

Manistique Pioneer-Tribune.

VOL. 18, NO. 1924. NEW SERIES, 436

MANISTIQUE, MICHIGAN, FRIDAY, JANUARY 27, 1899

\$1.50 PER YEAR.

OFF THE YOSEMITE.

Chas. C. Rogers of Toledo, a sailor on the Yosemite last summer, was in the City this week.

Manistique was visited by a bona fide sailor that participated in the late war, this week, in the person of Chas. C. Rogers of Toledo, Ohio. Mr. Rogers enlisted in the U. S. navy early last year, and with three other sailors was detailed to the Yosemite, the vessel named by the naval reserves of Detroit. He was with the Yosemite during its cruise in southern waters and recounts his experience in an entertaining manner.

A NEW MANAGER.

Richard Endress of the Son, Successor of Atwood as Manager of the A. Booth Co. at this point.

Mr. Richard Endress, former member of the firm of Endress Bros. who did business at the Soo and Whitefish Points, prior to their absorption by the fish trust, succeeds Capt. Atwood, as manager of the A. Booth Co. at this point.

Mr. Endress is a very pleasant gentleman to meet, is thoroughly conversant with the work, and is an expert accountant.

LONG DISTANCE SERVICE.

The Michigan Telephone Co. to extend its lines through this portion of the State.

The Michigan Telephone Co. has decided to spread a sieve of wires over the entire length and breadth of the state. The principal cities of the upper peninsula are to be included in the circuit and the pleasure of having long distance telephonic communication with New York, Chicago and the leading cities of the country, will be accorded the cities on the various lines operated by the company. Manistique will be made the head quarters for the company in the peninsula. In the list of cities to be tapped by the company we failed to mention the name of Manistique.

With the telephoneline already constructed between this city and Shingleton it seems that it would not be a very hard matter to be included in the list.

DUBE BEATS TROYER.

Manistique's Champion Defeats Troyer, the Champion Reservoir Skater of the World, at Ekstrom's Ice Rink.

The race between P. C. Dube Jr. of this city, and James Troyer of Hancock, was the means of drawing a large crowd at Ekstrom's ice rink last Friday evening.

Both skaters were in prime condition. The contestants made an even start from opposite sides of the rink. Troyer forged ahead and gained nearly a lap on Dube early in the race. Dube caught Troyer in the eleventh lap and allowed him to set the pace.

In the final lap Dube developed a phenomenal burst of speed, winning out by a half lap in the time of 2:50 for the mile. The time is good considering that it required sixteen laps to complete the mile.

"Peter's friends are very glad to know of his success. The careful athletic training given him by his father, Dr. Dube, was responsible for the victory.

Left for Chicago and New York.

Mr. Harry Ross of the firm of Ross Bros, left for Chicago, today afternoon. After ransacking the markets of that city he will go to New York City to complete the purchase of spring and summer goods—the line of clothing, gets furnishings and shoes.

Mr. Ross is a first-class buyer and anticipates the wants of his customers to a remarkable degree. He expects to purchase a big stock and at prices so that the customers of his firm will reap the benefit.

An Experiment Station.

Representative Oberdoffer will make another attempt to have an agricultural and horticultural experiment station established in the upper peninsula, says the Free Press, where it might be found what kind of fruit and farm products may be profitably raised in the north country.

Race on Rollers.

A race for the championship of Manistique will be held at the roller rink next Tuesday evening. Ray Guinan, Morley Duce, Joe Miller and Ray McKesson, the latest skaters on rollers in the town, will contest for the championship.

A NEW INDUSTRY.

The White Marble Lino Co. Will Erect a Shingle Mill on the River near the Furnace. Will Employ About 50 New Men During its Full Capacity.

Several years ago the White Marble Lino Co. began to handle cedar in a small way, as an adjunct to its lime business. That branch of the business has been gradually increasing until now the company may be classed among one of the heaviest cedar producers and operators along the Soo Line.

