PROHIBITION ISSUE CONFRONTS VOTERS AT POLLS MONDAY

Michigan To Vote On Repeal Of 18th Amendment By Special Ballot

Wet Or Dry Delegate To Represent Alger District At Convention

At next Monday's general election the voters of the Alger District, which includes Alger, Luce and Schoolcraft counties, will elect one delegate to the state convention for the ratification or rejection of the 21st amendment to the United States constitution. This amendment would repeal the 18th amendment.

Whether the Alger District will vote wet or dry depends upon which candidate is selected. Two candidates are on the ticket, L. B. Chittenden, of Manistique, who is pledged to vote wet, and George A. Baldwin, of Manistique, who is pledged to vote dry.

Procedure of the convention is outlined in the Heidkamp bill which authorizes the convention for the repeal of the national prohibition amendment.

The delegates so chosen (April 3) will meet in convention in the hall of the House of Representatives on the tenth day of April, 1933, at 10:00 o'clock in the forenoon. A majority of the delegates will constitute a quorum for the transaction of business, but a smaller number will have the power to adjourn from day to day and compel the attendance of absent members. The lieutenant governor will be president of the convention.

They shall adopt their own rules of order, and shall be the absolute judges of the election, qualification and return of their own members.

The secretary of state will certify the names of the delegates and the districts they represent. The delegates will take the seats according to the list of delegates in their districts. The lieutenant governor will attend the opening of the convention and will call the delegates to order. He will then direct the secretary to read the communication from the secretary of state certifying the names of the delegates and the districts they represent. The secretary will arrange the names in alphabetical order and roll call will follow.

The delegates will then take the constitutional oath of office administered by the president of the convention.

A journal will be kept and published. The convention will be open to the public at all times.

Home Talent Show Being Planned

A talent show is being planned at the high school auditorium the week of April 16, the exact date to be set later.

Inland Lakes Are Closed April 1st

Conservation authorities call attention to the fact that fishing in inland lakes will cease on April 1st. All lakes are closed during the month of April as well as during the month of May. There are many fish stocks remaining on the lakes and all these should be removed before the ice becomes dangerous. Leaving a shag on through the ice is in violation of the law and the Fish Commission is warning to boat motoring in the summer.

Farm Accounts To Be Closed Monday

"The farm account records which have been kept during the past year by a number of farmers in Schoolcraft County will be closed on Monday, April 3," says Leo Stewart, county agricultural agent. Messrs. H. A. Berg and J. Schott, county agents, will be assisted in this work, as well as to start the cooperation of the 1933 record. Each cooperator has been assigned a definite hour for meeting with Mr. Berg or Mr. Schott.

Those who have not kept a record in the past may start their 1933 Farm Account Book at the Boardman School held under the direction of Mr. Berg at 1:00 p. m. of that day. Any farmer who wishes to cooperate in the 1933 record, this school, who desires starting a record of their 1933 farming operations.

MUNISING PEOPLE VIEW MODEL SHIP

John Hallen Exhibits Model Which Will Be Seen At World's Fair

John Hallen's model of the famous old craft, "The Caliph," created and modeled in a most interesting manner when it was displayed at Munising last week. The model was shown at an exhibition at the World's Fair in Chicago by Mr. Hallen.

A huge, nine-foot model of a once famous full-rigged sailing ship, "The Caliph," fashioned from the blueprints furnished by the builders of the original craft, will be displayed by the builder, John Hallen, of Manistique, in the Maritime hall, commencing this afternoon, as a benefit for the milk fund for school children.

The exhibition will be staged in connection with the Scout benefit show and 50 percent of the proceeds from the nominal admission charge will be donated to the milk fund.

The model is an exact replica of the original, built in 1869 by Alexander Hall and company, of Aberdeen, Scotland. In the fall of 1931, shortly after he had been injured in an automobile accident while touring in Wisconsin, the work progressed, Mr. Hallen's interest grew. Before coming to this country from Sweden, many years ago, Mr. Hallen had learned the pattern-maker's trade and this knowledge was of invaluable help to him on the ship model.

The motion regarding back salary was approved by Councilman Lied and the motion for a regular monthly salary was made by Councilman Carlson and supported by Councilman Lied.

