GOVERNOR FERRIS WAS RE-ELECTED.

John defeated by Ferris Who Received a Plurality of About 20,000.

Ferris was re-elected governor of Michigan by a plurality that will exceed 20,000. The result is not surprising for Ferris had the united support of the liquor interests and it must be conceded that that support is a formidable asset in Michigan at the present time. The farmer vote was extremely light throughout the state. This was certainly the case in Schoolcraft county. The various townsides of the county cast about one-half their vote, and the vote in the city was also below normal. The remainder of the Republican state ticket was elected by large majorities, and twelve of the thirteen congressmen of Michigan are Republicans. James defeated MacDonald in the Twelfth district by at least 4,000 majority. Scott received a plurality of 5,000 in this district. McDonald, the Democratic candidate made a good run throughout the district, and by his defeat to the incumbent, James Baker, the Bull Moose candidate received.

Throughout the state the Progressives cast a very light vote. Pattiell received about 28,000 votes in the state. It looks as though the Progressive party would no longer be a factor in Michigan. In two short years it has slumped to a poor third. Throughout the country, the Republicans made a phenomenal gain of fifty-four members of congress, thereby reducing the Democratic majority in the House to a minimum. In the race the Democratic majority has been reduced to four. This showing proves that the average voter is becoming heartily tired of Democratic rule.

Wood's majority in this senatorial district will exceed 5,000. He receives a majority of about 1,600 in Chippewa county, the home of his opponent, Mr. Field. Field was elected representative of this district by a well nigh unanimous vote. Osborn received a majority of 98 in

Schoolcraft county. He also carried Marquette, Delta, Dickinson, Iron, Keweenaw. He plurality in the upper peninsula exceeds 2,000. That though ten county gave Ferris but 1,000 plurality is a surprise, as from reports it was thought that Osborn would not receive many votes in the copper country.

Mackinac county appears to be the leaner Democratic county in the upper peninsula for it was not content with giving Ferris a plurality of 600, but it gave McDonald a good majority for congress and elected its entire Democratic county ticket.

ACCIDENTALLY SHOT.

Miss Mary Stewart Received Gun Shot Wound in Elbow Wednesday.

Miss Mary Stewart, aged twelve years, was accidentally shot at the home of Mr. and Mrs. C. A. McIntyre, east of the city, Wednesday. It appears that a little boy aged six years, picked up a 22 rifle and playfully pointed it at Miss Stewart. He pulled the trigger and the bullet passed into her right elbow, inflicting a very painful wound, which may permanently disable that member.

She was brought to the Rutledge hospital for treatment. Miss Stewart is the daughter of Mrs. Alex Roberts.

Dr. L. B. Gibson, the wellknown eye and ear specialist is again at the Ossawinimack Hotel where those having defects of sight or hearing may consult him. Cataracts and cataracts removed. Eyes tested and glasses fitted and all diseases of the eye and ear successfully treated.

NEW BRICK BLOCK

Oliver Hart, who seemingly has overcome the handicap of location, is creating a handsome and commodious brick building at the corner of Cedar and Elk streets, in which he will move his grocery business as soon as the building is completed. Notwithstanding the fact that Hart has been doing business at a location removed several blocks from the business center of the city, he has enjoyed a trade that is equal if not superior in volume to that enjoyed by any other grocer in the city. His friends are pleased to see this evidence of prosperity upon his part.

WAS SHOT ACCIDENTALLY.

Henry Malthaupt Received Charge of Shot in Back While Hunting Sunday.

While hunting for birds Sunday, Henry Malthaupt was accidentally shot by his brother-in-law, Mr. Claire, who mistook him for a rabbit.

It appears that the hunters separated while in the woods, and Malthaupt, coming out some distance in front of Claire. He seated himself on a log, and Claire seeing the white game sack that Malthaupt carried on his back, took it for a rabbit and aimed away. The charge took effect in his neck, back and ears, but the distance was so great that their force was spent therefore only slight wounds were inflicted.

