FALLS FROM DOCK--DROWNS

Edward Floyd Falls from Dock Into River Friday Night and Perishes.

The lifeless body of Edward Floyd, fisherman, was discovered early Friday morning in the water between the Coffey and the Cannon falls by lighthousekeeper T. W. Wilson who in his boat returned from the lighthouse and tied up his boat to the dock.

Sheriff Orr was notified and the removed to Gunnarson & McFarlane's establishment to be prepared for burial. It was not deemed necessary to hold an inquest as it without doubt was an accident.

The deceased had been in Beaver Island and followed the work of a fisherman and had been in Manistique during the past three weeks making his home on the fish traps most of the time as he was not working while here.

On the day of the accident he had been seen intoxicated by several people and the fact that partly filled whiskey bottle was found on his person leads to the belief that he wandered down to the dock and fell in and in his intoxicated condition was unable to get out and either drowned or perished from exposure as the accident happened.

Besides the bottle a letter was found in his clothes addressed to his sister Kate in St. Ignace in which he asks her to send his suitcase containing his clothes and also \$25.00.

Edward Floyd was born on Beaver Island and had followed the trade of fisherman all his life going between Beaver Island, St. Ignace and this city. He is survived by two brothers, Edward and Frank Floyd of Beaver Island and a sister Kate at St. Ignace.

Frank Floyd arrived from Beaver Island Saturday in Mike Gulls gunboat C. and C. and on Sunday the remains of his brother, back with him for burial.

MARRIED.

At the Presbyterian Manse on Dec. 2nd, 1915, by Rev. Dr. Mitchell, William Gage and Mrs. Ametta Anderson.

ENTERTAINED BRIDE-TO-BE

Complimenting Miss Charneel Kelso, Miss Edna Tucker was the hostess at a pre-nuptial Friday afternoon, the time was spent delightfully, and after the games each guest was requested to write a wish in letters for the bride-elect. They were later read and made much merriment. The tables were decorated with tiny Christmas trees and red ribbons, as Miss Kelso's wedding will take place during the holiday season. Among the guests were: Miss Kelso, Misses Ross, Misses Currie, Miss Middlebrook, Miss Chisholm of Ironwood and Miss Bjork of Crystal Falls, who was a guest of Miss Kelso's.

Miss Kelso was presented with a beautiful hand painted china picture and Miss Chisholm won high honor at bridge.

ALEX McCANNA DIED SUNDAY

Former Resident Died Sunday at Minneapolis After Short Sickness.

Henry McCanna returned yesterday morning from Minneapolis where he was called by the serious illness and death of his brother Alex McCanna who passed away Sunday night after an illness dating back several months.

Alexander McCanna was born in Painted Post, New York State, March 1, 1856, and was nearly sixty years of age and came to Manistique about 21 years ago and followed the woods and the river most of the time.

Later years he worked as brakeman on the M. & L. S. Ry. and moved from here to Gladstone and to Minneapolis about five years ago. He was a hard working man always of a cheerful disposition and well liked by all he came in contact with.

He is survived by a wife and four children and also four brothers and two sisters as follows: John, Ontonagon; William, Redlands, Calif.; Charles, Portage, Wis.; and Henry McCanna and Mrs. Geo. K. Moody of this city and Mrs. Fred Smith, Waukegan, Ill.

The funeral was held Wednesday morning from St. James Catholic cathedral.

CALLED BEYOND TUESDAY MORNING

James Norton Died Tuesday at Grand Rapids--Will Be Buried Here.

James Norton an old and respected citizen was called by death Tuesday at the home of his son, Russell with whom Mr. and Mrs. Norton had been making their home during the past three months.

Although Mr. Norton had been suffering from hardening of the arteries during the past three years there was nothing indicating that death was so near at hand. He was taken sick while at the table and it was only a short time afterwards that the end came.

The remains arrived here yesterday morning accompanied by Mrs. Norton and son Russell and owing to uncertainty of the arrival of some of the relatives no definite arrangements have been made for the funeral as the paper goes to press.

James Norton was born in Port Huron, Mich., April 22, 1845 and was about seventy years ago when he died.

Forty-five years ago he came to Manistique and was in the employ of the Chicago Lumbering Co. nearly all the time he was here.

