6TH TOW TARGET SQUADRON
BIGGS FIELD, TEXAS

March 24

Dear Editor -

I just received my issue of the Northern News - and thought you might be interested in knowing how much I enjoy it. I have been passing it on to several other Northern alumni because I know they get as much enjoyment out of it as I do.

I've been stationed at Biggs Field, El Paso, Texas, for about two months - and as far as I know it will be my

permanent base - the work in
the 6th Tow Target Squadron is
very interesting and includes
towing for anti-aircraft ground
forces as well as night search
light missions and tracking -
we have a rather large
variety of single and twin-
engine ships to fly - and
Texas weather permits flying
practically every day.

I would enjoy hearing
from my northern friends -
both students and faculty -

Sincerely -

WASP Kaddy Sandmy
