

# Winter Hits Hard In Area As Cold, Squalls Prevail

Winter continued to pound hard at the Marquette area today, although the snow squalls which at times resembled a blizzard during the weekend had subsided.

The mercury plunged to zero Saturday and to 12 above yesterday, but dropped to eight above here this morning and to eight below zero at the Marquette County Airport and other points in the interior.

It's been below freezing in Marquette for over a week, with the last thawing weather here being in the wee hours of Monday last week. When that freeze began, the melted snow froze, and since then there's been a sheet of ice underneath the snow on most Marquette streets.

It's snowed every day for nine straight days here, including today, with 16 inches coming down during this period. That's 5.5 inches more than the normal amount for half of December.

**Season's Total Below**

However, Meteorologist Fred Mueller said the season's snowfall is only 24.5 inches, or 3.5 inches below the normal figure.

Precipitation, which includes snow reduced to its water equivalent totals 23.31 inches

here for the year, or 7.55 inches below normal.

**Much Colder Tonight**

Saturday's extreme temperatures in Marquette were 23 and zero, with the mean of 12 being 13 degrees below normal. Yesterday's high was only 22 and the low 12, for a mean reading of 17, which was seven degrees below normal.

Mueller said it will get down to around five above in Marquette tonight, with much colder weather — probably around five to 10 degrees below zero, expected inland.

Tomorrow's high will be milder, around 20 to 25, but still well below the freezing point.

Temperatures were well below the freezing mark throughout the Upper Peninsula during the weekend, with today's minimums including four above in Sault Ste. Marie, five above in Escanaba and nine above in Calumet.

**Long-Range Outlook**

The long-range forecast for this area, covering the period from tonight through Friday, calls for temperatures to average five to 10 degrees below the normal extremes of 28 and 18, with slightly moderating temperatures tomorrow and turning

## Music Union Again Picks Mark French

Mark H. French, Marquette, recently was re-elected president of the Musicians' Protective Union, Local No. 218.

All other officers were re-elected also. They are Henry M. Robinson, vice president; Gordon A. Lawry, secretary-treasurer; and Gerald Chambers, Wallace N. Pellissier, John Major, Raymond Arcand and William Koski, executive board members.

**Delegates Picked**

Delegates elected were Lawry and French, to the International Convention of the American Federation of Musicians, Portland, Ore., in June 1964; French, Lawry and Robert D. MacDonald, Michigan State Conference of Musicians, in Muskegon, April 1964; Chambers, Lawry, Robinson, Koski, Pellissier and French, to the International U. P. Conference of Musicians, Escanaba, in September 1964; Chambers, Michigan State AFL-CIO Convention; French, Chambers, MacDonald and Merton Lambert, Marquette County Labor Council AFL-CIO, and MacDonald, Marquette Trades and Labor Temple Corp.

Elected as sergeant at arms was William Lyons; and to the board of trustees, R. Lewis Robinson, James Hanninen, James Boerner, Arlene Hanninen and Keith Carlyon.

## Death Takes J. Mercure In Hospital

Joseph Mercure, 78, of 438 Fisher St., died at 7:25 last evening in St. Luke's Hospital, where he had been a patient since Dec. 8.

Mr. Mercure was born Jan. 26, 1885, in St. Alexis, Quebec, Canada, and had been a resident of Marquette practically all his life, having been taken here by his parents at the age of 2.

Prior to his retirement on March 17, 1950, he had been employed as a carman by the Duluth, South Shore & Atlantic Railroad Co. (now the Soo Line) for 45 years.

He was a member of St. John's Church, the Brotherhood of Railroad Engineers and the Carman's Railroad Union.

Mr. Mercure is survived by his wife, Antoinette; three sons, Clifford and Alfred, Marquette, and Clarence, Oconto Falls, Wis.; a daughter, Sister Joseph Antoinette, of the Order of the Little Sisters of the Poor, St. Paul; a sister, Mrs. Arthur Neault, Marquette, and six grandchildren and several nieces and nephews.

**Rites Set Wednesday**

Funeral services will be tentatively scheduled for Wednesday morning in St. John's Church. Burial will be made in Holy Cross Cemetery.

The body is in Tonella's Funeral Home, where friends may call after 2 tomorrow afternoon. The Rosary will be recited at 8 tomorrow evening.

## Taxpayer Makes Couple Of Mistakes

DENVER (AP)—The citizen who mailed a check for \$188.77 to Manager of Revenue Charles L. Temple made two mistakes.

He used a 1963 property tax notice paid a year ago. The 1964 bills won't be mailed out until after Christmas.

He mistook the machine code number for what he owed. The tax figure was only \$3.88.

## Firemen Called Four Times, Twice On General Alarms

Marquette's fire department was called out four times during the weekend, twice on general alarms, but no structural damage to buildings resulted in any of the cases.

1. At 9:36 Saturday morning firemen were called to the residence of Ted Fulsher, 137 W. Hewitt Ave., where a blaze broke out in an overstuffed chair in the recreation room of the basement.

**Use Oxygen Masks**

Two firemen had to enter the smoke-filled basement wearing oxygen masks. After locating the source of the blaze, firemen used the booster hose off the No. 2 pumper to extinguish the flames.

Firemen said children playing with matches caused the blaze. They had placed a lighted candle in the chair, causing it to flame up, firemen said. The fire itself was confined to the chair and some blankets, with no house damage resulting.

The loss was covered by insurance.

Nineteen firemen were called out, with firemen responding in the Nos. 2 (1,000-gallon) and 4

(750-gallon) pumpers and the service truck. They returned to the station at 10:21 a. m.

2. The other general alarm was sounded at 11:25 Saturday morning when the basement sill of Peterson's Confectionery Store, owned by Gail Peterson and located at 123 Genesee St., caught fire.

The smoldering blaze was extinguished with the booster hose off the No. 4 pumper.

Firemen said the smoke pipe had been too close to the basement sill, causing the sill to smolder and catch fire.

Eighteen firemen were called out, in the Nos. 2 and 4 pumpers and the service truck. They returned to the station at 11:54 a. m.

3. At 9:07 Saturday night firemen were summoned to the residence of L. O. Melby, 218 W. Nicolet Blvd., where a short circuit in a television set caused it to smoke up and give off a peculiar odor.

Three firemen answered the call in the No. 4 pumper. Nothing was used and they returned to the station at 9:26 p. m.

4. At 5:55 this morning firemen were called to the corner of Maple and S. Fourth Sts., when a backfire in a city public works department truck caused a minor fire.

Paul Johnson, the driver, put out the blaze with snow.

Three firemen answered the call in the No. 4 pumper and they were back at the station at 6:05 a. m.

## Blues Singer To Be Buried In Chicago

DETROIT (AP)—More than 700 mourners stood shivering outside a funeral home Sunday, waiting to pay their respects to blues singer Dinah Washington.

The 37-year-old Negro singing star, whose career took her from a small Chicago church choir to the glittering night clubs of Las Vegas, died early Saturday at her home here.

Friends believed she accidentally took an overdose of pills which had been prescribed for a nervous condition. A box of pills was found on a table in the bedroom she shared with her husband. Detroit Lions defensive star Dick (Night Train) Lane.

**Cause Unknown**

An autopsy was performed Saturday at the Wayne (Detroit) County Morgue, but the cause of death will not be known until a microscopic analysis is completed, police said.

In the bedroom where she died were two packed suitcases. Lane had been scheduled to play in the Detroit Lions National Football League game at Chicago Sunday, and she was to have accompanied him on the trip. Lane did not play in the game, won by Chicago 24-14.

**Married Last July**

Lane, 37, and Miss Washington were married last July. Police said the strapping Negro athlete appeared "shaken but composed" as he went about making funeral arrangements.

Miss Washington will be buried in Chicago Wednesday. Funeral services will be held there at 2 p. m. Wednesday. The body will be flown to Chicago today following an 11 a. m. service here at the New Bethel Baptist Church. The Rev. C. L. Franklin, pastor, will preside.

**Swift Rise To Fame**

Miss Washington, whose career spanned two decades, was born Ruth Jones in Tuscaloosa, Ala. As a child she sang and played the piano in a Baptist church on Chicago's South Side. After winning a talent contest, she began singing in night clubs, then signed with Lionel Hampton's band as featured vocalist. Her rise to fame and fortune was swift.

## Armed Forces Personnel

Serving with the Headquarters and Maintenance Squadron 15 at the El Toro Marine Corps Air Station, Santa Ana, Calif., is Marine Lance Corp. Colin B. Haynes, son of Mr. and Mrs. Eugene E. Haynes of W. Fair Ave., Marquette.

Army Pvt. Byron W. Tossava, 20, whose wife, Margaret, lives at 121 Michigan St., Negaunee, took part with other members of the 7th Infantry Division in Exercise Strong Shield, a field training maneuver in Korea. He is the son of Mr. and Mrs. John C. Tossava, 733 Snow St., Negaunee.

Arthur R. Davis, 17, son of Mr. and Mrs. Arthur R. Davis of Route 1, Champion, is undergoing recruit training at the Naval Training Center, Great Lakes, Ill. The nine-week training includes naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, physical fitness, first aid and survival.

Being reassigned from Sheppard Air Force Base, Texas to Minot AFB, N. D., following his recent graduation from the technical training course for U. S. Air Force communications wiring specialists, is A-2c Jack B. Noguess, son of Mrs. Len Perttunen, 819 W. Kaye St., Marquette.

Recently awarded the Good Conduct Medal while serving with the 1st Armored Division at Fort Hood, Texas was AS4 Leo J. Perry, 25, son of Mr. and Mrs. Joseph B. Perry, Munising. Perry was awarded the medal for exemplary conduct, efficiency and fidelity as a soldier in active service.

Perry is a clerk in Headquarters and Company A of the Divisions 123d Maintenance Battalion.

The world's greatest rainfall recorded in one month was 366 inches, in Cherrapunji, India, during July 1861.

## Who picked the daisies?

LANSING (AP)—Michigan's newest historical publication needs a name.

To be published bi-monthly by the Historical Society of Michigan, the booklet now merely carries the name "H. S. M. Bulletin." The first one comes out this month.

Awaiting suggestions from society members and the public, the society's executive committee will choose a permanent name by Jan. 15.

The new publication is intended to keep up interest in Michigan's heritage, editors said.

