

## George H. Mead, Who Served On Hoover Commission, Is Luncheon Speaker In City

Honorary Chairman Of Mead Corporation Board Visitor Here Wednesday

George H. Mead, honorary chairman of the board of the Mead Corporation, owners of the Manistique Pulp and Paper company, discussed national problems and urged that Congress adopt the governmental reorganization program outlined by the Hoover Commission, at the luncheon business and industrial men Wednesday noon at Denny's restaurant.

The speaker, introduced by R. G. Hentschel, manager of the pulp mill, served on the Hoover Commission and was largely instrumental in preparing the Commission's report on the reorganization of the United States postal department.

He said that the problems confronting the nation are extremely serious and that American citizens should not minimize them. "We felt certain about winning the war when we were in it," he said, "but we don't find the same certainty about winning the peace."

He stated that the government, as now conducted, is incurring continuing deficits yearly; this, he said, cannot continue without disastrous consequences in the next few years.

The Hoover Commission, a bipartisan body, made a report which, if put into effect by Congress, would save the nation between three and four billion dollars annually. This, he said, would almost offset the annual deficit of the government is now incurring.

He said that part of the Hoover recommendations already have been put into operation, notably in a large measure the services under the secretary of national defense and in the postal department. He urged that American citizens exert every effort possible to insure Congress to carry out the entire reorganization of the administrative branch of government as recommended by the report of the Commission.

He also said that a change in administration is needed in Washington, unless the present administration makes an about face in the direction of the Hoover recommendations. He stated that the Hoover report tends to grow rare, he said; this is just as rare of one party as another. He said that the only solution is to change administrations.

## MRS. ARROWOOD IS EXTENSION HEAD

Plans For 1950 Activities Made At Big Rally Program Held Tuesday

Mrs. Frank Arrowood, route 1, Manistique, was elected county chairman of the Schoolcraft County Home Economics Extension Clubs for the coming year at a rally Tuesday evening.

Approximately 150 homemakers and their husbands attended the annual fall rally program which was held at the Birthday Grange, Manistique, Tuesday evening.

## TEACHERS WILL GET FACTS ON BUSINESS FIRMS

Program Planned To Give Data On Operations Of Business And Industry

A program designed to acquaint public school teachers in Schoolcraft county with the problems and operations of business and industrial firms of the county was tentatively planned at a meeting Wednesday afternoon at the First National Bank.

The meeting was convened by the Manistique-Schoolcraft Chamber of Commerce, and was addressed by Carl Horn, director of continuing education for Michigan State College.

The speaker explained how the program is carried on in other communities, stating that it consisted primarily of each participating business or industrial firm being host to a group of teachers for an entire day during which the complete picture of the firm's operations is observed and explained. Such a program usually culminates with an evening banquet for the teachers and participating business and industrial leaders are addressed by an outstanding speaker, he said.

The group tentatively selected for the Manistique program is the Russell Watson, Manistique lumberman and former forestry professor, who recently returned from a tour of Europe in company with forest experts from all over the world, was the speaker at the current year's convention program for the Manistique Women's club Tuesday afternoon in the Lakeside school.

## Soldier, 18, Is Killed In Car Crash

Rodney Wolfe Victim Of Accident Near Columbus, Ind., Tuesday

Cpl. Rodney M. Wolfe, 18, son of Mr. and Mrs. Marlow Wolfe, South Third street here, was killed Tuesday in an auto accident near Columbus, Ind.

Cpl. Wolfe had been stationed at the Artillery air force base near Columbus, Ind. He had been in the air force since April 1, 1948. Born in Manistique on March 31, 1931, Cpl. Wolfe lived in Manistique until he came here to reside five years ago. He attended Manistique high school before entering the army.

He was a member of St. Francis de Sales church. Survivors besides his parents are four brothers, Forrest, Wayne, Erling and Kenneth; and his sister, Mrs. Gordon Wolfe, of Cooks, and Natus Popour, Nahma.

The body is arriving in Manistique Tuesday evening and will be taken to the Merton funeral home. Funeral services will be held Monday morning at 8 o'clock at St. Francis de Sales church. The Rev. E. H. Bendavid officiating. Military rites will be conducted at the graveside.

Mr. and Mrs. Sidney Trowsell had returned to West Palm Beach, Fla., following a visit here with Mr. and Mrs. Lee Wood. Mr. Trowsell is Mrs. Wood's brother.

## National Fire Prevention Week Inspections Planned

National Fire Prevention week, extending from Oct. 9 to 15, inclusive, will be observed in Manistique, it was announced Wednesday by Elmer Beal, chief of the Manistique fire department.

Emphasis will be placed on homes and business places, he said. Cooperating with the fire department in its campaign to stress the importance of fire prevention are the Manistique local fire insurance companies.

## Fishing Tug Is Damaged By Ore Boat

Sellman Company Craft Hit 18 Miles Offshore; Returns Under Own Power

A Great Lakes freighter, the David M. Veit, of Hannah Lane, hit one of the Sellman Fish company's tugs Monday morning at 10 o'clock, just the smaller craft was brought back to port here, under her own power. None of the crew of five men was injured.

The accident occurred in a light fog about 18 miles from shore, as the fishermen were lifting nets. The Sellman tug was captained by Harry Hughson, of Manistique. William Sellman, owner, said that although the tug is not breaking, its side is smashed and it will have to go to dry-dock for repairs.

