JFK May Talk On Wheat Deal At Press Meet

WASHINGTON (AP) — There were signs that President Kennedy may break his silence today on a U. S.-Soviet wheat deal which is rumored in some quarters to be almost signed, sealed and delivered.

One straw in the wind was that the White House abruptly today more than \$300 million worth of wheat to the Soviet Union and three East European satellites.

The Soviet Union was reported to have expressed interest through diplomatic channels in buying \$250 million worth, with Hungary, Czechoslovakia and Bulgaria bidding for \$60 million more.

NBC said it would also carry the conference live on television, ABC will take it for showing at 5:30 p. m. and CBS will present the news conference with its regular news program from 5:30 to 6 p. m. on some stations and from 6 to 6:30 p. m. on others.

changed the time of today's presidential news conference to 5 p. m. EST, two hours later than it had been scheduled.

No Information
The time change strengthened speculation and reports that the President was preparing to announce his decision on the proposed sale of American wheat to the Soviet Union and other Communist-bloc nations.

But Pierre Salinger, Kennedy's press secretary, said he had "no information about an announcement" and that the time for the news conference had been delayed because "it's more convenient for the President's schedule."

Reports
Reports were coming in from administration sources that Kennedy would disclose, probably today, that the United States was on the verge of selling wheat to the Soviet Union.

High Court's 1954 Ruling Correct: Ike

GETTYSBURG, Pa. (AP) — Former President Dwight D. Eisenhower, speaking out publicly on the matter for the first time, says the Supreme Court's 1954 decision outlawing public school segregation "is morally and legally correct."

As president, Eisenhower repeatedly declined to say whether he thought the court's controversial ruling was right or wrong, good or bad.

News Conference
For example, at a news conference Sept. 5, 1956, Eisenhower said: "I think it makes no difference whether or not I endorse it (the court decision). The Constitution is as the Supreme Court interprets it, and I must conform to that and do my very best to see that it is carried out in this country."

During an interview here, Eisenhower said in response to a question: "I just say I believe the decision expressed the intentions of our Constitution and therefore is morally and legally correct."

On other matters the former president: "No I do not." Called on President Kennedy to couple any tax cut with a pledge that — barring some "great emergency declared by Congress" — federal spending would be held to a specified level.

Replied "No, I do not," when asked whether he thinks Republicans in Congress should be taking the lead in seeking to cut foreign aid.

The Weather

Forecast for Marquette and vicinity: Fair tonight, the low 45 near the lake and 37 inland. Tomorrow mostly sunny and continued mild, high in low 70s. Friday: Chance of a few showers and continued mild.

Forecast for Lake Superior: Small craft warnings down at noon today. SW winds, 10-15 MPH this afternoon, increasing tonight and 18-25 MPH tomorrow. Fair.

Data for 24 hours ending at noon:
Temperatures — 33 at 6 a.m.; 71 at noon; highest in last 24 hours, 71 at noon today; lowest in last 24 hours, 49 at 8:45 last night.

Relative humidity at noon — 45 per cent.
Precipitation — None in last 24 hours; total to date this year, 18.40 inches; normal to date, 24.83 inches.

Sun rises at 7 a.m. and sets at 6:13 p.m. tomorrow.
Records for Oct. 9 — Maximum temperature, 80 in 1905; minimum temperature, 22 in 1906; most precipitation, .86 in 1904.

Macmillan Ill; Party Chiefs Fret

BLACKPOOL, England (AP) — The unexpected illness of British Prime Minister Harold Macmillan cast gloom, uncertainty and confusion over his Conservative party today as it gathered for its last annual conference before the general election next year.

With no warning, the 69-year-old prime minister was taken to a London hospital Tuesday night for removal of a prostate obstruction to his bladder. His doctor said he probably would be operated on Thursday and he would not be fully active "for at least two or three months."

The immediate reaction in political circles was that Macmillan, after fending off demands for his resignation produced by the Profumo scandal, must at last surrender the party's reins.

But some observers thought he might recover and still lead the Conservatives in the crucial election battle with the opposition Labor party.

Deputy Foreign Minister Edward Heath told newsmen no decision on the leadership question would be made until the outcome of the operation on Macmillan was known.

In Charge
Macmillan previously had given every indication he was determined to seek an election vote of confidence in his leadership.

Deputy Prime Minister Richard A. Butler, 61, would take charge of the government while Macmillan was out.

Alfred Fisher Dead After Long Illness

DETROIT (AP) — Alfred J. Fisher, one of the auto industry's famed Fisher brothers, died at Henry Ford Hospital today.

Fisher, 70, had been ill for a long time.

He served as chief engineer for Fisher Body Co., founded in 1908 by his older brothers, Fred J. and Charles P. He continued in that post when the firm became a division of General Motors, and held it until 1945.

Doomed To Die

"Yup, I'm living on borrowed time." The words of Richard Patterson 9, pictured with his sister Betty Ann, 6, two children of a Sterlind, N. D. family indicate a truth that's hard to take. Richard and Betty Ann are both doomed to die of the same disease — mucoviscidiosis, or cystic fibrosis — that has already taken the lives of three other Patterson children. The congenital disease is incurable, despite all efforts of medical science. (AP Wirephoto).

Hurricane Flora Hits Bahamians

MIAMI, Fla. (AP) — Flora, one of the most deadly tropical storms on record, thrashed a handful of thinly populated Bahamian islands today, apparently by her last landfall as a hurricane.

Flora's center, surrounded by winds up to 100 miles an hour, passed over the island of Mayaguana before dawn, and then she picked up speed and swirled into the open Atlantic at 15 miles an hour.

3,500 Deaths
The Weather Bureau said Flora would move faster and faster as she pressed toward northwestern Europe and England for the next few days. But by the time she reaches the North Atlantic, cold air will rob her of tropical character.

Officials at Haiti, hardest hit, estimated the dead at 3,500, but said the exact figure will never be known because the bodies cannot be found.

Ample Warning
Some of the islands in the southeastern Bahamas were still due for gales.

But the islands, some of which contain U.S. missile tracking equipment, were expected to escape serious damage because of ample warning.

Flora moved off the northeast coast of Cuba Tuesday afternoon, pounding the island with wind and rain for five days. Nearly 60,000 persons reportedly abandoned flooded homes in Orient and Camaguey provinces.

Over the weekend the slow-moving hurricane devastated Haiti, leaving 3,500 persons dead and 100,000 homeless. Flora also killed 17 persons on the island of Tobago, off Venezuela.

No Estimate
With communications in eastern Cuba knocked out, there was no immediate estimate of casualties on Fidel Castro's island.

Four Deaths
Botulism, a rare and acute food poisoning, has been blamed for at least two — and possibly four — deaths in Tennessee and two in Michigan.

A commercial airliner made an unscheduled stop at Knoxville today to complete the relay of a shipment of Type E botulism serum from Toronto. Dr. Robert A. Lash, head of the Knoxville Poison Control Center, said this was the last supply of the serum known to exist in the western hemisphere.

Rare Serum Flown To Tennessee

NASHVILLE, Tenn. (AP) — Medical authorities reported the last known source in the western world was being tapped today for rare Type E botulism serum, being used to treat nine persons hospitalized in Tennessee with deadly botulism.

This came as doctors at Vanderbilt Hospital here tried to save the life of Eric C. Dalton, 5, of Huntsville, Ala. The lad was rushed from Huntsville to Nashville Tuesday night in critical condition.

GRAND HAVEN (AP) — A state official today authorized H. J. Dornbos & Brothers Fisheries here to resume processing of frozen fish.

Harold Dornbos, operator of the plant, had voluntarily closed down operations Monday to permit authorities to seek the cause of two deaths in Knoxville, Tenn., attributed to botulism type E after the victims ate smoked fish prepared by the Michigan firm.

Actress June Allyson To Wed Hair Stylist

MIAMI BEACH, Fla. (AP) — Actress June Allyson and Glenn Maxwell, 31-year-old men's hair stylist, are to be married Saturday at All Souls Episcopal Church in Miami Beach.

The 40-year-old actress is the widow of Dick Powell, actor and television producer.

13 Yanks Feared Dead In Viet Nam Crashes

U.N. To Send Fact-Finders To SE Asia

UNITED NATIONS, N. Y. (AP) — A U.N. fact-finding mission is expected to leave soon for South Viet Nam to investigate charges that President Ngo Dinh Diem's regime is violating the rights of Buddhists.

The assembly agreed Tuesday to dispatch a mission to be appointed by U.N. President Carlos Rios-Rodriguez of Venezuela with instructions to report to the 111-nation forum as soon as possible.

No Formal Vote
Consent came without a formal vote after behind-scenes talks succeeded in getting the Soviet Union to drop a rival proposal which would have blocked a direct U.N. investigation.

Under the agreement, Chile and Costa Rica also withdrew a proposal that an inquiry be launched. This left the way clear for Sosa-Rodriguez to accede to the Diem government's request that a mission be sent.

U.N. sources said he would start lining up the group today.

U.S. Pleased
Informed sources said Sosa-Rodriguez probably would name seven members, including three from Asia, two from Africa and two from Latin America. Meanwhile, assembly debate is suspended on the charge that Buddhist rights are being violated in South Viet Nam.

The outcome obviously pleased the United States, which did not relish full-dress discussion of the Vietnamese issue at this stage.

'Spy' Wants Instructor Discharged

ATHENS (AP) — A 35-year-old mother, who said she posed — undetected — as her 17-year-old daughter to spy on a teacher during classes, demanded Tuesday that the teacher be fired for incompetence.

Mrs. Roland Conine, a mother of four, said she put on bobby sox, tied her hair in a pony tail and attended Miss Dessa Hudson's business class Monday in place of her daughter, Sharon. "Isn't Capable"

She said she was convinced Miss Hudson, a teacher of 32 years experience, "doesn't know how to reach a group, is scatter-brained and just isn't capable as a teacher."

Mrs. Conine attended the class, she said, to find out "whether things were as bad as my children and other children said they were."

Challenges Mother
School Supt. K. E. Lautzenheiser challenged Mrs. Conine's competence to judge a teacher. He said it appeared there was a "deliberate attempt to publicly chastise a teacher against whom there is a grudge."

Although Mrs. Conine said she had no "grudge" against Miss Hudson, Lautzenheiser said he understood Miss Hudson had expelled a boyfriend of one of the Conine girls for misconduct.

Pair Face Trial For Possessing Illegal Dynamite

BIRMINGHAM, Ala. (AP) — Two men charged with illegal possession of dynamite during investigation of recent racial bombings faced trial today.

A third man, Charles G. Cagle, 22, of Birmingham, was given the maximum sentence — six months in jail at hard labor and fined \$100 and costs — after he was convicted Tuesday of illegal possession of dynamite and aiding and abetting in the possession of dynamite.

Robert E. Chambliss, 59, and John Wesley Hall, 25, both of the Birmingham area, were to be tried today. The two were arrested two weeks ago.

Military Bill Awaits Kennedy's Signature

WASHINGTON (AP) — A \$47.2-billion military appropriation bill that awaits President Kennedy's signature includes \$73.1 million for a mobile system of missile defense that an enemy would find hard to hit.

Crime Syndicate Has Rule Against Dope Trafficking

WASHINGTON (AP) — Joseph Valachi testified today that the bosses of Cosa Nostra crime syndicate laid down a rule against narcotics trafficking in 1957 but money-hungry gangsters violated the rule even at the risk of death.

Under heavy guard as he made his fifth appearance before the Senate investigation subcommittee, Valachi said that mob leaders in Chicago paid their "soldiers" a \$200-a-week subsidy to lay off handling narcotics.

A convicted killer and narcotics peddler himself, Valachi said he had heard while he was in jail in Atlanta that the weekly payments had been raised to \$250.

Grumbling
But Valachi said that in New York the bosses of the Cosa Nostra mobs, or families, didn't make these payments to lay off their "soldiers" and this caused some grumbling.

He testified that if gang members in Chicago were caught dealing in narcotics after getting the weekly payments to lay off, they had "no chance at all."

He said a couple were caught in Chicago and "they paid with their lives."

Asked what the penalty was in the New York family bossed by Vito Genovese, in which he was a lowly soldier, Valachi said that "if they had the evidence on you, you were dead."

So Had Bosses
But Valachi acknowledged he had broken the rule. And he said that so had some of the bosses, "especially Albert Anastasia." He named Genovese, now in jail after a narcotics conviction, as another boss who violated his own rule.

Valachi said the rule against trafficking in narcotics was put into effect for Genovese's mob in 1948 but that it did not apply to all the Cosa Nostra families until after Albert Anastasia's slaying in 1957.

He said the rule was put into effect in Chicago "around the same time," but he did not make clear whether he was talking about 1948 or 1957. Nor did he explain how Anastasia violated a rule that he said didn't

become general until after his death.

Principal Money-Maker
Anastasia was listed in previous testimony as the boss of another New York family before he was killed, not as a member of Genovese's gang.

Valachi said that narcotics were one of the principal money-makers for the mobs, but the ban on dealing in them was ordered for Genovese's family after publicity and prosecutions had reached a peak.

He said members defied the rule because of the big profit to be made from handling narcotics.

WASHINGTON (AP) — Informer Joseph Valachi testified today the gangland murder of Willy Moretti was "a mercy killing" ordered by the men who ruled the crime brotherhood, Cosa Nostra.

He said John Robilotto — Johnny Roberts — was one of the men who killed Moretti in a New Jersey restaurant in 1951.

"It's supposed to be a mercy killing because he was sick," Valachi told the Senate investigations subcommittee.

U.S. marshals and Washington police, tipped over the weekend that Valachi would be slain in the Senate hearing room where he is a star witness in a probe of organized crime, continued elaborate precautions.

Madame Nhu Charges USIA Helping In Plot Against Diem Regime

NEW YORK (AP) — Mrs. Ngo Dinh Nhu said today the United States Information Agency is "helping feverishly" a plot to overthrow the South Vietnamese government.

Air Search Hampered By Ground Fire

SAIGON, Viet Nam (AP) — Thirteen U. S. military men were missing today in Central Viet Nam after the crash of two American Marine helicopters and a Vietnamese fighter-bomber. Wreckage of all three craft was spotted and there was no sign of survivors.

Search planes sent into the area this morning ran into a storm of ground fire from Communist guerrillas. The American pilot of another Marine helicopter was wounded by flying plexiglass and a Vietnamese soldier aboard was killed.

An observation plane taking part in the search later was hit by gunfire and returned to base with a wounded Vietnamese observer aboard.

In Washington, the Air Force identified the pilot of the Vietnamese fighter-bomber as Capt. Dean A. Wadsworth, whose wife lives at Cotulla, Tex.

Names of others were withheld until relatives have been notified.

The fast chain of events began Tuesday when a Vietnamese T28 crashed in a dive-bombing attack on Communist positions south of Da Nang, in the central highlands about 340 miles north of Saigon.

A U. S. military spokesman said the plane exploded when it hit the ground and it was believed the pilot, a U. S. Air Force captain, and his Vietnamese companion were killed.

Forced To Leave
Two helicopters were sent out to look for the T28. They found it late Tuesday. One landed and the other hovered. Both were forced to leave the area about 7:30 p. m. because of Viet Cong guerrilla activity.

Whether the helicopters were shot down by Communist guerrillas was not clear. Aboard the two were four Marine officers, five Marine enlisted men, a Navy doctor and two Navy hospital corpsmen.

When the aerial hunt was begun this morning, searching planes and helicopters messaged that they were running into heavy ground fire, the military spokesman said.

Finally a search plane spotted one of the downed helicopters. In midafternoon, the second crashed helicopter was sighted near the first. There was no sign of survivors around either wreckage, the spokesman reported.

Landlord Didn't Forget Tenants, Even In Death!

DETROIT (AP) — A landlord who hadn't raised rents in his apartment house since war-time controls remembered his tenants even in death.

The bequest was an apartment dweller's dream — two months' free rent.

The landlord was Capt. Patrick J. Burns, a bachelor and retired Great Lakes skipper, who died last Friday in a convalescent home and left an estate estimated at \$750,000 to \$1 million. He was in his 80s.

Unknown To Tenants
The caretakers of his large, four-story apartment house Mr. and Mrs. Eric Nyberg said none of the tenants knew Burns, but often asked about the landlord "who kept rents reasonable and did everything we ever asked of him, with no questions asked."

News In Brief

WASHINGTON (AP) — An agreement for French President Charles de Gaulle to visit Washington next year is the only tangible result of two days of talks between Kennedy administration officials and Maurice Couve de Murville, De Gaulle's foreign minister.

DAMASCUS, Syria (AP) — Syria, Egypt's former partner in the United Arab Republic, had proclaimed a military union with neighboring Iraq.

WASHINGTON (AP) — Missile expert Werner von Braun says a \$250-million cut in the nation's space budget this year could mean defeat for the announced U. S. intention of putting a man on the moon before the 1970s.

DETROIT (AP) — City Council Tuesday rejected 7-2 a proposed anti-discrimination housing ordinance, and Negro leaders called for protest demonstrations.