On Dec. 18th, 1873 he was married to Ida F. Witter, the ceremony being performed by Mr. M. H. Zwick. Mr. Norton was a veteran of the Civil war, having served in First Michigan Sharpshooters and was the relative war a prisoner for eleven months in the Andersonville prison. He was a member of the local post G. A. R.

Besides the widow the deceased is survived by four sons as follows: Orville, Charlevoix; South Dakota; Fred, of this city; Strohm, Berlin, Wis.; and Russell of Grand Rapids.

The deceased family have the sincere sympathy of the community.

HANDLE FACTORY STARTED.

The Manistique Handle factory started part of its machinery going this week and it is expected that they will start full blast next week. During the time the plant was closed many repairs and improvements have been made as well as several new machines installed greatly increasing the facilities of the plant.

SUGGUMBED TO BURNS

Thomas Powers the old man who was severely burned some time ago in a shack near camp 2 and later was taken to the county hospital, died there Tuesday as a result of the injuries received.

Not very much is known about the deceased, only that he was about 72 years of age, had a family and three children somewhere else that he claimed to be a Civil war veteran.

For a number of years he had lived alone in a shack working at times with the intimacies of old age permitted him to do so.

The remains were prepared and buried from Sven Johnson's undertaking rooms Wednesday.

FORMER RESIDENT DIES THURSDAY

Carl Klagstad Passed Away at His Home at LaPorte, Ind., Thanksgiving Day.

Relatives of Carl Klagstad in this city received a telegram Thanksgiving day, stating that he had succumbed to the grip fever on the morning of that same day.

The deceased had for over a year been suffering from diabetes but had been able to follow his avocation as an artist up to the time of his death. His condition became alarming on Monday and from that time on he kept on sinking until the end came.

The funeral was held from his home in LaPorte on Sunday afternoon.

Carl Klagstad was born in this city April 24th, 1873 and was 42 years of age at the time of his death. He spent his boyhood days on the Klagstad homestead and in the city until he was about seventeen years of age, when his brother August took him to Chicago where he learned his profession and later moved to Manistique, Ind., where he remained three years.

During the last twelve years of his life he made his home in LaPorte following his work as an artist in which he was very proficient. During all the years he lived away from Manistique he managed to break away from work at least once a year in order to again roam over the places dear to him from his boyhood days.

He was married in 1905 to Miss Hulda Bowman of LaPorte, Ind., who with two children survive him. He also leaves three brothers, Nels and Magnus of this city and August, of Minneapolis; and two sisters, Mrs. Mary Larson of St. Paul, and Mrs. Joseph Verlin of this city.

The many friends of the Klagstad family in this community have the deepest sympathy in the bereavement of the second member of the family during the past two months.

NEW HEAD STATE ANENT THE FARM IS NAMED KLAGSTAD DEATH

The following article was taken from the La Porte Indiana Daily Herald about the death and funeral of Carl Klagstad:

Carl F. Klagstad, well known and popular LaPorte, artist and musician, died at 10:15 yesterday morning at his home 1077 Second street, an illness which, though it continued for a long time, was not considered acute until shortly before his death. He was in Chicago for three weeks, up until last Monday, when he came home in a critical condition. He was taken from the station to his home in a carriage and state of collapse. Diabetes was the cause of death. The illness first became manifest about a year ago. Carl Klagstad was born in Manitowish, Mich., April 24, 1878, and was educated in the public schools of that city. He was an artist of high ability and studied art for six years in Europe with his brother, August.

The Minnesota conference on charities and correction has organized a committee on social legislation, to include any organization, institution or society engaged in social service.

The board of directors elected by the members meets weekly during the legislative session and submits in writing to the members such laws as are pertinent, asking for action, or advice, as the situation may demand.

The two bills for which the committee has felt particular responsibility are: (1) To create a commission on the revision and codification of laws relating to children; (2) a law to establish a state reformatory for women.

MASONS TO GO TO MARQUETTE

A large number of Manistique Masons expect to attend the ceremonial of the Mystic Shrine at Marquette, on Dec. 10th.

Unusual interest is shown in the plans for the session, a fact due in no small measure to the action of the consistory in postponing last summer's session to avoid a conflict with the meeting of the grand commandery of the York rite in Houghton county.

