VISITED FAYETTE

Local Odd Fellows Conferred Degrees for Fairbanks Lodge.

ALL ENJOYED TRIP

Fairbanks is one of the Oldest Lodges in the Upper Peninsula.

Fairbanks Lodge is one of the oldest organizations of the fraternity in the upper peninsula. It was founded Nov. 14, 1877, and one time had a large membership. With the passing of the furnace at Fayette, its membership was materially reduced by removals, and in recent years its membership has not been very large. From all appearances it has taken on a new lease of life, and bids fair to grow rapidly in membership and importance.

Fayette is the most beautiful spot along the north shore of Lake Michigan, and its inhabitants are hospitable to the same degree as it is beautiful. The participants of the work Tuesday evening will ever have a warm spot in their hearts for the residents of that little city, and when the brethren will repay the visit an effort will be made to make their visit a pleasant one.

The old fellows that visited Fayette from Manistique were: Geo. Leonard, R. H. Teeple, J. W. Bowler, H. J. Neville, Gust Lindley, Will Carpenter, W. S. Hayless, Capt. Carrington, Sanford Stone, Wm. Gillingham, N. L. Nevers, Omer Olson, Frank Hawes and Geo. E. Holben.

The officers of the degree team were highly complimented for the excellent manner in which the work was done.

A GOOD REASON WHY.

Produce Should be Brought to Town Earlier.

Several of the business men of this city have advanced a very plausible reason why the average farmer finds more or less trouble in disposing of his fruit and produce to the groceryman. They state that it is the usual custom to bring stuff in on Friday or Saturday, glutting the local market as the average grocer does not care to carry a surplus stock of a perishable nature over until Monday. If more of the farmers would bring their produce to town earlier in the week, they would find less trouble in disposing of their wares. Coming as it does from men engaged in the grocery business, we give it publicity with the hope that it may result in mutual profit to all.

After conferring the degrees the lodge elected officers for the present term as follows:

N. G., Chas. Arnold
V. E., John Fells
Secretary, Edmund Laux
Treasurer, Peter Laux
Representative to Grand Lodge, N. L. Nevers
Alternate, John Fells
District Deputy, Peter Laux
Under the head "for the good of the order", a number of the visitors as well as the Grand Lecturer Kennedy and members of Fairbanks lodge, responded. The Manistique contingent was lavish in its praise for the many courtesies extended.

LABOR DAY

Big Program Arranged. Biggest Celebration Ever Held Here.

GOOD SPEAKING AND SPORTS

Cladstone and Manistique Tigers will Play Ball in the Afternoon.

As everyone is well aware, Labor day will be celebrated by the local unions next Monday. The celebration bids fair to be the most successful one of the kind ever held in this city. A good speaker has been secured from Chicago and an excellent program of sports has been arranged.

The parade will be formed in front of the Armory on Maple Ave. at 8:30 o'clock and will be participated in by laboring men union and non-union. The city officials have been invited to ride in autos in the procession. The two bands of the city will furnish the music in the line of march which will be extended to LaBar & Neville's store west-side.

Mr. Jentall of Chicago, a socialist speaker of renown, will deliver the address of the day at the band stand, and a pie eating contest will follow the speaking in which some lucky boy stands a chance to get his fill of pie and secure \$2 besides.

Liberal prizes are also offered for standing broad jump, running broad jump, sack race, 110 yard dash for men, three legged race, wheel barrow race one block blindfolded, tug of war between the union and the non-union men, Irish bird contest, horse race saddleback, from band stand to the corner Cedar and Oak streets. A two dollar penny scramble will also be provided for the boys.

The Manistique and Cladstone Tigers will play a game of ball during the afternoon. The game will be played at the Lake-side grounds, and the man bringing in the first score on each side will receive \$1.

Every business house in the city should be closed at least a portion of the day so as to give all an opportunity of participating in the festivities of the day.

A dance will be held at the armory in the evening.

Mrs. Margaret Costello has been taken to a sanitarium at Milwaukee this week for medical treatment.

IT SHOULD BE REDUCED

License for Barfoot Co. Will be Hardship to Pythians.