## WATSON SPEAKER AT WOMEN'S CLUB

Manistique Forester Tells Of Conference In Finland; European Tour

Russell Watson, Manistique lumberman and former forestry professor, who recently returned from a tour of Europe in company with forest experts from all over the world, was the speaker at the current year's convention program for the Manistique Women's club Tuesday afternoon in the Lakeside school.

## GULLIVER CHAPEL HAS NEW PASTOR

Rev. Peter Porta Assumes Charge This Week; First Service Sunday

The Bethany Baptist chapel at Gulliver again has a resident pastor. It was announced this week that the Rev. Peter Porta, pastor of the Bethel Baptist church here, is the new pastor.

He is the Rev. Peter Porta, of Norway, Michigan, who arrived in Gulliver Tuesday with Mrs. Porta and their five children. They are residing in the former John Anderson home there until permanent plans materialize.

The Rev. Mr. Porta, who has been engaged in evangelistic work, was issued a joint call by the Bethany chapel, the Upper Michigan Baptist Conference and Young People's Union.

He will conduct his first services at Gulliver Sunday.

## LaFolle Bowling Alleys Bought By Escanaba K. of C.

The LaFolle bowling alleys, operated for the past seven years by Harry LaFolle, has been sold to the Escanaba Knights of Columbus council, it was disclosed this week. The alleys and fixtures will be moved to Escanaba next month, but will continue to operate in the meantime.

The bowling alleys adjoin the building on Cedar street where the LaFolles operate a confectionery, and sell soft drinks and beer.

## Papermill Shutdown, Lay-Off Of 140 At Inland, Creates Critical Labor Situation Here

Over 300 Jobless In Month; Welfare Funds Already Severely Taxed

Schoolcraft county's unemployment fund was increased by 290 men this week with the shutdown of the Manistique Pulp and Paper company and a layoff of 140 men at the Inland Lumber and Stone company's plant at Port Inland.

The papermill shut down Tuesday after a steam turbine which operates the paper machine being injured by three employees, none of them seriously. The accident occurred shortly after eight o'clock. Hit by pieces of flying metal were landore and Traceford Reno and William Bellville. Traceford Reno was struck in the arm, Traceford Reno received an injured rib and William Bellville's foot was injured.

Two inspectors from the Chicago Steam Boiler company in Hartsgrove and a Mead Corporation engineer from Chillicothe, Ohio, have arrived to examine the turbine to determine the cause of the explosion. In the meantime, R. G. Hentschel, county treasurer, said Thursday, every resource of the Mead Corporation, owners of the local mill, will be directed at securing a prime mover for the paper machine. Officials of the company have indicated that if the necessary equipment can be secured soon, a plant would resume operations in the next few weeks. "That, however, is the optimistic view," Hentschel said, "and at this point we cannot be sure exactly what we may expect."

140 Inland Men Jobless

Counted by the papermill shutdown to cause a critical unemployment situation here was the lay-off Thursday night of 140 employees at the Inland Lumber and Stone company's plant at Port Inland.

A. W. Heitman, general superintendent of the company in announcing the lay-off, which was caused by the steel strike, said that the Inland payroll would be reduced to about 150 men. No metallurgical stone is being shipped from Port Inland because of the steel strike, but the company will attempt to maintain small stone operations for some time. The non-operation of the Great Lakes is a further threat to Inland's operations. Besides the 140 who are out of work beginning at the Inland plant, there are an additional 40 inland employees who were laid off about a month ago by curtailment in operations.

The total lay-off of 180 men is expected to create a severe drain on the county's department of social welfare funds, already severely taxed by the jobless load.

## ALLEGED RAPIST ARRAIGNED HERE

Leo Hillewearth, 49, Of Cusno Area, Jailed On Statutory Offense

Leo Hillewearth, 49, who resides in the northern part of Hiawatha township in the Cusno area, was bound over to circuit court Tuesday following his examination in justice court on a charge of statutory rape.

Complaint in the case is a 15-year-old girl. The alleged offense was committed on May 31 when Hillewearth's wife was in the hospital for mental patient at 16th child. Fear of the defendant, prosecution, witnesses testified, delayed the action against Hillewearth. The girl is not pregnant.

The case was revealed a few days ago when Hillewearth applied for admission to the state hospital for mental patients at Newberry. Questioning of the defendant as well as members of his family directed suspicion at him and the complaint was subsequently made.

Hillewearth was bound over on \$5,000 bond, which he was unable to pay. He is now confined in the Schoolcraft county jail.

## Red Cross Field Representative In City Thursday

Howard McGee, general field representative of the American Red Cross, was in Manistique Thursday to confer with Robert D. Orr, chairman of the Schoolcraft county chapter.

# NEIGHBORHOOD NEWS

## Gulliver

(By Stella Brunet Paul)

Misses Janet Gillette and Adele Price were hostesses Tuesday, October 4, to a group of friends honoring Mrs. John McLeod at a shower at the town hall. Mrs. McLeod was the recipient of lovely gifts after which a pot luck lunch was served.

Word has been received here of the death on Thursday, Sept. 29, of Mr. Guy Gordon of Big Point Sable, Mich. The message was captioned at Seal Choe by Captain R. Rosie for Mrs. Gordon who at the time was visiting her daughter, Mrs. Homer Mevenden, at Seal Choe light house. Death was due to a heart attack. Mrs. Gordon and her daughter accompanied Mr. Mevenden to the funeral services which were held on Saturday, Oct. 1. Mr. Gordon had been with the light house service for many years and recently was stationed at Big Point Sable near Ludington.

