## DEATH OF MRS. E. N. ORR AT CHICAGO.

Her Death Was a Sequel to a Surgical Operation at a Chicago Hospital.

Mrs. Elmer N. Orr died at the Presbyterian hospital, Chicago, Sunday morning at an early hour, as the result of an operation that had been performed about ten days prior to her death. While the many friends of Mrs. Orr knew that her condition was grave, yet they were hoping that she would improve, and that her life would be saved. The telegram announcing her death shocked all.

The deceased had been in poor health for some time, and it was deemed that an operation was necessary. She was taken to Chicago by Mr. Orr and Dr. Ross, and the operation was performed shortly after her arrival at the Presbyterian hospital. Mrs. Gertrude Hart of Holland, Mich., the daughter of Mr. and Mrs. Orr, joined them at the hospital, and accompanied her father to the city Monday morning. While Mr. Orr and Mrs. Hart were staying near the hospital, yet they were not called until after Mrs. Orr had passed away.

Mrs. Orr was born in Steuben county, New York, on March 26th, 1857. She became the wife of Mr. E. N. Orr on November 28th, 1878, in the state of New York, and came to Manistiquie with Mr. Orr in the spring of 1879, and resided here continuously since that time. Aside from the husband she leaves a daughter, Mrs. Gertrude Hart, of Holland, Mich., to mourn her untimely demise.

The deceased was very highly esteemed by her neighbors and acquaintances. She possessed a passion for beautiful flowers, and was happiest when caring for them. The grounds surrounding the Orr residence were always a vista of beauty, during the summer months.

Heaven has always been depicted in song and prose as being a place of superlative beauty. Flowers are the most beautiful things that this earth contains, and it does not require a stretch of the imagination to believe

that flowers occupy a prominent place in the decoration of the house—made with hands—eternal in the bosom. The one that loves the handiwork of the Creator and lives a consistent christian life—things that characterized the sister that has so recently passed away, will walk the golden streets, and revel in the beauty of the habitation that so many in a feeble way, are striving to attain.

She was a consistent member of the Presbyterian church, and attended the various services, including the mid-week services, when her health permitted. She was also a member of the Eastern Star Chapter, and for a number of years, filled offices in that order.

The funeral services were held from the home on Walnut street, Wednesday afternoon at 2:30 o'clock. Dr. J. R. Mitchell, pastor of the Presbyterian church officiated. The services were largely attended and the remains were laid to rest in Lakeview cemetery.

The floral offerings were profuse and beautiful, attesting silently to the high esteem in which she was held in the community.

The members of the bereaved family have the sincere sympathy of the entire community.

## A LECTURE COURSE NEXT WINTER

The Womens Reading Club Have Perfected Arrangements for Another Entertainment Course.

The Womens Reading Club has decided to give Manistiquie the benefit of another lecture course during the coming season.

The excellence of the course the club conducted last season is an index of what is in store for the community next season. The series was very largely patronized last season, and without doubt the ladies will have little trouble in disposing of a larger number of tickets for the coming course.

## LIGHTNING CAUSED A LOT OF DAMAGE.

Several Houses Damaged During Prevalence of Sunday Afternoon's Storm.

During the storm last Sunday afternoon more or less damage was done by lightning to several residences in Lake-side addition. The homes of Mrs. C. W. Williams, Mr. Charles Taylor and Archie Snow were struck, and the most damage was done at the Williams' home. There the fluid followed the chimney into the garret, and Miss Williams unaware of the fact that the house had been struck, went upstairs to close the windows owing to the down pouring rain. When she reached the second story it was filled with flames.

At the telephone wires were out of commission in that portion of the city; it was some time before the fire department reached the residence in question. The fire was quickly extinguished and perhaps, more damage was done by water than by fire.

At the Taylor residence, the fluid followed the telephone wires into the house, knocking a hole through the side of the house between the front door and the hall window. The plastering was knocked off the walls in the vicinity of the wires. At the Snow residence, several bricks were knocked from the chimney. The telephone wires in front of the Glenn residence on Range street was melted and the ends dangled over the electric light wires to the ground forming a dangerous situation. One man that happened to touch the wires received a terrible shock.

