

KING OF THEM ALL "EL FAUSTO" CIGAR. TEN CENTS STRAIGHT.

The Manistique Pioneer-Tribune.

VOL. 24, NO. 2185 NEW SERIES, 607

MANISTIQUE, MICHIGAN, FRIDAY, JANUARY 29, 1904.

\$1.50 PER YEAR.

HONORS WERE EVEN

The Sox Team Wins First Game and Manistique the Second.

OVER CONFIDENCE: LOST FIRST

Second Game Clearly a Show that for the Victor.

The Manistique Sox series of indoor ball games played at the opera house last Monday and Tuesday evenings were well attended but the results were not entirely satisfactory to the local readers for the Sox managed to win the first game in a score of 12 to 12, thus breaking the record of the Sox who hitherto had never been defeated by a visiting team.

The local team made eight errors in the first two innings and a few of the boys having in view the effect of scoring defeat on the ticket sales of the next evening decided to "play off" and allow the visitors to catch up with them. They played off too long and the visitors went under the wire one run ahead.

Manistique's prestige as a base ball town certainly should not have been sacrificed for a few paltry dollars, and the manner in which the game was lost called forth severe criticism from many of the team as well as the audience.

The score follows:

MANISTIQUE		SOX	
AB	R	PO	A
Godman	5	2	4
Deener	5	2	4
Foran	5	2	4
William	5	2	4
F. Vanman	5	2	4
Wood	5	2	4
W. Paulding	5	2	4
Hildrom	5	2	4
Wilson	5	2	4

BY INNINGS	
AB	R
Ripley	6
Barnes	4
Carrie	2
McLain	1
Kelley	1
Newton	1
Carrie	1
Moran	1
Lizotte	1

Manistique..... 12 2 4 5 6 7 8 9
 Sox..... 1 0 0 0 1 1 1 1 2
 Co. M..... 1 0 1 2 0 0 4 0 10

Donner struck out fifteen and Lizotte eight. The former allowed three to get to first base on balls. Eight of the Sox were left on base, and four of the Manistique team.

A. B. Leighton and John Taylor were the umpires.

The attendance was much larger than the previous evening, and both teams

UNEQUALED RECORD

Made by Schoolcraft County in Re-mitting State Taxes this Year.

THREE-FOURTHS OF LEVY SENT

By County Treasurer Rogers Since January 1st.

The newspapers of Menominee have been printing articles of late in which the fact that the county paid to the state treasurer on the 15th of January a sum in excess of \$200,000, in fact, more than many of the other counties of the state.

President Bennett of Chippewa county, however, says that Menominee sent in with the part of the county tax in January the state treasurer \$20,000, the amount of state taxes collected up to January 15. This part of the county is pretty well off financially.

The state tax levy for this county is not far from \$1,000,000, and as Menominee county is considered a much wealthier county than this the amount of tax for Chippewa is most satisfactory. It is believed, however, that the tax levy for Menominee county must be in the neighborhood of \$15,000, which shows that people are doing a great deal better as far as taxes are concerned than those in the vicinity of the sugar beet town.

County Treasurer Rogers informs us that the total levy of state taxes for Schoolcraft county this year was \$10,146.44. Of that amount he sent to the state treasurer \$7,068.81, being the amount collected up to January 15th.

LOST RELATIVE IN IROQUOIS FIRE.

A Cousin of Alex Davidson Loses His Life in Theatre Fire.

Robert Davidson of Caldon East Ont., a cousin of Alex Davidson of this city, lost his life in the Progress hotel, by receiving a paper this week in which an announcement of the funeral was published.

Mrs. Lewis Solis Millinery Business. Mrs. M. G. Guilo & Co. purchased Mrs. Lewis' stock of millinery last Monday and have taken possession. Mrs. Guilo and her mother, Mrs. Edward Guilo, who are the purchasers are well and favorably known here and will no doubt do well in their present undertaking.

Mrs. Lewis has been in business here for many years and has perfected no plans for the future.

Manistique-Tarquette.

The Manistique indoor base ball team on Thursday and Friday evenings, Feb. 4th and 5th, at the Manistique opera house.