The Barfoot Amusement Co. will come to Manistique for the week commencing Monday Sept. 12th. Contracts for transportation have been made and it will be here as scheduled. The agent says that his company should not be confounded with the average company of the kind that is in the road and that the city will be more than pleased with the company. The amusement it will furnish is the excessive license exacted by the city council will work a hardship to the Knights of Pythias for they are bound by contract to pay some also a bonus of \$200 besides. The fee should be materially reduced as under the present arrangement the Pythians stand to lose a snug sum.

Many cities allow the company to dress without charge, while the largest license on record outside of Manistique, is the \$180 exacted by Marquette.

GOOD DAY FOR SMITHS.

Claud Smith Won Trophy Last Sunday.

Claud Smith won the \$20 cup donated to the local grand club at a competitive shoot held last Sunday. He made the remarkable score of 24 out of a possible 25. The other contestants and the scores made by each follow: Warfield, 20; Schuster, 23; LaFelle, 18; Griffin, 18; Howard 19.

It certainly was a Smith affair for the gun used by Claude was a L. C. Smith and the powder was Smith powder.

WAS AWARDED THE CONTRACT

R. G. Casmore will Head Children to School.

Messrs Blandford and Neetham of the Hiawatha board of education, were in the city Monday morning for the purpose of making a contract with Mr. R. G. Casmore for the transportation of children of the township eligible for attendance at the local high school, to and from the city every school day during the coming school year.

Mr. Casmore will receive the sum of \$490 for the work, which by the way is a very reasonable figure. The township will furnish the van.

TO INCREASE PLANT

Goodwill Bros. Decide to Erect Big Addition to Local Plant.

WILL INCREASE FORCE

And Practically Double Output of the Factory. A Good Thing for Manistique.

The Goodwill Co., which has been enjoying a steady increase in its business since locating here, has decided to erect an addition, 50 x 200 feet in size, at once, in order to expedite the filling of orders. A number of men will be employed in its construction, and when the additional machinery is installed there will be a material increase in the number of the regular force. This company stands high in its line of business, and is in receipt of orders from every section of the United States. That it is giving its customers entire satisfaction, it is proven by its steady increase in output, and the necessity for materially increasing the capacity of the plant.

Are You in Need of a Range ?

Our line of Majestic Malleable Charcoal Iron Ranges is complete. The only Range in existence with Charcoal Iron body which withstands rust and crystallization 300 per cent more than steel.

We have the new style, arch top oven, smooth nickeling, etc.

The Majestic has been sold from this store for more than TWENTY years.

AND WHY?

Because it gives absolute satisfaction in every respect.

In the past seven years we have not ordered to exceed five dollars worth of repairs for the hundreds of Majestic ranges in and around Manistique. That's why it pays you to buy a Majestic, because once you own one, you hear no more trouble about the stove that helps prepare your meals. No repairs. Economical in the use of fuel and lasts a life time.

Come and look them over whether you wish to buy or not and convince yourself of their superiority.

REVIEWS HIS ANTAGONISM TO WARNER

Osborn Says It Dates Back To Defeat of Marine Hospital.

grew During Intervening 12 Years. Friendly Letters Only Formal Courtesy.

Port Huron, Mich., Aug. 18.—Chas. S. Osborn today issued the following authorized and signed statement: Inasmuch as some attention has been paid to the question of my political relationship to Governor Warner, and the press has given the subject much valuable space it may be worthwhile to make a complete and correct review, in as concise terms as possible, of this relationship.

To me the matter seems to be of no importance whatever, and I have no reasons for regarding it as interesting. I am so convinced that there is nothing in my public record that embarrassing in this connection or any other that I am content to have both my public and private life scrutinized and analyzed to the extent of the minutest detail. I think this is due the public from any candidate, and I not only wish the people to know that my public record is good but also that my private life is without a serious flaw. I do not wish to assume to be better than the average good citizen, but I most certainly do not wish to be anything less than the average private citizen.