## New State Historical Booklet Needs Name

# Big Crowd Expected For Presentation Of Creche Tuesday

Hundreds of city and area residents are expected to attend the presentation of the Marquette Community Creche tomorrow night at 7:15, followed by a Christmas carol singing by a Christmas carol group.

Eleven years old this year, the community project will feature caroling under the direction of William G. Saari, elementary music supervisor for the Marquette Public Schools, with accompaniment furnished by Robert D. MacDonald's double brass quartet.

The Nativity Scene again this season will be housed in the show room of the Montgomery Ward gas station, corner of Front and Bluff Sts., where it is protected from weather and possible vandalism, according to Mrs. Ernest Sharron, general chairman, and Mrs. Charles Bur, community singing chairman.

Mrs. Bur said familiar carols have been selected for community singing tomorrow night and added that the sing will last for about a half hour, weather permitting.

Parents are urged to accompany their children to the creche opening and carol singing, if at all possible. However, she said city police will be on hand to help youngsters, if they become lost.

**Integral Yule Role**

Begun by the Marquette Women's Club, the "Put Christ Back Into Christmas" project has been under the chairmanship of Mrs. Sharron, who today expressed her own and the club's appreciation for the individual and organizational cooperation "which has made this annual public event a success for more than a decade."

"The Nativity Scene has become an integral part of Marquette's yearly Christmas celebration," said Mrs. Sharron and Mrs. R. L. Balconi, past and current presidents, respectively, of the Marquette Woman's Club.

"It has grown from small beginnings in 1952 to something really big and fine and, we hope has found a permanent place in the hearts of the people in this community."

JAMES BRADDOCK

WARREN JOHNSON

# County Heads Named For 'State Week'

Appointments of James Braddock, vice president of the Union National Bank of Marquette, and Warren Johnson, Marquette, district manager of the Equitable Life Assurance Society, as co-chairmen of Marquette County for Michigan Week, 1964, was announced today.

Appointments were made by Keith Forsberg, Marquette, Region 2 chairman of Michigan Week.

Braddock was born in Detroit and had been employed in Grand Haven prior to being appointed vice president of the Union National Bank in September.

In 1954 Braddock was selected "Man of the Year" by the Grand Haven Junior Chamber of Commerce. He has served as state vice president for the Jaycees.

**Received Purple Heart**

Following his release from the Army at the close of World War II, in which he received the Purple Heart, Braddock studied at Hope College, Holland, and at Wayne State University, Detroit. He graduated from the Michigan Bankers Institute at the University of Michigan, Ann Arbor, as well as the Graduate School of Banking at the University of Wisconsin, Madison.

Braddock and his wife, Evelyn, and their four children reside at 1007 Allouez Rd.

Johnson was born in New York. He assumed his new duties here July 8, 1963.

**Central Graduate**

Following graduation from Central Michigan University, he became employed in Bay City, remaining there until September 1960, when he was

appointed a representative for Equitable. He was appointed assistant district manager in November 1962 in Bay City.

While in Bay City, Johnson was active in United Fund, church activities and Rotary Club. He was also a member of the board of directors of the hospital.

Johnson resides with his wife, JoAnn, and their two boys at 1023 Allouez Rd.

# C-C Official On National Committee

Wyndal H. Hudson, executive director of the Marquette Chamber of Commerce, has been appointed to the membership committee of the American Chamber of Commerce Executives Association.

William E. Dauer, Kansas City, Mo., president of the national association, said Hudson "has distinguished himself in the field of chamber administration, and we are pleased to call upon his knowledge and

# State Police Ticket Three In Collisions

Three motorists were issued summonses in three area traffic mishaps reported this morning by state police from the Marquette post.

Another ticket was issued in a wreck in Republic (see story in Ishpeming section) and three other minor mishaps in which no tickets were issued also were investigated by state police during the weekend.

All three of this area's mishaps in which tickets were issued occurred on a hill on County Road 553, about 1.5 miles south of County Road 480, in Sands Township. The reports on the accidents follow:

1. At 8:30 last night a car being driven north on Road 553 by John J. Quinn, 19, K. I. Sawyer Air Force Base, went off the right edge of the pavement, going out of control and knocking over three guard rails.

**Too Fast For Conditions**

State police issued Quinn a summons for driving too fast for conditions.

Extensive damage resulted to the right side of Quinn's automobile, a 1960 sedan, which had to be towed from the scene by a wrecker.

2. An automobile being driven

en north on Road 553 by Dennis J. Morgan, 21, Sawyer Base, went out of control and smashed into a guard rail on the right side of the highway, at 6:10 last evening.

### Speed Law Violation

Morgan also was issued a summons by state police for violation of the basic speed law.

Considerable damage resulted to the right rear fender and undercarriage of Morgan's car, a 1958 coach, which had to be towed from the scene by a wrecker.

3. At 11:50 last night a car being driven north on Road 553 by Catherine A. Ecklid, 16, Box 179, Negaunee, went out of control, traveling off the roadway on the right side and overturning in the ditch.

### Probate Court Citation

Extensive damage resulted to both sides and the top of her vehicle, a 1958 sedan, which had to be hauled from the scene by a wrecker.

State police issued Miss Ecklid a citation to appear in Marquette County Probate Court on a charge of speeding.

### Homeowners Told To 'Leave Dough'

ATLANTA (AP) — The J. H. Briscoes found this message scrawled in black crayon on the front door when they returned to find their home had been hit by vandals:

"Next time leave dough. If you don't we will tear your house apart."

Detective F. H. Weaver said Thursday the intruders apparently were juveniles.

# City's Share Of County Tax Levy This Year \$296,000

Marquette's share of the county tax load this year is exactly \$296,000.

The county taxes became due and payable on Dec. 1, but they may be paid without penalty until Jan. 20, after which a four per cent penalty fee is charged.

City Treasurer Glen B. Wilson retains the county tax load for city property owners until March 1, when the unpaid taxes are turned over to the county treasurer's office as being delinquent.

Property owners paying the county taxes should make their checks out to the "city treasurer." Although they are county taxes, he notes, they are still paid through the city treasurer in Marquette.

# School Board Meeting Set Tomorrow

Marquette's board of education will consider bids for movable equipment for the new high school at its meeting tomorrow afternoon at 4 p. m. in the Graveraet building.

The board's December meeting will be held tomorrow, because the regular meeting date, the fourth Tuesday of the month, falls on Christmas Eve.

Bids for movable equipment were opened by the school board last month.

### 30 Equipment Groupings

Tomorrow Superintendent of Schools Henry J. Bothwell will present a recommendation on the 30 equipment groupings.

The recommendation is the result of a study of equipment named in the bids conducted by Bothwell and School Business Manager R. Bond Perket, with the assistance of high school teachers who will use the equipment.

Of the total cost of the movable equipment, \$116,675 will be provided by the federal government. The school district qualifies for the federal allocation because a required percentage of dependents of federal government employees attend the public schools here.

Guam is the largest island of the Pacific group known as the Marianas, according to Britannica Book of the Year.

### City Treasurer Glen B. Wilson retains the county tax load for city property owners until March 1, when the unpaid taxes are turned over to the county treasurer's office as being delinquent.

**Tax Rate Unchanged**

The county tax levy includes \$291,306 in county and county road taxes (these are not separated this year), along with a \$4,794 levy for the intermediate school district. This is the first year that a separate levy has been made for the school district.

The tax rate, however, is unchanged from last year, at \$10.50 per each \$1,000 of assessed property valuation. This includes a rate of \$10.33 per \$1,000 of assessed property valuation for the county and county road taxes and 17 cents per \$1,000 for the school district.

Wilson said the tax notices which were mailed out around the 1st should be brought by the property owner to the treasurer's office in the city hall when payments are being made. When stamped, the invoices become receipts.

**Collections About Normal**

Collections so far are about normal, totaling \$46,825.71 for county and county road taxes and \$72.56 for the school taxes, or around 15.5 per cent of the total levy.

Wilson explained that many of the larger accounts are not paid until January.

**Penalty On City Taxes**

City and city school taxes, meanwhile, which became due and payable July 1, are nearly all paid for. Only a small frac-

tion of the \$608,866.72 levy in city and library taxes and of the school and school debt tax levy totaling \$845,364.25 has not been paid.

There currently is a five per cent penalty levy being assessed against unpaid city-school taxes. The penalty fee of one per cent began August, and goes up one per cent each month.

Models pose inside a sauna, an ancient-Scandinavian vapor bath, at Big Rapids, Mich. (AP photo.)

## Sauna Becoming Status Symbol, Booming Business

By A. F. MAHAN

**BIG RAPIDS** — What happens when a Finn, a Norwegian and a Pole meet up in Michigan? Why, they start a sauna stove business. And what's a sauna? That's an ancient Scandinavian vapor bath. You pour particularly cold water on hot stones of a particular kind. **Status Symbol** The sauna is becoming a status symbol of sorts. Some motels and ski resorts now advertise "both sauna and swimming pool," and promoters of a new multimillion-dollar Detroit hotel announced it would have a roof garden sauna. When a Finn, whose forebears invented the sauna, pops out of one he usually gives a war whoop and jumps into the closest snow bank or near-freezing stream, then begins proclaiming a sauna's invigorating qualities.

Any true sauna devotee will tell you, too, that the stones you use must come from Lake Superior's shores. They're tough and won't crack and smooth they resemble fist-size jewels. They come in blues, which cost more and pinks. Emil Raninen, who is Finnish and a Big Rapids jeweler, began dreaming four years ago of starting a sauna stove business. But it took time to introduce the pleasures of the sauna to enough people to create a demand. Two who tried Raninen's sauna were Thomas Thompson, a Norwegian and a Big Rapids dairy executive, and Ken Hicks, a Pole and manager of a Big Rapids concrete products plant. **Form Corporation** It was these three who formed Finn-Sauna Stove Corp.