NO HARBOR BILL.

The Committee So Decides. Approval for Manistique May Not Be Made Until Next Winter.

A Washington dispatch says: The house committee on rivers and harbors has decided that there should be no river and harbor appropriation bill at the present session of congress. Chair-man Burton said:

"The main reason for this action was the very large balance appropriated for river and harbor improvements which is now being by the treasury unexpended. This balance at the end of last year was somewhat in excess of \$2,000,000. In addition to this, it is expected that \$5,000,000 or thereabout will be appropriated at this session in the country civil works for the continuance of work on rivers and harbors where improvements are progressing under continuing contracts."

Spreading of the many complaints the committee had received regarding delay in proceeding improvements already ordered. Congressman Burton assigned as the cause "the inadequate number of government engineers engaged in that branch of service, the delay and difficulty in preparing plans and securing sites for government works, and the high prices which have prevailed for several years past."

Chairman Burton says the committee will present a bill early next session. In the meantime legislation will be recommended for the necessary maintenance of existing public works, for such general legislation as may be desired and perhaps also for the examination and survey of new projects.

STUCK BY HAMMER

Engineer Smith of Tug Endress Stricken Fisherman on Head with Hammer.

During a quarrel Tuesday noon between Engineer Smith of the tug Endress, and A. W. Lerner, a fisherman, the former struck the latter on the head with a hammer. Several severely scalped wounds were the result. The man was slinking at the time the blows were struck and for that reason Lerner escaped a fractured skull. Dr. Stettler dressed the wounds.

New Meat Dealer.

Alfred Rohberg and Albert Olsen have purchased Gust Johnson's meat market on Pearl street and will take possession next Monday. Mr. Rohberg is an experienced meat cutter, and has a fine reputation as a sausage maker. Mr. Johnson will remain in their employ as butchering and his friends wish them success in their new venture.

Tenth Anniversary of Wedding.

A number of the friends of Mr. and Mrs. Harry Ross were invited to their home last Sunday evening. After all had assembled they were informed that it was the tenth anniversary of their wedding. A very enjoyable time was spent and elaborate refreshments served.

THREE SMALL FIRES

The West Side School Building, Ft. L. & N. Depot and Capt. Coffey's Residence Involved.

ONLY SLIGHT DAMAGE RESULTED

As in Every Case Fire was Overcome Before It Gained Headway.

A blaze was discovered in the basement of the West-side school building, last Monday forenoon, by one of the scholars, and when the others were given by the teachers the scholars rushed out without injury. The fire was gotten under control by the janitor before much injury was done. The building inspector recently recommended a number of changes including the riveting of pipes and the covering of all pipes with black asbestos, and the fire would not have occurred had these recommendations been complied with.

A hole three feet square was burned in the floor of the writing room of the new M. M. & N. passenger depot last Wednesday morning as the result of five coils falling from the stove. The fire went out of its own accord owing to the fact that there was no ventilation to fan it into a blaze.

The fire department was called to the home of Capt. John Coffey, last Wednesday evening at 1:30 o'clock to subdue a fire that had started about one of the chimneys. The house was damaged to the extent of at least \$100 by the cutting made necessary to locate the fire. The chemical engine was utilized.

Reclects Officers.

The stockholders of the Manistique Bank recently held its annual meeting for the election of directors and re-elected the board consisting of Messrs. Quick, Orr, Waddell, Putnam, and Messerum. They in turn re-elected the officers of the bank which are:

Feet and Hands Frozen.

Substant Wober was found in an unconscious condition on the road between this city and his home last Tuesday night by a driver from the Bonsohour Ivory frozen. His hands and feet were terribly frozen for treatment. He undoubtedly would have perished had he not been picked up. As it is he will probably be crippled for life.

Has Not Defeated Them Yet Can.

The Sox News of last Friday, in recounting the achievements of the Manistique base ball team, said that it has "even defeated the famous Spaulding team of Chicago." Manistique can do better than that in question but has never had an opportunity to prove the assertion.