It certainly was fortunate that no one was killed as the result of the strike.

The Steamer Saugatuck, of Escanaba, will give an excursion to St. James, Beaver Island, Mich., Saturday evening, July 17. The boat will leave here at 7 p. m. arriving at St. James at 10:30 p. m. returning, leave St. James, Sunday at 6 p. m. Round trip \$1.00.

Mrs. Edwin Kahlfleisch entertained a number of friends in honor of Mrs. E. L. May, of Syracuse, N. Y., Monday afternoon. Bridge was the entertainment of the afternoon. Those present were Mesdames May, Edmondson, Campbell, Knowlton, Currie, Rutledge, Thomas and Gustafson. Prizes were awarded the keeper of honor and Mrs. Knowlton.

## UNDERHILL IS BROUGHT TO BAY

Attorney With Frenzied Finance Record, Brought to Manistiquie by Sheriff.

Mr. H. H. Underhill, who conducted a collection agency here last winter under the name of the Acme Adjustment Co., and who managed to "soak" Manistiquians to the amount of more than \$600.00, was brought to this city Monday evening from Detroit by Sheriff Orr.

It appears that he resorted to every known scheme to nudge his friends and patrons. He issued checks when he had no funds in the bank to meet them, appropriated amounts that he had collected for clients, and forgot to pay legitimate indebtedness incurred by him for supplies, board, etc. The "straw that broke the camel's back" was the disposal of a watch that he had purchased from Jeweler Hall on the installment plan. The ownership of the watch remained with Hall until the watch was paid for. He pawned the watch.

He was persuaded to come to Detroit on Toledo, in order to meet one of his Manistiquie friends, and the "friend" happened to be Sheriff Orr. He was arraigned in Justice McKinnon's court Tuesday and the hearing was adjourned until Saturday morning. Being unable to receive bonds, he is "rustling" at the county jail until such time as when his case will be disposed of.

Money Tied Up. Must Go to England To Sell Securities.

Nine months in the northern woods of Ontario, where hardships autumn pleasures to such an extent that the latter is scarcely known, riding on dog sleighs and tramping through snow-covered forests from one mission to another, and over deserted trails, mixing with all types of woodsmen putting aside the garb of civilization and donning the furs of the wilderness, are the experiences of Rev. G. G. Harper Reade, the Episcopal clergyman, here of Blind River, Ont., who is being held in the county jail on a charge of passing between \$1,000 and \$2,000 in worthless checks on a bank in London. For about a half-hour an Evening News reporter sat with Rev. Reade in the county jail and chatted principally upon the minister's late life and his present predicament.

**PRIMARY SCHOOL MONEY.**

Auditor-General Fuller and Superintendent of Public Instruction Fred L. Keeler have fixed the primary school appropriation for the coming year at \$7,845 per pupil. The appropriation is made as of the money in the primary school fund up to July 15th, based on the return of 829,410 children of school age. This is the largest single appropriation ever made since the law made only one appropriation a year for the schools. The total amount in the fund for distribution is \$6,437,318.50, and the appropriation warrants will be fixed up by the state treasurer within the next few days and the money sent to the various school districts entitled to it.

**METHODIST EPISCOPAL CHURCH SHOWS PROGRESS**

The Fourth Quarterly Conference of the above church was held on the 8th inst. District Superintendent D. J. Reade and the report showed that the church had a very prosperous year in nearly all departments. There is a net increase of 11 members to date with several probationers to be received. Finances are in better condition than for several years and the stewards hope to close the church year without additional levies for the current expense account.

The Ladies Aid society has been very successful under the able leadership of Mrs. Winn. Over \$400.00 has been raised to date with prospects of being able to increase this amount before the end of the year. (September.) The Society with commendable enterprise has rented the vacant store building near the Fire Hall to aid in entertaining the numerous visitors at the forthcoming Firemen's Tournament.