It is also of special interest to the princes and others of Houghton county that the program will provide for special memorial services in honor of the late Charles Smith of Hubbard, illustrious grand inspector general of the thirty-third degree. Frat. A. J. Jeffers of Painesdale, sublime prince, will deliver the memorial address. Special memorial services will also be held in the chapeau of Rose Croix in honor of Elphinstone E. Scribner late of Ishpeming and formerly most wise master of Pennington chapter of Marquette valley.

It was as singular a phenomenon as that witnessed by a former physician of St. Ignace who left here, many years ago, to go on a household visit of Portage township, near the big Manistique lake. In the spring, the outlet of the lake is backed up by the floods that swell the main river to overflowing and as a result, the water flows back into the lake.

DECISIVE ACTION WAS TAKEN

Board of Education Passes Resolution Fixing Dec. 28, 1915 as Time for Holding Bond Election.

The board of education, at a meeting held late last week, decided to call a special election for Dec. 28, 1915, at which time the voters qualified to do so, shall vote on the proposition whether or not the city be bonded in the sum of \$125,000 for the erection of a high school building.

The building in contemplation is being described in another column and from its description it is patent that the board is peering into the future, as well as anticipating and providing for present needs.

The need of a new building is so apparent to all that it is a waste of time and space in discussing that feature.

The voters of the city, the Pioneer-Tribune confidentially believes, will almost unanimously endorse the bona fide for they know the need of the proposed improvement. The heavy taxpayers and manufacturing concerns are unanimously in favor of the proposition and if this is the case the small tax payers who will be called upon to pay 50 cents or less per year in case the bonds carry, should be sufficiently public spirited to not only advocate the process of the election but also vote for the issue.

The greatest heritage any parent or community can bestow upon a child, is to give it a good education.

Manistique thus far has had an enviable reputation in the conduct of its public schools. It has kept pace with the schools of the state relative to course of study, but it has been deficient in providing suitable buildings and facilities for the scholar.

The proposed bond issue will provide Manistique with a high school building of importance to the city, and will fill a long felt want in respect to the community life. Heretofore all public meetings in which the schools are interested, have been held either in the local theater or in the various churches of the city. The plans for the new building provides for an auditorium ample for the needs of the community for decades to come.

The resolutions passed by the board follow:

Whereas, the Board of Education of the public schools of the City of Manistique has heretofore determined, and does hereby determine, that a greater sum of money is required for the erection of school buildings than can be raised under the provisions of the existing laws.

And that it is necessary to raise by loan, the sum of One Hundred twenty-five thousand dollars (\$125,000.00) for the purpose of paying the cost of the erection of such buildings;

Therefore, Resolved, that it is necessary to hold a special election of the qualified voters of the Public Schools of the City of Manistique for the purpose of passing upon the following question:

Shall the Public Schools of the City of Manistique raise by loan upon the faith and credit of said district, a sum not exceeding One Hundred twenty-five thousand dollars (\$125,000.00) for the purpose of paying the cost of the erection of school buildings, and to issue the bonds of a district, therefor, such bonds to be for such term or terms as the

Board of Education may determine. Further Resolved, that such special election be held on the 28th day of December, A. D. 1915 at the Central School Building in the City of Manistique. The polls of said election shall be open at nine o'clock in the forenoon and shall continue open, without interruption or adjournment, until the hour of eight o'clock in the afternoon, at which time they shall be finally closed.

Further Resolved, that the manner of stating said question upon the ballot shall be as follows:

Shall the Public Schools of the City of Manistique borrow a sum not exceeding One Hundred Twenty-five thousand dollars (\$125,000.00) upon the faith and credit of said district, for the purpose of paying the cost of the erection of school buildings?

Yes [] No []

Said ballots shall be prepared and procured by the Election Commissioners to be appointed by this board.

Further Resolved, that in all things not herein or by law otherwise provided, said election shall be conducted as provided for the annual election of trustees in said district.

Further Resolved, that the date of the time, place and object of said election be given by publishing such notice in each of the two newspapers of the City of Manistique, and by posting people of such notice in ten public places in said city, at least fifteen days before the said election.

OPENING OF "DRY" CAMPAIGN

Hon. Grant M. Hudson, Speaker, December 14th, Tuesday at 8:16 p. m. is the date set for the inaugurating of the County Option Campaign in Schoolcraft county by the "dry's."

