THE WINNERS NAMED

THE PRESENT VILLAGE OFFICERS, WITH TWO EXCEPTIONS, RE-NOMINATED.

PEACE AND HARMONY PREVAILLED.

The Caucus Well Attended and Every Nomination Made by Acclamation.

VILLAGE TICKET.

For President, CHARLES H. MICHERRAET.

For Clerk, THORORE C. E. HOLMBOM.

For Assessor, ROBERT HOLMBOM.

For Treasurer, ANGUS McLEOD.

For Trustees—Full term, MILLER ROSE, AUGUST AHLSTROM, SHERMAN McNEIL.

The Republican village caucus was held as per call, on Saturday afternoon of last week at the court house. The attendance was large, considering the fact that no contest for any of the nominations was on.

Committeeman Bronson called the caucus to order and stated the objects for which the caucus was called. He was then elected chairman of the caucus.

Edmund Ashford was elected secretary and V. P. Chappal and W. T. Loranger were appointed tellers. The officers were then sworn by C. E. Kelso, a notary public.

Motion prevailed that the caucus proceed to nominate a candidate for village president. C. B. Mersereau was renominated by acclamation. Theodore C. E. Holmbom, was renominated village clerk in the same manner.

Robert Holmbom was proposed for assessor, and was unanimously elected.

Angus McLeod was the unanimous choice of the caucus for village treasurer.

Miller Rose and August Ahlstrom were unanimously renominated as members of the village council, and Sherman McNeil was nominated to represent the West Side to succeed W. L. Middlebrook.

The following village committee was elected by acclamation: M. H. Quick,

Ed. Ashford and Geo. E. Holbein. Miller Rose made a motion to the effect that as the ticket just nominated would have no opposition at the polls that Chairman Bronson should declare it duly elected. The ticket is an excellent one, and will be as unanimously elected as it was nominated.

GOLD IN SCHOOLCRAFT COUNTY.

A Vein of Quartz, Richly Impregnated With Gold, Discovered in This County Recently by William Clemmons.

Mr. Clemmons is showing a sample of quartz which he found last Autumn. The sample is strongly impregnated with gold and the result may be a paying gold mine. The vein is quite wide and jets from the side of a declivity.

As soon as the snow is melted Mr. Clemmons will secure a quantity of the ore and send it to an assayer. He is naturally very reticent as to the location of the vein, but judging from the sample it will be a paying proposition.

PERSONAL.

Mr. F. H. Peters returned to the city Wednesday afternoon.

Mr. J. D. Koplar of Hiawatha township, was a pleasant caller Tuesday.

D. D. Fountain of Garden, was a pleasant caller at this office Wednesday.

Miss Lillian Fitch has returned from the west and is visiting relatives and friends in this city.

Jared Stauffer, a prominent citizen of Gernfask township, was in the city this week. He called at this office.

Gustav Lash, who has spent the past six months in Jack Smith's camp, came down this week. Gustav's friends are pleased to see him.

Mrs. E. D. Beeson and two daughters, who left for the south two weeks ago did not get farther than Chicago. They are all sick, Miss Bartha seriously so.

Samuel Musselman, one of Gernfask township's prominent citizens, was in the city this week as a witness in the Pangborn case. While here he made this office a pleasant call.

Think Of It! A Gold Vein 800 Feet Wide

4 lb. Nugget Found Last Week. Larger One Week before. At 70 feet deep

If the vein were only 2 feet wide it would pay to mine, but instead of being 2 feet it is 700 feet wide at that depth. 100 stamps will be working on this plant before next July. It will pay a dividend of 25 per cent on the par value of \$1.00 before the year is up. Only a limited quantity for sale at 20c a share. My advice is buy at once. 2000 Shares Golden Star at \$1.00 a share. 1000 shares at .50 a share. These 3 mines are the best in Canada and under control of Americans. . . . I Have These Shares for Sale.

A SATISFACTORY TEST.