DETROIT (AP) — A scheduled appearance in Detroit has been cancelled by Mrs. Ngo Dinh Nhu, the first lady of South Viet Nam. Mrs. Nhu called off her planned visit for Oct. 20-21 because of the press of other public appearances during a three-week tour of the U. S.

LANSING (AP) — The Michigan Supreme Court today denied a demand by the Vigilance Tax Committee that would have required the legislature to consider anti-city income tax legislation during the current special session.

ALGERIA (AP) — A showdown appeared building up today in Algeria's Berber revolt as President Ahmed Ben Bella cancelled a trip to the U. N. General Assembly and moved more troops toward the rebel stronghold in the Kabylie Mountains.

She Finds Her Husband Living 2 Doors Away With New Wife

DETROIT (AP) — Mrs. Frances Esme Jones El-Sabbagh charged Tuesday that her professor-husband has married another woman and moved with her into a house only two doors away.

Mrs. El-Sabbagh, a nurse, asked separate maintenance in a suit filed in Wayne County Circuit Court against Hassan El-Sabbagh, a professor of electrical engineering at University of Detroit and a native of Egypt.

Judge James N. Canham enjoined El-Sabbagh from molesting the plaintiff in any way or disposing of any property while her suit is pending.

Mrs. El-Sabbagh, 35, said she came from her native Wales eight years ago, about the same time El-Sabbagh, 38, came here from Alexandria, Egypt. They were introduced by a mutual friend and were married in Detroit Jan. 8, 1962.

All was going well, she said, through attorney Irving H. Small, until last May when they decided to take separate vacations. She visited London. He went to Alexandria.

The suit charges that in Alexandria El-Sabbagh appeared before two witnesses and a notary public, renounced her and under Egyptian law was granted a divorce. Then the suit claims, she married an Egyptian girl and moved with her to Detroit, setting up housekeeping only two houses away.

The first Mrs. El-Sabbagh said she discovered this only a week ago when a postman delivered to her by mistake a letter addressed to Mrs. Hassan Ke-Sabbagh at an address two doors away. The letter, she said, was from Egypt and from the new Mrs. El-Sabbagh's mother, written in Egyptian and wishing the bride well.

U-M Survey Finds Consumers Think It's A Good Time To Buy

ANN ARBOR (AP) — Consumers think it is "a good time to buy," the University of Michigan's Survey Research Center says in forecasting the economy will "continue to show considerable strength" for the next six months or so.

The center released a report Tuesday which showed consumer sentiment was found "cautiously optimistic" in an August survey.

"There is a growing feeling that prices are low or reasonable and that good buys are available," the center said, adding: "Such attitudes have, of course, favorable implications for demand in the months ahead."

Sampling
The center reached its conclusions through a nationwide, cross-section sampling of 1,530 adults.

In forecasting "considerable strength" over the next six months, the report said "the upward trend in personal incomes reinforces this conclusion."

And when asked what most people would do with tax savings, the center reported three out of four replied "they would spend the money."

The center said its Index of Consumer attitudes indicated a "slight deterioration" found last May had been "arrested, if not reversed," by August.

The November index stood at 88.6; the May at 93.4 and the August at 96.2, and the center said that "more vigorous aid from the business and government sectors seems to be needed to sustain a high rate of economic expansion."

"In all income groups," the report continued, "short-term as well as long-term expectations regarding business conditions have improved since May . . ."

Plans to buy new cars are as frequent as a year ago," the center said, adding that "a somewhat larger proportion of prospective buyers intend to go ahead with their purchase before the end of the calendar year."

While only slightly more than one-fourth of those interviewed expect Congress will pass a tax cut bill, about two-thirds of those questioned said they thought passage would be a "good idea."

JFK Plan Topic For Burke At U.P.'s GOP Meet In Ishpeming

President Kennedy's proposal to join the Soviets in a manned flight to the moon is expected to be discussed by Rep. Admiral Arleigh A. "31-Knot" Burke when he makes his first partisan political speech on Saturday, Oct. 26, at a Republican fund-raising dinner in Ishpeming.

The former chief of Naval operations and member of the joint chiefs of staff, has become an outspoken critic of the national defense policies of the Kennedy Administration since his retirement from service in 1961.

The Peninsula-wide benefit dinner, sponsored by the Upper Peninsula Republican Finance Committee, is scheduled for 7 p. m. in the Michigan National Guard Armory, in Ishpeming, following a 6 p. m. reception.

A graduate of the University of Michigan, Burke made news last month by calling President Kennedy's proposal for a Soviet-U.S. manned moon flight "very premature."

The admiral believes the U.S. is "going much too fast," in a campaign to woo the friendship of Russia. He fears the United States "will be taken" through Kennedy's impulsive desire to accommodate the Kremlin.

Tickets for the fund-raising dinner may be obtained from GOP chairmen in each of the Upper Peninsula's 15 counties. Dr. Fred C. Sabin of Marquette, chairman of the Marquette County Republican Party, is general dinner chairman. Jean Worth of Escanaba is chairman of the program committee, and Ogden E. Johnson of Ishpeming is in charge of arrangements.

ADM. ARLEIGH BURKE

Man Sent To Prison, Two Others Put On Probation By Kent

Two persons were placed on probation and another was sentenced to spend six months in prison by Judge W. Wallace Kent of Kalamazoo in United States District Court here yesterday.

In addition, Judge Kent continued the case of another defendant who was scheduled to be sentenced yesterday.

The session yesterday was the last in the fall term of the Northern Division of the Western District of U.S. Court conducted in Marquette. Ordered to spend six months in a federal prison was: Robert I. Tomlinson, 35, Waterford, Ontario, Canada, attempting unlawful entry into the U.S. after having been previously deported to Canada. Excessive Drinker

"You have an extremely long record, all caused by the fact that you're an excessive drinker," Judge Kent told Tomlinson. "You seem to work to the

complaint signed Sept. 18 by Mrs. Catherine Nadeau, Trowbridge Park. State police made the arrest. The offense occurred off Ontario St., officers said.

best of your ability for a year or two and then you quit," he noted.

Placed on probation were: Thomas M. Domako, 22, K. I. Sawyer Air Force Base, for three counts of theft of government property (in each case the amount stolen having been less than \$100 in value) for three years.

Theodore E. Maleport, Sault

Ste. Marie, three counts of liquor violations, for two years. Continuation of the case against Cloyd F. Manbeck, 25, Dafer, charged with theft of government property valued in excess of \$100, was granted at the request of District Attorney George E. Hill of Grand Rapids and Marquette.

Hill informed the court that he had talked with Manbeck's attorney following his arraignment and was attempting to reduce the charge from a felony to a misdemeanor.

From 1916 to 1962, more than 2,950,000 coyotes were slain in the government's predator control program.

Homecoming Events Open This Evening

Northern Michigan University organizations will present a talent show tonight at 7:30 in Kaye Auditorium as part of the week's homecoming activities.

Other remaining events include a tug-of-war at 5 p. m., tomorrow, and a jazz session, bon fire, snake dance and pep rally beginning at 8 p. m., Friday, in addition to the election of Northern's homecoming king and queen. The jazz session

will start at 8 p. m. in the University Center with the other events taking place immediately after.

The homecoming parade, consisting of 21 floats, is scheduled to begin at 10 a. m., Saturday.

Now Many Wear FALSE TEETH With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEREETH holds plates firmer and more comfortably. This pleasant powder has no gummy, gooey, pasty taste or feeling. Doesn't cause nausea. It's alkaline (non-acid). Checks "plate odor" (denture breath). Get FASTEREETH at drug counters everywhere.

Sawyer Team In Second In Jet Fighter Competition

K. I. Sawyer Air Force Base's 62nd Fighter Interceptor Squadron was in second place today in the world-wide fighter-interceptor weapons competition being held this week at Tyndall Air Force Base, Panama City, Fla.

Sawyer's 62nd Fighter Interceptor Squadron is one of 14 top Air Force Air Defense Command fighter interceptor squadrons competing for the three top places in the William Tell meet.

Leader in the F101 Voodoo class today was the 322nd Fighter Interceptor Squadron from Kingsley Field, Ore., with 2,100 points.

Wurtsmith Third Second was the Sawyer Squadron with 1,500 points, followed by the 445th Fighter Interceptor Squadron from Wurtsmith Air Force Base, Oscoda, with 1,397 points.

At the William Tell meet, F101 Voodoos and F107 Delta Darts are competing in rocket firing at targets on the ground and at drones in the air. The missions closely simulate unknown aircraft attack conditions.

Team Members Lt. Col. Sam Berman is captain of the Sawyer team. Team members from the 62nd Fighter Interceptor Squadron at Sawyer are Capt. Jack E. Donley, Lt. Douglas K. Miller, Capt. Howard E. Nunemaker Jr., Capt. Keith DeFancesco, Capt. E. Rex Capling, Lt. Leon N. Long, Capt. Phillip J. Barott, Capt. Lewis P. Hackley and Capt. Theodore J. Labernik.

City Firemen Extinguish Brush Blaze

City firemen yesterday afternoon extinguished a large brush and leaves blaze which broke out in the 2400 block of Fair Ave. in Marquette Township.

Three firemen responded to the call with the No. 5 (500-gallon pumper and the Michigan Department of Conservation's fire truck also went to the scene.

Firemen used some five gallon pump cans and brooms to extinguish the blaze, which they said was caused by children playing with matches.

Approximately a half acre of land, owned by Donald Grimsby, was blackened by the blaze. City firemen were summoned at 2:03 p. m. and returned to the station at 3:30 p. m.

MUCC Directors Ask Creation Of Resources Body

LANSING (AP) — Directors of the Michigan United Conservation Clubs have proposed creation of a new department of natural resources to take charge of all administration in Michigan waters.

The directors, in a meeting at Elk Rapids, were told the new agency could be a means of halting what they termed "the impending take-over of Michigan waters" by the federal government.

The agency would be established under the reorganization of government required by the new constitution, which calls for all existing agencies to be combined into 20.

Obituary

MRS. CHARLES KEMPER

Mrs. Charles (Dorothy) Kemper of Dearborn, a former resident of Marquette, died there Sunday after a short illness.

Mrs. Kemper was the daughter of the late Mr. and Mrs. Stewart Zyrd of Marquette. She was a graduate of Northern Michigan University and Wayne State University, Detroit.

For the past 20 years, she has been employed by the Detroit school system.

Among her survivors are her husband, Charles E.; two sons, Ted, Chicago, and Donald, San Diego, Calif., a daughter, Sister Mary Frances, Detroit; two brothers, the Rt. Rev. Msgr. Joseph L. Zyrd of Rome, Italy, and Philip of Detroit; three sisters, Mary Corcoran of Superior, Wis.; Ita Pepin of Ishpeming and Patricia Lehmann of Metairie, La., and several nieces and nephews. There also are seven grandchildren.

Funeral services will be conducted at the Church of the Divine Child, Dearborn. Burial will be at 2 p. m. tomorrow in Holy Cross Cemetery, Marquette.

Moslems hold that the words of the Koran — which govern every moral and civil action of a believer — were transmitted from God directly to the prophet Mohammed some 1,325 years ago.

Man Sent To Jail Here On Morals Charge

Eino G. Gustafson, 61, Trowbridge Park, was ordered to spend 60 days in the Marquette County Jail when he was arraigned before Justice George J. Fezey in Marquette Township Court on a charge of contributing to the delinquency of a minor.

Alternative sentence was to pay a fine of \$100 and \$4.90 costs.

Gustafson was arrested on a

50 Coming Here For State Conservation Ecologists Meeting

Fifty persons whose professions involve management of resources will attend the Michigan Association of Conservation Ecologists (MACE) quarterly meeting here Friday.

The resource managers, including foresters, geologists and game and fish managers, will hear Jean Worth, editor of the Escanaba Daily Press, discuss "How the professional point of view in resource man-

agement can best be presented for acceptance by the public."

Presenting the professional point of view on resource management to the public also will be the topic of a panel discussion.

Members of the panel will be Worth; William Vesser, Houghton, vice president in charge of sales, Upper Peninsula Papper Co., and a member of the Michigan Natural Resources Council, representing industry; Ken Dorman, Marquette, executive manager of the Upper Michigan Tourist Association, representing recreation; Robert Papworth, Houghton, Michigan College of Mining and Technology, representing sportsmen, and Clair M. Hekhuis, Marquette, Northern Michigan University public information director, representing education.

ence of sound ecological management of natural resources and to maintain high professional standards in the management of resources.

The Friday's meeting will be the first time the organization has held a meeting in the U. P. It will begin at 10:30 a. m. in the Vista Room at the Northern Michigan University Center.

Laycock, Arnold Chairmen

William E. Laycock, Marquette, regional game supervisor for the Michigan Department of Conservation, and Dave Arnold, in charge of the Cusino Wildlife Experiment Station, are co-chairmen in charge of arrangements for the meeting here.

State Guard To Bypass Grayling

GRAND RAPIDS — The Michigan National Guard has plans in the works to bypass Camp Grayling for the first time in 27 years on its annual two-week summer training stint in 1966.

Maj. Gen. Cecil Simmons, commander of the 46th Infantry Division, says he is trying to switch the 1966 summer training to Camp McCoy, Wis. Some units of the Michigan Guard also would be airlifted to Alaska for special training Simmons said.

The site switch would acquaint the division with problems of moving to a strange camp for operations, said its commander.

Bardach To Talk

Also at the MACE meeting, President John E. Bardach, East Lansing, Michigan State University department of fisheries, will view the accomplishments of the organization since its formation two years ago.

The organization was formed to advance the sci-

Iron Mountain's Electors Approve School Bond Vote

IRON MOUNTAIN — Iron Mountain school district voters yesterday approved 1,708 to 520, a \$975,000 bond issue for remodeling the senior high school building and construction of a vocational educational building.

The money also would be used for constructing another building to house music classrooms, physical education facilities and administrative offices.

Draft-Romney Group To Meet In Detroit

DETROIT (AP) — Regional leaders of a movement to draft Michigan Gov. George Romney for the 1964 Republican presidential nomination plan to hold their first national-level strategy session here Nov. 1.

Itch of Piles Get Relief Now

Millions of sufferers in the last 40 years have found a way to fast relief from itching and smarting of piles. They use a delightful cooling soothing astringent formula — Peterson's Ointment. No wonder one sufferer writes, "The itching and smarting were relieved, and I slept all night. Peterson's Ointment is marvelous." 98¢ & 88¢, all drug stores. Be delighted or money back.

Eliminate Fire Hazards In Homes, Chief Myers Urges

Fire Chief John W. Myers noted that today the anniversary of the great Chicago fire of 1871 stands as a reminder that fires start from fire hazards.

"We ask the cooperation of all area residents in cleaning up their homes this fall to eliminate fire hazards," Myers said. Fire prevention posters have been distributed in

the business district and in the outlying industrial areas to remind people that "the present time is the best time to eliminate fire hazards," Chief Myers said.

The week of the Chicago fire has been designated as Fire Prevention Week in the United States and Canada to encourage public interest in fire safety.

Myers noted that the average daily fire toll in the U. S. is 32 lives, 1,500 homes, 12 schools, nine churches, five hospitals and nursing homes, 114 stores and 112 industrial plants.

Myers suggested that householders make use of the following check list while doing the fall housecleaning:

- Rubbish should be kept out of the attic, basement, closets, garage and yard.
- Paint should be stored in tightly closed metal containers.
- Gasoline and flammable liquids, which should never be used for cleaning clothes or

starting fires, should be stored in safety cans, away from heat and reach of children.

- Extension cords should not be run under rugs or hooked over nails.
- Appliances should be in good operating condition.
- The proper size fuse (15 amps for lighting circuits) should be used.
- Television antennas should be installed so that they cannot fall across power lines.
- Furnaces, stoves and smokepipes should be far away from combustible walls and ceilings and should be in good repair.
- Heating equipment should be checked annually by a serviceman.
- Ashtrays should be made of material that will not burn and should be big enough to hold half a pack of cigarettes, yet not so big that they become a catchall.

• Heating equipment should be checked annually by a serviceman.

• Ashtrays should be made of material that will not burn and should be big enough to hold half a pack of cigarettes, yet not so big that they become a catchall.

• Heating equipment should be checked annually by a serviceman.

City Paragraphs

The Marquette High School Booster Club will meet at 8 this evening in the Gravaert High School.

2 From City Officers Of U.P. Society

Members of the Upper Peninsula Section of the American Chemical Society have elected faculty members from Michigan Tech and Northern Michigan University to head the group for 1964 and 1965.

At a recent meeting in Iron Mountain, Dr. Emerson Garver, associated professor of chemistry at Northern, was named chairman of the section of 1964.

Dr. Edward L. Compere Jr., associate professor of chemistry at Tech, was named chairman-elect to take office in January 1965.

Chinnery, Goos Officers

Other officers selected for 1964 were: Donald Chinnery, Cliffs Dow Chemical Co., Marquette, secretary; Dr. L. G. Stevens, assistant professor of chemistry at Tech, treasurer, and Arthur Goos, Cliffs Dow, Marquette councillor.

