UPPER PENINSULA AFFAIRS MEET AT BLANNEY SATURDAY

Schoolcraft Co. Is Alotted \$152,034

Ten Communities In Upper Peninsula To Be Represented

INFORMATION IS RECEIVED ON THURSDAY

Apportionment Was Made At Meeting Of State Highway Department Tuesday

According to an announcement made Thursday morning by John McGeehy, county highway engineer, Schoolcraft county has been allotted \$152,034 by the Michigan state highway department. Apportionment of relief funds to Michigan counties was made at a meeting of the state highway department Tuesday, and represents the division of the \$32,300,000 available to Michigan out of the \$200,000,000 appropriated by the federal government for highway relief work. This money was allocated to Schoolcraft county on the basis of apportionment announced in Bay Wagoner, state highway commissioner, which is one-third for area, one-third for trunk line mileage and one-third for population. This money will be spent for road work on federal aid roads and on trunk lines in Schoolcraft county. This money, however, can be used only for relief work and not for trunk line mileage or light-of-ways. This means, according to Mr. McGeehy, that light-of-ways may have to be done by them. Apportionment made Tuesday to neighboring counties by the state highway department follows: Alger, \$116,846; Lapeer, \$92,818; Mackinac, \$123,977; Chippewa, \$20,644; Delta, \$167,212.

Hundreds Attend Outings Sunday

Sunday was picnic day in the vicinity of Manistique, as three picnics attracted hundreds of local residents into the open to enjoy the fine weather and participate in the festivities. The Woodmen of the World band picnic at the Arrowhead Inn grounds was attended by about 500 persons, while the two other outings—one by the Lutheran Brotherhood of the Zion Lutheran church at the August Carlson farm and one by the Escambia Commanchee at Hiwatah Shores, Indian Lake, were attended by large delegations of the respective organizations. The W. O. W. picnic, besides providing a day of wholesome entertainment for local people, netted the band a nice profit.

ECONOMY ACT IS EXPLAINED TO VETERANS

Sydney J. Allen, State Rehabilitation Officer, Gave An Instructive Talk

Tracing the history of legislation affecting disabled veterans of the World War, Sydney J. Allen, rehabilitation officer for the Disabled Veterans association in Manistique, Michigan, pointed a graphic picture of how the disabled war veterans will fare under the new economy act sponsored by the present national administration. Reviewing previous congressional acts affecting disabled veterans, Mr. Allen told his audience of war veterans in the Legion Memorial cottage Monday evening that the first legislative act was known as Congress shortly after the end of the war. Fully 1,100 amendments were subsequently added to this act, and it became so unwieldy that, in 1924, a new act was passed known as the War Relievement Act. This embodied the provisions of the original act and its multiplicity of amendments, he stated.

Road Commission On NRA Schedule

The Schoolcraft county road commission is now working its provisions in accordance with the provisions of the national recovery act, it was stated yesterday by John McCarthy, county road engineer. With the exception of the office forces, which is working on a 40-hour week schedule, all employees are now employed 35 hours a week. The act provides for a 35-hour week at a minimum of 30 cents an hour. However, the county road commission will adopt the same wage schedule as the state highway department. Announcement of the new state wage program is expected in a day or so.

MAY HOLD FAIR 14, 15 AND 16 OF SEPTEMBER

Tentative Dates Announced This Week By Manistique Legion Post

Installation of officers elected several weeks ago and the drafting of further plans for the Legion County Fair were announced yesterday as principal business for the regular meeting of the Manistique post, American Legion, Thursday evening in the Legion Memorial cottage. Tentative dates selected for staging the fair are Thursday, Friday and Saturday, September 14, 15 and 16, and arrangements are going forward to make it an outstanding exposition, both from the educational and the entertainment standpoint. Members of the Legion held two special afternoon meetings last week. W. E. Thomas, secretary of the county fair association, presented figures at these meetings showing the revenue and expenditures of last year's county fair. Officers to be installed Thursday night were elected at a meeting several weeks ago and are as follows: Commander, Ernest Smith; vice commander, George Dupont; adjutant and finance officer, Harry Johnston; welfare officer, Dr. A. R. Tucker; historian, Edward Gray; chaplain, E. R. Monroe; sergeant-at-arms, Albert Anderson; American chairman, H. H. Wilson; two new members of executive committee for three year terms, Dr. A. R. Tucker and Neil Halsey.

Principal's Office Is Open Next Week

R. H. Wilson, principal of Manistique high school, announced this week that he will be in his office at the high school building on Tuesday, Wednesday, Thursday and Friday of next week, from 1 to 3:30 o'clock, for the purpose of registering all non-resident students who wish to change their courses. Mr. Wilson urges all such students to try to see him on any of these days to avoid the confusion of last minute registration. Several calls have been received by the principal from both boys and girls who wish to work for their room and board while attending school this fall. Anyone desiring help of this kind is asked to call Mr. Wilson.

TO PICK CHAMPION U. P. SPUD GROWER

Will Be Selected This Year Although District Show Will Not Be Held

The best Upper Peninsula potato grower for 1933 will again be selected by the Upper Peninsula Potato Growers' Association, according to D. L. Clannahan, secretary. The district potato show will not be held this year, Mr. Clannahan says, but the feature of that show, the premier growers contest, will be carried out. Entrants in the contest must grow at least three continuous acres of potatoes and will be judged on yield, quality, type, freedom from disease, and cost of production. The following prizes will be awarded in the contest, according to Mr. Clannahan: 1st, \$25.00; 2nd, \$20.00; 3rd, \$15.00; next eight, \$10 each. The rules of the contest as outlined by Mr. Clannahan are as follows: The grower must have at least three continuous acres in the crop. He must be a resident of the Upper Peninsula and a member of the Potato Association. Membership fees are \$1.00 a year. He must keep an accurate record of time of men, horses, equipment used in producing the crop. Special cost of production blanks are available at the county agent's office and at the Extension Office in Marquette. A number of these are already in the hands of growers. In order to arrange for properly checking the yields it will be necessary for all growers to check their yields on or before September 15, 1933. The growers are urged to pick a grower sample of 32 potatoes from each acre. The plan was shown in the open class at the show to be held during Farmers' Week at the Michigan State College. The winner of this contest will be eligible for the State Champion Premier Grower, providing his average is five acres or more. Also all growers with five acres or more and a yield of 300 bushels per acre or more will be eligible for the Michigan 300 Bushel Club. The Upper Peninsula has had this contest since 1911 and 1922. John Delongchamp, of Marquette county, won the 1931 contest with 568 bushels per acre, while John Eliola, of Baraga county, won the 1932 contest with 586 bushels per acre.

Program Is In Charge Of Manistique Club; Webster Pearce To Speak

Members of upper peninsula rotary clubs will gather for their annual Round-Up Saturday, August 26, at Blaney park. Delegations from 10 upper peninsula communities have accepted invitations to attend, and it is expected that from 100 to 150 Rotarians will be present besides members of the Manistique club. Delegations from Munising, Grand Island, Marquette, Escanaba, Gladstone, Marquette, Iron Mountain, Hancock, Houghton and Ontonagon have promised to attend. The program for the event is under the supervision of the Manistique club, with George A. Shaw, former president of the local organization, heading the arrangements committee. A program of featured entertainment has been drafted, ranging from instructive addresses on Rotary activities to a schedule of sports which contain a liberal intermixture of humorous features. The program will be a banquet at 6:30 o'clock in Cell-block Tavern and Bear Creek lodge, and the speaking program which will follow in the community hall. Webster Pearce, president of Northern State Teachers college, Marquette, will be the principal speaker. District Governor Dr. John Bruce McLaren, of Appleton, also is expected to be present and to give a talk. The sports program is slated to get underway at 2 o'clock in the afternoon. Tennis, golf, swimming and basketball will be featured. A trip to Paul Bunyan's camp are numbered on the program. Of special interest to Manistique is the soft ball battle slated to take place. The local team will defend its championship title against all other teams in Michigan. It has won the championship for the last several years, but had no chance to defend last year because local ball was omitted from the sports program. The Round-Up for the past few years has been conducted on Grand Island in Marquette. The early closing of Hotel Williams this year, however, brought the annual gathering to Blaney Park.

LEGION CARD TO BE GIVEN FRIDAY NIGHT

Will Commence At 8 O'clock In Manistique High School Gymnasium

Two New Boxing Boys And Comic Event Added To Entertainment Slate

An evening of fast boxing and wrestling entertainment is scheduled for Friday evening, August 25, in the gymnasium of Manistique high school, when the Manistique post, American Legion, presents a new attraction, the "Back" Jackson, local fight promoter. The show will start at 8 o'clock and a large crowd of local boxing and wrestling fans are expected to be present. A ring was built this week in the center of the gymnasium by Mr. Jackson and several assistants. It is a substantial structure and will give the contestants plenty of room for aggressive action. Two additional boxing events have been added to the date announced last week, besides several rounds of comic boxing put on by two local glove wielders. The new bouts will feature Chris Leonard, 150, taking on Kid Hutchison, 150, in four rounds of fast action, and Don Arrowwood, 135, and the leather and wire Dorman, 135 pounds. The names of the contestants in the comic bout were not given, but it is expected that the roped arena attired in comic costume and will provide several minutes of hilarious entertainment. The complete card, besides the new events listed above, follows: Joe Anderson, 160 pounds, Gladstone, versus Ernie Bellefleur, 165 pounds, of Newberry, eight rounds; Freddy Lalonde, 150 pounds, Marquette, versus Roy Anderson, 155 pounds, Gladstone, six rounds; John Haidt, 135 pounds, Cooks, versus Benny Wood, 135 pounds, Marquette, six rounds. A bout by the Nelson twins, of Manistique, at 40 pounds each for three rounds. Wrestling Elmer Knuth, 140 pounds, Cooks, versus Sargeburn Hilton, 140 pounds, of the quarter, six rounds; Jack Pine Miller, 120 pounds, Manistique, versus Milton Cousin, 120 pounds, Manistique, six rounds.

TAX PAYMENTS SHORT OF 1932 MARK TO DATE

Only \$3,000 On \$55,000 Levy Had Been Paid To City Treasurer By Aug. 23

Friday, September 15, Is The Deadline For Payment Of All Municipal Taxes

The deadline for payment of 1932 city taxes is Friday, September 15, it was stated yesterday by Eleanor V. Lotgren, city treasurer, who said that only \$3,000 of the \$55,000 city tax levy had been paid to date. The city tax rate this year is \$14.73 per thousand. Last year it was \$14.89 per thousand. Total tax collections for both personal and real property were only \$3,105.05 up to August 23, the treasurer's records indicate. This represents only a meagre percentage of the total levy of \$55,000. Collections in 1932 from July 10 to August 23 aggregated about \$7,000, which is \$4,000 more than the 1932 record. Many taxpayers have misinterpreted a recent edict of the state legislature which provided for the payment of delinquent taxes without penalties, fees or interest up to and including November 1, 1933. The city tax rate this year is \$14.73 per thousand. Last year it was \$14.89 per thousand.

NORTHWOODS FIRM WILL ADOPT CODE

Will Increase Employment And Cause Payroll Boost Says Mr. Slining

The Northwoods Manufacturing Company, of Manistique, Will Start Operations Under The Handle Makers' Code Within A Few Days, Even As An Increase In Employment Of From Eight To 10 Men And A Substantial Increase In The Payroll, It Was Announced Thursday Afternoon By C. S. Slining, President And Treasurer.