The first time that I ever met Fred M. Warner was at Lansing while he was a member of the senate. I was going to Lansing in the interest of my home city, South St. Marie, for the purpose of securing legislation that would release any claim the state might have upon the accrued tolls on hand in the treasury of the St. Mary's Falls Ship Canal at the time of the transfer of the state canal to government control. It was then that I met him, and while the state conducted the St. Mary's Falls Ship Canal tolls were charged. When the tolls were charged, as above referred to, with all its belongings to the government, there was a fund of \$100,000 in the hands of the state held in custody and did not pay it over to the government at the time the other property was transferred. The \$100,000 is an ideal fund for a marine hospital, the magnitude of the volume of the shipping there being well known. It was considered by the city government as money belonging to the government as was supposed, could be secured for the purpose of an inland marine hospital from the government could be obtained and a government marine hospital could be constructed more adequate to the great needs that exist, then and still exist. The city requested me to go to Lansing with letters in order to have this fund released so that the plan outlined above could be worked out. Representatives of the City of South St. Marie, Michigan, had passed a suitable resolution in support of this plan. It was not thought there would be any opposition in the senate. At all times, however, opposition was made by Fred M. Warner. He first succeeded in defeating the measure. I was so greatly disappointed and enthusiastically advocating, by a very narrow margin, and had the money involved formally transferred from the St. Mary's Falls Ship Canal fund to the state treasury. This was about twelve years ago as nearly as I can remember without having opportunity to consult the records; it may have been longer. I was so disgusted with Mr. Warner's unfair and unjust attitude, as I regarded it, that I then and there made up my mind that I would make a small, unfair and unsafe man. In justification of my position it may be well to interpret that the United States government has sued the state for the funds. I am an inflexible man to progress the case has made.

My dislike of Warner became more acute while I was commissioner of railroads. He was a member of the railroad crossing board of which I was railroad commissioner was chairman. At that time he belonged to the old reactionary wing of the Republican party and opposed to Progressive Railroads which I espoused, and he was controlled very evilly by the railroad interests which were decrees that the state at that time. As commissioner of railroads my record will show that I initiated several progressive policies, among them one to separate dangerous grade crossings in the city and to prevent as far as possible the crossing of steam and electric roads at grade. It was on such matters that I had with Warner, who had by this time become secretary of state and by virtue of that office a member of the board. This served to further strain my political and personal relations with Mr. Warner.

At the time that Governor Pingree's second term expired I became a candidate for governor. This was ten years ago. I failed of nomination and several one term men as commissioner of railroads and retired from active politics. About the same time I sold the St. Mary's Falls Ship Canal and owned it as a private property for eight years. About the same time I was associated with Mr. Warner. He was at that time managing editor of the Detroit Journal, as owner of the Bayview Courier and had no direction of the political policies of that paper in any sense. He successfully had Mr. Hunsaker control the Courier-Herald that he has seen its independent publisher and I did not visit the office of either of these two papers from that time to this. I not only retired from politics in Michigan, but I spent my winters in studying and traveling over the world and spent my summers in logging and prospecting in the woods between I. W. Superior and Hudson's bay. No one could have been more out of touch politically and otherwise than I was for a long number of years. Nearly four years ago I had a serious accident in this wood which almost cost my life in jeopardy for over two years. Part of those two years I was confined to my home and my bed in the Soo, and part of the time I was in Europe in search of health. I returned to Michigan at about the time of the Bradley-Warner contest, much improved in health but not entirely well. I had taken no personal part in politics for at least eight years, except to follow the candidacy of Hon. Homer

Warren of Detroit as against Mr. Warner at the time of his first nomination.

PAT KELLEY, THE ARTFUL DODGER ON TAX QUESTIONS

His Record During Past Six Years Does Not Substantiate Present Claims.

The attempt of Mr. Kelley to bring into the government court a special tax on property is simply a ploy to get with him. Let us consider his personal record on the tax question. He says he does not know whether he is in favor of the tax or not. He has done nothing during his term of office to indicate the subject; but during the session of the senate in 1907, while the presiding officer, he permitted the bill for a tonnage tax to be referred to the committee on the home for the two-hundredth. During the whole of the campaign he made the use and he has the audacity to charge the voters with being an opponent. Chase S. Osborn, if elected, would appoint upon the tax question the committee on the subject. If the voters will compare the record of the two men they can easily ascertain that they have nothing to fear from Osborn, but that they do not know what Kelley would have them—Scams—Advertiser.

OSBORN'S LEAD IN GUBERNATORIAL RACE IS SHOWN

Has Almost Double Strength of Kelley and Musson Campaign.