APRIL FOOL

A VOTE FOR DILLMAN IS A VOTE FOR SCHOOLCRAFT COUNTY

Curtailed of state highway work would be a night time thing for the big cities of Michigan where there are nothing but ribbons of concrete.

However, that's just what the Democratic candidate for state highway commissioner pledges to the people of Michigan. Here is his pledge:

"On completion of the program already contracted by Republican administration, no new road projects except badly needed connecting links will be built."

Maintenance of state trunk line highways, \$90,024.91. Do you want to stop this inflow of revenue into Schoolcraft County? If you do then vote for the Democratic candidate. If you want to continue to receive this aid from the state vote will be cast for Grover C. Dillman.

What would the taxpayers of Schoolcraft county be up against right now if it wasn't for the road work that is being carried on? The taxpayers would be paying for the upkeep of hundreds and hundreds of families who would be solely dependent upon the poor commission.

The Democrats will tell you that the work is not necessary, that we are not getting value received for the money expended. But let them tell you what we would do without this form of relief at the present time. If they can give you any kind of a satisfactory answer we haven't as yet heard it.

The Democrats are making a great fight for the state highway department. It would mean a lot of jobs for Schoolcraft. But the people of Michigan aren't interested in the passing out of patronage. They are interested in efficiency in government, no matter whether the job is handled by a Republican or a Democrat. Governor William A. Comstock hasn't made any radical changes in the personnel of department heads. In fact, he has re-appointed many Republicans because they have handled their jobs in a manner that was for the best interests of all the people.

RUTABAGA GROWERS ARE GIVEN ADVICE

County Agent Specifies Seed That is Adapted To The Upper Peninsula

"A few farmers might do well to take advantage of the growing of rutabagas for table stock," says Lee Stewart, county agricultural agent. Seed should be secured of the Canadian Gem variety from the Superior Potato Growers, Inc., of Marquette, Michigan, if table stock is to be produced, since only this variety will be marketed as table stock next winter.

The marketing of rutabagas the past winter has been worth while in some instances and in others disastrous. Sufficient rutabagas have been marketed however, to prove beyond any doubt that if Upper Peninsula growers will concentrate upon one variety and follow Canadian methods as to production and grading, that they have a right to expect as good a price as is being paid Canadian producers. Considerable investigation has been made to find out how Canada is handling this crop. It is further planned that Mr. Heath of the South Shore Railway will spend a number of days in the Province of Ontario for the investigation of their methods of growing rutabagas.

Some sharp contests for supervisor and other township offices are expected at Monday's general election as a result of the many slip candidates who have entered the field. Five battles are on for supervisor with two present incumbents in opposing positions as primary, as candidates on slips. The latter two are Angus McDougall, of Genesee, and Ralph Merwin, of Doyle. McDougall was beaten at the primary by William Brain and Merwin lost out to Matthew Briney.

Frank J. Bell, who was nominated for supervisors in Genesee township, will have a slip candidate against him in the person of Charles Smith. William F. Bauers of Mueller, who was unsuccessful in the primary in opposing Supervisor E. J. LaPorte slips, Henry Orschel, who ran second in the primary in Ironwood township, is opposing Supervisor George Gray on slips.

The three supervisors who have no opposition at the coming election are Charles H. Howard, H. W. Hatcher, Ed Fitzgerald, Thompson and Ross Klagesat, Manistique.

There are also a number of warm slip contests for some of the lesser offices.

M. H. S. Debates In Saginaw Friday

Manistique residents are looking forward with much interest to Friday night when the local high school debate team meets Arthur Hill High of Saginaw, in the latter city. The local team, Leon Willoughby, Clayton Burrell and Jack McIntosh, in company with Coach Preston Tammis, left for Saginaw today. If the locals win they will win in the finals for the state championship.

Desertion Charge Dropped In Court

Charles J. Jenour was dismissed in justice court Tuesday afternoon. Following the examination, Mrs. Marge Jenour, complainant, requested that the complaint be withdrawn and such action was recommended to Justice W. G. Stephens by Prosecuting Attorney William Sheehan. Testimony in the case was given by the complainant, and the following: Frank Foushain, Elwood Taylor, Beattie Hamilton, Mary Ucell and Lawrence Jenour.