Elite Enameled Ware

The finest line of "Enameled Ware" in the city. The handsomest, most durable, cleanest utensils made, at

C. L. Co. Hardware

EDITORIAL COMMENT.
We want a correspondent from every town contiguous to Manistique. Will you serve?
The enterprising city of Garden will shortly be lighted by electricity. An electric trolley line is also proposed between that city and Van's Harbor.
The publishers of the Crystal Falls Drill, Messrs. Conlin and Moriarty, have the sympathy of the fraternity in the loss that has befallen them. Their plant was entirely consumed by fire Monday.
Laugh when a friend tells a joke: it is one of the taxes you must pay. However it is hard to laugh at the joke perpetrated upon Manistique by the *Soo News* in its report of the recent ball games played here.

WE SHOULD PARTICIPATE.
Republicans of the upper peninsula ought to be taking some steps to be properly recognized at the gathering to be held in Jackson next summer when the organization of the Republican party will be fittingly commemorated, says the Houghton Daily Gazette. From the present indications the event will be one of the biggest political gatherings in the history of the party. Pittsburg was talking of having a similar celebration at the same time, but Jackson is the place for the gathering and the Pittsburg people decided to abandon their plan and assist in making the Michigan event a monster affair.
The gatherings will be under the old oaks. There the little party of statesmen gathered at the time when the country was ripe for a political party with just such ideas as those which were adopted in the original platform. The Republican party immediately assumed a position in national affairs which it has retained and strengthened each year.
The upper peninsula of the great state didn't amount to a great deal in the days when the party had its origin but the peninsula has always been a Republican stronghold and today it can be counted on for great big majorities at every election. It is always safe and always sure and the leaders of the state recognize the fact. We ought to make ourselves felt in the councils of the party and we ought to be interested in the celebration. The Republican party of the entire state is managing the celebration and we should be counted in.

PRIMARY ELECTION COMING.
Representative Archibald MacEachern, who was here on business recently, when questioned by The Mining Journal, gave it as his opinion that primary election is coming for Michigan, and expressed a belief that the next legislature will pass a bill providing for the general introduction of the reform in this state. Mr. MacEachern is of the opinion that the legislation will be of a conservative nature, something between a radical Colby bill defeated at the last session and the nearly penny senate substitute, which suffered the same fate. Mr. MacEachern voted against the Colby bill, because he considered it far too radical and because it threatened the elimination of the upper peninsula from the field of state politics. However, he professes himself willing to vote for the right kind of a primary election bill, and believes that if the people want to give the so-called reform a trial they should have that opportunity.—Mining Journal.
WHY SPUTTER OVER PROPOSED REFORM.
In reply to the criticism of the Courier, for his non-participation in the primary election reform twaddle, that the Courier man is at present making a hobby of, the editor of the Mining Journal sensibly says the following:
All in good time. It will be a full year yet before the legislature gets settled down to business in its next regular session; a full year before the primary election question can become really live. Does the Courier want the discussion to go on uninterruptedly for this full year? What good can come of a continual sputter over the proposed reform? It will be time enough for The Mining Journal to concern itself with the matter when some proposed legislation is outlined in tangible form. It will then, doubtless, take a stand in accordance with the interests of the upper peninsula and its whole people. Meanwhile it must persist in, for the most part, leaving the desultory and vain debate of the question to such other papers as choose to give it space.
In this connection it may be added that the Courier, after harping on primary election reform so faithfully has decided to support applicants for both branches legislature that voted against the Colby bill in the last legislature.

EDITORIAL COMMENT.
Rockefeller has an income of \$2.06 a second. There are people working along on less.
It has been too cold this week for the local political pot to boil, but from the rumors afloat there will be no death of candidates for every office.
I've two of the stockholders of the proposed new paper are candidates for city, county and legislative offices. What a merry time they will have to land 'em all.

Capt. Thomas Walters of Ishpeming, one of the most prominent and most favorably known Republicans of the upper peninsula, has announced his candidacy for the honor of being one of the four delegates at large to the national convention at Chicago. If the U. P. will be allowed to furnish one of the four delegates, we know of no one better fitted for the honor than Capt. Walters.
A Menominee county man who claims to know whereof he speaks says that the candidacy of W. N. Mills for state senator for the 30th district is the preference of that gentleman's candidacy for congress from the 12th district four years hence when it is supposed that Congressman Young will have grown into disfavor. Evidently Mr. Young's political sagacity is not appreciated in Menominee county. But, they'll learn if they live long enough.—Crystal Falls Drill.