Finn at Houghton bought one. Only last month Finlandia Sauna Co., devoted exclusively to construction of saunas ranging from \$1,395 up, was opened in Detroit by a Finn, Harri Virjo. His sauna, however, uses an Oregon-made stove. **Sauna-Finn's** pre-fabricated, you-pull-them-together units generally run less, from \$667 for a cedar room with a gas-fired stove, to \$717 for one using an electric stove. A gas stove by itself costs \$249; an electric one \$295. A unit using a gas stove must be vented. **Stones From U.P.** To a stove's cost add \$20 for a load of pink stones from the Upper Peninsula; \$25 for blues. A stove, made of porcelain covered steel and filled with rocks, resembles a box of eggs sitting on a pedestal. The rock box is 20 inches square and sits atop a four-inch pipe, 27 inches above a metal base 16 inches square. Altogether it weighs 100 pounds. A stove heats its nest of rocks for 30 minutes, at the end of which their temperature may be as much as 1,000 degrees. Cold water poured on the rocks vaporizes instantaneously and the room's temperature zooms to 120 to 180 degrees as the dry steam permeates the air. **Sit On Wooden Benches** Bathers sit on wooden benches. As the wave of invisible steam strikes them it tingles and all but takes their breath away momentarily. Pores open and there is copious perspiration. If more heat is desired, a little added water on the rocks will provide it. Bathers usually start on lower benches, moving to higher and hotter ones. There are special seaweed sponges, hand mitts and back scrubbers to scour the skin clean. And there is the "vihta," a bunch of birch twigs, to slap yourself and your partner and increase circulation still more. **Cold Shower Climax** A cold shower, a dip in a lake or a plunge into a snow-bank tops off the sauna bath, and — so the sauna apostles say — leaves one both invigorated and tranquil. It also, they claim, is responsible for

the clean, clear complexions of Norsemen. Despite its steam, the sauna has a low humidity, about eight per cent, allowing installation where moisture-laden steam baths would be impractical. There is no clamminess, no sweating pipes, no peeling paint, damp rot or soft plaster. **He Still Remembers Help Given In 30's** **POCATELLO, Idaho (AP)** — Philip Goldfaden's Christmas card arrived at the Pocatello police department just as it has for 30 years. Goldfaden, a police sergeant in Long Branch, N.J., once explained the cards in a letter. He was a teen-ager, he wrote, during the depression of the 1930s, and rode a freight train into Pocatello. Cold and hungry, he went to the police station, and was given a place to stay and a hot meal. Goldfaden's card, tacked on the bulletin board, says: "Thanks a lot. I'll never forget it."

If your property is insured at 1947 price levels, your protection is as inadequate as is this bewildered little fellow's. If you have made additions or improvements on your home and property, be sure you make these same improvements in your insurance program. Don't be caught with your sensitive spots exposed. Call your local Capital Stock agent for a complete analysis of your insurance coverage. He is an expert who represents only SOUND, RELIABLE Capital Stock companies. **Peters & Larson** GROUND FLOOR 115 NO. FRONT ST. DIAL CA 6-7513 Representing The Travelers, Hartford

Hicks since has withdrawn because of the press of his other business. Industrial designer Henry Glass of Chicago was brought in to help with the stove. The job of building both electric and gas models was taken to Grand Haven, where the sauna-men found partners James Scott and Duane Brady willing to take a chance with them as they had with others they believed headed for success. Bellaire Log Cabin Co. of Bellaire took on the assignment of prefabricating white cedar sauna rooms ranging from 8-by-10 feet up to whatever size you want. Raninen, the sauna missionary, converted several other Big Rapids businessmen to the Finnish gospel that a morning sauna is a great pepper-upper and an after-dinner one a relaxing tranquilizer before he, Thompson and Hicks formed their stove company. **Use Has Spread** Now others here have saunas, and Thompson says their use has spread to Muskegon, Cadillac, Holland, Grand Haven, Zeeland and elsewhere. A

## Controls For Smoke, Fly Ash Provided In City's Steam Plant

Controls and special types of equipment to eliminate smoke and fly ash are included in the plans for Marquette's steam electric generating plant.

## Awards Made At Kiwanis Installation

Seventeen members were given awards at last night's annual Kiwanis Club installation dinner meeting for having achieved perfect attendance during the past year.

New officers for the coming year were installed at the meeting, held in the Northwoods Restaurant, by Franz Shubert, Houghton, lieutenant governor elect of the Peninsula Division for 1964.

The division includes clubs in Marquette, Ishpeming, Iron River, Houghton, Escanaba and Iron Mountain.

Melvin N. Nyquist, retiring president, reviewed the club's accomplishments for the year and William Finkbeiner, who succeeds him Jan. 1, outlined the Kiwanis plans for the coming year.

### Other 1963 Officers

Other officers for 1963 are Charles York, first vice president; Norman Potochnik, second vice president; Lowell A. Carlson, secretary - treasurer, and Earl Mottard, William Jackson and Richard R. Bur, new members of the board of directors. All are one-year terms except for the directors, who are chosen for three-year periods.

Al Wickley, Hancock, retiring lieutenant governor, who spoke on "Freedom—A Call to Personal Service," the 1964 Kiwanis International theme, gave out the perfect attendance awards.

The awards, and the number of perfect attendance compiled, are as follows:

Lowell A. Carlson and Frank Hatch, 21 years; Paul J. Kinville, 16 years; George T. Kendrick, Leo Carlson and Alfred A. Camilli, 10; Glen Yoder, eight; Melvin N. Nyquist and Robert L. Biolo, seven; William Finkbeiner, David Engstrom and Richard Angell, three; Frank McKeown, two; Frank Rogers, Charles York, Richard Bur and Harlan Larson, one.

James Braddock served as master of ceremonies and the Rev. John A. Alford gave the invocation and benediction.

## Six Children Lose Lives In Maine Fire

PORTLAND, Maine (AP) — Six children died early today after a midnight fire swept their home, a two-story duplex house close to downtown Portland.

The fire was at the home of Mr. and Mrs. William Harrigan, who lived there with their seven children and three state wards.

Six bodies were recovered by firemen, but they were not identified immediately.

### Drive Out

Harrigan told firemen the blaze started near a space heater on the first floor. He said he tried to control the blaze, but when he couldn't, he and his wife ran to the second floor to try and save the children.

They dropped one daughter, Beverly, 9, out a window, and tossed two of their younger children, Edward, 5, and John, 9 months, down to her.

Then Harrigan said the flames drove him and his wife out.

Other children

Another of their children, Genevieve, 8, escaped unaided. The Harrigan's other children were Holly, 6, Marty, 4, and Heidi, 3.

Staying with them were three state wards, Ramona Malley, 7, Thomas Malley, 6, and Tammy Malley, 4.

Dial 249-1812

"The plant will utilize four stages of feed water heating and both an economizer and an air heater. This will improve the economy by utilizing otherwise wasted flue gas heat to the fullest extent.

### Combustion Control

"Much thought has been given to combustion control to effect excellent combustion, reduce any tendency to smoke and secure best economy. Through a system of mirrors the operator can watch the stack and control any tendency to smoke.

"The stack will be designed for sufficient height and velocity to prevent any objectionable haze, smoke or gas to surrounding areas. We have made studies of surrounding property elevations, wind direction and barometric data with this in mind.

"Reasonably low sulphur and ash content coal of prepared sizing will be burned, rather than a 'run of the mine' coal normally used in pulverized-fired plants.

"Coal storage will be along the Standard Oil dock, which is to be improved. It will not be stored in conical piles. As it is received it will be compacted systematically in layers by a bulldozer.

### No Objectional Dust

"The type of coal used will not have objectional dust and the type of storage not only eliminates the conical piles but the possibility of spontaneous combustion.

"It is expected that 20,000 to 30,000 tons of coal will be used per year initially. The coal will be handled by conveyor belt in a totally enclosed conveyor housing, eliminating any possibility of excessive dust."

In a report prepared for the city commission, Sims said:

"The boiler will be of the most modern type, using spreader stokers and burning prepared coal of reasonably low sulphur and ash content. The type will be selected to have the best combustion at the loads expected.

"Only the unburned carbon will be reinjected, with any light fly ash carryover caught by high efficiency mechanical collectors and disposed of with other ash.

"Much thought has been given to this matter and burning precipitators on the stack if they are ever needed. Our experience with a recently completed similar plant does not indicate that they will be needed.

### Simple To Operate

"The modern spreader stokers are far less susceptible to fly ash or smoke. They do not require power to grind the coal. They are more simple to operate. Upon power interruption they will hold their fire a little longer and they are not as susceptible to puffs or furnace explosion.

"The boiler will be equipped to burn fuel oil in an emergency or in case the fuel oil price should be lower than coal.

last month. The police department cleared six hit and run mishaps.

In other work, the police department received 280 calls for information, assisted at four fires, and conducted eight investigations for others. Total patrol mileage during the month was 9,035.

### WHAT'S IN A NAME?

CASPER, Wyo. (AP) — Jack Rabbit, 15, suspected of purse snatching, was caught by Patrolman David Wolf in a foot chase along Casper streets Friday.

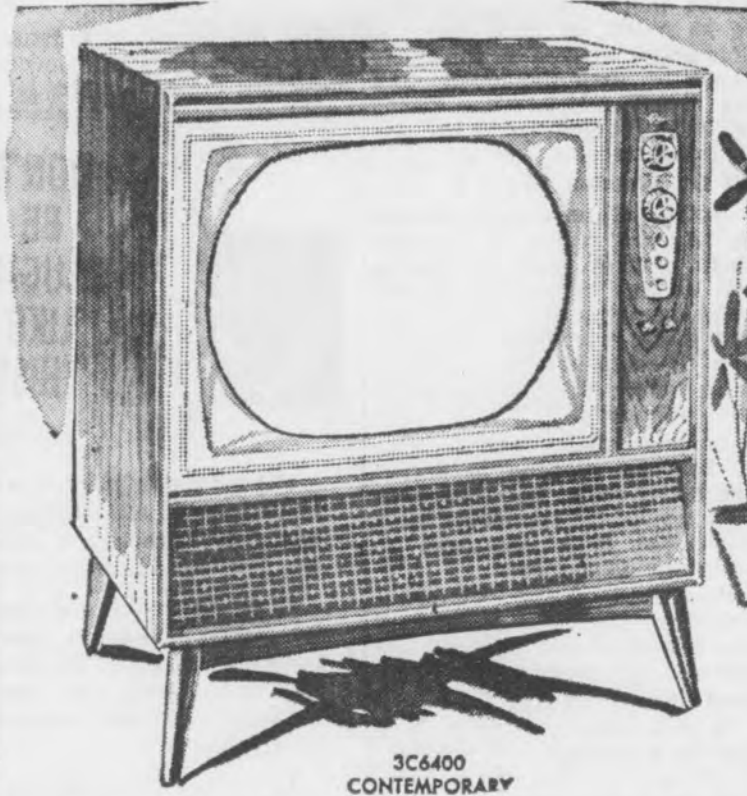

World's tiniest people are the Bambuti Pygmies of the Ituri Forest in the Belgian Congo.