The company operates a mill at Whitelake and handles the output of several other mills in this portion of the peninsula.

Recently the company made a contract with the Chicago Lumbering Co., and the Weston Lumber Co. for all of their cedar, timber and pine shingle timber. It is estimated that sufficient timber is in sight to keep the mill in operation from ten to fifteen years.

The mill at McDonald Lake will be moved here, also a portion of the machinery. However, it will be necessary for the company to purchase much new machinery.

The capacity of the mill will be 150,000 shingles a day and 1,000 tons. The mill will employ 30 men. If the present intentions are carried out the mill will be in operation day and night. In this case the force will be doubled.

The plans and specifications were drawn by Contractor Larsen, and the mill will be in operation on or about May 15th.

This industry means much to Manistique as it will give steady employment to a large force of men for a term of years.

LOCAL AND MISCELLANY.

Every decision offends some one. A man and a boy endeavored to break into the Lakeside school building Monday night.

The matter of organizing a national bank in Manistique is being agitated by several business men at present.

Ag. McCullough of the Soo Line, presented us with a handsome calendar this week, issued by the general passenger department of the company.

Prof. McKie's orchestra is being highly complimented. It made its first public appearance at the ball given at the opera house last Friday evening.

E. W. Miller & Co., were quite busy this week, rearranging their stock of groceries and getting ready to do business. This firm will be largely patronized.

The heavy snow storm last Monday was a boon to many lumbermen and jobbers. It was the first real deep snow that has visited this section this winter.

The superintendent of the Menominee public schools is waging a war on the tobacco dealers that persist in selling cigarettes to minors. He caused the arrest of two dealers last week.

Owing to a mix-up in dates, the American Amusement Co. will not fill its date at the opera house until Saturday, Feb. 4th. Seats are on sale at Orr's Drug Store. Prices 10, 20 and 30c.

Mr. T. H. Noble of the Cleveland Cills Co., of Gladstone, arrived in the city Thursday, with twenty-eight men that he secured in the vicinity of Frankfort. The men will work in the camps near Cooks.

The C. L. Hardware store has the agency for the Columbia, Sterling, Grendon, Cleveland and several other popular makes of bicycles. First-class bicycles will sell at such a reduced figure the coming season that everybody can have a new mount.

It behooves the average citizen to see to it that his revolver is in good working order. A few allopathic doses of cold lead will break up an epidemic of house-breaking more rapidly than a load of watermelons will disconcert a negro camp meeting.

The Golden Star, in Selma river is a new producer, but it has jumped it a long haul to the front rank, and is producing about \$25,000 a month and is talking of declaring regular monthly dividends of 1 1/2 per share. The mine is capitalized for one million and the stock is now being snapped up at 51c in Toronto. It is owned by Duluth and New York people.—St. Paul Dispatch.

BREVITIIS.

In whatever you undertake, always do your best.

Accord to others the same rights you claim for yourselves.

Now let's try and make this a banner year for Manistique.

The newly elected officers of the Macabees lodge were installed by Mr. Durno last Tuesday evening.

It is an easy matter for a man to love his neighbor as himself, providing she is young and pretty.

Since Anson Hill has gone to one of the camps as a sealer, the office of post-master of the Don't Worry Club, is vacant.

Chas. Banke, the well driller, secured an artesian well in Riverside addition a few days ago. The well flows practically as strong as the well in front of Middlebrook's store.

In the twenty-four books written by Charles Dickens, there are 1,425 characters. All are true to life with the exception of those whom the author tried to make too good.

If a man spends less than he earns he is bound to save money. If he spends more than he earns he will never be worth anything more than the contempt of his neighbors.

Women and ministers praise everything on the table when they go out to dine, and the average husband usually gets a "jakin' up" at the hands of his wife for not practicing frugality.

All communication between the Beaver Islands and the mainland is now ended for the winter. The inhabitants of the islands will be completely isolated from the remainder of the world for two months at least.

