BREVITIES

Mr. I. S. Phibbey is in Chicago.

Geo. Nicholson was in Milwaukee this week.

W. S. Wells is expected in the city this evening.

Albert Rohrig of Gladstone, was in the city Monday.

Dr. E. B. Patterson made a flying trip to his old home, Elyria, Ohio, this week.

Every woman has an idea that she can judge a man by looking straight into his eyes.

Y. I. Hixson contemplates leaving for Portland, Mich., within a few days.

Remember that Miss Kennedy's concert will be given at the opera house the evening of June 23rd.

Mr. and Mrs. Charles R. Orr left for Orlut this morning where they will witness the graduation of Mrs. Orr's brother, Will Simmons.

The Steamer Lawington will resume its regular schedule next week and will arrive here Tuesday evening or Wednesday morning hereafter.

A large number of cedar posts and were destroyed by fire at Nautawing Junction Tuesday. The stock belonged to A. D. Day & Co., and other dealers.

Mrs. W. E. Clarke [and] daughter, Mrs. Angus McLeod left for northern Ohio, on the Buell, this evening, where they will visit friends and relatives for several weeks.

R. S. Grocock of Menominee, district agent for the Northern Accident and Sick Benefit Association of Menominee, is in the city this week for the purpose of securing business for this excellent company.

Owing to the exorbitant freight rates to the east, the West on Mfg. Co. is unable to compete with cheap Canadian boxes, in the Boston and New York markets, and is consequently in a much of the time.

Mrs. McLean has written Rev. J. M. Rogers, to the effect that she would attend the celebration of the tenth anniversary of the organization of the Church of the Redeemer, which is to be held during the week beginning Sunday June 20th.

The "Experience Social" to be held under the auspices of the Ladies Aid Society of the Presbyterian church at the church parlors this evening promises to be a very pleasant event. The ladies have earned a dollar each, and will tell the audience all about it in rhyme.

P. VanValkenberg of Escanaba, was in the city Wednesday for the purpose of being examined by the local pension board. While here he made this office a pleasant call. Mr. VanValkenberg is the father of E. F. VanValkenberg the talented editor of the Escanaba Journal.

Andrew Anderson and family left for Duluth Wednesday where they will make their future home. Mr. Anderson is a first class shoe maker and a very pleasant gentleman to meet. He will no doubt be successful in his new home—at least his many Manistique friends hope so.

Children's Day will be observed by the Presbyterian Sunday School next Sunday morning. The exercises will be held in lieu of the regular preaching service. An interesting program will be presented, consisting of recitations, readings and singing. The church will be elaborately decorated. All are invited to attend.

The birthday anniversaries of Miss Alice Rose, and little Miss Madeline Ross are due on this date, and to firmly impression of the importance of the event, their relatives planned a surprise party for them on Tuesday evening of this week, to which a large number of the friends and neighbors of the honored persons were invited. The party was held at the home of Mr. and Mrs. William Rose. A guessing match, in which pennies extensively figured, furnished much amusement and plenty of hard work for those present. Twenty questions were handed each person—the answers of which appeared on the penny. Will B. Thomas proved himself to be the brightest, and won the first prize. Angus McLeod won the booby prize. The evening was pleasantly spent.

Ice cream at Salvation Army hall Saturday evening.

President Weston arrived in the city on the Buell Sunday evening.

Messieurs Geo. H. Orr and E. C. Brown returned from Chicago Sunday morning.

There are 200 bicycles in Manistique and the collective value is not far from \$10,000.

The Ladies Whist Club met at the residence of Mrs. W. A. McKinney last Tuesday afternoon.

Miss Annie Fulton has gone to Stratford, Ont., where she will visit relatives for several months.

District court convenes next Tuesday. It is a non jury term and very little if any business will be transacted.

A special meeting of Lakeside Lodge No. 371, P. & A. M. will be held this evening for the purpose of conferring the third degree.

Prof. Karl Usaver who has been in charge of the Nahma schools during the past year, completed his duties last Friday, and was in this city during a portion of this week.