Detroit, Mich.—Editor Niman prints in the Detroit Saturday Night the result of a poll which his paper has made of the newspaper publishers of Michigan in an effort to discover what offer on the big political question of the day.

The Detroit Saturday Night sent a letter to 100 Michigan editors in which he asked them to indicate their preference for the Republican or Democratic ticket through the receipt was asked to state—that, his choice for governor; second, his personal choice for governor; third, the probable choice of his legislative district for governor; fourth, his personal choice for senator; and fifth, the choice of his legislative district for senator.

"All told 297 Republicans, 29 Democrats, 1 Probationist, 1 Socialist and 1 Prohibitionist accepted the invitation to state in a private and unassigned letter their preferences for governor and United States senator and the probable preferences of their legislative districts," says Mr. Niman. "Eight editors wrote themselves as independent, but voted as Republicans and have been included in the list of 297."

"For Governor—Osborn, 100; Kelley, 65; Musson, 36. "For United States Senator—Townsend, 159; Burrows, 85. "That Osborn would carry the legislative district in which the editor lives is the opinion of 107 editors. Kelley looks like a winner to 60 and Musson to 12."

On the Democratic side of the poll, there was nearly a unanimous agreement that Layton T. Hemans should run again, although a few called for Professor Ferris of Big Rapids. On the senatorial side, J. W. Wainwright is the choice of the Democrats, with few suggestions for Ferris and the Hon. Thomas E. Parkworth of Jackson.

KERR'S RECORD

Was Opposed to Interest of the People When in the Legislature.

CORPORATIONS BEHIND HIM

The Greatest Copper Company in the World is Supporting His Candidacy.

Mr. H. O. Young has been assisted in published statements and on public platforms by his opponent, Augustus W. Kerr, as a representative of corporate interests and special privilege while Mr. Kerr has been painted as the simon pure friend of the plain people. Mr. Kerr's papers say, "We wish to brand as false and misleading the statement that Mr. Kerr represents corporate wealth."

Mr. Kerr claims the support of the largest copper mining interests in the world. His champion is Charles H. Smith who for many years has been the mouth piece of the corporate interests of this state in the state legislature.

If these facts are not sufficient to prove to the voter that Mr. Kerr is seeking to pull the wool over their eyes, witness his official acts while a member of the state legislature when he assisted and voted for every measure proposed in the interest of special privilege and sought against the people.

Mr. Kerr worked against and voted against every attempt to make the railroad corporations of the state pay their just share of the state's taxes. He went so far in his opposition to the people's interests that he refused to consent to allow the people to vote for a constitutional amendment which would provide a way by which corporate interests might be paid their just share of the state's taxes.

So insistent was he and so doggedly against the people's interests that he was one of three men that voted against the railroad tax bill and when a majority was finally mustered for it, in both houses he obtained himself rather than assist the people in getting what they wanted.

His friends put forth the flimsy excuse that he was fighting the specific tax when as a matter of fact no specific tax bill was ever introduced into the legislature during Mr. Kerr's membership.

Mr. Kerr talks of opposing special privileges. The greatest example of special privilege over had in Michigan was the "special charter" by which railroads were given special rights given other people of the state.

When the people asked that these special privileges be taken away Mr. Kerr opposed at every step the pro-

ple demand and by his voice and vote sought to perpetuate this special privilege to the railroads.

Mr. Kerr tries to excuse his vote and position by stating that he voted with the upper peninsula members because they were opposed to tonnage tax legislation. (This is all poppycock. There was no tonnage tax legislation at that time and all the upper peninsula legislators did not, as Mr. Kerr's papers would have you believe vote as Mr. Kerr did. There were twelve upper peninsula members of the legislature in the house with Mr. Kerr and on the railroad measures Mr. Kerr had on different votes but three to eight associates and some of those were from the lower peninsula.)

Contrast Mr. Young's record with that of Mr. Kerr. Mr. Young, in the expense of the "bugar her" and "The purgation." The first mentioned, a vitagraph production, is a Japanese drama of a devotion of a child to a child, or a manifestation of sentiment that strikes home and one long to be remembered. The second, "The purgation," is a beautiful picture of a life portrayed in a simple, and others who have had, but were different. However, in any case, each must go through the speech of purgation and suffer tests of their sincerity, the ordeal to be measured according to conditions. The young man in this case, is of the first mentioned and the manner in which the good qualities of his character are brought out beautiful in their construction.