In other action the group voted to sponsor three projects in the Upper Peninsula during the coming year. One will deal with a public service radio program, "New Ideas in Chemistry," which will discuss various topics of chemistry in an attempt to stimulate interest of non-professional people and students.

The other two projects are concerned with the provision of outside speakers on chemistry for both area high schools and colleges.

Driver Hurt, Seven Vehicles Involved In City Accidents

One person was injured and seven vehicles were involved in five traffic accidents which were reported this morning by city police.

1. The injury took place in a mishap at 6:55 last evening off W. Spring St., and involved an automobile operated by Elizabeth M. Olsen, 39, of 328 E. Prospect St.

City police said Mrs. Olsen was driving west on Spring and attempted to turn into a private parking lot on the south side of the street. In doing so she cut the corner short, traveling across the Soo Line Railroad Co. tracks, east of S. Third St., and her car struck a cement retaining wall in the parking lot.

Mrs. Olsen suffered bruises on her legs and had six teeth knocked out. She was taken in the city patrol car to St. Mary's Hospital, where she remained overnight.

The front end of her 1955 two-door sedan was damaged.

2. At 11 yesterday morning a pickup truck being backed out from a parking space on the south side of Baraga Ave. by LeRoy H. Blondeau, 35, Route 2, Box 654 A, Marquette, struck a car being driven east on Baraga by Frederick E. Christensen, 31, K. I. Sawyer Air Force Base.

City police said Blondeau's vision was obscured by a large parked vehicle.

The chrome trim on the Christensen car, a 1960 sedan, was torn off and the right front fender of the vehicle was damaged. Minor damage resulted to the left rear of Blondeau's 1960 pickup truck. Both vehicles were driven from the scene under their own power.

3. A 1952 tractor-lowboy, with a big crusher being carried on the lowboy, was being driven on Genesee St. by Herbert C. Hughes, 55, Iron Mountain, at 10:15 yesterday morning when

the boom on the crusher struck a utility pole on the northwest corner of Genesee and Champion Sts., as Hughes was attempting to make a right turn onto Champion.

Extensive damage occurred to the crusher on the vehicle, owned by the Michigan State Highway Department, and the utility pole was cracked and had to be replaced by city crews.

4. At 8:05 yesterday morning an automobile operated by Inez A. Hancock, 53, of 122 of 122 E. Hewitt Ave., bumped into a black pickup truck in the 700 block of Bluff St.

Globe Shot By B-B Gun

City police said Conrad A. Anderson, 52, of 525 E. Hewitt Ave., a city employee, had just replaced a boulevard light globe that had been shot out by a youngster with a B-B gun and he was in his parked truck making out a report when Mrs. Hancock drove up.

She drove into a driveway on the north side of the street and, thinking the truck was moving because it was four feet from the curb, she backed out with the car hitting the left front of the truck.

No damage resulted to her 1963 four-door sedan, with the left front of the 1957 pickup being damaged. Both cars were driven from the scene.

5. In an accident which occurred at 11:15 Monday night but which was not reported until yesterday morning, an automobile owned by Sally M. Richardson, 39, Hargrave Apt. W. was damaged.

She told city police she was driving east on Fisher St. and had attempted to make a left turn onto S. Front St. when an unknown motorist made a right turn off Front onto Fisher, with his car hitting hers.

The other motorist did not stop, but a description of his car was given police. Minor damage resulted to the left side of the Richardson car, a 1957 sedan.

Jacobetti To Oppose Romney Plan

The failure of the Russian wheat crop is chafed up to bad weather, with an assist from Communist collective inefficiencies. Russia's shortage has had widespread reactions.

Canada has sold Russia 239 million bushels and Australia has sold 58.5 million bushels. The sale particularly helps Canada just now because perfect weather has given Saskatchewan a near record wheat crop this year to overflow the storage facilities.

Russia's wheat dearth expanded further into international finances. To pay for its grain purchases Russia has been selling gold on the free market in Europe, an estimated 300 tons, of \$280 million worth in September alone. This is more than its average annual sales volume.

London Market

The offering has forced the price on the London market below \$35.07 an ounce. The official U.S. Treasury price, plus handling charges, is \$35.08.

All this takes pressure off the U.S. gold reserve — thanks to the bad wheat weather in Russia.

It also may be giving Russia still another headache. Gold producers estimate that Soviet mining is relatively expensive, that it actually costs Russia \$70 an ounce to produce the metal it's selling. That spell of bad weather may be crippling the Communist economy in more ways than one.

Six Drivers Pay Fines In City Court

Six persons were ordered to pay a total of \$75.10 in fines and costs by Judge Edward H. Demkowski in municipal court yesterday for traffic law violations.

A fine of \$25 and \$5.10 costs were paid by Peter Wilcox, 18, of 2109 Bancroft St., for leaving the scene of a property damage accident. Wilcox was arrested by city police Sept. 1 following an accident on Division St.

Improper Turn

For making an improper left turn at the intersection of S. Front and Rock Sts., Jalo W. Honkanen, Sundell, paid a fine of \$6.30 and \$3.70 costs. City police issued the summons Oct. 4, following an accident.

For a stop sign violation at the corner of Genesee and Champion Sts., Raymond H. Clement, 454 E. Hewitt Ave., was fined \$6.30 and ordered to pay costs of \$3.70. The summons was issued by state police Oct. 2.

Right-Of-Way Violation

A fine of \$6.30 and \$3.70 costs were paid by Eugene J. Lenore, 911 W. Washington St., for failure to yield the right-of-way. He was ticketed by state police Oct. 2 following an accident which occurred as Lenore was driving his car out of a driveway on W. Washington St.

Evald A. Olson, U.S. 41, paid a fine of \$6.30 and \$3.70 costs for speeding. He was ticketed by state police Sept. 28 for driving 60 miles per hour in a 45-MPH zone on U.S. 41 in the city.

A fine of \$1.30 and \$3.70 costs were paid by Shirley H. Koepf, Route 1, Marquette, for driving 65 miles per hour in a 55-MPH zone. State police issued the summons Aug. 28 on U.S. 41 in Chocolay Township.

James E. Petersen, Maple, Wis., forfeited bond of \$15 posted with state police Aug. 23 when he was ticketed for speeding—driving 70 miles per hour in a 55-MPH zone on U.S. 41 in Marquette Township.

Overwidth Trailer

Harold Van Connant, Negaunee, paid a fine of \$5.70 and \$4.30 costs for hauling an over-width trailer without a permit. State police issued the summons Sept. 19 on U.S. 41 in Negaunee Township.

For speeding, James Voegtline, Republic, paid a fine of \$10.70 and \$4.30 costs. State police issued the summons Sept. 19 for driving 80 miles per hour in a 65-MPH zone on U.S. 41 in Marquette Township.

A fine of \$5.70 and \$4.30 costs were paid by Frank Wolfe, Wakefield, who was ticketed by state police Sept. 16 for driving 65 miles per hour in a 55-MPH zone on U.S. 41 in Marquette Township.

Defective Equipment

Gordon V. Autio, 353 Blehmhuber Ave., Marquette, was ordered to pay a fine of \$5.70 and \$4.30 for driving with defective exhaust equipment. State police ticketed him Sept. 29 on U.S. 41 in Negaunee Township.

Allen B. Kropp, 603 Pine St., Marquette, was fined \$5.70 and ordered to pay costs of \$4.30 for violation of the basic speed law. State police ticketed him after an accident Sept. 21 on U.S. 41 in Chocolay Township.

Nancy E. Peano, 1685 Erie St., Marquette, was fined \$5.70 and ordered to pay costs of \$4.30 for allowing another person to use her license plate. The summons was issued by state police Sept. 22 in Marquette Township.

Costs of \$4.30 were paid by Lloyd Steeb, 1617 Woodland Ave., for driving left of the centerline. State police ticketed him Sept. 29 on County Road 550 in Marquette Township.

Under Romney's Program In

regards to the individual, the taxes repealed would amount to approximately \$140 million and the two per cent state income tax would bring in approximately \$216 million, an increase in taxes of about \$76 million on individuals.

President John F. Kennedy has recommended to the Congress that federal income taxes should be reduced to bolster the economy and encourage consumer buying power. This type of reform would provide jobs.

Now Gov. Romney wants to add a state income tax that would do just the opposite of what the Congress is trying to achieve.

Romney's proposed reform would cause more hardships for Michigan.

"The Romney tax plan is not

It was the annual meeting of the North Midwest Section of the American Society for Engineering Education. Membership includes 12 colleges and universities from six states.

Tech's representatives were Dr. Clyde E. Work, professor and head of the engineering department; Dr. T. L. Chou, Narayanan Ganesan, J. T. Cassau, Arthur R. Giacinta, Dr. Milton O. Peach, Arthur S. Weaver; Stuart C. Allen, Robert L. Papworth and Frederick E. Wittig.

Weaver represents Tech on the sections' executive committee and served as a discussion leader for a program session on the "Effect of Curriculum Revisions on Mechanics Offerings."

HOUGHTON—Ten members of the Michigan Tech faculty have returned from a two-day professional conference held on the campus of the State University of Iowa, Iowa City.

really tax reform, but a shuffling of taxes, with individuals picking up the greater portion of the tax load," Jacobetti said.

On Option Income Tax

In addition to Romney's proposed income tax on individuals, Jacobetti said that he opposes the Governor's proposal for a local option income tax.

"Under the local option income tax, individuals would end up paying four income taxes — two to local governments if they live in one place and work in another, one to the state and one to the federal government," he said.

"I am positive that the people of Michigan do not want this kind of tax reform."

CBS Drops Hearings On Crime

BY CYNTHIA LOWRY

NEW YORK (AP) — The heady excitement of television's opening season is over. It's going to be business as usual from here on in.

CBS, after making an enormous fuss about its full, live coverage of last week's testimony by Joseph Valachi before the Senate subcommittee, quietly dropped the whole thing Tuesday except for a half-hour roundup which preempted a late afternoon re-run of "Love That Bob."

CBS last week let it be known

that the Valachi hearing had cost it about a quarter of a million dollars daily—and that it got a lot of complaints from housewives about omitting their favorite games and soap operas.

After four or five days of soul-and-show-searching, ABC finally has decided on the Sunday night replacement for the deceased "100 Grand." It is called "Laughs for Sale" and will consist of routines and sketches written by "as yet undiscovered comedy writers" and performed by professional comedians.

Another panel show, it will have its premier on Oct. 20 with Hal March, late of "The \$64,000 Question" as host.

William Pitt and King George II signed the death warrant of Ft. Louisburg, Nova Scotia, in 1760. Under the direction of

Capt. John Byron, grandfather of the poet, crews worked for six months to grind the great fortress into dust.

11 Persons Fined \$198 By Justice

Eleven persons were ordered to pay a total of \$198.60 in fines and costs by Justice George J. Fezzey in Marquette Township Court for traffic violations.

Largest assessment was paid by Wilfred Cota, 71, Janzen Hotel, Marquette, who was arrested by state police Sept. 25 on County Road 553 in Sands Township for drunk driving.

License Suspended

Cota was ordered to pay a fine of \$75 and \$4.30 costs. As in all drunk driving convictions, Cota's operator's license will be suspended for a period of 90 days to two years by the office of the secretary of state.

For speeding, Lawrence B. McGee, 1109 Pine St. Marquette, paid a fine of \$15.70 and \$4.30 costs. State police ticketed him Sept. 22 on U.S. 41 in Marquette Township for driving 90 miles per hour in a 55-MPH zone.

15 MPH Over Limit

A fine of \$10.70 and \$4.30 costs were paid by Edward C. Roberts, Trenary, for speeding. He was ticketed by state police Sept. 24 for driving 70 miles per hour in 55-MPH zone on U.S. 41 in Chocolay Township.

James E. Petersen, Maple, Wis., forfeited bond of \$15 posted with state police Aug. 23 when he was ticketed for speeding—driving 70 miles per hour in a 55-MPH zone on U.S. 41 in Marquette Township.

Overwidth Trailer

Harold Van Connant, Negaunee, paid a fine of \$5.70 and \$4.30 costs for hauling an over-width trailer without a permit. State police issued the summons Sept. 19 on U.S. 41 in Negaunee Township.

For speeding, James Voegtline, Republic, paid a fine of \$10.70 and \$4.30 costs. State police issued the summons Sept. 19 for driving 80 miles per hour in a 65-MPH zone on U.S. 41 in Marquette Township.

A fine of \$5.70 and \$4.30 costs were paid by Frank Wolfe, Wakefield, who was ticketed by state police Sept. 16 for driving 65 miles per hour in a 55-MPH zone on U.S. 41 in Marquette Township.

Defective Equipment

Gordon V. Autio, 353 Blehmhuber Ave., Marquette, was ordered to pay a fine of \$5.70 and \$4.30 for driving with defective exhaust equipment. State police ticketed him Sept. 29 on U.S. 41 in Negaunee Township.

Allen B. Kropp, 603 Pine St., Marquette, was fined \$5.70 and ordered to pay costs of \$4.30 for violation of the basic speed law. State police ticketed him after an accident Sept. 21 on U.S. 41 in Chocolay Township.

Nancy E. Peano, 1685 Erie St., Marquette, was fined \$5.70 and ordered to pay costs of \$4.30 for allowing another person to use her license plate. The summons was issued by state police Sept. 22 in Marquette Township.

Costs of \$4.30 were paid by Lloyd Steeb, 1617 Woodland Ave., for driving left of the centerline. State police ticketed him Sept. 29 on County Road 550 in Marquette Township.

Financial Scene: Weather Still Affects Business

By SAM DAWSON

NEW YORK (AP) — Weather still can affect the course of business and public and individual fortunes despite all the man-made economic and political systems.

It can set the price of many things from food to clothing to shelter—even the price of gold. Affects Government

Weather can weaken governments or parties along with specific corporations or enterprises. It can change longheld government policies, although its effects may show up more quickly on commodity markets and sometimes stock exchanges.

Any merchant can tell you how fair days or foul can affect his sales on any one day—or how temperature and precipitation variations can make or break any one season for him.

The Communist nations have been taking their licks from the weather to the accomplishment of dramatic headlines—wheat shortages in Russia, hurricane damage in Cuba. But weather also has been setting economic courses in non-Communist countries. Many of the patterns are pleasant this year.

Coffee merchants are saying prices may rise this winter. The reason: Brazil's crop has been badly hit by drought and frost, and also by forest fires blamed on the drought.

Flora And Sugar

The price of sugar may be tied to the skirts of Hurricane Flora, even if the United States no longer gets any of its sugar from Cuba. The reason: Russia has been either consuming or acting as middleman for Cuba's sugar crop. Flora is reported to have damaged it heavily, adding to the already admitted damage caused by the shortcomings of the Communist regime there.

The world sugar market will be affected by the loss of the Cuban crop, and with world sugar prices already high, and fluctuating, the price in the United States may be affected.

Kind To U.S. Beet Group

Weather, however, has been

Cohodas Sees Michigan As 2nd Best Apple Producer; Organization Setup Noted

Michigan will soon be challenging for second place as an apple-producing state, S. M. Cohodas, president of Cohodas Brothers, Ishpeming, said today in reflecting upon the growth of the industry during the observance of 1963 National Apple Week.

Washington State is far out in first place; New York has been second, and Michigan and Virginia have traded third and fourth places, depending upon fluctuating regional growing conditions.

Cohodas' Role Cited

Increased acreage, however, now places Michigan definitely in third place and a serious challenge to New York for the second spot in the production list.

Cohodas himself has played a great part in the development of Michigan

two great growing valleys, Wenatchee and Yakima, has produced the mammoth crops of the country.

Opening up its operations in Michigan 31 years ago with orchards in lower state, Cohodas went to Yakima in 1940 and now operates 10 orchards there.

In Washington Cohodas grows Red and Golden Delicious, Winesaps, Jonathans and Romes. The orchards also produce peaches, pears, prunes, apricots and sweet cherries.

Ship 3,000 Cars

Two organizations handle the business in Washington, the Cohodas Lancaster, Frank Co., as growers and Yakima Fruit and Cold Storage Co., on sales.

They will ship 3,000 cars this year, to Canada, Brazil, Chile, Hong Kong, England, Sweden, Norway, Mexico and Japan. There are, on the average, 840 boxes to the car, each box being a full bushel.

Fewer Varieties

Reminiscing about the changes, Cohodas said one of the big changes has been in the varieties which have gone off the fresh market.

Emphasis is now on Winesaps, Jonathans, Delicious, Macintosh and Romes. There are about seven major varieties.

"When we entered the orchard business 31 years ago," he said, "we contented with 40 to 50 varieties. The main reason for the change has been the inability to market a green apple. The women want red apples. So now, much of the green varieties go into processing."

Cohodas has played a great part in development of the industry and in standardizing values to give greatest possible values to the consumer.

He has been associated for 30 years with the International Apple Association and has held all the major offices in the group. He has been with the U.S. Department of Agriculture as a consultant and a member of the advisory committee which has determined the rate of export and import between United States and Canada on apple crops.