A simple formula for determining the gear of bicycles is to multiply the diameter of the rear wheel in inches by the number of teeth on front sprocket and divide result by the number of teeth on the rear sprocket.

The Soc bicyclists are making great preparations for races on the 14th. Carl Ekstrom will undoubtedly participate. A number of Carl's friends will accompany him in order to assist him in carrying home the prizes he will win.

Officer Hayden caught a fellow in the act of stealing Miss Tuttle's bicycle Tuesday night after midnight. He gave chase and the thief dropped the wheel and made good his escape. Mr. Hayden promptly returned the wheel to the rightful owner.

It will be remembered that last winter Emeric Vidal and William Wilson were arrested, charged with stealing chickens, tools and clothing from Mr. Waterman, living in this township. They skipped on the day of their trial, however. Wilson returned to this city this week and was promptly arrested on the old charge and fined \$15 in Judge Thompson's court Tuesday.

Has the bicycle path idea died a natural death? It becomes more apparent every day that the bicycle path to Indian Lake should be made. If the wheelmen of the city were to work unitly the path would soon be a reality. Concentrated action is necessary for the success of any enterprise. The path in question could be cheaply built. Every wheel owner would donate a day's work toward the building of the path. We hope that the bicycle club, which has taken the initiative in the matter will not cease agitating the matter until the path becomes a reality.

The Hall & Buell Co., which has for so many years been such an important factor in this vicinity, completed operations at South Manistique this week. As has been stated heretofore, the property of the above company was purchased by the Chicago Lumbering Co. last year. The latter company will undoubtedly utilize the mill as it is one of the very best mills in the upper peninsula. During the dozen years that Mr. C. H. Hubbell has acted in the capacity of superintendent for the Hall & Buell interests, the company has made money, and the abandonment of the plant followed, as a natural consequence after the timber supply had been exhausted.

The date of the concert to be given at the opera house under the auspices of Miss Edith Kennedy, has been changed to June 22nd. It promises to be one of the best musical entertainments ever given in Manistique. Miss Kennedy has been training a chorus class of thirty voices for the past three months. The class will be on the program for four numbers. There will also be solos, duets and quartettes by our best musical talent. The orchestra will also participate. Two pianos have been secured for the occasion. Those intending to participate are practicing constantly, and look for a most successful concert. More than pleased with what they have accomplished, they do not fail to attend.

E. C. Chapin of Lansing, was in the city this week.

The Buell and barges left for the east this afternoon.

Dr. Dubs has moved into the McIntyre house, Lakeside.

Geo. Hovey left for New York on the Buell this afternoon.

The L. O. T. M. have purchased a piano for the Maccabean hall.

Evangelists Kerr and Johns are holding meetings at Hay Mills.

Capt. B. D. Wingear of Escanaba, was in the city last Saturday.

F. L. Baldwin, deputy oil inspector, of Newbery, was in the city Tuesday.

The tug Valiant left for Escanaba Wednesday evening for boiler repairs.

A citizen remarks: "Why isn't the bicycle ordinance more generally enforced."

Albert Rose found a new kid glove on the street. Owner can have same by calling upon him.

Chas. Forsythe left today for Dexter N. Y. whether he was called by the illness of his brother.

The Projectoscope Co. was greeted with large audiences last Wednesday and Thursday evenings.

The Odd Fellows will decorate the graves of their deceased brethren Sunday afternoon June 23rd.

The Epworth League of the M. E. church, will give an ice cream social at the Odd Fellows dining room next Friday evening.

A great many people are compelled to pay taxes on personal property that have hitherto escaped the supervisor's eagle eye.

You'll be more than pleased with the performances given by the Bankston Stock Co. at the opera house the whole of next week.

"You needn't think you are a brass band because you have got a drum in your ear," is another piece of slang that is just now going the rounds.

No person should purchase a bicycle until they are able to pay cash for it. Also be free from debt. We imagine it would be embarrassing for the one who wheel to pass a creditor about.

Parties indebted to the Equity Nursery Co. are hereby informed that their accounts have been placed in the hands of P. H. Peters who has orders to push their collection.

