

NEIGHBORHOOD NEWS

Gulliver

(By Stella Brunet Paul)

The deep sympathy of each member of the community is extended to the family of the late Mrs. Lee Chiles. Mrs. Chiles was loved and admired by all who knew her. Though she lived in Gulliver for only two years, coming here from Lombard, Ill., with Mr. Chiles and their daughter and son-in-law, Mr. and Mrs. LeRoy Beck, about two years ago and making their home with another daughter, Mrs. Ben Banas, she was well known here, as the Chiles family vacationed here every summer. Mrs. Chiles was an active member of the Gulliver Community Planning Club and along with Mr. Chiles did much to accomplish the aims of the club. We shall all greatly miss the presence of this charming lady in our community.

Several local hunters in this area have bagged their bucks. The light fall of snow at intervals this past week gladdened their hearts and raised the hopes of the less fortunate hunters.

The public is reminded that, printed, unsealed Christmas cards, require 2 cents this year instead of the usual 1 1/2 cents. This went into effect at the time postal rates were increased this past year.

We are happy to see the folks employed at Inland called back to work on Monday, Nov. 14.

The Gulliver post office will be closed all day Thursday, Nov. 24, Thanksgiving Day.

Mr. James Rodgers was on the sick list last week.

Mrs. Guy Gordon is visiting her daughter and son-in-law, Mr. and Mrs. Homer Mevreden, at Seul Chios Pointe.

Mr. Albert Erickson of Chicago spent a few days in the village last week. The Ericksons will spend a month in Stockholm visiting relatives and friends, leaving New York City via Scandinavian Air Lines on Dec. 16, and arriving in Stockholm on Dec. 17, with four stops each in Scotland, New Sweden and Denmark. Natives of Sweden, Mr. and Mrs. Erickson are looking forward to a happy holiday season there.

Mrs. Ben Grove left Sunday, Nov. 13, for Detroit where she will visit friends and relatives for a week, returning to Gulliver on Sunday, Nov. 20.

The girls of Mrs. Jewett's room at Whitelode school organized their 4-H club on Friday, Nov. 11. The club will be known as "The Stitch and Rip" Club. Leaders are Miss Peters, Mrs. Wood and Mrs. Jewett. Officers are: President, Beth Ann Porta; vice-president, Joanne Lockwood; secretary, Elaine Carlson; treasurer, Myrna Peterson; news reporter, Laurille Asp. The next meeting will be on Friday, Dec. 9, at the school.

Miss Josephine LaVelle of Chiles returned to her home in Lombard, Ill., on Monday, Nov. 14.

Rev. Violet Byers is reported to be improving and expects to be home from St. Francis hospital soon.

Mr. and Mrs. Bob Crawford and Donna and Miss Pat Tennant of Manistique Heights were callers at the A. Henriksen home Wednesday evening.

Mr. Geo. Hezak, Bill Brown and John Frenco of River Rouge are returning to their homes Saturday. Mr. Hezak got his buck the first day of the season.

Adolph Henriksen spent the first two days of the deer season hunting in this vicinity with friends from Detroit. He returned to his home in Gladstone Wednesday evening.

Mrs. Howard Latsch and Mrs. Russell Ruggles called on Mrs. Lyle McManus at Steuben Wednesday.

Mrs. Vincent Wienert and Mrs. Russell Ruggles will represent the Friendly Neighbors Homemakers club at the sewing machine repair lesson at the Manistique township hall on Dec. 1. The ladies are to take their lunches and the lesson will start 10 a. m.

Messrs. Leigh and Clifford Sherman of Kalamazoo are spending a week at the Reuben Byers home and have come for their party.

Mr. and Mrs. Levitt Barker of Detroit are visiting the Fred McVeens while Mr. Barker is hunting with Mr. McEwen who had the misfortune of falling in Hiawatha creek one day last week.

Martin Goudreau in Ferris Band

Big Rapids.—Martin Goudreau, of Manistique, has joined the Ferris Institute band, playing bass horn. On Monday the band accompanied the football team to Adrian for its final away-from-home game.