Mr. and Mrs. Dale Hofer of Rock Island, Ill., arrived here on Thursday, Sept. 28, as guests of Mr. and Mrs. Lester Bjorkman. Mr. Hofer and Mrs. Bjorkman are brother and sister. The Hofers returned to their home on Sunday, Oct. 2.

Slight improvement has been reported in the case of little Brent Bjorkman who is at St. Luke's hospital in Marquette where he is confined to a respirator for relief from polio. The latest reports are that Brent is now able to be out of the respirator for as much as 30 minutes at one time and walks comes any and all kinds of mail. The address is St. Luke's hospital, Marquette, Michigan, and his nurse hopes that his friends each

Memorite church services (Norman Weaver, pastor)—Sunday school 10 a. m. Preaching service 11 a. m. Sunday evening service 7:30 p. m. Mid-week prayer services and Bible study, Wednesday 7:30 p. m.

The regular meeting of the Mueller township PTA will be held Thursday, Oct. 13, at the school.

Miss Janet Gillette and Miss Adele Price were hostesses at a pink and blue shower on Wednesday evening at the township hall, in honor of Mrs. John McLeod. Games were played and at the close of the evening a hot luck lunch was served by the hostesses. Mrs. McLeod received many lovely gifts from her friends.

Mrs. Homer Mevenden has been called to the lower peninsula by the sudden death of her father.

Pvt. Kendall Freeland, son of Mr. and Mrs. Richard Freeland, and Pfc. Laurence Heminger, son of Mr. and Mrs. William Heminger, arrived for a seven-day furlough at the homes of their parents.

Work is progressing well on the new school. The children find it very interesting to watch the different machines operate and they are learning many things about building which they can discuss in their classes.

School will be closed Thursday and Friday this week while the teachers attend the institute at Marquette.

Mrs. Frances LaCroix and son, William, and Mrs. William Champlin arrived Sunday for a few days' visit with friends and relatives in Detroit.

Mr. and Mrs. Milton LaRoze were shoppers in Manistique Friday.

Miss Gladys Freeland spent the week end at the home of her mother, Mrs. Olga Freeland.

Mr. and Mrs. Harry Tenneyson and daughters of Manistique spent the week end at the home of Mrs. Tenneyson's parents, Mr. and Mrs. Ray Hastings.

Mr. and Mrs. Truman Zook and

## Thompson

(By Mrs. Ole Edvardson)

Walter Olson, sheriff of Door county, Ellison Bay, Wis., visited with his cousins, Walter and Sam Anderson, here.

The Misses Ida and Amanda Anderson of Ephraim, Wis., were guests at the Ed Anderson home several days ago.

Mr. and Mrs. Lawrence Knuth of Van Dyke moved a load of furniture to their home they purchased recently from Mr. and Mrs. Peter Popour. They are enjoying the excellent bird hunting in this vicinity this week.

Mrs. August Sidbeck of Munising is a guest this week at the home of her brothers, Hugo and Alfred Erickson.

Mrs. Joseph Nelson of Manistique was a guest at the home of Mrs. Hana Smith on Thursday.

Mr. and Mrs. Clint Benson have moved from the John Olson residence to the Wellar Squires home. Friends of David Nelson will be pleased to learn that he is now in training for the U. S. army at Fort Riley, Kansas.

Mr. and Mrs. Jay Foglesong of Cold Water are guests of their granddaughter and family, Mr. and Mrs. Wally Arnold.

The Misses June Smith and Shirley Scully of Manistique were week end guests at the Tom Smith home.

Miss Shirley Erickson is being employed at the 5 and 10 cent store at Manistique.

A wedding of interest here was that of Miss Geraldine Johnson, daughter of Mrs. Evelyn and the late Cecil Johnson to Roy Burns on Saturday. A wedding breakfast and reception was held at the family home here on Saturday.

Mrs. Floyd Sample returned home Thursday after attending funeral services for her father, John Wilson, Sr., at Kalamazoo.

Bird season opened on Saturday with a great many local nippers getting their quota the first day. All reports indicate a large number of birds this season.

Mrs. Hazel Pasino of Detroit is a guest at the home of Mr. and Mrs. George Jarvis.

Larry Marlowe has the contract in building a cabin for Mrs. Viola Olson, head of the welfare department, from Marquette. The cabin will be built at Higgins Point a short way out of Thompson on the lake shore. Mr. Marlowe will also construct a two story dwelling for Arnold Pierce this year, weather permitting.

Wm. Rice and sons, well diggers, of Manistique are making a drive on the Arvid Nelson property across from the school, the place formerly owned by the Chas. Pierce family.

Mrs. Wm. Maxwell has a bunch of trailing arbutus in bloom at her home here. Nothing unusual for our climate here, as we always have the second crop of the beloved dandelions, the joy of the home laws.

Frank Richards made a business trip to Escanaba on Monday to have repairs made to his patrol truck, having torn the bottom out on his bird hunting trip Sunday.

The new drive-in lunch room at the corner of US-2 and Thompson highway has been completed, and new fixtures are being installed this week in preparation for the coming hunting season. The place is owned by Mr. and Mrs. Leo Norton and the building makes another beautiful addition to our little city.

## MRS. WATERS DIES IN UNIVERSITY HOSPITAL

Funeral Services And Burial For Former Local Resident In Cape

Mrs. A. B. Waters, former Manistique resident who had been living in Cape for the past several years, passed away at 8 p. m. Monday at the University hospital in Ann Arbor, where she had been a patient for the past month. She was 61.