## 300 Arrests Made Here In Month

Marquette's police department made 300 arrests last month, Police Chief George G. Johnson said today.

Police made 272 traffic arrests, 27 misdemeanor arrests and one felony arrest. In addition, 378 meter violation and 103 parking violation tickets were issued during November.

The police department investigated one murder, two burglaries, four larcenies of less than \$50 and 26 larcenies of more than \$50.

During the month the police department investigated 108 disturbance calls, 124 traffic complaints, four deaths and six missing persons reports.

76 Traffic Accidents Seventy-six traffic accidents were reported and 66 were investigated. Eleven persons were injured in accidents in the city

## Toll-Free Operation Of Mackinac Span Proposed By 2 U.P. Congressmen

WASHINGTON (AP) — Reps. Victor A. Knox and John B. Bennett, Michigan Republicans, proposed legislation today providing for toll-free operation of the Mackinac Bridge linking the Upper and Lower Peninsulas of Michigan.

The secretary of commerce would be authorized to pay the State of Michigan up to \$65,953,800 on condition that the five-mile span across the Straits of Mackinac be opened to free travel.

**Part Of Interstate Route**  
This is 90 per cent of the construction cost and is the amount of federal contribution for which the bridge would have been eligible if it had been built as part of the interstate highway system under the 1956 act.

"The Mackinac Bridge is part of Interstate Route 75," the two said in a joint statement, "and the users of that highway should not be penalized because the state, to meet an urgent need, issued bonds to finance its construction as a toll bridge before the interstate system of free expressways was authorized by Congress."

**Tolls Called 'Excessive'**  
Tourists and commercial interests, they said, have been deterred from making full use of the bridge by tolls ranging from \$3.75 for passenger cars to \$15.50 for big trailer trucks.

"Completion of the bridge in 1957 was expected to open our depressed area to intensive economic development," Knox and

Bennett said. "However, the excessive tolls have kept our expectations from being realized."

**Chicago Tollbridge**  
The two members noted that the House Public works committee recently approved a bill to pay the city of Chicago \$63,838,000 so that it could retire bonds issued on the Chicago Skyway tollbridge and eliminate all user charges.

In passing the Federal Aid Highway Act of 1956, they said, Congress declared its intent to determine later whether states should be reimbursed for portions of the interstate system completed before the 90 per cent federal aid funds became available.

## Eclipse Of Moon Due On Dec. 30

A total eclipse of the moon will take place on the early morning of Dec. 30, but Michigan star-gazers will see only the first half of the spectacle.

The reason is that the moon will be leaving the earth's shadow at about the time that it sets over the horizon, explains University of Michigan Astronomer Hazel M. Losh.

"At 4:25 a.m. the moon will

first touch the earth's shadow, and the eclipse will begin," she said. "At about this time the full moon will be found about 30 degrees above the western horizon."

Soon after, a noticeable dimming at the eastern edge of the moon will show up, this darkened area gradually spreading over the moon's surface until 5:28 a.m. when the moon will be entirely in eclipse.

**Mid-Eclipse At 6:07**  
The mid-eclipse will come at 6:07 a.m. with totality ending at 6:47 a.m., but it will take about an hour for the moon to leave the shadow completely at 7:05 a.m. Throughout the entire period that the moon is above the horizon in eclipse it will be visible.

"During the partial phase the earth's shadow will appear dark in contrast with the remaining section of the full moon, but when the moon is completely immersed, it will not be hidden, as one at first might suppose.

"During the total stage, it is illuminated by sunlight, which filters through the earth's atmosphere, and is bent and refracted into the shadow cone on to the moon. The moon then will shine with a full reddish glow, having been deprived of its blue rays by the earth's atmosphere, which scatters and diffuses the blue light."

## Township Urged To Honor Jacqueline

SOUTH HACKENSACK, N. J. (AP) — Mayor Frank C. Zindle has written the Township Committee urging it to change this community's name to Jacqueline Township, in honor of Mrs. Jacqueline Kennedy.

## Financial Scene: Optimism Sounded By Executives

By SAM DAWSON

NEW YORK (P) — That seasonal preoccupation of corporate executives is in full swing — the forecasts of what's ahead for all of us but particularly for their own companies. And rarely has the outpouring been so much in one key.

Optimism, restrained but assured, is sounded by the great majority.

They have plenty of current statistics to cite in their belief that the momentum of the business upswing is strong and as yet practically unchallenged. They have hope that past feelings of edginess between business and government can be eased. They even see signs that the international climate may be improving.

**Confidence Unshaken**  
Heartening is the evidence that public confidence hasn't been shaken by the uncertainties inevitably accompanying the changeover in the federal administration. Retail sales have recovered after a period of faltering. Industrial orders have held up. So have production schedules. Some top executives have indicated sizable expansion plans for 1964 are unchanged.

As always, the most caution by individual businessmen is used when forecasting the trend of the national economy in general. Next, the problems

of their particular industry may be stressed. But almost all are sure that their own companies are likely to see still better times in 1964 than in 1963.

**General Activity Up**  
The current feeling of well being in general is summed up by the economists of the Morgan Guaranty Trust Co. of New York: "General business activity is still trending upward, paced by a brisk tempo of holiday trade and a continuation of the automobile industry's remarkable performance.

"Pushed hard in the closing weeks of the year, auto output appears certain to exceed 2 1/2 million units for the full fourth quarter, a mark never before attained in any three-month

period. And with retail demand for cars remaining strong (fourth quarter sales should approximate 2 million, a carry-over into 1964 of this potent stimulus to a wide range of supplier industries is indicated."

The First National City Bank of New York generalizes:

"With widespread confidence in the future, and with a blend of fiscal and monetary policies dedicated to achieving economic growth without inflation, the economy can advance to new heights in the months ahead."

Glassmaking, which began about 1800 at Jamestown, Va., generally is regarded as the first American industry.

## 5th 'World Today' Show Tomorrow

The fifth in Northern Michigan's University's "The World Today" series will be presented on NMU's WNMR-TV at 10 tomorrow night.

The program will be available to Marquette area viewers on Channel 3.

"The Bible and Contemporary Man" will be the topic to be discussed by four members of

the NMU faculty, Dr. David Dickson, head of the language and literature department; Dr. Anthony Forbes, associate professor of history, and Dr. Albert Cook, assistant professor of language and literature, with Dr. Milton Byrd, vice president of academic affairs, as moderator.

## ROOSEVELT'S REMARK

When Franklin D. Roosevelt said "The hand that held the dagger struck it into the back of its neighbor" he referred to the action of Italy in declaring war on France when that country had been conquered by Germany in the summer of 1940.

KENNETH S. LOWE, Editor

W. H. TRELOAR, General Manager

The Gun Scare

In the wake of President Kennedy's tragic assassination, a great many people have lashed out for a scapegoat upon which to heap their frustration, anger and sorrow, and some of them have found this scapegoat in America's liberal laws regarding ownership of firearms by private individuals.

Legislation of the type now being proposed would accomplish nothing except to jeopardize the liberty of law-abiding citizens who own and use firearms for entirely legitimate purposes. No gun law has ever been devised that could keep weapons out of the hands of individuals with criminal intent.

When hearings were held in Washington, D. C., recently on a bill that would have made it a crime to own certain classes of weapons in the nation's capital, Robert V. Murray, the city's superintendent of police, testified as follows:

"If I felt that we could take the guns out of the hands of the criminal with this bill or any other bill, I would be 100 per cent for it. But if a criminal is going to set out to hold up a place or assault somebody with a gun, the (law against) carrying of a gun is not going to deter him. He is a criminal anyhow, and he cannot lawfully possess a gun. So a law on the books that he cannot have a gun in his possession is not going to deter him.

"It may be argued that any legislation that would reduce the number of pistols in circulation would substantially reduce the number of aggravated assaults. The argument rests upon two mistaken premises. First, it assumes that restrictive legislation will prevent criminals from obtaining guns. The fact is that experience has shown that legislation such as the Sullivan law (in New York) does not reduce the number of pistols in the hands of criminals. Second, the argument assumes that handguns are used in most aggravated assaults, whereas the fact is that pistols are used in only a small percentage of assaults."

In summary, crimes of violence simply cannot be prevented by tougher laws against owning guns. No gun ever committed a crime, and laws should be directed against the individual behind the gun, not against an inanimate object.

DOUBLE STICKUP

In San Jose, Calif., a gunman robbed a service station of \$78.50 and then demanded trading stamps. He got them, indicating that the stamps finally have gained some of the status of legal tender. One gets a wistful picture of the bandit patiently pasting the stamps in their little books and turning the collection in on, say a nickel plated revolver or a blackjack.

Peninsula Perambulator

Local 443 of the International Association of Fire Fighters opposes "any type of consolidation" of the police and fire departments in Escanaba. The union, at a special meeting, voted to send a letter to the city manager, mayor and city council.

St. Francis Hospital of Escanaba announced that it was discontinuing the release of names of patients for publication in the Escanaba Daily Press. The Press has been publishing the names of new patients who approved publication. Among reasons for the hospital's action, it was noted in a statement, was because the family of a patient was sometimes flooded with telephone calls at home.

From The Journal Files

90 Years Ago

The mail doesn't arrive until 8:15 in the evening now because of the new winter schedule. No reasonable wife whose husband has to "step down to the post office" after tea will expect him to be able to get the mail before half-past 9 or 10, and in the time thus allowed, several games of billiards or 7-up can be played.

being around the freezing mark. The complete table is published herewith.

Shipping We have received the following communication from a member of the Ishpeming Lodge of Good Templars: "The Superior Lodge No. 606 IOGT visited Negaunee Lodge No. 569 last Monday evening and spent a pleasant evening. There were 22 ladies and gentlemen initiated. We hope our Ishpeming residents will not be slow in joining the order so we may keep up with our sister lodge. We were accompanied by Bro. Steele, W.V.T., who kept us singing all the way by the aid of his concertina, and we wish to thank him very much."