There are 50,017 Masons in the state of Michigan according to the report of the Grand Lodge which was in session at Lansing this week.
Timber land is much more valuable now than it was twenty-five years ago. A recent sale of eighty acres of timber in this county netted about \$15,000.

There is no open, systematic opposition to Roosevelt here, and we do not believe there is in any other. But there are a great many men of high political and business station, and of such influence in other directions, who do not like him and would like to defeat him, if they could. Most of them have made up their minds that he cannot be defeated, except at the cost of losing the election, and are accepting the situation with such grace as they can. But these men cannot resist the temptation to pursue him with a constant campaign of pin pricks, mainly through newspapers that are willing to serve them in irresponsible correspondence and anonymous news, especially if the "news" seems spicy.—Minneapolis Tribune.

A. FVDELL

Hon. Horace M. Oren of the Soo, has announced his candidacy for supreme judge through the Marquette Mining Journal of Wednesday. Judge Steere will without doubt require the Chippewa county delegation and it is regretted here that Oren has butted in and by doing so may jeopardize the chances of the upper peninsula for securing recognition in the state convention.
One of the Iroquois managers tries to put the blame on the other, the other in turn saddles it on the stage manager, the stage manager passes it along to the head usher, the head usher says it was the fault of the carriage caller, the carriage caller hints that the policeman on the corner neglected his duty, the policeman accuses the porter in a near-by saloon—and meanwhile neglected justice sits with bowed head, despairing of vindication.—Minneapolis Tribune.

W. N. Mills of Menominee was in Escanaba one day last week between trains. He came here purely on a business trip, but incidentally mentioned that he was pretty certain of landing the senatorial delegates not only from Chippewa County, but from Luce and Schoolcraft. It was certainly very kind of him not to include Delta County in his list of sure things and no doubt Senator Fuller will appreciate this courteous action. Mr. Mills also took occasion to deny emphatically the statement that had been circulated to the effect that Burrows was supporting his candidacy, saying there was no foundation whatever for any such rumor.—Escanaba Journal.

There seems to be some opposition to Senator Fuller in the Thirtieth senatorial district which promises to impair the certainty of his being returned to the senate again. We are unacquainted with the political differences that may exist in the Republican ranks in that district but, in common with great majority of the people of the peninsula, we believe that the failure of the Senator's constituents to return him to the senate would be a big mistake. The upper peninsula interests need a man of Fuller's stamp in the Senate. It is to be hoped that all differences will be settled long before the time of the convention so that the state will not be deprived of Mr. Fuller's councils in the upper house.—Crystal Falls Drill.

There is no open, systematic opposition to Roosevelt here, and we do not believe there is in any other. But there are a great many men of high political and business station, and of such influence in other directions, who do not like him and would like to defeat him, if they could. General Store.

It was conceded by every one, even the visitors themselves, that the Soo ball team had no license to win Monday evening's game from the Manistique team. Ragged ball playing, over confidence, and kid play upon the part of a portion of the home club trailed the club's colors in the dust. Manistique has for several years occupied an enviable position in indoor baseball circles and it is to be deplored that a team of rank amateurs, such as the Soos, were permitted to win a game. The latter are very much elated over the fact that they had won from the "crack Manistique team." Kid play and ball playing don't mix.

There seems to be some opposition to Senator Fuller in the Thirtieth senatorial district which promises to impair the certainty of his being returned to the senate again. We are unacquainted with the political differences that may exist in the Republican ranks in that district but, in common with great majority of the people of the peninsula, we believe that the failure of the Senator's constituents to return him to the senate would be a big mistake. The upper peninsula interests need a man of Fuller's stamp in the Senate. It is to be hoped that all differences will be settled long before the time of the convention so that the state will not be deprived of Mr. Fuller's councils in the upper house.—Crystal Falls Drill.

