moving vehicles on a busy trunk highway. At last he murmured to his daughter, sitting beside him:

"Where do they all come from and where are they going?"

It was one of those questions to which no answer is expected. And, indeed, answering it properly might be a long task. But it would be worth doing, just the same.

The obvious answer, of course, is that the autos come from Detroit. But that's only part of it. Their lineage goes back a lot farther than that. Trace the flowing traffic that clogs our country roads to its source and you have an epic in history.

At the beginning you have the creaky old ships like the Mayflower, staggering across the Atlantic across the Atlantic with half suffocated immigrants crowded between decks. Then you have the infinitely slow, painful westward migration; the long fight with the forest, the dangerous march over the Alleghenies, up the Mohawk trail and along the Cumberland, with saving Indians waiting to keep the road from growing wild; you have the old corduroy roads and springless wagons, the clumsy canal boats, the rickety stage coaches, the wheezy railroad trains of the early days—all the long, blind, magnificent pageant of the filling-up of a continent.

And after that you have a new pageant; vast factories taking possession of cities, making over whole states, bringing millions of men from the uttermost ends of the earth to follow the trails westward, westward to what looked like the promised land itself. You have the incredible mills of Detroit and Pittsburgh rising, the limitless railroad yards of Chicago and St. Paul, with their smoke cloud overhead. And, back of these, you have the granaries—the millions of acres of yellow wheat fields in the west, the fat farmlands of the south.

From these things came the automobiles. They came to satisfy a need and to create new needs; they came because they were called into being by the new conditions that had arisen here. They are part of the heritage for which the pioneers suffered.

You can't understand our use of the automobile, in other words, without digging away back to the beginning of our history.

And the other half of Mr. MacDonald's question—"where have they been written into the book, and the goal posts would never have been moved back out of a poet or a prophet, or both, to a drop-kicker's reach. There has been too much effort to guarantee victory to the team with the most power and to shorten the chances of the team which occupies the "under dog" position. Today the light, scrappy, alert eleven, fighting to force the breaks and to capitalize them has less chance than ever of winning. To reduce that chance still further would change football from a game into a contest of strength like a tug of war.

If football games should be decided on total yards gained then baseball decisions should go to the team which makes the most base hits. If first downs are more important than touchdowns then the number of men left on bases in a baseball game should

**YARDAGE STATISTICS.**

SOME OF THE so called football experts in the east are reviving the suggestion that credit in the scoring column be given to teams which gain the most yards and register the most first downs. They profess to believe that such an arrangement would encourage offensive play and thus enliven the game for the spectators.

All of which, of course, is simon pure flap-doodle. If the rules-makers had given the spectators even the slightest consideration during the last few years the new fumble rule would never have been written into the book, and the goal posts would never have been moved back out of a drop-kicker's reach. There has been too much effort to guarantee victory to the team with the most power and to shorten the chances of the team which occupies the "under dog" position. Today the light, scrappy, alert eleven, fighting to force the breaks and to capitalize them has less chance than ever of winning. To reduce that chance still further would change football from a game into a contest of strength like a tug of war.

DRUNK DRIVER  
LOSES LICENSE

Will Spend 40 Days in Jail If He Cannot Pay Fine

Andrew Porter, Petoskey, pleaded guilty to charges of driving an automobile while under the influence of liquor and also reckless driving when arrested before Justice of the Peace James S. Doherty here yesterday. He was sentenced to pay a fine of \$50 and costs on the first charge and \$10 fine on the latter charge, or spend 40 days in the county jail. He is arranging to pay the fine. His driving license was revoked for a period of six months.

Porter's arrest was the result of an automobile accident which occurred on the highway near Masonville Saturday night when his car crashed into a Ford sedan driven by Cornelius Lang of Escanaba. Mrs. Eliza Lang, mother of the driver, and Mrs. Charlotte Amburst of Chicago were severely bruised. Both automobiles were badly damaged.

According to witnesses, Porter was driving on the wrong side of the road, leaving no room for the other car to pass. A 38-caliber Smith and Wesson revolver and shells were found in Porter's automobile, but he denied their ownership.

A suit for damages will be instituted against Porter by Mrs. Lang through Attorney Denis McGinn, it was learned yesterday.

Although their car crashed through the railing at the south approach of the Wells bridge and then overturned three times while rolling down the embankment, Cecil Bowman and Frank Hugy of Wells were fortunate in escaping without injury on Saturday. The automobile was virtually demolished. Defective steering apparatus is blamed for the accident.

Miss Pelletier  
On "Air" Tonight  
From Milwaukee

A message received here yesterday announced that a change of program had been made at station W. T. M. J. Milwaukee Journal radio station in which Miss Julianne Pelletier of this city will take part.

Miss Pelletier was to have played novelty piano selection Monday evening but will play this evening at 10:30 o'clock and Wednesday afternoon at 4:45 o'clock instead.

Miss Pelletier left here Sunday afternoon for Milwaukee to fill her engagement with the radio station.

STOP BAD BREATH

Thousands of people afflicted with bad breath find quick relief through Dr. Edwards Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know.

Dr. Edwards Olive Tablets act gently but firmly on the bowels and liver, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after-effects.

Olive Tablets bring on gripping pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after 20 years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Mrs. Frank Lapine  
Dies In Milwaukee;  
Once Resided Here

Mrs. Frank Lapine, a former resident of this city, died Monday morning at the home of her daughter, Mrs. George Clish, 298 1/2 Herman street, Milwaukee, Wis., following an illness of many years due to rheumatism and other complications.

Mrs. Lapine was about 69 years of age and had lived in this city many years before going to Milwaukee twenty years ago. She was a devout member of St. Anne's church and had reared a family of eleven children. Mrs. Lapine was stricken with rheumatism about fifteen years ago and was not able to walk. She also became totally blind about ten years ago; with her many afflictions was never heard to murmur.

Mrs. Lapine is survived by the following children: Sister M. Everista of the Order of St. Joseph, who is teaching at Aurora, Ill.; Mrs. Georgiana Remillard, Saskatchewan, Mrs. Ida Lancelotti, Guilford, Mich.; Bernard Lapine, Kenosha, Wis.; Mrs. Angella Snyder Chicago, Ill.; Jesse and Joseph Lapine members of the coast guard on the Pacific coast and located at Portland, Ore.

Three sisters and two brothers Miss Amelia Gauthier, Escanaba, Mrs. Angelina Lantieri, Chicago, Mrs. Ida Brodick, Fon du Lac, Wis., Eugene Gauthier, Colorado, Idaho, and Jesse Gauthier, Menominee, Mich. Twenty three grand children also survive. The funeral services will be held at Milwaukee will burial in a Milwaukee cemetery. Mr. Lapine died several years ago.

Miss Amelia Gauthier, and a niece, Mrs. George Houle, left yesterday to attend the funeral services. Other relatives including Mrs. Eugene Messer, Mrs. Frank Trudell, Mrs. Alec Perrin, Mr. and Mrs. Wm. Wells and daughter, Eva, plan to leave today for Milwaukee.

Lunch will be served, beginning at 5 p. m. Beano and other interesting games will be provided for the entertainment of the visitors. Aprons, candy and other articles will be on sale.

Now read the Classified page.

"Married Life" Not Worth While

Blames Wives' "Nerves"

"Weak nerves," said a New York doctor recently, "is my estimation week more happily married lives than any other cause."

Besides making the sweetest disposition and irritable, nervousness is a terrible drain on your vital forces—it saps your youth and your strength and dulls your beauty. What a difference from the bright-eyed, vibrant girl he married. No wonder married life seems unbearable!

But you can get rid of your nervousness—speedily too—and become the steady-nerved, radiant woman you once were. Try the effect of Tanlac after meals and before going to bed, and if it doesn't soon make a new woman of you—doesn't rid you of that tired, strained feeling—go back and get your money.

Go to your druggist now and get a bottle of Tanlac. Millions of folk have started back on the road to youth, health and happiness with this world famous tonic and there is no reason why you, too, can't begin today to rebuild your worn-out tissues and revitalize your entire system.

Olive Tablets bring on gripping pain or any disagreeable effects.

CAN'T PRAISE  
IT ENOUGH

Lydia E. Pinkham's Vegetable Compound Helped Her So Much

Kingston, Mo.—"I have not taken anything but Lydia E. Pinkham's Vegetable Compound for 15 months and I cannot praise it enough. I weighed about 100 pounds and was not able to do any kind of work. My housework was done by my mother and my out-of-doors work was not done. I have taken four bottles of the Vegetable Compound and now I am well and strong and feel fine. I got my sister-in-law to take it after her last baby came and she is stronger now. I cannot praise it enough."