If you get the grip call a physician. Don't take fool medicines and cure alls fixed up by your friends. Keep warm and send for all the doctors you can afford to pay for. The grip may mean pneumonia and that ailment is not to be dreaded than yellow fever or small-pox.

Ray, Fr. Kunes is already making his mark in Manistique. Eighty votes were cast at the recent election of councilman for his parish; and those acquainted with the persons selected as members will recognize exceptional strength amongst them. Few priests can arouse greater enthusiasm than can Father Kunes.—St. Ignace Enterprise.

About fifty of Rev. John M. Shank's congregation surprised him and his family on Monday evening last by taking possession of his home. It was a pound party, each bringing a pound of something, which filled the dining room table with articles varying from an English "pound" to a pound of bologna. A musical program was rendered, after which a very nice lunch was served by the ladies, and everybody went home well pleased with the evening's amusement.

—L'Anso correspondent to the Mining Journal.

The Pictures are Fine.

The American Amusement Co. closed their week's engagement last evening with a crowded house. The Life pictures are fine.

NEW ORLEANS PRIZEWON.

At opera house Saturday, Feb. 4th. Popular prices.

An Entertaining Firm.

Martin Johnson of the firm of Peterson & Johnson the merchant tailors, left early this week for Minneapolis for the purpose of taking a course in a school of instruction in cutting for tailors. Peterson & Johnson have an established reputation for making perfect fits, and it is unnecessary for Manistiqueans to patronize Detroit tailors. These gentlemen will be doubly able to give satisfaction after Mr. Johnson's return.

Wanted—200 Cords Green Wood.

We, the board of poor commissioners of Schoolcraft county, desire to secure 200 cords of eighteen inch maple or beech wood, green, and hereby invite those able to furnish same, to hand or mail their bids to the resident commissioner, Walter Parker, not later than Saturday, January 28th. Two contracts for 100 cords each, will be awarded. The wood is to be delivered at the county house. We reserve the right to reject any and all bids.

BOARD OF POOR COMMISSIONERS, for Schoolcraft Co., Manistique, Mich., January 20, 1899.

A HANDSOME CRAFT.

Ann Arbor Car Ferry No. 3, the Largest Vessel that has Ever Visited this Port, Cleared Sunday.

Ann Arbor Car Ferry No. 3, was in port last Saturday and cleared with 65 carloads of mill stuff Sunday morning.

Manager McEwen experienced a little difficulty in securing a sufficient number of men to rush the loading of the vessel and several parties attempted to inaugurate a strike. The same wages that are being paid at Frankfort and Keweenaw are being paid here and there will be no advance in wages under any circumstances.

The No. 3 car ferry is the newest, most commodious and best appointed boat of the Ann Arbor Co. She is 270 feet over all and has a 52 foot beam. Her capacity is 65 cars of packed freight or about 1300 gross tons.

The boat was built in Toledo last year, and went into commission on Nov. 22nd last. Since that time the boat has been plying between Green Bay ports and Keweenaw and Manitowoc, until last week when the condition of the ice made winter navigation impossible on Green Bay.

The boat is offered as follows: Mr. Twitchell, Captain. Ed. Williams, First Mate. Phil Robinson, Second Mate. Mr. Cosgrove, Chief Engineer.

The complement of the crew is twenty-three.

The boat is sheathed with iron throughout, and resembles a man of war. Her speed is about 12 miles an hour.

Her enormous size makes her very seaworthy. There are ample accommodations for passengers.

CARLSON-GUNNARSON.

Mr. Carl Gunnarson and Miss Julia Carlson were married Wednesday evening.

Mr. Carl Gunnarson and Miss Julia Carlson were married at the home of Mr. Gunnarson's mother, last Wednesday evening. Rev. Broden of the Swedish Lutheran church, officiating.

Only a few of the friends and relatives of the contracting parties were invited.

The attendants were Charles Svenson and Jennie Svenson.

After the ceremony a bounteous wedding supper was served.