Adoption of code hours and wage scale has been delayed pending approval of the handle makers' code by President Roosevelt. Mr. Slining said a hearing on the code was held Monday, and presidential approval is expected within a few days. Provisions of the code are similar to the timber and lumber code, which is a 40-hour week at a minimum of 40 cents an hour for unskilled labor. The code was drawn up by the National Handle Manufacturers' association, of which the local plant is a member. About 30 men are now employed by the concern, at a wage scale of 25 cents an hour for unskilled labor. Skilled workers receive a higher wage. Both wage scales, it is expected, will be increased when the code is put into effect here.

CITY TO OFFER NEW SCHEDULE MONDAY

Controversial Light Rate Question Expected To Be Settled At Meeting

It is expected that the controversial light rate question, which has been a bone of contention between the city council and the Manistique Light and Power company for several weeks, will be well on the road to settlement at the council next meeting of the council next Monday evening. The meeting is scheduled to open at 7:30 o'clock in the city hall.

Brautls Will Play Germfask Sunday

Brautls Specials, hard ball baseball team, will meet the Germfask nine in a game at the Fairgrounds Sunday afternoon, August 27, starting at 2:30 o'clock. Kenyon will do the hurling for Manistique with Stoken on the receiving end. The Brautls have a strong team and a fast ball in St. Vitell.

FORESTRY HAS GREAT CHANGE IN C.C.C. MEN

E. W. Tinker, In Communication To Tribune, Points To Forestry Development

Says Need Of Continuing Work Of Camps In Woods Is Imperative

"One thing surely should result from the President's civilian conservation corps program—clear recognition that forestry offers a most profitable source of work for the use of labor," declares E. W. Tinker, of Milwaukee, regional forester for the United States Forest Service in region nine, in a communication to the Pioneer-Tribune. The Hiawatha National forest, part of which is located in Manistique, is under Mr. Tinker's jurisdiction. Much has been said in a general way concerning the civilian Conservation Corps and President Roosevelt's Emergency Conservation work plan. In the Lake States Region there are some 165 C. C. C. camps. These camps have in many instances been in operation for two or three months—particularly those within the boundaries of the National Forests. Mr. Tinker's plan was outlined and the general procedure approved by Robert Fechner, director of the project. The plan was immediately put into effect. The first involved the immediate recruiting and training of 443 camp supervisors and foremen. All of these men were employed and received intensive training in the activities with which they are concerned, and by large, are doing the job in a highly satisfactory manner. The second major phase of the work that was undertaken at once was the formulation of work plans for each individual camp. The National Forest plans and camp plans in Region Nine have been laid out as a correct model for the forestry work. The general objective in the Region has been and is to bring every acre of the National Forest land to its highest degree of productivity, not only in quantity, but quality as well. We have learned a great deal about forestry and its requirement in man-days of labor. We found at the outset that the conservation work on the camps operated for a two-year period, complete the essential activities required for the maintenance of the forest. (Continued on page 8)

FATHER OF JOHN BELLAIRE PASSES

Died Suddenly Late Sunday Night At His Home In White Pigeon, Mich.

John I. Bellaire left Monday evening for White Pigeon, Mich., called there because of the sudden death of his father, John Vincent Bellaire. His father was 84 years old.

CHILDREN CLINIC HERE AUGUST 31

Examination Of Crippled Children To Be Held In Memorial Cottage

A clinic for crippled children of Schoolcraft county will be held in the Legion Memorial cottage on Thursday, August 31, starting at 8 o'clock in the morning. It was announced yesterday by Miss Emma Johnson, county nurse. Dr. M. S. Siegel, of Detroit, will be the examiner of the orthopedic cases. It is especially important that cases from Schoolcraft county be at the cottage at 8 o'clock in the morning so that the examination can start at scheduled time. The following children are expected to attend: Mrs. John W. Reed, Mrs. Homer Fetch, and Frank and Willis Reed, sons of White Pigeon; Manistique; John W. Johnson, of Sturgis; and Mrs. Fred Cooper, of Sockeye, Wash. He leaves two half brothers, Abraham and Thomas Bellaire, and two half sisters, Mrs. Mattie Hogan and Mrs. Ann Page, all of Bellaire. Several grandchildren and great grandchildren also survive.

STORES WILL OPEN SATURDAY NIGHTS

Merchants Suddenly Change Plans, Deciding To Open Saturday Evenings

Reversing action taken at a meeting of merchants in the court house on Tuesday evening of last week, when it was decided to close all mercantile establishments at 6 o'clock Saturday evenings, the Manistique Association of Grocers and department store owners and managers decided to keep their respective places of business open until 9 o'clock Saturday night instead of 6 o'clock. This change, it is expected, is definite. Under the new opening and closing schedule, grocery stores will remain open a minimum of 6 1/2 hours per week, opening at 7:30 and closing at 6 o'clock all week except Saturdays when 9 o'clock p. m. is the closing time. Department stores will operate on a schedule of 5 1/2 hours, opening 4 1/2 o'clock in the morning and closing at 10 o'clock daily, except Saturdays when they will remain open until 9 o'clock in the evening. The new opening and closing schedule will increase the number of hours of business and will necessitate the employment of additional help in conforming with the provisions of the national recovery act. Opposition to Saturday night opening was voiced in several quarters, and the two leading arguments against closing being that it would handicap the city on Saturday evening and would work hardship on rural residents who come into town Saturday evenings to shop.

Roads Inspected By Road Officials

All county roads of Schoolcraft county were inspected Monday by members of the road commission following a short regular meeting in the county road office. Business transacted at the meeting comprised only the routine and approval of current bills. Every business man, every individual in Manistique who is interested in, and benefited by, the tourist and resort trade, is urged to attend a meeting at the court house on Tuesday, August 29, at 10 o'clock. Matters of the utmost importance affecting the future of this most important business and community will be considered. (Continued on page 3)

IMPORTANT MEETING

Every business man, every individual in Manistique who is interested in, and benefited by, the tourist and resort trade, is urged to attend a meeting at the court house on Tuesday, August 29, at 10 o'clock. Matters of the utmost importance affecting the future of this most important business and community will be considered. (Continued on page 3)

PAGE TWO

Mrs. Austin Fydlid who has been critically ill for the past two weeks has recovered somewhat.

Mr. and Mrs. Axel Smith, of Iron Mountain, spent Saturday in the city with Mr. and Mrs. Gust Larson.

Miss Fern Dehlin, of Duluth, is spending two weeks in the city at the Charles Dehlin farm on the Indian Lake road.

Miss Ann Dean of Munising is visiting in the city at the home of her brother-in-law and sister, Mr. and Mrs. Michael Hendrick.

Mr. and Mrs. Art Rubly and children, of Farmington, Mich., are visiting with Mrs. Rubly's parents, Mr. and Mrs. S. P. Reid, Chippewa avenue.

William, Victor and Ernest Courany, Mrs. Joseph Sangraw and Mrs. Ernest Courany, are spending two weeks in the city at the Charles Dehlin farm on the Indian Lake road.

Mr. and Mrs. Arthur Crook and Mrs. Lawrence Laska motored to Munising Saturday where they spent the week end with Mr. and Mrs. C. L. Clement.

Miss Eunice Potter, of Brainerd, Minn., is spending two weeks in the city at the home of Mr. and Mrs. W. Jackson. Mrs. Potter is a niece of Mr. Jackson.

Mr. and Mrs. Walter Moon have returned to the city following a several weeks' vacation. Mr. and Mrs. Moon enjoyed a stay at Mackinac Island as well as a trip to the Chicago World's Fair.

Mr. and Mrs. Clifford Baudoin, motored to Wauegan, Ill., Sunday. They will attend the World's Fair in Chicago before returning to their home here. Mr. and Mrs. Alphonse Sentenberg accompanied them on the trip.

The "Venus," of Beaver Island, arrived at the Coffey docks about 3 o'clock Monday afternoon to procure a load of coal. It left at 4 o'clock Wednesday morning. The boat is owned by R. T. McCann of Beaver Island.

The Misses Dagmar, Thyra and Linea Thompson are leaving Friday evening for Chicago where they will spend a week visiting friends and attending a Century of Progress Exposition. They will return on Saturday of next week.

Mr. and Mrs. L. H. Gilbert and family left Wednesday for their home in Cleveland, Ohio, after a three weeks' stay at Hokey's resort on Indian Lake. Mr. Gilbert is in charge of the Ohio League Club and comes to this section each year.

Julius Thorsen, of Newberry, supervisor for this conservation district, and Conservation Officer Ray Walker, of St. Ignace, Harold Peters, of Gould City, and Irving Ladd, of Front Lake, were special visitors in Manistique Monday afternoon.

Mr. and Mrs. Joseph Blumrosen, of Detroit, who are former residents of Manistique, spent Monday here as the guests of Mr. Blumrosen's uncle, L. Rosenthal. Mr. Blumrosen was formerly proprietor of one of Manistique's leading department stores.

Mr. and Mrs. Harry Arrowood of Milwaukee, spent the week end in the city with relatives. They were accompanied on their return by Mrs. Almeda Arrowood, Mrs. Lawrence Knuth and daughter, Helen, who will visit for two weeks in Milwaukee.

Lodore Spitzer has been admitted to the Shaw Hospital suffering with pneumonia.

Mr. and Mrs. Elmer Bales and family are visiting relatives and friends in Mount Pleasant.

William Courany, 241 Chippewa avenue, was confined to his home with illness last week.

Mr. and Mrs. Howard J. Norton, of Munising, were guests Sunday at the home of Mr. and Mrs. Gust Larson.

Mr. and Mrs. Kenneth Masson, returned Monday from Green Bay where he spent two weeks visiting friends.

Lorraine, Theresa and Norbert Barker are visiting in Escanaba with their grandmother, Mrs. Della Bodette.

Mr. Emma LaChapelle left Saturday for a visit in Chicago with her daughters, Lelia and Beatrice LaChapelle.

Miss Ruth Creighton, of Whitefish, was a guest this week at the home of Mrs. George Gorsache, Artibus avenue.

Mr. and Mrs. Peter Quinan and family, of Newberry, were recent visitors at the Moran residence on Schoolcraft avenue.

J. A. Adams, of Marquette, superintendent of Lauenmann, St. Ignace, was a business visitor in Manistique Tuesday.

Earl Edwards left Monday by motor for Milwaukee where he will purchase a load of fruit for his store on Cedar street.

Mr. and Mrs. Henry Gauthier, of Grand Bay, were recent visitors at the home of Mrs. Frank DeMars, Chippewa avenue.

Mr. and Mrs. Wilfred Jolly, of Plank, are visiting with Mrs. Jolly's mother, Mrs. Albert Dean, on Schoolcraft avenue.

The Misses Harriet Martin and Lois McPhail spent several days last week as the guests of Mr. and Mrs. William Heine in Huntspur.

Mr. and Mrs. Sven Johnson and daughter, Clarissa, accompanied by Mrs. John Anderson, spent Sunday visiting friends in St. Ignace.

Mr. and Mrs. Thomas Cook, 614 Superior, returned to Chicago to attend the Century of Progress exposition.

George Drew, 244 Chippewa avenue, was called to work last week by the Inland Lime and Stone company as millwright at Port Island.

Mr. and Mrs. R. H. Wilson returned Sunday from Chicago where they attended the Century of Progress exposition. They were away eight days.

Mr. and Mrs. I. H. Stout, of Big Rapids, Mr. and Mrs. Earl Garrison, of Grand Rapids, and Mrs. L. H. Stout, of South Haven, have returned to their homes following a visit at the Edwin Backwell home, 308 Lake street.