Capt. Samuel Haynes, who will be remembered by a few of the oldest residents of this city, is now a resident of Oil City, Pa. As president of the board of education he recently delivered an eloquent address to the graduating class.

Capt. Hart has been boasting great deal concerning the Fannie Hart's ability to beat the tug Agitator in a race. He had an opportunity to try it Wednesday but changed his course direct for Escanaba when he saw the Agitator, and gave this port the icy mitt.

It looks now as though the streets of Manistique would be sprinkled this summer as the city council has appropriated a sum not to exceed \$20 per month toward such an object. This amount with what the business men will be willing to subscribe, will insure the success of the project.

The Projectoscope Co. which has been entertaining large audiences at the opera house the past two nights has decided to extend its engagement to this evening. There will be an entire change of program this evening. Miss Kennedy's inauguration and the Bradley Martin ball are included in the list of pictures for this evening.

Miss Kennedy's concert will be given at the Star Opera House Tuesday evening June 22. Great preparations are being made for the concert and it will undoubtedly be one of the most pleasing entertainments ever heard by our music loving people. The chorus class which has been under careful training for the past three months will participate, also the best musical talent in the city. Two pianos and an orchestra will also be pressed into service. Do not forget the date. Tickets of admission will be 50 and 25 cents. Reserved seats will be on sale by Dr. & Co's drug store next Friday evening. Do not fail to attend.

The infant child of Mr. Kierst, was buried last Monday.

The 1897 edition of the Michigan Gazetteer was delivered to Manistique customers this week.

Is Manistique to go on record as being the only city in the upper peninsula that will not celebrate July 4th?

Next Monday is designated as Flag Day, and President Orr has issued a proclamation urging its proper observance.

The Bankston Stock Co. is one of the very best companies on the road this season. At opera house the whole of the next week.

The Bankston Stock Co. which will fill a week's engagement at the opera house next week consists of twelve artists. You will not be disappointed if you attend.

Ed. Ashford tells a straighter story than any of the other piscatorial devotees. He says his party caught a sufficient quantity to supply their daily wants, and no more.

J. H. McCallum has been appointed postmaster of Thompson, to succeed John Patterson. The honor was worthily bestowed. One by one the postoffices of Schoecraft county are reverting back to where they belong.

Some person evidently took by mistake, a blue silk umbrella from the opera house, last Saturday evening. Any one having such an article which does not belong to them, will confer a favor by leaving same at this office.

O. Ormsman has purchased a house and lot located on Manistique boulevard, near Fred Merwin's home. He has decided to fill the lot and rebuild the house. Contractor Ramsey began work on the house this week.

The most dishonest kind of dishonesty is that of the fellow who pretends to be honest to catch the popular favor. And the most peculiar thing about the trick is that many of the fellows become so expert in feigning honesty that they even deceive themselves.

The International Epworth League convention will be held at Toronto July 15 to 18th. The Michigan Leaguers who ride bicycles are contemplating riding the distance a wheel from Detroit. It will require from four to six days to make the trip of 300 miles. Rev. Shank, V. I. Hixson and Geo. Kelis are contemplating making the trip.

All Next Week.

The Bankston Stock Co. one of the very best show companies extant, will be at the opera house the whole of next week. Changes of play nightly. Popular prices (10 and 15 cents) will prevail. The opening play will be "The Night Watch."

In speaking of the company the Manistique Advocate says:

The Bankston Stock Co. opened a week's engagement at the opera house last night to a crowded house. The play presented, "The Counterfeiters," was thoroughly appreciated by the large audience. The company is greatly improved since here last fall. Special mention might be made of several, but especially of: LaPetite Marguerite, the chief artist, who won the hearts of her audience at once by her petite graceful manner. Her specialties received warm encomres.