Mrs. Waters, who was Irma Loomari before her marriage, was born in the Cape vicinity and came here with her parents, the late Mr. and Mrs. Frank Leonard, to visit relatives many times during her girlhood. She was married here 20 years ago to Mr. Waters, who survives.

Also surviving are two daughters, Mrs. Ross (Alice) Drink, of Detroit, and Mrs. Raymond (Lacelle) Billings, Manistique; one son, Duane, of Ann Arbor; and four grandchildren.

Mrs. Waters was a member of the Presbyterian church here, the Order of Eastern Star and the Manistique Women's club.

Funeral services were held on Thursday in Cape and burial was in the Cape cemetery.

If you haven't checked over that corncripper and made needed repairs, September 1 is a good date to start getting it done as corn picking time is not far away.

## Careful Check Urged To Avoid Fires In Homes

With the advent of fall, State Police Commissioner Donald Leonard is urging householders to carefully check cooking and heating equipment to prevent home fires.

Leonard, who is also state fire marshal, pointed out that according to past experiences such fires result in a heavy toll of lives within the next few months unless every precaution is taken.

"Last year 164 persons lost their lives in fires in Michigan," he said. "The majority of the deaths occurred in homes and most of the victims were children.

"There were 15,000 dwelling fires with a loss of \$7,000,000. More than 5,500 resulted from cooking and heating equipment. The greatest number of deaths was due to the use of gas-burners liquid, such as kerosene, to start stove or furnace fires.

"With the arrival of colder weather heating equipment again comes into use. All such equipment should be carefully checked up every defect repaired. Combustible material should be removed to a safe place. Take every precaution to protect your home."

Leonard said the recent Noronic disaster in Toronto was a horrifying example of how quickly fire can bring tragedy. The commissioner stressed the need to assist Michigan survivors and aid in the identification of Michigan dead.

"The sight of an unheated and crowded home in the morgue was a stark reminder that fire can be a deadly enemy as well as a friend. The impact was all the greater when one realized that, unless the rules of prevention are followed, what happened on the Noronic will happen in many, many Michigan homes, but the accumulated effect in loss of life and property will be even greater. Now is the time to take that ounce of prevention."

**Speed Penicillin Crops**  
Production of penicillin "crops" can be stepped up through X-ray treatment of the molds in a new process patented recently. Doses of 50,000 to 150,000 roentgen units are applied to mold spores. Though most of the spores are killed, those remaining are newly induced, mutated strains which produce larger "crops."

## Thompson Township's Better Government League Chairman Writes Letter About Audit

Don C. Johnston, chairman of the Thompson Township Better Government League, this week addressed a letter to the Manistique Pioneer-Tribune so that the newspaper could have the opportunity to hear both sides of the argument and judge the facts for themselves.

The letter follows:

Manistique Pioneer Tribune, Manistique, Michigan

Sir:

Here the Presenting Attorney has fit to make various statements, allegations and remarks in the Thompson Audit affair which appear in the columns of the Manistique Pioneer Tribune, Sept. 16, 1949, said statements, allegations and remarks appearing in no uncertain terms views on certain aspects of the matter, we feel that it is only the readers of this newspaper who are presented the opportunity to hear our side of the argument and judge the facts for themselves. This is the reason for my letter. However, not wishing to engage in a debate through the medium of the newspaper, we will confine our remarks to discussion of the aforementioned statements which appear in said newspaper of the mentioned date and printed in form of quotes on his part. We assume nothing we deal with facts; we play fair and we advocate only better government in our township as defined by the laws of the State of Michigan.

First, we did not threaten to imply a threat in our letter of September 9th. Instead we served a formal and legal notice of intention of our organization to take a proper and defined by statute. Then, too, he has failed to reply to either our letter of Sept. 2nd or Sept. 9th.

His statement about two occasions of which he invited members of the so-called Better Government League to come in and sign complaints, etc., does not quite fit the picture as we see it. The law provides that elected officers in a township are responsible to the electors, and the law further provides for an audit and investigation upon petition by 25 per cent of said electors. This we chose to do instead of coming in to talk to him.

As to the second offer, we wrote him two letters late in March in an attempt to prevent certain improper acts of the Township Board. Had he chosen to act promptly, a phone call to Mr. Sample no doubt would have been sufficient, as we were willing to cooperate with him on everything else. Did he intend not to answer to that letter on file in proper hands, and available as evidence when needed?

As to the township level, we granted politicians of the county and township level masquerading under the guise of a better government league wanting to get over with somebody could have very serious results. However, let us not be angry. We will say instead, that since no one except the Thompson Township electors and members of our league, we cannot imagine to whom he refers as a "disgruntled politician at the county level." As to the township level, we are not disgruntled. We are only three members of our league who were defeated in last spring's election, we know how to handle this. Let us examine the record. Candidate for supervisor served very capably 3 years as school board secretary and 2 years as township clerk, doing an outstanding job in each instance. Candidate for clerk has held several different township and school board offices, all of which he discharged with efficient and courteous service in office. Candidate for treasurer served several terms as treasurer, also was justice, as well as a part term on the school board, his record speaks for itself. We contend that this backward of experience qualifies us to know when township affairs are not all they should be and further we think we should know what to do to straighten things out. If refusal to stand by idly and see township money willfully wasted makes us subject to being labeled "disgruntled" we are proud of it.

