

### U. S. RAILWAY BUYING RISES

Third Quarter Purchases Are Reported At \$106,343,000

The Railway Age reports in its current issue that railway purchases of equipment and materials in the third quarter of 1938 exceeded those in either of the previous two quarters of the year. These purchases in the first quarter were \$98,661,000; in the second quarter, \$82,585,000; and in the third quarter, \$106,343,000.

This made total purchases of equipment and materials in the first nine months of the year \$287,589,000 as compared with \$178,322,000 in the first nine months of 1937, a decline of 60 per cent. Purchases of equipment in the first nine months of 1938 were \$39,439,000 as compared with \$16,439,000 in the first nine months of 1937 and \$27,645,000 in the first nine months of 1936.

The value of orders placed for new equipment in September totaling approximately \$3,804,000, while small compared with the \$17,435,000 of orders released to manufacturers for new equipment in July, was approximately \$346,000 more than the total for August and raised the purchases of equipment from manufacturers for the third quarter of 1938 to approximately \$24,697,000 which was \$14,790,000 more equipment than was ordered in the previous six months and \$11,882,000 more equipment than was ordered from manufacturers in the third quarter of 1937.

October and November orders will increase the equipment totals by approximately \$13,500,000.

Materials purchased from manufacturers in September totaled approximately \$28,978,000, a gain of \$1,050,000 over August and a gain of \$4,238,000, or 16.5 per cent, over July and was the largest monthly expenditure for materials from manufacturers since March, although the September total was less by 48 per cent than the corresponding expenditures in September, 1937.

The outlay for both materials and equipment from manufacturers in September was approximately \$32,782,000 which, while showing a decline of \$9,393,000 from July on account of the larger volume of equipment ordered in July, showed a gain of \$1,396,000 over August.

### COMMUNICATION

**TOWNSENDISM**  
I noted "Townsendite's" letter Thursday. These folks are sincere I am sure in their efforts, but woefully deceived in their claims.

They are afflicted with the delusion that we all live off of Uncle Sam. They see the checks he can issue and imagine how fine it would be to get them but it apparently never enters their minds as to how Uncle Sam would get the money to pay them. This same fault lies with all public officials from school teachers to sheriff and postmaster. They all complain of too small pay. They do not stop to think that 90 per cent of their salaries are paid by people whose income is less than half of what they get. A Townsendite imagines it would be fine to get \$200 a month pension and sees prosperity for every one else if he got it and spent it. But it never occurs to him that Uncle Sam would have to collect the money before he could pay it to them.

But here is what Uncle Sam would be up against if he tried to pay the Townsend pensions: The ratio of old folks per thousand of people is about the same all over the country. Delta county could not collect money from Chicago or New York for there are as many old folks there per thousand as in Delta county. Delta county would have to pay the old folks here. We have about 3000 old folks here who would be entitled to the pension under this plan. \$200 a month. And before Uncle Sam could pay them he would have to collect in this county

every month about \$600,000, or about \$20 per capita. It would be impossible to do this if the money was good. It seems as if anyone could see this. In this state at present it is almost impossible for us to pay \$15 per month to about one tenth of the folks above 60.

The Townsendites had better work for a pension of \$30 a month to all the needy. It is enough and is all we can afford to pay. I think they could get this amount for it is reasonable and we all admit the needy should have it.

# STATUTES WILL BE CONSIDERED

Funeral Directors Will Hold 3 Meetings In Peninsula

State laws as they affect the Michigan Funeral Directors and Embalmers association will be discussed at three meetings of association members to be held in the Upper Peninsula this month, it was learned here yesterday.

C. Arthur Anderson of this city is president of District One of the Upper Peninsula group as well as chairman of the resolutions committee.

Meetings will be held at Ironwood, Houghton and Marquette on successive evenings starting Monday, December 12.

**State Officials to Attend**

The three meetings have been arranged for the peninsula, it was explained, to bring the news of the state association and problems of funeral directors from a legislative angle direct to U. P. members.

Peninsula members will have the opportunity of airing their views and commenting on local problems.

Ironwood will be the scene of the first meeting, Monday, December 12. It will start at 4:30. A session has been scheduled for Tuesday, December 13, at the Douglas House, Houghton.

**Officials who will attend** all three conferences are W. B. Carpenter, of Lansing, executive secretary, and David Clingsmith, of Lansing, new secretary of the state embalmers board. Clingsmith will speak on the present policies of the board and will interpret the law under which it functions. Carpenter will discuss all matters pertaining to the state association.

**Anderson On Committee**

The following funeral directors of the upper peninsula are represented on committees of the state association: Mort C. Plowe, of Houghton, second member of the membership committee; C. Arthur Anderson, of Escanaba, chairman of the resolutions committee; Alvin Koskey, of Negaunee, member of the grievance committee.