Edwin Cookson and son Clarence E. and Frank Cookson and wife, left this morning for Greenfield, Maine, where they will visit friends and relatives for six or eight weeks. Before their return they will visit Boston, New York, and Buffalo. The Cookson boys are justly classed among our best and most industrious citizens, and deserve the vacation upon which they have entered. Edwin has been connected with the Chicago Lumbering Co. for the past twelve years in the capacity of foreman and walking boss. He succeeded A. C. Carpenter in the latter position five years ago and has proven himself an invaluable man in that position. He owns a 240 acre farm—one of the best in the country, which is well stocked. Frank Cookson has been connected with the Chicago Lumbering Co. for the past nine years—four of which he has acted in the capacity of foreman. Frank keeps his ice roads in such excellent condition that 10,000 feet frequently are hauled at one load—the average being 8,000 feet.

The Christmas holidays were coming on at Walton Hall, when, sore stricken, its mistress lay hovering between life and death.

Another boarder, who had come and moved a modest bachelor kit into one of the upstairs rooms facing the east and overlooking the little camp, was Mr. Barton Potts, better known to all the inmates as "Cousin Bart."

In the midst of these cares and troubles, which she could share with her daughters, were others which she could not.

Not until weeks after her boy had taken the step that made him a fugitive from justice did she learn, or begin to imagine the chain of circumstances that led to it.

The command had not been gone a week before men were unaccountably missing. It came and went as if it were a breeze.

That was a wretched summer and autumn. The fire raged along the Gulf, burning its way up the mountains.

Then Floyd Walton found another boarding place, and one where the influences were worse. He threw up his position in the law office at Quittman.

Such stories leak out despite every effort to conceal them, but not until just before Lambert's coming to join company G did Mrs. Walton learn that either knew of her brother's

AN INCIDENT AT THE CITY HOSPITAL.

A Woman's Life Barely Saved by a Critical Operation—Her Health Destroyed. There was a hurry call for the ambulance of the City Hospital. In the course of an hour a very sick young woman was brought in on a stretcher.

Oh, my sisters, if you will not tell a doctor your troubles, do tell them to a woman who stands ever ready to relieve you. Write to Miss Anna at Lynn, Mass., freely to her all your troubles, and she will advise you free of charge; and if you have any of the above symptoms take the advice of Miss Anna Tracy, who speaks from experience and success.

MAY FIND US OBLIGING.

CONQUEST OF THE HAWAIIAN ISLANDS.

LONDON, June 9.—The St. James Gazette, commenting upon the dispute between Japan and Hawaii, which it describes as "a corrupt little republic run by a handful of American filibusters," says: "As Hawaii has no resisting power the question arises, will the United States government see its progress through its trouble? The Japanese may land an armed force at any time. Then what will the Philadelphia do Japan, since she smacked the Chinese, is believed to be applying for a fight with a white power, and she may find America ready to oblige her sooner than she expected."

LEE ON RUIZ' CASE.

Test of the Consul General's Report to Secretary Sherman.

New York, June 5.—The Journal publishes the full text of Consul General Lee's report on the Ruiz case to Secretary Sherman. It is dated Havana, May 31, and says in part:

"I deduce from my knowledge of the facts the following conclusions: 'First—Dr. Ruiz was arrested on a false charge.

"Second—He was placed under an improper jurisdiction and held before the consul general in violation of his treaty rights, which limit such confinement to 72 hours.

"Third—He was kept incommunicado in a solitary cell for hours, without the benefit of his treaty rights, which limit such confinement to 72 hours.

"Fourth—He died from congestion of the brain produced by a blow on the top of the head.

"Fifth—There are two theories connected with the wound on the head. One that in a state of mental excitement he cut his ear as described by one of the jailers and bled his wound on the door in a frantic effort to get out.

Another, that he was struck on the head by one of the jailers carried by the jailers—by the involuntarily watchman—who had probably ordered him to cease his cries for relief and had, by his conduct, struck him with more force than he intended; or it is possible that the blow was delivered to him by the conductor of a crowd of others.

It is possible he went mad, and many causes combined to produce such a result. That whether from benefit of reason he inflicted the blow which produced his congestion, or whether he died at the hands of others—the fact remains, his unjust confinement killed him."

REPORTS TO McKinley.

Commissioner Calhoun Calls at the White House and Saw the President.