Malthaupt at once shouted that he was shot. This so frightened Claire that he was unable to go to his assistance. Malthaupt was also very much frightened, and when he felt the blood coursing over his face and back, determined to go to where Claire was. The men left for the city at once, and Dr. Wright was called to care for the injured man.

Mr. George Young, who has been employed on the government harbor contract during the past season, left for his home, Oshkosh, Wis., last Saturday evening.

COMPLIMENTARY TO MISS NICHOLSON

Several Social Functions Given for the Bride-To-Be.

Complimenting Miss Hazel Nicholson, whose marriage to Mr. Morris H. Barton will take place Tuesday, November the 10th, her sister, Mrs. William H. Thomas, entertained Saturday at a handsomely appointed luncheon.

Ward rose buds, amyls, and yellow satin ribbons beautifully adorned the two large round tables which seated besides the honor guest Mrs. Harry H. Parrish of Ithaca, Mrs. A. S. Putnam, Mrs. Carey W. Danton, Mrs. D. W. Ross, Mrs. R. M. Cooper, Mrs. W. F. Kofanver, Mrs. V. I. Hixson, Mrs. Lewis Allette, Mrs. H. A. Craver, Mrs. E. A. McMillan, Mrs. George Nicholson, Mrs. Post, Miss Blanche Hixson, Miss Dorothy Milledale, Miss Iva Ledstrand, Miss Edna Tucker, Misses Mary and Francis Mitchell.

The yellow color scheme was artistically carried out in the bouquets and bon bon plates, not to mention wonderfully attractive handpainted place cards representing tall glasses with a tiny cupid perched on the rim, and at each corner as favors stood tall slender individual vases holding a single ward rose.

A bride and a bride's book containing an interesting history of events were at Miss Nicholson's plate. After the bridge game which followed the luncheon the honor guest received a Delft tea set from her hostess and a handpainted rose jar from her other sister, Mrs. B. T. Baker.

The bride prize, a hand embroidered handkerchief, was won by Mrs. Crowe.

The house guest, Mrs. Parrish, received gifts from Mrs. Thomas and Mrs. Baker.

The hostess was assisted by Mrs. L. Yalonsstein, Mrs. C. R. Orr, Mrs. W. S. Crowe, Mrs. A. M. Leroy, Misses Marion and Edith Thomas.

WAS PRETTY HOUSE WEDDING.

A very pretty house wedding was held at the home of Mr. and Mrs. John W. Robertson, 127 Harrison Avenue, Detroit, Mich., when their daughter, Miss Gladys, was united in holy matrimony to Mr. Joseph P. Maxwell of Macdon, N. Y. The bride was attended by her sister, Miss Hilda Lawrence as brides maid and Mr. Andrew Casanora as best man and Mrs. Andrew Casanora as matron of honor. The wedding was held at 4 o'clock and the young couple left for the east on the D. & C. boat at 5 o'clock. They received many beautiful gifts and congratulations. They are at home to their friends at 127 Harrison Avenue.

One who has given the matter some study states that 401 less men are being employed in Manistiquette at the present time than were at work a year ago. Looks as though Democratic times had struck the town.

WON'T BE ABLE TO COLLECT, HOWEVER

D. S. S. & A. Passenger Rate Case Decision Will Come Soon Expected; Appeal Is Sure.

According to a Lansing dispatch a decision on the two-cent rate case, which the South Shore has taken to the supreme court, is likely to be handed down soon. Several thousand dollars worth of coupons are held in the copper country, these slips being given to ticket purchasers at all stations. The coupons represent one cent for each mile traveled. There will be an opportunity to collect soon however, as no matter how the case goes, the losing side will appeal to the United States courts.

When the legislature passed the two-cent fare for the Upper Peninsula the constitutionality of the law was immediately attacked by the South Shore. The taking of testimony has been going on for several months and volumes of data have been gathered and submitted to the supreme court. The road has been permitted to charge three cents a mile but a coupon has been returned when tickets were bought.

