THOSE MYSTIC FIGURES.

For some time past Mr. Burt, Democratic candidate for governor, has been clamoring in his speeches that the expenses of the State in 1883 under Bigole were much less than in 1884 under Alger, without even attempting to show why they were less. That his statements were deceiving and misleading none can deny. Now that Mr. Burt has so thoughtfully compared the expenses of the State it may not be out of place for the "Herald" to compare the State taxes of 1882 with 1888. These figures are taken from the Auditor General's books:

Under Bigole's reform administration, in 1883, State taxes were \$1,474,672.26. Under Gov. Luce, in 1888, they will be \$1,458,466.04.

Under Bigole, in 1883, State taxes were \$1.88 on every \$1,000 valuation. Under Gov. Luce, in 1888, they will be but \$1.54 on every \$1,000 valuation.

In 1883 we had no soldier's home, and our disabled veterans were in the poor houses of the State, and supported by the country; we had no mining school or state prison in the upper peninsula; our insane were being largely supported by tax upon the counties.

Now, in 1888 we have the above institutions paid for, an honor and pride to Michigan; a state out of debt; the majority of the insane being cured for and supported by the State instead of the counties; all with less state taxes, and a much lower rate of taxation than in 1883.

Owing to the excellent condition of our educational, charitable and penal institutions, the estimates that are now being made up, as required by law, for their support during the next two years, are much less than for several years before.

No Governor ever watched the interests of the State with greater fidelity or with more courage than has Governor Luce.

Again referring to Mr. Burt's statements of the expenses of the State, we will say that the public does not need his labors to prove that the administration of Governor Bigole was wise and economical, as all other administrations under Republican control have been. Bigole was the only fusionist elected for that administration. Republicans held all the other elective State offices and had control of both branches of the legis-

lature during the term of Gov. Bigole's incumbency. The governor has no power to get a dollar from the public treasury, except his salary, or to authorize the expenditure of a single cent of that money. The treasurer can pay out no money except upon warrants drawn by the Board of State Auditors, and authorized by the Legislature. The Board of Auditors were all Republicans and the Republicans also had a good working majority in the Legislature. The only way in which a governor can interfere or have anything to do with the expenditure of the public money is by the exercise of his power to veto appropriation acts of the Legislature. Gov. Bigole never exercised himself in that way; hence, neither he nor his party have any occasion to boast of the wisdom or economy of that Republican administration in which he was simply a voiceless figurehead.—Manistique "Herald."

RHEUMATISM
Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips, and wrists. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

A democratic exchange remarks that a majority of the Union soldiers in the late war were democrats. That even may be so, but it is equally certain that the rebel army was composed wholly of democrats, and that they control the party to-day.

The earnings of Michigan railroads for August were \$4,304,800, for the corresponding month of 1887, \$7,500,495. Earnings from January 1 to September 1, \$49,744,260; earnings for same period of last year, \$50,743,811. Per cent of decrease 1.02-1.00 percent.

THE DAKOTA DEMOCRATS are making some funny statements about the effort to make out Candidate Matthews a mad man. One charge against him is that Matthews' trunk took a chattel mortgage on a farmer's yoke of oxen and wagon and all the inside thereof.

THE NEW YORK "Herald" (Dem.) says that Gen. Harrison in New York will come down to the abode of a plurality of votes, which New York City and Albany virtually united, must presume if Cleveland is saved to defeat. In 1884 New York gave Cleveland a plurality of 504; Brooklyn gave him 15,204; total 58,793—which is about 12,000 votes short of the tally now admitted by the state authority to be owing to Cleveland's success in the Empire state. From the Democratic standpoint the case seems to look exceedingly gloomy.

AN AMERICAN girl wants to be rich and so she is high in her, when she can be an American girl, with ten times as much power, is more than I can make out. Aside from being a sleeping-car conductor with a haughty man and a woman to do, I would rather be an American girl, with good money to hand to pay, and my own high than to be most anything I know of. A good servant generally gets about as well as, or better than her mistress, has more than about most everything, and to what her company may be may not be invited to the house; has no bills for anything but clothes, and actually lives a far more abundant life than lots of sad-looking women who are trying to get into a better position in the small society.—BILL WYER.

THE SHANTY BOY, Or, Life in a Lumber Camp.