WASHINGTON, June 4.—W. J. Calhoun of Illinois, the special commissioner sent to Cuba by President McKinley, arrived from New York during the afternoon. He went immediately to the state department, where Judge Day, the assistant secretary of state, was awaiting him, and together they proceeded to the White House.

They were shown into the cabinet room, where President McKinley and Judge Day listened to Mr. Calhoun's description of the situation in the western island to the conclusion reached by him.

Judge Day declined to be interviewed on the subject of the conference further than to say it was very interesting. Mr. Calhoun has an appointment to meet the president in the morning, when he will again go over his impressions.

To report Mr. Calhoun talked with the president, declaring that he had been to the island simply to learn facts and to report what he had seen and heard. This he said he would do in his general opinion regarding the Ruiz case. Mr. Calhoun politely declined to indicate what it was.

REVIVAL OF CUBAN TALK.

Expected the President Will Take Action Shortly.

WASHINGTON, June 4.—There was a revival of Cuban talk about the return of Mr. Calhoun. The Republican senators, some of them members of the foreign relations committee, say there is no doubt that the president will take action as soon as Mr. Calhoun's report is made.

Mr. Calhoun's report is expected to be made in the morning, when he will again go over his impressions. To report Mr. Calhoun talked with the president, declaring that he had been to the island simply to learn facts and to report what he had seen and heard.

THE URBANA TRAGEDY.

Your Spectators at a Lanching Party Killed—The Negro Lynched.

URBANA, O., June 8.—Four persons were killed and ten injured while attending upon the attempt to lynch "Black" Mitchell, who criminally assaulted Mrs. Gausman, widow of an Urbana editor. The shooting was done by the state militia who were guarding the jail in which the negro was confined. A few hours later the negro was lynched without hindrance, the officers of the law not considering further bloodshed advisable.

Quashed an Indictment.

St. Paul, June 4.—A indictment against Albert Scheffer, president of the Alumnus club, has been quashed by Judge Lewis on account of an alien on the grand jury. It is probable all the day gathering for a meeting of their national committee at the Leland hotel.

Among the notables already on the ground are Rev. Fred D. Dubois of Ohio, Senator R. F. Pettigrew of South Dakota, Congressman Charles S. Hart of Montana, Congressman M. J. Jones of Washington, Governor J. P. Lee of South Dakota, and ex-Congressman Charles A. Towns of Minnesota.

"It is the Best on Earth."

It is what Edwards & Parker, merchants of Dallas, Ga., says of Chamberlain's Pain Balm, but information, lane back, deep seated and muscular pains. Sold by A. S. Putnam & Co., Druggists.

The Woodfield (Ind.) News printing following in regard to an old resident of that place: "Frank McVay, for many years in the employ of the L. N. & C. Ry. here, says: 'I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for ten years or longer - never without it in my family.' 'It is the best remedy of the kind man has ever used.' 'I take pleasure in recommending it.' 'It is a specific for all bowel disorders.' For sale by A. S. Putnam & Co., Druggists.

FROM AN OHIO MINISTER

I have used Dr. Warner's White Wine Tar Syrup for some throat, weak lungs, coughs and colds. It surpasses all other remedies I have tried. With many thanks to the doctor for his valuable remedy.

REV. G. W. HAGANS.

Best Remedy for Rheumatism.

From the *Franklinian*, N. Y. Herald.

Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few months ago she was in such a pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not suppose Mr. Rowland had purchased at first, but nevertheless applied the Balm thoroughly and in half an hour she was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. It is said that no medicine which she had used ever did her so much good. The 25 and 50 cent sizes for sale by A. S. Putnam & Co., Druggists.

OUR SIX YEAR OLD DAUGHTER

Our little six-year old daughter had a very sore throat, badly ulcerated, and coughed almost incessantly. I gave her White Wine of Peppermint according to directions and she soon got well. I have since used it for all my children, and we consider it the very best medicine in use. REV. H. H. GROVES, Pastor M. E. Church, Clarksville, Mo.

THE CHEYENNE SCARE.

Trouble at Tongue River Not Entirely Over Yet.