Helped Set Up Standards

He has helped establish standards on sizing, marketing,

Weather Conditions Ideal For Harvest In Michigan

Weather conditions remained ideal for harvest activity in Michigan during the past week, the Federal-State Crop Reporting Service in Lansing said today.

Little additional frost damage was reported during the week. Soil moisture remained adequate except for scattered areas in southern Lower Michigan and the northern area.

Potato Harvest Behind

Winter wheat was more than 80 per cent planted. Corn was 65 per cent mature with the good weather improving maturity. Navy beans were 90 per cent harvested and colored varieties 60 per cent harvested. The sugar beet harvest was about 10 per cent complete.

The late potato harvest was about half over, slightly behind last year. Silo-filling was still a main activity throughout the state.

Apple Harvest

The McIntosh apple harvest was in full swing in the northwest and near completion in the central west. The apple harvest was moving to the market in volume with nearly all fall varieties available. A shortage of pickers was reported, however.

The early varieties of fruit were nearly all harvested in the southern Lower Peninsula. The grape harvest was more than one half complete.

The onion harvest ranged from 95 per cent complete in the Grant area to 50 per cent in the Ionia-Montcalm region. The harvest was picked in the majority of other onion areas.

Initiation For Elks Set Tomorrow

Eleven candidates for membership will be initiated into the Elks Lodge at a meeting at 8 tomorrow night.

Candidates are Charles Baker, William Chubb, George Geissler, Alexander K. Guiland, Alan Morrissey, Milton Rast, Thomas Sanborn, LeRoy Schmetzer, E. Richard Schweinin, Franz Stenglein and Donald Toti.

Officers In Charge

Officers who will conduct the initiation include Joseph Fountain, exalted ruler; Russell Chrest, leading knight; James DeMarinis, loyal knight; John Meyers, lecturing knight; Richard Handrahan, esquire; Paul Hunter, chaplain; Leo Enright, inner guard; Carl Hokanson, tiler, and John Davey, secretary.

Also on the agenda for tomorrow night's meeting is a report from Richard Alholm, who was a delegate to Boys' State at Michigan State University, East Lansing, during the summer.

Wells 4-H Leader Wins Scholarship

Roy Froling (left), assistant cashier of the Union National Bank, presents a check for a \$100 scholarship on behalf of the bank to Andrew Charles Wells, Township 4-H Club leader. Charles was selected, as part of the 4-H career guidance program, for his interest in agriculture, leadership and the furthering of his education, to attend an agricultural "short course" at Michigan State University. (Mining Journal photo).

Directors Approve Of Plan To Merge

AKRON, Ohio (AP) — Good-year Tire & Rubber Co.'s proposed acquisition of the business and assets of Motor Wheel Corp. of Lansing received approval in principle Monday from directors of the two firms.

State Group Will Probe Bridge Plan

LANSING (AP) — A five-senator committee with a \$1,000 budget will investigate whether the U. S. government can pay off 80 per cent of the \$100 million owed on the Mackinac Bridge.

The Senate Tuesday adopted without dissent a resolution by Sens. John Bowman, D-Roseville and Thomas Schweigert, R-Petoskey, creating the committee which is to report to the 1964 Legislature.

Their resolution was changed to delete references to the bridge becoming toll-free if it becomes part of the interstate highway system.

Sen. John Fitzgerald, R-Grand Ledge, a member of the committee which amended the resolution, said "some token charge to at least cover maintenance of the bridge probably always will have to be charged."

'Buy' The Bridge

The span, opened in 1957, was financed by public sale of \$100 million in bonds falling due in 1993. Toll charges, which are applied to this debt, now run \$3.75 one way for a motorist

One Injured In Collision On Road 553

State police continued today the investigation of a traffic mishap which occurred yesterday in Sands Township, in which one person was injured and two vehicles were damaged.

The wreck occurred at 12:15 yesterday on County Road 553, just south of County Road ND, state police said.

A truck being driven north on County Road 553 and being turned left by John Maki, 27, Carlshend, was involved in a mishap with an automobile operated by Mrs. Carol Berg, 21, Route 1, Marquette, as she was attempting to pass him, state police said.

Mrs. Berg suffered bruised knees and was taken in the K. L. Sawyer Air Force Base ambulance to the base hospital for treatment.

The rear end of Maki's 1956 truck was damaged and the vehicle was driven from the scene under its own power. Ex-

tensive damage resulted to the front end of Mrs. Berg's car, a 1954 sedan, which had to be towed from the scene by a wrecker.

State police said both drivers blamed the other for the mishap.

PROGRAM AND LUNCH — WEAR YOUR FEZ!

Now five kinds of Chevrolets for all kinds of people!

JET-SMOOTH LUXURY CHEVROLET—For luxury-loving people. Rich new styling, finer appointments in all four series and 15 models. Including those dazzling new Super Sports! Engines and transmissions to match your personal tastes!

NEW CHEVELLE—For pacesetter people. A totally new kind of car all wrapped up in styling that makes expensive cars jealous. Chevelle serves every purpose with three series and 11 models, and a full choice of engine and transmission teams!

CHEVY II—For practical people. Chevy II with new V8 power* tops all thrifty cars for fun-on-a-shoestring. Stretches the shoestring further with 4- and 6-cylinder engines. Chevy II's six models in two series all act like they're bigger, more expensive cars!

CORVAIR—For fun-loving people. More fun than ever from Corvair's new bigger engine! Same Corvair handling and riding ease with a dressed-up '64 look in 9 models—including the 150-hp Turbo-charged Spydors!

CORVETTE—For sports-minded people. Corvette now rides softer, smoother—but loses none of its gusto because its big V8 offers versions from 250 to 375 hp*!

Want to get together with other car-loving people? Go see your Chevrolet dealer... he likes all kinds!

See five entirely different lines of cars at your Chevrolet Showroom—CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

SMOOTH AS SILK

WHAT TRUER WORDS TO DESCRIBE ANY DRINK MADE WITH KESSLER

Name your favorite drink, say "with Kessler," and leave the rest to your favorite barman. See if America's lightest-tasting whiskey doesn't make a drink you'll call "Smooth as Silk." Nothing fancy about those 3 words, but no other whiskey fits them like Kessler. The Kessler price will please you, too. It's as remarkable as the whiskey. Only \$3.94 4/5 Qt. \$2.48 1/2 Qt.

Community Chest Agency: Value Of Scouting Program To Marquette Area Noted

Importance of the Scout program to the Marquette area was noted today by R. Ralph Smith, Marquette, executive for the Hiawathaland (Upper Peninsula) Council, Boy Scouts of America.

The Boy Scout agency is one of the recipient groups in the United Marquette Community Chest, the fund drive for which is currently under way.

The 53-year-old Scout movement has had countless thousands of Marquette boys as members over the years since 1910. With Marquette being the headquarters city for the original Marquette-Alger Council and later in 1944 when it became the center of the Hiawathaland Council, the city area has always had the continuing use of the program.

Recognition must also be given to the hundreds of adults who have served, voluntarily, for many years, Smith said.

Most notable among this large group of Scouters is Perry B. Hatch, one of less than a hundred in the United States with a 53 year record of service.

To merely name the Scouts would literally fill a page. Many of his "boys" are now grandparents, many are still citizens of the area, while others may be found from coast to coast.

Chartered By Congress
"Some fundamentals of the program are in order if we are to fully appreciate the purpose, size, problems and opportunities of Scouting as it continues to serve the youth of America," Smith said.

When the Congress of the United States granted the Boy Scouts of America a federal charter on June 15, 1916, they charged the fledgling organization with significant responsibilities toward the boys of America. It is necessary as a part of this responsibility that the Congress be furnished a complete report yearly of the activities of Scouting. The 1962 report, listed as House Document No. 85, contains 336 pages of information available to any person, anywhere, just as are the many other public documents.

Purpose of Organization
The stated purpose of the organization is to "promote through the organization, and cooperation with other agencies the ability of boys to do things for themselves and others, to train them in Scoutcraft, and to teach them patriotism, courage, self-reliance and kindred vir-

tues, using the methods which are now in common use by Boy Scouts."

Thus it has become recognized as primarily an educational movement rather than the recreational, religious, physical, or patriotic group as many believe it to be, Smith said. It combines the many elements of many programs into one experience for the same boy.

Key To Operation
The phrase "other agencies" is the key to the whole operation of the Scouting program. A total of almost 90,000 "sponsoring institutions" use the Scouting program for boys in their area.

About 50 per cent of the sponsors are religious groups, 28 per cent are civic, patriotic and community groups with the remaining 22 per cent being school groups.

Leaders in each major group are: the Methodist and Roman Catholic churches, American Legion and Lions Clubs and Parent-Teacher Associations.

Since all sponsoring groups use the Scouting program for the boys in their own area as it best fits the need and/or objectives of the sponsoring group, the Scouting program can best be described as the "Great Partnership."

Standardized Program
One of the fundamentals is that Scouting offers a boy and his family a standardized program of activity. Since more and more families move each year, it becomes increasingly important that the boys' previous effort and interest be recognized and maintained. Scouting's literature, program, activities, organization and methods are the same everywhere.

"Not only is this true within the U.S., but military personnel, teachers and religious leaders are almost always able to find Scouting available for their youngsters while on foreign assignments," Smith said. "Much of this work is carried out through the international relationships program and the World Brotherhood programs of Scouting which are long, interesting stories in themselves."

This "piping" of the Scouting program through the local council, through an interested sponsoring group, through the leadership selected by the sponsor, to the body in the Cub Scout Pack, Boy Scout Troop, Sea Scout Ship or Explorer Post has always been and still is the part of Scouting that is paid for by citizens of the largest to the smallest community in each local council.

This "council" term is simply

a group of local men, elected or by virtue of being an "institutional representative" within the council assigned territory, who are charged with the duty of keeping the Scouting program active.

The council elects and installs an "explorer board" each May to handle the month-to-month business. Largely this group is a policy-making and decision body. The real work of the council is carried out through a district committee, representatives of which make up the executive board.

On Council Budget
It is this "program-piping" by local Scouters for local Scouts that costs each community in the council its "fair share" of the total council budget, Smith said.

Although within the past few years some tremendous gains in membership and program activities have been made locally, the amount of dollar support of the Scouters' efforts have actually decreased.

It may be interesting to note that compared to 1925, the first year that records are available for the Marquette area, the people of Marquette last year gave Scouting 50 per cent more money for over 150 per cent more boys, Smith said. This is without figuring an inflation difference in 1925 dollars and 1963 dollars, he added.

What Donation Does
Next year's request from the United Marquette Community Chest, based on the usual 40-hour week, averages at less than \$4 per hour. This will pay the community's share of the administrative expense of the council.

In return the council will provide the Marquette area with full use of the Scouting program for 12 months for its boys from eight to 18, under the sponsorship of its churches, civic groups and school organizations, Smith said.

"This vastly increased boy and adult membership within the past few years, coupled with decreased income and rising costs have placed the council in the position of making many undesirable decisions," Smith said.

"Program features, activities and events have been cut or seriously curtailed. Professional staff help has been cut back for over two years. Clerical

Council Scout Executive Receives Award

R. Ralph Smith, Marquette, executive for the Hiawathaland (Upper Peninsula) Council, Boy Scouts of America, recently received an award from the District 4-H Council for his overall contributions to youth programs in the area. Here, the presentation is being made by Mrs. Alvin Victorson of Luce County, vice president of the district 4-H Council. Smith recently helped conduct a leader training workshop at Michigan State University's Camp Shaw, near Chatham.

personnel remains at the same level as it was when only two-thirds of the present number were active.

"Most seriously reduced are the many materials used by Scouters volunteers in their assigned jobs such as unit leaders, committee men, training and organizing personnel.

"A neighborhood commissioner should be supplied with about \$25 worth of printed aids to do his job effectively. This phase of training and on-the-spot help is not now available even in part."

Council President Burton Boyum of Ishpeming and District Chairman Ray Nelson of Marquette agreed in the recent announcement that "all citizens in our Upper Peninsula who still believe that boys of today and tomorrow still need citizenship training, character building and physical fitness must also realize that Scouting still costs money.

"It would appear from the

facts at hand that the generation preceding us did a much better job in paying for its Scouting program that we received than we are doing.

"Please remember that when you make out your Community Chest pledge that one-eighth of your amount goes to support Scouting. The balance is to provide the countless other benefits given our community by the other worthy recipient agencies as determined by the Chest allocations committee.

"This is still the best, most efficient, quickest and surest way that our generation of

adults can continue this fundamental ideal of America's heritage."

Man Waives Exam On Homicide Charge

JACKSON (AP)—Dave Smith, 37, of Jackson, waived examination when arraigned in Jackson Municipal Court Monday on a negligent homicide charge growing out of the death of 77-year-old James Cotton of Jackson in a two-car collision here Saturday. Smith was released on \$750 bail and ordered to appear in circuit court.

Appeal Filed In Drunk Driving Case

Imposition of a Chocoley Township Justice Court sentence against Lowell J. Healy, 42, Route 2, Marquette, for drunk driving was postponed pending an appeal of the case to circuit court.

Suspension of Healy's operator's license also was postponed pending the appeal of the case during the December term of Marquette County Circuit Court.

\$50 Fine Involved
Justice Lawrence C. Ewing had ordered Healy to pay a

fine of \$50 and \$9.55 costs for the drunk driving charge. Healy had pleaded guilty to the charge.

State police arrested Healy Aug. 31 on the Honor Camp Road in Chocoley Township. He posted \$50 bond for his appearance in circuit court. He is represented by Attorney John E. McDonald, Marquette.

President May Pay Visit To Indonesia

JAKARTA, Indonesia (AP)—The official Indonesian news agency Antara said President Kennedy is likely to visit Indonesia in December as part of a Far Eastern tour. A dispatch from the agency's Washington correspondent said Kennedy's itinerary also would probably include Japan, the Philippines and Australia.

THE DROPOUT
Educators view high school dropouts as a tragic waste of manpower. Once a potential mechanic, salesman, or secretary who could have been making a comfortable living, the dropout becomes a growing part of the labor force competing for the unskilled and semi-skilled jobs which offer an unstable income and uncertain employment.

Approximately one million teen-agers drop out of school each year for a number of reasons, ranging from personal financial needs to a dislike of school. The squandering of their talents on low-paying jobs gives them a false, temporary feeling of financial security. It is a pity that so many of them soon join the ranks of the unemployed when the demand for untrained labor decreases because of lay-offs or technological changes. Too late and too frequently dropouts realize their limited education is a handicap when their salaries show no appreciable increase over the years, while the educated worker passes him by in a career and financial sense.

President John F. Kennedy's Committee on Youth Employment, an out-growth of the President's concern for the dropout, points out that a solution to the dropout dilemma is the responsibility and obligation of every citizen.

This is one of a series of education features published as a public service in cooperation with the Michigan Press Association, the Michigan Education Association and this newspaper.

Michigan Week Officials In City Tuesday For Meeting

General Chairman Dale I. Sellers of Detroit and Deputy General Chairman Woodward C. Smith of Mt. Pleasant, who are directing preparations for the 11th annual Michigan Week next May 17-23, will spend three days with their Upper Peninsula associates next week. The state is organized into 16 Michigan Week regions. Regions 1, 2 and 3 are in the Upper Peninsula and it is to counsel with the regional chairmen and their county chairmen of the three areas that Sellers and Smith are coming.

Regional Chairman Alva R. Howard, who is director of college relations at Michigan

chairmen to the Soo for Wednesday. They come from Chippewa, Luce, Mackinac and Schoolcraft Counties.

Year-Round Promotion

Promotion of Michigan through Michigan Week has been a year around task for several thousand people serving on committees for the annual celebration.

Organization of all 83 counties for the 1964 promotion is expected to be completed during the fall. Purpose of Michigan Week is to build great state pride within the state, sell Michigan's advantages to the rest of the nation and get Michigan's people together for their state's advancement.

Both Sellers and Smith have been in the Peninsula on Michigan Week missions several times in the past few years. Sellers is vice president of the

Manufacturers National Bank at Detroit. Smith is vice president in charge of public services at Central Michigan University, Mt. Pleasant.

State Police Probe 174 Complaints

Officers of the Marquette post of the Michigan State Police investigated 174 complaints last month, Sgt. Grant C. Barry, post commander, reports.

The 17 officers stationed here worked 360 days during September. A breakdown shows that 1,295 "man hours" were

spent on traffic patrol and 687 on investigation of complaints. In addition, officers spent 123 hours on report writing, 893 in administration and supervision, 35 on training activities and 255 on other duty.

Car Report

Post cars were driven 29,658 miles during June, including 20,325 on traffic patrol, 2,045 miles investigating traffic complaints, 4,905 miles investigating other complaints and 2,383 miles on other duties.

The cars were driven 1,065 hours on patrol.

Officers issued 201 traffic tickets and made 18 other arrests. Drivers assisted numbered 65, while vehicle cases investigated totaled 226.