Completing the bill is an amusing western picture "The Ranchman's feud" which is of exceptional interest.

The two illustrated songs are "In the days of '49," from "The flower of the ranch" and "Keep your foot on the soft soft pedal," one of the present comic song successes.

BREVITIES

We call your attention to Blumrosen's all in this issue.

F. Cameron of the Soo was in the city this week.

Mrs. Ralph Spung has returned to the city from a seven weeks visit with friends in the east.

The Ladies Aid of St. Francis de Sales church meets with Mrs. Neveaux, Wednesday afternoon next Sept. 7th.

Special attention will be given at Blumrosen's the coming week towards attire of children for the beginning of school.

Mr. Eugene Scott employed at the light and fog signal station at Seul Choix Point, spent yesterday at his home in this city.

The decoration exercises of the L. O. T. M. and the K. U. T. M. M. ladies were largely attended Sunday afternoon.

Mr. F. J. Lindstrom of Manistowic is in the city making an inspection of the final shipment of an order of ties for the railroad he represents.

Mrs. Will Burt and son Jack, who have been the guests of the parents of the former, Mr. and Mrs. E. M. Orr, returned to Chicago last evening.

Harvey Saxton, wife, returned this morning from a visit to parents at Gardion. The latter went over Wednesday and Mr. Saxton Saturday night.

Found a child's coat and bonnet on the road outside of the city. Owner can "renew" same by calling on Rudolf Martinson, Third Street west side.

Mr. and Mrs. W. H. Hall, who have been in the vicinity of Steuben for some time have returned to their home in the vicinity of the brewery location.

Mrs. Schaefer and Miss Annie Hill, sisters of Joseph Hill, who have been his guests for some time, have returned to their home in Milwaukee.

Owing to the failure of the Escanaba Mirror to furnish matter sent them from this office for comparison, owing to an accident, this issue is delayed a day.

Mrs. Samuel Metcalf, daughter, Miss Ala Metcalf and grand daughter Blanche Metcalf, of Ishpeming, are the guests of Mr. and Mrs. Frank Jane.

Representative Burns has an explanatory card in this issue. After reading it you will continue to be convinced that McEachern should receive your vote next Tuesday.

Mr. E. Waterman of Manistowic township, brought four hogs to market to day that totaled 900 pounds dressed. The price received for each was equal to that paid for the average hog.

Corn stalks measuring ten feet and one inch are on exhibition at the annual market of Orr Bros. Co. This certainly proves that corn will grow in Schooner county. The stalks are graded with well matured ears.

Mr. Blumrosen has secured the ladies' suits and cloaks for Indies and Misses and a full line will soon be on display. In the meantime every garment brought up from the Winkelman stock will be dressed at one-half price.

Dr. and Mrs. Schoemaker and Mr. and Mrs. H. H. Quisenberry, Mrs. E. Lillian Quick, Mrs. E. W. Miller and Mrs. Hiram Quick attended the annual meeting of the Marquette Baptist association held at the Soo this week. They left for that city Tuesday morning.

Mrs. Dove and daughter, Miss Lucile and Miss Myrtle Stahl of Chicago, arrived in the city last week and are the guests of Mrs. John Quick and Mrs. H. O. Barley. At present they are camping at Harrison Beach.

The W. C. T. U. will meet with Mrs. H. B. Goodwin Friday of next week, at 2:30 o'clock. A good program will be presented and all interested in the work are urged to be present. Mrs. Goodwin now resides on River street next to the residence of Miss Brooks.

Mr. Allan Stewart has decided to leave Manistowic, and will locate at Phillips, Wis. Mr. Stewart has been a resident for many years and is highly respected by many knowing him. He has disposed of his home and is endeavoring to rent or sell his moving picture theater.

Rev. H. Jenkin will become rector of St. Marks church, Crystal Falls shortly after the annual convention at Houghton and will leave Manistowic for his new field of labor about September 25th. Rev. Hiram Ellis will again assume charge of St. Alban's church on and after that date.

Dr. S. S. Hackwell of Blaney, and Miss Jean McTaggart of Bad Axe, Mich., were married at Escanaba Tuesday evening, by Rev. Ferris of the Presbyterian church. The contracting parties are well and favorably known. Dr. Hackwell is in charge of the hospital at Blaney, and is one of the school examiners of this county. The bride taught the Blaney schools during the past few years.