The presents included dainty and useful articles in silverware and cut glass.

Among those present were Messrs and Mesdames, A. P. Ekstrom, John Quick and Chas. Ackerman. Misses Jennie Svenson and Ahlstrom, Mesdames Ekstrom and Scott, and Messrs. Charles Svenson, H. N. Anderson, John Anderson, Axel and Gust Ekstrom and Dr. Malngren.

Mr. Gunnarson is the junior member of the firm of Anderson Co., furniture dealers, is one of our best young business men, has been a resident of this city for years, and has a large circle of friends, as has also his bride.

THE EVANGELISTIC MEETINGS

Are Drawing a Crowd. The Last Meeting Will be Held at the Presbyterian Church Sunday Evening.

The bad weather this week interfered greatly with the attendance and success of the closing week of the union revival effort. However, much interest has been manifested and Evangelist McCord's efforts will not be in vain.

By special request Mr. McCord will give a Bible reading on Saturday afternoon at 3 o'clock, subject "The Church and the World."

The subject for this evening is "The Judgment."

The thank offerings must be handed in not later than Sunday evening. It is to be hoped that Mr. McCord will receive a liberal offering. He certainly is deserving of it.

Very Interesting Letters.

Through the courtesy of Mr. A. P. Corry, we are privileged to publish very interesting descriptive letters this week written by Mr. and Mrs. Arthur H. Owen, from Dresden, Germany. Our readers will find these letters worthy of careful perusal.

Good Entertainment.

The American Amusement Co. is all right as entertainers.

PHILADELPHIA ITEM.

Published by Tribune Publishing Company. GEO. E. HOLBEIN, Editor and Manager. FRIDAY, JANUARY 27, 1900.

Entered at the postoffice at Manistique, Mich. as Second Class matter.

A GOOD IDEA. Alpena business men had an annual banquet at which time matters that concern the future best interests of the city are discussed.

The business men of Manistique would do well to inaugurate a similar idea. The plan, if followed, would work wonders in Manistique's growth.

Every new venture that gives employment to men woman and children, increases the volume of business done by merchants.

EDITORIAL COMMENT. Mr. Bryan is still working on the following combination of figures: 1900-16-1.—St. Paul Dispatch.

A scheme is on foot to divide Menominee county into two counties. Powers is proposed as the capital of the new county.

Spain is practically the only European country that got mixed up in the Dreyfus case.

Mr. N. W. Fox will succeed himself as supervisor of Manistique township by an increased majority. He has proved himself a good and capable official during his tenure of office.

We acknowledge the receipt of a copy of the message of Governor Hazen S. Pingree to the Fortieth legislature of Michigan.

An auction sale of tools, household effects, etc., belonging to the estate of the late Peter Carufelle, will be held on the lot to opposite the American hotel Saturday afternoon of next week.

If the state legislature is going to choose a site for the proposed state normal school during its upper peninsula junket, why, we'll take back everything we have ever said derogatory to junkets, and cordially invite the solons to investigate the merits of Manistique as a site.

How To Prevent Pneumonia. You are perhaps aware that pneumonia always results from a cold or from an attack of influenza.

"Of by order of President McKinley," says the Boston Post, "American guns are fired upon the Filipino patriots at Iloilo. President Mc-

Kinley deserves to be impeached. And if those guns are fired, there are a lot of noisy copper-heads about Boston who deserve to be hit.—Louisville Courier Journal.

Hon. Samuel Stephenson's many friends in Schoolcraft county will be pained to learn that he is probably fatally ill with pneumonia. As complications have developed his condition is very critical.

Notwithstanding the fact that every commercial fisherman of the state, together with all the members of the Michigan fish commission and representatives of the government commission favor the repeal of the law enacted two years ago establishing a closed season for fishing for trout and white fish in the great lakes, it is evident that the repeal is not going to be effected without a vigorous fight.

LOCAL AND MISCELLANEOUS.