Mr. and Mrs. J. H. Moberg, and daughter, Joanna, of Chicago; Mrs. C. J. Erickson and son, Donald; and Mrs. R. W. Anderson, of St. Paul; Mr. and Mrs. Herman Jacobson, of Iron Mountain, and Hjalmer and Harold Moberg, of Daggett, were week end visitors at the home of Mr. and Mrs. Alfred Paul, North Houghton street.

Mrs. Erikson, who is a sister of Mrs. Pallin, returned to her home on Wednesday.

Mr. and Mrs. J. B. Barfield left Wednesday for Vialla, Georgia, where Mr. Barfield has accepted a position as manager of one of the Sims Service stores, owned by the Tanner Brick company. Mr. Barfield has been employed for the past year as butcher in Schuster's market, Dear street. Vidalia is his home town and he previously managed one of the Sims Service stores there. It is a city of about 5,000 population.

The Misses Myrtle and Meredith Nelson have returned from a week end visit in St. Ignace.

Mr. and Mrs. William Turpin and family are spending a week end visiting relatives in Grand Rapids.

Miss Hazel Pallin left Sunday evening for Daggett where she will spend some time visiting with relatives.

For Sale or Rent: My home furnished or unfurnished, Range and Cherris St., L. Rosenthal, Phone 185.

Miss Hildegarde Henningsen returned Friday to her home in Plymouth following a visit in the city as the guest of Miss Mary Bartko, 100 Main street.

Walter Nelson left last Friday morning for Flint where he is visiting for several days. Upon his return he drove back a new truck for the Nelson Dairy.

Mrs. Sidney Trowell arrived Sunday from her home in West Palm Beach, Fla., and will spend two weeks with Mr. and Mrs. Lee Wood, Marbeche Road.

Missess Lou Lester has accepted a position with the Home Owners' Loan association, and commenced work Monday morning at the office 14, in the St. Ignace office.

John Morrison, of Marquette, was a visitor in the city on Saturday afternoon at the home of Mrs. G. M. Drevdahl, Artibus avenue.

Mr. and Mrs. Benjamin Hankin and daughter, Barbara May, and Minette Abramsen, of Chicago, spent Sunday in the city as guests of Mr. and Mrs. Sam Hankin, 225 Range street.

Mrs. Cecil White and sons, Dean, John, Lawrence and Edwin Phillips, of Holland, Mich., spent a few days this week with Mrs. White's brother, Harold Hughsen and other relatives.

Mr. and Mrs. John Bullard, of Detroit, who are visiting Mrs. Bullard's parents, Mr. and Mrs. Joseph J. Pattinson, motored to Sault Ste. Marie Monday. They were accompanied by Mr. Pattinson.

Mrs. Ray Thornton, Mrs. Ed. Harrington, Miss Helen Abramson and Miss Orabelle Thornton motored to Escanaba Monday. While in that city they visited Mrs. Henry Jahn, who is a patient at St. Francis hospital.

Mr. and Mrs. Percy Ball, of Watroun, N. Y., visited a few days last week at the home of Mr. and Mrs. O. D. Parker. Mr. and Mrs. Ball were on their way to Chicago where they will attend a Century of Progress Exposition.

Mr. and Mrs. A. O. Drevdahl are expected to return this week from Minneapolis where they have been visiting relatives. Mrs. Drevdahl's mother, Mrs. J. A. Baker, is expected to return with them following an extended visit in Minneapolis with her two daughters.

H. A. Giesen, who has made his home with J. W. Lanier here for the last two years, has accepted a position as appraiser of abstracts for the federal government in the United States forest service. He assumed his new duties Wednesday morning, August 16, in Crystal Falls.

Mr. and Mrs. Clinton Welch and daughter, Phyllis, Mrs. Verro Linderoth and son, Rodney, Mrs. Clyde Barton and small son, left Friday for Flint where they will spend two weeks at the home of Mrs. Barton. Mrs. Barton has been visiting with her parents, Mr. and Mrs. Welch, for the past month. They made the trip by motor.

Miss Dorothy McLaughlin has returned to the city following a visit of several weeks with relatives in Madison. She was accompanied on her return by an uncle, C. C. Collins, who will visit at the home of Mr. and Mrs. J. F. McLaughlin, Oak street. Miss McLaughlin and Mr. Collins visited with Mr. and Mrs. L. A. Danielson in Escanaba, enroute to Manistique.

Manistique in Former Days

Thirty Years Ago

Married, at the residence of Robert Finley, Riverside, Monday evening, August 17th, by Rev. F. L. Osborne, Robert F. Jones and Miss Hattie C. Brown, both of Manistique.

Mr. and Mrs. Oscar Swanson have returned from an auto trip to the western part of the peninsula.

Miss Lillian Van Dyck has returned to her home in this city after an extended visit with relatives and friends in Detroit.

Mr. and Mrs. O. R. Fouten have returned from Marquette, Mich., and Mrs. D. C. Sellar and party are motoring through the upper country this week.

Mr. and Mrs. James Gardner of Deer street have returned from an extended trip through southern Michigan. They also visited several Canadian points. They were gone nearly three weeks.

Miss Ruth Ward, who is in a hospital at Grand Rapids, arrived in the city last Friday evening and will spend her vacation with her parents.

Herman Cornell, the son of Mr. and Mrs. W. T. S. Cornell, left for New York last Friday morning with Mr. and Mrs. Owen and expects to spend the winter there with relatives.

John Falk, the westlake groceryman, drives one of the nobbiest trotmouts in the city.

A letter from Editor Holbein, says that the westlake is rather cool in Ohio where he is visiting, which suits him all right but good 'nuff strike the farmers at good corn weather.

Mr. and Mrs. O. A. Bowen returned from a week's outing Friday afternoon, and had a pleasant trip.

Dr. Livingstone now rides by new New York last Friday morning purchased during his recent trip in lower Michigan.

L. E. Johnson returned from a two months' visit at his old home in Sweden last week.

Twenty Years Ago

Born to Mr. and Mrs. Nelson, a son last week.

Arnold Olson returned last Monday morning from Ann Arbor where he attended college during the past year and will spend the remainder of his vacation with his parents here.

Misses Mae and Linnie Wilson returned last Monday evening from the Soo where they visited friends for a couple of weeks.

Miss Madeline Skelton Helmska, daughter of Mr. and Mrs. Thomas Helmska of this city, will wed Mr. Albert Ellsworth Welch of Orono, Minn., on August 27th. The bride-to-be is one of Manistique's best known young ladies.

A pair of bounding lady girls arrived at the home of Mr. and Mrs. Austin Fydlid, Babies doing well, and parents are all smiles.—Communication.

Miss Ruth Ward, who is in a hospital at Grand Rapids, arrived in the city last Friday evening and will spend her vacation with her parents.

Mrs. Frank Cookson and son, have returned from the western trip which included the Pacific coast.

It is worth all it costs to make a trip to Huntsport and see the beautiful flowers planted and cared for by Mrs. Guy Welton. They with the admiration of every traveler, and in glaring contrast with the landscape that hedges in the average railroad line in the upper peninsula.

Ten Years Ago

John Jewell is spending a few days at his home on Lake street, after spending the summer with the survey party of Marquette University.

Miss Eva Johnson and Miss Winnie Larson are visiting friends in Muskegon.

Miss Margaret McCauley of this city will leave for Chicago soon to enroll in the training school for nurses, at the Reese Hospital.

Joseph Pattinson, who has been attending the U. of M. during the summer, arrived Saturday for a short visit with his parents here.

Mr. and Mrs. Oscar Swanson have returned from an auto trip to the western part of the peninsula.

Miss Lillian Van Dyck has returned to her home in this city after an extended visit with relatives and friends in Detroit.

Mr. and Mrs. O. R. Fouten have returned from Marquette, Mich., and Mrs. D. C. Sellar and party are motoring through the upper country this week.

Mr. and Mrs. James Gardner of Deer street have returned from an extended trip through southern Michigan. They also visited several Canadian points. They were gone nearly three weeks.

Miss Ruth Ward, who is in a hospital at Grand Rapids, arrived in the city last Friday evening and will spend her vacation with her parents.

Herman Cornell, the son of Mr. and Mrs. W. T. S. Cornell, left for New York last Friday morning with Mr. and Mrs. Owen and expects to spend the winter there with relatives.

John Falk, the westlake groceryman, drives one of the nobbiest trotmouts in the city.

A letter from Editor Holbein, says that the westlake is rather cool in Ohio where he is visiting, which suits him all right but good 'nuff strike the farmers at good corn weather.

Mr. and Mrs. O. A. Bowen returned from a week's outing Friday afternoon, and had a pleasant trip.

Dr. Livingstone now rides by new New York last Friday morning purchased during his recent trip in lower Michigan.

L. E. Johnson returned from a two months' visit at his old home in Sweden last week.

Twenty Years Ago

Born to Mr. and Mrs. Nelson, a son last week.

Arnold Olson returned last Monday morning from Ann Arbor where he attended college during the past year and will spend the remainder of his vacation with his parents here.

Misses Mae and Linnie Wilson returned last Monday evening from the Soo where they visited friends for a couple of weeks.

Miss Madeline Skelton Helmska, daughter of Mr. and Mrs. Thomas Helmska of this city, will wed Mr. Albert Ellsworth Welch of Orono, Minn., on August 27th. The bride-to-be is one of Manistique's best known young ladies.

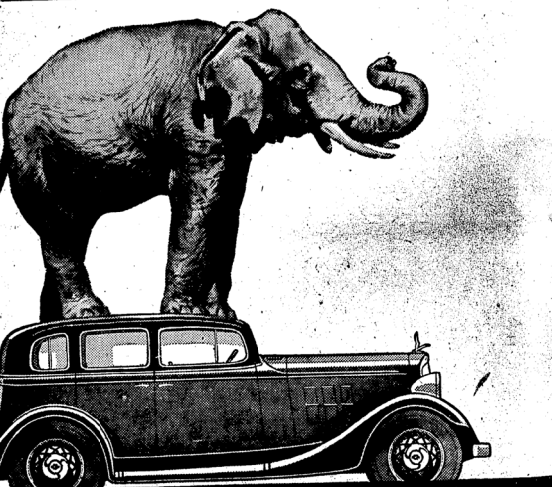

by the Attorney General and the department of State. The state law permits the use of plates from other states for not more than ninety days. This provision is designed to encourage tourists and visitors. When persons live in neighboring states and commute into Michigan daily to make their livelihood here, however, they are not classed as tourists and must pay the Michigan license fee. The same rule applies to those coming into the state to reside. The Department of State gives such owners ten days to comply.

Big Spring Picture Popular At Chicago

Pictures of Kitch-tiki-ki-pi, the big spring west of Manistique and one of the natural wonders of North America, is attracting considerable attention in the Michigan exhibit at the Century of Progress, Chicago, according to John I. Bellaire, who returned Tuesday from the Windy City. The Big Spring is receiving favorable publicity in three exhibits at the fair, according to Mr. Bellaire. It is an exhibit in the Michigan state exhibit, in a small display arranged by Schoolcraft county and in the exhibit of the Wisconsin Land and Lumber company. People are as much intrigued by pictures of Kitch-tiki-ki-pi as they are by the scenic attraction of the spring, Mr. Bellaire said.