The band will make its final football game appearance here on Friday night when Ferris plays Grand Rapids Junior College. The band members are all planning to leave for their homes Nov. 23 for their Thanksgiving vacation, returning for the opening of the winter term Nov. 29.

MORE PRACTICAL NURSES NEEDED HERE

PHOTO BY LEO'S MAGAZINE, MICH.

The need for more practical nurses in Scholcraft county, especially in view of the opening next spring of the new Scholcraft Memorial Hospital, was emphasized here recently by Miss Elizabeth Sears, state supervisor of the practical nurse training program, and Miss Eunie V. Willis, director of the upper peninsula school for practical nurses at Marquette. Pictured above is a photo of a regular classroom period at the Marquette school, and below is a group who graduated from the year's course recently. Among them are Mrs. Walter Wilson, former Manistique resident now living in Moran, who is at the bottom row, lower left, and Mrs. Gladys Hubbard, fourth from the left. The next course opens in February.

Members of the local committee for practical nursing education are Mrs. Carl Anderson, chairman of the Scholcraft county Lay Health committee, Mrs. J. Joseph Herbert, Mrs. Frank Arrowood, Mrs. John Hanson, Mrs. Gerald Mullen, A. F. Hall and Carl Olson. Mrs. Julia Young, of Manistique, is president of the newly organized Upper Peninsula Practical Nurses Association.

Students At Ferris Plan Vacations

Students from the Manistique region at Ferris Institute are busily making plans for their Thanksgiving vacation and busy getting ready for the end of the fall term. The term ends November 23 at noon to give every one plenty of time to get home for the winter.

we have so much to thank you for...

THROUGHOUT this great country, people are taking time out from their labors to express thanks through prayer and thanksgiving.

And along with these personal expressions of gratitude, we would like to add a special message of thanks to all our friends, both old and new.

THANKS to all of you who have bought new Chevrolet cars and trucks from us. We appreciate your choice, and know you will find true driving enjoyment in the extra-value Chevrolet offers. THANKS to those of you who have placed orders and are waiting delivery. Your patience and your loyalty to the Chevrolet standard will find a sure

reward in the complete satisfaction your new Chevrolet will bring you. THANKS to our many service customers, for the confidence you have shown in our service methods. We are proud of the fact you like the way we take care of your car. We are happy that you keep coming back to us when it needs attention, because we want your car to give you perfect satisfaction.

THANKS to everyone who has made this one of the greatest years in Chevrolet history: : : in new car sales, in new truck sales, in service. Your preference has proved again that Chevrolet is the car America likes best, and we thank you for it.

Watch Out For The Symptoms!

Laughed out loud when I heard Hoot Davis was down with Chicken Pox. A man of forty-five catching a kid's disease!

So I went to see him, armed with jokes about "second childhood" but forgot them fast when I got there. Hoot looked terrible and had quite a fever.

While we talked, I came to think of how Chicken Pox is a lot like other "diseases"—diseases of the character, such as intolerance, self-righteousness or just plain ignorance. They're excusable in children, but when they come out in

adults they're ten times as bad—and can be mighty "contagious."

From where I sit, we should all watch out for the "symptoms"—little things like criticizing a person's preference for a friendly glass of temperate beer or etc. We've seen personal freedom wither away in other countries, when individual intolerance was allowed to get out of hand and become a nation-wide epidemic.

City League Basketball Gets Underway; Post Schedule Soon

At an organization meeting held at the city hall recently, City League basketball entries from the following were received: VFW, the National Guard, Cooks Bombers, Hewitt Grocery, Paper Mill, and the Old Timers. Reported interested but as yet not in are the Gulliver-Blaney combine, Inland and the American Legion.

Arrangements have been made to have the old gym open and available every Tuesday and Thursday evening from 7:00 to 9:30. At the request of the board of education only those eligible for city league competition will be permitted in the gym during practice periods.