Troopers made 245 property inspections, 44 liquor inspections and issued 427 verbal warnings.

Tax Reform Plan Faces Alterations

LANSING (AP) — Gov. George Romney prepared today for his last round of public meetings on tax reform, carrying fresh reminders that his sources of support in the Legislature are still certain.

But changes in the Governor's original 12-point program appeared more certain than ever following a day of behind-the-scenes activity in which Romney and lawmakers took serious soundings of each other's position.

From House Speaker Allison Green, R-Kingston, Romney heard again that his plan — or any fiscal reform program

based on a state income tax — could not pass the House on Republican votes alone.

'Tied Together'

Democratic legislative leaders met with Romney and informed him that they will not pledge any support for his program until they see the form in which the bills emerge from the taxation committees.

Rep. Joseph Kowalski and Sen. Charles Blondy, Detroit Democrats who lead their party in House and Senate, said they also told the Governor that the tax reform bills must be "tied together" in a package.

"We'd decide whether the package amounted to true fiscal reform and we would not be willing to negotiate on individual bills," said Kowalski.

Won't Stand In Way

Both lawmakers said they would not stand in the way of Romney bills — for which the Democratic party has voiced

general support — getting to the floor.

The House and Senate Taxation Committee held a public hearing Tuesday night, as scheduled one tonight, after the Legislature goes into recess.

Romney's public hearings today were set for Lansing, Jackson and Battle Creek.

Lawmakers will return Monday or Tuesday.

Burglar Took Making For Real Wingding

DELAND, Fla. (AP) — A burglar got all the makings of a real wingding in a break-in here. Missing from the burglarized restaurant were 18 bottles of wine, lots of beer, a case of soft drinks, \$3 in cash, two cases of potato chips and more than 20 jukebox records.

Outstanding Festival

Tomorrow marks the opening of the seventh annual Marquette County Harvest Festival, and this year's program promises to be bigger and better than any held before. The festival, an event held in the fall for the exhibit of projects on which both rural and urban residents have been working all year, will be held in the Marquette National Guard Armory. There'll be daily entertainment, programs and exhibits—all at no cost to the interested spectator.

This year the festival will see the return of the queen contest. The winner of the festival queen title will be Marquette County's representative in the Upper Peninsula

Potato Show, which will be held Friday and Saturday, Nov. 1 and 2, in the National Guard Armory in Marquette.

Practically every division of the Harvest Festival has been expanded, but essentially the three-day show will remain the same. In all, around \$1,100 in prizes will be distributed to the winning exhibitors.

This year there will be 74 exhibits in the home economics section of the festival, in contrast to 60 for last autumn. The hobby-craft section will have 40 exhibits, as against a little over 20 for last year. The arts and crafts department has been vastly expanded, and will include displays of woodcraft, leathercraft, metal work, pottery, lapidary, weaving, stichery, crewel embroidery and unclassified craft. Then there are vegetable, flower and apple departments.

"Marquette County's Harvest Festival has become much broader, and includes programs and exhibits which should be appealing to persons of just about every walk of life," notes Melvin N. Nyquist of Marquette, the county's extension director, who is one of the key figures in the staging of the festival. "There should be something which is of interest to everyone at the show," he adds.

Schools are participating, through the poster contest, and the students are pointing up the theme of this year's festival, which is the good quality of Upper Peninsula potatoes.

Potatoes, of course, are basically the kings of the show. There will be competition for the 30-pound representative tablestock exhibit, 72 tubers of any variety for certified seed, the adult 32-tuber exhibit, the largest potato section and the premier growers contest, as well as the 4-H 32-tuber exhibit. This year the 32-tuber exhibit for adults will include five sections, namely, (1) Ontarios, (2) Russet Burbanks, (3) Kennebecs and Cherokees, (4) any other variety, and (5) a second Ontario class.

Only animals to be exhibited in the Harvest Festival will be the 4-H horse show, to be conducted immediately south of the armory on Saturday morning, beginning at 10:30. This always is a highlight of the festival, and this year's program promises to be no exception.

Entertainment will include, in addition to the horse show, the Telstar demonstrations, with Robert C. Polzin, manager of the Marquette office of the Michigan Bell Telephone Co., on Thursday; the queen talent program and queen crowning, on Friday, and the demonstrations on square dancing and the open square dancing, on Saturday.

Offering something from Junior to Grandpa, the festival is staged as a family affair, and its various features and displays are arranged to provide a period of enjoyment for all those attending. Visitors are welcome from 1 to 10 p.m., tomorrow through Saturday. See you there.

PAPERWORK EXPLOSION

Like many people, the federal government finds it hard to throw anything away. According to the latest count by the General Accounting Office, the United States had in storage 6,900,000 cubic feet of records.

Government Printing Office, apparently feeling that many of the documents are superfluous, is suggesting that federal agencies screen their records more closely before sending them to storage. This is not likely to stem the avalanche because the GPO has just proudly informed Congress that due to new labor-saving devices, it has doubled productivity during the past nine years.

If the trend continues, Khrushchev will not find it necessary to carry out his threat to bury us. The nation will bury itself, under millions of tons of paper and microfilm. —Montgomery (Alabama) Advertiser.

60 Years Ago

—Marquette—
The coming winter is one of the last seasons when there will be any lumbering to speak of on Dead River, a stream which in its day has floated down millions upon millions of feet of some of the finest pine that has ever been cut in Michigan. As a lumbering waterway, however, it is in its decline and the winter season of '64-'65 will likely witness the last operations of any magnitude to be conducted along its banks. The coming winter and the succeeding season will see Kibbee and White, the well known firm, finishing up their work. Charles Hancock is just now very busy trying to keep track of three huge dogs, the component parts of a dog team presented to him by Phil Partridge, Grand Marais. He received the dogs only this week and they are not yet accustomed to their new environment; consequently they demand much attention.
The tug Cotton towed a scowload of supplies to Sauk's Head Tuesday.
—Ishpeming—
H. C. Hanford arrived here yesterday in search of men to work in coal mines at Wilton, N. D. Mr. Hanford is desirous of securing 100 miners at once and is in hopes of finding that number here. The mines are located 28 miles from Bismark and about 425 miles distant from Duluth. They are owned by Senator Washburn, of Minnesota, and have been operated for the past three years.
William Leininger, Ishpeming, visited Ewen Tuesday on professional business. He says that there are no evidences of the big storm

of Saturday night in the town, but great havoc had been wrought in the country. At one place about a mile west of the village the tornado blew a homesteader's house to pieces, tearing apart the heavy logs that formed the sides and conveying some of them three-quarters of a mile away.

—Negaunee—
The board of state library commissions has done much toward encouraging the establishment of township libraries. It welcomes any information that will be of assistance in locating libraries in localities where books are scarce and hard to obtain and where they would be appreciated. Fine facilities are at hand for providing traveling libraries or establishing small libraries, so that every community may have one if it desires.

Tuesday night some person, either drunk or contemptibly malicious, climbed over the temporary barricade surrounding the new cement walk in front of J. Q. Adams' residence and strolled along its entire length, leaving big deep footprints in the freshly laid cement. The fellow was traced for some distance yesterday morning, his tracks being easy to follow, as the boots that he wore were not mates.

George J. Maas and John O'Calligan, the latter of the Menominee Range, are conducting explorations on the Whitbeck property, near the Aragon Mine. A depth of 305 feet has been reached. It is thought that ore will be encountered about 1,500 feet further down at the most.

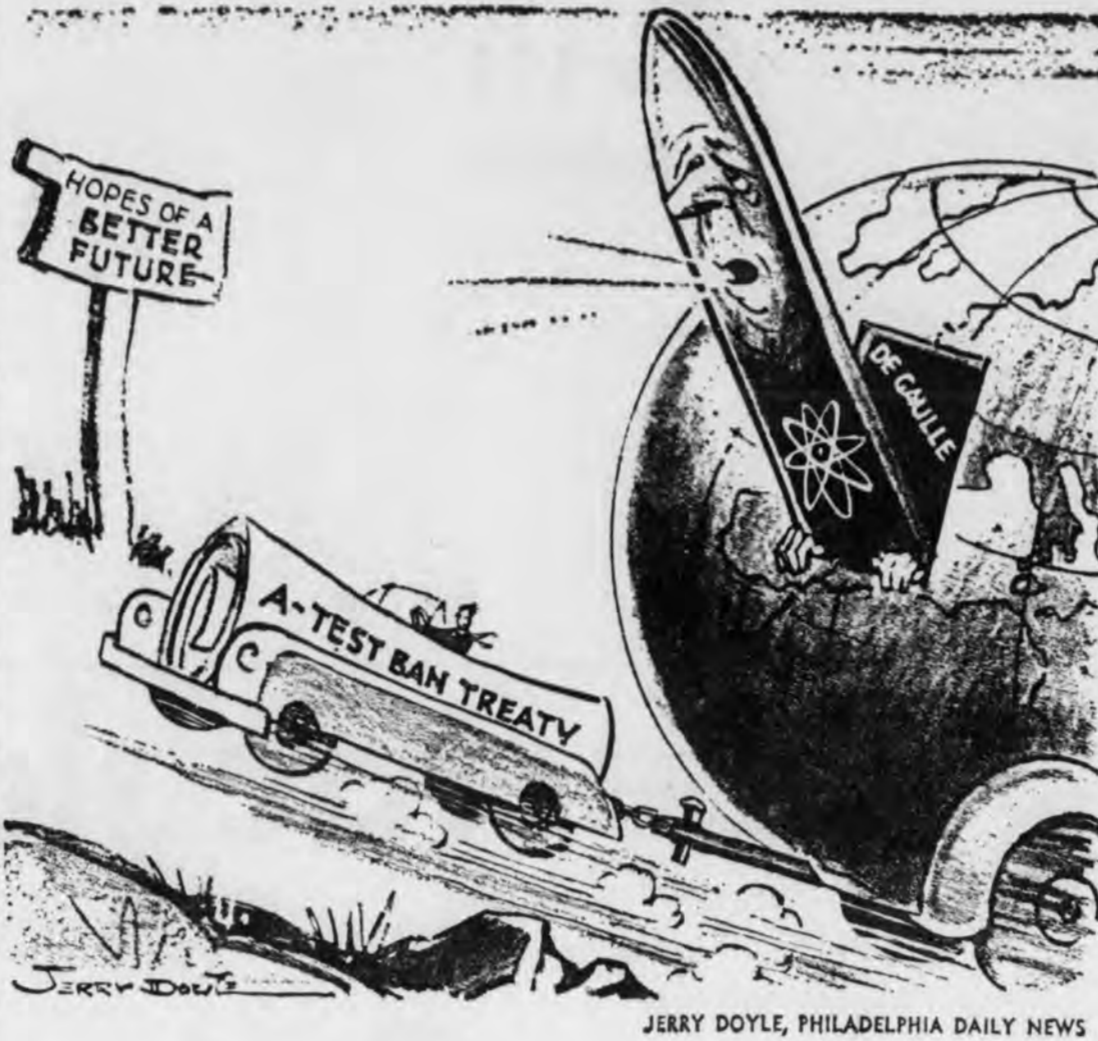

30 Years Ago

—Marquette—
With all of the 33 soliciting teams practically finished with their work, it was announced Saturday by H. H. Twining, director of Marquette's ninth annual Community Chest drive, that a grand total of \$12,570 has been contributed to the Chest, or \$6,220 short of the goal of \$18,800, which was set by the Community Chest at the beginning of the campaign.
—Ishpeming—
Arguments for and against the county unit system of education in Michigan were presented at the rural division meeting at the

eighteenth annual session of the Seventh District, Michigan Education Association, held here Friday and Saturday. The speaker was H. L. Turner, director of the division of rural education at the Michigan State Normal College in Ypsilanti.

—Negaunee—
Miss Rita Rogers, daughter of Mrs. G. Rogers, of Negaunee, has been made vice-president of the student mission league at St. Mary's College, of Notre Dame, Ind. Sister Irma, president of the college, formally presented her with the insignia of her office at the annual installation held in the social rooms of the college.

The National Whirligig

News Behind The News

By ANDREW TULLY

WASHINGTON — In his decision to put civil rights ahead of tax cut legislation this year, President Kennedy had no where else to go. He couldn't risk a bitter battle over civil rights in an election year and neither could any other ambitious politician.

This is not to say absolutely that a civil rights bill will be passed before Jan. 1. Time is growing short, and the Southerners in the Senate are not inclined to cooperate with supporters of legislation that calls for an end to discrimination in so-called "public accommodations" such as hotels, restaurants, barber shops and beauty parlors. They will surely string out their fight as long as possible.

But the Administration must

gamble on disposing of the civil rights question this year so that passions will have a chance to cool before November, 1964. It would like a tax cut, too, before New Year's Eve, but it can afford to wait for this one because, whenever the legislation is passed, the cut will become effective next Jan. 1. The tax cut bill, therefore, is expendable in this session.

In making his decision, President Kennedy undoubtedly was conscious of the difference in public opinion concerning the two pieces of legislation. The country is still divided about the need for civil rights action, but it is substantially in favor of a tax cut.

Latent Hostility

A recent Lou Harris poll showed that 55 per cent of

whites across the country are opposed to having Negro neighbors. Another 32 per cent are against their children going to school with Negroes, 23 per cent oppose Negroes attending the same church, and 21 per cent don't want to work next to Negroes. Capitol Hill has been hearing the voices of these people.

Meanwhile, a Gallup poll has shown that 60 per cent of those interviewed are in favor of the proposed tax cut which eventually will mean a saving for the average family of between \$100 and \$200 a year. Only 29 per cent have no opinion. With such a sentiment prevailing across the nation, there is no great urgency to push the tax cut a head of the politically controversial civil rights legislation.

Byrd At Controls

Anyway, Sen. Harry Byrd (D., Va.), chairman of the Senate Finance Committee, has made it clear he will not stand for a crash program to get any tax cut bill into the Senate floor. He made a show of submitting proposals for a speedup to his committee and was rewarded with an 11-4 vote upholding his right to set the time for Senate action. Now Byrd can go ahead with his plans for public hearings lasting at least six weeks, which means there is little chance of the committee reporting out to the whole Senate before mid-November. By that time, of course, the Senate will be locked in a strenuous struggle over the civil rights program.

Byrd is noncommittal when asked whether he thinks Congress can complete action on a tax cut this year. "I don't know," he says. "We will have orderly hearings, as we always do." And, as a man who strongly opposes reducing taxes until spending is cut back, Byrd might have added that he couldn't care less.

Coyote And Quills

Editor, Mining Journal:
I don't think its so rare to shoot a coyote with porcupine quills, because while I was hunting with my dad I shot one with my 22 rifle Saturday, Oct. 5, and it had quills all over its head. I brought the coyote to the conservation department Sunday, Oct. 6, for the bounty and they said it had the longest legs they ever saw on a coyote. I have pictures to prove it, but they are undeveloped.

Marquette

BEASTLY SITUATION

If you've been reading the papers, you have to agree that the news hasn't been too encouraging for the human race.

One distinguished zoologist suspects that man is more closely related to the gorilla and chimpanzee than a gorilla or a chimpanzee is related to an ape. No comments, please.

Another expert on such matters believes that man is descended from the rodent family. This may explain why we occasionally suspect some guy is a rat. Or why some of us married men sometimes act like mice.

But the crusher comes in the form of a prediction by an eminent biologist that bugs are going to outlast man.

Makes you feel like a worm, doesn't it?—NEA.

Deterrence Or What?

By JOSEPH ALSOP

HONG KONG — Everyone would now be waiting breathlessly for the worst sort of trouble on the Chinese-Russian border if this were still a normal world, or even if Communist China and the Soviet Union were normal modern states.

The accumulated signs of trouble are decidedly impressive. The Soviets have accused the Chinese of 5,000 border violations "systematically" committed since 1960; and they have also stated that the Chinese have been trying "in the most flagrant manner to appropriate individual sections of Soviet territory."

The Chinese have accused the Soviets of subversive activities in the Ili valley in Sinkiang province — since Czarist times, the area most consistently in dispute between China and Russia. And they have said the Soviets "enticed and coerced several tens of thousands of Chinese citizens into going to the Soviet Union."

The Russians have boasted, in reply, that they were indeed compelled by sheer human loving kindness to receive great numbers of pitiful refugees from the misery and terror now prevailing on the Chinese side of the border. At intervals, the Soviets are also publishing horror stories about conditions in Sinkiang which are purportedly written, and probably are really written, by members of these refugee groups.

Made Renewed Grab

Since a little after the mid-19th century, Russia has made a renewed grab for this great Central Asian Chinese province of Sinkiang on the average of about once every 20 years. Some of the grabs have come very close to success, too, mainly because Sinkiang is largely populated by Kazakhs, Uighurs, Tadzhiks, and other non-Chinese minority groups which are wide open to Russian subversion.

Across the border, the Russians now have an individual soviet republic for each of the five most important racial minorities in Sinkiang. The horror stories seem to be chosen to represent these groups — first one from a Kazakh, then one from a Uighur, and so on.