New Residents Must Buy Michigan Plates Motorists entering Michigan to establish residence or accept employment must purchase Michigan license plates, according to rulings

If your elephant wants to ride on top IT'S ALL RIGHT WITH A CHEVROLET

WE didn't actually plan on elephants when we chose the bodies for the new Chevrolet. But we did choose bodies rigid enough, and strong enough, to support six tons of elephant or anything else you can name. Fisher bodies... steel bodies plus a hardwood frame... exactly the same type of bodies used on all 12 and 16-cylinder cars. Steel alone is not enough to make you as safe and secure as we want you to be in a Chevrolet. A steel body, welded into a solid wall of protection plus resilient hardwood reinforcing to take up stress, absorb shocks and prevent the steel from following its natural tendency to buckle under pressure makes the sturdiest body of all the kind used on the Chevrolet, and on no other low-priced car. Remember that when you buy a car. Be sure to get all you pay for... the super-safety of a steel-plus-wood Fisher body. CHEVROLET MOTOR COMPANY, DETROIT, MICH.

Michigan-Favored Farming State

It is doubtful if any considerable number of Michigan people realize how frequently their State ranks the United States in the relative volume of farm crops produced.

Of 18 leading crops in the United States only one showed a better than average production prospect on August 1.

While Michigan shows only three important crops, corn, sugar beets and apples, with a better than average production prospect, a comparison of the percentages of all crops with those of the United States is of particular interest.

From the accompanying table, it will also be seen that Michigan prospects are more than 20 points better for alfalfa hay and commercial apples.

MOVIES

Harrymore Enacts Merchants Prince in "Sweetings"

The evil force which drives pampered daughters of millionaires to seek relief from boredom in wild, unromantic escapades is dramatically exposed in RKO-Radio Pictures' Harrymore as a devoted merchant prince who sees his ideals fail.

Lavishly staged, its intense, powerful action sweeps through the gay places of the world and through the interior of glittering dives and gambling palaces.

The film showing at the Grand Theatre Sunday-Monday. In support of the star are Alan Dinehart, Ninetta Sunderland, Gregory Stuart, William Gargan, Gloria Stuart, George Meeker, Eric Linden, Lucien Littlefield and many other featured players.

Chester M. Briggs of Oakland, Calif., testified in his divorce suit that his wife was inexpensively cruel because she refused to wear silk or satin.

AESOP SAID:

"He is wise who is warned by the misfortunes of others."

THE world is littered with the ruins of public works which have been abandoned. This applies to public utilities as well as to other industries that are publicly owned.

The misfortune is the tax-payers'. Governments do not create wealth—that is peculiarly the business of the individual who creates it, preserves it and passes it on to the next generation, free of debt.

As Aesop also said: "Look before you leap."

A WISE DECISION

The decision of Manistique retail merchants to keep their places of business open on Saturday evenings was, we believe, a wise move. In spite of the arguments favoring Saturday night closing we think the consuming public appreciates the convenience of Saturday night shopping, and thought they might justify themselves to making their weekly purchases during the day and thereby cause no loss of patronage to merchants, the public will not take kindly to the general stagnation of activities on Saturday evening which would be caused by early closing of business houses.

THE ANGLER'S SAINT

One of the most quaint and lovable characters in history was Frank Walton, whose name rests principally upon a notable treatise on fishing called "The Compleat Angler," published 280 years ago. It has been written of him that "there is hardly a name in our literature, even of the first rank, whose immortality is more secure, or whose personality is the subject of a more devoted cult. This year is a sort of triple anniversary of Walton, as he was born in 1593, 340 years ago; published his most famous book in 1653, 280 years ago; and died in 1683, 250 years ago. It is also said of him that "multitudes who have never put a worm on a hook have been caught and securely held by his picture of the delights of the gentle craft, and by his easily luxuriating transcript of his own simple, peaceable, lovable and amusing character." In addition to his "Angler," he wrote several charming volumes of biography dealing with the lives of distinguished personal friends, of whom he had many, most of whom were devotees of the piscatorial art. In contrast with the vast majority of those who have gained lasting fame through war and strife, Walton has lived to charm succeeding generations by his gentleness, kindness and love of nature. He may well be considered the patron saint of fishermen.

(TAXED)

Fred D. Keister of the Inca County News, turns a part of his "The Village Lamplighter" column over to one Clyde Spencer, who purveys, according to Mr. Keister, gasoline, oils and wisecracks at a service station.

It appears, however, that this same purveyor of oils is also a sort of scientific chemist during the recent hot spell he sat down at his typewriter and after working the old mill for a while, jerked out copy which fairly dripped vinegar and venom.

The net results he hurled upon Mr. Keister's desk and it read as follows:

"Ho! Hum! I roll out of (taxed) bed of a morning and don my (taxed) clothes; go to the (taxed) bathroom, turn on the (taxed) lights, the (taxed) water, and wash my face and hands. Put on the (taxed) coffee pot and the (taxed) toaster. Step over to the (taxed) refrigerator and get out the (taxed) cream, butter and eggs. Sit down and partake of this (taxed) repast. After the (taxed) breakfast, I grab myself a (taxed) cigaret and leave the (taxed) house for the (taxed) garage in which is a (taxed) automobile. I drive to my (taxed) place of business.

"At 11:00 o'clock I call my (over-taxed) wife on a (taxed) telephone. She informs me that I should bring to my (taxed) home several articles of (taxed) groceries. At 12:00 o'clock (taxed) clock, I again take my (taxed) car and drive to the (taxed) grocery store. Make my (taxed) purchases, pay the sales tax and drive to my (taxed) home and get my (taxed) lunch which was prepared on the (taxed) kitchen equipment.

"After luncheon, I again enjoy a (taxed) cigaret while reading over a few (taxed) circular letters and then return to my (taxed) business in my (taxed) automobile. "During the afternoon, while I am working, my car is being serviced at the local (taxed) service station. The attendant brings in a bill which reads: 10 gallons of (taxed) gasoline, 2 quarts of (taxed) oil; 2 lbs. of (taxed) grease which I pay 51 cents tax.

"At 6:00 o'clock I drive my (taxed) car to the market and purchase some more (taxed) foodstuffs and again drive to my (taxed) home. Here my (still over-taxed) wife has prepared dinner on the (taxed) stove, refrigerator and sink. All the time I am watching the (taxed) clock to see if the (taxed) meal is on time. After the dinner by the (taxed) light, I read the evening (taxed) papers. Later my (taxed) neighbor comes over and we take a drive in the (taxed) countryside. He drives his (taxed) car and we stop and buy some (taxed) ice cream cones.

"At 10:00 o'clock I retire to my (taxed) bed and -Ho! Hum!"

Mr. Keister, not to be outdone, grasps inspiration from the contributed article and bursts forth in what he laughingly refers to as verse, a thing which is often wont to do. His verse is as follows:

"Well, Clyde, you've got me started with your tale of woe on tax. I feel almost certain that I shall go and seize an ax and take a (taxed) face-axe head for Leno's hide where with foaming and raging some Salo's blood I'll spill. It's not the heat, my friend, that makes me rave and curse - it's that argument last autumn that things could not be worse."

RIVER LINE

Note the clouds which never have been treated with calcium chloride. Note the clouds which never have been treated with calcium chloride. Note the clouds which never have been treated with calcium chloride.

Notice Explains NRA Agreement

There is apparently a misunderstanding of just the meaning and purpose of NRA and the Blue Eagle. Official explanation is posted in the window of the Pioneer Tribune office. When one has signed the Certificate of Compliance which reads: "I certify that we have adjusted the hours of labor and the agreement which we have signed," obtained the Blue Eagle and has not adjusted hours and wages he, or they, are not keeping faith with the President and are not entitled to display the insignia. Many hurried to sign the agreement in order to get the Blue Eagle for selfish purposes. Others signed and did not put into effect, awaiting the adoption of a code for their branch of business. The agreement binds one to put its terms into effect from the time the Certificate of Compliance is signed until such time as a code for the trade or industry has been adopted by the Federal Government. If there are any problems in the minds of those who have signed, or have not signed, get in touch with the Chamber of Commerce.

Legion Play To Be Staged In December

"C'est L'Guerre," home talent play to be staged under the auspices of the Manistique post, American Legion, will be given some weeks ago. Working within the area intended to present the play on October 11 and 12, but this date had been selected by the Elks for their play. The Legion play is highly rated from the standpoint of humor. It will be put on by special arrangement with the Fine Arts Producing company of Detroit, which will direct the cast and direct rehearsals.

Police Dog Was Poisoned Recently

A police dog owned by Mr. and Mrs. William Guinan, of Detroit, was poisoned recently here at Manistique. The dog was named Tuesday. The animal showed symptoms of having been given strychnine. Mr. and Mrs. Guinan were very much attached to the dog, having raised it from a pup. An attempt is being made to find the person who poisoned the animal. Mr. and Mrs. Guinan and Miss Laura Carlisle of Port Haven, were camping at the lake for the last three months.

Head Of Local Firm Talks From London

F. E. Murphy, president of the Manistique Light and Power company, who is an American commissioner of the London Economic Conference, discussed the place of wheat in world affairs over the radio yesterday. He said that the conference had decided to take action on crop limitation that would assure a price increase. No decision, he said, had yet been made on the extent of acreage curtailment.

Oilers Beat Fords, 13 To 9, Wednesday

Scoring five runs in the sixth and five in the seventh, the Sinclair Oilers defeated the Fords, 13 to 9, in a Maritime diamond ball league game Wednesday evening on the court grounds. The Oilers were victorious in the first two games when the Oil men staged a scoring spree in the top.

HARBOR CLEANING ENDED THURSDAY

Government Crew Completes Job Of Removing Boulders From Harbor Bottom

Dredging and sweeping operations in the local harbor, in progress since July 1, were completed last Thursday by a federal crew of 12 men and three local residents under the direction of M. J. Perkins, construction supervisor, and Edward Manchias, diver. Mr. Perkins and Mr. Manchias left Friday for headquarters of offices in Milwaukee, Wis., while the rest of the crew departed for Okemana, near Manistique, Mich., where more harbor dredging and sweeping work will be undertaken. A government tug and a derrick were used in the work here. Removal of large boulders lying one 15 tons and one 13 tons, on the bottom of the harbor comprised the major portion of the work here. Two huge boulders were brought to the surface near the Coffey docks and later towed to the outside of the end breakwater where they were sunk to protect the structure against the action of the water. The work commenced at a point about 500 feet beyond the mouth of the harbor and extended as far as the Coffey dock. Previous to cleaning out the bottom of the harbor and the agreement which we have signed, a considerable amount of water often hit obstructions and had to be repaired at considerable cost. Sea clearance for boat drawing as much as 15 feet of water was assured by Mr. Perkins, who said that the harbor was 17 1/2 feet deep at the entrance and 10 or 20 feet deep near the docks.

The system utilized in locating rocks was explained by Mr. Perkins. Anchor lines were strung from the derrick in four directions. Working within the area covered by those lines, Diver Manchias searched the bottom for rocks. When a large one was found, the spot was marked by a buoy. This operation was usually performed in the morning. Working within the area descended and tied cables around the located boulders which were then raised to the surface by the derrick. Other work performed by the government crew was the repairing of two sections of the concrete breakwater, which had been damaged by the action of wind and waves.