### CRASH BRIDGE AT WHITEFISH

#### Another Machine Leaps Railing at Decoosh River

Blinded by the glaring lights of an approaching car, Frank Maki, timber jobber of Nahma, lost sight of the road and crashed into the railing of the Whitefish river bridge near Rapid River with a Chevrolet truck about 6 o'clock Sunday night.

Maki was cut about the face and hands by broken windshield glass, and the front end of his car was damaged beyond repair. He was driving eastward on the highway with a load of groceries, potatoes and vegetables, which he was taking to his camp on the Nahma & Northern railway.

Going up the approach of the bridge, Maki pulled over too far to the right to avoid being hit by the oncoming car. The right fender of his truck caught the railing of the bridge approach. A rod in the railing pierced the radiator, jammed up against the engine and then twisted itself around the front axle. The front wheels went through the railing, but the rear of the car remained on the road.

#### Wife Not Hurt

Maki's wife, who was sitting beside him, was not injured. No damage was done to the large supply of foodstuffs in the rear of the truck.

A Pontiac coupe smashed early Sunday morning into the right railing of the Decoosh river bridge at Rapid River, careened off to the embankment and then dropped over the water below. Except for painful cuts about the face and hands, the two occupants, whose names were not learned, were uninjured. It is understood that the driver of the car fell asleep. They were returning from a wedding party in North Escanaba to the Nadeau Brothers camp at Treary, where they are employed.

Two automobiles figured in a minor collision at the hill near the No. 1 power dam at Flat Rock Sunday, while another car was slightly damaged when it hit the obstruction erected at the new highway pavement at Terrace Gardens.

### CIVILIANS TO BROADEN NAVY DISCUSSIONS

(Continued from Page One)

States and Great Britain but this is only a general principle thus far and it remains to be seen whether this means reduction or increase of buildings. The Japanese want reduction so their financial burden will be diminished, having announced to the world that they will rely on moral force primarily. The United States and Great Britain will find little support for the maintenance of large navies and the other nations will not object to America and Britain being equal, but they will wish to see both navies reduced in size. In other words the conference may not be a limitation against upward building alone, but a downward revision of naval strength.

**Needs State Craft.**

Now that the American government has emphasized the importance of outlasting aggressive war, the question is how much armament is needed for defense and against whom. Since Britain and the United States are not to arm against each other, the other naval powers will not wish to see two powerful navies in existence which could conceivably be combined in the future as they were so readily in 1917. It is this phase of the question which will require a maximum of skill and statesmanship on the part of the American and British delegations to the January conference.

### Joe Gets Break At Wrong Number

New York, Oct. 21 (AP)—Joe Beck probably has the saddest job in all that long and strangely varied list of vocations followed by New York's seven millions. In almost every other calling—even in that of Epitaph Carver, for instance—there comes now and then a relieving touch of humor.

But not in Joe's—at least not until today.

Complying with the printed instructions on the top sheet of a batch handed him by his superior, Joe, who drives the city hearse, climbed the stairs of a stony-faced flat on Haven avenue. He came to claim for the morgue the body of the baby certified by the physician to have been stillborn. It was the first and only child of Mrs. Irene Stowell, who scarcely looks her seventeen years. Joe thought less of his job than ever.

As he gathered up the tiny bundle, a cold fell away, two questioning blue eyes opened and tiny fist clenched.

"Wrong number," said Joe, and hastened back to his dismal job, compressing his smiling lips, possibly to avoid a joyful whistle. One doesn't whistle when one is driver of the city hearse. But, anyway, Joe had had one "break" in his round of gloom.

Harvard University, founded in 1638, is the oldest institution of learning in Continental United States.

### President, in Michigan Speech, Praises Scientists of Nation

Dearborn, Mich., Oct. 21 (AP)—Joining the nation in the celebration of the golden jubilee of Thomas A. Edison's invention of the incandescent globe, President Hoover declared here tonight that the scientists and inventors "are amongst our most priceless national possessions."

"There is no sum that the world could not afford to pay these men who have that originality of mind, that devotion and industry to carry scientific thought forward in steps, and strides until it spreads to the comfort of every home," he said. "Not by all the profits of all the banks in the world can we measure the contributions which these men make to our progress."

"Their discoveries are not the materials for headlines. Their names are usually known but to the few. But the nation owes them a great honor and is proud to demonstrate through Mr. Edison today that their efforts are not unappreciated."

Owe Debt to Edison

"The country can well pay its

### FAIRS TO FIX DATES TODAY

#### U. P. Secretaries Will Hold Annual Meet in Marquette

The fixing of the dates of the fairs for the upper peninsula circuit in 1930 will be the principal work coming up before the members of the U. P. Fair Secretaries' association at the annual meeting to be held at the courthouse in Marquette today.

H. E. Perkins, Marquette, president of the association and also a director of the Upper Peninsula State Fair, will be the chairman. The proposal to advance the dates of the U. P. fair here so that it will come into better weather will, no doubt, be the subject of a lengthy discussion. Secretary-Manager George E. Harvey and President A. A. Lundgaard of the U. P. State Fair board will attend.

Other counties in the peninsula are opposed to the change, claiming that it will prove harmful to the various county fairs.

The following resolution, adopted by the board of supervisors of Luce county at a recent meeting, contains the objections, typical of those expressed in other sections:

"Resolved, that this board go on record as being bitterly opposed to the proposed change in the dates of the Upper Peninsula State Fair for reasons as follows:

1. That the original and ideal plan was to have the U. P. state fair follow as a fitting climax and grand finale for the U. P. fair circuit.
2. That the exhibits of the U. P. state fair are largely made up of the prize winning exhibits at the several county fairs.
3. That the proposed new dates are so early that agricultural and horticultural exhibits will not be sufficiently mature to make a decent showing of U. P. products.
4. That the proposed new dates will greatly detract interest from lack of support.
5. That it was not the original idea or plan to have the state fair compete with or overshadow the smaller fairs, but it was the plan to have it co-operate with them.
6. That it would be destructive of the primary purposes of local agricultural exhibitions."

tribute to the men of this genius by expanding the facilities for their labors. The nation today needs more support to research. It needs still more laboratories. To that Mr. Ford is making a generous contribution."

This reference was to the Edison Institute of Technology, a gift of Mr. Ford, which was dedicated today during the visit of the president and Mrs. Hoover to Dearborn.

Asserting that Mr. Edison had given a long life to the service of stimulating the aspiration for knowledge and the ever widening of human understanding, the president said every American owed a debt to him.

"It is not only a debt for great benefactions he was brought to mankind," he added, "but also a debt for the honor he has brought to our country. Mr. Edison by his own genius and effort rose from modest beginnings to membership among the leaders of men. His life gives renewed confidence that our institutions hold open the door of opportunity to all those who would enter."

**Impulse to Progress**

"I may emphasize that both scientific discovery and its practical application are the products of long and arduous research. Discovery and invention do not spring full grown from the brains of men. The labor of a host of men, great laboratories, long, patient, scientific experiment build up the structure of knowledge, not stone by stone, but particle by particle. This adding of fact to fact some days brings forth a revolutionary discovery, an illuminating hypothesis, a great generalization, or a practical invention."

"Research both in pure science and in its application to the arts is one of the most potent impulses to progress. For it is organized research that gives daily improvement in machines and processes. In methods of agriculture, in the protection of health, and an understanding. From these we can constantly in better standards of living on more stability of employment, lessened toil, lengthened human life, and decreased suffering. In the end our leisure expands, our interest in life enlarges, our vision stretches. There is more joy in life."

"Priceless Possessions"

"It is the increasing productivity of men's labor through the tools given us by science that shattered the gloomy prophecies of Malthus. More than a century ago that great student held that increasing population would outrun the food supply and starvation was to be the inevitable executioner of the overcrowded earth."

"But since his day we have seen the paradox of the growth of population far beyond anything of which he ever dreamed, coupled at the same time with constantly increasing standards of living and ever increasing surplus of food. Malthus was right except for a new contestant in the race with his principle:—That was more scientific research, more discovery, and that race is still on. If we would have our country improve its standards of living and at the same time accommodate itself to increasing population we must maintain on an even more liberal scale than ever before our great laboratories of both pure and applied science."