MILES CITY, Mon., June 5.—There is but little change in the Indian situation. Sam Crow and Standing Elk, the other Indians implicated in the murder case, are still at liberty. The leader of the tribe says: "I will kill any one who will not. We have delivered our rifles to the authorities on Indian, that is enough. We will not give up any more."

The crisis probably came during the day when Indian Agent Stone attempted to escort Badger off the reservation and deliver him to the civil authorities. The soldiers were not expected to accompany the civil authorities further than the reservation. The Indians knew this and it is feared they followed the sheriff's posse and tried to effect Badger's escape. As the reservation is 80 miles from Miles City, the delivery to the sheriff can be had.

Want Cavalry at Tongue River.

WASHINGTON, June 5.—An application has been made to the war department by Colonel Sheridan at St. Paul, at the instance of the army officer in command at Tongue River, to have a troop of cavalry sent there to replace an infantry company. This application is being reviewed by the secretary of War.

STABILITY IMPOSSIBLE.

CHICAGO, June 5.—It has been designated by the running between Chicago and St. Paul and Minneapolis that it is impossible at the present time, to inject any stability into the rates between the cities, and no action will be taken at present looking to a restoration of the old conditions, the route confining themselves to the effort to prevent the demoralization from spreading any further. It has been found impossible, however, to keep the rates, and until the Great Western and Wisconsin Central have become members of the association, matters will be allowed to remain as they are, the association desiring to be in a position to meet the competition of the outside routes.

Induced Rates Recommended.

NEW YORK, June 5.—The board of managers of the Joint Traffic association has recommended a number of special Fourth of July excursions, and has also fixed a rate of one and one-third first class fare per capita for the particular month of the Elks at Minneapolis July 6 to 10. Commissioner Blanchard has made a recommendation of a one rate fare for the G. A. R. encampment at Buffalo in August, and the meeting of the Army of the Potomac at Troy.

The Trouble About Over.

SAN QUENTIN, Cal., June 7.—The trouble with the convicts employed in the jail built in the prison is about over, and the order of discharge is looked for. Work will be started up in that portion of the mill known as the "old jail" at once with 400 men. This will leave a surplus of the most desperate and notorious of the criminals throughout the state on a diet of bread and water.

After a Valuable Cargo.

BOSTON, June 7.—The steamer Oregon for St. Lucia where the steamer Delicieux went ashore Wednesday night while on a voyage from Buenos Ayres for this port. The Delicieux's cargo is principally wool and is said to be worth in London offices for \$200,000. The Oregon will save as much of the cargo as possible.

The Allen Bill Passed.

SPRINGFIELD, Ill., June 5.—The Allen bill, which provides 5 cent fare and 50 year extension of all street railway franchises in Illinois, finally passed both houses of the state legislature. It is now the duty of Governor Tanner to veto the bill, which is a modification of the Humphrey measure.

Death to a Ballston.

CENTREVILLE, Va., June 7.—Aeroplan John Walters was killed here while dropping from his balloon with a parachute. Walters was caught in a cluster of telegraph wires, the parachute broke and he fell 40 feet, dying shortly afterwards.

Asphalt Sills Stone Lumber.

ASHLAND, Wis., June 5.—Sales of lumber aggregating 20,000,000 feet have been made from Ashland during the past 30 days. The proposed \$2 rate on lumber in the senate bill has had a great effect in making sales. Only one-half of the sales were to Chicago.

Collided in the Thames.

LONDON, June 7.—The steamers Bittern and Yarrow, both bound for Antwerp, collided in the Thames. The Yarrow was drenched, two of her passengers being drowned. The Bittern's second officer and carpenter were drowned.

He Killed the Editor.

ARMORE, I. T., June 8.—James Williams, editor of The Chronicle, was shot and killed here by Clarence B. Douglas of this city, a local attorney and Republican. The killing is the result of a newspaper article.

Falls Seven Hundred Feet.

BUTTE, Mont., June 7.—Edward Penn, well known miner, met a terrible death by falling 700 feet down a shaft of the Gray Rock mine, which he had been working under a lease.