Miss E. Baker returned from Escanaba yesterday. E. D. Reason is sure that he has the fastest horse in Manistique. Miss Tyrrell of Escanaba, is in the city, the guest of Miss E. Baker.

Examinations were held in all departments of the public schools this week. An attack of lambago has compelled Mr. Kelso to resort to the use of a cane.

Snow interfered with the running of trains to yesterday on the M. & N. W. Ry., yesterday.

County Clerk Ashford now has copies of the C. L. Co's abstract books for this county. The working force of the consolidated banks will consist of C. B. Morsenan, H. W. Clarke and M. W. Orr.

The owners of Golden Star mining stock feel very jubilant. They have every reason for being in that frame of mind.

The Ladies Aid Society of the Presbyterian church will meet with Mrs. Dr. Sattler next Wednesday afternoon at 3 o'clock.

Miss Jewell of Gladstone, made her debut as organist at the Presbyterian church last Sunday, to the entire satisfaction of choir and people.

The masquerade carnival at Eskon's rink was postponed from Wednesday evening to tomorrow evening owing the inclement weather.

Late advices from Menominee state that Ex-Congressman Stephenson's condition is improving and that his friends now entertain hopes for his recovery.

John Looss, chief of the fire department, has received a letter from the Watrous Engine Co., stating that the fire engine would be completed within three weeks.

An auction sale of tools, household effects, etc., belonging to the estate of the late Peter Carufelle, will be held on the lot to opposite the American hotel Saturday afternoon of next week.

THE FATIS DEFEATED.

The Much Discussed Game of Ball Between the Fat and Leans Results in a Victory for the Leans in a Score of 24 to 25.

Despite the terribly disagreeable weather, a fair-sized audience witnessed the game of indoor base ball between the Fat and Leans at the opera house last evening.

Table with columns for FATS and LEANS, listing players and scores.

About 100 tickets were sold. The winners were challenged by the Wolverines. The challenge was promptly accepted and the game will be played next Thursday evening.

Trapping for Fur on the Manistique.

Frank and Charles Bam of Battle Creek, are having an experience this winter that will mark the hey day of Cooper's Indian stories green with envy.

They have temporary camps at proper distances to remain in over night, never being away from the home camp more than one night at a time.

As soon as snow comes all roads are impassable and their nearest place to get supplies is 30 miles. They are well provided with flour, meal, buckwheat, potatoes and pork, having the wild game for meat.

The cabin which they occupy was built 13 years ago by M. J. Wood, the noted Athens hunter and fur buyer.

At that time there were many lumber camps in that section. But now the pine being cut away, instead of the stroke of the woodman's ax and the sound of falling timber, they now hear only the howl of the wolf, lynx and wildcat.

Capt. Twitchell, of carryery No. 3, relates an experience had at Frankfort recently. His boat became hopelessly stranded in the ice near that harbor.

The Week's Weather. We are indebted to Mr. Jesse Randle for the record of the temperature of the week.

OUR GAME LAWS.

State Game Warden Charles S. Osborn was in Lansing Wednesday attending the Fish and Game Protective association, just as one of the sportsmen. When asked by the State Republican if he intended to recommend any changes in the present game laws he replied: "We flatter ourselves that the present Michigan game laws are the very best system now in existence anywhere."

How To Prevent Pneumonia. You are perhaps aware that pneumonia always results from a cold or from an attack of influenza.

The Manistique Herald of last week contained a column write-up of the Antrim Chemical Works, located at Manistique, owned by the proprietors of the Barrall Chemical Co. of this city.

"The Antrim Chemical Works is the largest institution of the kind in the world, and to give something of an idea of its capacity we will state that last month the output was no less than 21,499 gallons of refined alcohol. To make this amount of alcohol had 5,875 cords of wood of four-foot wood was carbonized.

GOULD CITY ITEMS.

Frank King went to Manistique Sunday to remain there for some time. Dr. J. W. Summers left for Bad Axe, Mich., on Friday. He went to see his father who is very sick.