Outside of the "Tally" or "Scale Book" the literary contributions in the lumber camps of Michigan or Wisconsin have not been written very defuse or diversified. In fact the literature of the lumber woods has been confined to the work of the journals identified with the interest of lumber. J. W. Fitzmaurice, of Cheboygan, Mich., has taken up this particular feature of a long neglected subject, and is now engaged in publishing a work with the above title. The author has had a practical experience of some ten years in every phase of lumber camp life and editorially, besides being connected with several leading lumber journals, and is presumed to know what he is writing about. The work is now in press, and will present a full description of lumbering in all its phases, including camp buildings, logging, rafting, booming, skam, log roads, improvements, in lumbering tools, skidders, work on rivers, etc. Camp life in every variety will be shown. "Romance of the forest" in stories, sketches, fun and frolic, presenting the shanty boy at home and in town, will be fully elaborated, combining in the whole, instruction and amusement for the lumberman and camp crew. The book will consist of 300 pages 8mo, and will be an unique addition to current literature, being the personal gleanings and gatherings of the author, while associated with the work of the lumber woods, and is purely original in its stories, sketches and most of its songs. The chapters relating to lumbering embraces every feature of lumber wood craft, and was originally contributed, as editorial work, to the columns of the "Timberman," of Chicago, during the past year, by the author. As but a comparatively small edition will be printed those desiring one or more copies can secure them in advance by sending their order to the author at Cheboygan, or to the counting rooms of the "Democrat," of that city. The book will be issued at the low price of one dollar, and will be ready for delivery about Nov. 20th. Every lumberman, foreman, scaler, and "shanty boy" should secure a copy of this work, fully descriptive of the life they live. Address as above.

Hood's Sarsaparilla is a peculiar medicine, and is carefully prepared by competent pharmacists. The combination and proportion of Sarsaparilla, Dandelion, Mandrake, Yellow Dock, and other medicinal agents is exceedingly peculiar in Hood's Sarsaparilla, giving it strength and curative power superior to other preparations. A trial will convince you of its great medicinal value. Hood's Sarsaparilla Purifies the Blood creates and sharpens the appetite, stimulates the digestion, and gives strength to every organ of the body. It cures the most severe cases of Scalding, Salt Rheum, Bolls, Pimples, and all other affections caused by impure blood, Dyspepsia, Biliousness, Headache, Kidney and Liver Complaints, Catarrh, Rheumatism, and that extreme tired feeling.

Hood's Sarsaparilla has helped me more for catarrh and impure blood than anything else I ever used. A. TALL, Syracuse, N. Y. Creates an Appetite I used Hood's Sarsaparilla to cleanse my blood and tone up my system. It gave me a good appetite and seemed to build me over. E. M. TALE, Lima, Ohio. I look Hood's Sarsaparilla for cancerous humor, and it began to act unlike anything else. It cured the humor, and seemed to tone up the whole body and give me new life. J. F. TRI-WEEKLY PIONEER.

A great many new voters were registered Saturday.

Straight party vote this year means the success of the entire Republican ticket, by a large majority.

The country's administration has cost the country \$25,000,000 more than for that of Garfield and Arthur.

Look out for all kinds of electioneering stories, as they come always made to fit an occasion like this.

A. S. Garland says: "It will not be a Republican year because it is a year of unusual weight and all doing well."

Do you suffer with catarrh? You can cure it if you take Hood's Sarsaparilla, the great blood purifier. Sold by all druggists.

Yesterday was a busy day with candidates. Men began to arrive from the woods, and of course every man on either of the tickets had to renew his acquaintance.

RINGING NOISES.
In the ears, sometimes a ringing, buzzing sound, are caused by catarrh, that—exceedingly disagreeable—and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a powerful and successful remedy for purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

"You seem fond of bathing, Miss Montrose," remarked Merritt at Ocean Grove.
"Not in the least," she replied with a modest blush, "but I'm obliged to go on the burlesque stage this fall and the manager told me this was the best way for a girl to get over her bashfulness about wearing tight-fitting dresses."

A Sound Legal Opinion.
E. Hainbridge Murray Esq., Vice Co. Tex. says: "Have used Electric Bitters with most happy results. My brother was also cured low with Malarial Fever and Jaundice, but was cured by treatment of this medicine. An article in Electric Bitters saved his life."

Mr. D. L. Wilcoxson, of Horse Cave, Ky., sends a nice testimonial, saying: "I had it been for Electric Bitters. The great neuralgia which would not yield to any other medicine, was cured by your Bitters. I have also cured my children of all kinds of ailments, such as Croup, Whooping Cough, and Stomach Disorders, and all kinds of ailments. Price 50c, and \$1. at E. N. Orr's."

"If I had the power no damn foreigner should have any political rights in this country." Genesee street, 1872. Burr.

"If not endorsing the Mills bill is not to be a good democrat, then I am a stone." 1888. Burr.

Don't Experiment.

You cannot afford to waste any time in experimenting with your lungs are in danger. Consumption always sneezes at first only a cold. Do not permit any dealer to tamper upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all throat and chest affections. Trial bottles free at E. N. Orr's.