Even should the court hold the law constitutional it is figured the South Shore would be money ahead during the interim of the legal fight. There is no question but thousands of the coupons have been lost and the road would not be called upon to redeem them.

The report from Lansing says further that roads in the lower peninsula are going to ask the next legislature to repeal the two-cent fare below the state's claiming they are unable to make any money on their investment.

PROSECUTIONS IN STATE LAST YEAR, 41,319.

37,377 Convictions, Says Attorney General, 2,428 Acquittals in Year.

There were 41,319 prosecutions in Michigan during the fiscal year ending June 30, 1914, according to the annual report of Attorney-General Fellows which was filed today.

Of these prosecutions 37,377 resulted in convictions and 2,428 in acquittals. Dismissals on payment of costs totaled 1,064, and 1,311 prisoners were discharged after examination. The remaining 2,904 either occupied or evaded justice in some other way.

Cases of drunkenness easily led all others. A total of 10,847 cases of such character were tried. Of these 9,811 came under the head of disorders while the rest were under special statutes. Branch of the peace numbered 3,770 cases; simple larceny was represented by 2,795 and assault and battery, 4,226.

Many murder cases were tried. There were 51 of assault with intent to commit murder, first degree murder, 10, with only two convicted; second degree murder seven.

During the year the supreme court finally disposed of 27 criminal cases, and 20 are still pending. Three criminal cases were disposed of by the United States supreme court and none are now pending there.

During the year 43 incoming requests were passed upon by the attorney-general and 70 outgoing ones. The supreme court disposed of 10 mandamus cases in which the state was interested and 11 are still pending there.

In the matter of escheated estates the state collected \$656.40 while in the matter of inheritance tax, there was collected through the attorney-general \$18,771.35. Money collected from income and feeble minded in the state institutions for the state reached \$28,410.83. Of this sum Pontiac turned in the largest amount \$9,525.31 with Kalamazoo second with \$9,271.64. There was received in bank taxes from mutual and telephone companies \$3,073.14.

"DREAMY" SCANLON ON HIS WAY TO LOUISVILLE.

Frank "Dreamy" Scanlon, former southpaw for the Boys and who was sold to Louisville club late during the past season, left for Louisville where he has taken a position during the winter months.

"Dreamy" was accompanied as far as Chicago by "Sticks" Bryant who was also visiting here. Scanlon is well satisfied with his new position with the Louisville club and announced that he has already signed a contract for the season of 1915. "Dreamy" pitched the latter part of a game here this season for Escanaba against Manistique.

The Soo football team was defeated by the Alpena team in a score of 32 to 0. The Soo newspapers, commenting on the game, state that this was the first defeat that the eleven sustained this season. They evidently overlooked the fact that Manistique held the "roughnecks" down to a score of 6 to 6.

THIS is how news of the Real Tobacco Chew spreads! A man tucks the little chew of "Right-Cut" away—gets the rich tobacco taste and the comfort of it and feels so good about it that he just can't help talking about it to his friends.

Mellow, sappy tobacco—seasoned and sweetened just enough.

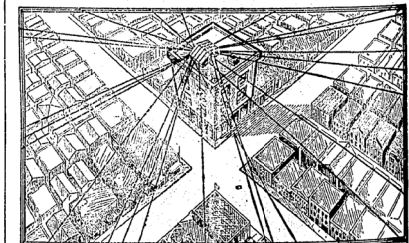

Take a very small chew—less than one-quarter the size of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Then let it rest. See how easily and evenly the rich tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end.

It is fine and short ahead so that you can't have a bad taste in your mouth. Or, if you are a smoker, it is good as it will yearn to be. Or, if you are a non-smoker, it is good as it will yearn to be.

One small chew takes the place of two big chews of the old kind.

**BORN ISSUES
A STATEMENT.**

Will of People and Sees a
Faded Party and Argues Success
Two Years Hence.