Confesses to Murdering Her Husband.

KENOSHA, Wis., June 7.—Mrs. Marie Plover, who is accused of murdering her husband, has confessed to the crime, and has made a full confession admitting her guilt.

Minister Visits Berlin.

BERLIN, June 5.—Ambassador Edwin F. Hall has formally presented his letter of recall. Later the emperor and emperor received Mr. and Mrs. Hall privately.

OLD OFFICERS RE-SELECTED.

Western Woodmen Endorse the Present Administration.

DUNQUEN, Pa., June 5.—The day's session of the national convention of Modern Woodmen was most important. The election of officers was an endorsement of the administration, nearly every officer being re-elected. The headquarters were ordered removed to Rock Island and the next local camp was voted to Kansas City. Changes of nomenclature of funds, management, etc., against the head officers fell flat, not so much as being considered by the convention. The law prohibiting every one from ship to liquor dealers was so amended as not to affect those in the order before such legislation was enacted. The officers elected are: Head of the W. M. W., Fort Worth, Ill.; adviser, Daniel B. Horn, Iowa; clerk, C. W. Hawes, Illinois; banker, George W. Pratt, Wisconsin; secretary, F. R. Van Slyke, South Dakota.

Secretary Gage's Plan.

Preparing a Financial Scheme to Submit to Congress.

NEW YORK, June 8.—A dispatch from Washington says Secretary Gage is preparing a financial measure to be submitted to congress next winter. In particular this plan has been discussed in a letter to 200 leading bankers and merchants inviting suggestions for placing the currency upon a sound basis. The secretary's scheme will embrace the gradual retirement of the greenbacks and the substitution of national bank notes therefor; allowing national bank notes to issue to the full limit, instead of 90 per cent, as now; reducing the tax on national bank circulation from 1 per cent to 3/4 of 1 per cent; and limiting the denominations of bank notes to all other paper money to sums of \$10, and substituting silver for all below \$10.

PUT A TAX ON COTTON

IMPORTANT AMENDMENT TO THE TAX BILL ADDED.

For the First Time on Record the Southern Sugar is Protected—Change in the Sugar Schedule Agreed in Republican Caucus.

WASHINGTON, June 9.—By the decisive vote of 42 to 10 the senate adopted an amendment to the tariff bill placing raw cotton, the great product of the South, on the tariff list at 30 per cent ad valorem. It is the first time in the history of tariff legislation that a duty on cotton has been proposed in a bill. The amendment was proposed by Mr. Bacon, D. Mass., and has individual responsibility as provided by the 1777 act of the finance committee, which thus far has been unable to secure the success of every amendment proposed since 1873. Republicans voted solidly for the amendment. Messrs. Allen, Barber, Bennett and Stewart, Republicans, voted for it, also Messrs. Cannon and Mantle, former Republicans, and the following Democrats: Bacon, Gail, McHenry, McLaurin, Ravinus and Tillman.

Mrs. C. A. Childs and son Jamie, left for Wisconsin last week. They will visit friends and relatives at DePere, Appleton and Milwaukee during their absence.

Bishop Williams of Marquette, left for England this week. He will attend the Pan Anglican conference to be held at London, and will be absent six weeks.

The Garden schools closed last Monday evening with a grand exhibition. The exercises were largely attended and those present highly complimented the teachers and principal for their efforts. Frank Holly and Miss Kittie O'Brien, who have had charge of the schools the past year gave universal satisfaction.

We are frank in saying that there perhaps, is not a more serviceable or better bicycle manufactured than the Reliance bicycle. We purchased one of these wheels several weeks ago, and, although weighing 230 pounds, safely brought the wheel through the kindergarten of riding, unseated. Since mastering the wheel have given it several severest tests. It is pronounced the easiest running wheel in the city by those competent to judge of merits. The Reliance is a high grade wheel, but Manager Lefroy of the Chicago Lumbering Co.'s hardware store is offering it for sale at a very low price when merit is taken into consideration.

Several deer stalked through the city of Iron Mountain at an early hour one day last week. If the depression in iron continues the time will not be far distant when deer and wolves will play hide-and-go-seek in that town with not a human being to molest them or make them afraid.