"Our scientists and inventors are amongst our most priceless national possessions. There is no sum that the world could not af-

## Needless Pain!

People are often too patient with pain. Suffering when there is no need to suffer. Shopping with a head that throbs. Working though they ache all over.

And Bayer Aspirin would bring immediate relief!

The best time to take Bayer Aspirin is the moment you first feel the pain. Why postpone relief until the pain has reached its height? Why hesitate to take anything so harmless?

Read the proven directions for checking colds, easing a sore throat; relieving headaches and the pains of neuralgia, neuritis, rheumatism, etc.

You can always count on its quick comfort. But if pain is of frequent recurrence see a doctor as to its cause.

**BAYER ASPIRIN**  
Aspirin is the trade mark of Bayer Manufacture of Monacetein-deter of Salze/Hofeld

### St. Francis Hospital

Patients admitted over the weekend include: Mose Gardner, Flat Rock; Mrs. Charles Aho, Rock; Mrs. Leonard Malo, Manistique; Swan Nyberg, Woodlawn, and Mrs. Herbert St. Thomas, Rapid River.

Patients who are convalescing favorably are Mrs. F. Schumacher, South Fifth street; J. N. Gaudette; Louis Bouillon, Gladstone, and Mrs. William Scrof, Gladstone.

A son was born to Mr. and Mrs. Edwin Shannon of Powers.

John Erickson of Gladstone underwent an operation and is as well as can be expected, but no visitors are allowed.

The condition of G. Wilson of Gladstone is still unchanged and no visitors are allowed.

Patients who have been dismissed are Harry Hoyt, Treary; Mrs. William Jaeger and son Billy of Cornell; Miss Myrtle Tanguay, Wilson; Albert Ashland, South Fifth street, and Mrs. August Tynl, Rock. Mr. and Mrs. Herbert Barry, 1304 First avenue south, are the parents of a daughter.

### ONE-ACT PLAY AT CARNIVAL

#### Comedy and Eskymo Follies to Feature High School Show

"The Exchange", a one act comedy play to be presented by the players, will be one of the features of the annual Halloween carnival at the Escanaba high school on Thursday night, October 31. The carnival will begin at 7 p. m. and close at 11 o'clock.

Another attraction will be the Eskymo Follies, presented by the girls glee club, under the direction of Miss Ruth Sundwick, music supervisor. Miss Mary Ellen French will direct the production of "The Exchange". The two numbers will be the main events of the Ten O'clock Show. Besides this, there will be numerous side shows and stunts during the evening. Various organizations will take part in the production of the all-school event.

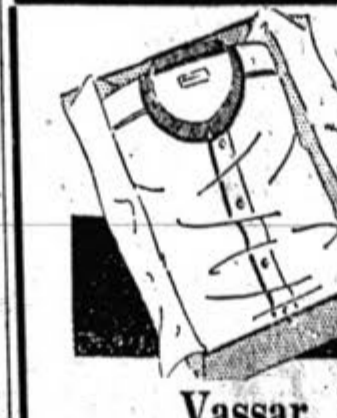

The carnival is under the general supervision of the Escanaba High School Athletic association, with Willard Norby, president of the organization, as general chairman. Proceeds will be used to make another payment on the grandstand debt.

ford to pay these men who have that originality of mind, that devotion and industry to carry scientific thought forward in steps and strides until it spreads to the comfort of every home, not by all the profits of all the banks in the world can we measure the contribution which these men make to our progress. And they are the least interested in the monetary results. Their satisfactions are in their accomplishments—in the contribution of some atom of knowledge, which will become part of the great mechanism of progress."

### Sore Throat? Don't Gargle

This Doctor's Prescription Gives Quicker, Better Relief Don't suffer the pain and discomfort of sore throat. Use a doctor's prescription called Thoxine guaranteed to relieve with the very first swallow. Gargles and salves are too slow and if they do relieve, it is usually only temporary.

Thoxine has a double action—it relieves the soreness and goes direct to the internal cause. It contains no harmful drugs and is safe and pleasant for the whole family. There is nothing better to stop coughing due to irritated throats. Just ask for Thoxine, put up ready for use in 35c., 60c., and \$1.00 bottles. Money back if not relieved. Sold by Ellsworth's, Dehlin's, Gladstone and all other good drug stores.

### ST. PAUL RAIL CHIEFS HERE

#### Spend Hour Looking Over Road's Property In This Vicinity

Traveling on a special train of six coaches, a group of high officials and directors of the Chicago, Milwaukee & St. Paul railroad came into Escanaba Sunday from Channing, spent about an hour looking over "St. Paul" property here, and departed to continue their annual fall inspection of eastern lines.

The trip was made from Channing to Escanaba in one hour and forty-five minutes, over the Escanaba & Lake Superior line. The party left Milwaukee Sunday morning and stopped for a few minutes at Iron Mountain. During the preceding week the route included Beulah, Savanna, Cedar Rapids, Ottumwa, Kansas City, Davenport, Clinton, Dubuque, Calmar, Mason City, Canton, Egan, Austin, La Crosse, Madison, Portage, Horicon and Milwaukee.

Directors aboard the train are Mortimer N. Buckner, chairman of the board, New York Trust company, New York City; W. W. Colpitts, Coverdale & Colpitts, consulting engineers, New York City; Howard S. Davis, Blake Bros. & Co., bankers, New York City; Samuel H. Fisher, New York City; Mark W. Potter, lawyer, New York City; W. D. Van Dyke, president Northwestern Mutual Life insurance company, Milwaukee; H. A. Scandrett, president of the St. Paul railway, Chicago, and W. W. K. Sparrow, vice president of the railway, Chicago.

A banker, Pierpont V. Davis, vice president of the National City company, of New York City, is also on board.

Operating Officials

Milwaukee road officials with the train are O. W. Dynes, general solicitor, Chicago; J. T. Gillick, vice president in charge of operations, Chicago; O. N. Harstad, gen-

### Hallowe'en Pranks Annoying Residents; Warning Is Issued

Hallowe'en is being celebrated by boys and girls in Escanaba much too early, according to the police, who are asking the cooperation of parents in curbing the annoying activities of the pranksters.

Last week, the police were called to various parts of the city to investigate complaints. Much window-soaping has been done, and in many cases indecent language has been written. Garbage cans have been dumped, and the contents scattered around yards.

### Three Deer Killed By Autos in County

Three deer died of injuries received when struck by automobiles in this county over the week-end. The carcasses were turned over to the county poor farm by the state conservation department.

Dr. Summerbell of Nahma was driving on the highway between Nahma Junction and Isabella Saturday night when a deer ran in the path of the car. Another deer was found along the same highway on Sunday morning, the injuries indicating it was hit by an automobile.

A Ford sedan was virtually demolished when it ran into a deer on the concrete highway, west of the city. The name of the driver could not be learned.

### Two Fire Calls Monday Evening

Two calls were received last night by Escanaba fire department No. 1. The first, at 9:15, came from 1407 First Avenue South, where a blaze had started in a basement woodpile. There was no one living in the downstairs flat, but the fire was found in time to prevent serious consequences. Damage was limited mainly to smoke.

A second call a few minutes afterward was a chimney fire at 297 Ludington. There was no damage.

### STOP COLDS

**ACIDINE**

ACIDINE, the new way of treating colds, is remarkably effective. Five colds can be wiped out the attack it makes on them. Get immediate, sure relief. Sold by your druggist only under a money back guarantee to relieve you in twelve hours.

### Pimples Cleared Away

Muncie, Ind.—"Resinol Soap has worked wonders for me. I had been bothered for a few years with pimples on my face and had tried various soaps and lotions in an effort to overcome this condition, but without success. Resinol Soap was recommended to me, so I tried it and have used it ever since. It not only restored my skin to a healthy, normal condition, but it has kept it so."

(Signed) Mrs. J. O. Dailley.

Resinol is recommended by doctors everywhere for almost all types of skin disorders—eczema, rashes, pimples, cloudy complexion. Spread on a little Resinol Ointment at night; then wash off with Resinol Soap and hot water in the morning. Do this once daily. Try it yourself. At all druggists.

For free sample of each, write Resinol, Dept. 69, Baltimore, Md.

### Resinol

### A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

# MRS. KLINGER PASSES AWAY

## Well Known Escanaba Woman Succumbs to Paralytic Stroke

Mrs. Frances Klinger, 72, died at her home, 512 So. Fourth avenue, Monday afternoon at two o'clock after an illness of two months due to a stroke of paralysis which she suffered last August.