Miss Priscilla Carr will conduct the Young People's meeting in the evening. The subject will be "Christ our Saviour".
The ecclesiastical year of the Presbyterian church of the United States is a denomination, begins with the first of April and ends with the last of March. At the spring meeting of the various Presbyteries, the statistics of all of the churches gathered and forwarded to the General Assembly of the Church. These have just been published and sent out to the ministers and sessions throughout the land. These show not only the strength of each church but they have accomplished during the year. According to these reports, there are 9,073 ministers and 10,011 churches in their roll. There are 1,152 candidates studying for the ministry. During the year 98 ministers from other denominations have been received, and 220 new churches have been organized. There have been 129,740 additions to the church, and 92,007 infants have been baptized. Each of the nine Boards of the church, with a single exception, shows an increase in the contributions. The entire gifts of the church amounts to the sum of \$22,958,938. The most benevolent churches however are in the foreign field.
The sinfulness of ungodlike movement which has spread all over our own country and has now become a world wide movement, which is under the control of a committee appointed by the General Assembly with J. Wilbur Chapman as the head.

A Unique Entertainment

This was the exclamatory expression used by the party of friends when Mrs. Geo. Gayar entertained at a "musical" (?) at their home on Tuesday evening.
Each member of the party contributed his or her share which was supposed to be musical, but Mrs. Gayar served a dainty luncheon and to the merriment were attached quotations from standard authors and poets relative to music. These were of appropriate souvenirs. The guests expressed a very ardent desire to "come again."

A CHINESE TITBIT.

Eggs That Have Been Preserved For a Century or More.
When Li Hing Chan made his tour of the world his compass was carried with him a supply of Chinese preserved eggs for the occasion and he had the opportunity to sample them. They were not so bad as we all thought they would be.
The eggs were found in a jar and when opened looked like pieces of marble stone. They are preserved in this way for the Chinese for a century or more, and Li Hing Chan admitted that the jar which had the eggs in it was a most ancient have been excavated anywhere from a quarter to half a century before he was born. The process of keeping very primitive, but as effective as it is simple. The eggs are first boiled hard, and then while they are hot they are wrapped in soft clay and packed away.
In the condition the Chinese claim they will keep forever and not lose their color or softness. Indeed, they consider that age improves the flavor. Li Hing Chan's commissariat brought the eggs for his personal use on his journey in rice baskets, but as the city was hard there was not much chance of breaking them. When opened the "white" was found to be almost black and the yolk green. The flavor, however, was preserved. The Chinese, who these preserved eggs are so desirable, most of their friends with them. They also enter largely into all their amusements.
Dark eggs are also preserved by the Chinese in somewhat similar fashion. There is a considerable trade in dark eggs of the Peking and Moscow variety and many Chinese in this country import them from China to the preserved condition. The dark eggs are sold and preserved in a most of a century or more of age—Harper's Weekly.

COUNTY HAS 8,681

Returns Show that County has Increased in Population.

INCREASE IS 772

Figures for Manistique Not Available But thought that Population will Exceed 5,000.

The official figures giving the population of the upper peninsula according to the census recently taken, have been published. They show that the population of the upper peninsula has gained 28 percent as compared to 10.1 for the state. Menominee county is the only county in the upper peninsula that did not increase in population.

Schoolcraft county's figures are a little disappointing. The population of the county is 8,681. Ten years ago we had a population of 7,889, and twenty years ago the population was 5,818. During the past ten years we have gained 792 and in the twenty years the increase is 2,863.

The population of Manistique has not yet been announced but it is safe to guess that it is at least 5,000 for there are few villages in the county that have a considerable

population, and more than one half of the county's population will necessarily be found in the county capital. The returns of the upper peninsula are as follows, also the totals for the twelfth and eleventh census, which provide a means of comparison:

Upper peninsula, total population, thirteenth census, 325,029; twelfth census, 261,362; ratio, 64.266.

Houghton county population, thirteenth census, 88,098; twelfth census, 65,008; eleventh census, 35,389.

Keeweenaw county population, thirteenth census, 7,156; twelfth census, 5,217; eleventh census, 2,894.