Dimension Co. Comes Under NRA; To Boost Employment, Wages

The Brown Dimension company of Manistique will operate under the provisions of the National Recovery Act, according to a statement issued last Saturday by President Roosevelt, necessitating an increase of approximately 50 per cent in the payroll and an increase in employment of from 50 to 60 men, it was announced Thursday morning by R. L. Price, treasurer and manager, in an interview with a representative of the Pioneer-Tribune. This, according to Mr. Price, is in direct compliance with the provisions of the national recovery act which seeks to raise wages and increase employment, and entitle the Brown Dimension company to display the Blue Eagle insignia. The local plant will operate under two divisions of the code, according to Mr. Price. These are the Maple Flooring association, with which the local plant is affiliated, and the Hardwood Dimension company, which has not yet been joined by the Brown Dimension company. Mr. Price stated that his company would sign the dimension code by September 1, but it is now being delayed until it is definitely ascertained what division of the dimension code the local plant will operate. The flooring code already has been signed, and men started working under it this week because the code is retroactive and went into effect August 22. The hours and wages for both divisions will be the same, according to the codes, 40 hours per week with a minimum wage of 30 cents an hour. However, applies only to unskilled labor, as the general run of skilled workers receive much higher pay. The code provides that those getting \$30 per week must not be reduced, Mr. Price stated. The rough end of the plant to date has been operating hours per week and the moulder and planer departments have been working as high as 11 1/2 hours week. Beginning Monday, however, Mr. Price said, two 40-hour shifts will be employed, making a total of 80 hours per week. The dimension department will operate on the present schedule until August 31, at which time it will close down until September 5, Mr. Price declared. When it re-opens on September 5, men will

Called To Berwin By Sister's Death

Chief of Police and Mrs. Peterson, 826 Manistique avenue, left here Wednesday for Berwin, Ill., to attend funeral services for late Mrs. Clara S. Palmer, sister of Mrs. Peterson, who died suddenly Sunday night in Spencer, Wis., at the home of friends. The funeral was to be conducted Thursday. Mrs. Palmer left Manistique last week after a short visit at the Peterson home and she was apparently in good health. On her way to Berwin, she stopped in Spencer to visit friends for a few days. A sudden attack of heart trouble is believed to have been the cause of her death. The sudden call to Berwin compelled the chief of police to cancel his proposed attendance at the convention of Michigan chiefs of police in Marquette this week end.

Weekly Newsmen To Meet In Gladstone

Weekly newspaper publishers of the upper peninsula are invited to meet Saturday, August 26, at Gladstone. The home is located at "Namekon," the summer home of J. A. Sturgeon, publisher and editor of the Delta County Reporter, Gladstone. The home is located at Schawee lake, across the bay from Gladstone. It is expected that most publish-

A Log Cabin at Sunset

Nestled among the trees where you can sit on the front porch, smoke your pipe, and watch sunsets of unbelievable and ever changing color and beauty mirrored in a lake of surpassing loveliness.

From your back door the Trails of Sunset "wind about in and out," through leafy bowers of Evergreen, and over hills where stately Pines stand sentinel over graceful White Birch, Golden Beech, and Scarlet Maple, with their retinue of Wild Holly, Red Dogwood, Tag Alder, Vines and Ferns, and through secluded dells and valleys carpeted with Wintergreen, Arbutus, Huckleberry Vines, Mosses, Bunchberries, Ground Hemlock, and Princess Pine, past woods so dense that the sunlight hardly ever sees the ground, and by the edge of jungles so thick that one wonders how even the rabbits squeeze through, and you catch glimpses of the "Little People" of the Forest—the Violets, Adders Tongues, Dutchman's Breeches, Indian Pipes, Maidenhair Ferns, Cowslips, Jack in the Pulpit, Lady Slipper, Moccasin Flower, and many others.

On Indian Lake

If you want to solve your vacation problem permanently, in a setting where the natural beauties and advantages will be preserved and protected by proper restrictions and in the company of congenial people, it will pay you to investigate the possibilities of Sunset Beach on Indian Lake, Manistique, Michigan.

Log Cabins built to order. Reasonable Prices and Easy Terms. Attractive and convenient designs to choose from

ers from the central and eastern parts of the upper peninsula will be present. Among those of prominence who will attend the session are Vern J. Brown, president of the Michigan Press Association; Elton Eaton, association field director; and Claude Riley, association president of the association's peninsula branch.

Elks To Sponsor Home Talent Play

"The World's All Right," a home talent play, will be staged in the Manistique high school auditorium on Wednesday and Thursday, October 11 and 12, under the auspices of the Elks Lodge. It was learned today. The play is an unusual one, and its various divisions are set to music. It also is full of comic situations and is rated as first class entertainment. It will be staged by special arrangement with the Universal Producing company of Iowa, and a representative of the company will be here several weeks before the opening night to select a cast and start rehearsals.

1st down and 3 to go! It's no fun changing size just plain hard work! That's why you will want Emergency Trouble Service that does this for you. It's included FREE with the Automobile Insurance policy sold by this agency. Other services offered are gasoline delivery, towing, 30-minute starting, lighting or ignition service and delivery of a loaner battery.

SOCIETY

Historical Program
The Ladies Aid society of the Zion Lutheran church is sponsoring a program to be given in the home of Mr. and Mrs. Maurice Bitten on Sunday evening, the occasion being the former's birthday anniversary. Five hundred tickets, with prizes being given, will be sold for the occasion. No admission will be charged but a free will offering will be taken.

Birthday Party
A group of friends gathered at the home of Mr. and Mrs. Maurice Bitten on Sunday evening, the occasion being the former's birthday anniversary. Five hundred tickets, with prizes being given, will be sold for the occasion. No admission will be charged but a free will offering will be taken.

First Anniversary
Jimmy Carlson, son of Mr. and Mrs. Carl Carlson, of this city, celebrated his fifth birthday anniversary on Sunday by being host to several little children at the home of his grandmother, Mrs. James Carlson, Thompson. Games were played and a delicious birthday cake was served. A party of 150 guests was entertained at the home of Mrs. Edith Peterson, of Adrian, Michigan, on Sunday afternoon. Refreshments were served.

Ladies Aid Society
The Ladies Aid society of the Lutheran church will meet on Monday afternoon, August 27, at 2 o'clock in the home of Mrs. Edith Peterson, of Adrian, Michigan. The program for the evening will consist of a social hour, followed by a business meeting and a prayer service. Refreshments will be served.

Ladies Aid Society
The Ladies Aid society of the Lutheran church will meet on Monday afternoon, August 27, at 2 o'clock in the home of Mrs. Edith Peterson, of Adrian, Michigan. The program for the evening will consist of a social hour, followed by a business meeting and a prayer service. Refreshments will be served.

Hosts at Bridge
Mr. and Mrs. Arthur Adams entertained a number of friends at the home of Mr. Adams' mother, Mrs. Grace Adams, with whom they are spending the summer. The party was held on Tuesday evening and there were three tables of bridge in play. Awards were made to Mrs. Max Osterhout and Ernest Ekland for high scores. Refreshments were served. Miss Borghild Peterson, of Chicago, was the guest of honor. The party was held at the home of Mrs. Adams' mother, Mrs. Grace Adams, with whom they are spending the summer.

Hubbard-Ekland
Announcement has been made of the recent marriage of Miss Bernice Hubbard, daughter of Mr. and Mrs. Edith Ekland, of this city. The marriage was celebrated at the home of the bride's parents, Mr. and Mrs. Edith Ekland, on Tuesday evening, July 26, at the home of Justice of the Peace, W. G. Stephens, North Haven, Mich. The bride was Miss Bernice Hubbard, daughter of Mr. and Mrs. Edith Ekland, of this city. The groom was Mr. Ernest Hubbard, of Chicago. The ceremony was officiated by the Rev. F. P. Ross, pastor of the First Baptist church. The couple were Miss Lucille Packard of Amery, Wis., and Ernest Hubbard, of Chicago. The party was held at the home of Mrs. Adams' mother, Mrs. Grace Adams, with whom they are spending the summer.

Suprised on Birthday
Mrs. Nellie Bundy was guest of honor at a delightful birthday party on Monday evening, August 21, at the home of her friends gathered at the Bundy cottage on Indian Lake for a party of ten. Refreshments were served to the following guests: Mrs. D. J. Ward, Mrs. Ernest McNeil, Mrs. J. M. Smith, Mrs. John Stephens, Mrs. J. Burdette, Mrs. Wm. Mueller, Sr., Mrs. Frank Cookson, Mrs. Harvey Saunders, Mrs. E. B. Bredt, Mrs. Lloyd McDonald, Mrs. S. T. Bottrell, and Mrs. H. K. Bundy.

B & P W Club Meets
One of the loveliest parties of the season was that given on Wednesday evening at the Sunset Beach tea room by the Business and Professional Woman's club. The party was in honor of Mrs. Elsie McGee, a recent bride. Five tables of bridge and other games were in play and prizes were awarded. Delicious refreshments were served at tables beautifully decorated with cut flowers. Hostesses for the affair were Ada Peterson, Edith MacGregor, Elsie Carington and Irene Gorsche. Mrs. McGee was presented with a beautiful gift by the club members.

Enjoy Outing
A number of people left for the lake on Tuesday, August 15, where they enjoyed a delicious lunch which was served on the beach. Broiled breakfast, fried chicken, prepared in camp style by the men of the party, were served. The party then drove to Sac Bay where they were guests at the farm home of the Misses Elliott. During the afternoon, on the return trip, they were entertained by the Rev. F. P. Ross, pastor of the First Baptist church, at the home of Mrs. J. M. Smith, of Detroit. Rev. and Mrs. Joseph Gross and daughter, Mrs. Ruth, and Mrs. J. M. Smith, of Detroit, were also present. The party was held at the home of Mrs. Adams' mother, Mrs. Grace Adams, with whom they are spending the summer.

New Marine Book In Local Library

These interests in maritime matters will be pleased to learn that the Manistique Public Library has acquired a copy of "The American Merchant Marine," a shipping handbook just issued by the leading American shipping association in cooperation with the U. S. Shipping Board.

The American Merchant Marine has made encouraging strides during the past five years and it is fitting that those gains be summed up at this time. The present volume just off the press is a comprehensive reference work on the status of ocean transport and foreign trade. Various phases of shipping and commerce are covered, including ship construction and operation, ocean routes, marine insurance, safety and the relation of ships to national defense. The book is divided into 10 major sections, each introduced with a foreword from an authority in that specific field. There are also many illustrations, various charts and diagrams and a table of contents indicating the opinion of eminent Americans on the necessity for an adequate commercial fleet.

County Infirmary Has Good Garden

Few truck gardeners can boast a better garden than that grown this season at the Schoolcraft county infirmary, under the direction of D. E. Seller, superintendent. Planted in sandy soil, which is seldom recommended for the production of the best crops, the infirmary garden has grown splendidly and will produce a bumper yield of fine vegetables. Especially outstanding is the tomato plants, which have reached an unusual height by clinging to wooden props inserted in the ground. The other crops, however, have done just as well, and will abound enough to provide vegetables for the inmates during the winter.

The most remarkable feature of the garden is the fact that it grew so abundantly on jack pine soil. Special care in planting and cultivation by Mr. Seller is responsible for this.

FIRST BAPTIST CHURCH
Rev. Joseph Gross, pastor.
Sunday, August 27, 1933.
10:00 a. m. Morning service. Rev. Bruce J. Giffen of Cedar Falls, Iowa, will be the guest speaker. Sermon topic will be "Perils of the Sea." Special music. Mr. E. T. Anderson of Chicago will sing. The service will be held at 11:15 Church school with a class every one 10:30 a. m. Rev. and Mrs. A. S. Hamilton, Cambridge, Ill., will sing a duet. Swedish worship 7:30 p. m. Rev. Geo. A. Johnson, Rock Island, Ill., will conduct the service. Mission festival next Wednesday evening at 7:30 p. m. Refreshments and a sketch, and everybody is welcome!