80TH BIRTHDAY

Judge Edmund Ashford on Saturday, March 25th, celebrated his eightieth birthday anniversary. The judge has been confined to his home by serious illness for many weeks but the fact that he was able to be up and around on his birthday is steadily improving in health. Many friends called on Saturday to pay their respects and many presents were received, including a large number of beautiful flowers. Judge Ashford wishes to express his sincere thanks for the many kind expressions.

ACTION IS TAKEN ON DELINQUENTS

County Ties Up Timber Products Cut From Lands When Taxes Are Due

Evasion of taxes on delinquent lands by taking the timber off and leaving the land reverts back to the state is being closely checked in Schoolcraft county, according to the county attorney William J. Sheehan. Considerable timber, including ties, posts, etc., were seized by the county during the past week. The county attorney has advised that the complaint be withdrawn and such action was recommended to Justice W. G. Stephens by Prosecuting Attorney William Sheehan. Testimony in the case was given by the complainant, and the following: Frank Foushain, Elwood Taylor, Beattie Hamilton, Mary Ucell and Lawrence Jenour.

U. Of M. Professor Will Be Speaker

One of the year's outstanding programs will be presented Tuesday afternoon, April 4, when the Manistique Women's Club will meet at the regular meeting at the Elks' temple. At this time Professor A. Mykysens, of the University of Michigan, will appear on a return engagement, having spoken in the city last year. Professor Mykysens was exceedingly well liked on his previous visit to the city and his address on "Personality" is expected to prove equally as interesting. The Women's Club has invited all women teachers of the city schools to attend the meeting.

CHIEF INTEREST IN CONTEST FOR HIGHWAY OFFICE

Large Vote Is Expected At General Election On Monday

Polls Open From Seven To Six; Special Ballot On Wet And Dry

Four parties are on the general election ballot that will be submitted to voters who go to the polls next Monday. They are the Republican, Democrat, Socialist and Prohibition. Polls in the various precincts of the county will be open from 7:00 o'clock in the morning until 6:00 in the afternoon. Although there are no local issues in the City of Manistique it is expected that there will be a large vote.

Interest centers in the fight for state highway commissioner between Grover C. Dillman, present Republican incumbent, and Murray D. Van Wagner, Democratic candidate. Another question to be submitted on a special ballot, that of repeal or ratification of the Eighteenth Amendment is also regarded as an important issue. L. B. Chittenden, of Manistique, is pledged as a delegate for repeal of the amendment while Grover C. Dillman, of Manistique, is pledged as the delegate for ratification. One of these candidates will be elected from the Alger district to attend the state convention to be held at Lansing April 10th.

A record vote is expected in the rural precincts of the county as a result of many warm contests for township offices. The Tribune, as usual, will collect the county returns which will be made available to the public as they come in. Candidates for state offices on the various tickets are as follows:—George M. Clark, John S. McCubbin, George E. J. Cartwright, John W. Myers, Prohibitionists.

Regents of the University—Donald E. Johnson, William L. Clemons, Webster H. Pearce, E. H. Henshaw, Frank M. Cook, Democrats; H. J. McFarlane, Sarah Pagan, Socialists; Espurgon D. Gostelow, Mary Philip Hopkins, Prohibitionists.

Superintendent of Public Instruction—Webster H. Pearce, Republican; Paul F. Volkler, Democrat; Walter G. Bergman, Socialist; Charles C. Breneman, Prohibitionist.

Member State Board of Education—Fred A. Jeffers, Republican; George MacLaurin, Emil Johnson, Charles G. Watson, Democrat; Charles G. Watson, Democrat; Edith E. Luttenbacher, Prohibitionist.

Member State Board of Agriculture—Rogers C. G. Gamm, M. J. Halseid, Charles E. Frank, Democrat; C. W. Gamm, Frank Bennett, Socialist; Dr. Judson Black, William J. Johnson, Prohibitionists.

County Highway Commissioner—Grover C. Dillman, Republican; Murray D. Van Wagner, Democrat; Charles Staff, Socialist; Edmund S. Stacks, Prohibitionist.