Mrs. Klinger appeared to be on the road to recovery and although she was unable to speak she was able to signal the nurse and her daughter who attended her. Monday afternoon she was suddenly taken with a sinking spell and passed away in a few minutes.

Mrs. Klinger was born in Sheboygan, Wis., February 7, 1851 and came to this city as a bride 46 years ago. She was a devout member of St. Joseph's church and was a member of the Third Order of St. Francis, St. Mary's Court W. C. O. F. and the Married Ladies' Altar Society.

Mrs. Klinger is survived by the following children: John Klinger, Mrs. John King, Mrs. Ed Mousseau, Los Angeles, Cal.; Mrs. Frank Helge, St. Louis, Mo.; Mrs. Wm. Brumbaugh, Fort Pierce, Fla.; Robert Klinger, Washington, D. C.; Joseph Klinger and Miss Helen Klinger of this city; a foster son, William Matt, Manitowish, Wis.; three sisters, Mrs. John Steffen, Waukegan, Wis.; Mrs. Theodore Henry, Ford River; Mrs. Jacob Soper, Escanaba, also 14 grand children.

The body was taken to the Allo Funeral Home and will be removed to the family home Thursday afternoon. The funeral services will be held Saturday morning at nine o'clock at St. Joseph's church as relatives from out of town are expected to arrive in the city probably Friday.

Burial will be in St. Joseph's cemetery in the family lot beside her husband the late John Klinger who died 18 years ago.

## O. Fenton Graves Dies in Trenton; Once Lived Here

O. Fenton Graves, 49, a former resident of Escanaba, died at his home in Trenton, N. J., on October 13 after a three days' illness, it was learned here yesterday.

Mr. Graves, who lived in Escanaba for many years and had many friends here, had been general agent for the American Railway Express company at Trenton for the past ten years. He formerly was associated with the express company at Des Moines, Iowa.

He was a member of the East Lodge No. 166 and F. & A. M. of Rockford, Ill. Surviving him are his wife, Mrs. Katherine Graves, and one brother, Smith Mills Graves of Beloit, Wis.

The funeral services were largely attended.

### BRIEFLY TOLD

**Sodality Meeting:** The Sodality of the Immaculate Conception of St. Patrick's Parish, will hold a regular meeting this evening in St. Patrick's club rooms. Important business will be transacted and it is requested that every girl attend. After the meeting a splendid program will be given.

**Older Boys' Club:** The members of the Older Boys' Club of the First Presbyterian church held the election of officers Sunday morning with the following members to fill the various offices: President, Orville Aronson; Vice President, Jack Blomstrom; Secretary and Treasurer, Everett Nelson. R. E. Cheney is advisor.

**Marriage Licenses:** The following have applied for marriage licenses at the office of County Clerk Rayne H. Labre: Louis Shampo, Ingalls, and Mildred Kall, Bark River; William Frank, Sidaw, and Evelyn Nelson, Escanaba.

**Investigates Robbery:** Trooper William Irish of the Marquette state police post was a caller in Escanaba yesterday, making an investigation of the robbery at the Cleve and Cliffs iron company warehouse in Munising, two weeks ago. He questioned several prisoners at the county jail here.

**Windows Broken:** Two windows in a home here were broken by boys who were celebrating Halloween two weeks ahead of time Sunday night. The police have been receiving numerous reports of deprecations by pranksters. Parents are urged to admonish their children to refrain from these disorderly acts as they have been the cause of much complaint. The police warned yesterday that all offenders will be picked up and brought before the juvenile court.

**Held for Forgery:** Frank Bennett of Sault Ste. Marie was bound over to circuit court on a charge of issuing a bogus check when arraigned before Justice of the Peace H. E. Ranguette. He is being held at the county jail in default of bail. Bennett, who formerly was employed on the bridge construction job at Groos, gave a bad check for \$25 to the Delta Hardware, it is alleged.

**P. T. A. Meeting:** The Bark River P. T. A. are sponsoring an old or hard-time dancing party Thursday evening, October 24, at the Bark River town hall. Henry Boyle is general chairman of arrangements. Mrs. A. E. Johnson is chairman of the decorating committee.

**WOMEN'S PLAIN COATS PLAIN DRESSES CLEANED AND \$1 PRESSED**

mittee, assisted by Mr. and Mrs. Edwin Bergman and A. E. Johnson; Mrs. Henry Boyle chairman of the lunch committee, assisted by Mesdames Helmer Bruce, Herman Carlson, Otto Perket, Joseph Lavigne, Carl Anderson, A. E. Anderson, L. R. Nelson, Ernest Krause and Albert Konkel. This dancing party will be the first social affair of the season and the committee are sparing no efforts to make it an enjoyable one. The Nightingales, a popular four-piece orchestra, has been engaged to play the dance numbers.

**Auxiliary Meeting:** The Ladies Auxiliary to the B. of R. T. will hold its regular meeting this evening at the North Star hall. A social session will follow the business meeting and a pot-luck lunch will be served.

**Freshmen Elect:** Officers of the freshman class of the Escanaba high school have been named as follows: President, Stanley Miller; vice president, Robert Bartella; secretary, George Labre; treasurer, Eugene Herbert; advisers, Irma G. Baugs and R. C. Shaw.

**Aid Social:** The Ladies Aid society of the Swedish Baptist church will hold the monthly social meeting Thursday afternoon at 2:30 at the church parlors. Mrs. Edward Rudnes will be hostess. The public is cordially invited to attend.

**Hearing Today:** John A. Johnson, 29, charged with breaking into the Franklin school several weeks ago, will be given a hearing before Justice of the Peace H. E. Ranguette at 2 o'clock this afternoon. Johnson was implicated by the confession of Sibly Bloom, 19, who recently was bound over to circuit court on the same charge.

### OBITUARY

#### HARRY ERICKSON

The body of Harry Erickson, 21 year old son of Mr. and Mrs. Oscar Erickson of Chicago, is expected to arrive today via C. and N. W. Ry., and will be taken to the Anderson Funeral Home where funeral services will be held Wednesday afternoon at 2 o'clock and at the Swedish Methodist church at 2:30 o'clock, with Rev. O. R. Palm officiating. Rev. K. J. Hammar of Norway, a close friend of the family, will give the funeral sermon in English.

Burial will be in Lakeview cemetery.

#### FRANK CASS

The body of Frank Cass was removed Monday afternoon at 4 o'clock from the Allo Funeral Home to the family residence, 1215 So. 11th Ave., where it will remain until Wednesday morning at 9 o'clock when funeral services will be conducted at St. Patrick's church and a requiem high mass will be offered.

Mr. Cass is survived by his wife and the following children: Walter, Robert, Adele, Elaine and Clinton, his mother, Mrs. Anna Cass, and the following brothers and sister: Thomas Cass, Duluth, Minn.; William

Charles, Edward, George and Robert Cass, Mrs. Ida Geizer and Miss Isabelle Cass of this city. He was a member of the Benefit Association of Railway Employees.

Burial will be in the family lot in St. Joseph's cemetery. Mr. and Mrs. Thomas Cass of Duluth, Minn., Charles and William Lindstrom of Menominee, will come to this city to attend the funeral services.

**CLARENCE LEBEAU, JR.** Clarence Lebeau, infant son of Mr. and Mrs. Clarence Lebeau of Carney, died at birth and was buried in Nadeau cemetery Monday afternoon. The parents have the sympathy of friends in their loss.

### "Pa" Solves a Problem

DAUGHTER MILLIE has just laid down her ultimatum. She wants a radio, so that she can entertain her friends at home like other girls do.

As usual when family problems of this nature arise, "Pa" solves them swiftly, silently and at the same time economically by turning to the Want Ad section of this newspaper.

Whether you want to buy or sell, find a maid, an apartment, or a job, there's no better, quicker way of doing it than through a Want Ad in this newspaper.

**Phone 693**

### Mother Needs a Nursemaid

EVERY time "Pa" gets the old bus out for a drive it seems like the children go on a rampage.

What the children need . . . and Mother as well . . . is a nurse maid. Put a Want Ad in this newspaper to get the best of household help with the least delay and inconvenience.

Let the Want Ads solve your problems, both in business and the home.