The U. P. is divided into districts as follows: 1—Delta, Menominee, Dickinson and Schoolcraft counties; Anderson, of Escanaba, president; 2—Gogebic and Iron counties; J. B. Chappell, of Ironwood, president; 3—Houghton, Ontonagon and Baraga counties; Mrs. Elizabeth Cane, of Houghton, president, and district No. 4—Alger, Marquette, Leuce and Schoolcraft; Swanson, Marquette, president.

Chippewa and Mackinac counties are included in the lower peninsula district No. 10. District No. 11 comprises the upper peninsula.

## OBITUARY

**GEORGE H. FISH**

Final rites for George H. Fish of Menominee, former resident of this city, were held at a solemn requiem high mass Friday morning at 9 o'clock at St. Joseph's church, Rev. Fr. Edward Leary, O. F. M., celebrant of the mass; Rev. Fr. James Corcoran, of Menominee, deacon; and Rev. Fr. Victor Karch also of Menominee, sub-deacon.

The music of the mass was sung by the church choir, with Miss Alice Cosette, organist-director, and soloists, Vaughan Belanger, Mrs. John Cass, Miss Belle Bodette and Miss Mary Bink. At the offertory Mrs. John Bartel sang "Domine Jesu Christe," and immediately after the Libera, Dr. Gordon J. Gleich sang "Pie Jesu."

"Ave Maria" was sung by Mrs. Harold Gasman as the body was being removed from the church.

Burial was in Lakewood cemetery. Honorary pallbearers of the

## MRS. JENKINS PASSES AWAY

Wells Resident Dies At Home of Daughter In Washington

Mrs. Florence Jenkins, wife of Jesse G. Jenkins, esteemed resident of Wells, where the family lived for many years, passed away Friday morning at the home of her daughter, Miss Billy Jenkins in Washington, D. C.

She had been in failing health for several months, suffering from a heart ailment.

Mr. and Mrs. Jenkins, who had been making their home at their cottage at Garth Shores, left this fall for Washington to remain for the winter months. They formerly lived in Wells and she was well known in that community and Escanaba. Widely experienced in merchandising, Mrs. Jenkins, had been engaged in that work in Escanaba, holding the position of manager of the former Women's Wear shop, for a number of years.

Surviving her are Mr. Jenkins and two daughters, Billy, and Mrs. Howard Wildman, formerly Grace Jenkins, both of Washington; one sister, Mrs. R. B. Ackley of Chippewa Falls, Wis.; and one brother, D. A. McDonald, also of Chippewa Falls.

Funeral services will be held today at the Murray Funeral

Order of Railway Conductors, were A. H. McDonald, Procule Lefebvre, Patrick Wade, T. L. Powers, Michael Considine and W. O. Lafond. Active pallbearers were John J. Bartella, William Belanger, James Hanrahan, James Kitter, M. J. Tonkin and A. J. Young.

The out-of-town relatives and friends at the services were Mrs. George H. Fish, Menominee; William, a student at Marquette University, Milwaukee; Mrs. Michael Whitton and Linus Whitton, Chicago; Mr. and Mrs. Charles Fish, Green Bay; Mrs. R. E. Hodson, Marquette; Mrs. William Schrage, Chicago; Mrs. Norma Dobson, Marquette; Charles Lombard, Menominee; John Bennett, also of Menominee; Barney Hart, Green Bay; Frank Joseph and Orval Appleton, Freedom, Wis.; Mr. and Mrs. J. P. Hogan, Green Bay.

## Home In Washington. Cremation Will Follow

The ashes will be shipped later to Chippewa Falls, her former home, where they will be interred.

## MAIN STREET INTERESTING ITEMS OF DAY PICKED UP AROUND TOWN

**CORRIGAN RUNAWAY**

Years ago runaways were not an uncommon sight on the streets of Escanaba but with the passing of Old Dobbin they have become somewhat scarce. Yesterday Escanaba had a full-fledged runaway—an automobile ran away backwards and ended up by smashing into the car owned by Chief of Police M. F. Ettenhofer, which was parked in the alley north of the police station.

Grover Couillard of Cornell parked his car on South 11th street just off Ludington and went into a building to transact business, leaving his wife and little child in the car. Shortly after he disappeared into the building, the spring switch on the car sprang out, starting the motor, which apparently was on dead center.

The car was left in reverse and when the motor started, it backed out of its stall and went down the street backwards with Mrs. Couillard, who did not know how to operate a car, helpless and not knowing where it would stop. Half a block down the street, it veered toward the alley, missed a big light pole by inches and came to rest with its rear fender nestled into a pocket it had created in the front fender of the Police Chief's car. The damage was not very heavy to either car but it did cause Mrs. Couillard a few anxious moments.

**VALUABLE PROPERTY**

Two third grade youngsters in a nearby country school a few days ago were taken to the principal's office to be reprimanded for fighting.

