Assessment Roll for the Township of *Thompson*

No more than one tract or parcel is to be valued or taxed on the same line. Two descriptions must not be joined in one valuation or tax unless contiguous and owned and occupied as one parcel. A parcel of land described in the government survey by lot number must be so assessed. In the case of platted land, the name of the plat must be given in full at the head of all the descriptions of all lands in each town and range should be carefully written. If the name of the owner of unimproved land is not known, it should be assessed as "Owner Unknown." Enter the amount of any assessment with real estate, in the column of taxes on which it belongs, when the tax for the year for which this roll is used, and in the column for the Valuation of Personal Property must be in a different column and the taxes thereon entered on a different line from the Real Property. The name of each special tax must be entered at the head of the column in which it is placed. The attention of assessing officers is especially called to Sections 1 to 8, 9 (as amended by Act 229 of 1894), 12, 15, 11 (as amended by Act 22 of 1896), 16 to 27, 18 (as amended by Act 229 of 1894), 19, 20, 21 and 22 (as amended by Act 184 of 1896), 23, 24 (as amended by Act 220 of 1907), 25 to 40, 41 (as amended by Act 262 of 1896), Sections 91, 98, 100, 105, 107, 116 and 119 of the General Tax Law. They should be carefully studied and the directions therein contained should be strictly followed. See also Act 42 (as amended by Act 201 of 1897), and 43 of the Tax Law of 1885.

No more than one tract or parcel is to be valued or taxed on the same line. Two descriptions must not be joined in one valuation or tax unless contiguous and owned and occupied as one parcel. A parcel of land described in the government survey by lot number must be so assessed. The description of all lands in each town and range should be carefully written. In the case of platted land, the name of the plat must be given in full at the head of all. If the name of the owner of non-resident land is not known, it should be assessed as "Owner Unknown". Enter the amount of any Assessment with red ink in the column of taxes to which it belongs, above the tax for the year for which this roll is used, and in the column for the Valuation of Personal Property must be in a different column and the taxes thereon entered on a different line from the Real Property. The name of such special tax must be entered at the head of the column in which it is placed.