Googick county population, thirteenth census, 23,858; twelfth census, 16,738; eleventh census, 13,165.

Alger county population, thirteenth census, 7,079; twelfth census, 5,893; eleventh census, 1,288.

thirteenth census, 8,681; twelfth census, 7,889; eleventh census, 5,818.

Chippewa county population, thirteenth census, 21,472; twelfth census, 21,338; eleventh census, 12,419.

Iron county population, thirteenth census, 15,164; twelfth census, 8,500; eleventh census, 4,432.

Dickinson county population thirteenth census, 20,521; twelfth census, 17,890.

Lance county population thirteenth census, 4,011; twelfth census, 2,082; eleventh census, 2,155.

Mackinac county population, thirteenth census, 9,249; twelfth census, 7,761; eleventh census, 7,820.

Delta county population, thirteenth census, 30,108; twelfth census, 23,881; eleventh census, 15,320.

ROORBACKS HERE

Lossing Candidates are Becoming Desperate and the Evidence Forthcoming.

The hour for the camping roorbacks have arrived and with it a choice lot of stuff that is being circulated broadcast for the purpose of injuring the candidacies of Chase S. Osborn and Congressman Young. A sample of the scheme that is being worked to injure Young, is explained at length in another column. Wednesday a number of Manistique voters received dodgers from Detroit, in which it was stated that the fight was now between Kelley and Musselman, and that Osborn was not a factor in the race. The fates have decreed the defeat of Kelley and Kerr, and questionable methods entangled to for the purpose of securing support will have little or no effect. Every voter has long since decided for whom he will vote at the primaries next Tuesday, and roorbacks do no good and only show how far some men will go in an effort to secure political preferment.

Ice Cream Social.

The Ladies Aid of St. Francis de Sales church will hold an ice cream social in the Mosher building next Saturday afternoon and evening. Ice cream and cake 10 cents.

Mr. Vaker when you are handed your primary ballot next Tuesday do not fail to place a cross in the square before the names of every candidate for the office place a cross in the square before the name of the candidate you desire to vote for. Where there is but one candidate for an office place a cross in the square before the name.

ENDORSES YOUNG

Capt. Thomas Walters Comes Out for Hon. H. O. Young.

A PROMINENT CITIZEN

Of Ishpeming and Well Known in Every Portion of the Peninsula.

Capt. Thomas Walters of Ishpeming, who has always opposed Congressman Young's candidacies, he has been in public life, comes out in the Ishpeming Record with a strong endorsement of Mr. Young and advocates his re-nomination and election. He is one of the most influential citizens of the iron county, and his unqualified and hearty endorsement of Mr. Young's candidacies, means that he will receive the support of votes that much under conditions seem deflected to Kerr.

The letter in part follows: I am not a supporter of Hon. H. O. Young for re-nomination for congress from the twelfth congressional district.

Regarding this subject, I wish to make this opportunity to state to my friends that I am very strongly in favor of the re-nomination of Mr. Young to succeed himself in congress. I take this stand because of his past record and his zealous work for his community. There never has been a congressman that has secured more for the upper peninsula than Hon. H. O. Young, and he has been the alert at all times in looking after our welfare. He is a man of great ability, which he has shown on the floor of the house. At the time of the last revision of the tariff it was acknowledged in Washington, where I visited during the winter, that he made a very able talk and one of the best arguments that had been presented in favor of the tariff on iron ore. We are all aware that our president, Mr. Taft, insisted upon having iron ore on the free list. Our senior senator, Julius Caesar Burrow, took the fight up in the senate with Senator Aldrich and tried to insist on a 25 cent ton royalty, but an account of the president, this seemed to be impossible, and he did the very next best thing he could do, he secured by securing us the 15 cents on the raw material. Mr. Young fought nobly for the old duty or iron ore and was before the means of compelling the members of the house that there should be a duty and that iron ore should not be placed on the free list. Men of such ability and influence, it seems to me, should be retained, when they are willing to devote their time and energy for our welfare, and I do most

heartily wish that the voters of Marquette county and of the entire twelfth congressional district will feel the same about it is our duty to do any way in supporting for re-nomination both Hon. H. O. Young and Senator Julius Caesar Burrows.