Upon investigating the cause of the quarrel, the principal found that the two were unable to agree as to the ownership of a button. Each vehemently proclaimed the object of the dispute as his own. Finally the possessor of it reluctantly produced it—it was a London button!

The principal settled the argument by giving the second claimant a Red Cross button.

The first silk mill in the United States was erected in 1810 at Mansfield, Conn., by Rodney and Horatio Hanks.

## RURAL SCHOOLS CLOSE DEC. 22

Holiday Vacation to End Jan. 3; Mid-Semester Exams Jan. 9-13

Holiday vacation in Delta county rural schools will begin on Thursday, December 22. C. P. Titus, county school commissioner, announced yesterday. They will reopen on Tuesday, January 3.

Mid-semester examinations will follow the opening of schools after the holiday vacation, being held during the week of January 9 to 13.

The spring closing of rural schools, which includes all schools of the county outside of Escanaba and Gladstone, will be on April 19.

A county institute for all teachers of Delta county is planned for the week of February 7, and will probably feature as speaker Senator Gerald Nye, who will talk on "Taking the Profits out of War."

RALLY FEBBLE; PRICES SLUMP

STOCK MARKET AVERAGES. Compiled by The Associated Press. 30 15 60. Net change, D.3 D.4 D.5 D.3.

BY FREDERICK GARDNER. New York, Dec. 9 (AP)—Buyers made feeble passes at selected stocks today's market but the list, as a whole, was permitted to slip fractionally lower at the close.

Analysts attributed the lackluster performance mainly to further light tax selling and to continuance of apprehension over Italo-French war threats.

The day's turnover amounted to 698,960 shares compared with 739,150 the day before. The Associated Press average of 60 issues was off 3/4 of a point at 49.9.

A handful of steels, aircrafts and specialties contested the trend with mild advances. Rails were up most of the day, but slipped a shade at the finish.

U. S. Steel and Bethlehem ended on the upside as improvement in orders for finished products was reported.

General Motors eased and Chrysler was unchanged despite cheerful statistics on sales and production in this field.

Montgomery Ward and Woolworth were about even as Christmas shopping began to take on a show of life.

Aviation was up a trifle on the awarding of a contract for a large number of army observation planes to this concern.

United Aircraft was slightly improved, but Glenn Martin, Douglas and Boeing gave ground.

In arrears were Consolidated Edison, North American, Anacosta, American Smelting, Texas Corp., Schenley, Dunhill and General Electric.

Modest plus marks were retained by Union Carbide, Du Pont, Paramount and Atlantic Coast Line.

Federal, state and stock exchange investigation of the McKesson & Robbins upset—the company applied for reorganization and trading in its securities was suspended after charges made in equity receivership proceedings was a drag on investment sentiment.

Falling back fractions to over a point in the curb were Electric Bond & Share, Root Petroleum and Starratt Corp.

Y. T. C. Bell Aircraft and Lake Shore managed small gains. Turnover of 179,000 shares compared with 226,000 Thursday.

RAILWAY LIENS MOVED UPWARD

BOND MARKET AVERAGES. Compiled by The Associated Press. 30 10 10. Net change, D.1 D.1 D.1 D.4.

New York, Dec. 9 (AP)—Rail loans and U. S. governments accounted for a substantial number of good gains in an uneven bond market today.

Lively demand for bonds of Chicago & Eastern Illinois and Chicago Great Western followed Washington reports the RFC would supply a total of \$11,500,000 to further reorganization of both properties.

Chicago & Eastern Illinois 5s of 5 1/2 pushed up 3/4 points on large volume closing at 17 7/8. The 6s certificates accorded an equal gain, and Great Western 4s of '59 climbed 1/4 to 30 1/2.

Other rails ahead fractions to around a point at the close included Southern Pacific 4 1/2 of '68 at 49 1/2, Missouri Pacific (F) 5s at 48 3/8, and Frisco 4 1/2 of '78 at 10 1/2.

Some U. S. governments moved up to new high marks for the December upturn, but as a whole the list was uneven, closing 5-32 higher to 4-32 down.

Some Italian loans took another tumble on the rift in relations with France over a territorial dispute. Rome 6 1/2s dropped 3/4 to a closing level of 63.

Domestic corporate issues on the losing side by fractions on most included Bethlehem Steel 3 1/2, Delaware & Hudson refunding 4, Great Northern 3 1/2 of '67, Utilities Power & Light 5s, Northern Pacific 4s and Low's 3 1/2s.

Transactions totaled \$7,762,170 yesterday. MINNEAPOLIS GRAIN. Minneapolis, Dec. 9 (AP)—Wheat, cash: No. 1 heavy dark northern, 78 1/8 to 74 7/8.

GOVERNMENT BONDS. New York, Dec. 9 (AP)—Closing prices: 3 1/2-8, 43-40, March, 100.28, 3 1/2-8, 45-41, 100.25.