Mentioning the fact of the city council having passed an ordinance regulating the hours for keeping saloons open, an error was made in the time on Sundays. On that day saloons may be kept open from 8 in the morning until 9 in the evening. That's long enough for any man, unless he wants to be hogish.

Mr. Allen, who keeps a drugstore, a merchants' exchange, board of trade rooms, Sunday school and several other things at Humboldt, has opened his stock of holiday goods.

The social at Ishpeming one evening last week attended by a number of Negaunee people, was one of the gayest of the kind this season. Ten conveyances, freighted with the jolliest of Negaunee's inhabitants, landed safely at Mrs. S's, after about one-half hour's drive. Cards, blind man's buff and refreshments were the order of the evening, with "innocent flirtations" by way of variety. About 11 of the merry party took themselves to the dressing rooms to robe for the home drive. The contributions amounted to \$28.

60 Years Ago

The engineers and trainmen of the Chicago lines that penetrate this region might well come up into the heart of the North Country and spend some time learning the tricks of the winter running from the employees of the South Shore Road, said an attaché of the United States mail service yesterday. "The South Shore, all things considered, makes the best work of winter railroad running of any company in the Upper Peninsula, and it deserves a lot of credit for this fact, and winter railroading is pretty serious and difficult business."

Ishpeming's theater, which will be formally opened this evening, was practically completed Saturday night, when the carpenters and painters concluded their labors. The opening is an event that has been much discussed for weeks past. The details of the arrangements have been completed, and it promises to be the most brilliant social function that has ever taken place in the city. The display of costumes will be striking and will form a marked contrast to the rich, attractive finishings of the interior.

30 Years Ago

Wage payments of more than \$5,000 to approximately 5,000 Marquette County CWA workers before Christmas are planned by officials in charge of the county civil works program, and J. E. Hayden, county treasurer, announced yesterday that there will be two paydays next week for all CWA employees.

It has been agreed by the merchants to close the stores at a later hour than usual during the holidays, returning to the present schedule after the first of the year. It has been suggested that the clerk might be able to make an agreement with the merchants to shut up shop at 6 o'clock on another evening besides Friday, probably Tuesday evening. Nothing definite has been decided, however. The marshal has posted notices announcing that the ordinances which forbid dog sleds from being driven on the sidewalks will be strictly enforced.

terday in a Negaunee Justice Court on a charge of attempting to trap beaver out of season. Justice William Sharp, who previously had fined the youth \$25 and costs of \$19.50, ordered him to furnish bonds of \$200 for his release until the case is brought into the higher court.

'Psst... When Does Your Divorce From The West Become Final?'

The National Whirligig News Behind The News

WASHINGTON — Gen. Eisenhower is wrong in urging Ambassador Henry Cabot Lodge to come home at once and campaign for the 1964 Republican presidential nomination.

It's hard to see how Lodge could fall on his face in Saigon. The situation had been bungled long before he arrived, and there there was nowhere to go but up. If things turn out well there, Lodge will get plenty of headlines as the man on the scene. If things go wrong, it can be argued with some validity that Lodge inherited an impossible chore and should have been called on before the mess had become insoluble.

NEW YORK — Things a columnist might never know if he didn't open his mail: Narcotics addiction is a factor in 25 per cent of U. S. crime. The albatross, the largest of all sea birds, often gorges itself so on fish and mollusks that it is unable to fly.

What The Postman Brought

NEW YORK — Things a columnist might never know if he didn't open his mail: Narcotics addiction is a factor in 25 per cent of U. S. crime. The albatross, the largest of all sea birds, often gorges itself so on fish and mollusks that it is unable to fly.

Geologists believe man has existed for only one two-thousandths of the earth's history. Our quotable notables: "Whatever reputation I have is due to the fact that I never open my mouth unless I have something to say" — George Bernard Shaw.

BOOM IN BOOKS

Those who fear we have become a nation of Philistines, so lost in material pursuits that we wrangle on culture, may take some comfort from the report of the book publishing industry that 1963 will be its biggest year. The pleasantest thing about this prosperity is that its principal spur is a vast expansion in the sale of books of educational and cultural value.

Side Glances

Little Finland literally lies under the guns of its neighbors, the huge Soviet Union. And in the past it has felt the crushing weight of Russian aggression. Understandably, Finland in the years since World War II has tried to pretend that it is a neutral. It takes great pains not to do or say anything to offend the Soviet Union.

Johnson's White House

By JOSEPH ALSOP

WASHINGTON — After a time of great pain and uncertainty, President Johnson's White House is beginning to assume its own shape and character. Since few things tell more about a President, some notes on the subject are perhaps worth study.

The whole of the two hours between 6:30 and 8:30 a.m. are reserved for reading — about one-quarter for the newspapers and the rest for the day's docket — and for pondering the little notes about things-to-be-done-tomorrow that President Johnson has the odd habit of writing to himself.

What is more interesting still is the fact that the continuity of the Johnson White House with the Kennedy White House really seems to be assured at last. The symbol of this remarkable fact is the resumption of his former duties as the President's appointments secretary by Kenneth O'Donnell, who gave his entire life to safeguarding President Kennedy's political interests.

Every one of the men who served Kennedy was — and still is — like someone who has suffered a battlefield amputation. Although they said they would continue on the job, there were hard days when it seemed extremely doubtful whether this man or that man could really manage to do so.

The achievement of continuity in the White House is in fact one of those very rare political events that are distinguished from the common run by the creditable roles played by everyone concerned. Shabbiness and pettiness are generally to be found somewhere, in every political process; but for once they have been absent.

With sympathy, it has also to be admitted, President Johnson has mingled astuteness. His irresistible rallying cry to the human legacy of political specialists was the grim remark: "It would be a poor memorial to President Kennedy to see Richard M. Nixon in this house."

Reports that Gen. Dwight Eisenhower has asked Ambassador Henry Cabot Lodge to be a Republican candidate in 1964 add more fuel to the fires of rumor which have been burning brightly during the present so-called political moratorium.

GOP In Transition

By BRUCE BLOSSAT

Reports that Gen. Dwight Eisenhower has asked Ambassador Henry Cabot Lodge to be a Republican candidate in 1964 add more fuel to the fires of rumor which have been burning brightly during the present so-called political moratorium.

But the alternatives to Goldwater are not at all clear, Nixon and Pennsylvania's Gov. William Scranton are said to have been elevated in prospect, but nothing really measurable is going for either yet.

When a spacecraft for travel to Mars is constructed, workers with dandruff and other minor afflictions will not be permitted on the assembly line. The idea, according to the special planetary quarantine officer of the U.S. civilian space agency, is to avoid taking along earth's microbes to confuse them with any that may exist way out yonder. — Toledo Blade

Automation represents progress and it cannot be eliminated any more than you can eliminate the development of a new product. Buggymakers probably thought the Model T was a curse. But it was actually an economic blessing. — La Crosse (Wis.) Tribune

# Michigan Milk Producers Stabilize U.P. Dairying

Upper Peninsula dairy industry has been strengthened by the entry of Michigan Milk Producers Association into dairy manufacturing a year and a half ago.

Before that the MMPA had only been a bargaining agent for farmers producing Grade A fluid milk in the Upper Peninsula as an intermediary with the bottlers and dairy plants.

With dairy industry slipping here, MMPA decided the only way it could continue to serve its Upper Peninsula members was to create a market for their milk here.

With the aid of Michigan State University agricultural experts it acquired, by exchange of local dairy co-operative ownership certificates for MMPA shares, five U. P. dairy co-ops.

They are the Rapid River Co-operative Creamery, M&M Producers Dairy of Menominee; Cloverland Cheese Factory at Daggett, Vacationland Dairy at Crystal Falls and Ewen Producers Dairy Division, at Ewen.

Richard T. Hartwig of Marquette, MSU agricultural economist, reviewing the situation in U. P. dairy industry as affected by MMPA's acquisitions after a year and a half of its operation, judges that it has been a great stabilizing force. It has enabled the cheese and bottling plants which it acquired to survive and it has given U. P. dairy farmers an assured market for their milk.

**Got Own Outlets**  
Hartwig said that MMPA had a problem of disposal for that part of the U. P. milk production not taken by the fluid (drinking) milk market. In some areas there were so few outlets for milk for manumature that there would be only one bidder for the surplus and he would thus control the price and deny the benefits of competition.

With MMPA's acquisition of the five U. P. dairy plants it acquired its own market outlets. MMPA has about 500 farmer members in the Upper Peninsula. It takes all the milk which its members produce.

"There was also a problem of coordinating and consolidating work between the U. P. plants. As you're building and structuring your program you're not apt to be operating at a profit. Once you can use the structure you hope to be efficient and operate in the black."

"We're getting nearer there with the U. P. operation," Hartwig said. Michigan Milk has pooled its products and he explained that the cheese from the Rapid River plant now goes to market under the Vacationland label. MMPA's bottled milk at M&M and Crystal Falls is also marketed under the Vacationland label.

"Quality controls have been improved and Michigan Milk Producers have built up a large volume of production to use in market bargaining. Earlier the U. P. plants might be competing with each other."

**Centralized Operation**  
Hartwig said that MMPA's U. P. planning still aims for a centralized operation in the Peninsula.

"Before you can get to that," said Hartwig, "you have to operate where you are as efficiently as possible and then move into the second phase of centralization. There is no time table on the second phase yet."

"The benefits of large organization are being made available to the MMPA plants in the U. P. I note that the Milk Messenger, a monthly house organ of the MMPA published downstate, was advertising Christmas gift packages of Rapid River Vacationland cheese. When I heard last of the program 10 days ago more than 600 packages of gift cheese had been sold. That makes U. P. cheese business and also business for the Eugene Hartman plant at Nahma that makes the hardwood cheeseboards for the packages."

"Farmers are setting aside seven cents for every hundred pounds of milk sold to carry out this program. Ninety-three per cent of the U. P. members voted in favor of this program. This is quite an achievement in itself. There farmers believed enough of the program to loan their money to finance it."

**Assured of Market**  
He said "farmers have a feeling that there's going to be a market for their milk, where before they weren't certain. This gives them something to build on."

"It gives us something to work on too. How could we advise a farmer on an invest-

ment in his dairy farm without knowing whether there would be a market for his milk?"