Iowa Pastor Will Speak Here Sunday
The morning service of the First Baptist church next Sunday will be of unusual interest to the people and the friends of the church. The sermon and the music will be given by visitors, Rev. Bruce J. Giffen, pastor of the First Baptist church, Cedar Falls, Iowa, will be the guest speaker and will deliver the sermon on the topic, "Perils of the Sea."

The musical features of the service include two baritone solos by Mrs. Edwards, of this city. The public is cordially invited to be present and will undoubtedly enjoy this interesting service.

Timely Topics
Last year automobile thefts in Chicago and Cook county totaled \$4,246, or more than \$200 for every car registered during the year. Consequently automobile insurance rates are higher than ever before. The premium being \$91.80 per \$1,000 of insurance on a certain popular make of car in Chicago is \$85.00 in New York, \$170.00 in Boston, \$95.00 in Washington, and \$75.00 in San Francisco.

An old war story recently revealed: There was much rivalry between two regiments, one from Wisconsin and another from Massachusetts, stationed at the same camp. One day a traveling evangelist approached the Wisconsin camp, asking permission to hold services and telling that he had converted eight men to the religion. The colonel replied: "Adjutant, detail 10 men for baptism at once; no damned Massachusetts soldiers are going to be lost for religion."

Hearing on Paper Makers' Code Soon

A hearing on the code for newsprint manufacturers will be held in Washington in about two weeks, and it is expected that Presidential approval of the schedule drawn up by newsprint makers will be received, it was announced Thursday by William Sheahan, general superintendent of the Manistique Pulp and Paper Company.

Pending such approval, the paper firm has delayed signing the NRA agreement.

The newsprint makers' code contained provision for a tariff on newsprint, without which, according to Mr. Sheahan, American newsprint manufacturers will be unable to compete with foreign concerns, principally the Scandinavian nations. This provision at first required in the code being approved by the national administration, but there is a possibility, according to Mr. Sheahan, that the tariff request will be accepted. There is a tariff on bond paper, which enables manufacturers of sulphite in the United States to more extensively and pay higher wages. Without a tariff on newsprint, Scandinavian concerns can sell newsprint in the United States at \$80 a ton, which is cheaper than American concerns can produce it. Adopted code provisions for the local paper company will substantially increase employment and the payroll, according to Mr. Sheahan.

Four government witnesses against Wexley Gordon, New York racketeer, have been murdered, according to the Federal attorney. Thus a new field opened to unemployed gunmen. Gordon is charged with that most serious of gangster crimes, falsifying his income tax returns.

NRA Complaints

1. All N R A violations should be reported to the Department of Commerce, 501 First National Building, Detroit, Michigan.

2. Complaints will not be received over the telephone.

3. The department invites communications in person or in writing from individuals, regarding what they honestly believe is a violation of the President's Reconstruction Agreement or a temporary or permanent Industrial Code.

4. The written signature and address of the complainant must appear on all complaints. Where the complainants' request that their identity remain confidential, this confidence will be honored both with respect to individuals and to business firms.

5. Because of the tremendous amount of work at the Detroit N R A Headquarters, written complaints cannot be individually acknowledged but a form acknowledgement will be returned immediately.

Eye Clinic Opened Here Last Friday

The eye clinic for Schoolcraft county was opened last Friday morning in the Junior High school building, under the direction of Dr. Marian Stevenson, of the Children's Fund of Michigan. It was inaugurated starting in last week's issue that the clinic was to be held in the Legion Memorial cottage.

The clinic hours are from 9 to 12 o'clock in the morning and from 1 to 4 o'clock in the afternoon, except on Saturdays when it will be held from 9 to 12 o'clock in the morning only.

N. Hill, Former U. P. Man, Says Murphy Is Doing a Good Job

That Frank Murphy, former mayor of Detroit and now governor-general of the Philippine Islands, is making a fine record is pointed out by Norman Hill, former Upper Peninsula and Detroit newspaper man and now secretary to Mr. Murphy.

Mr. Hill declares that Frank Murphy's first and most critical month as Governor-General of the Philippines has passed into history with credit and distinction to him and the government he represents. He has accomplished the exceedingly difficult task of gaining the respect and admiration of Filipinos and Americans alike without making a mistake on the one hand or succumbing to either faction; he has made everyone realize that he means business; he has gone long way already in reorganizing and revitalizing the executive branch of the government; he has solved several vital and pressing problems which greeted him as soon as he stepped foot of the host, and put others well on the way to solution, and he has rounded out the budget and most important month of his career recently by delivering a message which has been hailed on all sides here as a masterpiece of statesmanship.

It is plain to all that he has a definite program for his government and one which he will insist on carrying through to a finish. To his inaugural address he pleased everybody by declining to take sides in the controversy over the acceptance or rejection of the Haves-Cutting Act, a controversy which threatens at this writing to tear the Islands wide open politically. He has nevertheless made it plain that pending the final decision he intends to be governor-general in very fact as well as in name.

He had not been in office an hour before he was faced with the problem of how to open hundreds of primary schools in localities where the school funds had been spent. Schools open here late in the morning following the long vacation during the hot season from mid-March to mid-June. This problem has been kicking around for months. He solved it almost overnight by insisting upon the opening of the schools and taking measures to make the necessary funds available.

The day after he delivered his inaugural address he took a walk through the offices at Malacanán, and the reverberations are still felt throughout the Islands. He promptly desks with paper piled on top and on the floor beside and below them in many instances. He immediately clean-up was ordered and it took place. Not only for the Malacanán offices, but for all government offices throughout the Islands; the effect was electric. Executive orders were issued to the effect that all government employees must be on their toes and stay there. Unbiased observers of long experience in the Philippines in praise of the wholesome effect of this Murphy policy of treating public business like private business.

The Philippine National Bank is a national bank in fact—the government owns and controls it. Joseph E. Mills, brought from Detroit as economic advisor to the Governor-General, was placed on the board and made executive vice chairman, as well as a director of the Manila Hotel Company and head of the Manila Railroad. The effects are already noticeable. The unpleasant but unnecessary task of pruning off the payroll unnecessary political appointees is already under way, and a good

many people are rubbing their eyes and wondering what it is all about.

Governor-General Murphy stands at the first meeting of the Council of State that he wanted a honest budget submitted by every department and division and clear that any official who hid his estimates with the idea of getting a break in the paring-down process was going to be in a tough time when called on the carpet to explain and defend. He stressed the necessity of a "frugal economy" which he explained as meaning "reducing government operations to a minimum by year the cost of government came to him only a day or two ago. It must be submitted to the legislature in ten days, according to statute. There is not much time, but time enough, nevertheless, to show a decided change, even though his orders have been followed and the first budget draft asks for the expenditure of over a million pesos more than would have been the case had the governor-general not made his position clear in advance.

The newspapers here, hardly ever before agreeing on anything, are unanimous in their praise of the new Governor-General. "He has done more in a month than most of us have had in their whole terms," is a common comment. "They like his democratic bearing, tempered with dignity and with an utter lack of backslapping attitude."

The Manila Daily Bulletin, only American-owned paper in Manila, and strongly opposed to independence, is so enthusiastic over the new Governor-General as is the "Tribune," just as strongly opposed to the acceptance of the Haves-Cutting Act. The "Tribune" is printed in English. It is owned by the Filipino group headed by the "La Vanguardia" in Tagalog, the native dialect widely spoken in central and Southern Luzon, including Manila. The combination is known as the "F. T. T.," most powerful press influence in the Islands. Likewise the "Herald," owned by Filipinos and suppressed by controlled by the United States, and the "Sentinele," owned by Senator President Quezon, who heads the fight against acceptance of the Haves-Cutting Act, have also endorsed Governor-General Murphy extravagantly.

The paper's local columns recently spoke of the sympathy of the life in commendation of the Governor's first message to the Legislature. Many pointed out that his message was doubly significant in the light of what had been accomplished in the first month of his administration.

His record to date is strikingly like that of President Roosevelt. There was little warring, no dilatory fussing and fuming. He didn't have a congress to deal with. But he has one now, as the Ninth Legislature, which met recently for formal organization, heard his message, and adjourned until later in the week, is starting on its third and final annual session. Elections come every three years in these Islands.

He urged the Legislature to get the Haves-Cutting controversy out of the way as soon as possible, and there is a lot of important work to do in connection with the big job of running the government. And he intends to get it done and done right.

Prices For Farm Produce Increases

Prices for many major farm products have taken a tremendous leap during the last two months, according to Lee Stewart, Schoolcraft county agricultural agent, care of the following tabulation prepared by the state department of agriculture:

Commodity	July low-price 1933 during past 8 mos.	Price Former
Horses, per head	120.00	98.00
Corn, per bu.	50	37
Wheat, per bu.	43	37
Oats, per bu.	43	37
Barley, per bu.	41	27
Rye, per bu.	40	22
Buckwheat, per bu.	48	32
Potatoes, per bu.	34	22
Beans, field per bu.	1.50	1.07
Beef Cat, per cwt.	4.20	2.98
Veal Cat, per cwt.	3.90	2.40
Chicken, per lb.	1.50	1.07
Lamb, per cwt.	2.50	1.85
Milk cows, per head	6.00	4.70
Chickens, per 100	32.00	24.00
Clay, per cu. yd.	1.00	.86
Eggs, per doz.	1.03	.86
Butter, per lb.	1.18	1.15
Chickens, per lb.	24	16
Wool, per lb.	5.10	3.10
Hay, (coarse) per ton	5.40	4.40
Red Clover Seed, bu.	5.00	4.40

Arrangements were below \$300, and arrangements for desling the office were made between Representative Prentiss M. Brown, Democrat, of St. Ignace, after it was developed that the mail service for the small community could be adequately cared for by the star route system. The abandonment is effective August 15.

Since Emil Holm of Centralia Wash., saved the life of his cow by feeding her warmed home brew, she has become an inveterate drinker.

NOTICE

United States Department of the Interior General Land Office. Washington, August 8, 1933

Protests or contests against the selection of any of said lands for sale by the United States, or approval of such selection.

ANTOINETTE FUNK, Assistant Commissioner. (5-9-31)

Farmers May Kill Destructive Bears

Although Michigan no longer has a law permitting the payment of compensation to farmers and others for property damage done by bears, the right of a person to protect his property gives a man the right to kill bears out of season when it can be proved that the bear was doing damage or attempting to do damage, according to the department of conservation.

At one time owners of property destroyed by bears were compensated for the loss through legislative appropriations. The bears, however, were rigidly protected. All appropriations for such damage have now been removed, but to aid farmers, much leniency is being permitted so far as protection from bears is concerned. Any one catching a bear "in the act" of destroying property is privileged to kill the bear. He may also kill a bear at any time on his property or on adjacent property if he can show reasonable proof that the bear was endangering property.

Four States Make Truck Agreement

Michigan, Ohio, Illinois and Indiana have agreed that trucks, properly equipped in their home states, will not be prohibited in other states. At the present time, the laws of the three states vary greatly in the type of lights required on the rear of trucks. This reciprocity was agreed upon at a meeting in Indianapolis. At the same time the three states agreed to make residence of the owner and not his place of employment the determining factor in the purchase of license plates. Thus a man living in Michigan and working in Ohio or Indiana, or Illinois, will purchase Michigan license plates.

Close Postoffice At Thompson, Mich.

The following Associated Press report this week announces the closing of the postoffice at Thompson, Mich.