City Election Boards follow: First Precinct—Inspectors: George MacLaurin, Emil Johnson, William Marlin, Clerks: Nora Hansson, Helga Swanson. Second Precinct—Inspectors: Roy Roberts, Frank Glady, Charles Marlin, Clerks: Gladys Downing, Anna Christensen. Third Precinct—Inspectors: Ralph Danielson, Frank Gorsche, Mrs. B. A. Craver, Clerks: John I. Jennings, Ed. Carrington. Fourth Precinct—Inspectors: Arthur Schofield, William Stewart, Gust Nelson, Clerks: Myrtle Kiefer, Bertha Decker. C. W. Gamm. The following places are designated as polling places for the spring election: First Precinct—Ward's Paint Shop, S. Mackinac avenue. Second Precinct—Hiawatha Hotel, A. Mackinac avenue. Third Precinct—City Hall, River street. Fourth Precinct—Park Hotel, Mrs. Arns avenue.

Because they are not political, two of the most important officers to be elected April 3rd, do not receive the attention they deserve—justices of the Supreme court. Justices McDonald and Clark are candidates for re-election on the Republican ticket.

WARNING

Ours is supposed to be a government of the people, by the people, and for the people.

It is a government of the people without a doubt. You are being governed right now.

If it is to be by the people you must do your share by voting when the times comes. Otherwise it will be a government by some one else.

And to insure that our government is for the people, again it is up to you.

Unless you go to the polls on election day and vote, then in case our government should ever fail you would be the guilty party.

YOTE It does not matter to what political party you may belong, go and vote. Then you will have done your share, and not until then.

ARMY DAY APRIL 6TH

Governor Comstock has issued a proclamation designating Thursday, April 6th, as Army Day. It is of state wide observance in commemoration of accomplishments of American armies in peace and war.

The history of the American army is the story of a glorious legion that has never sheathed its sword except in the cause of liberty.

It has written its victories into the hearts of men and women throughout the world. Its banner has ever been free from the stain of conquest; it has always stood as the protector of a free people—a mighty force for national weal during every storm that has beat down upon the nation.

You are invited to pay tribute to the men who have marched beneath the red, white and blue in all the years that are gone. It is a special privilege that is being given you as an American citizen.

HE IS HUMANE

The legislature has extended the 200 hour tor procuring automobile license plates until April 1st.

We suspect that behind this humane treatment of the distressed motorist can be found the sympathetic support of Secretary of State Frank D. Fitzgerald.

There is one official in Michigan who can incorporate human equation into the affairs of government it is Frank Fitzgerald. He is himself of the main people. His early struggles in life have given him a sympathetic understanding of the severe strain through which we are passing; it is not surprising to find him cast in the role of official relief during a time of stress.

Such a type of man in the governor's chair would promise much for the public weal.

THE DILLMAN POLICY

It must be adequately clear to the people of Michigan, that even during the stress of a political campaign it has not been necessary for Grover C. Dillman to trim any of his sails to meet the storms of political strife.

His administration of the highway department remains just as it has always been—honest and efficient. He has no nostrums to trade an unsuspecting public in return for votes.

He has repeatedly stated that he prefers defeat to making his office a stamping ground for hungry job hunters and the special privilege boys.

Nor should the public be deceived by the promises of the opposition. To stop all highway construction at this time means the money now going into new roads would be used to feather the nest of a horde of welfare workers in Detroit and Wayne county at the expense of the rest of the state.

The present weight tax returns to the counties more than they pay back in state tax. If it is deemed wise to make any change in this tax the agricultural sections of Michigan should see to it that their interests are protected.

Mr. Dillman can be safely trusted to suggest such changes as will benefit the people of the state as a whole. His constant and continued fidelity to public trust should find its reward at the April election.

SEEN AND HEARD IN OUR TRAVELS

Our attention has been called several times in the manner in which some truck drivers carry through the business section. The trucks are referring to those that are hauling pulp and other wood. With trucks and trailers loaded high, these trucks pass through the downtown business sections sometimes at a rate of speed that is extremely dangerous.

character would make them ineligible for such important positions. A bill providing for this sensible emergency relief and training of the Senate the writer, who is a direct member of the House on March 23rd. It is expected that several such bills will be introduced in the summer of 1933.

Dillman Urges Change in Laws

Lansing, Mich., March 30.—State Highway Commissioner Grover C. Dillman today took the lead in securing welfare laws in letters to Michigan's senators and congressmen declaring that it was "imperative" that Reconstruction Finance Corporation laws be changed.