The economic aid to the U. P. given by association is exemplified in the Crystal Falls dairy industry that is now MMPA's Vacationland operation there. It was a privately owned dairy plant which was taken over by farmers and townspeople after it went bankrupt, in order to keep the milk market and other community benefits which it provided.

**Now Stable**  
When the MMPA bought the plant it was possible to pay off the townspeople and farmers who had invested in it. Now the plant is on a stable footing.

Chief architects of the MMPA Upper Peninsula Operating Department have been Herbert H. Varney, an economist, and Dale Long, Northern Michigan field representative of MMPA.

Robert Dewey of Marquette is manager of the U. P. operating department, a former MMPA field man, MSU alumnus and former Kalkaska County "ag" agent.

Dewey is solving the day-to-day problems in the department, solving both the farmer problems and those of manufacturing and marketing.

## OASI Questions And Answers

**Editor's Note:** If you would like to know how the Social Security law affects you, write the Social Security Question Box, P. O. Box 719, Marquette, Michigan. Your answer will appear in future editions of the Question Box, or you will receive a direct reply from the Marquette Social Security Office if you so specify and furnish your name and address.

**Q:** "My husband plans to retire in July of this year. We have a son, age 25, who has been disabled since childhood. It is my understanding that he will also be eligible for benefits. Do we need to get any medical records to file a claim on him?"—Mrs. D.B.

**Answer:** Your social security office will provide the forms needed to establish your son's disability, Mrs. D.B. They will be given to your husband when he files his claim.

**Q:** "I am 70 years old and have been receiving social security for the past 3 years. Two months ago I had a severe

stroke. Could I now file and get benefits in addition to my monthly requirement benefit?"—F.G.

**Answer:** No. Disability benefits are payable only to persons under retirement age.

**Q:** "My son and I have both been receiving a monthly payment from social security since my husband's death two years ago. I understand my son's benefit will stop when he becomes 18 in November 1964. I am age 50. Will my widow's benefit stop at the same time?"—Mrs. T.W.

**Answer:** Yes, Mrs. T.W. Since you are under age 62 and will not have a child entitled to benefits in your care after October 1964, your benefit will be terminated. It will be resumed when you reach

# Development Plan Urged To Offset U.P. Job Loss

ESCANABA (AP) — A successful development program could change a predicted 4,350-job loss in Michigan's Upper Peninsula into a gain of 15,500 jobs, Robert Nathan Associates said Saturday.

The agency reported this to the Upper Peninsula Committee on Area Problems (UPCAP), an organization created by the boards of supervisors of Upper

Peninsula counties to promote economic redevelopment.

**Could Change Forecast**  
Nathan economists said the Upper Peninsula would suffer a loss of 4,350 jobs by 1970 if 1950-60 rate of loss continues.

A successful development program, they said, could change this to a 15,500-job gain by 1970.

The prospective loss of 2,800 jobs in agriculture, forestry, and fishing could be reduced to 1,600 and a prospective loss of 1,400 jobs in mining could be

eliminated by the Nathan proposals, the report said. Largest job increase proposed was 6,000 in manufacturing instead of a prospective loss of 4,600.

The Area Redevelopment Administration has provided Nathan services to UPCAP under a \$120,000 18-month contract expiring Jan. 1.

## SURVIVOR OF SEEDLINGS

Intensity of plant competition can be seen by comparing density of seedlings, saplings and mature trees of any species in a given area. A single mature tree is likely to be the survivor of many thousands of seedlings, according to the Encyclopaedia Britannica.

## City Paragraphs

Marquette Lodge, Free and Accepted Masons, will hold a special meeting Tuesday at 7:30 p.m. in the Masonic Temple. The Fellowcraft degree will be conferred. Lunch will be served.

The regular meeting of the Marquette County Soil Conservation District will be held on Wednesday in the Michigan State University county extension office in the courthouse here beginning at 10 a.m.

**Adult Catholic Education Center** — Students in the current Catholic Information Series classes will tour St. Peter's Cathedral tomorrow at 8 p.m.

### Dear Abby...

By ABIGAIL VAN BUREN

**DEAR ABBY:** I married a woman who is "club happy." She joins everything she can get into—accepts offices, volunteers for committees and goes like a house afire six days a week. She keeps a date book in her purse and schedules herself for every hour. We have very little home life because she never has time to cook a meal or to spend an evening at home. Our phone rings constantly with her club business and she thinks this is popularity. When night comes she is so keyed up she has to take pills to sleep. Any suggestions?

**HER HUSBAND**  
**DEAR HUSBAND:** Make an appointment with her for an emergency "State-of-the-Family" meeting. Let the first order of business be your list of complaints with regard to her clubbing your marriage to a pulp. Only when she realizes that you won't stand for it will she ease off. Otherwise, YOU had better resign yourself to being last on her agenda forever.

**DEAR ABBY:** How about this? My brother's wife phoned me and said, "We have some Christmas gifts for you and your family. Come and get them." They have a car, too, and they live less than 10 minutes from us. I didn't want any bad feelings, so I didn't tell her off. I just said, "Thank you," and never picked them up. Now she is mad anyway. What would you have done?

**STUBBORN**  
**DEAR STUBBORN:** If you had been sincere in not wanting "bad feelings," you should have picked up

the gifts and kept quiet.  
**DEAR ABBY:** Our daughter, who is 14, was invited to a slumber party at a girl friend's house. There were 12 girls in all. Some boys crashed the party. As we understand it, the girls let them in and seemed to enjoy their company, but later on they got rowdy and more boys came, and the police had to be called. We later learned that the parents of the girl who gave the party did not sleep at home. They slept at some friend's home so the girls could have an extra bedroom. Our daughter is invited to another slumber party. Her father says she can't go. I say, if we call the mother of the girl who's giving it and she says they will be home, it's all right. Our daughter says if we call the mother it will be like saying we don't trust her. What do you say?

**CONCERNED**  
**DEAR CONCERNED:** I say your daughter is lucky she didn't get a flat NO from both you and her Dad. I would not permit her to go unless I had the assurance of the mother that the parents would be at home. And even then, I'd think twice.

What's on your mind? For a personal reply, send a self-addressed stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Michigan Tech's Ford Forestry Center At Alberta.

## 60 To Get Sawyer Training At Alberta Forestry Center

HOUGHTON — Michigan Tech has received approval for a \$235,453 tri-state cooperative manpower retraining program believed to be the first of its kind in the nation, according to Dr. J. R. Van Pelt, president.

The program calls for training 60 sawyer trainees for placement in Michigan, Wisconsin and Minnesota commercial sawmills. Three 28-week training sessions will be conducted with 20 men enrolled in each.

This is one in a series of retraining programs approved for Michigan Tech under the Federal Manpower Development and Training Act. It will be administered by Tech's Division of Continuing Education in cooperation with the Forest Products Research Division and Ford Forestry Center in Alberta.

### To Use Forestry Center

The training site will be the Ford Forestry Center, given to the college by the Ford Motor Co. Fund in 1954. It has complete facilities for such a program, including a model sawmill, classrooms, dining hall and dormitories.

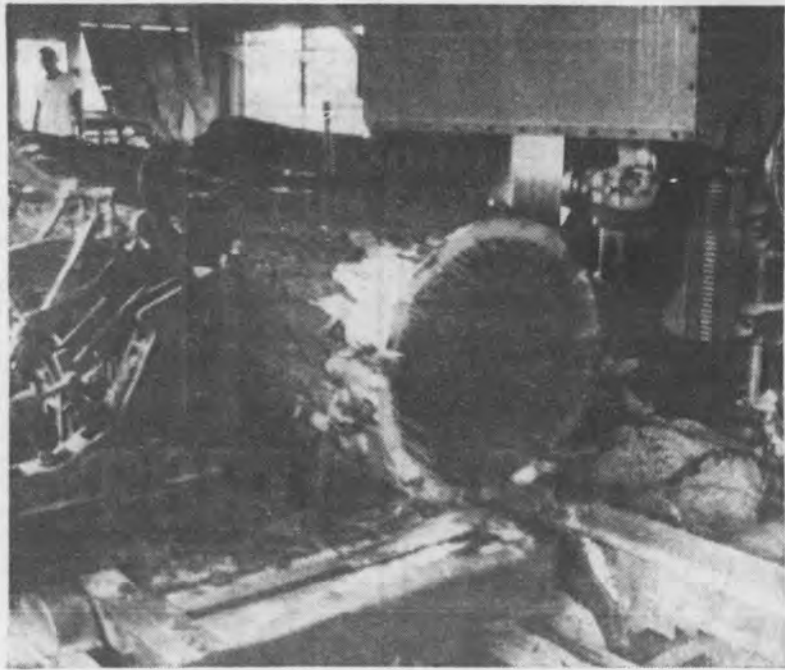

A. J. Gazvoda of Calumet, Upper Peninsula field supervisor for the Michigan Employment Security Commission, said to his knowledge this is the first interstate MDTA program in the nation and the largest single program in Michigan.

Only Detroit has had a larger MDTA grant, Gazvoda said, and it was actually several programs in one. The Detroit program was concerned with the training of high school dropouts and the "hard core" unemployed, while Michigan Tech's objective is to provide new job skills for workers in the existing labor force.

This is the sixth manpower retraining project approved for the college in the past 12 months. Five were MDTA programs and one was an Area Redevelopment Administration training project. Total federal support for these programs amounts to more than \$546,000.

**Facilities At Alberta**  
The Ford Center sawmill is equipped with a five-foot bandsaw, edger, trimmer and other essential machinery for such an operation. More than \$30,000 is provided in MDTA funds to adapt the mill as a training facility to teach the operation of both sawyer-operated and rider-operated log carriages.

"Once these changes are made," Gazvoda said, "the Ford Center will be unique in the nation as a training facility. It is entirely conceivable that ad-

Picture shows part of inside of sawmill at center.

ditional sawyer trainee programs will be established to draw trainees from all parts of the United States."

This program, he said, shows not only regions within a state, but states themselves, can get together to coordinate training programs to meet existing shortages in needed skills.

**Shortages Of Sawyers**  
A recent survey by the MESAC indicated substantial shortages of trained sawyers in the sawmill industry. In the Upper Peninsula, unofficial figures indicate the average age of

sawyers is 62 years. This means industry will not only need a number of replacements in the very near future, but will need replacements trained in the automated mills.