"Masquerading under the guise of better government league" he seems to infer that we are sailing under false colors. This we assure is not true. Council advises us that we can qualify as a valid organization. Should he have any doubts and wish to see for himself, we hereby invite him to a meeting of our committee when we will be happy to discuss with him anything he may wish. Until proven otherwise, we maintain that our character and our reputation mean as much to us as it does to any one else, be he an office holder or not.

In addition, may we say that this makes the third annual in Thompson Township in recent years, plenty being found each time. All has been smoothed over and forgotten as regards to the other two, but this one has teeth in it and we want and intend to get action.

## News of 4-H CLUBS

The potato show committee has ordered a very nice trophy for the year's 4-H grower this year. The trophy will be selected on the basis of yield, placing of the show sample, and knowledge of potato practices. Dick Demers, who has won the cup the past four years, is not entered this year so the contest is wide open.

Gerald Gray left Monday for the National Livestock Show at Waterloo, Iowa. The Upper Peninsula Fair Board made \$300.00 available for a trip for four boys. They were accompanied by Bill Lutz, Extension Livestock Specialist from Chatham. They went to Waterloo on a northern route and will return through Chicago. It is expected they will take in a college football game Saturday.

We were glad to learn that Beth Hendrickson, of Hawatha, had gotten another calf. It comes from Blomfield's herd. Gerald Watson, of Gulliver, is looking for a registered Gurnsey or Holstein.

The Fall 4-H club leaders training meeting will be held with the potato show on October 26. Miss Dorothy Erlen, assistant state club leader from Marquette, has some good slides on choosing patterns and will also talk on fashion trends. Russ Horwood, who is the speaker for the potato show banquet, has an excellent message.

Three states in the Union have four-letter names—Ohio, Iowa and Utah.

him. For his information, the persons are well advised. Report this facts reversed in proper township procedure. We wrote the Attorney General and he told us to contact the Prosecuting Attorney for the proper instructions as to how to proceed and also to ask him to help in preparing proper petition. We wrote him that letter dated Jan. 1949, requesting definite instructions as to how to proceed to secure the desired action, as advised by the Attorney General's office. We have his answer to us like this for the Prosecutor to make up his mind. From June to November is altogether too much time, we think.

His statement about a few disgruntled politicians of the county and township level masquerading under the guise of a better government league wanting to get over with somebody could have very serious results. However, let us not be angry. We will say instead, that since no one except the Thompson Township electors and members of our league, we cannot imagine to whom he refers as a "disgruntled politician at the county level." As to the township level, we are not disgruntled. We are only three members of our league who were defeated in last spring's election, we know how to handle this. Let us examine the record. Candidate for supervisor served very capably 3 years as school board secretary and 2 years as township clerk, doing an outstanding job in each instance. Candidate for clerk has held several different township and school board offices, all of which he discharged with efficient and courteous service in office. Candidate for treasurer served several terms as treasurer, also was justice, as well as a part term on the school board, his record speaks for itself. We contend that this backward of experience qualifies us to know when township affairs are not all they should be and further we think we should know what to do to straighten things out. If refusal to stand by idly and see township money willfully wasted makes us subject to being labeled "disgruntled" we are proud of it.

"Masquerading under the guise of better government league" he seems to infer that we are sailing under false colors. This we assure is not true. Council advises us that we can qualify as a valid organization. Should he have any doubts and wish to see for himself, we hereby invite him to a meeting of our committee when we will be happy to discuss with him anything he may wish. Until proven otherwise, we maintain that our character and our reputation mean as much to us as it does to any one else, be he an office holder or not.

In addition, may we say that this makes the third annual in Thompson Township in recent years, plenty being found each time. All has been smoothed over and forgotten as regards to the other two, but this one has teeth in it and we want and intend to get action.

**THOMPSON TOWNSHIP BETTER GOVERNMENT LEAGUE.**  
By Don C. Johnston, Chairman.

## A Pause To Refresh Is Part Of The Game

KEEP FROM BETWEEN PARKED CARS

Winner, Fifth National AAA Traffic Safety Poster Contest

Nightmare of all motorists is possibility of hitting child or grownup who dashes into street from between parked cars. Safety lesson to prevent this is theme of October safety teaching in Michigan schools.

The above poster has been distributed in 9,000 copies by Automobile Club of Michigan to elementary schools throughout the state.

"While teachers here this month will stress avoidance of parked cars when crossing streets, I appeal to parents and other citizens to follow safe walking rules also. It's difficult for educators to prevent a child from doing something dangerous when the child sees adults do it every day," Ernest F. Durs, Auto Club safety and traffic director, said.

Ask for it either way... both trade-marks mean the same thing.

## Breath-taking new 1950 Studebaker!

IT'S THE "NEXT LOOK" IN CARS

All over America, all eyes are on this dramatically different 1950 Studebaker. It's the most sensational advance in car styling since Studebaker introduced the "new look" in cars three years ago.

This 1950 Studebaker is long, low, luxurious—and it's trim, sleek and flight-streamed—no bulging excess bulk to squander gasoline.

Stop in and get a close-up eyeful of this breath-taking new Studebaker. It's the "next look" in cars.

Stand-out advancements mark this 1950 Studebaker!  
Higher compression Champion and Commander engines of increased horsepower; Self-stabilizing coil spring front wheel suspension; Wide-rim wheels and extra-low-pressure tires; Self-adjusting brakes; Oversize windows and windshield; Glare-proof "black light" instrument dials; Wear-resisting Studebaker craftsmanship.

**Whatever the Price Class—**

**"Buick's the Buy"**

It's part of every street scene—something you see every day.