MANISTIQUE NEW STEAM FIRE ENGINE SEVERELY TESTED TODAY.

RESULT EXCEEDED EXPECTATIONS.

A Steam Was Thrown 140 Feet From A 700 New Standard 1000 Feet of Hose. The Waterous Engine ordered by the village council some time ago arrived in the city yesterday and was tested today. Mr. Waterous, manager of the Waterous Fire Engine Co., and an experienced engineer, W. M. Gibson, assisted by James McAllister, had charge of the engine during the test. Mr. McAllister, who has had much practical experience with steam fire engines had charge of the throttle and he gave the mechanism of the engine such a test as he, who knows how, is able to give; and is very enthusiastic over the result of the test.

That the engine in question is a rapid "steamer" it is only necessary to state that 300 pounds of steam was raised in 7 minutes from a boiler filled with cold water.

The test proper was held near the C. L. Co.'s mill. The engine was worked under high pressure for about two hours. The water pressure was maintained at 250 pounds, and a stream was thrown 140 feet in the air through 1000 feet of hose. During the latter portion of the test two streams were thrown simultaneously, one over the C. L. Co.'s barn, the other over the Company's three story boarding house, each stream passing through 300 feet of hose.

One feature that commends the Waterous engine is its phenomenal steaming qualities. It responds to fuel as promptly as a well bred horse responds to the lash.

The engine was then utilized in testing Mr. McAllister's theory of capping wells. The well in front of this office was the first one tested. For nearly ten minutes a steady flow of water was secured with the engine working at its best. Two streams were then thrown but it was apparent that the flow could not be maintained. The pressure was reduced and a steady stream was the result. The well on Walnut street was, also tested. Mr. McAllister says that he can remedy the defect so that an inexhaustible supply of water may be secured from any of the wells about town.

The test given the engine was severe. It was not handled with kid gloves, and in every possible manner it came up to the representations of Mr. Waterous and to the plans and specifications furnished the council at the time of the purchase.

Mr. Waterous had many friends here prior to the test of the engine. He has more now than he had before the test. The village made no mistake in purchasing a Waterous engine.

While the engine is not a large one—weighing only 3300 pounds yet it was demonstrated by the test that water can be thrown over any building in the city. Its light weight commends it for towns of this size where the roads are not the best.

A break in the hose revealed the fact that the company from which the village had purchased its hose had substituted an inferior quality to that ordered. The interior of the hose was corrugated instead of smooth

Believe cold weather prophets. They can hardly miss it.

There can be no growth made by standing still. The Republican party can only be kept in power by continual action.

It isn't a day to early to begin to advertise spring goods. If you have the goods in your store invite the people to come in and see them.

A sixteen year old girl can't understand how a woman can learn to love a "mug" that has no hair and bites with store teeth. The 16 year old girl has lots to learn.

Everyone's past is a graveyard of mistakes and dead opportunities, silhouettes the man who was imported to buy mining stock a year ago at 5 cents a share,—stock that is now worth \$1.00 a share.

Col. Henry Watterson, the brilliant editor of the Louisville Courier Journal, says that if Bryan is re-nominated again next year on the old platform, nothing more can be done than to close the open grave and to plant some flowers above the last remains of the Democratic party.

Every Republican admires President McKinley. He is one of the staunchest believers in the thorough and complete organization of Republicans and Republican sympathizers in every district, township and city. The opponents of our president will make a vigorous fight to defeat him. They can be stopped by organization. Begin now!

The undoing of the Republican party in any community can be traced to those Republicans who don't believe in party politics in city and township elections. It is right and proper to fight for your party in small matters as in large concerns. The offices themselves are of no great value, but Republican rule, Republican organization, is of the greatest importance.

That display of gingham at the C. L. Co.'s store this week will please you.

BREVITIES.