If you put all the assorted facts together in this manner, the pattern becomes pretty startling. Furthermore, charges of border violations generally fall into a special class, even when used by Communist propagandists.

Akin To Adultery

To be blunt about it, border violations are like adultery, in the sense that the injured parties do not normally complain about their injury unless they mean to do something reasonably drastic about it. The question is, then, what all this rumpus really does portend.

There are three possible answers, and you can take your choice among them. The first and least likely is that all these angry exchanges between Moscow and Peking are mere "sound and fury" signifying nothing.

The second answer, which is quite likely, is that the Soviets are threatening China's Sinkiang border as a form of deterrence. The American government is apparently convinced that the Chinese are like old ladies who knit to no purpose, just to pass the time, but in the Chinese case the presumed meaningless pastime is preparing invasions.

The Soviets are highly unlikely to take quite such a happy view of the long-completed Chinese preparations for a second invasion of India. And if such an invasion is launched and goes unpunished, Soviet prestige in Asia will suffer only a little less than American prestige.

Not Strong Enough

It is striking, therefore, that the same Moscow statement denouncing the 5,000 border violations also included the remark that the "Chinese leaders have developed some special aims and interests which the Socialist camp cannot support with its military might." This open, though partial, tearing up of the much-frayed Sino-Soviet mutual defense treaty was plainly pointed towards the Indian problem, as Peking must have understood at once.

Yet the Soviet leaders may well feel this first step is not nearly strong enough, particularly since no practical preparations whatever have been made to force China to pay an appropriately high price for another invasion of India. The Soviets may therefore be using the menace of really bad trouble on China's Sinkiang frontier as a most powerful additional deterrent of an Indian adventure — which it must certainly be.

Finally, of course, the Soviets may actually be preparing to do something drastic on the Sinkiang frontier. The outside world would probably know no more of such preparations than was known about the great Soviet-Japanese battle of Nomonhan in the early 1930s, news of which only leaked out two years later.

If this is really the Soviet purpose, the trouble ahead for the Peking leadership is impossible to estimate too high. It just may be the Soviet purpose at that. But deterrence looks like a more prudent bet for the present.

Nearer, The Clearer

By BRUCE BLOSSAT

Argument rages in many quarters these days about whether or not Sen. Barry Goldwater of Arizona is "modifying" his strongly conservative views as he speaks around the nation in the traditional posture of an active but undeclared candidate for the presidency.

Goldwater himself has just said "no" to the question of altering his opinions. It is a fact, however, that he has said some widely varying things about certain major subjects.

Just as one example, he is accustomed to telling audiences that though he personally believes racial segregation is morally wrong, education as such is a matter which should be left to the states.

'Under Some Conditions'

This statement has been interpreted by most of his staunch southern supporters as meaning that, despite his personal beliefs, he would leave the states alone to practice whatever segregation in the schools that they could maintain.

Recently, however, Goldwater told the Washington publication, Congressional Quarterly, that under some conditions he would approve the use of federal troops to enforce federal court orders in school desegregation matters.

This expression received slight national attention. It was, in fact, buried in a small news item deep inside the pages of one of the country's leading national newspapers. But it seems to have been an accurate report.

He begins by saying he would oppose use of troops but then adds quickly that he would endorse such action where the President's authority in this field is clearly outlined.

He says this means the President can dispatch troops when a governor or state legislature asks for them, when it is necessary to put down rebellion or insurrection, and when it is necessary to enforce a federal court edict.

Since that definition of presidential authority covers the use of troops by both President Eisenhower and President Kennedy in the various segregation crises, it is hard to see wherein Goldwater differs.

It is being said, of course, that Goldwater has changed stance in such other fields as social security, the federal income tax, and the role of the far right wing in American politics.

Normal Phenomenon

Yet most of those who believe these changes are clearly observable are not making harsh critical comment. They are simply noting what to them is a normal phenomenon of American politics:

As a man moves up the scale toward serious consideration for the highest office in this country, he tends to see more and more the maddening complexity of our affairs, the grays instead of the blacks and whites. And he usually is moved in consequence to take a more central position on major matters which seemed so simple and sharp-cut when viewed at a greater distance.

Views Of Others

BEEF AND BEER

From Japan comes word that prize beef cattle are living the life of Reilly before being converted into choice, succulent steaks to be savored by well fed people. In the Kobe area, the steers get daily brushdowns and massages and, so help us, a daily ration of beer.

The steer's final year of fattening is reported to be one joyous round of bovine banquets — a riot of barley, wheat bran and beer coupled with tender loving care. The net result of this tenderness is tender steak at fat prices. Japan plans to ship it to the United States, now that our agriculture department has ruled that Japanese beef is disease free.

There is irony in all of this, for here is a world in which prize beef cattle may, while they live, eat far better than half of the world's people who go to bed hungry every night. — (Milwaukee Journal.)

Side Glances

Every evening the TV goes yak, yak, yak. I should think I'd be entitled to equal time!

YOUTH PARADE

Correct Posture Adds Authority To Appearance

1. Are you willing to "take the stand" for beauty? Do you promise to tell the truth, and nothing but, about your posture habits? As Cindy Carol illustrates in these wrong and right stances, assuming correct posture (right) lifts shoulders and chest, trims hipline, and adds height and authority to your appearance. A noted motion picture director claims any actress can "age" simply by stooping her shoulders—which is reason enough to stand up for better posture.

50 Attend Women's Meet Here

Officers for the coming year were chosen at the annual meeting of District 1 of the Business and Professional Women's Clubs of the Michigan Association, held here recently. The Marquette Business and Professional Women's Club hosted the meeting, held in the Federated Women's Club. District 1 includes clubs from Calumet, Laurium, Iron Mountain, Ironwood, Ishpeming and Torch Lake.

Fisk-Hollis

(Photo by Lemon's Studio)

Wedding vows were exchanged Saturday by Barbara Carole Fisk, daughter of Mrs. Claude Fisk, 1101 N. Third St., and the late Mr. Fisk, and A/2 Tom Hollis Jr., son of Mr. and Mrs. Tom Hollis Sr., Bellefontaine, Ohio. White chrysanthemums and pompons decorated the altar of the First Methodist Church for the 7:30 p.m. ceremony performed by the Rev. Norbert W. Smith, pastor.

Rev. Moncher To Speak At Isabella's Ceremony

The Rev. Raymond Moncher will be the principal speaker at the installation ceremony Saturday to be hosted by the Father Marquette Circle of the Daughters of Isabella. A talk entitled "The Role of Women in the Growth Toward Christian Unity," will be given by Father Moncher, assistant pastor of St. Peter's Cathedral and an instructor at Bishop Baraga Central High School.

REV. RAYMOND MONCHER

New Names In The News

BOYD — A daughter, Colleen Marie, was born on Oct. 7 to Mr. and Mrs. Ronald Boyd, Marinette, Wis., former Marquette residents. The maternal grandparents are Mr. and Mrs. Marvin Buck, US41 Trailer Ct. and Cottages. The paternal grandmother is Mrs. Roy Boyd, US41 East, Marquette.

Miss Sweeney Addresses St. Peter's Group

The women of St. Peter's Altar Society conducted their regular monthly meeting Monday evening in St. Peter's Grade School. The opening prayer was led by the president, Mrs. Burt Carlston. In the absence of Miss Mary Dwyer, recording secretary, Miss Mildred Bral read the minutes of the previous meeting, as well as the treasurer's report. Mrs. Leo Bruce, membership chairman, reported a total of 595 members registered for 1963.

Mesdames Johnson, O'Neill Tops In Bridge Competition

Mrs. Carl Johnson and Mrs. Oakes O'Neill scored 64.06 per cent to top players in Ishpeming Duplicate Bridge Club play Monday night. Other high scores were made by Mrs. E. L. Derby and Mrs. Bernard Schmeitler, 63.02; Mrs. Thomas Robinson and Mrs. Adie Jurmu, 60.93, and Mrs. Henry Caron and Mrs. Russell Peterson, 52.06.

Meetings

The Northern Promenaders square dance group will have a regular dance Thursday at the Whitman School at 8 p.m. The Women's Society of Christian Service of the Grace Methodist Church will meet Thursday afternoon at 1:30 for a dessert luncheon. Hostesses will be Mrs. Oliver Johnson, Mrs. John Peterson and Mrs. Wilbert Peterson. Reports will be given on the Summer School of Missions held at Northern Michigan University in August and a film strip will be shown.

Dry Cleaning For Outdoor Jackets Best

EAST LANSING — You'll be better off dry cleaning outdoor jackets, even if they are labeled washable. A Michigan State University home economist tested seven types of jackets and found that dry cleaning was safer, even for those with "washable" labels. The researcher, Barbara Stowe of the MSU Department of Textiles, Clothing and Related Arts, learned that dry cleaning causes less shrinkage and less appearance change. She also discovered that it's extremely risky to launder a jacket that has no cleaning instructions on the label.

DON'T SEAR MEAT

Searing does not seal in meat juices as was formerly thought. Browning meat at a high temperature actually increases cooking losses. Searers are asked to bring a small prize.

The Northern Queens Rebecca Lodge will meet Friday at 8 p. m. in the Odd Fellows Hall. A social hour will follow. Members are asked to bring a small prize.

Doctor Helps Eyes Of Poor Around World

By JOY MILLER NEW YORK — For four years Dr. Robert J. Morrison has had a secret. "I never told a soul," he said the other day. What is this dark mystery that a respectable, happily married, 38-year-old Harrisburg, Pa., optometrist wouldn't talk about? "Not Asking For Money" "I've been sending contact lenses to needy people around the world who are suffering from diseases than can be helped by them. I have sent in the hundreds. I thought it would have greater personal meaning if I never told anyone, but now I feel it could be a lot bigger if other doctors helped."

He first got the idea for the project, he said, on a trip four years ago. He had been invited to lecture around the world after gaining international recognition for research on the use of contact lenses in controlling myopia — nearsightedness — in children, and in correcting keratoconus, an eye disease that occurs in under-developed areas, and aphakia, a condition that affects cataract patients. On this trip he will visit Russia, the Far East and will lecture and hold a clinic in Bulgaria.

Engaged

Mr. and Mrs. Lawrence P. Huot, Greenwood Location, Ishpeming, announce the engagement of their daughter, Sandra Jean, to Virgil W. Anderson, son of Mr. and Mrs. Oscar Anderson, Palmer. Miss Huot is graduate of the Ishpeming High School and the Upper Peninsula Beauty Academy in Marquette. Her fiancé is a graduate of the Negaunee High School and is employed as a mechanic at Vielmetti Chevrolet in Ishpeming. The wedding date is set for Dec. 7.

Paragraphs

Group J of St. Paul's Episcopal Church will hold a rummage sale Thursday night rather than Group I as was reported in Monday's Mining Journal. The Community Presbyterian Church of Big Bay will hold its annual harvest supper in the church basement Saturday starting at 5 p. m. Turkey and all the trimmings will be served.

Lamb And Mink Go Together

These fur coats shown in Paris come from the autumn and winter collection of "A la Reine d'Angleterre" (the Queen of England). "Goeland," left, is a white lamb coat with white mink collar. "Pierrette," right, is grey lamb with sapphire mink collar. (AP wirephoto).

State's Music Teachers Plan Annual Meeting

EAST LANSING — Plans for the 78th convention of the Michigan Music Teachers Association in Battle Creek Oct. 14 and 15 have been announced by Joseph Evans of Michigan State University, program chairman. Internationally recognized pianists and teachers will conduct classes at the convention. Speakers and demonstrators of various techniques in pedagogy who will address the certification, voice, string and theory composition forums will be Professors Harold Haugh, Maynard Klein and Elizabeth Green of the University of Michigan, and Dr. Paul Harder and Prof. John Shelby Richardson of Michigan State University. Musical events will include the U-M vocal chamber ensemble, the MSU trio and the Western Michigan University string quartet. Cynthia Raim, Detroit, 12-year-old pianist and Annie Kavafian, Royal Oak, 15-year-old violinist will present solo recitals.

How does she find such things as 19th century wooden merry-go-round horses, ostrich skin gloves, sorrel soup and painted angels from disaffected chapels?

Reception In Church Parlors

Mrs. Fisk attended her daughter's wedding wearing a light blue, wool-jersey sheath with cranberry and blue accessories. Her corsage was of sweet-heart roses and carnation flowers. A reception for 40 guests was held immediately following the ceremony in the church parlors.

After a wedding trip to Chicago and Fort Wayne, the couple will reside in Bellefontaine. Mrs. Hollis is a graduate of Gravenet High School and attended Northern Michigan University. She was employed part time as a secretary in the office of the dean of education at NMMU.

The groom attended Bellefontaine High School and is an Engine Mechanic in the U.S. Air Force, now stationed at Goose Bay, Labrador. Out-of-town guests attending the wedding were Mr. and Mrs. Orville Lawrence and Mrs. Robert Stockwell and son, Scott, Chicago; Mrs. Herman Fowler, Fort Wayne, and Mr. and Mrs. Harold Gerry, Amasa.

Men Use Sweet Scents, Color Greying Hair

NEW YORK (AP) — Chances are your husband smells good, even sweet, because dabbing himself with after-shave lotion does not make a sissy of him anymore. The odds are two-to-one that he uses his own deodorant now, instead of swiping yours as he may have done 10 years ago. If he is graying, the chances are 50-50 that he has used a color restorer, secretly of course.

The chances are even better within the next 10 years that he will apply the color more easily, regularly and as unashamedly as women do today.

Because the use of men's toiletries has lost its effete connotation, it has suddenly burgeoned into the fastest growing segment of the cosmetics industry. Men now spend 300 million a year on their grooming needs. And this is a miracle, as far as Dick Stephan is concerned, which is good for men but bad for his retirement plans.

The Formula The tanned, graying affable man from Fort Lauderdale, is as familiar to barbershops as the barberpole. He has been hanging around these so-called last outpost of the male sex ever since his dad, a German immigrant, invented a dandruff remover.

At his dad's death he inherited little but this secret formula. However, during the depression it came to their rescue when his bride and he invested their last \$1.68 for ingredients to mix a few samples to peddle to barbers, who fortunately remembered it kindly.

It has been many long and successful years ago since his wife mixed and poured that liquid in the kitchen while he expanded the business into shampoos, cream hair tonics and the like. Now she has retired to a mansion in Florida.

Dick had intended to retire, too, to do a lot of cruising on that 42-foot boat he built two years ago until men began to shake their silly notions that toiletries are sissyish.

What's in a Name? Instead he is up to his clean-shaven chin in statics and studies about the truck driver, the drill sergeant, the cabbie, the athlete and other virile souls and their sudden change of attitude towards deodorants and lotions.

What did it? A combination of movies, TV influence, Madison Avenue psychology, and the baby boom, Stephan says. Through visual conquest

Little Shavers

The psychology comes with the rugged, masculine labels given to astringents. How can a man feel like a sissy dabbing himself with something like "Hero," or "Pirate," for example?

Along with the virile names come rugged looking packaging and chunky-looking bottle to further dispel any feminine inference.

The postwar baby boom produced a crop of little shavers that are growing up untrammeled by old ideas that many men couldn't smell nice.

Backache relief pills bring mild diuretic action through the kidneys

Unwise eating or drinking may be a source of mild but annoying bladder irritations, making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache, or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills. Doan's Pills act 3 ways for speedy relief. 1—A wonderfully mild diuretic action through the kidneys, tending to increase the output of the 15 miles of kidney tubes. 2—They have a soothing effect on bladder irritations. 3—A fast pain-relieving action on nagging backache, headache, muscular aches and pains. So, get the same happy relief millions have enjoyed for over 60 years. For convenience, get the large size Doan's Pills today! Through visual conquest

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: If people wonder where the teen-age morals have gone, all they have to do is look at what they have given us to go by. What are we supposed to think when all the advertising reeks of sex, and mothers dress their daughters like little Lolitas? Who do you think are the "heroes" around town now? I'll tell you—Richard Burton, Christine Keeler and Mandy Rice-Davis. I assure you I am no prude, but I'm glad my parents equipped me with some decent morals.

SEVENTEEN IN BELFAST, MAINE

DEAR SEVENTEEN: And to your fine letter, may I add a hearty AMEN!

DEAR ABBY: What do you think of a man who has been married four years, wears the wedding band I bought for him

but who covers it up completely with another ring?

SUSPICIOUS WIFE DEAR SUSPICIOUS: I think he's probably covering up more than a wedding ring.

DEAR ABBY: A member of our family just came back from his vacation with a hair piece. He has been bald as an eagle since he was about 30 and he went around like that for years. Then all of a sudden, at the age of 55, he is sporting a full head of hair. It isn't even his color. When he did have hair it was sandy brown, but this wig is golden brown with red highlights in it. I don't have to tell you how ridiculous he looks. When we first saw him, we thought he was joking, or perhaps wearing it on a dare, but he thinks it looks great. We love this guy and wouldn't hurt his feelings for the world, but how can we tell him that he looks terrible?