Of interest to the competing teams are the following resolutions passed by the league representatives: All games are to be played under high school rules; game time will be 7 p. m. and forfeited after 7:15 p. m.; rosters—not to exceed ten men—must be posted with the commissioner not later than December 15; three rounds of play shall constitute the regular season; the city tournament will be double-elimination tournament; not less than four men must be on the floor and ready for play at game time and less than four at that time shall constitute a forfeit; Tuesday and Thursday evenings shall be league game nights; entry fee will be \$6.00 this year; starting date for practice was November 8 and league play begins December 6.

The Old Timers are a new group formed under the direction of Fred Leisten and Friskey Leska. Any players interested but as yet unassigned should get in contact with either of these two men or with Recreation Director T. Reque. There is still room for another team and any group interested are asked to get in contact with the above-mentioned as soon as possible. Just as soon as the final entries are in the schedule will be posted.

Home Economist Suggests Ideal Christmas Gift

These lovely green plants that you have been seeing used as decorative objects in the colorful pictures of lovely new homes and rooms in current magazines will make perfect Christmas gifts.

These green plants fill those first gift requirements of being both lovely and useful; something persons might not afford for themselves, and yet inexpensive for your budgeted gift list.

If you don't know the names of these plants, this information from Nikola Bayle, home economist at Michigan State College, may help you. Most of the plants are available at local nurseries

and if not can be ordered for you if you get your request in early.

Diefenbachia has handsome big leaves and comes in pale yellow green with dark veins for contrast. It would be striking against dark walls. Select the dark variety with white streaks if the walls are lighter.

Ficus is an effective plant with large leather-like leaves, and ranges from around 30 inches to four or five feet tall. Consider one

of these for your professional friend's office.

Philodendron has endless varieties and comes in different heights. Look at the point or spade type in darg green or variegated hue. The out leaf and oak leaf philodendron are effective in their design patterns and add interest to any room. Sometimes small philodendron

veins are grown on bark or may be combined with the English ivy. Don't overlook the handsome rubber plant. It is sturdy and the

leaves have a texture which is as pleasing as that of beautiful leather.

A bouquet of rhododendron branches is inexpensive and if kept trimmed and in fresh water will last for almost three months. A single branch can be used to fill in many a spot.

Charles Lundstrom, who attends Northwestern university, will spend the Thanksgiving week end at his home here.

Will A&P be put out of business if the anti-trust lawyers win their suit against this company?

Absolutely! And here's why: A&P's retail stores will be broken up into seven groups and sold to new owners.

A&P's factories, which produce many of our fine foods, will be sold to other new owners.

None of the stores and factories connected in any way, which will wipe out the savings you now enjoy on the foods A&P makes.

None of the present owners or management who have made A&P what it is today can have anything to do with either the stores or the factories.

So, while there may be a food store where your A&P is now located, it won't be your A&P store, it will be operated by different owners and under new management.

Make no mistake about it, if the anti-trust lawyers win their suit it will mean the end of A&P as you know it.

New Books Added To Library Here

Three unusual books of non-fiction are among new books recently received at the Manistique library...

American Folk Song in the Library of Congress, is a collection of stories, legends, tall tales and ballads of the negro people during slavery days.

poetic, sometimes humorous, sometimes crude but always moving and alive. There is the emotional release of holiday parties and camp meetings, the routine of life in the quarters and the big house, labor in the fields, the workings of the Underground Railroad, the life of the negro as a soldier, the Ku Klux Klan, the agony of inhuman beatings, the privations and changes of the years of the war between States, the joy and bewilderment at the coming freedom, the philosophizing of old people looking back at lives lived partly in slavery, partly in freedom—all these experiences and many more are woven together to make a new kind of narrative, which is both history and literature on the folk level.