### His First Speech

. . . And what a failure it turned out to be! As he stood before the meeting minutes seemed like years . . . his brain seemed numb . . . his tongue paralyzed.

Why take a chance of losing that golden opportunity when, every day, schools advertise courses in every modern business procedure through the Want Ad columns of this newspaper.

## Daily Press Want Ads

Phone 693 

### If You Want a Radio

—The best way to buy it is through a Want Ad columns of this newspaper hundreds of people advertise the things they want to buy, sell, or trade, every day, and at prices that spell real economy. Our Want Ads are dependable.

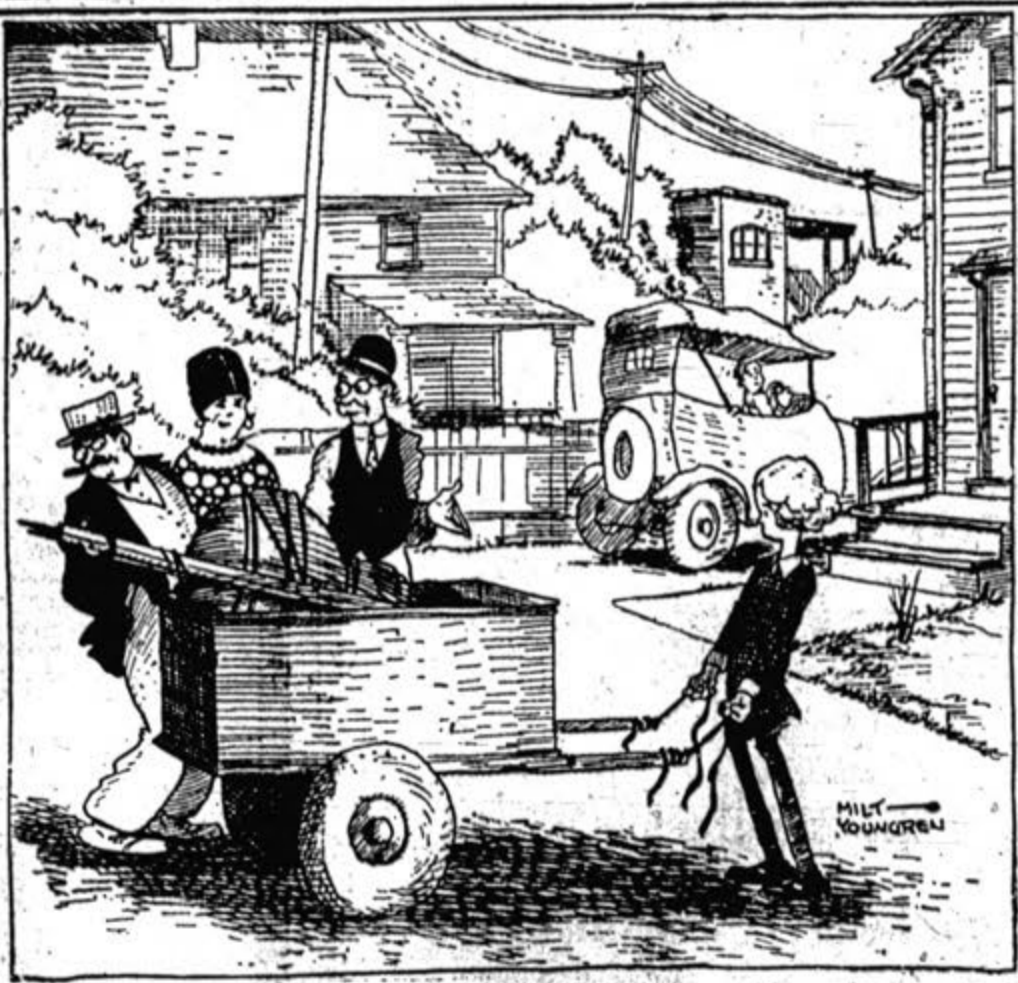

### When a Want Ad Counts!

"PA" STUCK to the old battery-operated radio through thick and thin. Naturally he went to the same dealer for replacements when the set broke down, only to hear, "We no longer handle that line."

But wise Father knew the value of a well-worded Want Ad, and it didn't take him long to find just the part he wanted.

You'll find all kinds of bargains offered for sale through the Want Ads. Use them the very next time you want something, or have something you no longer want.

**Phone 693**

### Sold!—To Highest Bidder

THOUGH it's only April, Mother has already decided that they're going to a "swell" resort this summer—no more camping trips for her.

Pa's got a three-year collection of nearly new camping equipment on his hands that represents real money.

However, he knows the Want Ad section of this newspaper can sell it without loss . . . in fact, he already is planning some real vacation surprises with the proceeds.

Perhaps you'd like extra funds? Use the Want Ads to advertise the sale of those useful things which you no longer need.

# Newberry Invader Saturday; Eskymos at Soo

## ST. JOSEPH IN HOME BATTLE

### Rock City Sure to Be Tough Customer for Locals

The St. Joseph high school grid-ders will furnish the feature football attraction here this week-end when they meet Newberry high school at the Escanaba Athletic field in their last game in the Cloverland Athletic Conference this year. By defeating the Lacrosse boys, Coach Brunelle's boys will finish in second place tied with Manistique, while Manistique has the pennant clinched already as a result of their victory over the Parochials here last Saturday.

The Escanaba football machine, inspired by their victory over Iron Mountain last week, will travel away from home again this Saturday. They will journey to the Soo where they will meet their toughest away from home opposition of the year. The Cranemore boys were downed by Menominee last Saturday by the same score that Escanaba was defeated by the Maroons 28 to 0. Both teams have only lost one game and both teams have lost that one game to the same team and by the same score.

Work Up Passes  
Newberry has an exceptionally large team this year and have played havoc with some of the best outfits in the northern end of the peninsula. They fought the Soo high school team to a scoreless tie. They were defeated, however, by Manistique by almost the same score that the Parochials were trounced by the Schoolcraft county team, 24 to 0.

Coach Brunelle, believing that his small backfield will not be able to do much against the heavy Newberry forward wall, is going to stress the running and passing attack of his machine this week. End runs and long passes will undoubtedly be a feature of the game. All his players came out of the training game in good condition and will be ready for the Lac boys this Saturday unless unforeseen injuries are reported during the week.

No Gloom Here  
St. Joseph will have an added inducement when they meet Newberry. Last year they lost to the Lac boys, 12 to 0, and they are eager for revenge.

At the Escanaba high school camp, the spirit of the boys is anything but gloomy. It was an inspired team that pounded shoulders against the Thumense last week. Undisturbed by the setback handed them by Menominee the previous week, the Eskymos came back to give Iron Mountain a 14 to 0 lacing, the first handed to them by the Eskymos since 1926.

The St. Joseph Reserves will journey to Manistique where they will meet the 'Stique Reserves this Saturday.

## BOXING

New York, Oct. 21 (AP)—Morris Rosenbloom, New York light heavyweight, cuffed out a decisive victory tonight over Joe Sekyra, blonde Bohemian from Dayton, Ohio, in the opening 10-round match on the Palestine relief fund card. Rosenbloom weighed 171½; Sekyra 174.

London, Oct. 21 (AP)—Len Harvey won on points over Jack Hood in their battle for the English middleweight championship tonight.

A crowd of close to the 20,000 capacity of the Garden gathered for the all-star show.

Sekyra fought an ambitious battle but could not match the generalship and free-swinging, freak tactics of the New York veteran.

Rosenbloom opened a deep deep gash over Sekyra's right eye in the fifth round.

Yale Okun handed Mat Adgie, Philadelphia light heavyweight, a thorough lacing in the second ten rounder. Okun weighed 171.

Ruby Goldstein, local lad who at times battles with all the ability of a champion, thrilled his loyal followers with a brilliant three round technical knockout over Joe Reno, Trenton, N. J., welterweight, in the third round. Goldstein weighed 143½. Reno 144½.

Reno was knocked down for a point of nine at the start of the third round and was soon helped up. The referee stopping the contest.

New York, Oct. 21 (AP)—The long awaited report on college athletics, particularly on football, of the Carnegie foundation for the advancement of teaching has been completed. Labeled as "Bulletin 23" it is published in book form, comprises 383 pages on the results of an exhaustive inquiry over more than three years and is released for publication in morning newspapers of Thursday, October 24.

Orange 19; Boston 13.