Concerning the re-election of Gov.
Woodbridge N. Ferris of Big
Rapids, Chase S. Osborn, candidate
of the Republican ticket for governor,
issued the following statement about
Wednesday: "The statement
is wholly untrue to the will of the people.
I have no complaint to make, no
will to find and no blame to fix. With
very much of my strength I willingly
offered to take the lead. I have
not given to another and I am happy.
Such a campaign as was made must
have been an indirectly stimulate
and government. In the last analysis
the individual must be thrown
out of the shadow if the sun is to shine
on the state.

Publicly the Republican party
was not sufficiently reunited to
the remains of success two years
ago now. Some one had to do the
work that I have done and I am
grateful to those who worked
with me and for me. Assuredly their
work has not been in vain. Finally
I feel no ill will towards any human
being on earth. My faith in the people
is unimpaired and my interest in
all doing is unimpaired."

CHASE S. OSBORN.
Mr. Osborn throned upon the fact
of his message to Governor Ferris:
Governor Woodbridge N. Ferris,
Big Rapids, Mich.
You have won a fine contest. My
best wishes are for Michigan and
for you. For two years more you
will be my governor as much as of
any other citizen. If I can be of ser-
vice to the state command me.
(Signed) "CHASE S. OSBORN."

**TEAM WAS
OUTPLAYED.**
Manistique Gave Gladstone a Dramatic
Defeat Last Saturday.

Manistique outplayed and defeated
Gladstone High school football team
9 to 0 in a fast game at Gladstone
last Saturday. Although the local boys
slightly outwitted the Gladstone
boys, Gladstone did not threaten a
goal at any time of the contest.
During the course of the game
Manistique accumulated 9 touch-
downs. Quick kicked seven goals out
of seven tries which more than made
up for his failure to come through the
goal in the two games. Holbeck
played the back field position for
Smith who is still under the weather
from a sore shoulder. Rubin and Mc-
Neil went in as substitutes and gave
a good account of themselves. The
game was featured by clean fast
tackling and lack of fumbling was
very gratifying. Every time during
the game when Manistique got the
ball a touchdown was recorded with-
out losing possession of the ball. This
gives Manistique a clear lead over the
two owing to securing 32 points
over Gladstone.

The line up was as follows: Patten-
son, Cochrum, L. E.; Rubin, Verlin L.
T.; Rediker, L. G. Havlichek, C.
Kemp, R. G.; Nicholson, R. T.; Mor-
row, R. E.; Brunette, Q. B.; Quick, I.

CONVENIENCE FOR FARMERS.

White Marble Lime Co. Has Constructed Potato Warehouse.

The first step toward putting this section of the Peninsula on the potato buyers map was taken when Col. Mott persuaded the farmers to confine their crop of potatoes to two or three varieties so that it would be possible for potato buyers to procure straight carloads of one variety.

Another step has now been taken by the White Marble Lime Company, who in order to provide storage for the large crop of potatoes raised this year on the old Brassel Farm, has erected on its property east of the lime kilns, a modern warehouse for the storage of perishable farm produce.

The building which is now practically finished, has a 24-inch stone wall up to the level of the drive way and a superstructure of concrete. It has a storage capacity for about 20,000 bushels divided into bins of from 500 to 1,000 bushels each. The building is heated by steam piped into it from the boilers in the quarry plant, and the walls are perforated with holes to insure a free circulation of air. The temperature can be regulated and the contents thus protected against frost.

Trains drive directly into the building where the potatoes are unloaded from the wagons into the bins, and when ready for shipment are taken directly to the car, without exposure to storm. Railroad tracks run alongside the building.

Mr. George Nicholson, Jr., president of the company, designed the

and gave his personal attention to the construction of it. In conversation with the writer, he explained the same. When the market for potatoes is low, they can be put in storage and kept in first class condition until the market improves. The White Marble Lime company does not expect to have enough of its own potatoes to fill the building to its capacity this year, and is offering to store potatoes for any one who may want to avail himself of the space at 25 cents a bushel for the first month, and one-half cent per bushel for each additional month. The warehouse will be open once a week to give opportunity to purchase storing potatoes, or other commodities, to inspect their property. With the market in its present overstocked condition, many potato raisers are storing their crop.