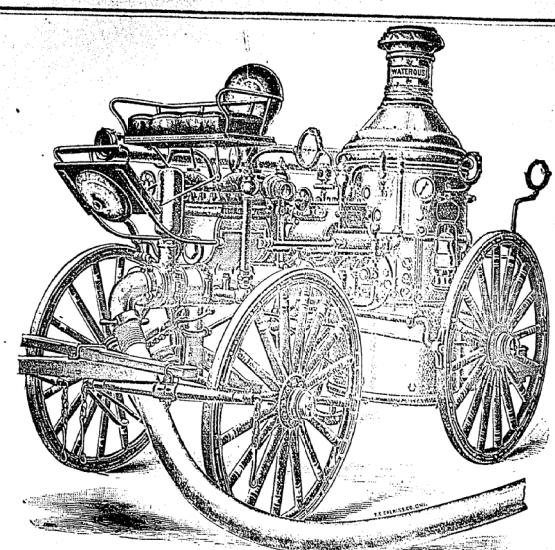

Mr. N. B. Jones, special agent of the American Insurance Co., was in the city yesterday.

Call at the C. L. Co.'s store this week and get prices on that fine line of children's blouses and shirt waists.

The Manistique Bank received a telegram yesterday from an Eagle River, Wis., stating that "Robert Dunsen is dead." Family lives between Manistique and Grand Marais. The person in question is unknown here.

Mr. J. C. Welles of Black River, has accepted the position of manager of the grocery department of the C. L. Co.'s store. Prior to coming here Mr. Welles was in the employ of Alger, Smith & Co. His family will join him after the opening of navigation.

The National Protective Legion held a largely attended meeting last Wednesday evening. Four persons were elected to membership and four were obligated. The committee on entertainment served ice cream and cake at the close of the session. This order is growing at a rapid rate, and is deserving of prosperity for it does what it agrees to do in every case.

ST. PATRICK'S DAY ENTERTAINMENT.

For the benefit of St. Francis de Sales Church, at the Opera House.

An entertainment will be given at the Opera House next Friday evening under the direction of Rev. J. F. Kunes, Prof. McKie and L. Neumann. An excellent program has been prepared for the occasion. Very Rev. Father Mullane, Superior of the Fathers of the Holy Redeemer, of St. Louis, will deliver a lecture. He is a very eloquent speaker and his lecture will be worth the price of admission alone.

CHARGED WITH ASSAULT AND BATTERY.

Paughorn Hines of Germfask, Arrested on the Charge of Assaulting James Stone.

Jessie and James Paughorn were arrested Monday by Sheriff Ekstrom and under Sheriff Ross, on the charge of assaulting James Stone at Germfask on Thursday of last week. Their preliminary hearing was to have been held Wednesday afternoon but owing to the snow arrival of a few witnesses the case was adjourned until this morning.

The facts in the case are practically these. The Paughorns borrowed some dishes from J. L. Newberry's store last night. Last week the Paughorns settled with Mr. Newberry for their winter's work, and packed up their goods preparatory to leaving town. Jas. Stone, Newberry's clerk, insisted upon the return of his employer's property. While at work assisting in the unloading of freight at the Dump Mr. Stone was suddenly attacked by Jesse Paughorn and severely beaten. His brother stood by to see that no one would interfere. Stone is a quiet, inoffensive man and no match in strength for his aggressors.

Mrs. J. B. Lewis and Miss Gerner left for Chicago last Saturday afternoon for the purpose of becoming conversant with the spring styles in millinery.

Mrs. Bentley and son returned from Rogersville, Mo., last week where she spent three months with friends and relatives. Mrs. Bentley speaks very highly of the country, climate and people, and thinks that Missouri is an ideal state to live in.

Rev. J. F. Horan returned from the west Tuesday morning, where he spent several weeks. While absent he visited Minneapolis, Omaha, Hastings, Neb., Denver, Leadville and Colorado Springs. He encountered a great deal of snow in the vicinity of Leadville.

Mr. William Shampine and Miss Lilla Lefriniere were married by Rev. Fr. Kunes at the St. Francis de Sales Church Tuesday morning of this week. A wedding dance given at Frank Mullen's hall, Whiteside, in the evening was largely attended by the friends of the contracting parties.

