Under-accrued in 1910		119.08
Net Difference		10.21
	129.29	129.29

RECONCILEMENT

In explanation of overaccruals for 1909: The Sutherland-Innes taxes are not paid until February account, and are consequently unknown at the end of the fiscal year,- consequently adjustment cannot be made in December account as with taxes on other properties.

In explanation of underaccruals for 1910: The excess of 129.29 for the preceding year is taken up, and there is a difference of 10.21 on account of certain taxes being in dispute between the heads of the Lumbering and Lands Departments at the time the accounts for the year were closed, and being obliged to estimate the taxes we were liable for on the lands in dispute.

The taxes on Sutherland-Innes lands for 1910 are at present unknown. There is reserved 679.29 in 1910 accounts to take care of them. All figures for 1910 on Sutherland-Innes taxes represent accruals based on an estimate,- not actual taxes paid.
