MANISTIQUE'S FIRST NATIONAL BANK.

Has been organized with a capital of \$25,000.

We are in receipt of a letter from Congressman C. D. Swiden in which he informs us that our charter has been granted by the Comptroller of the Currency to "Wm. S. Crowe and associates to organize the First National Bank of Manistique" with a capital of \$25,000.

On inquiry we find that the papers were received this week, and the organization about completed, but a few shares remaining to be sold.

We make the following names on the board of directors: J. Blumenson, A. S. Putnam, Harry Rose, Will Crowe, V. I. Hixon.

The stock is being placed with the most conservative business men of the vicinity.

The new currency bill which was passed by Congress last March gives the national banks many advantages which they have not had previously. It reduces the tax on circulation from 1 to 3/4 per cent. on notes—small against the new 2 per cent., bonds, and allows them to take out circulation to the full par value of the bonds instead of 90 per cent. as heretofore.

On account of the added privileges given national banks on the new law, it was decided by the parties interested in the City of Manistique that they would take advantage of it when it passed.

We predict for the institution an unbounded success from the start.

An Arduous Party.

An annual pilgrimage to their father's fields in the vicinity of "One Mile Lake" was made today by about forty ladies who were the guests of Mesdames Washburn and Rogers. As per invitation, the "cousins" called early in the morning and the caravan left town on school a time. While the day was not an ideal one for gathering the fragrant flowers yet no doubt the event was highly enjoyed by those participating for Mesdames Washburn and Rogers are past-masters in the art of entertaining.

Another Double Date.

On last Tuesday evening President Crane appointed Dr. R. W. as health officer of the village, and the appointment was confirmed by a majority vote of the council. Yesterday, G. W. Danton, attorney for Dr. Malngren, Rains's predecessor, formally "kicked" up on Rains's appointment, claim-

ing that the meeting at which he was appointed, was not legally called. Through his attorney, Malngren, complains that he is the health officer, and Dr. Rains has qualified. Malngren has two health officers. No doubt there is sufficient work for two such officers as the work has been woefully neglected in the past, without adding that the salary is sufficiently large to deserve a little effort in earning the stipend. However, the law does not anticipate the paying of two officers and the final outcome is awaited with interest.

Mrs. Wallace Weston Dead.

Mr. T. B. Mereson received a telegram Wednesday from Wallace Weston Jr., announcing the death of Mrs. Wallace Weston Sr., at her home in Weston Mills, N. Y. The deceased was about seventy years of age, and had many friends and acquaintances among Manistique's New York state contingent, and was highly respected by all knowing her.

WANT INCORPORATION.

The question of incorporating Manistique as a city being revived.

A number of the business men and tax payers of Manistique are advocating the incorporation of Manistique as a city. There are several arguments in favor of the idea. Two of the principal ones are the increased representation the town would have upon the board of supervisors and the reduced taxation that would be the result of divorcing the town from the township. To all intents and purposes Manistique is a city except in name and plan of government.

In Honor of Mrs. Naugle.

Mrs. E. D. Benson gave a party in honor of her guest, Mrs. Naugle of Gladstone, last Friday afternoon. Those invited were asked to bring along their sewing. Later in the afternoon a game on "a penny for your thoughts" monopolized their attention. Elaborate refreshments were served. Mrs. J. M. Sattler assisting Mrs. Benson in serving. Those present were:

Mesdames Branch, Sattler, LeRoy, McKinney, Holbein, Simmons, Mereson, Ross, Childs, Farley, Hornbeger, Pattinson, Ashford, Rose (H.), Winn, Orr (G. R.), and Brooks.

The Census Enumerators.

Col. Robert J. Bates has appointed the following enumerators for Schoolcraft county:

John Gayer, Manistique township;

A. C. Rockwell, Hiawatha township; E. A. Horvath, Harrison township; W. H. Wood, Doyle township; Enoe M. Stuart, G. Gerstka township; Geo. J. Zimmerman, Sney township; Thompson and Leonard townships have been consolidated into one district and the enumerator has not been appointed as yet.

The appointments give general satisfaction and the work in Schoolcraft county will be well done.

MRS. MILLER ROSE DEAD.

Her Death Occurred This Morning After a Long and Painful Illness.

The death of Mrs. Miller Rose occurred shortly after ten o'clock this morning. The deceased was stricken with consumption a year ago and that disease was the cause of her death.