BREVITIES.

Jas. L. Newberry of Germfask, was in the city Monday.

Born to Mr. and Mrs. James Arkwood a son, Wednesday of this week.

Car ferry No. 1 was in port Wednesday morning. No trouble was experienced in reaching the dock.

A civil engineer has been making a preliminary survey for the Manistique Railroad Co. between Germfask and Hunts Spire. Active operations will be commenced on the line in June and the road will be constructed during the summer. The estimated length of the road will be sixteen miles.

Another illustration of the hardships resultant from the baneful effect system occurred in Manistique this week. A business man was forced temporarily it is hoped to close his place of business this week because he was unable to raise a paltry hundred or two dollars to replenish his stock. This seems doubly hard because he has book accounts that aggregate nearly \$5000.00. When he needed money those indebted to him failed to respond and he had to close shop.

J. W. Knigwies was in the city Tuesday.

The bill for the village election are being printed at this office.

Mr. Oliver Hart left for Waukesha, Wis., yesterday afternoon where he will remain a month.

Mr. C. E. Kalso was confined to his house for several days this week on account of the leg injury.

C. A. Childs left for Waukesha yesterday. He will visit Milwaukee and Depere, Wis., before his return the fore part of next week.

The Soo Line officials deserve commendation for making the village of Manistowick a present of the freight charges on the shipment of the fire engine from St. Paul. The village was saved a handsome sum.

Poor Commissioner Parker meets some very funny people in his official capacity. Recently a family living at South Manistique appealed for aid. He investigated their condition and ascertained that they had money in the local bank; also a handsome amount in a \$500 savings bank. Last but not least, they own 100 acres of farming land in the vicinity of Toronto, worth \$80 an acre.

MANISTIQUE, MICHIGAN, FRIDAY, MARCH, 11 1909.

\$1.50 PER YEAR.

THIRTY-FIFTH WILL BE HOME BY APRIL 1.

All of the Enlisted Men and a Majority of the Officers Glad to Quit.
(Detroit Journal.)

The dispatches in some of the Detroit newspapers stated that the Thirty-fifth Michigan men were disappointed when the muster-out order was received, as untrue. As stated in the Journal the enlisted men of the Thirty-fifth are unanimous in their desire to return home, and the actual muster-out cannot occur too soon to please them. And a majority of the officers of the regiment are ready and willing to call quits.

The absorbing question with the men is when will the regiment be returned home. Col. Irish said this morning the men would probably be home by the 1st of April, as predicted in the Journal several days ago.

As a result of the protest from the officers and men against Mr. Pngree's proposal to have the regiment return to Michigan to be mustered out, the governor wired Col. Irish last night stating he had wired the war department withdrawing his request for the regiment's return to Michigan.

At the last drill Col. Irish placed first sergeants in charge of battalions and he is well pleased over the manner in which they handled their men. He said this morning that no idea was given them as to what movements he would put them through, and that they handled the regiment in fine shape.

Resolutions of Condolence.

The following resolutions were adopted at a meeting of Duluth Tent, No. 22, K. O. T. M., held Wednesday evening, March 6, 1909.

WHEREAS—The Supreme Master of the Universe has seen fit to remove from this earth the wife of our esteemed brother, Sir Knight, H. S. Allen.

WHEREAS—That in her death we have lost a true friend and her husband and upright and loving wife.

RESOLVED—That these traits of character which have endeared her to us and to all who knew her are worthy of emulation.

RESOLVED—That our Tent extend to the grief-stricken husband and family our heartfelt sympathy in his bereavement.

RESOLVED—That these resolutions be engrossed on the records of the Tent and a copy of the same be presented to the husband of the deceased, also a copy to the village papers for publication.

DEER KILLED BY WOLVES.

Great Destruction Reported in the Upper Peninsula.