NEW SONG IN A STRANGE LAND, by Esther Warner, is a story of the experiences of a white couple among the natives of Liberia, on the west coast of Africa. The author is a sculptress who accompanied her husband to a rubber plantation there while he was doing research work for the Firestone Company.

of one of the most exciting and least known of American military branches—the Air Transport Command. There are almost 500 pictures, 150 of them in color taken by this ace reporter for the Saturday Evening Post during the months he spent flying 32,000 miles of ATC routes with his cameras and equipment, his trained observing eyes and his fresh curiosity. He saw at first hand the dramatic feats and heroic accomplishments of ATC in its urgent work of ferrying bombers, flying and material to combat areas and establishing bases around the world. In this book with Dmitri you travel to South America, to lonely Ascension Island, to the Gold Coast; then you cross equatorial Africa and Arabia to India and on over the "hump" to the jagged, 30,000-foot peaks of the Himalayas, made dangerous by shifting air currents and the threat of enemy attack—in free China. Then back you fly through Cairo and across the desert to the Libyan base of the 13th Bomber Command where you visit thousands of our airmen at the hot, dusty Mediterranean base from which they go out to bomb Axis-ruled Italy, the Balkans and southern Germany. You fly with them on a mission over enemy targets. Other exciting parts of call are the army; Algeria and Tunisia; the Atlas range where you join American GIs as guest of a Moroccan sheik and his 500 dancing girls; Scotland, Iceland, Greenland, Labrador. It is a story which makes clear a little known phase of our global war—a story which you will want to remember since the ATC routes of today may well become the international airways of tomorrow.

Small Manufacturer Advised By University Of Michigan Specialist

Newspaper advertising is probably the most useful type of advertising for the small manufacturer, with lead, direct mail, and posters serving local markets also.

J. Howard Westing, associate professor of marketing, discusses means of concise advertising for the small manufacturer in an article published in the Michigan Business Review. The Review is a monthly publication of the University's Bureau of Business Research.

"The outstanding advantage of the newspaper for a small manufacturer is that its coverage can be made to approximate closely the market for the product," Professor Westing explains. "One factor in its advertising effect, he thinks, is that the newspaper dealer is particularly important to a small manufacturer because his brands can sell well against the competition of well-known brands only if the dealer gives them active local support."

Radio has made tremendous progress as an advertising medium but it is most successful for products which are bought frequently at a fairly low price, and without a great amount of advance planning on the part of the buyer.

Direct mail advertising and outdoor posters are particularly useful to the small businessman, Professor Westing says, because they can be tailored to fit any need.

WORN OUT by STOMACH DISTRESS GAS, INDIGESTION

MRS. SAMUEL C. MCKINSEY of 3 S. PASADENA AVENUE, FLINT, Mich., writes: "I have had a most relieving experience with O-JIB-WA BITTERS."

Three unusual books of non-fiction are among new books recently received at the Manistique library. Mrs. Dorothy M. Shipman, librarian, announces. LAY MY BURDEN DOWN by Ben Bokkin, formerly chief of

Don't go on suffering needlessly with gas, nervous indigestion, heartburn, bloating and other O-JIB-WA BITTERS with complete satisfaction during the last 35 years because of their experience, continually praise and recommend this herb medicine to others.

As made it hard to breathe in some cases to treat for O-JIB-WA BITTERS and what is known as the "Baker's" flatulent gas. O-JIB-WA was soothed almost immediately with stomach distress, indigestion, heartburn. At times the gas was so bad that it was very painful and my heart would catch my breath and my heart would pound. Even though I was very careful of what I ate, still, I was unable to get any relief. Many times I felt like I was walking around with a stone in my stomach and I was always tired and ached all over. However,

Big Change in Two Weeks I suffered this way for over 3 years before I happened to try O-JIB-WA BITTERS and that is probably why I am so enthusiastic in my praise. Although I have taken O-JIB-WA for only three weeks I have never felt better. Now I am eating everything and haven't had a single headache or indigestion. O-JIB-WA has not only cured my stomach ache, it has done wonders for my nerves. I have been so nervous and nervous that I could not sleep. I had to take a sleeping pill every night and hardly ever I could get to sleep. I had to take a sleeping pill every night and hardly ever I could get to sleep. I had to take a sleeping pill every night and hardly ever I could get to sleep.