Jennie L. Williams was born in Tompkins, county, N. Y., on April 10th, 1833, and was married to Mr. Miller Rose at Bithon, N. Y., on June 2nd, 1853, by Rev. G. W. Ginnaler of the First M. E. church, of that city, and came to this city a few days later, residing here until her death.

She leaves a father, mother and three brothers, a husband and two children to mourn her loss. The parents are Mr. and Mrs. Harrison H. Williams of Lake Ridge, N. Y.; the brothers are Isaac T. of Lake Ridge, and Ward R. and Willis R. Williams of Tompkins, N. Y. The children are Mabeline, born in 1873, and Herbert Harrison, born in 1876, and Lulu Alice, a step-daughter, sixteen years of age.

The deceased was distastefully a home body and was universally esteemed by all knowing her. She was a consistent member of the Presbyterian church and was faithful in her attendance. Although her death was not unexpected yet the news of its occurrence came a real shock to her many friends.

The bereaved husband and family have the sympathy of all in their bereavement.

The funeral services will be held Sunday afternoon; from the home at 1:30 o'clock, and from the Presbyterian church at 2 o'clock, Rev. Branch will officiate.

The regular meeting of the Eastern Star occurs tomorrow night, May 5th. Chapter will be opened at 7:45 o'clock for the transaction of regular business, followed by initiation and refreshments.

The foundation for the Peterson block is being constructed.

A Conundrum.

Generally Speaking... What is it?

THE answer apparently has nothing to do with the hardware business, but we have a great deal to do with it, and if you are after the slightest dollar you will as earnestly seek our lamp shades and nice coats as for the answer to the above conundrum.

Spring renovations are in order now, and our "Ready Mixed" paints will assist to beautify your home. We carry a full line of stains, varnishes, grays, oils, and all painter's supplies. Try Diamond Wall Paper.

C. L. CO.'S HARDWARE,
A. M. LeROY, Manager.

P. S.—The answer is "A Woman." Is not generally speaking? Our goods are also speaking for themselves all the time.

We Challenge Comparison

We invite it; we want it; we will haul it in by force, if necessary, in order to get it. We like to see people who really know goods come to visit us; we always hold them. The Secret of Steady Growth of business is to be able to stand comparison by being better than others, and seeking to deserve patronage. By following this plan our business has shown rapid growth since January 1st, having the same months of 1899 by a large percentage. Such prices as these are great trade winners:

Ladies' light or dark wrappers, 48c	Men's Blank or Blue Cheviot, Square cut quality, here only \$2.50 quality
Ladies' Black Hose, ready to wear dress shirts, 47.25	All our fine serge suits, any style, only \$7.25

REPUBLICAN STATE CONVENTION.
To the Republican Electors of the State of Michigan.
The state convention of the Republican of Michigan is hereby called to meet at the Hotel Grand avenue Detroit, Michigan on Thursday, May 10, at 12 o'clock noon for the purpose of nominating fourteen delegates to the national convention of the United States, and electing four delegates at large and four alternates to the national convention to be held at Philadelphia, Pennsylvania, June 19th. Each congressional district will elect two delegates and two alternates to the Republican national convention to be held at Philadelphia, Pennsylvania, June 19th. The state central committee and their members thereof from each congressional district, and the transmission of such other business as may properly be brought before it.
SHERMAN R. DUNDON, Chairman.
HARRY A. SHERMAN, Secretary.