CHASE S. OSBORN EXPLAINS

Why Michigan Delegation Did Not Invite Hanna. Would Have Exceeded Its Functions.
A New York dispatch says: Several of the 100 Michigan committeemen who waited on President Roosevelt last week with the invitation to attend the celebration at Jackson, July 4, of the fifteenth anniversary of the formation of the republican party, spent a day in this city on their way home. An incident occurred at the capital which caused some talk among the delegates. It was the disapproval by the delegation of the suggestion made by Representative Smith to extend to Senator Hanna also an invitation to be present at Jackson at the celebration.
There was opposition to this plan, as the express and sole mission of the committee was to invite President Roosevelt. The matter was discussed in caucus at the Hotel Arlington and it was decided that Senator Hanna could be hidden to the celebration by individual members, but not by the delegation. This was agreed to.
Chase S. Osborn, president of the Courier-Herald company of Saginaw, said while at the Hotel Empire: "Really this incident does not concern any of us here. We would have exceeded our functions had we as a body invited Senator Hanna."
"Personally I am a supporter of President Roosevelt for the nomination, but the senator from Ohio is personally popular in Michigan, yet he is not the presidential preference. Michigan is for President Roosevelt, but last and all the time. So it was not a matter of politics, but rather of etiquette that caused us to take the action we did. Senator Hanna was later invited by members of our committee."

Garden Notes.

James Bonides made a business trip to Manistique Tuesday.
The mercury stood at 21 degrees below zero this morning. The coldest this winter so far.
Miss Lillian McDonald, who has been dangerously ill since the death of her brother, Thomas Skov, is now reported convalescent.
Mrs. John Nolan was down from camp and spent Sunday and Monday visiting her parents, Mr. and Mrs. H. G. Squires and other friends in this village.
Napoleon Bonin's notion and construction store was burglarized last week. Five dollars in cash and a small quantity of candy and cigars were taken. No clue to the thieves has been discovered, but the work was evidently done by some of the children who are allowed by their parents to run the streets at all hours of the night, as an entrance to the building was effected by removing a pane of glass 1x20.
Your correspondent learns from a reliable source that a movement is on foot to build an electric overhead trolley car line between this village and the merchant dock at Van Harbor, a distance of nearly a mile. The parties behind this scheme are financially solid, and intend to get the line in working order by the opening of navigation the coming spring, or as soon thereafter as possible. That such a line is needed goes without saying, and would without a doubt prove financially profitable right from the start, as during the summer months especially there is a large passenger and freight traffic between the two villages.
Garden is to have electric lights. At a special meeting of the village council held Jan. 10th, a twenty year franchise was granted to Edward Disco, Octave Boudreau, and Napoleon Boudreau, senior, co-partners, going business under the firm name of Disco, Boudreau & Co. to put in and operate an electric lighting, power, and heating plant in this village. Contracts were also signed at the same time with the company providing for lighting the streets and the council room and village hall building for a term of four years. The company already have the poles erected on State street, and propose to have the plant in operation within sixty days. This is certainly a much needed improvement, and future generations will undoubtedly rise up and call out "village fathers blessed." Extraneous.
Garden, Mich. Jan. 24, 1904.

Real Estate Transfers.

R. E. Johnson and wife to Elmer N. Orr. Part of lot 8, block 5, C. L. Co.'s addition.
Augusta Baker to William Beasford, Sr. Lot 16, block 4, Lakeside addition.

John D. Kepler et al to John D. Byers. Sec. 10, T. 42-10, NW 1/4 of S21.
Moses Blumrosen and wife to Peter Zimmerman. Part of lot 3, block 4, Original plat of village of Manistique.
Death of Mrs. E. Sherwood.
This estimable lady, wife of Hon. E. Sherwood, departed this life Friday evening, Jan. 22, at 9 o'clock, at the family home near Lehigh school. She was an excellent Christian woman, standing high in the esteem of all who knew her, and her demise will occasion general sorrow. She had been ill for a long time, and but recently returned from Alma Sanitarium.—St. Ignace News.
Manistique's 400 Indignant.
Rumor has it that the foolish aristocracy (as the late lamented Major Clarke delighted sarcastically to dub that detestable element) of Manistique is dissatisfied with the manner in which the local press neglects its pink, tea and other functions; and that a fourth paper, presumably a "satirist" journal, may be established in the near future.—St. Ignace Enterprise.