I want to say further, showing the influence that Hon. H. O. Young has in the house, that for a great many years our representatives in congress have been trying to get a federal building for Ishpeming. This, they have all have failed to secure. They could not get a suitable site and the fee simple to the land. Mr. Young has taken this up and he has not an appropriation for a federal building in Ishpeming if a suitable site can be secured with the surface rights only. This, I am informed, was never but once before secured and the only second appropriation that has been made where they did not get the fee simple to the land, showing that he must be a man of ability and influence; and when we can get such men to give their time and energy, we should all do any little personal matter for the welfare and the good of our community.

BALDWIN ARRESTED

His Scandalous Attack on Osborn Gets Him Into Trouble.

HE IS CONDEMNED BY ALL.

Killed Musselman Sentiment Everywhere and Will Remove Him from Politics for All Time.

Editor Baldwin of the Escanaba Journal was arrested last Saturday on the charge of criminal libel. His formal examination will be held Sept. 9th. A demand has been made upon him to retract his defamatory statements concerning Mr. Osborn, and if he does not do so suit for \$20,000 will be immediately commenced against him. Mr. Musselman may also be proceeded against as it is thought that he paid for 40,000 extra copies of the Journal that were circulated and which contained the libel.

Attorney Warner of the Soo, who is Mr. Osborn's attorney, had charge of the preliminaries leading to the arrest, and in an interview he said:

"Yes, I came to Escanaba for the purpose of making complaint against the editor of the Escanaba Journal for libel at the request of Mr. Osborn. Ordinary abuse and vilification at the instance of political opponents would not be noticed, but the article published in the Journal is a criminal libel and should be prosecuted as vigorously and promptly as any other crime."

The continuance of the case or trial was necessary in order to secure witnesses and September 9, was named at the request of Mr. Baldwin's attorney.

No, the result of the primary election will have no effect upon the case—I made the complaint for the purpose of punishing a criminal and will certainly follow through to the end. I received a copy of the Journal containing the libel by mail addressed to me personally, and a copy was also mailed to my firm, each bearing a one cent stamp. I see by the Detroit News that copies of the paper marked "tamper eggs" have been mailed to every district in the state and am reliably informed that an edition of 40,000 was printed and mailed while the ordinary circulation is under 700. I am wondering where Baldwin got the money, as I understand the amount required would be somewhat beyond his means. I am sure it could not be possible that that eminent gentleman from Grand Rapids who is so vigorously championed by the Journal furnished it.

I have served the statutory notice requiring the publication of a retraction preparatory to the com-

mencement of an action for damages. I cannot say as yet whether any one defendant in that action. It all depends on what I can learn about where the money came from about the paper and pay for printing and mail that some one who is really responsible may be asked to respond.

A DIRTY DEAL

Opponents to Young Resorting to Reprehensible Methods.

Scandavians throughout the upper peninsula are receiving through the mails letters which read as follows: Ishpeming Mich. Aug. 100. "Mr. Young can get along with out the Swedish vote but it is in the interest of the people in this district to return to Congress such an able representative as Mr. Young has been. Therefore, help to pull up a big vote for him at the primary election next week.

(Signed) Campaign Committee."

The letters are all dated at Ishpeming, as can be seen, with only the month and year filled and were mailed at the railway post office and not through the regular channels.

Mr. Young wishes to announce that he has absolutely nothing to do with the authorship of those letters; that he has no campaign committee; that his letter was not posted out by any of his friends; but that they have been issued in the interest of the Kerr candidacy in an attempt to stir up a nationality feeling among the people of the district.

But, it's not alone among the nationalities that this attempt at dirty politics has been made. The Labor organizations, the different religious sects, the fraternal societies; members of all these bodies are receiving letters routing the same as the above with the name of the organization in serial in the place of the "Swedish vote" in the above letter.

It is a cunningly devised plot to stir up religious, fraternal and nationality strife among the electors of the peninsula and to prejudice them against Mr. Young and should receive the severest censure from every fairminded person.

Mr. Kerr's press last week gave out a warning: "Beware roorbacks." Evidently the warning was father to this attempt upon the part of the Kerr people to play as dirty politics as the upper peninsula has seen in many a day.

Miss Evelyn Ross will attend Bolsof (Wis.) college the coming year.