EDITORIAL COMMENT.
The stamp books are a very convenient innovation.
The best investment a man can make is to pay his debts.
Starting from Manistique one can land in Paris in eight days.
This would be a pretty good world if men would hold their temper as long as they hold their spite.
A Manistique woman says that a loafer is worse than a thief because he steals his own time and the time of others.
Charles R. Slight the silver party's candidate for governor in 1896 says that silver cannot be made the paramount issue this year.
The editor of the Ishpeming Record was assaulted last week. He would have been justified in using his assailant for a target.
George Cleveland is getting back on earth again. The mention of his name is being cheered in many a Democratic convention.
The worst enemies the legitimate newspaper men have are the little petty, 22 short politicians who want papers to do their dirty work.
It is announced that Luce county has elected two Stearns delegates to the coming state convention. They are Messrs. J. C. Foster and Dr. Boha.
"State Affairs" is the name of a new political periodical that has made its appearance recently. It is published at Detroit, and the initial number is bright.
The Manistique Pioneer-Tribune, one of the best papers in the peninsula, is old enough to vote. The paper has enjoyed a vigorous growth since Editor Holbein assumed control.—Iron Mountain Press.
Fuller, Baker, Ditcher and Hoff man have thus far been mentioned as candidates for the senatorship. Fuller has many friends in Schoolcraft county that would be pleased if he should secure the nomination.
It is a good time to clean up your lawns and door yards. No man is wholly bad who keeps his house, fences and lawn in repair. No man can hope to get to heaven who neglects this duty to his neighborhood and his town.
Seventeen carloads of cotton cloth comprised a single shipment from Alabama City, Ala., last week, destined for China. This sort of news explains why the South is not in sympathy with Mr. Bryan upon the expansion matter.
We will be pleased at all times to receive any suggestion from the business men and property owners; or any other citizens who have the welfare of the community at heart, information or items that will be of interest and benefit to the city and district.
Mrs. Dewey says that she had nothing to do with tempting the child to run for president. Probably if Mother Eve could be interviewed she would deny that she had anything to do with persuading Adam to engage in that horticultural enterprise.
Our contemporary, the Democrat, is evidently not in favor of foreign missions. It says:
"This business of the country being coerced into all sorts of trouble by fanatical religionists should come to a quick end. Missionaries who go out to convert their religion, whatever it may be, to nations who do not want it, should be given distinctly to understand that the government is not to be expected to rescue them from the natural consequences of their own imperinent intermeddling and venturesome foothold."

IF WILLIE AND OSBORN.
The effect of the supreme court's recent decision in the Wabash railway case is thus viewed by the Detroit News:
"Railroad Commissioner Osborn's gubernatorial honor got quite a boost from the supreme court yesterday when that body handed down a decision favorable to the contention that the last report of the Wabash railroad shows earnings which bring it within that provision of the act requiring that, where the income of a passenger train amounts to more than \$250,000 a year, it shall be operated as a public utility and shall be subject to public control and regulation."
The Manistique Democrat says that Gov. P. McCallum's candidacy for the governorship of Michigan, of course, the Democrat would naturally prefer the election of one of our own people, at all events, we breach no propriety by expressing candid admiration for Mr. McCallum's ability. For he, as it cannot be gainsaid, is by well established republican usage, he is entitled to the endorsement he is said to desire."

For he, as it cannot be gainsaid, is by well established republican usage, he is entitled to the endorsement he is said to desire."

A rural literary debate near Mountain Grove, Mo., last Saturday night the subject "Resolved, That Democratic Principles are Contrary to the Laws of God" was handled in the affirmative by William Finch in such a manner that a negative debater hurled a chair at Finch's head. The chair struck one of the judges, dislodging three of the teeth. This so enraged the judges that they closed the contest summarily, giving the affirmative side the decision. A general fight ensued, in which one suffered his nose broken, another a fractured rib and two negative debaters sustained broken legs.

SKETCHES OF THE DELEGATES.
Murray M. Duncan of Ishpeming is agent of the Cleveland Cliffs Co., one of the largest iron mining concerns in the business. He has resided in the district only three years but has rapidly become popular with his party by reason of his royal good manner, as well as by the prominence attaching to his position. He is lately home from the South, where he went several weeks to get relief from a rheumatic trouble, and returns greatly benefited by his rest and treatment.
T. F. Cole of Ironwood is well known to the voters and people of the Upper Peninsula. He is a native of this portion of Michigan, so during his earlier business training in the mining offices of Houghton county. He has gradually risen in the business scale until he now represents the greatest company of iron miners in the world, he being superintendent of all the mining properties of the Oliver Mining Company, closely allied to the Carnegie Steel Company. He is an unerring worker in his party's interests, and deserves the honor the convention conferred upon him.—Mining Gazette.

THE VILLAGE COUNCIL.
Did it ever occur to you Mr. Business man that down at the council room about once a month or eleven or seven of your fellow men sit up half the night (to say nothing of weary and weary between times) to look after your business? If it isn't your why do you kick when it goes wrong. It is yours and those men are looking after it because they are good citizens to decline their duty. There is no money and they are doing of praise in what they do. Why don't you try and attend a council meeting once a month, or once a year and show them that you are really interested in their efforts to make this a good town. It is your good opinion they care for, your business they are doing and you might sit up one night and thus express your appreciation. Try it.