Car owners in three different price classes—all happy about the same thing.

One of them drives a new Buick SPECIAL, which you see poking forth its new, bold-look forefront at the left of our picture.

Another will tell you there's nothing like the SUPER's "happy medium" of size and comfort, power and easy handling, style and standing.

And if you're looking for prestige, where is your money going to buy so much as in that handsome 18-footer, the ROADMASTER, with its 150-hp performance and really royal bearing?

But all these good folks get together on this: There's no ride quite so soft and cushiony as the Buick ride, whatever the size and series. There's no power quite so satisfyingly lively as Buick's high-compression, high-pressure Fireball power.

Above all, there's no "buy" like a Buick—no car that gives you such a rich dollar's worth of smartness, handling, comfort and liveliness for every dollar you pay.

So why not look the whole line over? Your Buick dealer has these grand travel-mates in a baker's dozen of different body types and sizes. Start your shopping in his show room—and you'll find that even on delivery he has exactly what you want.

**BUICK alone has all these features**

Silk-smooth DYNAFLOW DRIVE\* • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Crested cushions • Buysom-riding SHOCK-RESISTING COIL SPRINGING • Lively FIREBALL STRAIGHT-BIGHT POWER with SELF-SETTING VALVE LIFTERS (Dynaflow Heads) plus 16-PIECE BRONZE MOUNTINGS • Low-pressure tires on SAFETY-RIDE RIMS • Double-Duty VENTPOINTS • DURIX BEARINGS, each and connecting rods • BODY BY FIBER

\*Standard on ROADMASTER, optional on wire coil on SUPER and SPECIAL models.

When better automobiles are built BUICK will build them

effect. Her corsage was similar to the bride's and she also wore a pearl necklace. Mrs. Riley wore a grey dress with navy accessories, and a corsage of red roses and white chrysanthemums, and Mrs. Weber wore a black suit with grey accessories and a corsage of red roses and white chrysanthemums.

A non-dinner for the bridal party and family members was served at the Eat Shop and a reception for 150 guests was held from 5 to 8 in the evening at the Weber home. The couple left for their brief wedding trip to Chicago and other points on Lake Michigan. They will reside in Manistique. Mr. and Mrs. Weber graduated from Manistique high school with the class of 1948. Mrs. Weber is employed at Putnam's outside of town, and Mr. Weber is employed at Weber's Garage and is by the 630 Cab company.

Lundstrom-Davis  
Softly glowing candles lighting an altar banked with yellow and white chrysanthemums, richly colored fall leaves, and ferns formed the setting for the wedding Monday evening of Miss Ethel Patricia Lundstrom, daughter of Mr. and Mrs. Elnor T. Lundstrom, of Manistique, and Robert Melroe Davis, son of the Allen Ripley Davison, of Garland, Texas. The Rev. Paul Sobel performed the ceremony in the Presbyterian church in the presence of 300 guests. The bride, who was given in marriage by her father, had Mrs. Edwin Thompson for her matron of honor, her sister, Mrs. Dorothy Puranen, of Manistique, and Mrs. Paul Helman, of Clinton,

quets and tiaras were like those of the junior bridesmaid. Mrs. Thompson wore a coral green and white styled like those of the bridesmaid and wrist length net mitts with flared cuffs. She carried a cascade bouquet of golden chrysanthemums and yellow daisies with streamers of tulle, satin and silk. The flowers in her hair matched those in the bouquet. Little Ruby Davis, 11, of Garland, Texas, was the bride's best man, and ushers were Edwin Thompson, William Hays and Charles Lundstrom. Benjamin Gier, Jr., served as sexton. Enhancing the bride's dark beauty was her gown of ivory imported Chanelly lace over ivory satin and mantle veil of matching lace. Irresistible sequins studded the gown, which was styled with fitted bodice, long sleeves, an illusion neckline with off-the-shoulder effect, accented by a white tulle and full gathered skirt with train. Irresistible sequins also edged her veil. Her only jewelry was a strand of pearls, a gift of her bridegroom, and she carried a cascade of deep red and white roses. Miss Gail Lundstrom, who led the wedding procession, was gowned in yellow tulle, the V-neckline edged in plaits which were repeated across the hipline and formed a flat bow in the back. She wore net wrist length mitts in white and carried a bouquet of bronze Chinese figs, sunflowers and yellow dot pompons with streamers of tulle, satin and silk. The flowers in her bouquet were matched for her bridesmaid of small chrysanthemums, pompons and ivy. Mrs. Puranen and Mrs. Helman wore gowned alike in pale green tulle with bolero jackets having three-quarter length cuffed sleeves, curled bodices and polka-dot-draped skirt forming a lovely hour in the back. They were matching wrist length mitts and their bou-

# NATIONAL FIRE PREVENTION WEEK

A match, tossed carelessly from a car window—a cigarette butt, stamped on and left smoldering in a patch of dried grass—these are the "little things" that drive fire losses up to a million dollars a day, across the nation!

The greatest contribution you can make toward preventing fires, is to make sure that your home—your car—your place of business, is safe. Be sure that no oily rags are lurking in corners. Keep a fire extinguisher within a few steps of you at all times. Never look away from a match or cigarette until you're sure it's out—and COLD! A little care on your part, will "FLAME-PROOF YOUR FUTURE".

On any matter involving fire safety, don't hesitate to call your fire department—or consult your insurance representative.