T. B. Barry, manager of the New York Haggery Co., gave an entertainment Thursday evening in the Harmonian hall. It was well worth the price of admission.

The members of Viola Tent No. 803 are requested to be in attendance at their hall in the city on Saturday evening, Jan. 28, at 7:30 p. m. as the installation of officers for the ensuing year will take place.

Hugh McNinis, uncle of A. B. McArthur, left for his home in Owen Sound, Ont., Thursday morning. He was forced to give up his work here on account of his health.

NERVOUS DEPRESSION.

It is a fact with Mrs. Pinkham...

It is a source of wonder that in this age of advanced medical science...

Every woman who doesn't understand her condition should write to Mrs. Pinkham...

"DEAR Mrs. PINKHAM—I have suffered for over two years with falling, emaciation and depression of the stomach...

"I am now gaining strength and flesh, and have better health than I have had for the past ten years..."

Lydia B. Pinkham's Vegetable Compound is a woman's remedy for women's ills...

GREAT HEAD. A Small Sailing Who Knows a Thing or Two About Mastip... Slating Stock.

It was just before New Year's day, and Maudie and Sadie were having a friendly chat over the matter...

"Which ones?" "Then 25-cent ones." "And I see 'em" with peculiar emphasis from Maudie as she pulled open a drawer...

"There is more Catarrh in this section of the country than all other diseases put together..."

There is more Catarrh in this section of the country than all other diseases put together...

Destined to Be Great. The shipping clerk kept his rubber stamp in a big, deep box on a shelf near him...

A Woman's Smile. "Strange what a little thing will turn the whole face of a man..."

In Old Missouri. Mrs. Olive—it is rumored among the neighbors that your husband beat you just night, is it true?

Oh That Delicious Omelet. Costs but 10c per lb. to grow. Saller has the best German Omelet...

None to Turn Over. "I thought you were going to turn over a new leaf, John..."

More Feet Than Fictions. Mrs. Wood—it is considered impetuous to give jewelry to a girl when you're not engaged...

A woman thinks it is all right in her own case to marry a man younger than herself...

NIGHTCAPPED BEFORE QUEEN

The Complaining Earl of Sussex Was Given Royal Privileges...

Learning How to Bank

Copyright, 1916, by M. QUAD.

MaJ. Dale was opening a private bank at Pine Tree City, and, as he was well known and liked, the boys came in from the mines and ranches and started him off by making deposits of greater or less amounts...

"Do you wish to deposit?" asked the banker. "Oh, yes, but I want to know all about it first. I kin talk cattle and mines and all that, but this is new to me..."

"Well, you have \$500, say, that you wish to deposit. You hand it to me, and I give you a receipt or certificate. Whenever you want a portion of it, you come in here. Here is one, you see. You date it, all in the amount and sign your name there..."

"And I hand it to you, and you hand me the money?" "That's the way." "But maybe you won't hear it?" "Oh, yes, I shall."

Ayer's Hair Vigor

It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended.

It cleanses the scalp from dandruff and thus removes one of the great causes of baldness. It makes a better circulation in the scalp and stops the hair from coming out.

It Prevents and It Cures Baldness. Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.

It restores color to gray or white hair. It does not do this in a moment, as a short time the gray color of age gradually disappears and the darker color of youth takes its place.

Would you like a copy of our book on the Hair and Scalp? It is free. If you do not obtain all the benefits from Ayer's Hair Vigor, write the Doctor about it.

FRIDAY, JANUARY 27, 1890.

PERSONAL.

A. L. Hill spent Sunday in the city. Geo. Nicholson was in Milwaukee this week.

Ed. Pydell is visiting friends and relatives in Canada.

Mr. John Logan of Gould City, was in the city Tuesday.

G. W. Hill, clerk for the Barker Cedar Co., was in the city Tuesday.

Mr. Witt Seller has gone to Haron county, where he will reside in the future.