Mr. Dillman pointed out that the federal government was helping Michigan to feel its unemployment. Since the federal government served its ultimatum on Michigan, no other state official has endeavored to devise ways to secure the needed assistance, he declared.

The Reconstruction Finance Corporation has notified Michigan that unless the state makes some provision for welfare aid, future aid will be stopped.

With few exceptions Michigan municipalities have pledged all available resources with R. F. C. for the funds that have been received and utilized for relief.

The Michigan Highway Department has pledged its future federal highway aid for R. F. C. funds which are being used for work-relief and which at the present time are providing a livelihood for 25,000 families.

"A year ago, the Highway Department expended more than \$12,000,000 of its funds for this purpose. This year because of the

blat beer agency secured by Liedt's Beer Co. will be wholesale distributors for Blatz beer; made in Milwaukee, when the government's program of 3.2 beer is inaugurated in Michigan. The beer firm is already repairing the saw house on the Saw Line tracks formerly used by the Minneapolis Brewing company. Governor Comstock announced the other day that he expected the state legislature would act upon the beer bill in time for the law to become effective here by April 17.

We think that some of those who wanted any old change last November to feel that they got just that.—Detroit Free Press.

When he reported to police that thieves had robbed him of two cases of beer Theodore Wyffels of Blainham, Canada, was arrested for selling liquor and sent to jail for 60 days.

"Fireman saw my sole," is a proverb in Salt Lake City, Utah, where firemen are remaining shoes for the needy between attacks. J. P. Steiger, 70-year-old veteran of Mount Vernon, Ind., is cutting a new shoe-sole.

The tea-cup puzzle craze, which has become the evening relaxation of a nation whose whole daytime conversation is devoted to financial mazes, is finding its way into printed silks, that will be shown in the near future.

You can't glue crystal beads and such apart all the way around your neck, not at least, and feel comfortable about it—but you can string them on the new "invisible" wire that jewelers in Paris are making.

The wire is so fine and pliable that the beads are strung and knotted in place so that they actually look as though they were fastened to the neck with nothing in between them. The crystal bead invisible wire necklace is designed especially to be worn with the new white satin and etre dresses destined to be of such importance this summer.

A raincoat of waterproofed crepe de chine in white is trimmed with broad bands of black and green. Interest centers on the sleeve treatment below the elbow in scalloped, buttoned and puffed detail. The buttons are large brass ones.

Cottons and silks, plaids and checks, dark and light, spring blouses can answer any requirements. Dotted swiss is one of the newest fabrics to be seen on the country fancies. In navy blue it is one way to give the light suit a fluff ton. The collar is a fluff ruche and the sleeves are short.

Helpful Hints A half-cup of ammonia in the washing machine will keep white clothing snowy and will also keep the colored clothes more brilliant and clear colored.

Floor boards that are covered with linoleum sometimes creak, owing to dryness from lack of moisture. Rub linoleum on the boards and paint the boards liberally with hot linseed oil.

If you are sewing on delicate white goods that you particularly want to keep clean, powder your hands occasionally with talcum. Then if your hands should perspire, the powder will take up the moisture and will not spoil the dainty garment.

If the piano is near a heat register or radiator, keep a pan of water under it. When the water evaporates, refill the pan. This will give the piano the necessary moisture it requires.

When using inexpensive cuts of mutton or lamb for stew, add sliced okra and tomatoes along with the meat and give more flavor to the dish.

After using the washing machine rub the rollers with talcum of flannel dipped in turpentine. All stains and dirt will disappear, leaving the rollers like new. Wash before using again. The turpentine will preserve rubber.

Requested Recipes Drumsticks One pound veal, one-half pound pork, one-half cup fine crumbs, salt and pepper to season, one teaspoon poultry seasoning, one egg, two tablespoons water, six to eight skewers. Cut pork and veal into pieces about one and one-half inches square. Put a piece of veal on a skewer and then a piece of pork and alternate until five pieces are on the stick.

Dip into the egg, slightly beat and mixed with cold water, salt and pepper. Dip into cracker crumbs and then brown in a frying pan in a few tablespoons of fat. When well browned add salt, pepper and the poultry seasoning. Put a piece of veal on a skewer and then a piece of pork and alternate until five pieces are on the stick.