Social in Graham District.

Last Monday evening a social and oyster supper was held in the new school building in the Graham district. The following people took part in a short program: Mr. and Mrs. Arthur Owen, Cora Owen, Mrs. and Mrs. Agnes McClellan, Mrs. Geo. Gayar, Mrs. O. C. Bowen, Mrs. Bundy, and Mrs. M. Mix.
After the program, the guests were seated at well filled tables prettily decorated with artificial flowers and ferns. When all had been served games music and general good will followed.
About 200 people were present, a number coming Manistique. The proceeds of the evening will be taken to purchase an organ for the school.
The gathering gave an opportunity for patrons to visit and look over the new school building in which are so much interested, and which, without question, ranks first in the county. It consists of three rooms two below and one above; the upper room will be used for a hall at present. Hardwood floors, plenty of light, modern arrangement, single seatings, good black boards, library and organ are some of the best things which the people have provided for their school. The township also demands good teachers and by paying good salaries has no trouble in obtaining such.
The citizens tax payers and those who have been instrumental in the erection of this building deserve much credit and credit for what they have accomplished. The county should feel proud that it has citizens with liberal minds and hearts interested in the welfare of their children and community in general, for such the tax payers of Hiawatha have shown themselves to be.
The Democratic state convention will be held at Detroit, June 1st.

AUCTION SALE

Wednesday, Feb. 3rd 1904, at 10:30 o'clock a. m.

Always keep a bottle of it in the house. We have been saying this for 60 years, and so have the doctors.

It is sold by J. C. Worcester, Lowell, Mass., and by all druggists.

The Lungs

Daily action of the bowels is necessary. Aid nature with Ayer's Pills.

Congratulations.
Mr. John H. Colburn, Editor of the Garland, Texas, News, has written a letter of congratulations to the manufacturers of Chamberlain's Cough Remedy as follows: "Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup. We have never been without it in the house since that time. We have five children and have given it to all of them with good results. One good feature of this remedy is that it is not disagreeable to take and our babies really like it. Another is that it is not dangerous; and there is no risk from giving an overdose. I congratulate you upon the success of your remedy. For sale by A. S. Putnam & Co.
The prevention of consumption is a timely question of consuming the proper treatment in time. Nothing is so well adapted to ward off fatal lung trouble as Foley's Honey and Tar. Sold by E. N. Or & Co.

Notice to Debtors.
Having disposed of my stock of millinery to Mrs. M. G. Gills & Co., I wish all who are indebted to me, or to whom I am indebted, to call at the millinery store within the next three weeks. I will be at the store after noon, afternoon to meet the claims of Mrs. B. Lovell. B. Lovell, Manistique, Mich. Jan. 28, 1904. 7-2

Care of Thanks.
To all who sympathized with me and helped me during the sickness and funeral of my beloved husband, I deserve herewith to express my sincere gratitude. My services are deep but I shall meet him again in the fair land beyond the Jordan.
Mrs. JOHN JOHNSON
Gulliver, Mich. Jan. 27, 1904.
Mr. Wm. S. Crane of California, Md., suffered for years from rheumatism and lumbago. He was finally obliged to try Chamberlain's Pain Balm, which he did and it effected a complete cure. For sale by A. S. Putnam & Co.
Newspaper Office Destroyed by Fire.
The Capital Falls Diamond Drill Office was totally destroyed by fire last Monday. One of the employees used gasoline instead of kerosene in kindling a fire. The loss is estimated at \$2000.

Geo. Madarain,
West Side. Near Depot.

DENIES THE RUMOR

And Compliments Manager Van Tassel.

The rumor that the chemical plant at Thompsonville was shut down on account of trouble between employees and Manager Van Tassel is untrue. Chairman J. H. Berry of the International Fuel Co. writes us as follows:

"I beg to advise that the information given you is not entirely correct. It is true that the chemical plant has been closed down for the present, but not because of trouble with the management. Mr. Van Tassel, late of Manistique, the present manager, is entirely satisfied with the board of directors. He is still in charge of the chemical plant which is in operation, and is likely to be retained for an indefinite period.