## BEAT MICHIGAN, ROAR OF ZUPPS

### Illinois Hasn't Forgotten Their 3-0 Defeat Last Year

Champaign, Ill., Oct. 21 (AP)—Pepping up their practice with cries of "Beat Michigan" Coach Bob Zupke's fighting Illini tonight went through an intensive signal drill in preparation for their game with the Wolverines Saturday.

The Orange and Blue gridders emerged from the Iowa tilt unscathed but Zupke did not call for any scrimmage during the practice session.

Humbert and Lanumn both of whom were used at fullback against Iowa, alternated in signal practice. Passes, and runs and the line were stressed. Yanuskus, fleet sophomore halfback who made some good gains against the Hawkeyes, was shifted to the three first teams as spectators the freshmen eleven ran through a series of Michigan plays, exhibiting both the passing and the running attack.

Zupke has not forgotten the 3 to 0 defeat that Michigan handed the championship Illini last year and he told his charges that the Wolverines are going to be all the harder to beat because of their two Big Ten defeats.

## Skull Tests Are Monday Program In Big 10 Camps

Chicago, Oct. 21 (AP)—Big Ten football squads put in the usual Monday afternoon of "skull" practice today, with coaches and scouts doing all of the talking. In at least three camps, Michigan, Indiana and Wisconsin, which took beatings Saturday, changes in battlefronts were indicated.

At Michigan, Coach Harry Kipke was fairly well satisfied over the improvement in the play of his line Saturday against Ohio State, but after sending the squad through a short limbering-up drill in the field house, he set about business of making room for Willie Heston, Jr., in the backfield. The son of Willie, senior, made an excellent showing Saturday and is scheduled to become a regular.

Indiana's squad learned that wholesale changes in the front lineup may be expected when the Hoosiers take the field against Ohio State Saturday. Coach Pat Page indicated that Bauer, halfback; Antonini, guard, and Jaros, quarterback, will see service as regulars this week.

Four Wisconsin regulars, Hardt, Linden and Baer, guards; and Gantebien, were absent from today's drill because of injuries received in the Notre Dame triumph over the Badgers, while Bill Lusby and Russ Rehbolt, halfbacks, found "Turk" Oman occupying the halfback post they have been dividing. Oman's play stood out as the redeeming feature of Wisconsin's performance Saturday.

Injuries Take Toll  
Minnesota came through the Northwestern game in good physical condition and spent the afternoon in work on new plays. The Wildcats, who bowed to the bruising Northerners, were given little work and Coach Hanley indicated they would take it easy for the rest of the week.

Beginning preparation for Purdue, Coach A. A. Staggs learned that Red Burgess, veteran halfback, and Horwitz, guard, who were injured in the reserve game with Indiana Normal Saturday, may not be available this week-end. Both received leg injuries of serious nature. The Maroon squad took a light workout on signals and new plays to be used against the Boiler-makers Saturday.

Illinois' somewhat surprised crew was given a long drill on plays, with Yanuskus working with the third team. He played most of the Iowa game, but gave way to Mills today. Iowa received a batch of new stuff to prepare for the invasion of Wisconsin Saturday, with Leeks, who was promoted from the B team, tossing passes. Brice Thomas was not in uniform, because of a wrenched shoulder, but is expected to play Saturday.

## Escanaba to Meet Marinette High In Cross Country Run

Escanaba high school's cross country team will compete with Marinette high school in a two-mile run at Marinette next Saturday morning. The race will begin at 10:30 o'clock.

Henry Wylie, coach of the team, will take the following runners on the trip: Milton Monson, George Jensen, George Jerrow, Edward Fuqua and Elmer Nelson.

## REVIEW HOPES ON RAINY DAY

### Kipke May Shift Wily Willie Heston on Wolverine Crew

Ann Arbor, Mich., Oct. 21 (AP)—Rain gave the Michigan grid-ders a day of comparative rest here today as Coach Harry Kipke mulled over the possible changes to make in the Wolverines to find a place for Willie Heston.

Whether other changes are contemplated was a matter Kipke kept strictly to himself, but it was significant that three of the men in uniforms at the earliest possible moments were Hudson, Dravelling and Truskowski.

Ends and halfbacks are so numerous around the Michigan squad now, the problem of holding one's place is troubling a number of players. Except for showing that Heston must be reckoned with, Saturday's game only added to the troubles of the coaches. It would seem hard to keep Cornwall on the bench after his work in breaking up what running game Ohio did have. Hewitt also gave a good account of himself in the place where Captain Truskowski usually roams.

The moment Dablen returns to the squad the backfield problem is still more complicated, as he showed the best defensive power of the team at Purdue and his nimble feet are only slightly less brilliant than those of Heston.

## State Prepares For Homecoming

East Lansing, Oct. 21 (AP)—Coach Jimmie Crowley took his Michigan State football squad under the protected shelter of the armory this afternoon as preparations began for the third and rubber game with North Carolina State before a homecoming crowd next Saturday. A constant drizzle kept the squad off the practice field. Crowley contented himself with the lecture and long signal drills. He plans at least two stiff scrimmages and perhaps three for the rest of the week.

Danziger's retirement for the rest of the season because of a fractured vertebra received in the Adrian game has added another wrinkle to the Crowley brow. The young coach admits he will miss the speedy fullback and will spend the next few weeks in grooming Wilson, tall New Jersey lad, as a reserve fullback.

Should "Duke" Schau continue to show the form he displayed last week, Danzinger's absence will be minimized. A recurrent injury, however, which has slowed up Schau's game in the last two years, may work havoc any time.

State coaches are showing a great deal of respect for the North Carolina State squad. Beaten by Washington and Lee and Clemson, two strong teams, the southerners are not thought to have rounded into form. State has halved its previous engagements with the Carolina team, losing first in 1927 by 19 to 0 and winning last year, 7 to 0.

## Phillies Catcher Crushed by Truck

Baltimore, Oct. 21 (AP)—Walter "Peck" Lerian, catcher of the Philadelphia Nationals, was critically injured this afternoon when he was crushed against a brick wall by a truck which mounted the sidewalk and rammed into a crowd at a street corner when the driver swerved to avoid a collision with another automobile.

Lerian received a fractured leg, probable fracture of the skull and severe body bruises.

## Wolverine Hockey Squad Going East

Ann Arbor, Mich., Oct. 21 (AP)—Plans for the first holiday trip ever made by a University of Michigan hockey team, were announced today by Franklin C. Cappon assistant athletic director. The squad will go east for the week after Christmas, meeting Yale at Lake Placid in three games, December 30 and 31 and January 1 and will meet Colgate at Hamilton, N. Y., January 3 and Hamilton at Clinton, N. Y., January 4.

## Coach Crane III In Hospital Here

Coach H. T. Crane of Sault Ste. Marie high school was admitted at St. Francis hospital Saturday, suffering from an attack of intestinal trouble. Six years ago he underwent an operation for appendicitis, but has suffered several attacks of illness since the operation.

He is resting easily and plans to return to his home the latter part of the week. Mrs. Crane arrived Monday morning to be at his bedside.

## Escanaba Rangers Lose Thrilling Contest to Ironwood City Team, 6-0

Hurley, Wis., Oct. 20 (Special)—The Escanaba Rangers football team opened their season with the Ironwood city team here today, losing 6 to 0 in one of the most sensational games seen here this year.

Carlson, the Ironwood fullback scored the only touchdown of the game in the first quarter after a steady march down the field. The kick for point was blocked. The Escanaba forward wall seemed tired from the effects of a 200 mile journey. On the first play after the next kickoff, however, DeMars passed to Gafner for the Escanaba and the feet Escanaba wingman skimpered forty yards down the field and crossed the goal line but the ball was called back when the referee claimed the head linesman was not in position.

The teams battled evenly the last three periods, the Escanaba 200 pound line, a veritable stone wall, and the Ironwood forward wall, an impregnable defense. The teams resorted to passes during the second half in an endeavor to get into scoring position. Zambrovitz, the big Ironwood half back, understudy to Cavosie at the Ironwood high school a few years ago, was stopped almost completely by the Delta county boys. He was knocked out in the second quarter and was removed from the game but he was back in the Ironwood lineup in the last period.

De Mars Stars  
DeMars proved the sensation of the Escanaba lineup. He did the punting, passing, and most of the ground gaining for the Bay de Noc team. Once he almost broke away from the entire Ironwood team when he caught a punt on his own three yard line and returned it to mid field, finally being downed with only one yard in front of him.