In Michigan, trainees will be screened and selected by the MESAC. Wisconsin and Minnesota trainees will be selected by employment service offices in those states.

Trainees will receive travel money to and from Alberta, a weekly training allowance and a daily living allowance while in Alberta. These will vary ac-

## Yule Week Schedule Told For St. Joseph's Church

ISHPEMING — St. Joseph's Church will have the following schedule and program for Dec. 22 through Dec. 25:  
Sunday, Dec. 22, Masses at 8, 10 and 11:30 a.m.; Monday, Dec. 23, confessions at 7:45 a.m. and at 7 and 8 p.m. Mass will

be said at 8 a.m.; Tuesday, Dec. 24, confessions at 7:45 a.m. and 3:30 to 4:30 p.m. with Mass at 8 a.m.  
Christmas day Masses will be at midnight and 10 and 11:30 a.m.

The midnight Mass will be preceded by carols beginning at 11:30 and by the sermon.  
Music will be presented under the direction of Miss Catherine Andriacchi, organist, consisting of carols before and after Mass.

The church choir consists of Edith Marietti, Florence Marietti, Judith Marietti and Margaret Marietti.

The choir also will provide music at the 10 a.m. Mass on New Year's Day.

## Resident Of Michigamme Dies At 72

MICHIGAMME — Oscar Vick, 72, Michigamme, died Sunday evening at the Baraga County Memorial Hospital, L'Anse, where he had been a patient for two weeks.  
He was born in Finland April 30, 1891, and had resided in Michigamme since 1950. Previously he lived in Hibbing, Minn. There are no known survivors.

Services will be held tomorrow morning at 11 in the Swanson Funeral Home, L'Anse, with Rev. Rodney Erickson officiating. Burial will be made in the Evergreen Cemetery, L'Anse. Friends may call this afternoon and evening at the funeral home.

## Bethany Women To Host Young Republic People

REPUBLIC — Women of Bethany Lutheran Church will host servicemen, college students and post-high school young adults of the church at a holiday supper party at 6 p. m. Thursday, Dec. 26, in the home of Mr. and Mrs. Ben Mykkanen.

The Judith Circle is in charge of arrangements. The circle requests that reservations be made in advance by calling Mrs. James Mackey, DR 6-2600.

## Pupils Offer Yule Event At Palmer

PALMER — Pupils enrolled in the Kirkpatrick School at Palmer will present their annual Christmas program at 1:30 p. m. this Thursday in the school gymnasium.

Kindergarten and first grade students will sing a group of familiar Christmas songs, following which second grade pupils will present a tableau, "The Shoemaker and the

HU 6-8081

Elves."  
Susan Vanhala will act as narrator for the tableau. Members of the cast include John Bour-saw, Lorrie Ellman, Heidi Brintlinger, Susan Hakala, Vicki Anderson, JoAnn Larson and Jane Larson.  
Intermediate grades will offer a carol production, en-

titled "A Time of Hope," in which various meanings of Christmas will be interpreted through singing Christmas songs and carols.

### CARD OF THANKS

We wish to express our heartfelt thanks and sincere appreciation to our many relatives, friends, and neighbors for their many acts of kindness during our recent bereavement, the loss of our husband and father, William Nilsson-Risto.

We especially wish to thank the Rev. Reuben Kauppinen, the Perata Funeral Home, the ladies who donated their services, pallbearers, those who sent cards, and donations, and all who helped in any other way. Your acts of kindness will always be remembered.

# Epidemic Of Auto Crashes Continues

**ISHPEMING** — The police department today reported another epidemic of traffic accidents and one disturbance case.

A Negaunee man, Anthony Guizetti, 20, of 215 Gold St., was arrested in a local tavern here after creating a disturbance on Friday. He was jailed and later released on bond.

The snowfall, coupled with icy roads, was blamed for the unusual number of accidents here over the weekend. Eight mishaps were reported, none of them serious. Chronologically, they included:

Saturday, 10:40 a. m. — Helmer Mattson, 724 Wabash St., Ishpeming, was given a ticket for failing to yield the right-of-way. As he was backing out of a supermarket parking place, his car was struck by a car driven by Caarina Lucas, 260 Prospect St., Ishpeming. The right side of the Lucas car was damaged, but Mattson's car was unscathed.

Saturday, 10:45 a. m. — Mi-

## Mrs. Zaia, Ishpeming Native, Dies

**ISHPEMING** — Mrs. Antoinette Zaia, 79, of 431 Excelsior St., died last night in the medical section of Morgan Heights Sanatorium, where she had been a patient 18 months.

She was born March 6, 1884, in Ishpeming and had been a lifelong resident. She was a member of St. Joseph's Church and the St. Ann Society.

Survivors include her husband, Tony of Ishpeming; a son, John A. Nault of Ishpeming; four daughters, Mrs. Florence Ferdieta, Mrs. Maxwell (Jeanette) LaFave Sutherland and Mrs. Donald (Lorraine) LaFave St. Onge of Ishpeming and Mrs. Shirley LaFave Roswell of Salt Lake City, Utah; a sister, Mrs. Florence LeMay of Ishpeming; 18 grandchildren, 18 great-grandchildren and several nieces and nephews.

The body is at the Bjork & Zhulkie Funeral Home. Arrangements for services are incomplete.

## Driver Gets Ticket In Smashup

**REPUBLIC** — A 1949 pickup truck operated by Raymond Nybeck, 25 Republic, was damaged at 2:40 yesterday morning when it ramed into a fire hydrant at the corner of Fourth and Center Sts. here.

State police say the mishap occurred at Nybeck was attempting to make a left turn.

The front end of the vehicle was damaged and it was driven from the scene under its own power.

State police arrested Nybeck for failing to report a property damage accident.

## Senate Group To Get Baker's Tax Returns

**WASHINGTON (AP)** — President Johnson will sign an executive order opening to the Senate Rules Committee the income tax returns of Robert G. Baker, former secretary to the senate's Democrats who resigned under fire Oct. 7.

The committee has asked for access to the returns as it investigates possible conflict-of-interest activities by present and former senate employees.

## Obituary

B. C. DUSHANE

**RACINE, Wis.** — Bartholomew C. Dushane, 72, of Racine, Wis., died at 1:45 p.m. Sunday in the VA Hospital, Woods, Wis.

He was born Dec. 18, 1890, in Negaunee and resided here until moving to Racine 28 years ago. Before his retirement, he was employed by the Wisconsin Gas & Electric Co. Mr. Dushane was an Army veteran of World War I.

Survivors include his wife, Viola, a daughter, Mrs. Edward (Valeria) Pavlik of Racine; three grandchildren; a brother, Albert E. of Negaunee; a sister, Mrs. Mae Hendrickson of Negaunee, and several nieces and nephews.

The body will be sent to Negaunee for services and burial. Koskey Funeral Home is in charge of arrangements.

### MRS. FLORENCE ROBERTS

**L'ANSE** — Mrs. Florence Robert, 80, a former resident of L'Anse, died Sunday evening in Lansing, where she had resided for the last 12 years.

She was born in L'Anse July 22, 1883, and lived here until she moved to Lansing. Her late husband Modest Robert, died 11 years ago.

Surviving are a daughter, Mrs. Rosemary Wright of East Lansing; three sons, Bernard of Farmington, Lawrence of New Baltimore and Maurice of Lansing; a sister, Mrs. Isabelle Fournier of Hancock; three grandchildren and several nieces and nephews.

A funeral Mass will be offered in Lansing tomorrow morning, after which the body will be brought to the Swanson Funeral Home, L'Anse, where friends may begin calling after 7 tomorrow night.

Burial services will be held Wednesday at 2 p.m. at the Evergreen Cemetery.

## Canned Goods Collection Set

**GWINN** — Ed Summerville, chairman of the committee in charge of Salvation Army activities in this area, announced today there will be a canned goods collection for Christmas baskets from children in the schools in both the Gwin and air base areas Tuesday. Mrs. Ted Soyring, Mrs. Warren Gardipee, Gust Strohm and Joseph Minelli are other members of the committee.

## 68-Year-Old Negaunee Woman Dies

**NEGAUNEE** — Mrs. Rose Pascoe, 68, of 120 Cleveland St., died at 2 a.m. Sunday in Bell Memorial Hospital, where she had been a patient three weeks.

She was born July 17, 1895, in Negaunee, and was a lifelong resident of the community. She was a member of Mitchell Methodist Church.

Surviving are a son, Richard T. at home; two sisters, Mrs. Clarence (Ivy) Larson of Ishpeming and Mrs. John (Lillie) Nichols of Marquette, and several nieces and nephews.

Services will be held at 2 Wednesday afternoon in the Koskey Funeral Home. The Rev. Byron Hatch will officiate and burial will be made in Negaunee Cemetery.

Friends may call at the funeral home beginning tomorrow afternoon.

## Black River Area Man Dead At 66

**ISHPEMING** — Emil A. Maki, 66, died Saturday evening in Bell Memorial Hospital, where he had been a patient one week.

He was born Dec. 9, 1897, in Ishpeming and had lived south of Ishpeming in the Black River area for a number of years. He was self-employed as a carpenter.

Survivors include two sons, Kenneth of Salt Lake City, Utah, and Eugene of Ishpeming; a sister, Mrs. Leo (Martha) Pokala of Chatham; two grandchildren and several nieces and nephews.

The body is at the Bjork & Zhulkie Funeral Home, where friends may call after 4 this afternoon.

Services will be held at the funeral home at 2 p.m. Tuesday. The Rev. John Duncan will officiate and burial will be made in Ishpeming Cemetery.

The first macadam highway in the United States was built between 1791 and 1797. It ran from Philadelphia to Lancaster, Pa.

## 5-Inch Snowfall In Alger Being Cleared; Roads Icy

**MUNISING**—City and county road crews are engaged this morning in clearing streets and highways following a five-inch snowfall which hit Alger County over the weekend.

The storm started late Saturday afternoon, with an accumulation of three inches. Another two inches was recorded by 4 Sunday afternoon, bringing the total to date to 30.9 inches, according to the weather station at the U. S. ranger's headquarters in Munising.

State police reported a car driven by David E. Lahti, Pittsburgh, Pa., collided with one driven by Donna J. Knight of Roseville, Mich., at 4:30 yesterday afternoon in Hiawatha Township on M-28, 100 feet from the Alger County Line.