What the young men of this generation need to be taught, says the Atlanta Constitution, is that piety is a virtue, and that corruption wins not more than honesty. With these simple maxims implanted in their minds they will be content to look for wealth on the beaten paths of safety, and not in the byways of deceit and crookedness.

An officer of the State Reformatory offers this bit of testimony that every parent ought to ponder long and carefully: "If I find a boy has been running the streets until 9 o'clock at night or later, I know that his parents are at blame for his being here, for no parents who care for the best interests of the boy will allow him to be out, not knowing where he is until nine o'clock at night. In almost every instance, where the boy has parents, the parents are responsible for the boy's badness. This I believe is true. My experience here has proven it."

A. C. Hubbell returned from the Seine River country last Saturday. He is more enthusiastic than ever concerning the prospects of the company of which he is an officer. The company certainly has a bonanza in the Randolph mine. At present the vein is being developed on this property. As the workmen proceed they find that the vein increases in size and richness. Particles of ore picked from the surface of the claim assayed nearly \$40.00 a ton. A layer of ore from the vein was secured by Mr. Hubbell and has been shipped to an assayer at Duluth. The vein is larger and richer than the famous Foley mine, which by the way is netting the owners \$750 a day. The ore can be mined reduced and the mineral extracted for \$2.50 per ton. Thus it will be seen that there is great profit in handling ore as rich as that of the Randolph claim. Mr. Hubbell's company will undoubtedly place a stamp mill on this location as soon as an ore pile sufficiently large is accumulated to warrant the building of the same. There is ample water power in that country to operate all the machinery of the world, says Mr. Hubbell. Nature has done much for that country. Unlike the conditions found in the mining districts of the west, where shafts, in many cases hundreds of feet in depth must be sunk to the veins, the veins come to the surface and are to be distinctly seen by the casual observer. There is no doubt but the Seine River and Bayou Lake Exploration Co., in which so many of our citizens are stockholders, will surprise the most sanguine in the matter of dividends. Mr. Hubbell brought several specimens with him and same are on exhibition at E. N. Or & Co.'s drugstore.

The Goodrich line has adopted a new plan of handling passengers. They must register on the dock before going aboard, present a ticket issued to them on registering, to the clerk of the boat on going aboard. The clerk then issues room tickets, without which no one may go up stairs into the cabin. A person must get a pass in order to go ashore and return again. These rules are made to facilitate handling the crowds.

That sporty little town of Garden has been harboring a "prize-fighter" all spring. Said p.f. has a large audience whenever he goes out for a spin, or exercise. Garden's hero was given a great setback a few days ago. A traveling showman was in Garden one day last week and was introduced to the "hero." The question of boxing was casually mentioned and in a very few minutes the pugilist and the showman were wending their way to the hall, followed by a number of the "hero" worshippers. A well directed blow from the showman laid the "hero" out. It will be some time before he will be able to pose again.

The village council met at the editorial room of the Tribune Thursday, last, Wednesday evening. There was a full attendance of the members. A large number of bills were audited and the clerk instructed to issue warrants for same. The monthly reports of the marshal and street commissioner were presented, and accepted.

A petition praying for the opening of Park street from Division to Cataragou streets was presented. The council granted same and ordered the street commissioner to grade the street designated; also to construct a sidewalk on the north side of the street.

The street commissioner was instructed to grade the Cataragou street between the residence of V. I. Hixon and Lakeside school building. Messrs. Nicholson and Frank Clark asked for the building of a sidewalk from the Nicholson residence to Hiram Quick's corner (east side Lake Street). Request was granted.

A petition asking that the streets be sprinkled was presented. The matter was referred to the street committee which was given full power to act in the matter. The council voted an appropriation not to exceed \$20 per month for that purpose. This with the amount likely to be subscribed by the business men will be adequate for the purpose. It was recommended that the job of sprinkling be let to the lowest bidder, the successful bidder to furnish the sprinkler.

The president was appointed a committee of one on stationary or printing.