I write the above fearing a wrong impression regarding Mr. Van Tassel may have been made on the minds of some who read the paragraph."

Hard on the O's.

C. E. Koles got a good one at the ball game Tuesday evening. After scanning the tally board, he said: "I never knew before that it required so many O's to spell Sox." When he said it the Sox's score looked like the following:

800 1 3 8 4 5 6 7
0 0 0 0 0 0 0

BIG FIRE AT BAY MILLS

Hall & Munson's Mills Totally Destroyed by Fire.

BAD BLOW TO THAT VILLAGE

The "Black Man" is dead, but that is not the only thing that is dead.

Speaking of the destruction of the industries at Bay Mills, the Sox News says: "The most disastrous fire ever in the history of the village struck here on Saturday night and destroyed the main manufacturing plant of the Hall & Munson company, with the exception of the saw mill, which has not been in operation for several months. The fire started about 6 o'clock in the evening and in a short time the buildings were a heap of smouldering ruins. The loss probably reached nearly \$2,000,000, although at the present time it is very difficult to make a close estimate. It was said by insurance men here that the plants were fully covered, but as most of it was placed with outside parties they could not tell the amount.

It is the general impression at Bay Mills that the blaze originated in the dry kiln. Several men were in the factory at the time and the first thing they knew an explosion, supposedly in dust that had accumulated at the top of the machines, was running started in. The flames then began tearing through the building and they rushed into the streets yelling "fire." It was seen by some that there was little chance of saving anything. While the company owned a water works system, the pumps were in the factory building and were soon surrounded by fire so that they could not be worked. The buildings were packed with dry lumber, which seemed to burn like tinder. Within five minutes after the first man yelled "fire" on the streets the first wall fell with a crash that could be heard in every part of the town. A shower of sparks went heavenward making the night beautiful to behold.

The flames connected with the box factory and this was soon a roaring furnace. The fire grew hotter and hotter. Hundreds of people were on hand to see the blaze. Not a citizen of the town that was able to leave the house remained at home. The entire population thronged the locality of the conflagration, and there were in the crowd many downcast faces, for with the destruction of the plants husbands and fathers knew that their jobs were gone and without doubt they would have to look elsewhere for work.

It is probable that the destruction of the big factories that have so long been considered the leading industries of their kind in this part of the state, will result in the ruin of the town. Bay Mills was built by the Hall & Munson company, the first work being there in 1880. If the buildings of the plants are destroyed, the town is ruined. It is a good, if not better, than any in the country. All the latest and most practical machinery above costing not far from \$25,000. In the plants were ready to run and Bay Mills became one of the liveliest little villages in the upper peninsula.

The company seemed to make money. The business grew to such proportions that in the woods and mills and factories close to a thousand men were employed. The saw mill cut about 20,000,000 feet of lumber annually and a great portion of this was manufactured into boxes, sash, boxes, matchstock, etc. The company built the town and at one time the chief occupation of that town were 1,200 people residing there. The concern controlled everything, dwelling houses, water works, electric lighting plant, in fact about everything there was to own except the furniture of the inhabitants.

In all the company owned 121 houses there. But the demand for room has not been great during the past few months. About a year ago the saw mill was shut down and the machinery dismantled and shipped west. Then the company got into financial difficulties through the failure of an eastern concern and went into the hands of a receiver. However, business men in this part of the country have always believed that it was a paying institution and the company would come out all right.

It was organized by R. H. Munson, a native of Williamsport, Pa., and Lewis A. Hall, a gentleman of eastern birth. From the first they worked hard to the end that their concern might be successful, and as a result the company was considered one of the most promising of any in Michigan.

Besides the factories four cars loaded with doors, ready to be shipped were burned last night. No engine was available at the time so that they could not be moved. A team was hitched to them but they could not be shifted. All that was saved was a section of the engine house, which was built of brick.

Will Remove to St. Ignace.