### CARE WILL HELP TO AVOID FIRST COLDS

Department Of Health Gives Tips On Keeping Free Of Infection

With a little care you may be able to avoid Michigan's first "cold" wave, the Alger-Schoolcraft health department advised this week.

Colds usually become widespread in Michigan about the time people start heating homes, office buildings and factories in the fall, and they remain prevalent until spring.

Colds are responsible for more illness and absenteeism from work and school in Michigan during fall and winter months than all other communicable diseases put together.

You catch a cold from a person who has a cold—when you take in more of his cold germs than your body defenses can destroy.

Avoid taking in large masses of the germs by staying away from the person who has a cold; by staying out of crowded places during a cold epidemic; by washing your hands before you eat and after contact with a cold-infected person or articles he has handled.

Keep your general health high by getting plenty of sleep, by eating regular well-balanced meals and drinking plenty of water; by getting some outdoor exercise every day; and by letting sunshine and fresh air into your home, office and factory.

Don't lower your resistance by getting too tired, overworking or chilled. Avoid sitting in dried out, smoke, dust or chemical-laden air. Dress according to the weather and the temperature in which you must work.

Go to bed if you possibly can at the first sign of a cold. If you can't stay in bed, get as much rest as possible. Protect others by covering your mouth and nose when you cough or sneeze, and by washing your hands frequently, especially before handling food, cooking utensils or dishes.

Don't try to treat yourself. If your cold symptoms persist, call your doctor and follow his advice.

### C. R. WILLIAMS, 66, CLAIMED BY DEATH

Longtime Cooks And Manistique Resident Stricken At Home Here

Charles Roy Williams, lifelong resident of Cooks and Manistique, passed away at 10:00 a. m. Monday at his home, 424 North Houghton avenue, following a long illness. He was 66.

Mr. Williams was born June 5, 1883, at Cooks and grew up there. He spent his entire lifetime in the Cooks and Manistique vicinity.

His last employment was at the Michigan Dimension company. He was married Feb. 15, 1947 at Manistique to Nellie Weaver, who survives. Also surviving are a daughter, Mrs. Marie Blandford, of Manistique; a brother, Howard Williams, and two sisters, Mrs. Henry Orschel and Mrs. Willard Crooks, all of Cooks; and two grandchildren.

Funeral services were held Thursday afternoon at 2:00 o'clock at the Morton funeral home, the Rev. Serge Hummon, of Rapid River, officiating. Burial was in the Cooks cemetery.

### Michigan Movie To Show Abroad

A motion picture on soil conservation made in Michigan will become a part of the overseas educational program of the U. S. Department of State. Permission has been granted for its use by the State Soil Conservation Committee. Michigan Conservation Commission and Michigan State College. The State Department will make copies of the film and translate the voice into languages which will serve agriculture in foreign countries. The film "By Land We Live", was a cooperative production of these Michigan agencies.

### Traffic Death Rate Reversed, Trend Upward

The downward trend in Michigan traffic deaths which began in April came to an end in August, when 134 lost their lives. It was a new high for the year and exactly the same number as killed in August of 1948.

There were 3,703 persons injured and 11,910 accidents reported, according to the State Police monthly statistical report. Injuries were down 152, or four per cent, but reported accidents increased 1,341, or 13 per cent, as compared with the same month of last year. All of the accident increase occurred in the larger cities.

Pedestrian deaths and those resulting from automobile-train collisions decreased for the second consecutive month. These reductions, however, were largely offset by the sharp gain in deaths, resulting from run-off-roadway types of accidents.

Figures for the first eight months of the year show 832 persons killed, 25,744 injured and 90,283 reported accidents. Compared with the same period last year, deaths were down 37, or four per cent, but injuries and total number of accidents were almost unchanged.

Mileage for July, the latest month available, was up two per cent over July of a year ago. Mileage for the first seven months increased four per cent over the same period of 1948, but the death rate per 100 million miles of travel was down 10 per cent.

### Homemakers Can Save Time Doing Household Tasks

Lates advise to homemakers who are interested in applying the streamlined techniques of industry to their chores is to take advantage of the warming up period.

In industry saving time means saving money and studies show that in doing one specific job there is usually an increase in speed from the beginning of the task to the time of greatest output.

Irma H. Gross, head of the department of home management and child development at Michigan State College, applies this principle to household tasks. For example, if you have four beds to make, it probably will save you time if you make them in succession rather than stopping to dust in between bed making.

In homemaking, there are many different jobs during the day—washing dishes, making beds, cooking, dusting and others. If homemakers realized that every time they changed from one job to another they went through this "warming up period", they would stay at one job longer. This same idea applies to cleaning a group of rooms. If all dusting is done in the group of rooms at one time, with the vacuum cleaner

used in all, there is less loss of speed than using a warming up period in each room.

Be sure and clip the tops off gladiolus and remove them from the bed a few days before digging the corns. MSC specialists say that will prevent carrying over any disease that's in the tops over in the bulbs to be planted next year.

### Telephone expansion doesn't just "HAPPEN"

Money for telephone expansion can come only from investors... everyday people who put their money into telephone stocks and bonds.

The money you pay for telephone service must be used only to meet expenses and pay a fair return to these investors for their confidence in your telephone company's business ability.

Thus, the wave of telephone expansion programs throughout the country means more than just better telephone service. It is a thrilling aspect of continuing faith in the American free system in all forms of business.