HIS RELATIVES DEAR RELATIVES: If he wanted your opinion, he would have asked you. If you really "love" him, say nothing.

DEAR ABBY: I am puzzled as to how a lady can presume to give advice on shaving. I will be 55 on my next birthday

and have been shaving since I was 17. In the past 38 years I shaved once a day, and if I had to shave a second time I would need to call an anesthetist. I believe you are about as qualified to give advice on shaving as was my youngest son when he was 17. When I asked him if he'd started to shave yet, he replied, "Gee, Dad, I've been shaving for two years now and I cut myself both times." Respectfully, J. L. L.

What's on your mind? For a personal reply, send a self-ad-

ressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Hate to write letters? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS". (McNaught Syndicate, Inc.)

Northern Minnesota Indians still harvest wild rice in the time-honored way of bending the stalks and flailing the grain into their canoes.

Cleveland-Cliffs To Honor 32 Employees At Dinner Tonight

EAVER H. ANTILA

GLEN E. GORDON

ISHPEMING — Twenty-five Cleveland-Cliffs Iron Co. employees with 40 years of service, five who have reached the 25-year mark and two who have worked 40 years without a lost-time accident, will be honored at a dinner tonight at 6:30 in the Mather Inn.

The dinner, which serves to give recognition to employees who have served for so many years, will be highlighted by an appearance of the Choraleers of Ishpeiming, under the direction of T. Jack Boase.

Serving as toastmaster for the occasion, at which two employees will receive special recognition, will be Ogden E. Johnson, director of industrial relations. The invocation and benediction will be given by the Rev. Eric S. Hammar, pastor of Wesley Methodist Church.

Harrison To Present Awards
H. S. Harrison, president and chief executive officer of Cleveland-Cliffs, will present awards to the employees.

Speaking on a "Quarter Century of Service" will be Harry C. Swanson, manager of Michigan mines.

B. H. Petersen, director of safety for Cliffs, will introduce Joseph B. Stepan, mining, health and safety engineer, U.S. Bureau of Mines. Petersen will present Joseph A. Holmes Safety Award certificates to Glen E. Gordon and Eaver H. Anttila, who have worked 40 years without a lost-time accident.

Both started in 1922. Gordon began work with Cleveland-Cliffs at the Spies-Virgil mine in Iron River in 1922. Later he served at the Mather Mine as an electrician and is currently working at the Bunker Hill Mine in that capacity.

Anttila has been employed by Cliffs since 1922, beginning at the Cliffs Shaft Mine. He saw service at the Holmes, Salisbury, Barnes-Hecker, Lloyd and at the Mather Mine where he was a miner, chain conveyor attendant and transfer scraperman over the years.

Anttila completed more than

40 years of service when he retired March 1, 1963. Gordon resides in Greenwood Location, while Anttila lives in North Lake.

Stock certificates will be given to the employees by J. S. Westwater, vice president, mining.

List Of Veteran Employees
The list of employees to be honored are as follows:

Bunker Hill Mine — Charles Bjorne, 200 Marble St., Ishpeiming; Jalmer J. Kujala, Route 1, Box 88, Negaunee; Wilfred J. Parkkonen, 605 Prince St., Negaunee; Eino H. Ronn, 100 Alice St., Negaunee; Frank Taccolini, 947 Pine St., Negaunee; Gust W. Sundberg, 1021 Pine St., Negaunee; Ragmar Sundberg, 919 Maple St., Negaunee.

Mineral Collecting Grows As Hobby; Display Booth To Be Set Up At Festival

ISHPEMING — Interest in the hobby of mineral collecting in Marquette County is increasing.

At least 15 tumbler are turning out gemstones by the hundreds in the county and, based on reports from collectors, the results are "astounding."

Favorite among the local gemstones being used are jaspilite, agate, epidote, feldspar, chert and thomsonites.

During the Harvest Festival in Marquette starting on Thursday, Market's Rock Shop will feature silversmithing at its booth to be set up in the National Guard Armory.

Robert K. Kruzan, manufacturing jeweler from Itasca, Ill., will demonstrate the art of silversmithing with a daily showing of silver soldering from 3 until 8 p. m. in the lapidary booth. Kruzan also will assist local hobbyists with special problems. All persons interested in creative silver work are invited to attend the demonstrations.

A favorite among "rock hounds" is the Kona dolomite.

suitable for use in large scenic globa ties, necklaces, buttons, pen sets and book-ends. Rough and polished specimens of local gemstones will be on display along with a complete line of jewelry and jewelry mountings which will be available and made on special order.

The Cleveland-Cliffs Iron Company is proud of the people whose names and pictures are listed—employees who have been with the company 25 years and the select group who have 40 years of service. It has been their conscientious discharge of duties, their interest in the welfare of the company, and their continued acceptance of responsibilities as citizens that have made them respected as employees and as residents of the area—and have helped The Cleveland-Cliffs Iron Company to develop its own record of continuous service to the communities of which "C.C.I." is a part. We salute them, and wish for them continued years of health and prosperity.

Holmgren Named To Board Of Bell Memorial Hospital

ISHPEMING — Lowell C. Holmgren, 314 Euclid St., Ishpeming, has been elected to the board of trustees of Francis A. Bell Memorial Hospital.

Holmgren becomes the seventh board member. Others on the board are R. D. Satterley, Oliver Maki, Circuit Judge B. H. Davidson, W. C. Peterson, R. W. Braund and S. M. Cohodas.

Holmgren is supervisor of employee insurance, compensation and pensions for Cleveland-Cliffs Iron Co. He is a graduate of Ishpeming High School and served in the armed forces from 1942 to 1945. He has been with Cleveland-Cliffs since 1936.

Active in community affairs, Holmgren is a past president of the Kiwanis Club, of which he is still an active member, and also is a member of the Ishpeming Youth Council.

As a member of the Bethany Lutheran Church, he serves as a council member, Sunday School teacher and choir member.

LOWELL C. HOLMGREN

Tyler Joins University Glee Club

ISHPEMING — Julian W. Tyler III, son of Mrs. David Starbuck, 223 W. Barnum St., is one of 41 students selected as a member of the internationally famous University of Michigan Men's Glee Club.

Tyler, a graduate of Ishpeming High School, has displayed exceptional ability in the field of music, and, in the words of Dr. Philip Ducey, director, "showed a true enjoyment in singing."

Membership of the organization, winner of the International Music Festival for male choruses at Llangollen, Wales, this summer, now stands at 80. The

new members range in class standing from freshmen to graduate students and represent nearly every college and school of the university.

Iron Mountain Woman Officer Of Agriculture Body

LANSING (AP)—Blaque Knirk, Quincy livestock farmer, has

been elected chairman by the State Agriculture Commission to succeed Edward Wright of Saginaw.

Charles Zollar of Benton Harbor was elected vice chairman and Mrs. May Sleik of Iron Mountain was re-elected secretary.

If Antarctica's 7 million cubic miles of ice melted, the world's seas would rise some 250 feet.

Tri-County Briefs

Alger . Baraga . Marquette

Ishpeming

A fall bazaar will be held at the Salisbury Methodist Church Wednesday, Oct. 16, beginning at 7:30 p. m. The Salisbury and National Mine WSCS and the Bobbie Barret Circle will participate in this sale of fancy goods and baked goods. Lunch will be served. The public is invited.

The Good Neighbors Club will conduct a rummage sale at 11 a. m. Friday, Oct. 18, in the American Legion Clubrooms.

The Ishpeming Township Board will meet at 7 p. m. Thursday in the North Lake School.

Finnish services will be conducted at 7 p. m. Thursday in the Bethel Lutheran Church parlors. Hostesses will be Mrs. Ralph Lahtinen, Mrs. Toivo Bergstrom, Mrs. Victor Tyymisma and Mrs. Charles Heikkinen.

A regular meeting of the Ishpeming Board of Education will be held at 5 p. m. Monday, Oct. 14, in the office of W. C. Peterson, superintendent.

The Salvation Army, which is making plans for an old-fashioned auction at the Citadel, requests any items except clothing. Those who have anything to contribute are asked to phone HU 6-8121 or to take them to 111 S. Third St.

Grace Church Guild will meet Friday at 2:30 p. m. Hostesses will be Mrs. Frank Moody Sr. and Mrs. Charles O. Olson. Members are reminded of the importance of this meeting as plans are being made for the annual fall sale Saturday, Nov. 16.

Trenary

The choir of the First Lutheran Church will rehearse at 7:30 tonight.

Mr. and Mrs. George Sawaya of Dearborn announce the adoption of a baby boy, Michael Joseph. Mrs. Sawaya is the former Barbara Webber, daughter of Mr. and Mrs. Ralph Webber.

Mass will be offered at St. Rita's Catholic Church at 10 Thursday, Friday and Saturday mornings.

Mr. and Mrs. Ludwig Knau of Traunich returned recently from a trip to Canada and eastern states.

Julius Sivula, a patient in Munising Memorial Hospital for several weeks, has been transferred to the Superior Nursing Home in Munising.

Mr. and Mrs. Clyde Dartt are at Ann Arbor, where their infant son is hospitalized.

Chatham-Eben

A group of girls from Eben High School attended the Future Nurses convention in Munising. They were Susan Wanska, Louise Akkala, Muriel Swajanen, Joann and Carolyn

Thursday night, with the Rev. Reuben Kaupilla in charge, will be in the Finnish language at 7:30 and in English at 8:15.

Immanuel Lutheran Church Board members and Women of Immanuel leaders will meet Thursday night at 7:30 in the church parlors. There will be a parish education workshop Friday night at 7:45 in the church parlors.

The Women's Missionary Society of Calvary Baptist Church will meet Thursday night at 7:30. Hostesses will be Mrs. John Peterson and Mrs. Edith Krook.

Prison Chaplain Speaks At Bethel Church Sunday

ISHPEMING — The Rev. Eugene LeVine, Protestant chaplain at Marquette State Prison, will be guest speaker at the Bethel Lutheran Church Sunday, Oct. 13, beginning at 7:30 p. m.

Chaplain LeVine will show slides of his work within the prison and will give reasons why a chapel is needed outside the walls.

The public is invited. A fellowship hour will follow.

ATTENTION BPOE 447

Brother Elks interested in forming a Male Chorus are requested to meet in the Elks Club Rooms on Thursday, Oct. 10 at 8 p. m. A good turn-out is essential for the success of the Chorus!

Negaunee

A food shower will be held for the Sisters of St. Joseph Wednesday from 10 a. m. until 4 p. m. in St. Paul's choral room.

Testimonial Dinner Slated For Danielson Saturday

NEGAUNEE — Carl G. Danielson, 561 Iron St., Negaunee, will be honored at a testimonial dinner at 6:30 p.m. Saturday, Oct. 12, in the Mather Inn, Ishpeming. The dinner is being given in recognition of the honorary 33rd Masonic degree conferred upon Danielson recently at ceremonies held in John Hancock Hall, Boston, Mass.

CARL G. DANIELSON

Member Of Musical Groups

Danielson is married to the former Margaret Collins of Negaunee. They have two daughters, Mrs. Sally Sanford of Negaunee and Mrs. Joe (Madge) Downing of Chicago, and a son, David, at home, and two granddaughters.

He has been associated with various musical groups including the Francis M. Moore Consistory quartet, the Negaunee Male Chorus and the sanctuary choir and men's chorus of the Mitchell Methodist Church.

In September of 1938, Danielson received his first degree in Masonry, and in November of the same year the Master Mason degree was conferred upon him. The petition for membership was presented to him by his father-in-law, the late John Collins Sr., on his 21st birthday.

He is a past master of the Negaunee Masonic unit. In May of 1943 he became a member of the Francis M. Moore Consistory and co-ordinate bodies. He is a past Most Wise Master of Peninsula Chapter, Knights of Rose Croix, serving in this capacity from 1949 through 1952.

Active In Degree Work

During the period in which he has been active in Masonry, Danielson has participated in several of the Scottish Rite degrees, including the 18, 20, 21, 31 and 32. He also presides as lieutenant commander in the 21 degree.

Danielson was selected to receive a meritorious service award in 1957 by the Michigan Council of Deliberations. He has served as ritualistic potentate of Ahmed Temple for several years, and during the past year was appointed captain of the guard. He is class director of Ahmed's ceremonial staff, is captain of the uniformed unit, and is a charter member of the Tri-City Shrine Club.

Reservations for the dinner may be made by calling John Martin in Marquette, Al Stamm in Ishpeming, Fritz Wansberg or Stewart Abbott in Negaunee.

Conservation Club Meeting Tomorrow Night

ISHPEMING — An instructive and enjoyable evening is planned for members of the Ishpeming Conservation Club at a meeting tomorrow night at 7 in the Ishpeming National Guard Armory.

Arthur Savilto, conservation officer who has been instrumental in building the young organization, said that movies on every species of ducks will be shown to members and to any other interested sportsmen.

Talks also will be given by members who conducted beaver surveys and by those who at-

Lutheran Men To Hear Chaplain

NEGAUNEE — Chaplain Harry E. Houseman, senior Protestant chaplain at K. I. Sawyer Air Force Base, will be the featured speaker at a meeting of Lutheran Church men at 8 p. m. Monday, Oct. 16, in Immanuel Lutheran Church.

Representing the Methodist denomination, Chaplain Houseman is a native of Florida and graduate of Southern Methodist University.

Prior to entering the armed forces, he was a parish pastor for four years. During his eight years in service, he has risen to the rank of captain and has been stationed at Sawyer for 16 months.

Three years which Chaplain Houseman spent in Germany will serve as the basis for his travelogue, which will be accompanied by slides, on the "Protestant Churches of Germany."

Men of the Bethany Lutheran Church are invited. A short business session will precede the program, which will be followed by a lunch served by the host organization.

'Indian Summer' Also Brings Odor Of Peat Swamps

ISHPEMING — Residents are enjoying the "Indian summer" weather, but they're also slightly perturbed by an unfavorable aroma drifting over the city the past two days.

With the coming of dry fall weather, one of Ishpeming's "sore spots" — the smoldering peat swamps northwest of the city — causes the distasteful odor.

tended the Northern Michigan Sportsmen's Association convention in September.

THANK YOU

I wish to extend my sincere thanks to the many friends, relatives and neighbors for their kindness extended to me while I was a patient in the Bell Memorial Hospital.

I especially wish to thank the hospital staff, those who sent flowers, cards, gifts and visited with me.

Mrs. Matt Niemi

Registration Deadline Approaches For National PP&K Competition Here

The deadline for registration in the 1963 National Punt, Pass & Kick Competition is approaching, and area boys 8 through 11 years of age have until 5 p. m. Saturday to sign up for the local competition, to be held on Tuesday, Oct. 22

at 5 p. m. on Memorial Field in Marquette. Registration for the competition is being accepted at Olson Motors in Marquette. Some 70 boys have registered to date, looking for the chance to compete in punting, passing and kicking on a nationwide basis with boys all over the United States, for numerous prizes.

Koufax Gets Sports Car With Ticket

NEW YORK (AP) — What makes Sandy run?

A new sports car — and a driving ambition.

Sandy would be the Mr. Koufax who was honored at a luncheon Tuesday as the hero of the World Series, and presented with a new sports car and admitted that his ambition is to win more games than anyone else in baseball.

Needs Fortune's Help
He has a long way to go—and even the slender southpaw of the Los Angeles Dodgers admits "I'd have to be fortunate to do that."

Koufax has two marks to aim at — the 511 victories posted by Cy Young from 1890-1911 and the current mark being extended by 42-year-old Warren Spahn of Milwaukee, still going strong with 350.

At 27, Koufax is behind Young at the same stage in their careers, but is well ahead of Spahn. Spahn had won only 28 games by the time he was 27 while Koufax has 93 victories after this year's 25-5 record.

Young, however, seems out of reach. He had 120 victories at age 27 and finished with an over-all 511-313 win-loss record when he was 44. If Koufax were to pitch until he was 44—17 more seasons—he would have to average 25 victories a year.

It's not inconceivable, but it's not going to be easy. "But anyway I'd like to win as many as I can," said Koufax.

Koufax quickly steered the talk away from himself and to

Parents must accompany registrants, as their signature is necessary on the application, but there is no cost involved. The competition is sponsored by the Ford Motor Co. and offers prizes and/or trophies to many contestants.

The final competition will take place during the halftime of the National Football League Championship game. Prizes, including expense-paid trips for area winners and their parents to an NFL game in the area, will be awarded after each level of competition.

Boys from the Ishpeming, Negaunee, Gwinn and K. I. Sawyer area are welcome to register in Marquette at Olson Motors, which is the registration center for this area. No special equipment is needed for the competition, which will be directed by Graveraet High School football coach Bill Hart, assisted by the Junior High School coaches.

the Dodgers as a whole.

Everything Right

"We did everything right for four days," he said of the sweep of the Yankees. "We had fought and scratched to win the pennant. We had the kind of club where every day we needed somebody to do something special."

"I can't help but feel we were fortunate. If the Yankees had beaten us in the fourth game I think they might have taken four in a row."