COULD YOU GET THEM?
Hon. Chase S. Osborn, editor of the Soo News, who is at present filling the office of State Railroad Commissioner; in an able and fearless manner as he has every position to which the people of Michigan have ever called him, says he expects to go into the Republican nominating convention with 60 votes from this peninsula will stand by him, which is just what they should do. The upper peninsula has never yet had the honor of having one of its residents at the head of affairs of the state, and it seems as if long had arrived when it should no longer be ignored. Mr. Osborn is by all odds the most popular man, before the people today for the high office of Governor of Michigan and no doubt his showing when the convention opens will surprise the other candidates. Chase is not only popular, but he is brave. He is more than that, he is brilliant, magnetic, and has the ability to fill the office of Governor in a manner which would do honor to the position.
Every delegate from this peninsula should be instructed for this instant

AN EPITOME OF WHISPOING COUGH.
Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for a long time and naturally turned to it at that time and found it about the only relief that afforded a complete cure. We had used Chamberlain's Cough Remedy very successfully for a long time and naturally turned to it at that time and found it about the only relief that afforded a complete cure. We had used Chamberlain's Cough Remedy very successfully for a long time and naturally turned to it at that time and found it about the only relief that afforded a complete cure.

SHOULD BE RE-NOMINATED.
Gov. P. McCallum has shown himself to be one of our best representatives in the Delta District and is entitled to a second term. A second term deserves another such endorsement as the present presentation of his name. Mr. P. McCallum also demonstrated his high ability before the last legislature. His record in this office is beyond reproach, which is due to his untiring efforts and his methods of serving a public official. During his past term he has accomplished much for the district, paying strict attention to all matters pertaining to the interests of his district, on matters of law relating to the right to be as well as keeping track with the many other important questions which arose before the legislators.
Mr. McCallum worked ardently and successfully during the passage of the bills, from the Delta District, detaching territory from Munising to Huron township, and giving Huron township the right by special act, of handling for public improvement. Working from the start to the finish for the accomplishment of any right or justice, which was invested in his care by any of his constituents. Mr. McCallum is a gentleman in the truest sense, and one who follows with whom it is a pleasure to become acquainted.
To such a man the Republicans of this district owe a re-nomination and election unless a phenomenal change occurs. Mr. McCallum is the best of a second nomination and a triumphal election. Party custom calls for it and our representative is deserving of it, so there is no possible reason why he should not receive the hearty support of every Republican in the Delta District—and he will if they all feel toward him as Alger and Scholander do.
Duncan and Cole go to Philadelphia.
Messrs. M. M. Duncan of Ishpeming and Thomas F. Cole of Ironwood were elected to represent this portion of the Philadelphia convention, at the district convention held in Marquette on Thursday of last week.
Robert H. Shields of Houghton, and S. M. Dutcher of Newberry were elected as alternates.
The basis of representation has been changed so the minimum number of delegates for any county is the congressional convention in the Twelfth district shall be two. The resolution passed follows: "Resolved that in all congressional conventions hereafter the basis of representation shall be one for every 600 votes or moiety thereof and that every county shall be entitled to at least two delegates."

Announcement
TO THE PUBLIC:
Having purchased the F. O. J. Lindsay stock of groceries, emery, etc., I have decided to continue the business at the same place. A better stock of staple and dry groceries is hard to find. I shall as well in the future keep in stock goods as the people of this city and community demand and will sell them at prices as low as safe business methods will permit.
W. W. Parker and Jno Romell, well known to most of you, will have charge of the details and I feel assured that you will receive courteous treatment at any and all times and your patronage will be fully appreciated.
Yours Respectfully,
JOHN PATTERSON.
P. S.—I shall also have on hand hay and grains of all kinds. In the meantime call in and see the variety of good things we have in stock in the grocery line. Don't forget that we have a large line of crockery in which we will and can give you good prices. A trial will convince you.

It is really remarkable how neat and stylish ladies can dress nowadays. You need more well dressed ladies on the street this spring than ever before. The reason is that they have found out that it is a great deal more economical to buy their garments all ready made, just as men's clothing is usually sold today. The largest and most stylish line of ladies suits can be found at Blumrosen's. Mr. Blumrosen says, the ladies suit trade has reached such proportion that it needs as much attention as the men's clothing department. The styles range to top-of-the-line. The workmanship perfect, and the material of the best.

Here is the Place To Get Them.

Ladies Tailor Made Suits From \$4.50 up.

Ladies' Waists From \$7.50 to \$12.50 Silk Waists From \$2.50 to \$5.00