With only one minute to play, Strand intercepted an Escanaba pass on the fifty yard line and raced forty nine yards down the field before he was brought to earth with only one more yard to go. Williams attempted to crash over with it but he was driven back two more yards by the hard fighting Escanaba line as the game ended.

Despite a cold wintry wind which swept through the fans, an exceptionally large crowd of 1200 fans saw the game.

The game was handled by Roy Melvin, coach of the Hurley high school.

Return Game  
A return engagement to be played at Escanaba November 3 is being arranged. Both teams

## Alma Star Back For Hillsdale

Alma, Mich., Oct. 21 (AP)—Walter Perit, Alma college grid captain, who has yet to start in an M. I. A. A. contest will be sufficiently recovered from injuries suffered in scrimmage three weeks ago to lead his team against Hillsdale college at Hillsdale Saturday. Perit has been honored as an All-M. I. A. A. end for three years and his absence has been seriously felt by the team.

Alma still is perched on the top rung of the Michigan inter-collegiate ladder on the top rung of the 19 to 0 drubbing handed to Hope at Alma last Friday. The Hillsdale must overcome the Hillsdale, however, in order to maintain their present lofty position as the Deles are out to renew the only black mark on their Escutcheon, namely the scoreless tie with Kalamazoo. Another contest, that between Albion and Kalamazoo will have a definite bearing on the outcome of the season's play.

Neither team has as yet bowed down to defeat and the Albionians are considered a strong threat for the title. The Kalamazoo fray will determine the exact status of the 1923 champions. Olivet and Hope will meet with nothing at stake except the cellar position.

## RACING RESULTS

New York, Oct. 21 (AP)—Polydor, the golden coated express of the turf, returned to the racing wars at Empire City today to set a new track record for the mile and 70 yards.

Heretofore considered only a sprinter the big son of Golden Broom clipped one-fifth of a second off the mark for the route as he carried the silks of William Zeigler, Jr., to an impressive victory over Clifford A. Cochran's only other starters in the Fear-naught handicap. The old track record was 1:45 and three fifths.

Although asked to go the route Polydor had plenty of supporters, being backed down from even money to 4 to 5 at the close, with Kurtstinger in the saddle the four year chestnut colt went away from the barrier in a flying start and stayed out in front for the entire distance, finishing two lengths in front of Gehle. Boom was back six lengths further for the show money.

It is assumed that radium is present in the sun.

## OLD IRON MAN NEAR TO END

### McGinnity, Teammate of Matthewson, Critically Ill

New York, Oct. 21 (AP)—"Iron Man" Joe McGinnity, the great old National league pitcher who once defied such human frailties as weakness and fatigue, is waging a losing battle against the grimmest of all adversaries.

Critically ill at his home in Brooklyn, the 58-year-old McGinnity is growing steadily weaker, having failed to rally after an operation, August 27, for removal of a tumor. His surgeons said today that there is virtually no hope for his recovery although he may live "a month or so" longer. A second tumor has developed and McGinnity's weakened condition it is considered inadvisable to attempt another operation.

The patient was removed three weeks ago from Brooklyn hospital to the residence of his daughter, Mrs. Marguerite Lappen, Brooklyn, where he makes his home. Since then his condition has been growing worse despite the resistance of one of the most courageous figures in sport.

The old "Iron Man" who set

## Fraternal League of Pin Spillers to Be Organized

Efforts are being made for the organization of a Fraternal League of bowlers who will roll at the local bowling alleys during the season 1923-1924. Bowlers will be chosen from the ranks of the Masonic Order, Knights of Columbus, Knights of Pythias, Odd Fellows, Elks and Eagles. Any one interested in the league is asked to confer with the manager of the local recreation parlor and a schedule will be arranged.

Women are taking keen interest in the clean indoor sport and already several teams are being organized. Members of the Business and Professional Women's Club have five teams. Several married women are planning to organize teams and the school teachers will also have a team or two. After the teams are fully organized a league is planned and a regular schedule of games will be mapped out for the season.

It is advisable that all teams become organized as soon as possible so that the regular bowling will be under way in the very near future. Gladstone women bowlers are also planning to organize teams and will join the league which will be known as the Inter-city League. Keen competition is expected among the teams this season.

Shone in 1905 Series  
McGinnity gained baseball immortality as a team mate of Christy Matthewson on the Giants of 25 years ago. In a day of great pitching performances McGinnity shone as one of the leading lights. A big moment in his career came when he blanked the Athletics in the world series of 1905, a series incidentally which was won entirely by shrewd pitching.

The value of the waling industry in the Southern Seas toward the Antarctic is about \$55,000,000 a year.

1928 CIGAR TOBACCOS ARE THE FINEST IN YEARS

UNTIL YOU SMOKE A LA PALINA MADE OUT OF 1928 TOBACCO YOU CAN HAVE NO IDEA HOW GOOD A CIGAR CAN TASTE

A PALINA is America's largest selling high grade cigar (Over a Million a Day). Its outstanding popularity has been attained by putting into La Palina only the finest tobaccos that can be purchased, regardless of price. For selection of tobacco determines taste, and taste sells cigars.

It has always been our policy to buy only when crops were unusually good, and to store and condition these tobaccos until they were perfect.

The tobaccos of 1928 were more than unusually good; they were superfine—so, in keeping with our policy, millions of dollars were invested in them.

Now they are ready!

And La Palinas are better than ever before, richer, cooler, more fragrant, finer—for they are made entirely out of 1928 leaf.

You can't know how good a cigar can taste until you try a La Palina.

CONGRESS CIGAR CO., INC., Philadelphia, Pa.

Tune in on the La Palina Radio Programs  
Every Wednesday night, 9:30 o'clock eastern time, and each Sunday night at 8; over the Columbia Broadcasting System.

# LA PALINA

AMERICAS LARGEST SELLING HIGH GRADE CIGAR...OVER A MILLION A DAY

In 10 different shapes and sizes, from 10c to 3 for 5c. Also in a variety of attractive royal red packet packages, containing 5 or 10 cigars.

CARPENTER COOK CO. DISTRIBUTORS

# WOMEN WILL HOLD 3 MEETS

## Home Management in Ensign, Masonville and Escanaba

Miss Margaret B. Harris, assistant home demonstration leader, and Edna V. Smith, home management expert from Michigan State College, will conduct three meetings for women in Delta county this week. Various phases of home management will be studied.

The schedule of meetings is as follows: Ensign, 10 a. m. Wednesday at home of Mrs. Maurice Shane; Masonville on Thursday; and at U. P. potato show, main exhibit building, Escanaba fairgrounds, on Friday. Escanaba women are extended a cordial invitation to attend the classes at the potato show.

Thirty-five plates for a family of two and no place to store the bread mixer. This was the discovery of one woman, who sorted her kitchen equipment as part of the study in the home management project. Many housewives in the upper peninsula are due for equally startling discoveries when they enroll in one of the classes in "The Convent Kitchen" study under the direction of Miss Smith.

"We feel particularly fortunate in having Miss Smith work in the upper peninsula this year," says Miss Harris. "Miss Smith has had much experience in this particular field of home making and will add much from her personal experiences to the subjects to be studied."

Topics that will be taken up, besides that of equipment, include arrangement of furniture, working heights and working postures, and beauty in the kitchen. This project is introduced to develop an understanding of what is meant by home management. The distinction between house-keeping and home-making is emphasized. Meetings are also planned for Chippewa, Dickinson and Marquette counties.

## Kiwanians Visit The Daily Press

Members of the Escanaba Kiwanis club, after their weekly luncheon yesterday, visited the Escanaba Daily Press plant, inspecting all departments of the institution. They were guided by H. K. Rammel and L. A. Stade who explained many of the improvements and additions now under way.

Now read the Classified page.

### SOCIAL

**Farewell Party at Wells.** Mr. and Mrs. Carl Wacholz of Wells, who have resided there for the past eight years, left recently for West Bend, Wis., where they will make their future home.

Regretting their departure from the village where they had formed many warm friendships a group of friends and neighbors planned a farewell party for them last week at which time they were presented with a beautiful tray of silverware as a token of esteem and souvenir of the friends who joined wishing them success and happiness in their new home.

The party was given at the Community building where dancing and bunco was enjoyed after which a lunch was served. W. W. Davidson gave the presentation speech and Mr. Wacholz responded in a most charming manner.

Mrs. W. W. Davidson and Mrs. F. Richards sponsored the plans for the party and everyone cooperated in making the function a most enjoyable affair.