Lahti told police that the car driven by Miss Knight had passed another vehicle. He said that when they met the left front of her car scraped the left front of his vehicle. Miss Knight said she thought her car was far enough over to pass.

At 6:30 the same evening on M-28, 500 feet west of Shingleton in Munising Township, a car driven by Adele C. Thorburn of Houghton slid off the icy roadway and went into the ditch. A passenger, Carole Kitty of Calumet, was taken to Munising Memorial Hospital, where she was treated for cuts and bruises.

Aerial view of open pit mine and ore processing plant at Palmer.—(Photograph by Bill Williams.)

## Start-Up Operations Begin At Empire Pellet Property

NEGAUNEE — A new open pit iron mine and ore processing plant — providing jobs for 214 persons — has begun start-up operations and break-in of equipment at Palmer, just four miles south of Negaunee, and within a reasonable period it is expected the plant will be in full operation.

The Empire Mine is managed by the Cleveland-Cliffs Iron Co. for Empire Mining Co., owned

by Inland Steel Co., McLouth Steel Corp., International Harvester Co., as well as Cliffs, which holds a 28 per cent interest.

The mine is the third pelletizing operation pioneered by Cliffs on the Marquette Range. The other two are the Humboldt Mine of the Humboldt Mining Co. and the Republic Mine of the Marquette Iron Mining Co., which have been producing superior pellets for blast furnace use.

The Empire deposit differs from Humboldt and Republic in that the jasper ore contains magnetite and the magnetic operation is used to recover the iron from the waste material, rather than the flotation process used at the other two properties. In addition, Empire uses full autogenous grinding, a first such application in the United States for the liberation of iron ore from fine-grind, low-grade

jasper. This method eliminates the use of costly steel rods and balls in the mills to pulverize the cheaper rock and instead uses the ore chunks and ore pebbles to achieve the same end.

The plant has an initial capacity of 1,200,000 gross tons of high grade pellets.

### Munising Clinic On Wednesday

MUNISING — Dr. R. A. Teerman, director of the Alger-Schoolcraft Health Department, announced today that a clinic will be held Wednesday, from 1:30 until 3:30 p.m., in LaMothe Hall.

Immunization against diphtheria, tetanus and whooping cough, as well as polio vaccinations, will be given.

### Salisbury Group To Meet Tonight

ISHPEMING — The Bobbie Barrett Circle of the Salisbury Methodist Church will meet in the church parlors tonight at 8.

Each member is reminded to bring a \$1 gift. Hostesses will be Mrs. Martha Erickson, Mrs. Fran Oja and Mrs. Donna Erickson.

### 75 At St. Joseph Guild Program

ISHPEMING — Senior members of St. Joseph's Guild were guests at a smorgasbord sup-

per last week in Guild Hall. Seventy-five members attended the program planned by Mrs. Angela Cleary and assisted by Mrs. Shirley Turino and Mrs. Marie Quayle. "The Night Before Christmas," a play depicting the Na-

tivity, was presented by Francine Turino (Mary), Peter Quayle (Joseph), and Joe Charbonneau, Diane DeCaire, Lynn Mattila and Bruce Quayle (shepherds). Second grade students Robert DeCaire, Rosemary Bag-

giore, Mary Butcher, Suzette Nardi and Phillip Frustaglio gave a recitation entitled "Jesus Is Coming." Sisters Marie Therese, Louise Gertrude and Rose Angela received special thanks by the guild during the program. A

gift was given to Fr. C. J. Lepine, pastor of St. Joseph's Church. Concluding the program, Christmas songs were sung by Margaret, Judith and Florence Marietti.

### St. Joseph's Parish Plans Erection Of Multi-Purpose Room In North Ishpeming

ISHPEMING — The St. Joseph parish building program is progressing satisfactorily and has reached the stage where plans and specifications for the multi-purpose room are being presented for bidding by contractors.

The Rev. C. J. LePine, pastor of St. Joseph's Catholic Church, in making this announcement, said that plans and specifications are being sent out this week by G. Arntzen, architect, Escanaba, to builders exchanges in Marquette, Iron Mountain, Green Bay and Milwaukee, which in turn will contact contractors throughout a widespread area. All bids will be opened Jan. 23, 1964, in St. Joseph's rectory.

A tentative start of construction has been set for May 1, 1964, on the triangular plot of ground located in North Ishpeming on the west end of Duncan St.

After making known the building would be erected next spring, Father LePine said: "It's hoped that construction of this building will help to encourage the territorial development of the parish."

The multi-purpose room will be known as St. Joseph Hall and will consist of a large 60 by 80 foot room. It will be equipped to serve a variety of purposes.

Father LePine also said that basketball markings would be worked into the resilient tile floor so that the room could be used as a gymnasium.

The multi-purpose room will have a storage room and modern kitchen, rest rooms, and a central heating plant designed to furnish heat for future buildings in event the parish decides to continue its building program.

A cement block structure will arise on the site and be covered with a light buff-colored face brick.

The pastor of St. Joseph's said the multi-purpose room will have an excellent ventilation system as it will be completely surrounded by windows near the ceiling.

### Christmas Program Set At N. Mine

ISHPEMING — National Mine School students will present a program entitled "Muggsy's Merry Christmas" at 7:30 this Thursday night in the school auditorium.

The annual Christmas opera will be presented by children from the kindergarten through high school and is under the direction of Mrs. Dorothy Gleason, supervisor of vocal music.

All members of the National Mine School faculty will assist in the production.

Since the program is of interest primarily to parents of children of the school, two tickets have been sent home to each family. Seats will be held until 7:15 p. m. for ticket holders. After that time, seats not taken will be available to the general public.

Cast as character in the opera are Olof Stolen, Sharon Luubakka, James Luubakka, Trudy Myrick, Fred Nelson, Clinton Watters, Frank Moody, Victor Cox, Ronald Johnson, William Ostola, Peggy Gravdon, Debra Aho, Sally Kujan, and Barbara Tribault.

Introducer music will be played by Susan Cox, Allyson Hyett, Lorraine Kosonen, Ruth Mantela, Fred Nelson, Dennis Potila and Olof Stolen, all solo selections.

School band members make up a brass ensemble and high school girls will sing carols.

In charge of stage and properties is P. J. Gleason, while costumes were provided by Miss Elma Ranta. Judith Watters is the program chairman.

### Eben Christmas Program Dec. 18

EBEN — The Christmas program entitled "The Birth of Jesus" will be presented by the choir of Our Saviour's Lutheran Church of Eben at 7:30 Wednesday night, Dec. 18, in the church.

### Twin City Units Set Yule Party

ISHPEMING — Members of Twin City Barracks and Auxiliary, Veterans of World War I, Inc., will have a Christmas party at 6:30 p. m. Tuesday in the American Legion club rooms.

Supper will be served, followed by a joint meeting.

In charge of the supper are Mrs. Marian Rayburn, chairman; Flossie Stansbury, Fannie Holmgren, Hannah Erkkila, Anna Steve, Stella Sundlie, Lillian Carlson, Jennie Huhtala, Emerelda Sundlie, and Edla Magnuson.

A social hour will be held with the singing of Christmas carols, exchange of gifts and card playing.

Each member is reminded to bring a gift to be exchanged.

### 3 Parties For Eagles This Week

NEGAUNEE — Order of Eagles members having birthdays during December will be honored Tuesday night in connection with the final meeting of the calendar year at 7:30 in the Eagles lodge rooms.

Following the business session, a birthday cake will be cut and lunch will be served.

At 2 p. m. Saturday, Dec. 21, the lodge will hold its annual children's Christmas party. Santa will be on hand to distribute candy and pop following a short program.

The lodge party for adults will be held at 9:30 the same night with the Syria orchestra providing music for dancing. Santa again will be present to distribute gifts brought by members for an exchange. Those who have not yet made reservations for the party or drawn a name for the exchange

### Champion PTA Meets Tonight

CHAMPION — A meeting of the Champion-Humboldt Parent-Teacher Association will be held in the school library at 7:30 tonight.

Thomas Prawdzik will speak on conservation and show

slides, while a report on teenage problems will be given by Miles Betts, Marquette, county juvenile officer. There also will be a skit by the Champion cheerleaders.

Later, an important business meeting will be held in the lunchroom, after which lunch will be served. The stereo record player recently purchased by the PTA for the school will be displayed.

Use a solution of sal soda concentrated to soak stubborn grass stains from golf balls.

**Chatham-Eben**  
Mr. and Mrs. Donald Monroe and daughters are on a two-week vacation trip. Their first stop is in North Carolina, where they will visit relatives. They plan to see the grave of the late President Kennedy in Arlington National Cemetery and visit relatives in Baltimore, Md. They will stop enroute home in Ohio, where Mr. Monroe will be employed during the winter.

Miss Katherine Niemi, who attends Michigan State University, East Lansing, arrived Friday to spend the holidays with her parents, Mr. and Mrs. Paavo Niemi.

Miss Ellen Lindfors, daughter of Mr. and Mrs. Bruno Lindfors, arrived Friday to spend the vacation at her home. She attends Michigan State University, East Lansing.

Martin Pokela, a student at Michigan State University, East Lansing, is vacationing at the home of his parents, Mr. and Mrs. Urho Pokela.

Twice daily the worlds highest tides funnel into Minas Basin, eastern arm of the Bay of Fundy. When the exerts its maximum pull, tides rise and fall as much as 53 feet.

**Wesley Methodist**—Board of trustees meeting at 7:30 tonight. Men of church are invited to a "cleaning bee" at 7 p. m. Tuesday. Intermediate Youth Fellowship at 6 p. m. Tuesday. Wesley choir rehearsal at 7 p. m. Wednesday. Youth membership class at 10 a. m. Saturday.

**Steel Output To Rise For Ninth Week**  
CLEVELAND — The nation's steel production will rise for the ninth consecutive time this week as mills pour more than the 2,070,000 tons made last week, Steel magazine said today.

Operations are close to 67.5 per cent of unofficial capacity as steelmaking operations climb slowly to meet demand.

To Pass November?  
Order backlogs are about 5 per cent higher than they were a month ago, but there's no danger of extended deliveries. Most mills have surplus rolling capacity and ample stocks of