Game Warden Osborn in his monthly report to the secretary of state, says there were the usual violations of the game laws during the month, and the department has instituted 34 prosecutions, 16 of which have resulted in conviction, three in acquittals, one in dismissal, and 14 cases are now pending.

Great destruction of deer by wolves in the upper peninsula is reported. The snow is heavily crusted and the wolves do not break through while the contrary is the case with the deer, and it is feared large numbers have been destroyed.

The extreme cold weather has been extremely hard on quail, partridge and ducks, and ducks which have been accustomed to winter in Michigan died by hundreds, and were even driven to the streets of towns in search of food. They perished in large numbers. The intense cold caused waters that are ordinarily open and furnish a feeding and resorting place for ducks, to be covered with ice. Such waters as were not frozen were visited by immense numbers of ducks, attracting hunters and tempting them to violations of the law for which several arrests have been made, and more are likely to follow.

The warden felicitates himself upon the prospects that the present legislation will not remove any of the protection with which game is surrounded in the state.

GOULD CITY ITEMS.

Remember the cap social Saturday.

Fred Orr of Manistique, was in the city Tuesday.

SYNOPSIS

Master Ardie, just reached his majority and turned upon his own resources...

CHAPTER XXI.—CONTINUED.

"Pray take no thought of it," I said, "I'm a Christian and Englishman, and that should be enough to warrant what we may do in this affair."

"Why, that is an English name, and the captain told you your mother was English..."

"I returned to her with the news accordingly, and had the great satisfaction of finding her as rejoiced and heartened as I had anticipated..."

"I did not wait for a second look, but bawled out, as though I had been at the direction of the captain..."

"I suppose," said Mr. Tyn, speaking with that composure which scarce ever crossed him...

"You were wrong," I said, "I am a Christian and Englishman, and that should be enough to warrant what we may do in this affair."

"We now thought it time to signal, and the captain tore off the senior's canvas curtain and fixed it to the end of an anchor..."

"I was in a hurry to get to my berth, but I was not to be hurried..."

"I returned to her with the news accordingly, and had the great satisfaction of finding her as rejoiced and heartened as I had anticipated..."

"I did not wait for a second look, but bawled out, as though I had been at the direction of the captain..."

"I suppose," said Mr. Tyn, speaking with that composure which scarce ever crossed him...

"Are you English?" he said in a blunt, unrefined fashion. "To my surprise he spoke in that language..."

"I was in a hurry to get to my berth, but I was not to be hurried..."

"I returned to her with the news accordingly, and had the great satisfaction of finding her as rejoiced and heartened as I had anticipated..."

"I did not wait for a second look, but bawled out, as though I had been at the direction of the captain..."

"I suppose," said Mr. Tyn, speaking with that composure which scarce ever crossed him...

ONE VAST WHEAT FIELD.

Prince Albert, Sask., Aug. 17, 1910. William McCarty, Esq., Immigration Commissioner, Winnipeg, Man.

Sir: We, the undersigned delegates from Kansas and Nebraska, U. S. A., in reporting the results of our trip to Dauphin, and subsequently to Regina, Prince Albert and the middle Saskatchewan region, beg to say that our tickets were limited to 21 days, and as we had other large regions to visit, we could only stay a short time in Dauphin...

"Only the First Step is Difficult."

The first step in Spring should be to cleanse Nature's house from Winter's accumulations. Hood's Sarsaparilla does this work easily. It is America's Greatest Spring Medicine. It purifies the blood, as millions of people say.

It makes the weak strong, as nervous men and women gladly testify. It cures all blood diseases, as thousands of cured voluntarily write. It is just the medicine for you, as you will gladly say after you have given it a fair trial.

Blood—At least 70 years of age, I am thoroughly well. It was three bottles of Hood's Sarsaparilla that made me so after spending over \$20 in medical attendance. My blood is now as fine as my child's. Mrs. L. M. A. MOORE, 1042 East 13th St., Detroit, Mich.