Mr. Jacob Pattinson received a certificate of election as delegate to the Lay Electoral Conference, with Mr. Joseph Pattinson as alternate. The laymen's conference meets in Port Huron in September to choose a delegate from each district to attend the General Conference which meets in New York, N. Y. next May. The annual conference which also meets in Port Huron will elect an equal number of Ministerial delegates to the General Conference.

The quarterly conference with many words of kindly appreciation, and by unanimous rising vote, requested the return of the present pastor for a fourth year.

The funeral was held from the Wood chapel, in Doyle township, Tuesday, Rev. Mitchell officiating.

**INJURED BY FALL MONDAY**

Mr. Curran of the Wood's district was badly injured Monday by being thrown from a buggy while going to the McKenzie funeral. A portion of the harness broke allowing the driver to drop to the ground. The driver, frightened, threw the horse, who made a quick turn, throwing her to the ground with great force. She landed on her shoulder and bruised the ligaments of the shoulder in such a manner as to displace her for some time. She was able to get home, but was brought to the Rutledge hospital for treatment.

## CEMETERY NEEDS MORE AREA.

Local Cemetery Must Be En-  
larged Very Shortly as Pres-  
ent Site is Becoming  
Congested.

The local cemetery association must  
acquire additional land within a very  
short time as the present "city of the  
dead" is becoming populated to such  
an extent that few if any lots are for-  
sale.

The only direction in which the  
cemetery can be enlarged is to the  
north, and the association is at pres-  
ent conferring with the officials of  
the Consolidated Co. relative to ac-  
quiring additional acreage in that di-  
rection.

A visit to the cemetery will con-  
vince the most skeptical that an im-  
mense amount of improvement is be-  
ing made in its appearance. A great  
many of the lot owners are paying  
the association \$3.00 per year to  
care for their property, and in conse-  
quence the various lots thus cared for  
have the appearance of a well kept  
lawn. It is a matter of regret that  
some of the owners are careless in  
this matter. They are unwilling to  
pay the more annual pittance, and do  
not spend their own time in keeping  
their property up to the standard es-  
tablished by the association. The trees  
planted a few years ago, are growing  
finely, and are the cemetery's most  
valuable asset of beauty.

In Mr. Larson the association has a  
saxton and caretaker that cannot be  
duplicated anywhere. He is constantly  
on the job, and has an absorbing  
interest in his work.

**PRESBYTERIAN CHURCH.**  
10:30 a. m. Theme "Did Christ  
have absolute confidence that his plan  
of saving the world by just dying for  
it, would be a success? And do you  
think it will be?"  
12 m. S. S. Mr. C. R. Orr Supt.  
Everybody is invited to attend it. No  
evening services on the Sabbath dur-  
ing the month.

**CAN YOU BEAT IT?**  
At the recent school election of Hiaw-  
atha township there was a false re-  
port circulated that, in the event of  
certain candidates being elected, the  
school-buss-transfer-system would be  
inaugurated. No matter how often  
some people are hooked by the smooth  
oily fisherman, there are always a

good supply of suckers tumbling over  
each other in their efforts to grab any  
old kind of bait that may be thrown  
to them. Such political intrigue does  
not work to the best interest of the  
schools and is highly disgusting to  
OBSERVER.

Eugene Carrington of Green Bay,  
was in the city yesterday in the inter-  
ests of the oil company of which he is  
representative.

Rev. Stevens of the Episcopal  
church will leave during the fore part  
of August on a vacation trip that will  
include Minneapolis and Chicago. He  
will hold services here on August 1st,  
and during his absence Rev. Frederick  
Grant of Dixon, Ill., will hold services.

Mr. Hieok, who is in charge of the  
hand department of the Consolidated  
Lumber Co., after having examined  
many tracts in this county, says that  
the residents of this county have no  
conception of the immense amount of  
good land there is in the county.  
Lands that are deemed practically  
worthless by the residents can easily  
be converted into first class farming  
land.