Washington, Aug. 12—Continuing decreases in receipts which have caused the discontinuance of several post offices in Michigan during the last few months, has resulted in an order for the abandonment of the fourth class office at Thompson, in Schoolcraft county.

Receipts during the last year having fallen the affidavit of Virgil

State School Group To Release Funds

At a recent meeting with the superintendent of public instruction, Dr. Paul F. Voulker, the Finance committee of the state administrative board voted to release over half million dollars of the moneys due to local districts by the state. The Finance Committee, consisting of Theodore Fry, state treasurer; John R. Stuck, state auditor; Frank J. Budget director; and B. J. Abbot, general secretary of state, pressed their sympathy with the financial plight of the school districts and gave assurance that additional releases on last year's account would be made as soon as possible. Fifteen per cent of the \$1,400,000 due to local districts on the Finance Fund will be paid at once. Fifteen per cent of the remainder will be paid in September. Similarly, fifteen per cent of the \$287,000 due for special class instruction will be paid now with another fifteen per cent payable in October.

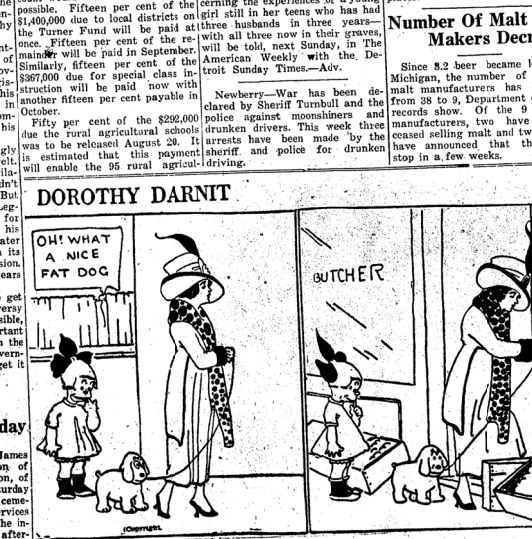

19-YEAR-OLD GIRLS 3 FATAL MARRIAGES

An article disclosing details concerning the experiences of a young girl still in her teens who has had three husbands in three years—will be told, next Sunday, in the American Weekly Times—Ad.

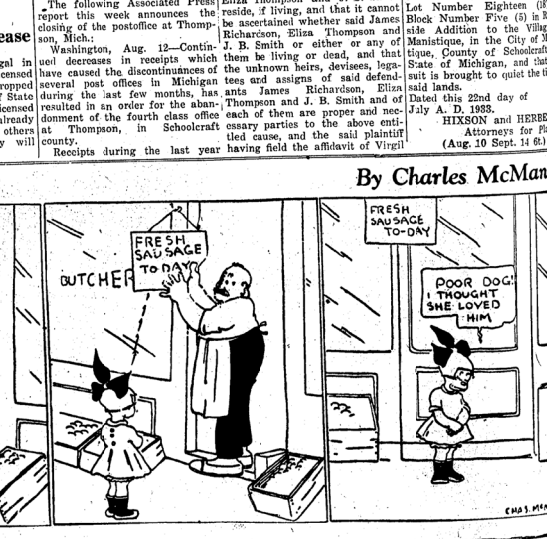

Number Of Matt Makers Decrease

Since 2-8 makers began legal in Michigan, the number of licensed matt manufacturers has dropped from 28 to 9. Department of State records show. Of the 9 licensed manufacturers, two have already ceased selling matt and two others have announced that they will stop in a few weeks.

Stauben Infant Died On Friday

Funeral services for little James Junior Smithson, infant son of Mrs. Ralph Smithson, of Stauben, were held Saturday afternoon in the Thompson cemetery with about 100 persons taking place at the grave. The infant died at 5 o'clock Friday afternoon following an illness of only 15 hours duration with convulsions.

Gunnarson and Kefauver, local morticians, had charge of the burial.

Try To End Partisan Election Boards

Unless the new election law is made inoperative by the filing of \$1,000 signatures on referendum petitions, Michigan's 1933 fall elections will be the first since 1915 to be conducted by partisan election boards.

Since 1915 Michigan has conducted elections under the Scott-Flowers law which removed election boards from partisan politics. Under the 1933 election laws which have non-partisan elections will have election boards selected on a party basis. Elected now being made to secure signatures on referendum petitions, the Department of State has been

Grouse Hunting To Be Allowed in All Counties This Year

The laws prohibiting deer hunting in seven counties were not renewed, portions of state and national forests were opened to deer trapping, prairie chicken hunting throughout the state as permitted by the director to give the director to give the state regulations conforming with the federal regulations for the deer hunting season, the August meeting of the conservation commission, according to George C. Fowler, of Manistique, who is a member of the commission.

The seven additional counties in which deer hunting is prohibited are: Emmet, Charlevoix, Antrim, Gladwin, Arenac, and Huron. In all of these counties the number of deer in the cover, compares favorably with the number in many of the counties which have been open to hunting, the Commission declared. Since only ducks may be killed, and hunting should not endanger the birds in these counties, the wilderness park in Emmet county to the north and closed counties to the south are a further safeguard to insure a continuous deer supply in the western portion.

The Commission also established large game refuge on the Mott River in Gladwin county to insure continuous breeding stock in that area. The refuge would be within the boundaries of the Opemaw State Forest. The north and Midland Refuges are the area which will be opened. All counties lying south of latitude 42 and all of the counties were closed for two years as well as Oceana, Oshtemo, Isabella, Leelanau, Benzie and Grand Traverse counties north of the line, because of the danger of deer or because they are counties closed to deer hunting.

Although 14 chain-store companies have filed suit to test the legality of the chain-store license law, 54 companies operating 210 stores already have applied for licenses.

Economic Highlights

Happenings That Affect the Dinner Pails, Dividend and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

Profits—Industry has been going along for three and one-half years practically without them. This month there has been a turn. Companies which have been running constantly in the red are furnishing a market for black ink. Investors who have become used to going without dividends are looking forward to the reappearance of quarterly or semi-annual checks.

Here is how improved business is reflected in the balance sheets of some specific large companies: Chrysler Corporation—In the June quarter, net reported \$1,300 million, totaling \$2,500,000,000. This is within 23 per cent of the company's record, achieved in the fourth quarter of 1932. U. S. Steel—Twelve months ago it reported an operating loss of more than \$5,000,000. In the last three months it had a profit of \$4,880,000.

General Motors—Last year it had second-quarter profits of 7c a share; this year it reported a net of 9c per share.

U. S. Industrial Alcohol—Profits in first half of 1932 came to \$32,000; same period in 1933, \$229,000.

All businesses haven't had an equally happy quarter or half-year. But the general trend of profits is definitely upward. Most important of all is sharp improvement in the earnings of small business whose fortunes don't constitute headline news. They represent the bulk of American capital investment, and their position is a great deal more solid than it was even a month or two ago.

There is a black spot in the industrial outlook, a retail trade which is still in an extremely depressed state. Best fact of all is that the upturn has been in progress for four months without a setback. The most stable bromometer—car loadings, electric power, steel output—indicate continued improvement. During June there was an 18 per cent increase in man-hours worked in manufacturing plants, as compared with June of last year. So far, purchasing power is advancing more rapidly than prices. Weighing in against these cities report that requests for relief are well below former levels. A remarkable feature of recovery is that improvement has been largely apparent in heavy industries. According to the Federal Reserve Board, this is the first time that a pick-up has not been almost wholly confined to industries producing non-durable goods.

The Administration has one major worry now—the poor results of the farm bill. The mortgage situation is more tense than it was, and it is apparent that present legislation is either misdirected or inadequate. All observers forecast that the act will be given a thorough overhauling when Congress meets again.

A few months ago the most talked-about subject of them all was inflation. Then it practically dropped out of the day's news. The President had been given the powers he wanted, and nothing more.

Federal Reserve to buy large blocks of government securities in the open market, thus expanding the Federal credit. This would not create a stable dollar; it would, however, be tremendously helpful in providing a market for new treasury securities.

Opponents of inflation say that the managed dollar is a golden dream which is impossible of realization, and point to the disastrous effects of extreme inflation in Germany and elsewhere. Administration spokesmen say that mischievous of a plan doesn't necessarily mean the plan is wrong. The public, confused by technicalities, is simply in a waiting mood.

State To Regulate Permanent Blinds

The invertebrate angler spends the winter getting his fishing tackle in shape for the fishing season. The duck hunter spends the summer preparing for the first flight of ducks in the fall. The Department of Conservation is assuming from the requests that are now being received for permits to establish permanent duck hunting blinds, and the federal government. Under an act adopted in 1931

permanent blinds are now under state regulation. The places where they may be used are limited and a permit is necessary before one may be constructed and used. Duck hunters familiar with certain waters are now writing the Department offices at Lansing for permits that they might obtain the choice locations before the flood of requests are received later in the summer.

There are but a few waters in the state in which permanent blinds will be authorized. These include Houghton Lake, Muskegon Lake and Anchor Bay from Perch Point to Point Huron and along the west shore from Point Huron to Gross Pointe in Lake St. Clair. In this lake blinds are restricted to within a half mile from shore. In Saginaw Bay permanent blinds under permit will be allowed from Point Lookout in Arenac county to Point Aux Barques in Huron county except that part of Whitford Bay south of a line extending from the Bayport fish docks to North Island.

In navigable waters a federal as well as a state permit is necessary to have a permanent duck hunting blind, and the federal government require that the applicants have a

state permit before a federal license will be granted. Under an opinion given by the attorney general last year, camouflaged sneak or layout boats used more than 100 feet from shore or any well defined rush, level or grass bed, are classified as permanent blinds and as such must remain in one location and may be used only under permit.

If all the mistakes that a modern stonemason makes were laid end to end, they would make a couple of pearl necklaces—Texas A & M. Battalion.

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, run-down person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and sweeten them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail and carry away enough of the decayed poison. Colic medicines won't help at all.

Only a few drops of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. \$24 at drug stores.

Be sure "nothing but the good" for it may give you loose bowels or small return. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C.M.C.

BUY IN MANISTIQUE

Under the wings of the Blue Eagle, the people of the United States are literally "lifting themselves by their boot laces" out of the depression and back on to the high road of prosperity. From the great cities down to the smallest hamlet, the summons of the Blue Eagle has come, and the American people have responded with an enthusiastic patriotism never before known in peace time.

"We do our part" is the battle cry that is resounding in every community. That slogan, however, means more than loyalty to the national government in its tremendous effort to stimulate the industrial life of the nation. It means loyalty to your home state, to your home county, to your home town.

It means loyalty to Manistique.

It means more than verbal loyalty; it means more than saying nice things. It means active, constructive loyalty—it means co-operation for the common good—it means spending your dollars at home instead of somewhere else.

Be loyal to Manistique. Support it both morally and materially, and you will find that it will become a better town, a more prosperous town, and a place where people like to come and visit.

You will find that the industries and stores of Manistique can supply most of your needs, if you give them a chance. Remember, a dollar spent in Manistique helps to pay a hundred different bills during the process of its circulation; a dollar spent out of town pays only one bill, AND THAT DOLLAR SELDOM RETURNS.

Support Manistique by buying in Manistique.

ECONOMY ACT IS EXPLAINED TO VETERANS

(Continued from page 1)

schedule will allow before submitting to re-examination. He pointed out that the new economy act provided for a cut of 25 per cent, but the raising schedules provided for cuts among from 10 to 50 per cent.