HOW IT WORKS O-JIB-WA BITTERS is an all herb medicine, containing no dose of harmful drugs. This great medicine acts to soothe and drive out the causes of most common stomach ills. O-JIB-WA is a safe, natural, and refreshing laxative. It acts on the digestive organs, loosening gas, relieving indigestion and heartburn. It helps to soothe the blood of poison and waste that may build up in the system. It helps to soothe the blood of poison and waste that may build up in the system. STORY TO BE TOLD TO AN AMERICAN CHILD

A LONG, LONG time ago, in a land way across the Atlantic Ocean, there were some people called the Pilgrims.

All the time they had to fight off the Indians to protect themselves.

These people lived under a wicked king who wouldn't let them do what they wanted to do. They wanted to worship God in their own way, and he wouldn't let them.

That year, when the harvest was in, they all got together and knelt on their knees and thanked God for being so good to them.

So they got together in each other's houses, and they locked the doors, and they talked—so that no one outside would hear them—about what they ought to do. And they decided to sail in a ship to the other side of the world.

It's been a long time since the Pilgrims first came here. But every fall we still have Thanksgiving. For no matter what happens—whether we have war, or sickness, or trouble of any kind—just like the Pilgrims we can still do what we want to do here in America. We still have freedom.

They decided to sail to America. After many weeks on the ocean, they arrived on strange shores. The woods were all about them and not even the promise of food. Yet they got down on their knees and thanked God that they were safe.

And that's why we have Thanksgiving here in America. Nobody anywhere else in the world has Thanksgiving. For nobody anywhere else in the world has quite what we have here in America.

The men went into the woods and cut down trees and built homes. Some of them were killed by the Indians. So they set up guards to protect them from the Indians while they planted seeds for food for their wives and their children and themselves to eat.

Some day maybe everywhere in the world they'll have Thanksgiving. Because maybe some day, everywhere else in the world, they'll have what we have here in America.

Then the winter came, and it got cold, and many of them got sick and died. But the others carried on. And in the spring they planted again.

So let's all of us, right now, not only thank God for what we have, but pray to Him that everybody, everywhere else in the world, can some day be just as lucky as we are.

Don't you think we ought to?

Flint Hunter Hurt In Truck Accident

A Flint hunter, Richard Griffith, 28, was hurt at 3 a. m. Friday morning when his walk-in model truck went off the road and overturned a short distance south of Jackpine Lodge on M-94. Griffith and his brother, Lawrence, were on their way back to Flint after a successful hunt in the Jackpine Lodge area when the accident occurred. State police said the truck skidded on the slippery highway.

Hunter Shot In Freak Accident

A Grasse Pointe Park hunter, Robert Grambo, 19, was shot in both thighs Sunday in a freak accident at the Parks resort, near Steuben. Grambo was standing inside the cabin while a companion, Peter Henkel, also of Grasse Pointe, Park, was unloading his gun outside. The gun went off, the bullet striking a rock, and then ricocheting through the open cabin door to hit Grambo. Grambo was treated at the Shaw hospital here and released.

For Thanksgiving EGG NOG

Here, in our gleaming white plant, white-capped experts have been mixing up a grand "batch" of EGG NOG, true to a time-tried formula. Into it we've put all the TASTE GOODNESS of traditional EGG NOG. And — with this lip-smacking good taste comes all the health and nutrition values of selected eggs and golden, rich cream. Thus, EGG NOG is a delight to the entire family — for every taste — for every occasion. Available at our creamery, or your grocer.

William Cody, 21, At Trade School In Minneapolis

William G. Cody, 21, son of Mr. and Mrs. Israel P. Cody, of Manistique, has enrolled in a Minneapolis trade school, Practical Trades Institute, where he will study refrigeration under the GI Bill of Rights.

A veteran of 15 months with the U.S. Army Air Forces, Cody also served in the maritime service, and was the former Mayor of Salmonson of Roseau, Minnesota.

At Practical Trades Institute, Cody will study all phases of refrigeration, both domestic and commercial, and upon graduation nine months hence, will be qualified as a refrigeration service man.

Among other things he will receive training in the heat pump field, the miracle refrigerator that