# A&P, TOO, TAKES OFF ITS HAT TO MR. C. WHIT BLOUNT

OF WAYNESBORO, GEORGIA

**-AND TO ALL OUR OTHER GOOD  
COMPETITORS WHO  
HAVE TAKEN A SIMILAR STAND**

*[ An Editorial From The Atlanta Journal,  
Thursday, Sept. 29, 1949 ]*

## Competitor Denounces Suit Against A&P

THE BOLD three-column advertisement in the current issue of the Waynesboro True Citizen catches the reader's eye. We quote it in full.

To our notion that advertisement by C. Whit Blount states the economic and governmental aspects of the case against A&P with a clarity and forcefulness that most of the editorial comment has lacked.

Also it strikes us as a fine example of sportsmanship in business.

Incidentally, it is about as effective an advertisement as could have been written for Mr. Blount's "Grocceteria".

Makes you sort of wish you were in Waynesboro to trade with him, doesn't it?

\*\*\*

*[ An Advertisement From The  
Waynesboro True Citizen ]*

## A Word For Our Competitor The Great Atlantic & Pacific Tea Co.

There has been a move by the anti-trust department of the Federal Government to destroy our leading competitor, the A&P Food Store.

It may seem odd, but we are opposed to this move.

The A&P Co., is definitely our strongest competitor - they keep us hopping. But, we are still in business - And Expanding. We do it by selling quality merchandise, buying at a close margin and selling at CLOSER margin.

The so called "trust-busters" charge that the A&P Co. control some of the production and processing ends of the food business. As a result, they hold the cost price down on foods.

### WELL, WHAT'S WRONG WITH THIS??

If A&P holds the costs down, it makes our suppliers hold their costs down to the same competitive level. They can sell cheaper, AND SO CAN WE.

We intend to continue to try to sell better merchandise than A&P; We also will continue to have competitive prices.

BUT, We don't believe the government, or any individual should try to break up a firm that is doing a good, clean, efficient job of serving the people of this country.

C. Whit Blount

## Peoples Store Co.

Associated with the JOHN W. THOMAS COMPANY of MINNEAPOLIS

### Motsam And Jetsam

(Continued from page 1) "crack down" on the speeders set on the fellow who is going 30 when the limit is 25 but on the motorist who is doing 40 or better. A policeman stationed at Lakeside store around noon, would probably catch two or three speeders; and another at Riverside store on North Houghton could gather in a couple more. The only way to catch them and stop the speeding, we believe, is to set out deliberately to apprehend them where they do the most speeding, in fact the very knowledge that police are making a special effort to watch these speedways would do a lot to lighten the downward path on many accelerators.

ginners who will take issue with the reasons he advances. As a layman all we know is this—that the causeway was originally designed as an approach to the proposed Straits bridge, that it was intended to be used as a dock while the bridge was being built, and that the world's most competent marine and bridge engineers were employed to make the design.

### Power And Light Outages Due To Change In Source

Momentary outages in local power and light at midnight and at 6:30 a. m. are due to changes in the source of power, it was reported this week by Fred Williams, superintendent of the Manistique Light and Power company. At midnight the power source is changed from the Edison-Sault company to Sault Ste. Marie to the Manistique Pulp and Paper company, which furnishes electric energy until 6:30 o'clock in the morning. At 6:30 electric energy is again switched over to the Soo source. Corrective measures are now being taken to eliminate these momentary outages. Mr. Williams said.

### TEACHERS ATTEND REGIONAL MEETING

Students Get Two Day Vacation As Faculty Goes To MEA Session

More than 2,000 educators of Region Seven of the Michigan Education association are expected in Marquette for their annual regional conference which opened Thursday and will continue through Friday. Local teachers, school administrators and lay leaders will have active parts in the conference, at which national and known speakers will be heard. Commercial exhibits will be in the Northern Michigan College of Education gymnasium and will be in charge of J. Milton Gustafson, Marquette.

### 20 Businessmen From Manistique At Garden Doings

Approximately 20 Manistique businessmen and Legionnaires attended a special party and program at Garden Thursday night, arranged by the Garden Legion post. The event was staged by the Garden Legionnaires to express appreciation to Manistique for the many courtesies extended to them by business and veterans groups here.

### John Haggblom Taken By Death

Aged Manistique Resident, 83, Stricken At Home Thursday Morning

John Haggblom, 83, a resident of Manistique for the past 42 years, passed away at 12:30 a. m. Thursday at his home, 106 Arbuthnot avenue, following a heart attack. He had been in failing health for several months.

### First Methodists Hear Missionary From China Oct. 10

Dr. Ortha R. Lane, missionary to China, will speak in the First Methodist church in Manistique next Monday evening. Doctor Lane comes very highly recommended as an exceptional speaker, with late news from China that will be of interest to young people and children as well as adults. As a missionary to China, he was supported by the Upper Iowa conference of the Women's Society of Christian Service of the Methodist church.

### Hiawatha Man, 57, Is Badly Injured By Potato Digger

Ed Woodruff, 57, of Hiawatha township, suffered a badly mangled leg Sunday afternoon about 10 o'clock when he was caught in a potato digger on the William Wieland farm.

### Home Economics Meeting Oct. 11

The Manistique township Home Economics groups will meet Tuesday evening, Oct. 11, at 7:30 at the township hall. The meeting is of a very important one and all members are urged to attend.

### Second Twin Baby Dies In Hospital

Christine Marie, the week-old daughter of Mr. and Mrs. Elmer Garvin, passed away Tuesday night at the county hospital. Her twin sister, Charlotte Ann, died Sept. 28, the day after they were born.