Three-fourths cup corn meal, one and one-half cups boiling water, one and one-half tablespoons salt, one tablespoon sugar, two tablespoons fat, one tablespoon caraway seed, two cups mashed potato, one-fourth cup lukewarm water, one cake yeast, six cups rye meal (rye graham) and two cups wheat flour.

Stir the cold water into the corn meal until smooth, place over fire, add the boiling water and let cook, stirring constantly, about two minutes, or until it forms a mush.

VOTERS-Attention!

IN THESE CRITICAL TIMES when the principals of Democracy are at stake and when the rights and interests of the people have been so shamefully forgotten by the party in power during the last few years and when extravagance in governmental operation seems to have become a habit with those we have entrusted with public office and the public money, and when want and privation stalks among the masses of the people, then it is time the people make a change.

The job was begun last fall. We must finish it now. Give your Governor a chance to bring about the reforms in our State you want brought about by putting into office with him men who are in sympathy with Democratic principles. Complete your official State group by voting the Democratic ticket April 3rd! Give Governor Comstock the full pack and he will give you a NEW DEAL, but don't expect to win if you let the other party keep the axes up its sleeve!

Add salt, sugar and fat and let stand until lukewarm. Add the mashed potatoes and the yeast, which has been dissolved in the one-fourth cup of lukewarm water and then the egg and the light. Add melted lard, sugar, salt and rest of flour.

Knead until dough is very elastic and does not stick to fingers or to board. It may require more flour. Return it to a greased bowl and rub with a very little fat to keep a crust from forming and to allow it to rise easily. Cover and allow to stand in warm place until it has doubled in bulk. Divide dough into two equal parts and form into loaves. Put in slightly greased bread pans, rub with a very melted fat and put in warm place to rise, allow to stand until double in bulk. Bake in hot oven, 425 degrees Fahrenheit, for about 25 minutes, then reduce heat to one cake compressed yeast, six 375 degrees for about 220 minutes and one-half to seven cups flour, longer. Take from oven and put on Scent milk and add water, cool to cake cooler.

"Stop Making America the Financial Milk Cow of the World"

(Note: The following is a copy of the editorial written by W. D. Welsh and published in the Manistique Pioneer-Tribune, Manistique, Michigan, on March 29, 1933. It was read before the Manistique Rotary Club on the evening of March 29, 1933. An interesting discussion followed.)

(By William D. Welsh)
Gentlemen of the United States Congress:
This appeal comes from Port Angeles and the Olympic peninsula of Washington state, where industry, fisheries, mining, farming, shipping, commerce and labor of a once prosperous people have been trampled underfoot by a devastating and unfair competition from nations whose currencies are depreciated. It is not the selfish appeal of one class of Americans...

How Your General Election Ballot Will Look
Instruction Ballot, Schoolcraft County, April 3rd, 1933

One thousand salmon purse seiner and trolling boats, besides numerous halibut boats, of the Washington fishing fleet, operated out of Quillayute and Neah Bay harbors, several miles north of Port Angeles, during the spring, summer and fall season. For countless years these boats have been a sight and preserver of men, all home owners, boat owners and taxpayers. Under this deplorable condition...

Exports to new high levels. While Japan was menacing the salmon, sardine and tuna trade of the United States, she also was in France—completely capturing the 1932 French fish market while the United States shipped that nation a bare five tons of fish. The deplorable condition of the Japanese yen turned the tide. The United States railroad and passenger steamers are losing millions of dollars in business for the reason that American dollars buy more passage on vessels and railroads of debased currency nations...

Don McNeill, formerly with WPMJ, has stayed for two years with the National Broadcasting Company as the "Two Programmers," a comedy sketch first presented to many audiences from San Francisco to the first west coast. Following three months of sustaining (non-commercial) broadcasts, McNeill's return to Milwaukee and WPMJ. He may now be heard with the "Tune Tinkers" orchestra.

The principal reason for this situation is the competition which our industries face from countries whose currencies are no longer on the gold standard. By reason of the depreciation of their currencies, these countries enjoy a preference in the markets of the United States ranging from 25% to 45% for imports from Scandinavian countries and 50% to 60% for imports from Germany.