Messrs J. E. Holmes, C. A. Fortson, and R. H. Norton of Frankfort, were in the city this week.

Mr. Paetke returned from Marquette Monday evening, where he took his daughter Mary, for medical treatment.

Mr. W. J. Ely of Gladstone was in the city on business Saturday. Mr. Ely is one of Gladstone's foremost citizens.

Nels Olson has gone to McDonald Lake for the purpose of assisting in the removal of the shingle mill at the lake, to this city where it will be utilized by the White Marble Line Co.

J. S. Phippeny, manager of the C. L. Co.'s store, contemplates leaving for the market next week for the purpose of purchasing goods. He will also visit his parents, residing near Grand Rapids, during his absence.

Patrick Miles, in charge of the C. L. Co.'s pull-up near the city, states that an enormous quantity of logs are being put into the river at this point daily. The number will be increased as another train will be put on the road next week.

Captain Fountain, wife and daughter of Seal Choix light and fog signal station, were in the city early this week. The captain brought Mrs. Fountain to Dr. Patterson's hospital for medical treatment. While here, the captain made this office a pleasant call.

BREVITIES.

How busy people do detest loafers. Politics do not pay one man in a thousand.

If you are a smoker, smoke cigars made in Manistique.

Lonsdale cheating sold everywhere at 8c, we sell for 6c at C. L. store.

Layton hams and bacon best that can be offered on the market at C. L. store.

Mrs. Gertrude Orr has sufficiently recovered from the measles so as to resume her position at the postoffice.

We hear it rumored that Anderson & Co. may erect a business block on the corner south of McKesson's office.

Grand Marais is to have a life saving station. The necessary buildings will be erected at the opening of navigation.

Messrs. Burrell and Scanlon who were scorched by the explosion at the Burrell Chemical Co.'s plant last week, are recovering rapidly from their injuries.

Rev. Geo. W. Lamb a former Presbyterian minister of Menominee, now of Oconto, has accepted a call from a Philadelphia church. Mr. Lamb is well known here.

The C. L. Hardware store is closing out its stock of best skates at actual cost. The skating season has but just fairly commenced and it will pay you to call and get prices.

It is rumored that Peter Zimmerman will move his cigar manufactory into the building at present occupied by the Schoolcraft County Bank. The room is to be deepened to the extreme length of the building.

Capt. Joseph Fountain of Seal Choix, speaks in terms of highest praise of Dr. Patterson's ability as a surgeon. The Doctor performed a slight operation upon Mrs. Fountain this week and Mr. Fountain wishes, in this public manner, to praise the Doctor.

A large consignment of red cedar shingles, enroute to the east from the Pacific coast, were transferred from the cars at the car ferry dock this week. The shingles are kiln dried in order to reduce cost of transportation. They only weigh 130 pounds per thousand while the ordinary white cedar shingles manufactured hereabouts weigh nearly 130 pounds per thousand more.

Mr. Hugh Aiken, who was so badly scalded at the time his engine tumbled through the trestle into the river last fall, is not improving very rapidly. To save his leg, Dr. Patterson has decided to resort to skin grafting, and wants five men to volunteer every day for ten successive days to furnish the necessary skin. The volunteers are requested to call at Mr. Aiken's residence between noon and 12:30 o'clock each day.

The Penny Magazine, New York, which is the lowest-priced magazine in America (20 cents a year), and which is owned by Hon. Chansey M. Dewey, the eminent American orator, wants a representative in this vicinity. It is a good opportunity for one of our ambitious young men or young women. Applications should be addressed to the Subscription Department, The Penny Magazine, Temple Court, New York City.

A NECESSITY.

A United Effort of Our Business Men Might Accomplish Wonders.

The canal scheme, the flouring mill, the pulp wood mill, and several other affairs that mean much for the future of Manistique, should interest Manistique business men to such an extent that an organization should be the result.

Only by organization are results accomplished, and the present time seems pregnant with opportunity.

