"When to the sessions of sweet silent thought  
I summon up remembrance of things past,  
I sigh the lack of many a thing I sought,  
And with old woes new wail my dear time's waste."

Vol. 23, No. 40, Issue No. 1175

TV Guide = Oct. 4, 1975, <sup>starting at</sup> p. 32

Subject: Hypnosis combined with television can solve crimes.

Title: "That's Him -- the Guy Who Hit Me!"

Author: Al Steamp.

Opens by telling us Dr. Martin Pleiser, chief psychologist of the Los Angeles Police Dept. Unlocked the <sup>blocked</sup> memory of the 38-yr-old girl friend of a murdered man shot 5 times ~~under~~ <sup>with</sup> ~~her~~ <sup>him</sup> at 2:00

Puts her under hyp. & then suggests she is watching a "safe" TV program. Brings her to the fatal night. Ah yes, a stranger had invaded an apt. her party.

"Now" said Pleiser, "the film will stop & the camera will zoom in on his face for a better look."

Out come the details:

Text: At this stage the subject went deep into what clinical hypnosis term hypermnesia (the ability to accentuate recall, and retrieve seemingly forgotten material.

10 days later cops identified in a lineup a dead ringer of the killer.

Technique is called memory reinvigoration:

Sim. techniques used <sup>by police</sup> since early 1960s.

Pleiser quote: "Frequently when someone is shot, raped, beaten or otherwise attacked he or she performs a defensive maneuver. They throw up a guard against fright, anxiety and other traumas. Acting on survival instinct, they hide the hurt. Through hypnosis, we make the

"Mnemonic to allow what's blocked there. Community of persons and others"

Could: Police in New Jersey, Florida, Kansas, Maryland  
& elsewhere also using sim. techniques, including  
an imaginary calendar that goes backwards or  
a clock during testimony. # Also use certain sedatives

Cite Haffa case where Dr. Bruce Blante, a  
Detroit psychiatrist put 4 <sup>forgetful</sup> people under hyp. who  
then recalled the names Haffa had told them of the  
people he was going to see that evening.

Back to Rens: Cop shot in stomach while struggling with  
a suspect. Still very ill, was hyped, described  
the assailant -- a big fellow with an odd walk --  
and the guy was caught & convicted of another murder.

~~Scops~~ <sup>that</sup> ~~Cite Harry Aaron, director of Elbert Cagle in~~ <sup>Director of an H. Prison</sup>  
~~Cite Harry Aaron of South Orange, N.J.~~  
Cite case where in New Brunswick, NJ  
where a gardener was cleared of suspicion in a mass  
killing (under hyp.) through his induced testimony  
and of Maryland case a kidnapping case was solved.

Critics equate with polygraph, but  
Rens that resp. that too is not used on suspects  
& would be an illegal inv. of privacy.

~~As~~ Thomas Jefferson ~~was~~ said during  
a moment of doubt (disillusion)

Thomas Jefferson is ~~was~~ said to have  
wondered, during a moment of doubt, whether  
once speculated ~~that~~ the earth ~~was~~ ~~not~~  
wasn't merely ~~simply~~ <sup>is</sup> a lunatic asylum <sup>used by</sup> for the  
other planets. (See P. 311 of Van Wyck Brooks'  
comb. 3 Vol. memoirs)