Hood's Sarsaparilla NEVER DIES. It is the only medicine that will cure all blood diseases. It is America's Greatest Spring Medicine. It purifies the blood, as millions of people say.

There's Only One Standard of Quality in Athletic Goods—'Spalding.' Accept no substitute.

Nick Grelson, who spent the winter at camp 33 has returned to the city.
The interior of the C. L. Co.'s hardware store is being repainted this week.

The annual report of the treasurer of the village of Manistique appears in this issue.
Angus McLeod sold another Rambler bicycle this week. John Gallagher purchased same.
L. M. French, treasurer of Germfisk township, settled with the county treasurer Wednesday.

The Ladies Aid society of the Presbyterian church, will meet at the church parlors next Wednesday afternoon.
Sheeting in all widths; table linen napkins; in fact everything in house furnishings can be found in our immense stock. Blumrosen Bros.
Mr. Buchstein of Chicago, has accepted the position of head clerk at Winkelman's store. He is an experienced clerk, and speaks four or five languages.

The Lord's Supper will be observed at the Presbyterian church next Sunday morning. At that time a number of new members will be added to the church membership.
Col. G. A. Ford, one of the participants in the battle of Manila Bay, is delivering lectures throughout the upper peninsula. Why can not he be secured for Manistique?
Ontonagon county has a bright future in store. The copper boom has worked wonders for it. The old time residents of the county who have stood by the county through thick and thin are about to realize a full measure of prosperity.

Miss Tillie Belongue left for the state of Washington Monday evening. Mr. Al Whitford now located in that state will meet her at Seattle, and a wedding will then be held in which Mr. Whitford and Miss Belongue will be deeply interested. They have many friends in this county who wish them every possible kind of prosperity and happiness.

WITH INCREASED CAPACITY
THE ELECTRIC LIGHT PLANT TO PASS INTO THE HANDS OF A STOCK COMPANY.
A Company will be Capitalized at \$25,000. New Machinery to be Purchased and Water Power to be Utilized.
During the autumn of 1897, James A. McAllister, after having carefully considered the matter in all its phases, decided that the operation of an electric light plant in Manistique would be a paying proposition. He experienced a deal of trouble in convincing the village council that it should be built. The Scotch singleness of purpose would not take no for an answer. Finally the village granted him a franchise, and work was at once commenced upon the plant. In the spring of 1898 the plant was completed. The plant in question seemed sufficient to supply the want of the community. Mr. McAllister's capital being limited, he, four months after the plant was installed, interested Mr. Fred Miller of Thompson, in same and Messrs. McAllister and Miller have concluded some other thing.
Radical improvements calling for machinery of increased capacity are in contemplation and in order to make same it has been deemed proper to organize stock company with ample capital to make the needed changes and to place the institution on a solid financial basis.
The capacity of the plant will be troubled and same will be removed to the river where ample water power may be utilized. The increased plant with the contemplated power can be operated at less expense than it requires to conduct the present plant.
Representative citizens are becoming interested in the new idea. Mr. Benj. Gero has been selling the stock which finds a ready sale. An organization will be effected within two weeks. Mr. McAllister will remain in the company.

INCREASED SCHOOL FACILITIES.
The question of an addition to the High School Building is being discussed by the School Board.
We are informed that the question of adding to the present school facilities of Manistique, is being discussed by the board of education, and that at the next meeting of the board, plans for a six room addition to the high school building will be presented.
Dr. Down, a member of the board, has secured a petition largely signed by tax payers, asking the board to do something in the matter.
Manistique's present high school building is too good a structure to abandon for an entirely new building. Some are in favor of an entire new building. This would be a wasteful expenditure of public money at the present time.
The idea of building an addition upon the plan that would permit of the replacement of the old building with a new one in the course of time would appear the most sensible.
A six or eight room addition is an urgent necessity. Manistique's school facilities have not been keeping pace with the increase of the school population. Rooms about town, some good, bad and indifferent, have been pressed into service, to accommodate the overflow.
If Manistique makes the same progress in the future as it has in the past, a modern brick building, containing a department of manual training, a gymnasium, etc., will be a necessity within twenty years. But for the present, an addition of generous proportions, as proposed, will suffice.