After the pleasantries, Koufax went outside to get his car, which was parked on the sidewalk in front of the restaurant. On the shiny new car was a shiny green ticket, courtesy of the New York Police Department.

As someone noted, "Even Koufax can't win 'em all."

Pictured above are the members of the Northern Michigan University Wildcats which hail from points in the U. P., many of whom will see action Saturday in the NMU Homecoming game against Central Michigan University here. Front row, left to right are: Leonard St. Jean, Newberry, Steve Normand, Norway, Paul Bystrom, Marquette, Robert Kalbfleisch, St. Ignace, John LaPointe, Ishpeming, Kenneth Wensel, Iron River, Mike

Sadak, Munising; Second row, standing; left to right: Tim Bullock, Marquette, Robert Erickson, Wakefield, Terry Nyquist, Marquette, Jerry Ford, Escanaba, Marvin Thompson, Rudyard, Gary Hauswirth, Hancock, William Rademacher, Menominee, Robert Stenac, Escanaba; Back row, left to right: Richard Nelson, Marquette, Stan Ferris, St. Ignace, Tom Beatty, Iron Mountain, Mike Feldhusen, Munising, and Byron Johnson, Bessemer.

U.S. Steel Prexy Gets NFF Medal

NEW BRUNSWICK, N. J. —

Roger Miles Blough, one-time 160-pound lineman for Susquehanna University football varsities and presently Chairman of the Board and Chief Executive Officer of the United States Steel Corporation, will be the sixth recipient of the National Football Foundation's Gold Medal Award for outstanding contributions to football, Chester J. LaRoche, president of the Foundation, announced recently.

Blough will receive the award at the Foundation's sixth annual dinner on Dec. 10.

Plucky, Admired

While Blough may not have been one of football's greatest players, he was undoubtedly one of the pluckiest. He was an undersized, hard-playing lineman for an outmanned varsity which absorbed regular beatings from larger and better teams.

Despite having to wait on tables and work in nearby steel mills during Christmas vacations in order to finance his education at Susquehanna, Blough found time to be out for football every year he was eligible, and he earned three varsity basketball letters and one tennis award in addition to his football accomplishments.

In the non-sport aspect of his college activities, he found more time to be president of the student council, treasurer of the "S" Club, and a member of the debating, pre-medical, science, President's World Fellowship and dramatic societies.

His enthusiastic plunge into activity on the gridiron and the campus earned him the respect and admiration of his fellow students, and set an example for other aspiring athletes and scholars.

Blough joins former presidents Dwight D. Eisenhower and Herbert Hoover, President John F. Kennedy, Supreme Court Justice Byron White and retired General of the Army Douglas MacArthur as a winner of the National Football Foundation Gold Medal Award.

Staubach Back Of The Week

NEW YORK (AP) — Jolly Roger Staubach, the pirate-bold quarterback of Navy's undefeated and fourth-ranked football team, is the Associated Press' Back of the Week for the second time.

Staubach, a 6-foot-2 junior, gained the distinction off his sensational performance in Navy's 26-13 victory over Michigan at Ann Arbor last Saturday when he passed for two touchdowns and ran for another.

Hero Last Year

Staubach, hero of last year's victory over Army, set an Academy record for the second straight week against Michigan. He completed 14 of 16 passes for 237 yards and ran for another 70.

The total offense mark of 307 wiped out the Academy record of 297 he had set just the week before in a 28-0 romp over William & Mary.

In leading the Middies to three straight victories, Staubach has completed 43 of 55 passes for an incredible 78.2 per cent, for 614 yards and three touchdowns. He also has rushed for 175 yards in 46 tries, for an average of 3.8 yards and two touchdowns. His total offense for three games is 789 yards, an average of 263 a game.

During the summer of 1963, approximately 125,000 swimmers and sun bathers used Michigan State's outdoor swimming pool.

Aldo (Buff) Donelli of Columbia is in his 20th season as a football coach.

Wildcats Meet Central Michigan Chippewas In Saturday's Homecoming

Northern Michigan University's football team, which held Hillsdale to a scoreless tie last Saturday, will be seeking its eighth consecutive homecoming victory here Saturday afternoon when the Wildcats tangle with Central Michigan University in NMU's annual homecoming tilt.

Last Loss In 1955

Coach F. L. (Frosty) Ferzacca's Wildcats, who halted three Hillsdale drives deep in their own territory, haven't lost a homecoming contest since 1955 when the NMU gridders dropped a 44-12 decision to Michigan Tech, marking the last time any homecoming opponent has crossed NMU's goal line for more than one touchdown.

Northern's homecoming vic-

tims in the past seven years have been Superior State (41-6), Michigan Tech (21-6), Wayne State (39-0), Eastern Michigan (39-0), St. Cloud State (58-0), Illinois State (47-0) and Nebraska (Peru) State (42-0).

Central Michigan opened its season by dropping a 12-6 game to Bradley but then bounced back to tie Youngstown, 7-7, wallop Western Michigan, 30-14, and thump Eastern Illinois, 35-15.

Against Western Michigan, coach Bill Kelly's chippewas, paced by seniors Chuck Koons and Bill (The Bull) Shuple, put on their best rushing show in four years by grinding out 358 yards on the ground. Koons and Shuple, who runs with the force his nickname implies, rambled 186 and 155 yards respectively.

Rubick Backing Up Lewis For Saturday Game

EAST LANSING (AP) — Threatened loss of a left half has made it almost certain a right half will be drafted from the injured list to run for Michigan State against Michigan.

Senior left half Dewey Lincoln was out of uniform at the MSU football workout Tuesday. Lincoln, who played throughout the 13-10 loss to Southern California despite a fractured jaw, watched the play from the sidelines.

Lincoln's jaw was still so swollen he wasn't able to wear a protective headgear.

Harry Ammon, a junior, has been running in place of Lincoln.

Rubick In

This almost assured that right half Ron Rubick will be used to back up Sherm Lewis, the pintsize starter at the position.

Rubick still isn't running at top speed after his slow recovery from a knee operation. There was some thought of holding him out for the season because of the injury and saving him for next year.

Lack of backfield depth, however, and the fear of what might happen in case of an injury to Lewis forced the decision.

Rubick has been taking special exercises and has been eager to get back in action. The senior from Manistiquie was third leading ground-gainer last fall although he missed the last three games.

The Spartans worked on offense and put in some new plays in practice Tuesday. Scrimmage was eliminated to avoid any further injuries.

UM Coach Yost Had Wry Humor

ANN ARBOR — Dr. Angus Goetz of Detroit, who twice captained Michigan's football team back in 1919-20 tells this one on himself to illustrate how a bit of humor by Coach Fielding H. Yost, kept him playing football.

"Gus" Goetz earned his first letter in 1917, but both World War I and the dreaded influenza epidemic were raging when the 1918 season opened. Michigan's first three games were cancelled because of the "flu" and the Wolverine squad was down to 25 players as Michigan was about to return to the Big Ten after an absence of 10 years.

Medical Studies

Goetz, however, had just entered the medical school with a staggering load of studies and with the uncertainty of the season, decided football would be too much for him. Knowing

Koons, a break-away runner, has scored three TD's on runs of 7, 57 and 67 yards.

Champions Last Year

Last year, the Chippewas turned an 0-4 beginning into a 6-4 final mark, and the Interstate Intercollegiate Athletic Conference championship.

Beginning his 34th year in the coaching ranks, Kelly began the season with 28 returning lettermen including a big assortment of backs and three-deep replacements.

Offensively, the Chips are expected to use the Deep-T against the Wildcats. The Deep-T, or Kelly-T as it is sometimes called, sets a tailback about five yards behind the normal fullback position.

Because first-string quarterback Dick Moffitt has been on the injured list since the opening game, the Chips have been led by sophomore signal-caller Pat Boyd. The 170-pound native of Saginaw has completed 22 of 46 passes for 363 yards, the longest being a 76-yard toss to end Frank Goldberg against Eastern Illinois. Munising's George Wolfe is the Chips leading pass receiver with four catches.

Gorsline Leads

Northern, which went through two light drills early this week because of key injuries, continues to be led by sophomore halfback Dennis Gorsline. The 195-pound native of Saginaw has picked up 179 yards in 32 carries for a 5.5 yard rushing average.

The number one target for Wildcats aerials has been end Bill Rademacher of Menominee who has hauled down 10 passes for 152 yards and one TD.

Others

Ted Hampson, a center drafted from New York; Ron Ingram, obtained in the trade that sent Howie Young to Chicago, and Andre Pronovost are the other newcomers.

Pronovost came to Detroit in a late season deal last year with Boston. He and Hampson are scheduled for relief work.

Howe, starting his 18th season with the Wings, needs five goals to break Maurice Richard's career record of 544. Howe scored 14 goals in 10 games as Detroit lost only one contest and tied another in pre-season play.

Capt. Alex Delvecchio will center the second line, with Floyd Smith and Norm Ullman at the forward positions.

Third Line

The third line is composed of Alex Faulkner, Larry Jeffrey and Bruce MacGregor.

Ingram will team with veteran Bill Gadsby as one defensive unit, and Marcel Pronovost and Doug Barkley will skate as the second unit. Pete Goegan is the spare defenseman.

Terry Sawchuk, who played the last half of last Saturday's All Star game in Toronto, will again be in goal.

Manager-Coach Sid Abel feels his club has been strengthened and is hoping to get off to a fast start.

Coach Yost, he was reluctant to go to him but he finally approached him and after some hemming and hawing said: "You see, Coach, I'm taking medicine this fall..."

With a straight face, Yost put a twinkle in his eye, Yost replied: "That so? What seems to be your trouble?"

"That broke up the conversation and Goetz went on to a successful football career and a highly successful medical career as well."

Michigan State basketball forward Bill Schwarz doubles as a member of the Spartan soccer team in the autumn.

Until this year the Dodgers have played only four American League rivals in 10 World Series. They met the Yankees seven times, the White Sox, Indians and Red Sox once.

The Dodgers won their first World Series in 1955 when they beat the Yankees in the seventh and deciding game.

U.P. Prep Championship Cross Country Running Slated Here On Oct. 19

The Upper Peninsula Prep School Cross Country championships are to be staged again this year over the challenging Marquette Golf & Country Club sodded fairways on Saturday, Oct. 19 beginning at 11 a. m. local time.

Competing schools may participate under two classifications; those with enrollments of 400 or more in Class A-B and those with less than 400 in Class C-D. Every runner over the two-mile measured course must be at least 14 years of age.

Meandering Course

The entire run is a staked course through ten marked "gates" and it meanders over the hill 'n dale fairways of the Country Club. From the starting point in front of No. 5 tee to the finish line on the practice fairway, a total of 38 officials are needed to supervise the event. Bill Hart, Graveraet High School athletic director, will serve as the referee and starter of the run.

Schools must enter a minimum of seven runners. A maximum of seven boys may represent an institution. Winner and runner-up schools in each class receive trophies, and medals are furnished by the MHSAA to the first 15 finishers and to

the individual members of the winning and runner-up teams in each class.

Entrants

Entries from the following A-B schools have been received for the Oct. 19 title run: Escanaba, Ishpeming, Kingsford, Marquette-Baraga, Marquette, Newberry, Rudyard and the Soo. Entries in the C-D division include Baraga, Brimley, Cedarville, Cooks, DeTour, Eben, Nahma, Painesdale, Perkins, Pickford, Rapid River, Trenary and Vulcan.

C. V. "Red" Money, head of the Department of Health, Physical Education and Recreation at Northern Michigan University, will serve as manager of the championship run.

Romney Will Go Alone For Olympic Bid

LANSING (AP) — George Romney says he will go alone to Baden Baden, Germany, to present Detroit's reasons why it should be the site of the 1968 Olympic Games. The Governor said he will leave by air from Detroit next Tuesday night, arrive in Frankfurt Wednesday, rehearse the Detroit presentation Thursday and help deliver it Friday.

Schools must enter a minimum of seven runners. A maximum of seven boys may represent an institution. Winner and runner-up schools in each class receive trophies, and medals are furnished by the MHSAA to the first 15 finishers and to

Michigan Hones Defense For Tilt With MSU

ANN ARBOR (AP) — Michigan's football team held a 20-minute scrimmage Tuesday to sharpen its defense for Saturday's traditional battle with Michigan State.

Capt. Joe O'Donnell, injured in last Saturday's Navy game, returned to the practice field apparently in shape to play against MSU. The star guard was bumped on the head in the loss to Navy.

The Michigan-MSU game, a sellout for the last 15 years, figures to be perhaps the same here this time. The Michigan Stadium capacity is 100,001.

Scout Book Helped Dodgers Win Series

(Editors Note: The seemingly impossible became reality when the Los Angeles Dodgers swept the World Series from the New York Yankees in four games. It had not happened to the Yankees in 27 previous World Series. But there was a reason. Associated Press baseball expert Joe Reichler tells the story in this exclusive report.)

BY JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP) — The Los Angeles Dodgers' stunning four-game World Series sweep over the New York Yankees was the result of a perfect book—actually 19 pages of loose leaf paper—compiled by three top scouts.

Carrying out the instructions and recommendations in the secret report, Dodger pitchers Sandy Koufax, Johnny Podres and Don Drysdale were able to limit the American League's toughest hitting team to four runs and 22 hits, only five for extra bases.

Information Helped

The weapon was provided by the information on the 9 x 12 sheets of loose leaf paper, put together by Director of Scouts Al Campanis and two of his aides, Lefty Phillips and Ted McGrew.

The reports contained information on the strengths and weaknesses of every Yankee in the hitting, fielding and pitching departments. In addition to routine information, the Dodger pitchers learned which batters would lay off certain pitches, which they preferred, which they were most likely to hit—and in what direction the ball would probably travel when hit.

"I have never seen a more thorough scouting report," said Buzzy Bavasi, Dodger general manager.

The players were told which Yankees were fast ball hitters and when they were most likely to try and steal or attempt to hit-and-run. On the other hand, the Dodgers learned when and against whom they could try to take the extra base, and which pitchers could be waited out and which could not.

Still Secret

Campanis, who revealed the nature of the scouting report only in general terms, declined to make public the more personal and secret disclosures in the reports.

"Much of the report was obvious," said Campanis. "We played the Yankees for a power club. We didn't expect them to steal, and they didn't. We didn't expect them to bunt until late in the game, and they didn't. And because of this knowledge, the infield was able to play deep. As a result, Wills and Dick Tracewski were able to

take several hits away from the Yankees."

Yankee pitching also was broken down from every angle — a pitcher's best delivery, what to expect when a pitcher is ahead or behind on a count, what pitch a pitcher uses in key spots.

Name Keane Manager Of Year, 1963

NEW YORK (AP) — Johnny Keane, who piloted the St. Louis Cardinals to a surprising second-place finish, was named today as National League "Manager of the Year" for 1963.

The 51-year-old Redbirds' skipper was an overwhelming choice in the annual Associated Press poll of sports writers and sports-casters. Of the 71 ballots cast, Keane received 53 votes.

Alston Chosen, Too

Walter Alston, manager of the world champion Los Angeles Dodgers, was second with 15 votes. Bobby Bragan, whose Milwaukee Braves finished sixth, got the remaining three votes. Gene Mauch of the Philadelphia Phils, who was "Manager of the Year" in 1962, failed to get a vote this year.

The balloting was based on the team's performance during the regular National League season.

The Cards, who weren't rated as a pennant threat in the pre-season evaluation, stayed in contention for first place most of the year. They began to fade in late August and were in third place, seven games behind the Dodgers on Aug. 30.

Molded Mound Men

In 1962, St. Louis was a sixth-place finisher with an 84-78 win-loss record, 17½ games off the pace.

Despite the lack of a 20-game winner, Keane molded a steady pitching staff that was led by Ernie Broglio and Bob Gibson, both of whom won 18 games. The hitting was solid with Dick Groat, Bill White, Ken Boyer and Curt Flood providing most of the punch.

Stan Musial, in his last year, supplied some key hits down the stretch and young Tim Lincecum proved a capable catcher in his sophomore season.

But it was Keane who made the team mesh in his second full season at the helm.

Rubens Filizola, Michigan State soccer great on squads of 1960-61-62, holds Spartan records for assists in a game, season and career.

Princess Skimmer
Printed Pattern
9407
SIZES 10-18
by Marianne Martin
LITHE LINES and lively pleats make this figure-skimming princess the very form of flattery. Simulated slit seaming is easy, smart.
Printed Pattern, 9407:
Misses' Sizes 10, 12, 14, 16, 18. Size 16 requires 3 1/2 yards 39-inch fabric.
FIFTY CENTS in coins for this pattern — add 15 cents for each pattern for first-class mailing and special handling. Send to Marianne Martin, Box 418 — 15th St., Dept., 232 West — 15th St., New York 11, N. Y. Print plainly NAME, ADDRESS with ZONE, SIZE and STYLE NUMBER.
CLIP COUPON FOR 50¢ FREE PATTERN in big, new Fall-Winter Pattern Catalog, just out! 354 design ideas. Send 50¢ for Catalog.