The building also offers excellent facilities for the storage of apples, vegetables, also household goods.

CHILD FATALLY BURNED.

Gertrude Bennett the Victim of a Halloween Lark.

Gertrude, the nine-year-old daughter of Mr. and Mrs. Wellington Bennett of 315 Armand street, was fatally burned Wednesday night and died from her injuries the next evening. Accompanied by two other little girls, all three being attired in Halloween costumes of light material and carrying "Jack-o'-lanterns" with lighted candles, she visited the home of Mrs. Elmer Hunt of Bingham avenue, to show the latter their make-ups. In some manner, the candle set fire to the child's clothing, and screaming she started for the door. Mrs. Hunt was unable to catch her before she reached the lawn, where the wind fanned the spark into flame. Three men who were passing saw the child's peril, and one of them, Clarence Stonehouse, wrapped his overcoats about her and smothered the fire, severely burning his hands while doing so. The child succumbed to her injuries after suffering for over 24 hours. The remains were taken to Howell, Mich., the former home of the family, for burial.—Soo Times.

Mr. Bennett attended the tournament of the gun club here last summer, and met a number of our citizens while here, who sincerely sympathized with him in his sad affliction.

The Baptist Ladies Aid Society will serve a Turkey supper in the church parlors Wednesday, Nov. 11th from 5 to 8 o'clock. Admission 35 cents.

ORGANIZE POTATO ASSOCIATION.

Seven Agriculturists to Make Fight for Better Grade.

The Menominee County Potato Growers association has been formed here with 17 charter members. The purpose of the association is to grow certified seed potatoes and tend to increase the standard of potatoes in this county.

It is probable that the work of marketing and advertising will be carried on in a cooperative way and the association will adopt labels and slogans and carry out a thorough campaign for the potato industry.

An annual fee of 75 cents will be collected from each member, 25 cents of which will go to the state and the remainder will be paid into the home treasury. The state fund will insure an inspector to visit the fields two or three times during the season to detect and cure disease and wrong conditions. An inspector will also inspect the potatoes when they are dug and determine if they are to be sold as certified seed potatoes.

Officers elected were: R. L. Nye, Supt. of the Menominee County Agricultural school, president, B. S. Peters, vice-president, W. F. Oberdorfer

secretary and C. J. Salewsky, treasurer. The first annual meeting will probably be held during the short course week to be held at the cultural school in March, 1915.

HAVE MANY MEMBERS.

There Are Now Sixty-Five Thousand Odd Fellows in State.

According to the report of Grand Secretary Fred A. Rogers of the Odd Fellows, submitted at the Flint, Mich. convention, there were at the close of the fiscal year, 64,572 members of the order in Michigan, and he estimated the total is now over 65,000. "Boosted meetings held during the year, 1912, 102 subordinate lodges of the state cured many new members and help revive interest. During the year ending June 30th there were 341 lodges in the state, which made a net gain membership. American Eagle lodge of Detroit, made the largest gain, totaling in 114 new members, and Diamond lodge, of the same city, was second, with 101 new members.

Diamond lodge, of Detroit, is reported to have the largest membership, 1,179, while American Eagle lodge, of the same city, with 1,121, a close second.

During the year 1913 Michigan passed Massachusetts, and is now the seventh state in point of membership in the country.

The amount of money spent in relief to member was \$116,441, or a daily average of \$321.71 during the entire year.

Thursday of last week, Braulio House, Billings and Ketchum made flying trip on their motorcycles to Garden, Fayette and Fairport. The trip going over was made in 2 hours and 30 minutes to Fairport. Return time can be made if necessary. The boys all report a fine time and hope to be able to make another trip in the future to snow flies.