Mrs. J. L. Bellaire of Seney, spent Friday in the city. Mr. and Mrs. Bellaire have concluded to make their home in this city and have closed out business interests at Seney and will move their household effects next week. The Seney postoffice of which Mr. B. Bellaire has been postmaster for several years, has been moved to Geranfak a few miles from Seney. Mr. B. has accepted a position with the American Publishing Co. of Chicago, and goes "on the road" in their interest, having chiefly upon peninsula territory.—St. Ignace News.

WILFUL MISREPRESENTATION

Reported to by the Sox News in Reporting Results of Ball Game.

That there are thirty-third degree preparators in the Sox it is only necessary to reproduce the reports of the Manistique Sox ball games, as they appeared in the Sox News in the issues of last Tuesday and Wednesday.

The reports follow:

FIRST GAME.

The Manistique team is considered one of the best in the country, having met and defeated the best of the other country towns outside of Mackinac. There are very few teams in the state that all in them to do good work. Each organization practices very carefully, so that the game is a very hard one and generally fast and hotly contested.

If the Sox launch can, we thought it will be a good one. The Sox are well equipped and qualified to claim the championship. It is naturally to be expected that they will be followed with interest.

SECOND GAME.

The army of indoor baseball team prepared to make the Sox second game from Manistique last night. The game was hotly contested, as shown by the score, which resulted in 12 and 13.

The fact that the Sox won both these games has given cause for great enthusiasm, as the Manistique team held the state record until the locals broke their colors. The Sox aggressiveness will return today. "Jack" Taylor, trainer, deserves much credit for his efforts in looking after the boys, as they were all in the pink of condition.

The Sox fans are these:—The first game resulted in a victory for the Sox team in a score of 13 to 12. The local team had the visitors at their mercy the whole evening and could have defeated them easily. Some of the best players decided that if the defeat was overwhelming no one would attend the second game of the series, and allowed the visitors to catch up, and a few of the Sox boys managed to score the winning run. The winners admitted that the best team did not win and that they had no chance to win. The Sox shortstop policy that lost the game for Manistique is condemned by spectators and local players. Manistique's loss last night honor and reputation is of more value than any score. The citizens of Manistique are always ready to go into their pockets to assist any legitimate sport.

The local team started out on Tuesday evening with a firm determination to win. The Sox manager was permitted to make Charleville a few miles from Manistique 30 miles.

The Sox team is not in Manistique's class and can lay no claims to state or upper peninsula championships on account of the series here.

HAS HOST OF FRIENDS

Judge Steere Will Be Nominated If Upper Peninsula Unanimously Endorses His Candidacy.

During the last three days of last week, the editor of The News attended the sessions of the Michigan Press Association at Detroit, and while there discussed with newspaper men from all parts of the state, the political situation. Among other things talked of generally among the publishers was the question of candidates for the supreme court and Judge Steere will be pleased to know that Judge Steere has a host of friends in the lower peninsula. Whoever his name was mentioned it was met with a hearty assurance of the most kindly feeling and added to this seemed to be a general acquiescence of the upper peninsula's contention that it is entitled to at least one of the vacancies created by the last Legislature.

While the reputation of circuit judge is usually confined to the limits of his own district, this does not seem to be the case with Judge Steere. His name is being familiar and his record well known throughout the two peninsulas. This is undoubtedly to two facts, his unprecedentedly long term as a circuit judge and the high character as a just which he has won during his tenure of the office.

This being the case the candidacy of Judge Steere is immeasurably strengthened. No man can dispute the statement that Judge Steere is the choice of almost every voter in his district, no matter what may be his politics and when there is added to this, his sympathetic attitude toward the state, it appears that Judge Steere is the choice of the entire state. This judicial district has a candidate in Judge Steere upon whose fortunes seems to rest most kindly. If Judge Steere goes down to three successful candidates as surely as the sun will rise and set tomorrow.—Sox News.

Through Car for Manistique Daily.

Assistant General Freight Agent Vaughan of C. M. & St. P. Ry. Co. was in the city Tuesday looking after the interests of his company. While here he informed the business men that hereafter through car for the convenience of Manistique shippers will be sent out daily from Chicago and Milwaukee. This new deal will make a further reduction in the present good time made by shipments between the markets and this city.