The opera house has been secured and it ought to be packed. Hon. Grant M. Hudson of Lansing is a powerful speaker, and will repay all who have the chance to hear him. It is also expected that there will be a male quartet, which will render some temperance selections. It will be a rousing meeting from start to finish. People from the country are urged to be at this meeting. East Grand Forks, Minn., one of the wettest cities known, went dry last week, and Monday last the county jail was empty for the first time in many a month. It has had one to 120 drunks in it each morning. What other counties are doing. Schoolcraft can and will do. Are jalls better empty or filled? Give our people a chance and they will say what they want. Get under the movement and fill the opera house Dec. 14th.

LOST HUNTER FOUND ALIVE

James Cowman Got Lost on West Branch Sunday, Found Monday.

Chas. Pussenheim, James Cowman, James and John Weber, Tom Kendall and Ray Smith were driven up to Arrowhead's homestead early Sunday morning to enjoy a day's hunt before the close of the season.

They were joined by George and Sebastian Weber and Mr. Murphy and all started out together and by eight o'clock Mr. Cowman had become separated from his party and was lost.

Shots were fired to signal the lost hunter but they received no answer and a vigorous search was made by his companions until dark, but with no result and becoming alarmed they came to the city and secured help.

About thirty old hunters and hand-lookers responded and went up on the West Branch Monday morning and a systematic search was made and certain signals arranged for in case the lost hunter was found.

Among those who went in search of Mr. Cowman were: Fred. Orr, F. N. Cookson, Geo. Leonard, Joe. Chen-cho, Jack Proctor, Jim Carrey, and W. S. Bannon.

At about noon Monday some of the searching party heard the signal and hurried to the spot found that Chas. Pussenheim and Emil Knuth had found the lost hunter alive and comparatively well considering his experience.

He had succeeded in killing two rabbits and was not worried very much as he knew he would not starve, and during the night had built a good fire keeping him comfortable when day came he did not move very far from his fire and intended to return to the same place in case of necessity.

Walter Lammus, Traveling Man Breaks Arm Wednesday in Auto Accident.

While coming from the depot in the jitney driven by Harold Wismer, a traveling man by the name of Walter Lammus from Boston was thrown out of the machine and broke his left arm, just below the shoulder.

Just when Wismer was coming along Cedar street, a team belonging to Aug. Winkel which had been standing outside Mrs. Brook's place, turned to the middle of the road and the only thing the driver of the jit-

ney could do in order to avoid a collision with the team was to run the machine up on the walk outside of Mr. Nelson's hospital.

The job of the machine threw Mr. Lammus headfirst out of the auto to the pavement with above named result, and he was carried into the hospital where his injuries were attended to and was later removed to the Ossawimamek Hotel, where he is now resting comfortably.

Mr. Walter Lammus built for Boston and represents a firm that handles chemical supplies and has been here on several occasions doing business with the chemical people here.

On the day of the accident he had just arrived from Escanaba on the morning train and got in the auto in order to go to the hotel previous to calling on his customers.

READING CLUB ENTERTAINMENT

Dana Walden, Noted Magician Appears Here Dec. 10th.

Dana Walden, Magician, appears Friday evening, December 10th at the Gero Opera House as the third number in the Women's Reading Club Entertainment Course. The Club has been most fortunate in securing this unique and interesting entertainer as Manistique audiences have seldom had the opportunity of witnessing such marvelous exhibitions as he presents.

Most magicians carry with them assistants. Most magicians require extensive baggage. Mr. Walden needs no assistants and almost no baggage to perform his magic, and is therefore unique in his profession.

One feature of Mr. Walden's work is chirography, from the French word chevron, which consists of impersonations given with the aid of a hat brim. Until you see this clever act, you scarcely realize into how many shapes a hat brim can be turned, nor how greatly one's appearance depends upon the style of headgear.

Among the impersonations are: Woodrow Wilson, "Teddy" Roosevelt, Napoleon Bonaparte, Tuff, Saffronette, etc.

Every one of his acts of magic is an absolute surprise, and you can not afford to miss this entertainment as it is practically worth the price of your season ticket.

Owing to this number coming so near the holiday season, the price of single tickets have been placed at the low sum of fifty cents, to enable all to attend.

Sents will be on sale Tuesday, December 7th at the office of the Manistique Light & Power company.