**Surprise Farewell Party.** Taken completely by surprise Mr. and Mrs. J. C. Stump were tendered a farewell party by a group of friends at their home on Ogden Ave Saturday evening. Not an inkling of the plans had reached the honored guests and after overcoming their surprise were most admirable host and hostesses to the gathering of employees of the C. and N. W. Ry. Co. and their wives who regret deeply the departure of the couple and their family from this city.

Five hundred was played until a late hour with awards for recognized scores going to Mrs. F. W. Loos and Paul Kruger. First, Mrs. Alma Adamson and J. P. Hengish, second, while consolation awards went to Mrs. Paul Kruger and D. B. McIntyre. Mr. and Mrs. Stump were presented with a handsome sandwich tray and olive dish to match as a memento of the occasion and the ladies who attended the party had taken along delicious refreshments which were served after the card playing program.

**Birthday Party.** Miss Adeline Kosbab entertained a group of friends at her home Sunday evening. Bunco was played and awards went to Miss Kathleen Kaufman and Irma and Astrid Olson. Refreshments were served and a number of games were enjoyed. The hostess received many gifts from her friends. The occasion was her fifteenth birthday anniversary.

**Railway Woman's Club.** The Chicago & North Western Railway Woman's club held hospital day at the home of Mrs. J. C.

**Stump on Monday afternoon.** Seventy members were present. A pot-luck lunch was served and cards followed. Mrs. Stump was presented with a beautiful luncheon set as a remembrance from the club members. The hostesses were: Mesdames F. Wagenhauser, P. Cox, J. H. Meter, T. H. Powers and C. Priestar.

## Pumpkin Lantern Ignites Clothing; Boy Badly Burned

Francis Murray, seven-year-old son of Mr. and Mrs. J. D. Murray is confined to his bed at the family home suffering from burns which he sustained Saturday evening while playing with a jack-o-lantern. The child had difficulty in keeping the candle lit and in pressing the lantern close to his chest his clothes became ignited and he was soon enveloped in flames. Realizing his danger the child threw himself on the ground and rolled over several times putting out the fire. His blouse and underclothing were burned through and severe burns about the stomach and on the left hand caused him intense pain. He ran home crying that he was burned and a physician was called. His condition yesterday was somewhat improved but he will probably be laid up for some time.

The child was playing with several other children ranging in age from 4 to 7 years and as all were smaller than himself they could offer no help.

D. R. Villomure of Iron Mountain and Archie Villomure of Marinette visited in Escanaba Sunday to call on their sister, Miss Cora Villomure, who is a patient at St. Francis hospital.

Sixty-five million square feet of plate glass were used in automobiles in the United States last year. This area is equivalent to that of 1500 acres.

## Boys Return From Nat'l Dairy Show

Four Delta county members of the 4-H calf clubs have returned to their homes after attending the National Dairy Exposition at St. Louis, Mo.

The Michigan dairy judging team, of which Vedo Heric of Ensign and Hilding Williamson of Osher were members, scored eleventh place in the judging contest at the show. First place was won by the Oklahoma state team.

Eight upper peninsula boys, who were awarded free trips to the dairy show because of their showing in 4-H calf club work at the Upper Peninsula State Fair, have also returned to their homes. They were: Joseph Helman, Rock; Harold Snyder, Trenary; Carl Yoder, Manistique; Egbert Talsma, Rudyard; William Nash, Crystal Falls; Romeo Puts, Iron River; Robert Johnson, Ishpeming, and James Rhodes, Iron Mountain.

Brown coal contains so much moisture that it cannot be shipped long distances in cold countries unless it freezes.

## Seized With Pain, Dreco Relieved Him

I Wouldn't Take \$10,000 For The Good Dreco Has Done For Me

"Never have I felt better than I do now since taking a treatment of this new and different medicine, 'Dreco.' My health hasn't been good for years and in spite of the fact that I have been doctoring continuously I could never get any relief. My stomach simply refused to digest my food and my appetite dwindled away until I was hardly eating a thing. I also suffered a great deal with rheumatism in my back and limbs. Dizzy spells almost threw me at times and my nerves simply went to pieces. Then I started to take Dreco and in just three weeks' time I was on the rapid road to recovery. My health and strength soon returned and I give all this praise to Dreco, and advise other sufferers to give Dreco a trial. There is nothing better under the sun for ridding the system of its poisons and 'silding up the blood stream.' This statement was given the makers of Dreco by Mr. L. E. Stone, R. F. D. 3, Eleva, Wis.

BLUE A-C TUBES

# The Ensemble is the Thing ---and Brown is Preferred

THIS is a year of color harmony... one's coat, frock, hat, hose, shoes, gloves and bag must match if one desires to be truly chic. Color harmony... accurately termed "the Ensemble" is the aim of smart women everywhere. We present an ensemble in brown for your approval.

## The Coat

Should be from Rothmoor or Printzess with sweeping, luxurious fur collar and cuffs. Either the new Vionette, flare bottom, model as illustrated should be chosen for its new long lines or the slender tailored styles be used. All of them are original and exclusive models.

\$49.50 to \$110

## The Dress

Can be, if desired, one of the new silhouettes, long skirted, short and high waisted, with the draped uneven hems or it can be the more conservative shorter skirted, beautifully designed frocks that have the crest of popularity... and there are many shades of brown for you.

\$16 to \$49.50

## The Hat

## The Shoes

Provide further diversity in choice of style and color... that which suits one's costume best... We have the newest styles in both pumps and straps in four leathers and a choice of heels in all widths.

\$5 to \$8.50

Requires study but it is not difficult to choose the proper and most becoming one from our wide assortment. The newest shapes in felts, velvets, and soles for every type at

\$4.75 to \$12

## Hosiery

There are so many tints and shades from which one can complete an ensemble that there is no difficulty in finding the correct thing. Rosario, Autumn, Araban, Beechnut, Copper, Turf, Tan and others.

\$1 to \$2.50

## The Bag

Can be either the strap type or a snug "under arm" creation in suede or tooled or plain leathers. All of them are beautifully made and trimmed with pleasing contrasting colors and ornaments. Prices

\$2.95 to \$7.95

## Assemble Your Ensemble at one time under one roof

There is a tremendous advantage in choosing all your things at once. You have everything before you... can visualize the entire effect without resorting to any guess work... and it is so convenient to know that you can obtain the finest selection in everything at your Fair Store.

## Dyeing this way makes faded Dresses NEW

**DIAMOND DYES** are the finest dyes you can buy. They are made to give you real service. They contain the very highest quality anilines that can be produced. It's the quality of the anilines in Diamond Dyes that give such soft, bright, new-looking colors; that make them go on so evenly—without spotting or streaking; that enable them to keep their depth and brilliance through wear and washings. Next time you have dyeing to do, try Diamond Dyes. See how easy and simple it is to use them. Then compare results. You will surely agree Diamond Dyes are better dyes. The white package of Diamond Dyes

is the highest quality dye, prepared for general use. It will dye or tint silk, wool, cotton, linen, rayon or any mixture of materials. The blue package is a special dye, for silk and wool only. With it you can dye your valuable articles of silk or wool with results equal to the finest professional work. When you buy—remember this. The blue package dyes silk or wool only. The white package will dye every kind of goods, including silk and wool. Your dealer has both packages.

## Diamond Dyes Sun Proof

Diamond Dyes contain the highest quality anilines money can buy. And it is the anilines that count. They are the life of dyes; the source of their rich colors; brilliance and permanence.

## Visible Filling Station

Our Filling Station is equipped with visible filling tanks so that you can see that you get full measure for every gallon you buy.

You can get good oil from us, too; also all the air and water you want. Make ours your Service Station and you will be sure to get prompt and courteous service day and night.

## Hansen & Jensen Oil Co.

Oldest Independent oil dealers in Delta Co. Dealers in Genuine Johnson Ethyl Gas, Quality Motor Oils and Gas, Valvoline Motor Oil, Mobile Oil

## You risk failure below the SAFETY POINT

Pay too little for a battery and you're on the road to trouble and further expense for upkeep and early replacement. A single tow-in charge or a couple re-chargings might cost you more than you saved on the price.

Make the safety point your goal and you'll be money ahead in the end. In a Willard Battery of the correct electrical size dependable quality is never sacrificed for low price. Millions of motorists, and 76 makers of cars, trucks and busses pronounce it the best sound value you can buy.