Come North to Get Warm.
Mr. and Mrs. A. S. Putnam returned from South Carolina last Saturday, where they had spent the greater portion of the winter. The weather was very fine during a portion of their stay, but the severe weather during February outwined the south in its tentacles also. Mr. Putnam says that while the weather was not severe at any time he felt it keenly owing to the fact that Southern homes and hotels are not arranged in such a manner as to combat the cold. It is cold so seldom there that stoves are an unknown quantity. He spent a week with the soldier boys at Camp McKenzie, and reports that "our" boys are now seasoned soldiers and would be able to give a good account of themselves in a brush with the enemy.
He says that as a rule the Southern people are very sociable, and that the only remark that grated upon his ears as a Northern man, were uttered by the young white loafers who hug the delusion that if there had been no war they would all possess beautiful plantations and niggers galore. They blame the north for their ill luck and poverty. The older and respectable element of the whites have become reconciled to their fate, and making the best of their condition, and express no resentment toward their northern brethren.

A MODEL OFFICIAL.
Geo. Anderson, Township Treasurer, Makes a Very Good Showing, and Deserves Re-nomination.
The 1898 tax roll for Manistique called for the collection of taxes to the amount of \$30,201.10. Of that amount Mr. Anderson collected \$29,093.15 and returned \$3,027.25 as delinquent. This is the best showing ever made by any treasurer of the township. Mr. Anderson has proven himself a good collector as well as a conscientious and painstaking public official. He is an aspirant for re-nomination, and should have no opposition.

NICHOLAS G. POLLY.
Formerly of this vicinity, who, as a member of a Washington regiment, was severely wounded during a recent brush with "Yankee" at Manila.
Prompt Re-nomination.
The officers of the local A. O. U. W. lodge received a check for \$2,000 yesterday morning payable to Mrs. John Nolan. The amount is in full payment of a policy held by the late Mr. Nolan in the order above mentioned. As there was no assessment in the order last month the payment of the claim was not paid as promptly as it otherwise would have been. This little incident again shows the wisdom of carrying insurance. With orders in existence such as the A. O. U. W., Maccabees, Woodmen of the World, National Protective Legion and others we could name, that furnish safe and reliable insurance at actual cost, it is almost criminal for a man of family to get through life without life insurance.

UNANIMOUS AT GARDEN.
William Bonifas Will be Re-elected Village President. A Union Ticket in the Field.
At a union caucus held at Garden Monday last week the following excellent ticket was placed in the field:
President, William Bonifas.
Clerk, Geo. Marsil.
Treasurer, Prof. Deloria.
Trustees, Theodore Hazen, George Wood and Herbert D. Hawley.
FATHER HIS APPOINTED.
Temporary Successor to the Late Bishop Vertin.
Father F. Eis of Crystal Falls, has been appointed by Archbishop Katzger to serve as administrator of this diocese until the Pope appoints a successor to Bishop Vertin. Former Bishop Mark was first appointed, but he declined because the work was too hard for one of his extreme age.
Lake Superior Presbytery.
The spring meeting of the Lake Superior Presbytery will be held in the Presbyterian church at the 309, opening Tuesday evening, April 11, with a sermon by Rev. A. C. V. Skinner of Menominee. The Woman's Missionary societies of the Presbytery will hold their annual meeting at the same time.

The social in question will be given at the residence of Mr. and Mrs. J. E. Strong this (Friday) evening. Something new in the social line. Attend. Refreshments will be served.
Deserves Re-nomination.
Mr. Carl Knuth, who has ably filled the position of highway commissioner of Manistique township during the past two years, is a candidate for re-nomination. He has via a good careful public official and not valid reasons why he should not be given another term can be advanced. We predict his re-nomination and election.