A number of farmers are willing to take a sock in a flouring mill, and with the matter properly handled, a mill would be erected at or near Manistique. The benefits to be derived from such an industry have already been exploited in this paper too often to bear repetition.

A prominent paper company is seeking a location for a pulp mill. It Manistique would be to make a concerted and strong pull for the same the price could be landed, for we have excellent shipping facilities and an inexhaustible supply of raw material.

The much discussed trans peninsula canal may or may not be constructed, yet it behooves Manistique to be on the alert and to be prepared to act in case the scheme becomes a reality.

An organization of tax payers, offered with less than a dozen business men such as Geo. Nicholson, M. Blumrosen, W. B. Thomas, Geo. H. Orr, C. E. Kelso, C. B. Meserve and others that could be named, would be of inestimable value just now.

What think ye of the idea?

Our Annual January Clearance Sale

PERSONAL.

James Richardson was in the city yesterday.

Paul Huischer of Cooks, was in the city Tuesday.

M. Blumrosen returned from Detroit Wednesday evening.

Mr. Donald Ross of Parkington, was in the city yesterday.

Mrs. L. Rosenthal returns from Detroit next Sunday evening.

N. L. Neveaux of Whitehead, was a Manistique visitor Tuesday.

Mr. P. Winkelman contemplates visiting his brother Samuel at Manistique shortly.

Capt. Lossing of the dredge, left this morning for Detroit. He contemplates visiting his farm in Texas before his return next spring.

Mr. Silvers, one of the proprietors of the Democrat, returned from West Superior, Wis., this week where he has been making a protracted stay.

Mr. F. W. Bresse of Milwaukee, representative of the Smith Premier Typewriter Co., was in the city a few days this week extolling the merits of his excellent machine.

Messrs. Borrell of Manvelona, and Burt of Detroit, heavy stockholders of the Chemical Co., were in the city this week. The work of rebuilding the plant is being rapidly pushed.

Mrs. McWilliams returned from Lancaster, Pa., last week where she was called several weeks ago by the critical illness of her son Jack, who is a member of the 35th Mich. Regt. Jack's friends are pleased to learn that he is out of danger. He will be transferred to the government hospital at Ft. Myer, Washington, shortly.

BREVITIES.

The Schoolcraft County Bank will be closed on February 1st, and all business transferred to the Manistique Bank.

Until further notice the Chicago Lumbering Co's general office will be closed at 7:30 o'clock every evening, in unison with the stores about town.

We acknowledge the receipt of an invitation to attend the third annual ball given under the auspices of the Grand Marais Club, given at their club rooms, in the city of Grand Marais on Friday evening February 3rd. This club has done much for the advancement of Grand Marais since it was organized.

JUDGE J. H. RIDGLEY DEAD.

Deceased was a Brother-in-Law of Mrs. W. F. Kefauver, and Died at His Home, Tiffin, Ohio, Tuesday Evening.

Mrs. W. F. Kefauver received a telegram announcing the death of her brother-in-law, Judge Ridgley, at his home in Tiffin, Ohio, on Tuesday evening. Mrs. Kefauver left on the train, Thursday, to attend the funeral which is to be held tomorrow morning.

When she reached Tiffin Lake it was ascertained that owing to the terrible storm, the caferies were not plying on the straits of Mackinac, thus making it an impossibility for her to make connections with lower peninsula roads. She returned to the city last evening.

The deceased and Mrs. Ridgley, it will be remembered, were the guests of Mr. and Mrs. Kefauver for a few days several years ago.

He was about 54 years of age, and was a very prominent citizen of Tiffin. He was a lawyer by profession, and was frequently elected to positions of honor and trust by his fellow citizens. At the time of his demise he was a member of the board of regents of Heidelberg University, and also a member of the board of education of Tiffin.

The bereaved widow and the sorrowing friends and relatives have the sympathy of their friends and acquaintances of this city.

Troyer's reputation as a skater is well known. He has been defeated several times this winter.