"I look upon (Candians as the scum of God's earth." Genesee street, East Signaw, '73. Burr.

The Old Doctors

Draw blood, modern doctors clense it; house the increased demand for Alternatives. It is now well known that most diseases are due, not to over-abundance, but to impurity of the blood; and it is equally well ascertained that no blood medicine is so efficacious as Ayer's Sarsaparilla.

"One of my children had a large sore break out on the leg. We applied the simple ointment, for a while, thinking the sore would shortly heal. But it grew worse. We sought medical advice, and were told that as an alternative medicine was necessary, Ayer's Sarsaparilla being

Recommended
above all others, we used it with marvellous results. The sore healed and health and strength rapidly returned."
— J. J. Armstrong, Winnet, Texas.

"I had Ayer's Sarsaparilla to be an admirable remedy for the cure of blood diseases. I prescribe it, and it does the work every time." — E. L. Foster, M. D., Manhattan, Kansas.

"We have sold Ayer's Sarsaparilla here for over thirty years and always recommend it when asked to name the best blood-purifier." — W. T. McLean, Druggist, Augusta, Ohio.

"Ayer's medicine continues to be the standard remedy in spite of all competition." — T. V. Richmond, Bear Lake, Mich.

TEN REASONS WHY I AM A REPUBLICAN.

BY J. ELLEN FOSTER.

I am a Republican by hereditary influence, past environments and present convictions. Because:

1. The Republican party in the past has stood for all that is liberal and progressive in legislation.
2. The Republican party freed the slave.
3. The pronounced and emphatic legislation on moral questions has come most largely from Republican legislators.
4. The Republican party has always been the champion of protection—protection to the citizens, protection to the negro, protection to the ballot-box, protection to the wage-earner, protection to the wig-wagger, and, now, right in line with its past professions and performances, it declares for protection to the home.
5. The friends of the liquor interest in the ranks of the Republican party are few and far between.
6. The Republican party has stood for the most advanced temperance legislation which the people demanded and in very many States has made open declarations of enmity against the saloon.
7. The Republican party deals with the conditions of the temperance work, not theories. The ideal is not always instantly attainable, it is better that the majority of the great, struggling, groaning mass should gain one inch in altitude than that a few be separating themselves into a "holier than thou" party attain superficial height.
8. The Republican party, by reason of its high position in this country is able to consistently promise the redemption of its pledges, which the so-called Prohibition party, even if the sincerity of its pledges be admitted, can not for many years at least fulfill any one of them.
9. The best type of American manhood are represented in the persons of Benjamin Harrison and Levi P. Morton.
10. The record of the Republican party proves it to be made up of men out of whose brain and heart reforms have come in the past and are likely to come in the future.

"The only way to control the laboring men when demanding such wages is to starve them in submission." — Burr in a speech in Egan hall, Signaw, 1871.

In 1886 I, M. Weston, now the Democratic free trade manager, said, in a letter to Don. M. Dickison:
"I want to see the same rate of protection given the products of the Michigan wool grower and the Massachusetts manufacturer. Every farmer (and they are half of our voters) has from ten to five hundred sheep, and you cannot make him understand why he should sell his wool to the New England factory in open competition with Australia and South America, and buy his cloth from the same factory under a protective tariff of 35 per cent. I do not blame him for kicking against that system of tariff reform."

Chamney M. Dewey sums up the situation as to the New York State vote as follows:
"I shall be surprised if the Democratic candidates get over 70,000 majority south of the Harlem River, including Kings, New York, Richmond and Queens Counties. They generally count on 80,000. They will miss it this time. I think the state will go to Harlem River with 90,000 majority and carry the day by at least 20,000 majority for Harrison and Morton. I never have heard careful political canvassers, whom I have known for twenty-five years, talk so confidently."

The official returns of the Presidential election in Mexico have just been made public. Out of a total of 16,709 votes cast, all but 47 were for Diaz! It is no fun to run an opposition organ in Mexico. There's no expense for the blessed privilege of shouting "frod!"

IMPORTANT PUBLIC NOTICE
EPHRAIM & MORRELL'S
Selling Out Sale
Our trade in men's goods has increased enormously within the past few months the fact is imperatively necessary to get more stock for the business. We have therefore decided to sell out our entire stock of men's goods at a sacrifice.
GRAND SELLING OUT
This is no scheme to catch the public by getting out an old stock of Dry Goods to get rid of. When we say that we are selling out we mean it absolutely.
Elegant New Dry Goods
For ladies we shall have for the next weeks some of the
GREATEST BARGAINS
Ever offered in Manhattan in domestic and articles of dress.