The case presumptively service connected, stated for hearing before the new board, were divisible into two classes, Mr. Allen said. One was tuberculosis and the other mental and nervous troubles. The old law provided government compensation for veterans who could show evidence of having been disabled before 1925. The new law drastically changes this procedure, the speaker stated, requiring that the veteran show his own affliction one year after his discharge, a mediumly advanced case of tuberculosis or mental or nervous disorder, and a case well advanced by 1925. He urged the veterans to obtain data showing prevalence of tuberculosis in their system one year or two years after discharge before going before the board.

In regard to mental and nervous disorders, allegedly service connected, Mr. Allen said the previous act provided compensation would be paid to disabled veterans who could prove they had these troubles as a result of the close of the war as 1925. The new act provides existence of nervous or mental disorders must be proven one year after discharge. The act also provides that treatment is permitted to trace mental or nervous disorder to pre-war days and to disallow claims for compensation if competent medical authority states that the claimant entered war service.

A change also is provided in pending cases, Mr. Allen pointed out. The disabled veteran can no longer appeal on degree of disability, but he may appeal if the government rules that the disability is not service connected. The speaker again admonished his veteran audience to be sure of their information before appealing, as only one appeal is allowed. If once turned down, the case will be closed, as far as the government is concerned, unless another Congress revises the present act.

Discussing the change in hospitalization provided by the new economy act, Mr. Allen said that there are now 15,000 empty beds in government hospitals. Under the old law, any honorably discharged veteran of the war was entitled to hospital service. Now the veterans must be practically insane and must prove from 50 to 75 per cent disability before being placed in a hospital.

FORESTRY HAS GREAT CHANCE IN C. C. MEN

(Continued from page 1)

accomplishment of the objective.

Generally speaking, we now wish we had a much larger number of men in the camps. Plans of work for each camp include all required activities, not only for forest protection, but for forest protection.

These work plans are being perfected to the point where daily routine of camp work can now be handled in a highly efficient manner. However, as the plans developed, and better technique resulted, the requirements in terms of man-days expanded. The practice of forestry has assumed a new aspect.

Some observations relative to the functioning of these camps will indicate the actual situation in the camps. In the first place, there is now no doubt in our minds that, excepting the C. C. men, there is no other labor force in Michigan, per hour of labor performed, they are after training as effective as any labor force generally obtainable. Within three weeks after the establishment of the camps output generally doubled that of the same number of men in the

10 Christmas Bags Are Appreciated

(Continued from page 1)

Appreciation of 10 Christmas bags shipped recently by Manistique to the Red Cross, at the Chicago Office of the American Red Cross, is expressed in a letter received yesterday by Mrs. Anna Goussier, secretary of the schoolcraft county chapter of the Red Cross, from Miss Irene Bonham, American Red Cross, St. Louis.

The letter follows: "It was good news that you gave us in your letter of August 12 regarding the ten Christmas bags already shipped to the Pacific Branch Office. They will certainly give much pleasure to the men who receive them. You are to be commended for your cooperation of the different organizations in the project and we should like to have them as soon as possible. How much we appreciate their work, an appreciation in which you have a large share."

Former residents of Manistique who are living in Detroit will hold their own Christmas party on Sunday, September 10, at Palmer Park, Detroit, it was stated this week at a luncheon given by the Pioneer-Tribune under the auspices of Charles K. Fox.

A similar event was held on Saturday, July 19, Mr. Fox said, and it was so poorly attended that plans were immediately formulated for a second party for former Manistique people.

Plans for the affair are still in the making, but it is expected, will be available for publication during the next few days.

Anyone desiring more information should write to Mr. Fox, 281 Chambers avenue, Detroit.

JIMO GIRL GOES BACK TO ADRIAN

12 Year Old Girl Escaped From Institution And Hitch-Hiked Home

Little May Jimo has gone back to the Adrian and Training school in Adrian. An attendant of the institution, summoned here by local officials, arrived and took her to the institution early Wednesday morning.

The 12th girl, who is 12 years old and small for her age, was apprehended about 8 o'clock Sunday night in Gould City by Deputy Sheriff Fred Holt, who notified local authorities.

She was brought to Manistique and held, pending the arrival of the attendant from the Adrian home. The story she told was contradictory in several cases, but the entire upper portion together into understandable form. One phase of the affair, however, was a puzzle to local officials. The girl left her last week for Adrian with apparently no money. When she was taken Sunday night to Gould City, she was dressed in new clothes and was carrying a new purse in which was found five one dollar bills and 25 pennies. She also carried a parcel in which she was bringing home wearing apparel for her parents. Questioned by officers all she would tell them is that she had the money. She wouldn't say where she got the money, but she said she had hitch-hiked to the five dollars to buy shoes for her family. She would have bought them in lower Michigan, she said, but she didn't remember all the sizes and decided to wait until she got to Manistique. It was learned yesterday, however, that she told Sheriff John Hewitt that she stole the money in the Penney store in Gaultsville. She said she found it among some papers on a desk and made her purchases in the store.

She apparently escaped from the institution in Adrian Saturday morning. According to information she slipped out through the back door and unlocked with a group picture of the girls was being taken. She "hitch-hiked" her way to the city, where she contacted one of Lansing she procured a road map of Michigan from an oil station and had her way to the city. She then reported that she walked only a short distance near Gould City.

Authorities here stated that she had missed the girl shortly after her disappearance and had started to search for her. They said she had been in contact with the men who have gone into these camps, can overlook the effect of the project upon the men themselves.

These men, recruited from the cities, unused to discipline of work, self-centered, without ambition, and generally with no conception of their place in society, have shown an effort that is little short of astounding.

A process of weeding out a few of the "gold bugs" is being set on the outset, but if general observations and inspection reports mean anything, the President's Emergency Conservation Program will not only result in a vast area of improved forest land, but also in a large number of improved citizens. The full six month period will understand what it means to work, and what it means to associate with their fellow men. By and large, they should be 100% citizens.

Having dealt with the camps in the question of the future is paramount. One cannot refrain from conjuring with the thought of what the ultimate result would be of the continuation of the program. The obstacle, of course, is the cost, but, after all, to the taxpayers of the Nation, the cost is negligible, because these men were taken from the dole.

It appears to be a question of working in a liquidating job vs. a dole with all its evils.

Probably the shorter working day will be the best thing. If so, the value of the training these men receive in the camps and the work they are undertaking enters into a justifiable serious consideration of the worthwhileness of continuing the project. The essence of the forestry program is stability. Sporadic, feverish activity is something not conducive to good planning.

Presumably, no man intimately concerned with the administration of the camps enters upon them without some skepticism as to the outcome.

However, we in Region Nine view this a vast amount of satisfaction areas brought to a high degree of production and are planning ahead of the production improvement plans by several years.

Manistique To Have Semi-Pro Grid Team; Practice Is Started

Organization of a semi-professional football team to represent Manistique on upper peninsula grids this fall received its initial start at a meeting in the Legion building, held by local officials, Monday night, August 20.

Only temporary officials were elected at the meeting last Friday, but it is probable that the permanent officials will be confirmed at another meeting to be held Friday, August 25, if the Manistique post-American action agrees to sponsor the team at its meeting Thursday night, August 24.

Officers elected last Friday include Norman Jahn, former high school grid star, as president; William Cook as vice-president; and Maurice Reid as secretary-treasurer.

A committee composed of William Cook, J. Halsey and Albert Ackerman was named to present the football proposition to the Legion. Pending action by the post-American action officers were selected for the grid organization.

Dick Mueller was appointed by the post-American action into accident insurance semi-pro teams, such as Newberry, Marquette, St. Ignace and Escanaba, will play under intercollegiate or professional rules. Mr. Mueller will likewise determine whether a constitution for the team will be necessary.

William Cook was named temporary coach until later in the season when a permanent appointment is expected to be made. First practice started Sunday morning at the fairgrounds. Practice sessions are scheduled for each week until the close of the diamond ball season on September 7, after which time regular workouts will be conducted.

Men who are expected to try for berths on the new eleven include a large group of former high school and college players. Temporary coaching to be expected from a formidable aggregation from this line which includes the following men: Archie Carpenter, Nels Halsey, R. Brunet, Walter Dumond, Jacob Barnes, Norman Jahn, Bob Marks, L. Rogers, Carl LeBrasseur, Connie Graphos, Helmie Mattson, Maurice Reid, John Kasun, D. Carstensen, and Albert Ackerman and Blomquist.

Others who wish to report for duty are expected to include either Norman Jahn, William Cook or Maurice Reid.

Escanaba Team Is Trimmed By Braults

Braults' Swee's handed the Escanaba South-Side aggregation a severe drubbing in a baseball battle at the annual game Sunday afternoon, pouncing out a 13 to 1 victory with Charter, who pitched for the local, holding the visitors to five scattered hits.

Neither team scored in the first inning, but the Braults opened up their big guns in the second frame to snare three runs. Escanaba went scoreless until the third inning, when one runner trotted in. In the fourth inning the local baseball men again swung into action to register a quarter of a run. The Escanaba team advanced three in the seventh and two in the eighth completed their scoring rampage. The Escanaba team advanced one run in the fifth and stepped on a bit to snare two in the seventh. After that they didn't see home plate.

The box score and summary follows:

Escanaba	AB	R	H	E
Escanaba	29	4	13	0

Nortons Defeated By Fords Sunday

The Fords defeated the Nortons 9 to 4 in a nine-inning softball game Sunday afternoon on the Arrowhead Inn grounds as a feature of the Woodmen of the World baseball picnic.

The Fords snared seven runs in the first three innings to put the game on ice, and added two more in the seventh frame for good measure. The Nortons worked hard in the fifth and sixth to gather in four runs.

The box score and summary follows:

Fords	AB	R	H	E

Cleaners Wallop Barkers, 20 to 2

The Cleaners wallop over the Barkers in a softball game Tuesday evening, scoring 20 runs and winning by a score of 20 to 2 in 10 innings. The Cleaners collected 16 hits and scored 14 runs during the fourth inning. Carlson hammered out the first hole in the first frame. The Barkers obtained only six safeties.

Local Fishermen Score Trap Nets

Completion of the organization of the Michigan Commercial Fishermen's Protective association for this district took place at a meeting held here Tuesday evening. The upper part of the state here on Tuesday evening. Max Moore, of Port Huron, presided, among those present were Frank Seidl, of Menominee, and August Anderson, of Marquette, besides local fishermen.

The purpose of the organization is to provide for collective purchasing and marketing, which will eliminate certain items of overhead and also aid the commercial fishermen in getting a better price for their produce.

The sharp rise in the price of twine, used for gillnetting by commercial fishermen, drew attention of those present, and it was reported that an order for 1,000 pounds of twine was placed with a German firm. The price of twine, it was pointed out, will work real hardship for the commercial fishermen.

The use of deep water trap nets by certain commercial fishermen has been rather unbalanced, according to the fishermen present, who asserted that it is a vicious system and destructive of commercial fish life. It was thought out at the meeting that the price of whitefish had been abnormally depressed, and that the production of whitefish had greatly decreased because of the use of deep water trap nets.

Another feature, it is expected, will be held soon in Cheboygan, Mich.

Fords Win Monday From Norton Crew

In a league game Monday evening on the courthouse grounds the Fords took a firm grasp on the commercial fishermen's Diamond Ball League by trouncing the Nortons 10 to 6.

The Ford men gathered eight runs in the first two innings and added two more in the fourth. The Nortons snared one in the second, and scored four, three in the fifth, and eked out a lone tally in the last frame to score six points.
